Alice M. Billings, public health nurse, from \$1,900 to \$2,000 a year.

Mary C. Blake, public health nurse, from \$1,900 to \$2,000 a year.

Mary G. Buckley, public health nurse, from \$1,900 to \$2,000 a year.

Margaret W. Burchell, public health nurse, from \$1,900 to \$2,000 a year.

R. Helena Callahan, public health nurse, from \$1,900 to \$2,000 a year.

Mabel A. Canfield, public health nurse, from \$1,900 to \$2,000 a year.

Margaret C. Carey, public health nurse, from \$1,900 to \$2,000 a year.

Mary M. Cavanaugh, public health nurse, from \$1,900 to \$2,000 a year.

Frances H. Connick, public health nurse, from \$1,900 to \$2,000 a year.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT.

Upon April 1 the Mayor approved a contract with Baker & Co., the second bidder, for sewerage works in Whitcomb avenue, West Roxbury, at an estimated cost of \$13,040.50, including concrete pipe.

It is recommended that the work be awarded to Baker & Co. rather than to Williams Brothers, the lowest bidder, because Williams Brothers' bid is informal, inasmuch as the bid did not conform to the conditions of the specifications; the difference in the price bid is very small; Whitcomb avenue is under contract for street construction; it is necessary that the sewerage works be completed without delay.

The work contemplated in the contract is to be completed within ninety (90) days after the contract is approved by the Mayor.

The following bids were received March 14:

Clay Pipe.—Williams Brothers, \$13,503.66; Baker & Co., \$13,665.50; C. Justino, \$13,373.46; F. Susi & Di Santis Company, \$13,067.50; J. D'Amico, \$13,755; Edward M. Matz, Inc., \$14,130; Pacella Brothers, \$14,660.51; Angelo Grande, \$14,959; Charles Struzziery Company, \$15,645.67; C. Russo, Inc., \$15,730.02; Roslindale Contracting Company, \$17,099; H. Di Tullio & Co., \$17,316.57; M. J. Kelly Company, Inc., \$19,917.26.

Concrete Pipe.—Williams Brothers, \$12,913.66; Baker & Co., \$13,040.50; C. Justino, \$13,043.46; F. Susi & Di Santis Company, \$13,197.50; J. D'Amico, \$13,607.50; Edward M. Matz, Inc., \$14,130; Pacella Brothers, \$14,365.51; Angelo Grande, \$14,870.50; Charles Struzziery Company, \$15,107.67; C. Russo, Inc., \$15,700.52; Roslindale Contracting Company, \$16,873.50; H. Di Tullio & Co., \$17,316.57; M. J. Kelly Company, Inc., \$19,587.26.

SUPPLY DEPARTMENT.

Upon April 3 the Mayor approved a contract for furnishing lead pipe for the Water Division, Public Works Department, according to the following letter:

BOSTON, March 28, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Attached is summary of advertised bids on lead pipe for Water Division, Public Works Department, as required, until December 31, 1946, with the privilege of purchasing on the same terms and conditions extended to January 31, 1947. The bids were publicly opened and read on March 25, 1946.

It is recommended that the contract be awarded to the National Lead Company of Massachusetts, a low bidder, at a price of \$2.25 per hundredweight, over the American Smelting and Refining Company price of pig lead in New York on the day order is received, less 2 per cent cash discount for payment in ten days.

The American Smelting and Refining Company price of pig lead in New York on the day of the opening of the bids was \$6.50 per hundredweight.

The amount of the contract will be \$3,333.75, less 2 per cent cash discount for payment in ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Item 1. 50 Reels Lead Pipe, Five Eighths Inch, Approximately 600 Pounds to Reel, 30,000 Pounds.—Cambridge Smelting Company, \$2.25; National Lead Company of Massachusetts, \$2.25.*

Item 2. 2 Reels Lead Pipe, Three Quarters Inch, Approximately 600 Pounds to Reel, 1,200 Pounds.—Cambridge Smelting Company, \$2.25; National Lead Company of Massachusetts, \$2.25.*

Item 3. 6 Reels Lead Pipe, One Inch, Approximately 350 Pounds to Reel, 2,100 Pounds.—Cambridge Smelting Company, \$2.25; National Lead Company of Massachusetts, \$2.25.*

Item 4. 6 Reels Lead Pipe, One and One Half Inches, Approximately 330 Pounds to Reel, 1,980 Pounds.—Cambridge Smelting Company, \$2.25; National Lead Company of Massachusetts, \$2.25.*

Item 5. 6 Reels Lead Pipe, Two Inches, Approximately 470 Pounds to Reel, 2,820 Pounds.—Cambridge Smelting Company, \$2.25; National Lead Company of Massachusetts, \$2.25.*

On Day of Opening of Bids.

American Smelting and Refining Company Price of Pig Lead in New York.—Cambridge Smelting Company, \$6.50; National Lead Company of Massachusetts, \$6.50.*

38,100 Pounds, Price Per Hundredweight.—Cambridge Smelting Company, \$8.75; National Lead Company of Massachusetts, \$8.75.*

Total.—Cambridge Smelting Company, \$3,333.75; National Lead Company of Massachusetts, \$3,333.75.

Cash Discount, Ten Days.—Cambridge Smelting Company, 2 per cent; National Lead Company of Massachusetts, 2 per cent.

* Contract awarded.

SUPPLY DEPARTMENT.

Upon April 9 the Mayor approved a contract with the M. & R. Marine Company for furnishing 1,000 gallons white traffic paint for the Boston Traffic Commission, at a price of \$2.85 per gallon, less 1 per cent cash discount for payment in ten days. The total amount of the contract was \$2,850.

Bids, opened April 4, were as follows:

1,000 Gallons Traffic White Paint, in Accordance with Specification P-21-B, Per Gallon.—M. & R. Marine Company, \$2.85*; John J. Brennan & Sons, Inc., \$3.07.

Total.—M. & R. Marine Company, \$2,850; John J. Brennan & Sons, Inc., \$3,070.

Cash Discount, Ten Days.—M. & R. Marine Company, 1 per cent; John J. Brennan & Sons, Inc., 2 per cent.

Net Total.—M. & R. Marine Company, \$2,821.50; John J. Brennan & Son, Inc., \$3,008.60.

Trade or Brand Names of Material Bidder Proposes to Furnish.—John J. Brennan & Sons, Inc., Briggs-Maroney.

* Contract awarded.

Upon April 5 the Mayor approved a contract with Thomas E. Hogan, Inc., for furnishing tires and tubes for the Fire Department. The total of the award was \$1,886.40, less 2 per cent cash discount for payment in ten days.

Bids, opened April 2, were as follows:
24 40 by 8 Pneumatic Tires, 12 Ply, Heavy Duty Straight Side Tires, Rayon, Each.—Firestone Stores, \$73.22, plus net charge (O. P. A.), \$5.30, cost, \$78.52, total, \$1,884.48; The Edward S. Quirk Corporation, \$69.55, plus net charge (O. P. A.), \$5.30, cost, \$74.85, total, \$1,796.40; Goodyear Service, \$106.45, cost, \$78.75, total, \$1,890; Norwalk Tire and Battery Company, \$69.56, plus net charge (O. P. A.), \$5.30, cost, \$74.86, total, \$1,796.64; Automotive Distributors, Inc., cost, \$74.92, total, \$1,798.08; Thomas E. Hogan, Inc., \$65.90,* plus net charge (O. P. A.), \$5.30,* cost, \$71.20,* total, \$1,708.80; Cooper Tire Sales Company, \$73.22, plus net charge (O. P. A.), \$5.30, cost, \$78.52, total, \$1,884.48; Merchants Tire Company, \$69.56, plus net charge (O. P. A.), \$5.30, cost, \$74.86, total, \$1,796.64.

24 40 by 8 Tubes, Straight Stem, 4 Inches Long, Each.—Firestone Stores, \$8.22, total, \$197.28; The Edward S. Quirk Corporation, \$7.81, total, \$187.44; Goodyear Service, \$8.52, total, \$204.48; Norwalk Tire and Battery Company, \$7.87, total, \$188.88; Automotive Distributors, Inc., \$7.75, total, \$186; Thomas E. Hogan, Inc., \$7.40,* total, \$177.60; Cooper Tire Sales Company, \$8.22, total, \$197.28; Merchants Tire Company, \$7.80, total, \$187.20.

Grand Total.—Firestone Stores, \$2,081.76; The Edward S. Quirk Corporation, \$1,983.84; Goodyear Service, \$2,094.48, bid irregular, no copy at auditor's; Norwalk Tire and Battery Company, \$1,985.52; Automotive Distributors, Inc., \$1,984.08; Thomas E. Hogan, Inc., \$1,886.40; Cooper Tire Sales Company, \$2,081.76; Merchants Tire Company, \$1,983.84.

Cash Discount, Ten Days.—Firestone Stores, 2 per cent; The Edward S. Quirk Corporation, 2 per cent; Goodyear Service, 1 per cent; Norwalk Tire and Battery Company, 2 per cent; Automotive Distributors, Inc., 2 per cent; Thomas E. Hogan, Inc., 2 per cent; Cooper Tire Sales Company, 2 per cent; Merchants Tire Company, 2 per cent.

Net Grand Total.—Firestone Stores, \$2,040.12; The Edward S. Quirk Corporation, \$1,944.16; Goodyear Service, \$2,073.54, bid irregular, no copy at auditor's; Norwalk Tire and Battery Company, \$1,945.81; Automotive Distributors, Inc., \$1,944.40; Thomas E. Hogan, Inc., \$1,848.67; Cooper Tire Sales Company, \$2,040.12; Merchants Tire Company, \$1,944.16.

Trade Name of Tires and Tubes.—Firestone Stores, Firestone Rayon Transport Tires, Transport Tubes-Butyl; The Edward S. Quirk Corporation, U. S. Royal Fleetway Rayon; Goodyear Service, Goodyear Rayon Truck Tires, Goodyear Heavy Duty Truck Tubes; Norwalk Tire and Battery Company, Norwalk; Automotive Distributors, Inc., Pennsylvania or U. S. Gillette; Thomas E. Hogan, Inc., Fisk Rayon; Cooper Tire Sales Company, United States; Merchants Tire Company, Kelly Springfield.

Best Delivery Date.—Firestone Stores, April 15, 1946; The Edward S. Quirk Corporation, immediate; Goodyear Service, ten days, April 12, 1946; Norwalk Tire and Battery Company, within thirty days; Automotive Distributors, Inc., thirty days; Thomas E. Hogan, Inc., ten days, immediate balance, two weeks; Cooper Tire Sales Company, April 25, 1946; Merchants Tire Company, six days, immediately, balance, within thirty days.

* Contract awarded.

FIRE DEPARTMENT ORDERS.*General Order No. 26.***I. ASSIGNMENT OF MAN ON PROBATION.**

The following assignment of a provisional military substitute as a man on probation, which will become effective at 8 a. m. Wednesday, April 17, 1946, is hereby announced:

Edward W. Deveau, Ladder Company 21.

II. CHANGE IN RATING.

The following change in rating, which became effective at 8 a. m. Wednesday, April 10, 1946, is hereby announced:

Hoseman Henry J. Enross, Headquarters, to Hoseman-Aide to Medical Examiner.

III. RETIREMENT.

The following retirement, which will become effective at 8 a. m. Wednesday, April 17, 1946, is hereby announced:

Ladderman James J. Corboy, Ladder Company 28.

Ladderman Corboy was appointed to the department February 1, 1924, and he leaves the department with the best wishes of his associates.

IV. RESIGNATION.

The following resignation, which became effective at 8 a. m. Wednesday, April 10, 1946, is hereby announced:

M. O. P. John J. Curtin, Ladder Company 27.

M. O. P. Curtin was appointed to the department October 25, 1944, while serving in the armed forces of the United States. He was never actually employed in the department.

V. TRANSFERS.

The following transfers will become effective at 8 a. m. Wednesday, April 17, 1946:

Capt. Charles D. Travis, from Ladder 10 to Engine 12.

Capt. Miles V. Murphy, from Engine 12 to Ladder 4.

Lieut. James J. Kiley, from Engine 32 to Fire Prevention.

Hoseman Thomas W. Keenan, from Engine 31 to High Pressure.

Hoseman William R. Hayhurst, from Rescue 1 to Fire Prevention.

Hoseman Daniel F. Hines, from Engine 18 to Engine 25.

Hoseman Alexander L. Kaczorek, from Engine 28 to Ladder 10.

Ladderman John S. Allen, from Ladder 18 to Ladder 5.

Ladderman Charles Wilson, from Ladder 29 to Ladder 20.

M. O. P. Joseph M. Quinn, from Engine 17 to Ladder 23.

M. O. P. Alfred E. Maher, from Engine 52 to Engine 16.

VI. COMMENDATIONS.

P. M. S. Louis M. McLaughlin of Engine Company 47 is hereby commended for responding to and working at fire, Box 6156, on April 9, 1946, while off duty.

Hoseman Richard J. Dunn of Rescue Company 2 is hereby commended for responding to and working at fire, Box 7418, three alarms, on April 13, 1946, while off duty.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 641.

The following transfer is hereby ordered, to take effect on Thursday, April 11, 1946, at 7.45 o'clock a. m.:

Patrolman Francis L. Kelly, from Division 6 to Division 15.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 642.

Transfer of the following-named persons from Superintendent's Office (armed service roll) is hereby ordered, effective Wednesday, April 10, 1946, at 9 o'clock a. m.:

Patrolman Joseph Spear, to Division 7.

Patrolman George E. Andrews, to Bureau of Criminal Investigation.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 643.

The Police Commissioner having heard the complaint of Edward B. Cain, captain commanding Division 9, against Patrolman Louis J. Daddieco of the same division, on Friday, April 5, 1946, at Police Headquarters, charging him with violation of rule 39, section 7, and rule 54, section 1, of the Rules and Regulations of the Police Department, has made the following finding:

The Commissioner finds the said Patrolman Louis J. Daddieco guilty as charged for violation of rule 39, section 7, specifications 1, 2 and 3 thereunder, and not guilty of specification 4; and not guilty on the charge of violation of rule 54 and specifications thereunder.

Therefore, the Commissioner hereby orders that the said Patrolman Daddieco be suspended for a period of ten days, effective as of Saturday, April 6, 1946, at 5.45 p. m., at the expiration of which time he shall perform 210 hours' punishment duty.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 644.

Sergeant James J. McWeeny, Traffic Division, honorably discharged veteran of World War I, having arrived at the age of fifty and three-twelfths years, having been in service of the Boston Police Department for twenty and four-twelfths years, having requested retirement under provisions of section 56, chapter 32, General Laws (Ter. Edit.) as amended, for the reason that he is incapacitated for active service, it is hereby

Ordered, His Honor the Mayor having approved the same, that said Sergeant James J. McWeeny be retired from active duty in the Police Department, and that his name be placed upon our pension roll at rate of fourteen hundred fifty (1,450) dollars per annum (to be paid monthly), said sum being

one half of amount of compensation received by him in office from which he is retired; effective Saturday, April 13, 1946, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 645.

Patrolman Joseph R. Coutu, Division 18, honorably discharged veteran of World War I, having arrived at the age of forty-five and six-twelfths years, having been in service of the Boston Police Department for twenty and four-twelfths years, having requested retirement under provisions of section 57, chapter 32, General Laws (Ter. Edit.) as amended, for the reason that he is incapacitated for active service, it is hereby

Ordered, His Honor the Mayor having approved the same, that said Patrolman Joseph R. Coutu be retired from active duty in the Police Department at rate of twelve hundred fifty (1,250) dollars per annum (to be paid monthly), said sum being one half of amount of compensation received by him in office from which he is retired; effective Saturday, April 13, 1946, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 646.

The following transfer is hereby ordered, to take effect Tuesday, April 16, 1946, at 5.45 o'clock p. m.:

Patrolman Louis J. Daddieco, from Division 9 to Division 18.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 647.

The following-named persons are hereby appointed permanent patrolmen in this department; effective Monday, April 15, 1946, at 10 o'clock a. m.:

William E. Donovan assigned to Division 14.

John J. Foley assigned to Division 15.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

MILK PLANT INSPECTION SERVICES IN BOSTON FOR THE YEAR 1942.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 8, 1946.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY presiding. Absent, Coun. Coffey and Sullivan.

The meeting was opened with the salute to the Flag.

WORK ON MARCELLA STREET.

The following was received:

City of Boston,
Office of the Mayor, April 6, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, in reply to your order of March 25, 1946, to repair and resurface Marcella street, Ward 11, from approximately No. 140 to Centre street.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department, April 5, 1946.
To J. Joseph Connors, Chief Clerk, Mayor's Office.
From Robert P. Curley, Commissioner, Public Works Department.
Subject: Marcella Street, Ward 11.

I return herewith order in City Council that the Commissioner of Public Works repair and resurface Marcella street, Ward 11, from approximately No. 140 to Centre street, and this will advise you that same will be put on a list of streets to be given consideration for reconstruction this year.

Respectfully,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

REPAVING OF CERTAIN WARD 19 STREETS.

The following was received:

City of Boston,
Office of the Mayor, April 6, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, in reply to your order of March 25, 1946, to repave Eliot street and Lamartine street in the Jamaica Plain section of Ward 19 and Firth road in the Roslindale section of Ward 19.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department, April 5, 1946.
To J. Joseph Connors, Chief Clerk, Mayor's Office.
From Robert P. Curley, Commissioner, Public Works Department.
Subject: Eliot Street, Lamartine Street, and Firth Road, Ward 19.

I return herewith order in City Council that the Commissioner of Public Works repave Eliot street and Lamartine street in the Jamaica Plain section of Ward 19 and Firth road in the Roslindale section of Ward 19, and this will advise you that these streets will be put on a list of streets to be given consideration for reconstruction this year.

Respectfully,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

LIFEGUARDS AT CHARLES RIVER BEACH AND NORTH END PARK.

The following was received:

City of Boston,
Office of the Mayor, April 6, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Commissioner, in reply to your order of March 25, 1946, to assign a sufficient number of lifeguards at the Charles River Beach and the North End Park to guard the life and safety of the large number of bathers who use these locations during the summer months.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, April 5, 1946.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of April 1 with inclosure, City Council order requesting the Park Commissioner to assign a sufficient number of lifeguards at the Charles River Beach and the North End Park to guard the lives of bathers.

Please be assured the Park Department always has enough lifeguards on all beaches to cope with any emergency.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

LOAN FOR CONSTRUCTION OF PUBLIC WAYS OR PERMANENT PAVEMENT.

The following was received:

City of Boston,
Office of the Mayor, April 6, 1946.
To the City Council.

Gentlemen,—The Commissioner of Public Works has submitted to me a request for loan authorization for the Construction of Public Ways or Permanent Pavement amounting to \$1,500,000.

Believing this to be necessary for the purposes outlined, I respectfully recommend to your Honorable Body the approval of the loan order herewith submitted.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department, March 28, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—Except for amounts which the city is committed to pay on unfinished street construction contracts and upon which work will be resumed as soon as weather conditions permit, there are no funds available at the present time in the appropriation entitled "Public Ways, Construction of."

I therefore respectfully request that your Honor present to the City Council an order for the appropriation of \$1,500,000, to take care of our street construction program during the current year. Surveys are now being made, so that the department may be in a position to advertise for bids and award contracts as soon as the necessary funds are made available.

As required by the provisions of section 5 of chapter 224 of the Acts of 1936, the so-called "down payment" has been appropriated in the annual budget of the Highway Division.

Respectfully yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Ordered, That under the provisions of clause 5 of section 7 of chapter 44 of the General Laws, and under the provisions of chapter 393 of the Acts of 1906, the sum of \$1,500,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works, for the Construction of Public Ways or Permanent Pavement, and that, to meet said appropriation, the city treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to Committee on Finance.

LOAN FOR CONSTRUCTION OF SEWERS.

The following was received:

City of Boston,
Office of the Mayor, April 6, 1946.
To the City Council.

Gentlemen,—The Commissioner of Public Works has submitted to me a request for loan authorization for the construction of sewers for sanitary and surface drainage purposes and for sewage disposal amounting to \$1,000,000.

Believing this to be necessary for the purposes outlined, I respectfully recommend to your Honorable Body the approval of the loan order herewith submitted.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
March 28, 1946.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—It is customary each year to provide a loan of \$1,000,000 for the construction of sewerage works.

I feel this year that the same amount should be made available, and I respectfully request that you ask the City Council to provide the necessary loan for this purpose. The department has a program prepared for the rebuilding of broken-down sewers, some of which have been in service for many years, and also for the construction of the necessary sewerage works in streets which are to be built; and, in addition, the program includes some very necessary and essential work which should be done in constructing sewers to take the place of open brooks which are now so offensive to public health.

In anticipation of this loan which I now recommend be provided, we have included in the budget of the Sewer Division, the so-called "down payment" which must be provided from taxation, in accordance with the provisions of section 5 of chapter 224 of the Acts of 1936.

Respectfully yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Ordered, That under the provisions of clause 1 of section 7 of chapter 44 of the General Laws, and under the provisions of chapter 393 of the Acts of 1906, the sum of \$1,000,000 be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works, for the

construction of sewers for sanitary and surface drainage purposes and for sewage disposal, and that to meet said appropriation, the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Referred to Committee on Finance.

SALE OF LAND, CHESTNUT HILL AVENUE AND COMMONWEALTH AVENUE.

The following was received:

City of Boston,
Office of the Mayor, April 8, 1946.
To the City Council.

Gentlemen,—I am advised by the chairman of the Park Commissioners that the triangular lot of land located at Commonwealth avenue and Chestnut Hill avenue is unsuited for playground purposes and he recommends that the property be sold at an upset price of \$125,000.

I feel this is a sound recommendation since it will result in restoring the land to the assessment roll of the city and thus increase its taxable income.

I accordingly submit herewith the accompanying order and recommend its adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, March 29, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—You are respectfully requested to authorize with City Council approval the sale of the Park Department land at the northeast corner of Commonwealth avenue and Chestnut Hill avenue. This lot of land, being between Commonwealth avenue and Chestnut Hill avenue, is triangular in shape and contains 66,762 square feet.

The land was formerly a part of a large portion of land that was turned over to the care and custody of this department for park purposes. The lot in question now is no longer required for public park purposes. An opinion of the Corporation Counsel in 1930 states that the city can sell this land if it is no longer required for park purposes, with the approval of the City Council and Mayor.

I am therefore requesting that this be done and that the land be sold at an upset price of \$125,000.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Whereas, The City of Boston owns in fee a certain parcel of land containing approximately sixty-six thousand seven hundred sixty-two (66,762) square feet situated at the northwesterly corner of Commonwealth avenue and Chestnut Hill avenue in the Brighton District; and

Whereas, The said parcel of land is now in the custody, care and control of the Board of Park Commissioners of the City of Boston and the said Board of Park Commissioners have declared the said parcel of land is no longer required for any public purpose; now therefore it is hereby

Ordered, That the Board of Park Commissioners of the City of Boston be, and they hereby are, authorized, in the name and behalf of the City of Boston, to sell at public auction at an upset price of one hundred twenty-five thousand dollars (\$125,000) the aforesaid parcel of land, hereinafter described; and it is hereby further

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized, in the name and behalf of the City of Boston, to execute and deliver to purchaser at said public auction a written instrument satisfactory in form to the Law Department of the City of Boston conveying all the City of Boston's right, title and interest in and to said parcel of land, bounded and described as follows:

Beginning at a point on the southwesterly line of Chestnut Hill avenue, thence running southeasterly by the southwesterly line of Chestnut Hill avenue, four hundred eighty-eight and 68-100 (488.68) feet; thence turning and running southeasterly and southwesterly by the southwesterly line of Chestnut Hill avenue, and the northerly line of Commonwealth avenue, thirty-three and 78-100 (33.78) feet in a radius of fifteen (Rad.—15) feet; then running southwesterly by the northeasterly line of Commonwealth avenue, by two measurements, eighty-four and 26-100 feet in a radius of one hundred ninety (Rad.—190) feet and three hundred ninety-three and 61-100 (393.61) feet in a radius of two thousand four hundred (Rad.—2,400) feet; thence turning and running northeasterly to the point of beginning by lands now or formerly of Grace D. Allen and William S. Heath, by two measurements, forty-nine and 65-100 (49.65) and one hundred seventy-six and 96-100 (176.96) feet, respectively, containing sixty-six thousand seven hundred sixty-two (66,762) square feet of land, more or less. Said parcel of land and all of said measurements are shown on a plan marked "City of Boston, Commonwealth Avenue and Chestnut Hill Avenue, Brighton, June 1, 1914, F. O. Whitney," Chief Engineer, Street Laying-Out Department. The original of said plan is on file in the office of said department, City Hall, Boston, Mass.

Referred to Committee on Public Lands.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Stanley Burke, for compensation for damage to car by fire truck.

Robert Garnett, to be reimbursed for execution issued against him.

Mary G. Grady, for compensation for injuries caused by an alleged defect at Norway street and Massachusetts avenue.

Charles J. Hodgson, for compensation for damage to car caused by an alleged defect at 67 Washington street.

Warren C. Kingham, for compensation for damage to coat caused by defective fence surrounding library, Washington and Richmond streets.

Arthur E. Mayo, to be reimbursed for accident which occurred while in performance of duty as employee of Park Department.

Edward R. McLennan, for compensation for damage to car caused by an alleged defect at 75 Gardner street.

Mary Milone, for compensation for damage to property at 404 Baker street, West Roxbury, during street construction.

Priscilla M. Raymond, for compensation for damage to car by fire apparatus.

Mary G. Tierney, for compensation for injuries caused by an alleged defect in Endicott street.

George Keller, for compensation for damage to fence at 738 River street, Hyde Park, caused by barrel dropped by ash removers.

Thomas S. Byron, for compensation for accident which occurred while in performance of duty as employee of Public Works Department.

Executive.

Petition of Mary E. Foster, to be paid annuity on account of death of husband, William J. Foster, late member of Fire Department.

Committee on County Accounts.

Communication from Charles J. Brown, Justice of East Boston Court, and order for retirement of Dennis J. Kelleher, Probation Officer, East Boston District Court.

Whereas, It appears from the certificate of the Justice of the East Boston District Court that Dennis J. Kelleher, probation officer of said court, has arrived at the age of seventy; and

Whereas, Said Dennis J. Kelleher has given his whole time to, and has faithfully performed, the duties of his office for more than thirty years.

Ordered, That under chapter 32, sections 75 and 76 of the General Laws, as amended by chapter 323 of the Acts of 1938, the retirement and placing upon the pension roll of Dennis J. Kelleher at an annual pension of \$1,750, being one half of his present annual salary of \$3,500, to take effect May 1, 1946, be, and hereby is, approved.

Referred to County Accounts.

Committee on Licenses.

Petition of Hudson Bus Lines to operate motor buses from Somerville line to Sullivan square, beginning at Boston-Somerville city line on Mystic avenue, thence to Main street, on Main street to Cambridge street, on Cambridge street to Main street, on Main street to Alford street, on Alford street to West street, on West street to Beacham street, on Beacham street to Main street, in either direction.

Petition of Liberty Mutual Insurance Company for driveway opening at Stuart street.

Referred to Committee on Licenses.

PERMITS FOR CHILDREN.

A petition for minor children to appear at Boston Garden on May 4 was received from the Massachusetts Girl Scouts.

Permit granted, under usual conditions.

APPOINTMENT OF JUSTIN T. DONOVAN.

Notice was received from the Board of Assessors of appointment of Justin T. Donovan as provisional first assistant assessor at salary of \$2,000 a year plus \$200 E. C. A., effective as of April 1 and expiring June 30, 1946.

Placed on file.

REAPPOINTMENT OF JAMES A. MIRAGLIA.

Notice was received from the Mayor of reappointment of James A. Miraglia, 45 Neptune road, East Boston, as principal assessor for term ending March 31, 1950.

Placed on file.

REPORT OF COMMITTEE ON COUNTY ACCOUNTS.

Coun. BRYAN, for the Committee on County Accounts, submitted the following:

Report on petition to retire of John Robertson (referred March 19), employed at House of Cor-

rection, Penal Institutions Department—recommending passage of following:

Whereas, John Robertson, employed in the service of the County of Suffolk, as fireman in the House of Correction, Penal Institutions Department, has made application to be retired under the provisions of chapter 678 of the Acts of 1945; and

Whereas, The said John Robertson has submitted to the City Council satisfactory evidence that he is a veteran as defined in section 56 of chapter 32 of the General Laws; that he has been certified as eligible for retirement by the duly authorized Medical Panel; that he has been in the service of the county at least ten years and has reached the age of fifty; that he is incapacitated for active service; and that his total income from all sources, exclusive of his retirement allowance and of any sum received from the government of the United States as a pension for war service, does not exceed five hundred dollars.

Ordered, That under the provisions of section 56 of chapter 32 of the General Laws, as amended by chapter 314 of the Acts of 1943, John Robertson employed in the County of Suffolk as fireman in the House of Correction, Penal Institution Department, be, and hereby is, retired by the Mayor and City Council, acting as county commissioners, at an annual pension of ten hundred and eighty-two dollars and fifty cents, being one half of his highest regular rate of compensation.

Report on petition to retire of Thomas Francis Kineavy (referred March 19), employed at House of Correction, Penal Institutions Department—recommending passage of following:

Whereas, Thomas Francis Kineavy, employed in the service of the County of Suffolk as prison officer in the House of Correction, Penal Institutions Department, has made application to be retired under the provisions of chapter 678 of the Acts of 1945; and

Whereas, The said Thomas Francis Kineavy has submitted to the City Council satisfactory evidence that he is a veteran as defined in section 56 of chapter 32 of the General Laws; that he has been certified as eligible for retirement by the duly authorized Medical Panel; that he has been in the service of the county at least ten years; that he is incapacitated for active service; and that his total income from all sources, exclusive of his retirement allowance and of any sum received from the government of the United States as a pension for war service, does not exceed five hundred dollars.

Ordered, That under the provisions of section 57 of chapter 32 of the General Laws, as amended by chapter 314 of the Acts of 1943, Thomas Francis Kineavy, employed in the service of the County of Suffolk as prison officer in the House of Correction, Penal Institutions Department, be, and hereby is, retired by the Mayor and City Council, acting as county commissioners, at an annual pension of twelve hundred and fifty dollars, being one half of his highest regular rate of compensation.

Reports accepted; said orders severally passed.

HALF HOLIDAY ON APRIL 9 FOR CITY EMPLOYEES.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor be requested to declare a half holiday for all city employees on Tuesday, April 9, in observance of Bataan Day.

Passed under suspension of the rule.

FENCE ON JOHN WINTHROP PLAYGROUND.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor be requested to direct the Park Commissioner to increase the height of the fence on the Danube street side of the John Winthrop Playground.

Passed under suspension of the rule.

RESURFACING OF CERTAIN WARD 13 STREETS.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor direct the Commissioner of Public Works to resurface the streets in the vicinity of St. Margaret's Hospital, Ward 13, Dorchester.

Passed under suspension of the rule.

OBSERVANCE OF JEWISH HIGH HOLIDAYS BY JEWISH TEACHERS.

Coun. LANE offered the following:

Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to allow school teachers of Jewish faith time off, without loss of pay, in order that they may properly observe the Jewish high holidays.

Coun. LANE—Mr. President, I am told that his Honor the Mayor annually sends out a letter to all departments of the City of Boston just prior to the observance of the high holidays of the Jewish people, urging that all people of that faith

in the employ of the individual particular department be given such time off without loss of pay. I am told that the School Department of the City of Boston is the only department having teachers of Jewish faith who are not paid for the time they lose on those three days each year. I feel certain it is an order that should be passed. They are entitled certainly to the same consideration as employees of the other city departments.

The order was passed under suspension of the rule.

PURCHASE OF BOAT FOR INSTITUTIONS DEPARTMENT.

On motion of Coun. McCORMACK, the council voted to take from the table No. 2 on the calendar, viz.:

2. Order for appropriation of \$80,000 for purchase, alterations, etc., of boat for Institutions Department, Long Island Hospital.

Coun. McCORMACK moved that No. 2 be taken from the table. The question was put.

President KELLY—Being in doubt I ask for a rising vote. The Council stood divided. It is a vote, and so ordered. The question now is on the passage of the order. The clerk will call the roll.

Coun. LINEHAN—Isn't debate in order? Not having been here for some weeks, I do not feel as though I am in a position to vote on the matter without sufficient information. I sincerely hope this is put over another week until I become familiar with it, due to the fact that some months ago, along with some of the newspaper men here, I attended a meeting of many distinguished citizens in this city who decided that a bridge was not needed down around Long Island in order that we might eliminate boats, because they were going to move the Long Island Hospital. If I remember correctly, it was not many weeks ago that his Honor the Mayor, according to the newspapers which I read while in the hospital, stated that it was his recommendation and intention to move it up to the mainland. I have not heard anything different since then. I sincerely hope that is so, and I move, sir, that this be postponed until next week until I can get some more data on it.

Coun. MADDEN—I heartily concur with what Councilor Linehan has said. I think I am as interested as anybody else in promoting the welfare of the city. I have had occasion time and time again to go to his Honor the Mayor for reasonable requests for city employees. I have been told by his Honor the Mayor or his Honor's staff that we must be extra solicitous of what money we have, and I know personally that the Mayor cannot see his way clear to give an employee a \$5-a-week raise, and cannot see his way clear to give a man a \$100-a-year raise. These are men who have been in the city employ a great many years. Perhaps the Mayor is right. Perhaps these men, these faithful city employees, should be kept in slavery or bondage the rest of their lives. We introduced an order here a few short weeks ago to help the firemen. The Mayor turned that down because he had to save money. We have another order coming up now for the policemen. I am heartily in favor of it. I am seriously wondering, if we give some \$80,000 for a boat that is not any more necessary than another boat in the swan pond, if perhaps we may jeopardize the police. I am heartily in favor of Bobbie's (Coun. Linehan's) motion.

President KELLY—The question comes on laying the matter over one week.

Coun. HANNON—Mr. President, there is nobody in the Council for whom I have greater respect than for the two previous speakers. Generally, through the long years of association, my good friend, the councilor from Ward 7 (Coun. Linehan), and I work alike and generally reach the same conclusions. Hence, it is no surprise to me to find that he is in here today making the same kind of inquiry that I made last week. However, in the course of the week I have put myself out to determine just what has happened to the plans for the removal of the Long Island Hospital to the mainland. I had a conference with the Commissioner of the Institutions Department, and he told me that these plans were still under way. No site has as yet been selected. I wish to state that I have the utmost confidence in the Commissioner of Institutions. I think he is as fine and honest a department head as this city has had in many years. This morning it was my pleasure to have a conference with his Honor the Mayor. I asked his Honor the same question—what had become of the plans to transfer the Long Island Hospital to the mainland. He assured me these plans were going through, but he too informed me that as yet no site had been located. The plans originally contemplated the transfer of this hospital to the Boston City Hospital grounds, but I understand those plans have been disapproved by officials of the State Department of Public Health. Other plans call for the erection of a hospital in Mattapan, a 1,000-bed hospital. These plans are based on a contribution of 50 per cent of the necessary structure amount by the Federal government. This contribution cannot be made until after next year. For these reasons the Mayor has informed me that it will be at least four or five years before plans for the transfer of the hospital from Long Island to the mainland can be put into effect. I therefore went back to the Commissioner of Institutions. He told me it was absolutely necessary that they have some boat

to go down to Long Island and bring the people back and forth. I voted against this last week. I voted against it in all sessions. However, if we have to wait four or five years in order to transfer this hospital to the mainland and if the condition of these boats is of such a character that these boats must be replaced, then, Mr. President, I am willing to follow along with his Honor and with the head of the department. I am going to vote for the purchase of this boat.

Coun. KINSELLA—Mr. President, I would like to urge upon the members of the City Council the necessity for immediate action on this boat. For several weeks past, we have been aware of the urgent need for it. Now, today, we come right up against the proposition of further delay which will result in the expenditure of half a million dollars or more for a boat built from the keel up, or the expenditure of a substantial amount under \$100,000 to give us some seaworthy means of transportation. The United States Army, which owns this boat, is not of course as interested in our local conditions as we are. Since no option has been taken on the boat, they can sell it to anybody who steps in and who will pay their price and who can use the boat. It was pointed out the other day by a very well-informed gentleman who has occasion to frequent this chamber and who is not a missionary from Mayor Curley any more than I am, that a towboat company may step in and buy the boat for under \$50,000, effect their own repairs to meet their requirements, and the City of Boston would be faced with the necessity of spending five or six times the \$80,000 total that we are asked to appropriate. As far back as ten years ago, any member of the crew of the "Stephen O'Meara" would tell you that the boat was unseaworthy in Boston Harbor when the water was at all choppy. On one or two occasions, to my certain knowledge, the Chamber of Commerce or other public spirited-bodies have chartered that boat for trips down as far as the Boston Light. On one or two occasions they had all they could do to get back safely. If you recall the history of the "Stephen O'Meara," it was built originally as a police boat. The only reason the Police Department relinquished it was that the unseaworthiness of the boat precluded the possibility of safe operation beyond Deer Island or Long Island. It has never been an effective boat even within the harbor in bad weather. As small as the "Hibbard" was, it was a much better boat for the purpose for which it was used. So far as the chronic hospital is concerned, I received a letter from the Commissioner of Institutions. I do not intend to read it. It is rather lengthy. In his first paragraph he refutes a statement ascribed to one of the witnesses that Mayor Curley was committed to building a hospital on the mainland. He gives us a chronological history of some of the efforts and manipulations that were undertaken in the interest of the establishment of a new hospital. He says here, in effect, it is based on the acceptance of the United States Senate Bill 191 which provides the matching of Federal funds with city funds for hospitals and similar institutions that receive state approval. Since the chairman of the Senate committee hearing that bill is non-committal about the results of the hearing, it seems obvious that 191 will not be heard this year. So, with the consequent delay, it may run into four or five years. As Councilor Hannon pointed out, we need a boat in the meantime. We have had to spend a good many thousand dollars every year for the last few years on the "O'Meara" and the "Michael J. Perkins." The total of the purchase price, plus the renovations of this boat now lying in New York would be considerably less or at least not more than the total expenses in any one year on the two city boats now in operation. It has been pretty well demonstrated to the City Council, especially on last Monday when we had Mr. MacDonald in here with detailed plans, that a new boat is badly needed. I do not think anybody who has seriously considered Mr. MacDonald's statement that the boat is an absolute necessity has any doubt about that. We all know the facts of the case which was submitted to us. I do not think anything was hidden. In the interest of the safety of the hundreds of people who like to visit their relatives and friends at Long Island, we ought to appropriate the \$80,000, which is an infinitesimally small part of the expense of operating not only the City of Boston as a whole but the Institutions Department. It is a very small fraction of the total cost. We have now heard all the vital facts. I think the Council ought to go along with this in mind, not because Mayor Curley or Frank MacDonald want it, not for that reason, but because the hundreds of people in the City of Boston who pay for and maintain these things are entitled to safe transportation. That is the only motive I have in getting up here today and speaking. Not even this letter asks me to vote for it. There is not one word in here to persuade me to vote for this appropriation. I do it mindful of the rights of the hundreds of people who like to go to Long Island every day in the week, including Sundays and holidays. Their safety ought to be paramount with us. We have the satisfaction now of getting a half a million dollar boat for \$80,000. If we have at heart the interest of the people, as we claim, here is a chance to save them upwards of \$400,000. I honestly urge upon the members of this Body the immediate passage of the \$80,000 appropriation.

Coun. LINEHAN—I can well remember some day last year, Mr. President, when there was a meeting of around six doctors connected with the

Department of Institutions, Dr. Manary, newspaper reporters, and many others who discussed the possibility of transferring the Long Island Hospital to the mainland. The meeting was held due to the fact there was a bill in the Legislature which requested permission from the Legislature for the City of Boston to construct a bridge from the mainland to Long Island so that this so-called safety matter which the councilor from Ward 2 (Coun. Kinsella) speaks about would have been in being. We would have had safety. At that time the members of the Finance Commission and many of the doctors who were present agreed that if the Long Island institution could be moved to the mainland there would not be any necessity for the so-called construction of a bridge. As you know, it would mean that doctors could very easily in the stormiest weather go down from the mainland and right over to Long Island without any trouble. The same thing would go for the help. It is my understanding on stormy days sometimes the boats cannot take off and get to the island. As a result, the patients are without proper attention down in Long Island. I thought at that time that the bridge was the solution to the problem if we were not going to have the Long Island institution moved to the mainland. Personally, I think it is still the solution even though the bridge would cost much more than \$80,000. This so-called little \$80,000 item is something that is going to keep coming before the City Council for many years to come, off and on. I wish I had all of the expenses which are involved in the maintenance of these so-called boats that go from the mainland to Long Island. Gentlemen, you would be surprised at the amount of dollars, the thousands of dollars that are spent every year to give transportation. When I say transportation, I mean poor transportation from the mainland to the City Hospital. We are faced with the prospect of not giving proper medical care and nursing care to the people down in Long Island due to the fact that we are using ships or boats, whichever you want to call them, depending on whether you were in the Navy, or not, to take doctors and nurses and others down to the island. Another heavy expense on this proposition without a bridge or without moving the Long Island institution up to the mainland is the cost of transporting materials down there, food and other things, coal and so forth. It costs us extra money to take coal and other supplies and put them on ships and take them down from the mainland. If you have a tough day, it may mean the doctors and nurses and the help just do not get down there. Those are admitted facts. I might say a distinguished body of citizens of this city within the past year at a meeting in the Statler Hotel considered this proposition of Long Island. I can say this, there was not one gentleman there to my knowledge who said you should not have the bridge if we did not move the Long Island hospital to the mainland. They all seemed to agree it was a good thing to have and that within ten years a bridge would be paid for out of the tremendous saving that would be had in the course of ten years over using the present transportation to the island. As I said before, the present system is a disgrace to the City of Boston. I do not see where this \$80,000 ship—I am assuming it is a ship—the gentleman from Charlestown (Coun. Kinsella) said it would cost half a million dollars to reconstruct it.

Coun. KINSELLA—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. KINSELLA—To ask a question.

Coun. LINEHAN—I will yield for a question.

President KELLY—Will you answer a question?

Coun. LINEHAN—Gladly, if I can.

Coun. KINSELLA—Did the councilor hear me say half a million dollars to repair it or to build a new boat from the keel up?

Coun. LINEHAN—I thought you said that, half a million dollars. I am glad to hear the gentleman from Charlestown confirm my thought that he said half a million dollars. Isn't it safe to do something, with the possibility of Long Island Hospital remaining down there? And, gentlemen, do not get it in your head that in the very near future Long Island institution will be removed to the mainland. They tell me this thing has been recommended for the past 20 years. Here we are 20 years later still talking about Long Island, the institution which takes care of the sick and the unfortunate. I can remember last year, when I was legislative agent for the city up in the Legislature, how I was very fortunate, or I thought I was, doing a good job when I was able to get the bridge or an O.K. of the bridge, building the bridge, from the Commonwealth, the House of Representatives. I am sorry to say when it went over to the Senate, the Senator from South Boston, from my district at that time, was defending his Honor, the past Governor of the Commonwealth and the now Mayor Curley. He was responsible for defeating the measure. It meant that we just could not start construction of the bridge. I do not say if we got the O.K. the City Council would have still given permission. If it came back from the Legislature, I do not doubt it might have. All of these things just do not jibe to me. You have a distinguished group of doctors and citizens who are well versed in this problem of Long Island. I might say they are much more versed than any of us. To be honest with you, I do not know too much about it, and I did not know too much about it until I attended that meeting. I think some of the newspaper men, if you will talk to them, will

bear me out. It was quite a meeting. We went to work and discussed the pros and the cons. At that time it was suggested, as a result of his Honor the Mayor, then Mayor Kerrigan—I am sorry to say I still hear comments against him once in a while and I do not like to hear them after a gentleman has been defeated for election—but at least the then Mayor of Boston did have a meeting of the leading doctors connected with the Long Island institution, plus the doctors from the City Hospital plus the members of the Finance Commission, plus representatives from the Law Department and the newspaper representatives. It seemed to me that the thought was this, that we certainly did not want any more boats or ships. It was wholeheartedly agreed that at best it was a poor form of transportation to take care of the poor unfortunates down in the island. Now, isn't it possible that we can start on this bridge idea again if his Honor the Mayor can see the wisdom in this thing? If he could get the so-called distinguished commissioner, whom I do not know—I do not know the commissioners these days—if he could get the Commissioner of Institutions to compile some figures, his Honor the Mayor would be surprised how it runs into the six figures to maintain transportation to the islands. Even though you buy this ship, you still have additional costs to maintain the ship and to transport supplies down to the island. Some days you will transport doctors down to the island, and some days you will not, depending on the weather. If the weather is bad, the ships do not take off. I am probably kind of rambling around here, but it seems to me that last year it was worthwhile to wait to such an extent that we had a meeting of distinguished doctors and many others. It lasted about three hours. I do not think I am taking too much of the time of this Honorable Body. After all, I have missed some of the meetings during the last six weeks. If I had been here, I would be up talking. I can safely say that. It seems to me this is just \$80,000 going down the river. In this case it is going down the ocean, down the harbor. I was not here when the budget was discussed. I do not know if it should be in the budget or not. It seems to me a little extra item. I am sorry to say I was not here on the job. I do not know if I can talk on it. I would like to ask a question first, a privilege at this time, Mr. President.

President KELLY—Councilor Linehan.

Coun. LINEHAN—A point of information.

President KELLY—State your point of information.

Coun. LINEHAN—Is it possible for me by speaking on a point of personal privilege to record how I would have voted on the several measures that have been acted on by this Honorable Body while I was in the hospital.

President KELLY—You can ask for unanimous consent after this matter is disposed of and if you get unanimous consent, you may so record yourself.

Coun. LINEHAN—If I can. Well, Mr. President, I think, apropos of this order, I might as well get it in rather than by taking a chance with unanimous consent. I might ask a point of parliamentary inquiry.

President KELLY—State your point of parliamentary inquiry.

Coun. LINEHAN—I withdraw that. I do not know. To continue where I left off, I do not know how much information the councilors got when they had a hearing on this matter. I assume they had some. I certainly would like to have been present when Doctor Sacchetti, who knows more about Long Island than the Commissioner of Institutions, testified. I really do not know if he was present. If he was not, I sincerely hope we do not act on this matter today, in order that we might have him come before us with facts and figures as to the cost of transportation from the mainland to Long Island. I might say, if this ark is bought, the cost of transportation will remain the same. In all likelihood, it has to have its crew, and oil, and fuel, and every other item. I would like to postpone it for another reason. I would like to file an order subsequent to this debate requesting his Honor the Mayor of Boston to consider the advisability of filing a bill in the Legislature requesting the construction of a bridge from Moon Island to Long Island. I can safely say this. If he files it even at this late date, the committee which hears that particular bill, which went down to Long Island last year with me and saw what was needed, would heartily endorse the construction of a bridge so that the poor unfortunates down there that we hear so much about over the years, the poor unfortunate patients, will have proper medical and nursing care. For those reasons I sincerely hope that the members of this Body will go a little slow today. Let us wait until I file an order requesting his Honor the Mayor to study the advisability of filing an order in the Legislature requesting the construction of a bridge, if we are not going to have the Long Island institution removed to the mainland. If we are not going to have it moved, by all means a bridge should be constructed to save thousands of dollars to the taxpayers and provide proper transportation and nursing care and medical care to the poor patients down there. If it was not for a Senator in the Senate last year, we might have been acting on that matter this year instead of buying another ark of a boat. I sincerely hope the matter is postponed a week. If it is, I will file an order asking his Honor the Mayor to consider the advisability of that order I mentioned.

I hope the members of the Council will go along on this and postpone it another week.

President KELLY—The question comes on postponing for another week. It is not a vote.

Coun. LINEHAN—I doubt the vote.

President KELLY—Councillor Linehan doubts the vote and asks for a roll call, two of the councilors supporting him. The clerk will call the roll.

The roll was called, and the motion to postpone for one week was lost, yeas 9, nays 11:

Yeas—Coun. Bayley, Carey, Chase, Keenan, Linehan, Madden, Muchnick, Russo, Seannell—9.

Nays—Coun. Bryan, Cantwell, Cook, Fish, Hannon, Hurley, Kelly, Kinsella, Lane, McCormack, Moriarty—11.

Coun. BAYLEY—I move this matter be referred to the Executive Committee so we can get further information.

Coun. LINEHAN—May there be debate on this matter?

President KELLY—Yes.

Coun. LINEHAN—I do not feel too strong today. But I feel strongly in regard to this matter, very strongly. Not having all of the information that I think is necessary in regard to this boat situation, with my little brain, I have given the best I can, in my little way, to the other members of the City Council. I cannot for the life of me see why they have not given us another week on this matter. For the past six weeks I have been trying to read the minutes of the meetings so I could be up to date on what I thought went on in this Honorable Body. I am sorry to say, Mr. President, that there certainly has not been very much saving of the taxpayers' money in this Body during the past six weeks. I do not think I am off on a wrong tangent on this thing. I think I am right. Why don't we give it a week and think it over and get some more information? I would like to have Doctor Sacchetti up here. He could furnish the members of the City Council very valuable information. As a matter of fact, it would stun them. If they knew how much it cost to maintain transportation to Long Island from the mainland, it would stun them. I think if they got that information, we would have a majority vote to put this boat where it belongs, in dry dock like a lot of other ships the Navy has put up. I am arguing on these lines, due to the fact that I think I am right. When I am right, I hate like blazes to give up. Of course, I realize being just one member of the City Council I have not got as much power as his Honor the Mayor. But I can say that as a councillor I have given much thought and consideration to saving money for the taxpayers of the city, as much as his Honor the Mayor of Boston. This is one of the items that proved it to me. While I think that is so I am going to talk as long as I can. Mr. President, has anybody discussed this matter with his Honor the Mayor? I would like to ask through you any member of the Council as to the advisability of the construction of a bridge to replace the boats.

President KELLY—I could not tell you that. You can ask any member through the Chair.

Coun. LINEHAN—Evidently there is not any such information. You can rest assured, gentlemen of the Council, it will not be many months before you will be sorry you voted to buy this boat. Particularly if you stay in this Body another term or two. Some of us will not. Some of us might. If we have the Plan E form of government, there will be only nine here, or probably less than that. While we are here, let us do our best to protect the taxpayers' money. I do not think we are doing it right now. I do not think we did it when we passed his Honor the Mayor's budget a short while ago. I am sorry to say I was not here to vote against it. I hear how good the commissioners are, the different commissioners of the city and how efficient they are, and the different members of the Council, and then I read in the paper while I was a patient in the hospital that there was eleven million dollars in excess of last year's budget recommended by the department heads of the City of Boston. Then his Honor the Mayor cuts it down to five million dollars in excess of last year. If I remember rightly, during the campaign we were in a period of spending, as I understand it. I do not know what period we are in now. Now I realize probably some of that money in the budget is for capital improvements. But if I remember correctly, I am subject to being criticized or corrected—there is something like \$13,000,000 which the City of Boston can borrow for capital improvements. That means, for those of us that are not accountants, where something is being bought like this boat, you might say, or a fire engine, the life of which might extend for a period of ten years, that it is not fair that the entire cost of this item should be spent or charged up against one year. It should be properly amortized over a period of ten years. That is the way they do it in business. That is the way they should do it in government. Now, Mr. President, I would like to ask through you, if I may, if we vote for this appropriation of \$80,000, is this in the form of a current expenditure and not a bond issue?

President KELLY—I am informed this appropriation will be paid out of this year's taxes, councillor.

Coun. LINEHAN—That is very revealing, gentlemen. It means here is a boat the life of which might be at least ten or possibly twenty years. We are going to charge it off against the expenditures, you might say, of the budget of 1946.

Think of it. Now the same thing goes for fire engines and other so-called capital improvements.

Coun. FISH—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. FISH—I wonder if the councillor from Ward 7 (Coun. Linehan) will yield for a question.

Coun. LINEHAN—I will yield for a question gladly.

Coun. FISH—I wonder if he is aware of the fact that if we issued a loan for the borrowing of \$80,000, it would cost us \$149,000 to issue the loan?

Coun. LINEHAN—I am awfully glad to answer that question. There is another matter I almost forgot. I can answer it this way. As a result of sickness I was not present when the matter of a \$10,000,000 borrowing was being considered. It should have been borrowed by the issue of bonds. It was \$10,000,000 and not \$80,000. Now I am glad the councillor from Dorchester (Coun. Fish) brought that up. He says the \$80,000 will cost \$147,000.

Coun. FISH—\$149,000.

Coun. LINEHAN—\$149,000. Now that means roughly that \$10,000,000 will cost finally about \$18,000,000. Does that answer the gentleman's question?

Coun. FISH—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. FISH—I wonder if you, through the City Clerk, or the councillor from Ward 7 (Coun. Linehan) can tell me if it is possible to borrow \$10,000,000 for this specific item of \$149,000?

Coun. LINEHAN—Would the gentleman mind repeating his question? I did not get it.

Coun. FISH—Isn't it possible to buy certain equipment, we will say, floating a loan, which will cost \$149,000 which is 10 cents on the tax rate? We may be able to borrow up to 4, 5 or \$6,000,000 on that one loan.

President KELLY—I am informed we can borrow as much as we want to within our debt incurring power, which is \$13,000,000.

Coun. LINEHAN—I was going to say thirteen-odd million dollars which you could use to borrow for capital expenses. I thought I mentioned that earlier in my talk. You evidently were not paying attention.

Coun. FISH—I heard you.

Coun. LINEHAN—Now, gentlemen, it is the old story. His Honor the Mayor does not want to float a bond issue for \$80,000. But he does want to borrow \$10,000,000 for an issue of bonds to lower the tax rate. You might say this is impertinent. Before the President rules me out of order, I can say this is very important and it is pertinent in that this raises the tax rate. If he succeeds in getting the other through the Senate today and then through the House subsequently, which I do not think he can, it will cost the city plenty. He is asking the State Legislature's permission to borrow the money. I am sorry to say I was not here to vote no. I so record my vote now. You might say this is only a minute part of the tax rate, that it affects it only in a minute way, in a small way. But that is how the tax rate gets added up. \$80,000 here, \$100,000 there, \$75,000 there, \$200,000 there. Add all those pennies, dimes, quarters, and dollars together, and it adds up to a tremendous tax rate.

Coun. MUCHNICK—Mr. President, a point of order.

President KELLY—State your point of order.

Coun. MUCHNICK—I find it very hard to disagree with much of what is being said, but is it pertinent to the issue as to whether this should go to the Executive Committee?

President KELLY—The point is well taken. The Chair wants to be very fair in this matter, and has allowed the councillor to go into it. If the councillor will confine his remarks to referring the matter to the Executive Session—

Coun. LINEHAN—I cannot discuss the merits of the bill?

President KELLY—I have been very fair with you.

Coun. LINEHAN—I am asking you a question, Mr. President.

President KELLY—You can talk on referring the matter to the Executive Session.

Coun. LINEHAN—I would like to know what I can discuss?

President KELLY—The matter we are discussing now is referring the appropriation of \$80,000 for the purchase of a boat for the Institutions Department at Long Island.

Coun. LINEHAN—Mr. President, I do not want to wear you out.

President KELLY—Go right ahead, councillor.

Coun. LINEHAN—Can't I discuss this \$80,000?

President KELLY—I am allowing you plenty of leeway.

Coun. LINEHAN—I would like to ask you through the clerk if I can discuss the appropriation of \$80,000?

President KELLY—I am ruling you can discuss the \$80,000, referring the matter to the Executive Session.

Coun. LINEHAN—Mr. President, a point of information.

President KELLY—State your point of information.

Coun. LINEHAN—I would like to ask you, Mr. President, can't I discuss the tax rate, how this affects the tax rate and other matters pertaining to the tax rate?

President KELLY—You can discuss anything you want about the \$80,000. It is perfectly in order. Continue.

Coun. LINEHAN—Was I ruled out of order as a result of what was said by the councillor from Ward 14 (Coun. Muchnick)?

President KELLY—I said his point was well taken. You were going adrift. I was very lenient with you.

Coun. LINEHAN—Well, Mr. President, may I ask if I might clear this up in my mind?

President KELLY—I am glad to clear up your mind.

Coun. LINEHAN—This is \$80,000. It is a vital expenditure. It does not come before you every week. It seems to me I can discuss the budget now. Can I or can't I? That is what I want to discuss.

President KELLY—You cannot discuss the budget.

Coun. LINEHAN—How it affects the budget?

President KELLY—Yes, but you cannot discuss the budget on the \$80,000.

Coun. LINEHAN—Mr. President, I can discuss how it affects the budget, but I cannot discuss the budget?

President KELLY—You asked if you could discuss the budget.

Coun. LINEHAN—As to how this affects the budget.

President KELLY—As to how it will affect the budget. That is all right.

Coun. LINEHAN—Mr. President, a point of information.

President KELLY—State your point of information.

Coun. LINEHAN—I am trying to stay within parliamentary procedure. I think I am doing so without getting flustered about it. Mr. President, may I discuss any item which has a similarity of purpose? As far as the gentleman from Dorchester (Coun. Fish) goes, he asked me a question, and then I answered him about the borrowing of \$10,000,000, and how much it would cost. Then I went back to the \$80,000. I think I am in order.

President KELLY—I have allowed you to make comparisons, Councillor Linehan.

Coun. LINEHAN—I hope, Mr. President, you will withdraw your ruling upon the statement of the gentleman from Ward 14 (Coun. Muchnick).

President KELLY—Councillor Linehan, I did not call your attention to it. A member of the Council called your attention to it. I agreed with his point of order. I have been very fair with you, Councillor Linehan.

Coun. LINEHAN—Well, he said I was impertinent or irrelevant. Would you say I was irrelevant? Would you rule I was irrelevant, Mr. Chairman?

President KELLY—The Chair did not make the ruling.

Coun. LINEHAN—I thought you did, Mr. President, when you agreed with the gentleman from Ward 14 (Coun. Muchnick).

President KELLY—I asked the gentleman from Ward 7 (Coun. Linehan) if he would confine his remarks to referring the \$80,000 to the Executive Session.

Coun. LINEHAN—It looks like I am a Southern Democrat here making a filibuster. Mr. President, I think I will conclude by saying I feel sure all of the councillors who were present at the meeting I attended a year or so ago in regard to the Long Island situation and the transportation by boats, whether it should be by bridge or whether we should have a transfer of the island hospital to the mainland and so forth, I sincerely believe all of the councillors who had that information would not vote for this appropriation today. We are carrying on the same way. We have been doing this for I do not know how many years, since Long Island came into being as an institution for the sick and for the unfortunate. We are just carrying on the same old thing, adding on more and more money. If we had Dr. Sacchetti before us in Executive Session and if he had his figures he presented to us at that meeting, they would be dumbfounded as to how much money was being spent on transportation. It could have been wiped out if we developed the construction of a bridge. May I conclude by saying I sincerely hope the members of the Council vote to refer the matter to Executive Session? Then we can try to get hold of Dr. Sacchetti if we can, or put it over for a week for the Executive Session so we can get more information. Let us as members of the Council think of the fifty cents on the tax rate. As I said earlier in the session, if we keep up doing nothing but going along with everything that is sent to us from his Honor the Mayor's office, I sincerely think that many of us will not be councillors two or four years from now.

President KELLY—The question is on referring the matter to the Executive Session. It is not a vote. Councillor Bayley doubts the vote and asks for a roll call. He has the necessary support. The clerk will call the roll.

The roll was called, and the motion to refer the matter to the Executive Session was defeated, yeas 8, nays 10:

Yeas—Coun. Bayley, Carey, Chase, Keenan, Linehan, Madden, Russo, Seannell—8.

Nays—Coun. Bryan, Cantwell, Cook, Fish, Hannon, Hurley, Kelly, Kinsella, Lane, McCormack—10.

President KELLY—The motion to refer is lost, and the question comes on the passage of the appropriation. The clerk will call the roll.

Coun. RUSSO—I would like to move reconsideration. Mr. President, there have been many thoughts expressed by the councilor from Ward 7 (Coun. Linehan) which I believe have plenty of merit. Here is an item of \$80,000 which the Mayor is asking you to appropriate in order to put it into this year's tax rate. We do not know exactly what the rate will be, but the City of Boston and its taxpayers are faced with a tax rate which is going to choke the City of Boston if the \$10,000,000 loan does not get through. I have also in mind that there are many other items that could have been asked for, the appropriation of which his Honor the Mayor sees fit not to appropriate money for, such things as playgrounds and other vital necessities. He cannot vote a loan for them. Here is an opportunity here, if it is finally decided that the Long Island institution is going to stay in Long Island—and I am certainly convinced that is the place where it should be and where it belongs and where it should stay. The only fault I find is that the connection between Long Island and the mainland is poor. I do not believe the hospital and the so-called almshouse could be located anywhere in the city. I am heartily in favor of building a bridge from Moon Island to Long Island to connect Long Island with the mainland. If the Mayor of the City of Boston believes that is the proper step to take, then I say he should take that step. I believe that the Legislature would go along on granting that the City of Boston should connect Long Island with the mainland. I do not know very much in so far as this boat is concerned. We were told that it would cost in the vicinity of \$40,000. The boat actually cost the Federal government approximately \$400,000. It is also stated that it will take about \$35,000 to change that boat. The boat has to do the trips to Long Island for transportation. I venture to say, Mr. President, that once we buy this boat there will be the usual things coming up. Say it costs \$35,000 for remodeling the boat. By the time we get through it will cost the City of Boston double the amount, if not more. I am wondering, if the Mayor wants to reduce the taxes, why couldn't he include this in his loan. If he feels the boat is very vital at this time and he feels there is no other hope of connecting the Long Island hospital with the mainland, why can't we borrow this money and spread the amount over five years or more without jeopardizing the tax rate for 1946? That is the reason why I am going along, and I hope that the councilors will go along to have this matter referred to the Executive Meeting so that we might get the proper information and properly decide what we should do on this item. I am therefore urging the Council have this matter referred to the Executive Committee.

President KELLY—The question is on reconsideration.

Coun. COOK—Speaking on reconsideration, it seems to me this matter has been before the Council at least three weeks. I do not think we can get any more information than we have had both in Executive and in the committee that heard the original matter. As I see it, anybody who listened to the testimony would say as a reasonable man it will be cheaper for the city to buy this boat than to keep repairing the two broken-down boats we have. The expense of repairing them and keeping them in shape and hiring other facilities for transportation when they are laid up far exceeds the cost of replacing them with this tugboat which the United States government is selling us. I think we should defeat reconsideration and vote favorably on the appropriation.

Coun. LINEHAN—Does the gentleman yield for a question?

Coun. COOK—Yes, I would be glad to answer the question.

Coun. LINEHAN—I would like to ask the gentleman from Ward 12 (Coun. Cook) where he got the information as to the cost of transportation from the mainland to the island. I ask him that question due to the fact he said he did not know of any more information he could get. I wonder if he got that information.

Coun. COOK—As I remember the statistics, Mr. President, and my good friend from Ward 7 (Coun. Linehan), the cost of transportation, including the cost of repairing and replacing the transportation when the present boats are not able to transport people to and from Long Island—as I recall the statistics—I think in two years the cost was well over \$80,000. As a pure business proposition, with a Diesel-run boat, I think we can cut the cost in half inside of one year.

Coun. LINEHAN—I would like to inform the gentleman from Ward 12 (Coun. Cook) he still has not impressed me that he has all the information necessary to act on this matter today. He talks about an expense of well over \$80,000. It is for two years. I cannot remember the exact figures submitted to us by Dr. Sacchetti and the Commissioner of Institutions, Commissioner Campbell. It was enough so that within ten years you paid for the bridge. Doesn't he think that, as a member of the Council and as a representative of the taxpayers of Ward 12, he should be submitted facts to substantiate that? I am not speaking this out of my brain. These are facts which were presented by Dr. Sacchetti and the Commissioner of Institutions, Commissioner Campbell, last year when the question of whether or not the Legislature should give the City of Boston authority to build or construct a bridge from Moon Island to Long Island, was discussed.

Doesn't he think, as a member of the City Council—this is in the form of a question, Mr. President—doesn't he think, as a City Councilor, if such facts were available he should have them before he acts on this whole matter? We should consider not only this boat, but the maintenance of the island itself. Are we going to still have Long Island as an institution? Is it going to be moved out? If it is going to be moved out, we do not need a new boat. If you are going to remain down there, you will possibly need a bridge which will pay for itself out of the tremendous saving as a result of building the bridge. Then the poor, unfortunate patients and people who are unable to support themselves will receive proper medical care from doctors and nurses, while at the present time by this boat system they do not get any top-rate doctors going down to Long Island. They do not want to go down there and take the old boat over to Long Island. If they could go on to the island from the mainland by way of a bridge, it was admitted by the doctors at the conference that the chances are they would get much better and more efficient medical and nursing attention. That is what we are looking for, plus the fact we want to try to save the taxpayers' money. I think we will if we kill this \$80,000 appropriation and either move the Long Island institution up or, if it is going to stay there, construct a bridge. That is a long question. If the gentleman from Ward 12 (Coun. Cook) wants to answer it, I am glad to listen.

Coun. COOK—The purchase of this boat will be accomplished sooner than any bridge could be constructed. Buying this new boat would make it a good business proposition. That is the only answer I think we should be interested in. What can we do now to improve the situation and save money? I think that the spending of \$80,000 for a boat to be purchased from the United States government is a better business proposition than keeping two broken-down ferries and waiting five or ten years until we get a bridge, if we do get a bridge.

Coun. BAYLEY—Last week I moved that this order be laid on the table, and it was. My purpose as I expressed it at that time was to get more information, especially to find out if this was the best boat we could buy. There is some truth in the statement of the distinguished gentleman from Ward 12 (Coun. Cook).

President KELLY—Just a moment, councilor. At this time the Chair will call Councilor Fish to preside.

Coun. FISH in the chair.

Chairman FISH—The question before the Council is on reconsideration.

Coun. BAYLEY—What bothers me a great deal in this transaction is the fact we are asked for an order for \$80,000, of which \$42,500 is to be spent for the purchase of a boat. It looks to be a good purchase, inasmuch as the boat cost somewhere around half a million dollars to build. On the other hand, the remainder of the money, \$35,000 or more, is to be used to take down part of the superstructure of the vessel. It is now a tugboat. I am not a nautical man. I do not know how to explain it, or what the phrase is, but it is proposed to take off the superstructure, I am informed, so that it may be used for the purposes of the passengers. I had in mind, when I asked for tabling the motion for one week, that we would take it up in the Executive Session and that would give the department head in question—

Coun. MUCHNICK—Mr. President, a point of order.

Chairman FISH—State your point of order.

Coun. MUCHNICK—As I understand it, we are now on reconsideration.

Chairman FISH—That is right.

Coun. MUCHNICK—Reconsideration on sending this to the Executive.

Chairman FISH—That is right.

Coun. MUCHNICK—I do not think superstructures or other remarks which are being made have much to do with referring this to the Executive Session.

Chairman FISH—The Chair will rule that his nautical terms are all right, so far.

Coun. BAYLEY—I believe I am distinctly on the motion. I am in favor of reconsideration so that this matter might be sent to Executive and we may be able to get information from the department heads concerned. I want to know if any further attempt has been made to find a boat more suitable than the present boat. I was trying to explain how we are spending \$35,000 or more to take over a tugboat to make it suitable for our purposes. The army or navy may have a boat which will not require \$35,000 to make suitable for our purposes, and which will be able to carry passengers, and which we can buy outright and need not make alterations in above deck. It would solve our problem. It would suit our purpose. I do not like spending \$35,000 to make over a boat to serve our purpose if we can get one more suitable. Therefore, I am in favor of reconsideration to find out if that information I asked for last week may be available. We may find if this is the only boat available for our purposes, or if a more suitable boat may be found which we can buy at less expense than the one before us now. We must spend the taxpayers' money wisely, fairly and efficiently, as sometimes we have not done. I agree it was unfortunate that no action

was taken to reduce the budget. We have a chance here to save money for the taxpayers. They are hard pressed in this city. I do not believe the way out of financial difficulties is to get a loan. We have to run the city more efficiently. This is one way. I hope we can do it. I hope we are not going to vote \$80,000 without a full and fair investigation. If we can get a boat for less money, we should do it. I hope we let this question go to the Executive Committee and have all the possible latest evidence.

Coun. LINEHAN—Am I in order to make a motion to lay on the table for one week?

Chairman FISH—The motion is out of order until the other one is disposed of.

Coun. LINEHAN—This does not take precedence, laying on the table?

Chairman FISH—It does not take precedence over the other until the other motion is disposed of.

Coun. RUSSO—I was not recognized when I wanted the President to recognize me. Now that I have the floor, I would like to ask the councilor from Ward 12 (Coun. Cook) a question, if I may, which he may answer through you, Mr. President. I want to know whether he would have any objection, after we received the proper information that the Long Island institution will not be removed to the mainland or that the other two boats are gone so far that they could not be used, if this money, instead of being an appropriation which would be taxed on and levied on this year's taxes, if it was in the form of a loan, after we had the proper information, we had decided we should have a new boat in order to take the persons from Long Island to the mainland.

Chairman FISH—Is that in the form of a question?

Coun. RUSSO—Yes.

Coun. COOK—As nearly as I can make out the question, my answer would be we are not going to fool around with tax rates. I would rather have it come as an appropriation. It would figure in the tax rate and be a truer one than if we make a loan.

Coun. RUSSO—If that is his opinion, let us be fair with ourselves. Don't you believe we ought to have the information whether or not his Honor the Mayor is contemplating removing the Long Island Hospital to the mainland? Don't you think we ought to have the information whether Long Island Hospital will stay in Long Island, to make our decision honestly and sincerely, knowing full well what will take place within the next year or so, or six months? I know this much, Mr. President, those two boats, the "O'Meara" and the "Perkins," cost the City of Boston thousands of dollars during their operation. But I do not intend to contract for a boat if the "O'Meara" and the "Perkins" can be used and utilized if they have in mind removing the Long Island institution to the mainland, until such time as the Legislature will give permission to the City of Boston to erect a bridge from Moon Island to Long Island. That is why I would like to have that referred to the Executive Committee. Let us decide if it is going to be removed from Long Island to the mainland, and then let us act accordingly. If it is going to remain at Long Island, then let us get the true information. I wonder when we are going to get the true information we desire. If we do not act now, I can assure you, within the next two years that we will be here, we will not get it.

Coun. CHASE—Mr. President, I hope that the Council sustains the motion to reconsider. The request is a reasonable one. A number of councilors desire to interrogate the Commissioner who is in charge of the Long Island institution. I see no reason why they are not entitled to the information they seek. I trust that the Council will reconsider the vote in order that these councilors might get the information they desire.

Coun. KEENAN—Mr. President, about a year ago, I believe it was a Saturday morning that the Committee on Hospitals notified us there would be a trip down the harbor to investigate conditions at Long Island. I happened to be a member of the committee. We took the boat to Long Island. We spent the day there and we saw what conditions were. We held a meeting. It was the first time a meeting was held by any members of the Council on a Saturday night going into the wee hours of the morning. On Monday we came into the Council. Every member of the Body at that time spoke of the conditions that prevailed at the Long Island Hospital. I informed the councilors who were not present on the trip to Long Island about the information I had received. A fireman who had only one leg was going to rescue patients from the building if a fire occurred. Those were the conditions that existed on Long Island. The information I received that day from the doctor and the members of the committee and from talking with the patients was that it was their intention to move the Long Island Hospital to the mainland. Governor Tobin, who was Mayor at that time, asked the councilors to go on record for a certain amount of money to build. I was in favor of it because of the information I received as to the cost of transporting people down there, the visitors and the food, the coal, and so forth. From the information I received I figured it was better to build a bridge than have the boat. From the information I have received today, I understand that plans were drawn for a viaduct and the layout of the department. They figured approximately a million and a half to build the viaduct from the mainland

to Long Island. His Honor the Mayor has asked for \$80,000 for the purchase of the boat. The City of Boston has spent a lot of money on the two boats over a period of the last few years. But from the business standpoint I think the City of Boston still wants to spend \$200,000 more to repair the two boats they now have. The city would be saving approximately \$60,000. If they took that same amount of money and put it with the million and a half dollars to build a viaduct, from the information here this afternoon in a few years the City of Boston would be saving the taxpayers' money. It would be a benefit to the city and to the persons in the Long Island Hospital. So I ask you to refer this to the Executive Committee.

Chairman FISH—The question is on reconsideration.

Coun. KEENAN—Mr. President, a point of information.

Chairman FISH—State your point of information.

Coun. KEENAN—Would I be in order at this time by moving to have it laid on the table for a week?

Chairman FISH—That is out of order until this is disposed of. The question is on reconsideration. It is not a vote. The Chair doubts the vote. The clerk will call the roll.

The roll was called, and the motion to reconsider was lost, yeas 9, nays 9:

Yeas—Coun. Bayley, Carey, Chase, Keenan, Linehan, Madden, Muchnick, Russo, Seannell—9.

Nays—Coun. Bryan, Cook, Fish, Hannon, Hurley, Kinsella, Lane, McCormack, Moriarty—9.

Coun. BAYLEY—I move this be laid on the table.

Chairman FISH—It is not a vote. Councillor Bayley doubts the vote and asks for a roll call. He is supported by two members. The clerk will proceed and call the roll.

The roll was called, and the motion to lay on the table was defeated, yeas 9, nays 9:

Yeas—Coun. Bayley, Carey, Chase, Keenan, Linehan, Madden, Muchnick, Russo, Seannell—9.

Nays—Coun. Bryan, Cook, Fish, Hannon, Hurley, Kinsella, Lane, McCormack, Moriarty—9.

Coun. MADDEN—At this time, in view of the controversy we have had and the great deal of pros and cons on the cost of the boat and the cost of the bridge and the annual cost of bringing supplies and passengers to Long Island, there is one thing that has not been clear to me, and that is why the City of Boston should spend this fabulous sum of money for a boat when we read in the paper every day that the Congress of the United States is in the process of demolishing boats with an atom bomb. We also read from time to time where the Federal government, the Office of Surplus Supplies, are literally giving away boats and everything else. Up until now, Mr. President, we have had so little before the Executive Committee or any other committee which could give this Body some idea of the cost of renovating this boat, that therefore, Mr. President, in view of the uncertainty, I move that we refer this matter to the Boston Finance Commission and have them look into it.

Chairman FISH—The motion is out of order.

Coun. RUSSO—Mr. President, I do not like to be placed in a position to vote against something which might be needed, but I will vote against it if this is brought in here today. I think my request is a reasonable one. I believe that my request is warranted, in asking for information that we have been unable to receive. We must have information in order to make up our minds once and for all what the present administration downstairs intends to do at Long Island. Another thought has been brought up now by Councillor Madden. The Federal government is giving away boats and has spent billions of dollars in order to destroy humanity throughout this world. I am wondering whether or not the present administration might not induce the Federal government in a worthy cause such as this, which is charity, to give this boat to the city for nothing. It would save the taxpayers of the City of Boston a certain amount of money. Would my colleagues prefer to have this information or would they prefer to vote without receiving any information? In answer, Mr. President, to my colleague from the twelfth district (Coun. Cook) who would like to see it put on the tax rate of this year in order to have the proper tax rate, I say to him, Mr. President, I wonder if he would be consistent in voting for the one million and a half that his Honor the Mayor is asking us to borrow in order to get new equipment, if we want to see the true tax rate. Mind you, the tax rate, as I understand it, is supposed to cover the running of the affairs of the City of Boston, the maintenance, the vital things which are needed in order to run the city. But in so far as buying equipment is concerned, there is no corporation in the City of Boston or anywhere which does not spread the item over five or more years. It all depends upon the duration of the particular article they are trying to buy. If we receive a true assessment of our city, then we will have a true tax rate. It might be shocking, Mr. President. I know poor individuals who own their homes. Their homes are assessed over and above what the actual value should be. These are the small home owners who are carrying the burden. It is all right for the big fellows. They can go to the Appeal Board and receive their reduction. It is

the small home owner who owns his own home, and perhaps has had his home for twenty-five or thirty years, who is unable to carry the burden of the day and who is the one who is suffering. I believe that we are entitled to receive the information. I do not believe that any one of us should be obliged to vote for a certain order without receiving the proper information. One of the members here stated that he has not the power, the same power that the Mayor of the City of Boston has. I say to you, Mr. President (you had been a member of the Council for two years before me), and I will say to the new members that they would have the same power as the Mayor of the City of Boston if twelve councilors would join together to be with the Mayor when the thing warranted, when he was right, and to be against him when they believed that things were wrong. We are not fighting for petty things. We are fighting for things we believe in. That is the reason why the people sent us here. I say to you if we do not get the right information now you will not get it two years from now. Let us decide the issue. It is whether the Long Island Hospital is going to remain at Long Island. I would like to find out from his Honor the Mayor if he intends to build at Long Island, to give those poor people at Long Island a proper home. I have been informed, Mr. President, that there are great doctors in our city who would be very glad to give up their time and their knowledge to have those individuals at Long Island benefit by it, if they had proper facilities for transportation. On account of the fact that there are not proper facilities, it is pretty hard to give the proper medical attention that those individuals are entitled to. In order to build a bridge, the information we received last year was that it would cost \$1,500,000. Do you realize what that would mean? It would mean bringing Long Island Hospital to the mainland. I have heard the thought they were going to remove the Long Island Hospital from Long Island and bring it into the heart of our city. At the time I first heard that, I was still running around bare. They have never done it. I do not believe they will do it. What should be done is to build on Long Island where it is, put new buildings there, make it easy for the doctors who are willing to give their time and their professional knowledge to go to Long Island and to give proper attention to those patients. They can go to Long Island from the mainland by a bridge. The bridge would give facility to parents and relatives of the patients to go to Long Island and visit them daily, weekly or monthly, day in and day out, if they so desire. You and I know many of these individuals at Long Island today are not perhaps visited by their own nearest and dearest, not because they have lost affection or love for their dear ones, but because they have not the proper transportation. In order to go to Long Island, you have to call it a day. For a five, ten, or twenty-minute visit at Long Island Hospital, you have to give up a full day. When a person is sick in bed, Mr. President, all of us realize what it means to have a visit from a near and dear one. It means inspiration. That is 75 per cent of the battle of a patient in a hospital. I have been at Long Island and asked several of them. They love Long Island especially in the summertime with the beautiful water around them and the beautiful air, which you and I do not get in the City Proper. Those who can walk around Long Island love it. It seems as if they are the property owners, as if they owned Long Island by themselves individually. But one thing they dislike is that they do not receive visits from their nearest and dearest for whom they have respect, because they realize also that some of their parents do not visit them more often.

Coun. MUCHNICK—Mr. President.

Chairman FISH—For what purpose does the gentleman rise?

Coun. RUSSO—It means a day which they lose.

Coun. MUCHNICK—I hate to keep breaking in, but I do not believe that the councilor is speaking on the order.

Coun. RUSSO—Mr. President, I am speaking on the order.

Chairman FISH—The point is well taken. I would wish when any councilor speaks in the future, if he favors a bridge, he should state that he favors it and not give us the merits and demerits of it. If people like hospitals, state that. What we are speaking on is the passage of \$80,000 for a boat.

Coun. RUSSO—Mr. President, I am talking on the \$80,000. I am talking in regard to whether or not the City of Boston should be placed in a position of spending \$80,000 when an administration knows full well that the Long Island Hospital will be removed to the mainland. I say that is the intent. Give us the information. If the intent is to let the Long Island Hospital remain at Long Island, then give us that information so that we may be able to pass on it with our God-given brains to the best of our ability. Am I asking too much, Mr. President, when I am asking only for information which I believe I am entitled to? Am I asking too much, Mr. President, when I ask for something which the people of the City of Boston, and the people especially of any district who sent me here, want me to find out for them? We are elected by our people in our respective districts. The Mayor of the City of Boston is elected by the people of the entire City of Boston. Each and every one of us should not shirk the responsibility to the population of our city. As I said before, Mr. President, all that I want—and

I believe that I am entitled to it—is to receive information in order to make up my mind whether the spending of this \$80,000 is proper at this time, whether or not it should be placed on the true year's tax rate or whether a loan would be more advisable. Above all, I want to know the intent of the present administration in so far as Long Island is concerned. Each one of us and especially his Honor the Mayor, Mr. President, has been known throughout the years to be a friend of the poor. If he is a friend of the poor, then the poor should know ahead of time what his intentions are. Do not keep them in suspense. Let us have the facts. I would like to find out above all, Mr. President, as I stated before, whether this is not a worthy cause to bring to the Federal Government so that we might be able to get this boat free of charge because it is for a worthy cause and for charity's sake and for humanity's sake and for the sake of the people who are forced because of illness to be placed in the Long Island Hospital. I would like to find out, Mr. President, if these steps have been taken and, if these steps have been taken, has the Federal Government refused a worthy cause such as this? Then I would like to ask the Congressmen representing Boston and the entire State of Massachusetts—

Coun. MUCHNICK—Mr. President.

Chairman FISH—For what purpose does the gentleman rise?

Coun. MUCHNICK—Will the councilor yield for a question?

Coun. RUSSO—No, I would like to find out from the evidence they have—

Coun. MUCHNICK—May I raise a point of order?

Chairman FISH—State your point of order.

Coun. MUCHNICK—I would like to know what the Congress of the United States has to do with our appropriating \$80,000 for the purchase of a boat for Long Island.

Chairman FISH—I would like to know that myself.

Coun. MUCHNICK—In accordance with your answer, Mr. President, will you please rule the gentleman out of order if he sticks to this line of argument?

Chairman FISH—I think that the councilor has strayed a little beyond what he should. I hope he will not go too far.

Coun. RUSSO—I am only trying to bring out—shall I say trying to persuade my colleagues to look at this matter in the same light that I am looking at it. If we have not got that right, why waste our time sitting here in the City Council? If we believe, just because eleven or twelve members have made up their minds, that the minority should heed the majority without expressing their views, why sit here? We know, you and I know, that he will get everything he wants. If that is the case, let us disband the City Council for this year and next year we will start fresh. Mr. President, I have been honest and fair and sincere. I want you to believe me when I say that. I have all the good intentions of going along if I am persuaded and if I am given the information that we need. If I am given the information there is no other alternative and, in order to give proper facilities for transportation, we have to buy this particular boat. I am willing to go along with it. But I would like to find out, Mr. President, if these steps have been taken. The Federal Government, as stated before, has spent billions of dollars and I feel, as my colleague from Dorchester stated, that if Congress and the Congressmen have nothing to do with this \$80,000 the city is trying to appropriate, then I say this, they can go so far as to interfere for the City of Boston and try to induce the Federal Government to give this boat free of charge to the City of Boston because it is for a very worthy cause. Therefore, Mr. President, I hope and trust that my colleagues will go along with me and refer this to the Executive Committee in order to lay it on the table for one week to give us time that we may be able to get the proper information.

Chairman FISH—The question is on the passage of the order.

Coun. BRYAN—At this time I move the previous question.

Chairman FISH—Councillor Bryan moves the previous question. There is no debate. The clerk will call the roll. The question is on the previous question, the motion of Councillor Bryan. It is a vote.

Coun. RUSSO—I doubt the vote.

Chairman FISH—Councillor Russo, supported by two other councilors, doubts the vote and asks for a roll call. The clerk will call the roll on the previous question.

Coun. CHASE—May I request the councilors in the outside chambers be notified?

Chairman FISH—You may.

The roll was called, and the motion for the previous question was passed, yeas 10, nays 6:

Yeas—Coun. Bryan, Cook, Fish, Hannon, Hurley, Kelly, Kinsella, Lane, Moriarty, McCormack—10.

Nays—Coun. Bayley, Chase, Kinsella, Linehan, Russo, Seannell—6.

Chairman FISH—The question comes on the passage of the order. There is no debate. The clerk will call the roll.

Coun. SCANNELL—A point of personal privilege.

Chairman FISH—State your point of personal privilege.

Coun. SCANNELL—I ask unanimous consent to make a statement.

Chairman FISH—If the statement is pertaining to the passage of this order, it is out of order.

Coun. SCANNELL—I ask unanimous consent to make a statement.

Chairman FISH—If there is no objection, the Chair will grant you unanimous consent, but will warn you he will stop you if you speak on the order. Is there any objection? (No response.)

Coun. SCANNELL—Mr. Chairman, the Chair has given me permission to make a statement. My statement is in regard to this. I do not like to be in this position of having something driven down your throat or to be shut off from debate or shut off in any matter pertaining to city business. I do not think the gentleman that moved the previous question knew what he was doing. It is all right. I do not like to be shut off as a member of the Council from debate pertaining to this order. I do not like to have anything driven down my throat in this Body. If anybody in this Body thinks he is driving anything down my throat, I am not going to take it. I am interested in the business just as the councilor from Ward 7 (Coun. Linehan) is interested, to find out what this \$80,000 is all about.

Chairman FISH—I am sorry, councilor. I have to go by the rules. Unanimous consent was given with the provision that you would not speak on this order. There is no other ruling I can go by. The previous question has been voted.

Coun. SCANNELL—Will the clerk quote the rule? My interpretation of asking unanimous consent to make a statement is that I can stand here all day and talk on anything that I would like to say if there is no objection made by any member of the board.

Chairman FISH—The rule adopted by this Body was that no unanimous consent would be given to speak after the previous question had been passed if they speak on the subject for the purpose of circumventing the issue.

Coun. SCANNELL—I would like to hear that. Chairman FISH—Will the clerk read the rule? The rule is accepted parliamentary law. The ruling of the Chair is in order. The Chair will rule that the previous question having been asked and passed, you may of course have unanimous consent to speak, but the previous question shuts off all debate on the particular matter, and we must proceed to the vote.

Coun. SCANNELL—Well, Mr. Chairman, are there any rules in that book pertaining to asking unanimous consent, so that the Chair has the power to tell you after you get unanimous consent to make a statement what you are going to talk about?

Chairman FISH—The Chair granted the consent on condition, and that condition was understood by the entire Council.

Coun. SCANNELL—Well, Mr. Chairman, I thought we were living in America. I thought freedom of speech prevailed.

Coun. KEENAN—Mr. President.

Chairman FISH—For what purpose does the gentleman rise?

Coun. KEENAN—A point of parliamentary procedure.

Chairman FISH—State your point of parliamentary procedure.

Coun. KEENAN—Is it in order now to ask for reconsideration on the previous question?

Chairman FISH—No motion is in order, the previous question having been ruled; the Chair will now proceed to the roll call.

Coun. CHASE—A point of parliamentary inquiry.

Chairman FISH—State your point of parliamentary inquiry.

Coun. CHASE—I understand the Council gave unanimous consent to Councilor Scannell to make a statement. He has not finished his statement.

Chairman FISH—Were you present when consent was given?

Coun. CHASE—Yes, sir.

Chairman FISH—Did you hear the provision?

Coun. CHASE—He has not finished his statement.

Chairman FISH—I allowed him to speak until he spoke on this particular matter. That was the condition.

Coun. LINEHAN—He can still go back to his original premise.

Chairman FISH—Kindly wait until you are recognized, Councilor Linehan.

Coun. LINEHAN—You heard me, anyhow.

Coun. SCANNELL—I am still on the unanimous consent, making a statement.

Chairman FISH—The Chair still rules that, if you continue to speak on this particular motion, he will have to rule you out of order. You may proceed until such time.

Coun. KINSELLA—Mr. President.

Chairman FISH—For what purpose does the gentleman rise?

Coun. KINSELLA—I would like to clarify this for Councilor Scannell, if the Chair and Councilor Scannell will permit me. This is only a voluntary statement concerning procedure. Several weeks ago when I offered a resolution on rules, when I asked unanimous consent to make a statement, Councilor Daniel Sullivan reserved his right to object if I touched on the subject matter of the resolution. I said I would not approach it by subterfuge and took my seat and let the matter go to Rules. A week later Councilor Cook introduced an order on the Taylor slander of Negroes, and withdrew from his right to have unanimous consent on the same grounds—that he would not speak by subterfuge. Now I would like to ask a

point of information, Mr. Chairman. It may further clarify it for Councilor Scannell. The point of information is this, in view of the Chair's provisional ruling for Councilor Scannell, is not that just as valid as Councilor Sullivan's provisional permission to me at that time? In other words, he reserved a right to object if I touched on the resolution. Has not the Chair as a member of the board a right to object if Councilor Scannell touches on a matter that the previous question settled? It is for the purpose of clarification. Councilor Scannell need not accept it. It is an explanation.

Coun. MUCHNICK—Mr. President

Chairman FISH—For what purpose does the gentleman rise?

Coun. MUCHNICK—For further clarification. Unless we are wasting time, if the councilor discontinues his present statement under unanimous consent, isn't it open to him or to anybody else to continue speaking once this motion is voted on for or against under a motion for reconsideration?

Chairman FISH—The previous question having been passed, there is no debate.

Coun. MUCHNICK—That is correct. Once the vote is taken, it either carries or is defeated, and we are then open for a motion for reconsideration.

Chairman FISH—That is exactly right.

Coun. MUCHNICK—At that time the councilor can make whatever remarks he cares to make so that he would not be shut out of debate, anyway.

Chairman FISH—That is right.

Coun. SCANNELL—Mr. President.

Chairman FISH—You understand you have not a right to go into it?

Coun. SCANNELL—I understand. I think I understand the rules a bit, too. I still think, Mr. Chairman, I am going to take it up with the Committee on Rules in regard to this unanimous consent to make a statement. I believe everybody who served in here with me in the past knows when I do ask unanimous consent to make a statement I do it for one purpose only, to clarify things. I do not go in to pull a fast one, as you might call it. I would ask the Committee on Rules to change that clarification. There is a question in my mind about some of the rules in this Body—there is a question about them.

Chairman FISH—The councilor may speak.

Coun. SCANNELL—I want to make this clear. The gentleman moved the previous question. He is a fine type of man. He has a lot of honor. But I hope he does not listen to some of the smart people who pull the smart things around here. That is all I have to say.

Chairman FISH—The clerk will call the roll.

The roll was called on the passage of the order, and the order was passed, yeas 11, nays 5:

Yeas—Coun. Bryan, Cook, Fish, Hannon, Hurley, Kelly, Kinsella, Lane, McCormack, Moriarty, Muchnick—11.

Nays—Coun. Bayley, Chase, Kinsella, Linehan, Russo—5.

Coun. SCANNELL—I move reconsideration. Mr. President, in asking for reconsideration on this order for \$80,000, I wish to state for your information that I am satisfied that the City of Boston is getting something that is well worth the money. I also want to be recorded as saying that I was going to vote for this order, but, for the benefit of some of these new members in here, I do not like to see anything shoved down anybody's throat just as it was here today. I am further stating that when I ask a man something pertaining to an order, and I mean the Mayor of the City of Boston, then I want an answer. I want a right answer. I was looking for some information. If anybody in this Body here has information, I think my colleague from Ward 7 (Coun. Linehan) is entitled to that information. I am satisfied that this will be a good deal for the City of Boston, but at least the members of this Body should show the courtesy to the councilor from Ward 7 (Coun. Linehan), who through no fault of his own was in the City Hospital. I think as a matter of courtesy to him the members of the Body should have put it over for one week.

Chairman FISH—The question is on reconsideration. It is not a vote.

Coun. BAYLEY—I doubt the vote.

Chairman FISH—Councilor Bayley, supported by other councilors, doubts the vote and asks for a roll call. The clerk will call the roll.

The roll was called, and the motion for reconsideration was defeated, yeas 7, nays 11:

Yeas—Coun. Bayley, Chase, Keenen, Linehan, Madden, Scannell, Russo—7.

Nays—Coun. Bryan, Cook, Fish, Hannon, Hurley, Kelly, Kinsella, Lane, McCormack, Moriarty, Muchnick—11.

COVERING OF THIRD RAIL ON RAPID TRANSIT LINES.

Coun. KINSELLA—Mr. President, I ask unanimous consent to have this report of the Trustees of the Elevated inserted in our minutes.

Boston Elevated Railway Company,
April 4, 1946.

To the Committee on Public Safety,

Boston City Council.

Re: Covering of Third Rail on Rapid Transit Lines.
Gentlemen.—The Boston Elevated Railway Company, having complied with your request of January 31, 1946, made during the meeting of your Committee in the Executive Chamber, City

Hall, Boston, that the Company make a study of the question of covering the third rail on the Rapid Transit Lines, herewith reports that a study has been made by the Railway's engineering staff, by our technicians, and by our experienced keymen, who are fully qualified to make such a study.

In the first place, it is believed that there can be no question but that the lines being considered exist in a private right of way within the limits of which the general public, as such, is legally excluded.

It should be borne in mind that the portion of the Cambridge-Dorchester Tunnel, known as the Dorchester Rapid Transit Extension, was built by the City of Boston and that the rails and equipment therein are the property of the City of Boston. Any changes such as have been suggested would require the joint action of the Department of Public Utilities, the Transit Department of the City of Boston, and the Railway.

It should also be kept in mind that any proposed changes would have to cover the entire Cambridge-Dorchester line and not just the open section known as the Dorchester Rapid Transit Extension. The reason for this is relatively simple. To provide a covering for the third rail, this rail would have to be removed farther away from the nearest track rail than it is at present, and a new type of third rail shoe would have to be installed on the cars to contact the third rail in its new location. It would be impossible to operate cars on the Dorchester Rapid Transit Extension with a part of the line equipped with a covered third rail and leave the remainder of the line with the present third rail, for the reason that the third rail shoe on the cars would not contact both the covered third rail in its new location and the present third rail.

To cover the third rail as was suggested at the hearing would require an estimated expenditure of nine hundred and sixty-one thousand (\$91,000) dollars.

A breakdown of this estimated expenditure is as follows:

- (a) For changes in roadbed and third rail—\$751,000.
- (b) For changes in power equipment—\$160,000.
- (c) For changes in rolling stock—\$50,000.

In these figures is included the sum of \$50,000 for relocating the fence on the West Boston Bridge.

It should be noted that:

1. The suggested change involves 20.6 miles of single track.
2. The reconstruction could not be made without stopping the operation of train service, and it is impossible to measure the extent of the inconvenience that would result to the public who use the service.
3. The best estimate of the time that would be required to do the work is eleven (11) days.
4. The change would make it unsafe for anyone to use the present foot-walk of the West Boston Bridge.
5. The work would necessitate the moving of fences and poles out into the roadway. This might require legislative action.
6. When the work was completed it would have reduced the margin of safety for employees and inspectors who have to go on the line, because of the projection of the shoes on the opposite side of the foot-walk.
7. It would not be possible to provide a protected third rail on the Dorchester Rapid Transit Extension without changing the contact shoes on all cars, and changing certain apparatus under the cars; fixed structures, such as conduits, air pipes, etc., would have to be moved to clear the path of the contact shoes on either side of the train.

It is our understanding that a wholly satisfactory covering for a third rail has not yet been found—one, surely, that is not fool-proof—and no such device can be depended upon absolutely to prevent accidents.

It is worthy of note that a recent, careful checkup of our records for a period of twenty years shows but five fatalities to trespassers due to the third rail. Of these, three were children, ages, respectively, two of them seven years and one ten years; the other two were adults.

As you know, in the Dorchester Extension private right of way, there are no intersections, no crossings or foot-paths which may be used to cross tracks, the whole right of way being fenced in by a seven-foot three-inch chain link fence. This fence is so close to the ground that it is not possible for a child, or anyone else, to get under it. Police Officer Palombo testified at the hearing (page 29 of the transcript), in answer to a suggestion that most of the boys burrow under, that "It is almost impossible to get under. It (fence) has a concrete base all the way over and I tried to pick up the fence and it is impossible to even move it two or three inches." Although a daring or venturesome child or adult might summon up sufficient courage to climb over it, to increase the height of this fence for any reasonable distance would probably not prevent some person from climbing over it.

Now, with reference to illumination of the right of way, The Company has been experimenting for many years with 1,000-foot silhouette lighting at Fields Corner Station on the Clayton Street curve. Our studies showed that a headlight of

sufficient capacity to illuminate the roadbed would be objectionable for the following reasons—blinding the motormen of trains on the opposite track and throwing the powerful lights on the private property adjoining the right of way. But the principal objection was that it would not illuminate the roadbed on curves, as the light would be fixed in a permanent position, suitable only for tangent tracks. Engineers found that the most practical solution of this entire matter might be to extend this silhouette illumination, which would require ninety-five additional units at a cost of about thirty thousand (30,000) dollars. The railway is prepared to cooperate with the Transit Department of the City of Boston in effecting the installation of these additional lighting units.

May I be permitted to express my appreciation for the courteous consideration extended to me and the other representatives of the Railway at the hearing before your committee.

Very truly yours,

CHARLES A. MCCARRON,
Vice-President and General Attorney.

The communication was placed on file.

SALE OF LAND AND BUILDINGS TO JOHN R. QUARLES.

President KELLY called up assignment, No. 1 on the calendar, viz:

1. Order for sale of land and buildings (old fire station, Ladder 17) to John R. Quarles.

On March 25, 1946, the said order was read once and passed, yeas fifteen, nays three.

The question came on the second reading and passage of the order.

Chairman FISH—The question is on the passage of the order.

Coun. RUSSO—I would like to find out through you, Mr. President, if the Committee on Public Lands has any information as to who is really buying this property. As I see it here, it is being sold to Mr. Quarles.

Chairman FISH—The Chair will ask the clerk. (The clerk read the order.)

Coun. MUCHNICK—I can throw some light on this if the Chair wants me to.

Coun. RUSSO—If he has a match he can throw some light on it.

Coun. MUCHNICK—It is my understanding Mr. Quarles is counsel for the hospital company that wishes to purchase this little station to enlarge their present hospital facilities. It is sometimes very convenient to have title taken in the name of a straw, and this is probably one of those situations. It is convenient, as a rule, because when you are dealing with boards and trustees or boards of directors of hospitals or other large institutions, very often you are unable to get signatures when required. They will usually turn the matter over to their counsel and he handles it in his own name.

Coun. RUSSO—I do not know much about straws or no straws. All I know is the information I received was that it was the Bingham Associates, and they have been incorporated for that purpose. Why shouldn't the City of Boston make sure they are selling it to the right individual instead of a straw? Why should we enter into any contract with any counsel or any straw?

Coun. MORIARTY—When the order was originally submitted, I believe December 13, 1945, Attorney Quarles, as the councilor from Ward 14 (Coun. Muchnick) stated, was the straw for the Bingham Associates. Since that time the Bingham Associates have received their charter duly authorized by the Commonwealth of Massachusetts. I am quite convinced that this sale of this parcel of land is thoroughly for a worthy purpose. There is not any innuendo or any double dealing going on whatsoever.

Chairman FISH—The question is on the second reading and passage of the order. The clerk will call the roll.

The roll was called, and the order was given its second reading and passage, yeas 16, nays 1.

Yeas—Coun. Bayley, Bryan, Chase, Cook, Fish, Hannon, Hurley, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick, Scannell—16.

Nays—Coun. Keenan—1.

REQUESTED DONATION OF BOAT BY GOVERNMENT.

Coun. KEENAN offered the following:

Ordered, That his Honor the Mayor be requested to contact the proper authority in Federal Government and request that a boat, suitable for use as a medium of transportation to and from Long Island, be donated without cost to the City of Boston.

Coun. KEENAN—The last two hours we have sat here debating the spending of \$80,000 of the taxpayers' money of the City of Boston. Everybody in the city has been reading in the papers for the last few months about the amount of money the United States Government anticipates giving England and foreign countries for nothing. I have before me a Congressional record where the Congressman in Washington stated that the United States anticipates giving four billion dollars to England. Part of that money is going to some Hindu with three hundred wives. If the people of Boston and the United States can give four

billion dollars to England to spread around to the Hindus with three hundred wives—God knows the married ones can bear me out, it is pretty hard to support one, without three hundred—I say it is about time we people of Boston woke up and asked the Federal Government to grant some money here to the people of Boston. I know his Honor the Mayor is the Congressman in the district he represents. He has strong enough influence, as I understand it, in Washington. I know that if he speaks to the President and to those in Washington he could certainly use his influence and his Bostonian accent there and persuade the Government to give us the boat we are entitled to instead of using the boats for targets and sinking them.

The order was passed under suspension of the rule.

STATISTICS ON CITY EMPLOYEES.

Coun. LINEHAN offered the following:

Ordered, That the Auditor and Budget Commissioner appear before the next meeting of the City Council and advise it of the number of both temporary and permanent employees of the City of Boston eliminated and dropped by pensions, resignations, etc., and the number of permanent and temporary employees added to the pay rolls of the City of Boston. These statistics shall consist of those compiled for the period of January 1, 1946, up to the date of reporting to the City Council.

Coun. LINEHAN—I will try to be brief in regard to this order. During the past six weeks, I have had quite a bit of time to read the minutes of the City Council which are incorporated into the *City Record* of the City of Boston. The *Record* of the City of Boston has many very interesting items. Perhaps some of the city councilors never noticed them. Frankly, I never paid too much attention to the subject myself. If we paid more attention to the *Record* of the City of Boston we would find very interesting things happening in the city. Just some few weeks ago, I am not sure whether it was during the present administration, I read something about over 1,000 employees having been dropped by his Honor the Mayor of the City of Boston for one reason or another, either for pensions or leaving for a new job or for any of various reasons. Of course, his Honor the Mayor said, or at least I believe he was trying to create the impression, that he is saving a lot of money for the taxpayers of the City of Boston. Now I want to know, as one of the members of the board of directors of this city, just what the true facts are. I would like to know how many men not only have been dropped for one reason or another, but how many employees have been put to work for the city. The figures we get, if we get them, might be startling. They might be very revealing to the taxpayers of the City of Boston. In fact, they might show that we are putting more on than we have dropped. The fact is our budget has gone up. I suppose the budget now as it is passed by the City Council is giving his Honor the Mayor an opportunity to put people to work in different departments. After all, you remember it was more than \$5,000,000 over last year. That can allow a lot of jockeying around by his Honor the Mayor. If he has done a good job, let us give him credit. But I would like to find out when he makes a statement, assuming he is economizing and dropping these people, I want to know how many he has put to work. Have we got more employees now in April, 1946, than we had in January, 1946? If it shows we have less, even if it shows 500 less, it would be very interesting. These statistics of the Auditor and the Budget Commissioner, who is so able, should provide us with figures of how many and how much in dollars and cents has been spent. Only today I heard a very interesting fact mentioned. There was a job filled by his Honor the Mayor which somebody had filled under the last administration. The gentleman was called into the Mayor's Office. To be honest with you, this is hearsay. I have not been in the Mayor's Office since he got elected. He said, "Give so-and-so that job. How much does it pay?" Well, it was something like \$2,400 or \$2,800. He said, "Give him \$1,000 increase." Those are the things we want to know. After all, if things like that are going on, we certainly have no right to be going to the Legislature to ask for \$10,000,000 to help decrease the present tax rate. I certainly hope those figures are furnished us. One man whom I know is capable is Charlie Fox, the City Auditor. The other gentleman has been called back from retirement because he is so able. I do not doubt they can give us those figures next week. I sincerely hope that both of those gentlemen appear before us next week with the statistics in dollars and cents, and the number of employees dropped and the departments, and so forth.

Chairman FISH—The Chair would suggest, if the councilor has no objection, we insert the words "Executive Committee Meeting of the Council," instead of "City Council."

The amendment was adopted and the order as so amended was passed under suspension of the rule.

RETIREMENT OF FREDERICK J. CRONIN.

Coun. BRYAN offered the following:

Whereas, Frederick J. Cronin, employed in the service of the County of Suffolk as prison officer in

the House of Correction, Penal Institutions Department, has made application to be retired under the provisions of chapter 678 of the Acts of 1945; and

Whereas, The said Frederick J. Cronin has submitted to the City Council satisfactory evidence that he is a veteran as defined in section 56 of chapter 32 of the General Laws; that he has been certified for retirement for disability by the duly authorized Medical Board; that he has been in the service of the county at least ten years; that he is incapacitated for active service; and that his total income from all sources, exclusive of his retirement allowance and of any sum received from the government of the United States as a pension for war service, does not exceed five hundred dollars.

Ordered, That under the provisions of section 57 of chapter 32 of the General Laws, as amended by chapter 514 of the Acts of 1943, Frederick J. Cronin, employed in the service of the County of Suffolk as prison officer in the House of Correction, Penal Institutions Department, be, and hereby is, retired, by the Mayor and City Council, acting as county commissioners, at an annual pension of twelve hundred and fifty dollars, being one half of his highest regular rate of compensation.

Referred to Committee on County Accounts.

COUNTY ACCOUNTS

Report on communication and order from Charles J. Brown, Justice of East Boston Court (referred today), retiring, subject to approval of County Commissioners, Dennis J. Kelleher, probation officer, East Boston Court—recommending that said retirement be approved and order passed.

Report on application for retirement and order of Frederick J. Cronin, prison officer in House of Correction, Penal Institutions Department, (referred today)—recommending that said order be passed.

Reports accepted; said order passed.

COLUMBUS PARK IMPROVEMENTS.

Coun. LINEHAN offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to renovate the locker room at Columbus park and also lay out soft ball and hard ball diamonds on the same park.

Coun. LINEHAN—I am sorry to take up the time of the Council. I have been missing for a long time and I have to get some words in.

Chairman FISH—We are glad to hear you.

Coun. LINEHAN—I am glad to hear the gentleman from Ward 16 (Coun. Fish) is glad to hear from me. As some of the councilors remember way back, just before the war, before I went in service—things happen and it keeps reminding me about the service; I hope I do not do it often—before I went there, I used to be a great advocate of recreation in the City of Boston. I was kind of glad in the last analysis that I was not a member of the Council seeking re-election. I was kind of happy to see some money I thought being spent wisely for recreation. I sincerely hope what few dollars of the million dollars spent was spent wisely. I know this much. Whatever was spent brought some good to the kids of the city. At the present time, to be honest with you, I do not know what recreation is going on in the City of Boston. I do not think there is very much other than that being carried on by private organizations, such as the Boys' Clubs of Boston which are doing a wonderful job, the Denison House, the South End Boys' Club, and those different community foundations. I understand that there are even appropriations of money to these outfits to help maintain them out of the Community Fund. It seems to me it is a fundamental duty of the city to give some kind of good recreation to the boys and girls of this city. Since his Honor abolished the recreational program, I have not been able to find out yet what is going on. I do know this, we have a park league in which fellows, like myself, suckers like myself, spend about \$200 a year to give the citizens of Boston entertainment. It costs me \$200 to run the Linehan Club. The City of Boston is not providing that. The City of Boston merely provides the playground, and we pay the boys that play ball. We even pay for the umpires. Would you believe that? Commissioner Long could not see his way clear to appropriate city money for umpires. The referee of football games can get paid. We have been trying to provide a little recreation in addition to what the private organizations have been doing, which I spoke of. There are some suckers like myself who are doing it. It seems to me his Honor the Mayor is quite an executive and a brilliant man. He has done a lot for the poor in his day. I hope he continues to. It is not only the poor that require recreation; all types of people require recreation, rich and poor alike. They can get together and play on the Common. I have played with fellows who were worth all kinds of money, when I did not have money but just liked to have some fun. It is good healthy recreation. To be honest, I do not think the city is doing anything. This little order is filed as a result of the dilapidated condition of the building on the park in my district. Undoubtedly there are many parks in this district in the same condition, with broken-down buildings.

It seems to me if the city had good buildings staffed with a watchman, our property would be kept in pretty good condition, so that when the recreation periods come around, we have the buildings such as they are down there. We have them to play baseball and football and all the kids can go and have a shower after they have played. It gives them a chance to enjoy themselves. Mr. President, I do not know if we have enough members here for me to keep talking. I hate to have to speak on an important subject like recreation. It has been burning up inside me since the Recreational Board was abolished. In addition to the private organizations, of which there are too few providing recreation for boys and girls, there is the religious group in here. I would like to see it all in one big organization. The city has gone so badly that even the Catholic Church is going to start the Catholic Youth Organization, the city has been so lax. They are trying to combat the juvenile delinquency problem. This is only a small order. All of the things I talk about being done are important. It seems to me we are not investing enough money. I do not think it costs too much. I do not know what they put in the Park Department budget. I do not think it costs too much money to put in a good recreational program for the kids, for the boys and girls up to 18 and 20 years of age. I sincerely hope this order is going to get due consideration by his Honor the Mayor. I do know the Park Commissioner will do all in his power to take care of the situation. I know he likes to have his parks fixed if he can get the money. The Mayor added \$5,000,000 to the budget. He deducted \$1,000,000 and took credit for deducting \$6,000,000. Several weeks later he adds \$1,500,000 in a bond issue. Let us see him get a little more magnanimous in regard to children. He gave us \$12,000 which I fought for about a month ago for child care centers. That is just peanuts, although the peanuts added into the tax rate. The same city is going to get much in return from what it spends on the things that are going to benefit the children. I am sorry to say as a member of the so-called board of directors we are lax, we are not doing much of a job. It was not our fault. His Honor the Mayor dropped the recreational program. I sincerely hope he gives it favorable consideration so that in the near future he wakes up and starts giving the city some kind of recreational program for the children, even though it does cost a little money. It does not have to be expensive.

The order was passed under suspension of the rule.

TYPE OF PAVING ON CITY BRIDGES.

Coun. LINEHAN offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install a black bituminous type pavement on all bridges under the supervision of the City of Boston.

Coun. LINEHAN—Just a few words. For many years I have been looking at bridges in South Boston. The roadways are constructed of wood, you might say, over the railroad tracks. Every two months they are getting reconstructed. After one month the boards are rattling and get in a dangerous condition. I notice that recently some of the bridges have been given a hard surface type pavement. I am glad to see it. It seems to me something should be done on what few bridges the City of Boston now has under its jurisdiction. This is another talk about bridges, I might say by now the State has appropriated or taken over a great many bridges, which eliminates a lot of maintenance money which the State now pays. Still our budget is \$5,000,000 more than last year. I sincerely hope this is passed.

The order was passed under suspension of the rule.

INSTALLATION OF SIGNAL LIGHTS, WARD 3.

Coun. RUSSO offered the following:
Ordered, That the Traffic Commissioner be requested through his Honor the Mayor, to immediately install traffic signal lights at the intersections of Fleet street, Commercial street and Eastern Avenue Wharf in Ward 3.

Coun. RUSSO—I presented an order on October 15 and on January 14. I have not heard anything about it up to this date. This intersection here is where the Long Island boat comes in. The City Council saw fit to appropriate \$80,000 for a new boat. Ever since the demolition of the Elevated structure on Atlantic avenue, Commercial street has been widened as a thoroughfare, and it is a very dangerous intersection. It is a wide street now. I have many complaints. I think that the solution would be a traffic light. I do not believe we ought to wait until an accident or death should occur in order to have these lights installed. There are other sections in my district which need traffic lights. I hope the Traffic Commission will take these into consideration and erect them immediately for the benefit of the people.

The order was passed under suspension of the rule.

Chairman FISH—May I make a statement? I understand there is nothing in Executive. There will be no Executive meeting today.

NORTH END PLAYGROUND IMPROVEMENTS.

Coun. RUSSO offered the following:
Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to build bocci alleys at the North End Park and at the Nashua and Leveitt Street Playground.

Coun. RUSSO—On this order here about the bocci alleys, I put an order in the Council four and a half years ago which passed unanimously, but the Park Commissioner has made promises year in and year out to build these alleys. It has not taken place up to the present time. These bocci alleys have some reference to being an Italian game. Of course, I know perhaps it might have originated from the Italians, but I have been very glad to find that many other individuals other than Italians enjoy this game of bocci which is approximately the same as bowling, only it is outside bowling. I know I was at an affair in South Boston where they have these beautiful bocci alleys owned privately. At that time his Honor Mayor Tobin enjoyed himself in one of these games. I have seen others enjoy them. The expenses are trifling. The building of these alleys, I believe, is a worthy cause. It is recreation for the health of individuals. I have been requested time and time again to have these alleys built, one in the North End Park and the other in the Nashua and Leveitt Street Playground which is just vacant land. They have been trying to make that a playground for many years. They have not done anything about it. Mr. President, I hope that the Park Commissioner will see that he builds the bocci alleys immediately, so that the people may enjoy this game. As I said, they call it an Italian game. They also remind me that the Italians eat spaghetti. I see many more than Italians eating spaghetti. Therefore, I hope the Park Commissioner sees fit to build the alleys immediately so they can be used this summer.

The order was passed under suspension of the rule.

Adjourned, at 5:03 p. m., on motion of Coun. HANNON, to meet on Monday, April 15, 1946, at 2 p. m.

TRANSPORTATION STATISTICS.

A recent analysis of surface transportation by John A. Beeler, transit engineer and consultant, reveals noteworthy performance by trolley coaches in comparison to other public transportation vehicles. Comparison of results of operation of trolley coaches with those of street cars on four different lines in as many different cities, shows, according to Beeler, that trolley coaches are eight times as good.

The analysis shows that in 1942, 25,449 street cars carried 5,171,000,000 revenue passengers; 3,363 trolley coaches carried 765,000,000; and 42,458 motor coaches carried 5,427,000,000 revenue passengers; the average fare being 6.66 cents, 6.89 cents and 6.72 cents, respectively; and the revenues being \$344,600,000, \$52,700,000 and \$365,000,000, respectively. Average revenue passengers per street car was 203,191; per trolley coach 227,475; and per motor coach 127,820.

SEA-GOING DRY DOCKS.

Bigger than a battleship! That's the rough proportion of some of the new Navy floating dry docks which can be towed or self-propelled at speeds sufficient to follow our fleet into action. Indeed, the dry docks are large enough to handle even a mighty battleship when it needs repairs or overhauling.

Never before have floating dry docks been built so large, taken so far. Never before have docks of this character been so mobile. The Navy has spent upward of \$300,000,000 on their floating dry dock program and it has been a shrewd investment. Now, instead of damaged warships traveling the thousands of miles from the theaters of action to an American coastal dry dock for repairs, it can be placed in a floating dry dock on the spot in a matter of hours, thus saving precious time.

CITY OF BOSTON.

PARK DEPARTMENT.

INVITATION FOR PROPOSALS FOR REPAIRS TO FIELD HOUSE, BLEACHERS AND SHELTER AT JOHN J. CONNOLLY PLAYGROUND, ROXBURY, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, Mass., hereinafter referred to as the Awarding Authority, invite sealed proposals for repairs to field house, bleachers and shelter at John J. Connolly Playground, Roxbury, Mass.

Proposals will be received until 2 p. m., Thursday, April 25, 1946, at the office of the Awarding Authority, 33 Beacon street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 2 p. m., Monday, April 22, 1946.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFFENREFFER,
FRANK R. KELLY,

(Apr. 13-20.) Commissioners.

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

AIRCRAFT MATERIAL PRODUCTION 41 PER CENT OF TOTAL AUTOMOTIVE WAR JOB.

Behind current attempts to knock Germany out of the war by means of airpower, stands the teamwork of the automotive industry, which has done much to get bombers in the air over Hitler's domain.

The motor industry, starting as a scrub team in the aircraft field a year before Pearl Harbor has since attained major league stature.

In the two years since December 7, 1941, the industry's output of bombers and fighters has constantly soared. Measured in dollar volume, it rose from \$400,000,000 annual rate of production on the day of the Jap's assault to \$4,300,000,000 on the second anniversary of that "day of infamy."

The same upward spiral took place in deliveries of all forms of war materials by automotive plants. When Pearl Harbor news struck, they had reached an annual production rate of \$1,777,000,000 for all forms of military requirements: aircraft, military vehicles, tanks, guns, ammunition, marine engines and other equipment. Today the annual production rate tops the \$10,000,000,000 mark.

CITY OF BOSTON.

BOARD OF REAL ESTATE COMMISSIONERS.

PUBLIC AUCTION.

LOT 57, BELNEL ROAD, HYDE PARK.

The City of Boston will sell at public auction all its right, title and interest in and to about five thousand (5,000) square feet of land on the northwesterly side of Belnel road, Hyde Park, being lot fifty-seven (57), Ernest W. Branch plan, dated March 28, 1924, recorded with Suffolk Deeds, Book 4565, page 101, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5442, page 187.

LAND, HYDE PARK AVENUE, HYDE PARK.

The City of Boston will sell at public auction all its right, title and interest in and to about fifty-four thousand (54,000) square feet of land, more or less, on the northeasterly side of Hyde Park avenue, Hyde Park, bounded and described as follows:

Northwesterly by Hyde Park avenue, one hundred eighty-one and seventy-three one hundredths feet (181.73 feet).

Southwesterly by the center of an 8-inch wall and said center wall extended seventy and 10-100 feet (70.10 feet).

Northwesterly by land now or formerly of John Simson, fifty-five feet (55 feet).

Southwesterly by land now or formerly of John Simson, twenty-two and 90-100 feet (22.90 feet).

Northwesterly by land now or formerly of John Simson, thirty-eight and 24-100 feet (38.24 feet).

Southwesterly by land now or formerly of John Simson and land of the City of Boston, one hundred and nineteen and 67-100 feet (119.67 feet).

Southeasterly by a line parallel with and two hundred and sixty-six and 25-100 feet (266.25 feet) distant northwesterly from the base line of New York, New Haven & Hartford Railroad Company (New England Division), about two hundred and fifty-two feet (252 feet) to the high water line of the Neponset river.

Northeasterly by the high water line of the Neponset river, one hundred and sixty-four feet (164 feet), more or less, to the land now or formerly of the Commonwealth of Massachusetts.

Northeasterly by land now or formerly of the Commonwealth of Massachusetts, eighty-two feet (82 feet), more or less, to the point of beginning.

Said parcel is a lot shown on a plan by Thomas F. McGovern, Chief Engineer, Street Laying-Out Department, Boston, dated April 1, 1946, on file in the office of said department, City Hall, Boston, Mass. Said land is a portion of the premises described in a tax deed recorded with Suffolk Registry of Deeds, Book 5881, page 37.

Time of Sale: Thursday, May 2, 1946, at 3 p. m., on the premises. Minimum price is twenty-seven hundred dollars (\$2,700). A deposit of three hundred dollars (\$300), in cash or certified check, required at the time and place of sale, balance to be paid in thirty (30) days.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR CLEANING DEPOSIT SEWERS AT
CALF PASTURE PUMPING STATION, MT.
VERNON STREET, DORCHESTER, MASS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for cleaning deposit sewers at Calf Pasture pumping station, Mt. Vernon street, Dorchester, Mass. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Cleaning Deposit Sewers at Calf Pasture Pumping Station, Mt. Vernon Street, Dorchester, Mass.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, April 29, 1946, with a certified check for four hundred (400) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

The City of Boston will sell at public auction all its right, title and interest in and to about five thousand five hundred (5,500) square feet of land on the southerly side of Donnybrook road, Brighton, being lot thirty-three (33), Charles T. Elliot plan, dated October 15, 1914, registered in the Suffolk Registry District of Land Court, Certificate No. 30224, and more fully described in a tax deed recorded with Suffolk Deeds, Registered Land Division, as Document No. 114018, with Certificate No. 30224.

Time of Sale: Tuesday, April 30, 1946, at 12.10 p. m., on the premises. Minimum price is two hundred and fifty dollars (\$250). A deposit of one hundred dollars (\$100), in cash or certified check, required at the time and place of sale, balance to be paid in thirty (30) days.

The Chairman reserves the right to reject any or all bids. Further particulars from Chairman, Board of Real Estate Commissioners, 47 City Hall, Boston.

(Apr. 20-27.) IRVING LEWIS,
Chairman.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR REPLACING DEFECTIVE CONCRETE BLOCKS IN WALKS IN THE PARK SYSTEM.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for replacing defective concrete blocks in walks in the Park System. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Replacing Defective Concrete Blocks in Walks in the Park System," and left before 2 o'clock on Thursday, April 25, 1946, at the office of the Park Department with a certified check for \$500, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 38

SATURDAY, APRIL 27, 1946.

No. 17

MORTGAGES AND BUSINESS CERTIFICATES AS WELL AS OTHER PAPERS FOR RECORDING HAVE SHOWN BIG INCREASE OVER 1944, ACCORDING TO REPORT PREPARED BY CITY CLERK JOHN B. HYNES AND PRESENTED TO MAYOR CURLEY—11,970 VETERANS' DISCHARGE PAPERS PRESENTED FOR RECORDING IN LATTER MONTHS OF 1945—REPORT ALSO PAYS HIGH TRIBUTE TO FORMER CITY CLERK WILFRED J. DOYLE—RECORDING OF VETERANS' DISCHARGES ESTIMATED TO COST \$15,000 FOR 1946.

Mayor Curley has received the following report from City Clerk John B. Hynes:

BOSTON, March 15, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

SIR,—In compliance with the provisions of the Revised Ordinances, I submit the report of the City Clerk Department for the year ending December 31, 1945.

It will be noted that the number of mortgages, business certificates, and other papers presented for record increased substantially over those filed in 1944. This increase can be attributed to the termination of the war.

During the latter months of 1945, 11,970 veterans' discharge papers were presented for recording. These papers are copied verbatim, and are bound into permanent records of the city. The cost, per discharge, for recording, copying, indexing, etc., is approximately thirty-five cents. The twenty-five cent fee for recording discharges was discontinued October 1, 1945, because of legislative action.

In order to facilitate the return of discharge papers to veterans and to obviate the necessity for engaging additional employees, it was deemed desirable to accomplish this work through the overtime employment of employees of the City Clerk Department, and other permanent employees of the city. During 1945 the cost of this work was \$4,264. It is estimated that the cost, in 1946, for the copying, etc., of veterans' discharges will be \$15,000.

After fifty-three years in the employ of the city, thirty-seven of which were spent in the City Clerk Department, Wilfred J. Doyle retired as City Clerk, although still retaining, in an unpaid capacity, the chairmanship of the Boston Retirement Board.

The contributions made by former City Clerk Doyle to the city government of Boston, and to this department in particular, are too well known to require mention. His deserved reputation as an authority on municipal matters and the great value of his services to the city government cannot be exaggerated.

Respectfully submitted,

JOHN B. HYNES, *City Clerk.*

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

MAYOR CURLEY APPEALS TO PRESIDENT TRUMAN TO ORDER LIFTING OF RESTRICTIONS ON HEAVY BUILDING MATERIAL—CLAIMS CONTINUATION OF PRESENT POLICY WILL INEVITABLY WORK HARDSHIP ON ALL SUBDIVISIONS OF UNITED STATES AND PROVE DESTRUCTIVE TO MEN RETURNING FROM THE ARMED SERVICES—PRESENT PROCESS RESULTS IN EXPENSIVE AND UNWARRANTED DELAYS—ASKS FOR DISCONTINUANCE OF PRESENT REGULATIONS.

The following letter was forwarded on April 23 to Hon. Harry S. Truman, President of the United States, by Mayor James M. Curley:

HON. HARRY S. TRUMAN,
President of the United States.

YOUR EXCELLENCY,—The restrictions on the use of heavy building material, unless changed, will inevitably work not only a hardship to the subdivisions of the United States but will prove destructive to the men who have been in the armed services.

Under present regulations, the use of heavy building material must receive the approval of Washington authorities before permit for the use of the same is allowed, and awaiting the approval of Washington authorities too frequently results in expensive and unwarranted delays. The use of heavy building material in no wise effects the construction of homes for veterans, but, unless the veteran can find a plant in which to work, it would be impossible for him after he has purchased a home to earn the money necessary to meet the payments on the same.

In the case of subdivisions of the nation, new taxation is derived almost wholly from real estate values that are created through the erection of properties, and I assume that what is true in the

case of Boston is equally true in the case of every city in the United States.

At the present time in Boston applications for the construction of major projects have been made, or are contemplated being made, representing in excess of \$100,000,000. Multiply this by the subdivisions of the nation, and it would represent somewhere in the vicinity of \$20,000,000,000. The enforcement of the regulation imposes a direct and severe hardship upon the mechanics and laborers whose services are necessary upon construction projects and it likewise means unemployment for men employed in the making and fabricating of steel and in all the materials that enter into general construction.

There is no means of determining the number of men that now or shortly will be out of employment due to the program adopted with reference to the use of heavy building material. In view of the fact that it accomplishes no useful purpose and does irreparable injury to every element of the population, I sincerely trust, for the good of America and its people, that you will recognize the wisdom of ordering a discontinuance of the present regulations with reference to the use of heavy building material.

With every good wish, I am

Sincerely yours,

JAMES M. CURLEY,
Mayor of Boston.

NEW BOAT FOR LONG ISLAND—BOSTON SERVICE TO BE NAMED THE "JAMES MICHAEL CURLEY."

On April 22 the Mayor received the following letter from Institutions Commissioner G. Frank McDonald:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The final inspection has been made of the Army boat, "LT 462." I can now state that it is the finest boat of its size, tonnage, and type that will be in Boston Harbor. This is the unanimous opinion of all the experts whom I have retained in the examination of this boat. It is also the enthusiastic opinion of Mr. Cuniff of the Boston Finance Commission, whom I invited to come with us to New York. Mr. Cuniff unreservedly stated that the city has obtained a marvelous bargain. He had been told so many conflicting stories like cutting and shortening the keel, the tearing out of engines, and other ridiculous proposed plans that he indicated he would like to see the boat, notwithstanding that his knowledge of boats was very limited. He

was impressed that nothing in the engine room would be disturbed, that the alterations to make it a passenger boat were practical even to a layman. I pointed out the water line which was marked 9½ feet forward, and that when it was lightened would not go over 10½ feet aft. In comparison, the "O'Meara" draws 10½ feet.

Payment has now been made to the U. S. Government and the ship belongs to the City of Boston. In view of its costing \$1,500 to tow it to Boston we completed arrangements to take it to Boston under its own power. On this connection we have been fortunate in having the services of Captain Poor, who was the skipper on the boat from its launching; also the services of its chief engineer, with the balance of the crew to be made up of selected men from our own boats, together with the experts who are interested, and myself.

The government will replace every item that was removed when she was decommissioned and will not disturb 18,000 gallons of fuel oil that are now in her tanks, which, incidentally, has a value of \$1,200.

As the ship is known by a number and should now be known by a name I am, as

head of my department, designating it to be called the "James Michael Curley." It will be officially known by this name when she is recommissioned, at which time suitable exercises will be held.

G. FRANK McDONALD,
Commissioner.

MAYOR CURLEY PLEADS FOR RETENTION OF VETERANS HOSPITAL AT ATLANTIC CITY.

On April 25 Mayor Curley sent the following telegram to President Truman:

PRESIDENT HARRY S. TRUMAN, The White House, Washington, D. C.

The retention for the treatment of sick and wounded G. I.'s of the Thomas England General Hospital, Atlantic City, New Jersey, has the approval of every friend of the servicemen. The continuance of this hospital at what is generally regarded as a great recuperative and health center, Atlantic City, is vital to the welfare of the boys, and no greater injustice could be done to the men who have suffered the loss of a limb or limbs in the war than to close it. It is the sincere wish of every person with whom I have discussed the subject that reconsideration be had on the proposal and that the hospital remain open at least during the summer months.

JAMES M. CURLEY, M. C.

MAYOR WILL REPLACE STRIKERS IN WEST END CITY YARDS WITH VETERANS UNLESS THEY RETURN TO WORK.

On April 20 Mayor Curley issued the following:

My attention has been directed by Commissioner Robert P. Curley of the Public Works Department, City of Boston, that men employed in the Sanitary Division of the Public Works Department of the West End Yard failed to report for work on Friday, April 19, and men employed in the South End Yard failed to report for work on Saturday, April 20.

I desire to direct to the attention of the men who participated in this walkout, the reasons for which have not as yet been given to the Commissioner of Public Works, that there are many hundreds of veterans on the Civil Service list seeking employment, and the failure on the part of those who have participated in the walkout in not reporting for work on Monday, April 22, may result in their permanent severance of employment with the City of Boston.

DAMAGES AWARDED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of July 28, 1943, as amended, determining damages caused by the making of the public improvement consisting of the widening and relocation of Weld street, be, and the same hereby is, amended, by adding to said order the amount of \$394.50 as an award to Michael J. Haverty and Carl C. Wilson; that the amount \$394.50 be, and the same hereby is, awarded to Michael J. Haverty and Carl C. Wilson for the damages so sustained.

Edith Musiker, medical social worker, from \$1,700 to \$1,800 a year.

Gertrude Parks, medical social worker, from \$1,700 to \$1,800 a year.

Anna White, medical social worker, from \$1,700 to \$1,800 a year.

Margaret Gallagher, medical social worker, from \$1,600 to \$1,700 a year.

Marianne Reigner, medical social worker, from \$1,600 to \$1,700 a year.

Shirley Simmons, medical social worker, from \$1,600 to \$1,700 a year.

Ruth Weinberg, medical social worker, from \$1,600 to \$1,700 a year.

Mary Sullivan, medical social worker, from \$1,500 to \$1,600 a year.

Eileen Nugent, laboratory assistant (military substitute), from \$1,400 to \$1,500 a year.

Phyllis Bianco, laboratory assistant, from \$1,400 to \$1,500 a year.

Shirley Cryan, laboratory assistant, from \$1,300 to \$1,400 a year.

Margaret Collinson, technician, from \$1,100 to \$1,200 a year.

Gloria Mannix, technician, from \$1,100 to \$1,200 a year.

Mary Phillips, technician, from \$1,100 to \$1,200 a year.

Sally Saunders, technician, from \$1,100 to \$1,200 a year.

Dorothy Sharkey, technician, from \$1,100 to \$1,200 a year.

Estelle Cousins, technician, from \$1,000 to \$1,100 a year.

Jean Mullavey, technician, from \$1,000 to \$1,100 a year.

Bettina Jones, technician, from \$1,000 to \$1,100 a year.

Aurora Venchy, technician, from \$1,000 to \$1,100 a year.

HOSPITAL DEPARTMENT (Sanatorium Division).

Dorothy Feeney, clerk, from \$1,400 to \$1,500 a year.

Ethel Ryan, clerk, from \$1,400 to \$1,500 a year.

Margaret Ryan, clerk, from \$1,200 to \$1,300 a year.

Catherine Cashman, clerk, from \$1,100 to \$1,200 a year.

Helen Morris, telephone operator, from \$1,050 to \$1,150 a year.

Francis Holmes (military leave), supervisor, from \$26 to \$28 a week.

INSTITUTIONS DEPARTMENT.

Central Office.

James R. Fleming, social worker, from \$1,700 to \$1,800 a year.

Marion T. Hewes, clerk and stenographer, from \$1,200 to \$1,300 a year.

Theresa C. Hogan, clerk-typist, from \$1,300 to \$1,400 a year.

Elizabeth Larato, clerk and stenographer, from \$1,400 to \$1,500 a year.

Sadie R. Sawyer, clerk and stenographer, from \$1,400 to \$1,500 a year.

Child Welfare.

Emmett Fetherston, storeroom attendant (military substitute), from \$1,000 to \$1,100 a year.

Bertha Kuhn, assistant storekeeper, from \$1,360 to \$1,400 a year.

Katherine E. Riordan, storekeeper, from \$1,500 to \$1,600 a year.

Long Island Hospital.

Louise M. McCluskey, clerk (military substitute), from \$1,400 to \$1,500 a year.

Catherine B. Arbuckle, telephone operator and clerk, from \$1,100 to \$1,200 a year.

Elizabeth A. Gardner, telephone operator and clerk, from \$1,100 to \$1,200 a year.

Kathryn V. Hayes, telephone operator and clerk, from \$900 to \$1,000 a year.

Julia M. O'Neil, telephone operator and clerk, from \$1,100 to \$1,200 a year.

Ethel M. Tiernan, telephone operator and clerk, from \$1,100 to \$1,200 a year.

LAW DEPARTMENT.

Gertrude Hayer, from \$1,500 to \$1,600 a year.

M. Dorothy Kelleher, from \$1,500 to \$1,600 a year.

Nora E. Harrington, from \$1,500 to \$1,600 a year.

Mae C. Woods, from \$1,500 to \$1,600 a year.

Mary E. Severin, from \$1,400 to \$1,500 a year.

Frances E. Ryan, stenographer (receptionist), from \$1,200 to \$1,300 a year.

John F. McMorro, clerk, from \$1,500 to \$1,600 a year.

PARK DEPARTMENT.

Daniel J. Byrne, assistant engineer, Grade 4, from \$2,900 to \$3,000 a year.

Edward M. Dillon, assistant engineer, Grade 3, from \$2,400 to \$2,500 a year.

George M. O'Neil, assistant engineer, Grade 3, from \$2,400 to \$2,500 a year.

Olga A. Blomberg, clerk-stenographer, from \$1,300 to \$1,400 a week.

Robert N. Donovan, custodian, \$35 a week to \$1,900 a year.

John A. Hannon, custodian, from \$1,700 to \$1,800 a year.

James E. Hunter, custodian, from \$1,800 to \$1,900 a year.

Basil Quirk, custodian, from \$1,600 to \$1,700 a year.

William Bailey, custodian, from \$1,800 to \$1,900 a year.

Frank R. DeSalvatore, custodian, from \$1,800 to \$1,900 a year.

James Keegan, custodian, from \$1,800 to \$1,900 a year.

DEPARTMENT CHANGES.

(Continued from page 447.)

Thomas Roberto, greenkeeper's assistant, from \$2,000 to \$2,100 a year.

Hugh F. Dunn, physical instructor, from \$1,900 to \$2,000 a year.

John W. Hardiman, physical instructor, from \$1,700 to \$1,800 a year.

Charles Kellert, physical instructor, from \$1,900 to \$2,000 a year.

Edwin P. Koenig, physical instructor, from \$1,900 to \$2,000 a year.

Thomas E. Jackson, physical instructor, from \$1,900 to \$2,000 a year.

Michael Nazzaro, physical instructor, from \$1,900 to \$2,000 a year.

Leo M. Plunkett, physical instructor, from \$1,900 to \$2,000 a year.

John A. Carroll, first-class fireman, from \$38 to \$41.50 a week.

Thomas J. Feeney, first-class fireman, from \$38 to \$41.50 a week.

William E. Hogan, first-class fireman, from \$38 to \$41.50 a week.

John J. Hammond, foreman, from \$2,100 to \$2,200 a year.

Joseph T. Harrington, foreman, from \$2,300 to \$2,400 a year.

James A. Sartori, physical instructor, from \$1,700 to \$1,800 a year.

Anthony Segadelli, physical instructor, from \$1,700 to \$1,800 a year.

Ernest Stevens, physical instructor, from \$1,900 to \$2,000 a year.

William E. Walsh, physical instructor, from \$2,000 to \$2,200 a year. (This man lost a step-rate increase while in the military service. He is, therefore, being given a double one this year.)

Helen M. Corcoran, telephone operator, from \$1,700 to \$1,800 a year.

Gladys Fenton, telephone operator, from \$1,700 to \$1,800 a year.

Marie Tuohy, telephone operator, from \$1,500 to \$1,600 a year.

PENAL INSTITUTIONS DEPARTMENT.

Office Expenses.

Estelle A. Sweeney, chief clerk, from \$3,000 to \$3,100 a year.

Helen V. Curley, principal clerk, from \$2,300 to \$2,400 a year.

Sheila O'D. Rossa, placement worker (parole agent), from \$2,300 to \$2,400 a year.

House of Correction.

Clifford Gilbert, chief engineer, from \$2,300 to \$2,400 a year.

Edgar Shepard, officer, from \$2,100 to \$2,200 a year.

James Garvey, officer, from \$2,100 to \$2,200 a year.

Charles L. Moore, officer, from \$2,100 to \$2,200 a year.

Bartholomew Flynn, officer, from \$2,100 to \$2,200 a year.

Edward Malone, officer, from \$2,000 to \$2,100 a year.

William F. Kelley, officer, from \$2,000 to \$2,100 a year.

Patrick J. Coyne, officer, from \$2,000 to \$2,100 a year.

Richard Taylor, officer, from \$1,900 to \$2,000 a year.

Michael J. Ryan, officer, from \$1,800 to \$1,900 a year.

Daniel Devlin, officer, from \$1,800 to \$1,900 a year.

John Sullivan, officer, from \$1,700 to \$1,800 a year.

Steamer "Michael J. Perkins."

Thomas Scanlon, deckhand, from \$31.50 to \$33 a week.

PUBLIC BUILDINGS DEPARTMENT.

James A. Gorman, custodian, from \$2,100 to \$2,200 a year.

Bernard S. Keene, custodian, from \$2,000 to \$2,100 a year.

John A. Richards, custodian, from \$2,000 to \$2,100 a year.

John E. Murdock, custodian, from \$2,000 to \$2,100 a year.

William J. Brady, custodian, from \$1,800 to \$1,900 a year.

Edward H. Valente, custodian, from \$1,800 to \$1,900 a year.

Joseph West, custodian, from \$1,800 to \$1,900 a year.

William J. Boggan, custodian, from \$1,800 to \$1,900 a year.

Alexander Nash, custodian, from \$1,800 to \$1,900 a year.

Nellie G. Russell, telephone operator, from \$1,500 to \$1,600 a year.

SOLDIERS' RELIEF DEPARTMENT.

Katherine E. Kelliher, clerk, from \$1,500 to \$1,600 a year.

STREET LAYING-OUT DEPARTMENT.

Walter R. Luby, senior engineer, Grade IV, from \$3,100 to \$3,200 a year.

William F. Conway, chief draftsman, Grade IV, from \$2,900 to \$3,000 a year.

Harry M. Fletcher, junior engineer, Grade III, from \$2,600 to \$2,700 a year.

George C. Hallisey, junior engineer, Grade III, from \$2,600 to \$2,700 a year.

John J. Russell, junior engineer, Grade III, from \$2,500 to \$2,600 a year.

George F. Buckley, junior engineer, Grade III, from \$2,200 to \$2,300 a year.

Salvatore C. Diliberto, transitman, Grade II, from \$1,700 to \$1,800 a year.

Angelo J. Ialuna, transitman, Grade II, from \$1,700 to \$1,800 a year.

TREASURY DEPARTMENT.

Dennis A. O'Neil, paymaster, from \$2,800 to \$2,900 a year.

John E. Cronin, Jr., paymaster, from \$2,800 to \$2,900 a year.

Dennis H. Gallagher, paymaster, from \$2,500 to \$2,600 a year.

Robert L. Cunningham, paymaster, from \$2,500 to \$2,600 a year.

Eugene L. McMorrow, paymaster, from \$2,400 to \$2,500 a year.

James J. Hyde, paymaster, from \$2,100 to \$2,200 a year.

Helen L. Murphy, senior clerk, from \$2,000 to \$2,100 a year.

Isabelle A. Yankus, clerk, from \$1,900 to \$2,000 a year.

Alice V. Kiernan, clerk, from \$1,900 to \$2,000 a year.

Mary E. Horgan, clerk, from \$1,900 to \$2,000 a year.

Marguerite M. Sweeney, clerk-stenographer, from \$1,900 to \$2,000 a year.

Fred L. Uriot, clerk, from \$1,600 to \$1,700 a year.

James F. McGurk, clerk, from \$2,000 to \$2,100 a year.

REGISTRY OF PROBATE.

Stephen J. Siney, court officer, from \$2,650 to \$2,750 a year.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PARK DEPARTMENT.

Upon April 4 the Mayor approved a contract with J. A. Singarella Company for construction of women's solarium and new fence at L Street Bath House, South Boston. The bids received were as follows:

J. A. Singarella Company, \$51,100; Sciba & Co., \$52,126; M. S. Kelliher Company, \$52,980; M. Solimando, \$55,669; Mogavero Constructing Company, Inc., \$56,617.

The lowest bidder was the J. A. Singarella Company, 15 Bay street, Boston, whose bid for the proposed work was \$51,100. A study and analysis of this bid revealed that the sum of \$3,700 was included in the bid of the J. A. Singarella Company as general contractor as well as in the sub-bid for structural steel and light iron. This oversight was called to the attention of the J. A. Singarella Company who agreed to reduce its bid by \$3,700. Permission has, because of this, to award the contract for construction of women's solarium and new fence at L Street Bath House, South Boston, to the J. A. Singarella Company, in the amount of \$47,400.

PUBLIC BUILDINGS DEPARTMENT.

Upon April 4 the Mayor approved a contract with Joseph G. Gozzola for painting work in City Hall, Boston. Bids, opened Wednesday, April 3, were as follows:

Joseph G. Gazzola, \$2,375; Realty Maintenance Company, \$2,467; A. D. Howlett, \$2,625; Careful Cleaning Company, \$2,900; Utility Painting and Decorating Company, \$3,145; Louis Silverman, \$3,205; John D. Ahern, \$3,430; Abbott Painting Service, \$3,480; Boston Painting and Decorating Company, \$3,775.

SUPPLY DEPARTMENT.

Upon March 27 the Mayor approved contracts with lowest bidders as indicated for furnishing surgical supplies, as required, from March 15, 1946, to December 31, 1946, with the privilege of purchasing on the same terms and conditions extended to March 14, 1947. The totals of the awards were as follows:

Thomas W. Reed Company, \$46,527.57; E. F. Mahady Company, \$931.86; T. J. Noonan Company, \$709.98; United States Rubber Company, \$702.58; Market Supply Company, \$208.80; Surgeons and Physicians' Supply Company, \$50.

Bids opened March 11, were as follows:

Item 1. 432 Boxes Applicators, Peerless, 72 Dozen to Box, Per Box.—T. J. Noonan Company, 35 cents; Thomas W. Reed Company, 26 cents.*

Item 2. 4 Dozen Atomizers, No. 117, Per Dozen.—Surgeons & Physicians' Supply Company, \$7.50*; E. F. Mahady Company, \$12, DeVilbiss; T. J. Noonan Company, \$9.20; Thomas W. Reed Company, \$8.

Remarks.—Surgeons & Physicians' Supply Company, items marked "subject to change" are subject to change in manufacturer's list, due to the unusual conditions, such that present prices cannot be guaranteed; E. F. Mahady Company, due to present conditions, all prices herein quoted are subject to prices in effect at date of shipment; the shipment or delivery dates shown are estimated and are contingent upon bidder's ability to deliver in accordance therewith; T. J. Noonan Company, (1) where a particular brand name is specified, the bidder reserves the right to substitute another brand of equal quality, if the brand ordered is not available at the time the order is placed; (2) where a specific discount from list is quoted, or a manufacturer's price schedule submitted, the bidder reserves the right to cancel the list or manufacturer's price schedule, and submit new ones if the prices are changed by the manufacturer.

* Contract awarded.

† See remarks (E. F. Mahady Company).

Upon April 13 the Mayor approved a contract with John Deveney Company for furnishing crushed stone and pea stone for the Public Works Department, as required, until December 31, 1946, with the privilege of purchasing on the same terms and conditions extended to January 31, 1947. * Contract awarded.

Upon April 13 the Mayor approved a contract with the Proctor & Gamble Distributing Company for furnishing white bath soap, half-ounce cakes, for the Park Department. The total amount of the contract was \$3,384.

Bid, opened April 9, was as follows:

600 Boxes Unwrapped White Bath Soap, Half-ounce Cakes, 1,000 to Case, as Per Specifications, Per Case.—The Proctor & Gamble Distributing Company, \$5.15, Pearl or \$5.64, Ivory.

Remarks.—Deliveries to be made within 120 days from acceptance in equal monthly deliveries, of whichever brand, Ivory or Pearl, is available.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors, mercantile houses, etc., for furnishing supplies, labor, etc., to the various departments. Communications from heads of the interested departments are as follows:

HOSPITAL DEPARTMENT.

Boston, March 29, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested for the purchase of mother's milk for use in the Pediatric Department of the Boston City Hospital for one year from April 4, 1946.

It can only be purchased from the Directory for Mothers' Milk Incorporated. Our costs average between \$800 and \$900 per month. This authorization is being requested at a cost not to exceed \$1,000 per month.

Purchases are now being made under authorization which will expire April 3, 1946.

Respectfully yours,

MARTIN J. ENGLISH,

President, Boston City Hospital Trustees.

BOSTON, March 29, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—Your approval of the rental of rooms at the Franklin Square House for student nurses without having a lease drawn up is respectfully requested.

The costs will vary according to the number of rooms required. From time to time there is an overlapping of students between classes and we may have some months where the cost will be in excess of \$1,000.

Your approval of the above procedure as provided in section 30 of chapter 486 of the Acts of 1909 and amendments thereto, is respectfully requested.

The present authorization as approved of by former Mayor John E. Kerrigan will expire April 3, 1946, and therefore, your approval from April 4, 1946, is respectfully requested.

Respectfully yours,

MARTIN J. ENGLISH,

President, Boston City Hospital Trustees.

PARK DEPARTMENT.

BOSTON, March 28, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—In 1936 we purchased five power sprayers from the Fitzhenry-Guptill Company, 135 First street, East Cambridge.

It is now necessary that we have a complete factory servicing of these five sprayers, which will include attention to both the engines and the pumps, the replacing of worn parts and the remachining where practical.

The estimated cost for this overhauling will be \$275 for each machine.

As these machines were purchased from the Fitzhenry-Guptill Company, I believe they are the ones who can properly service them. Therefore, I respectfully request your permission to issue to the Fitzhenry-Guptill Company a service order for this work, for a sum not to exceed \$1,375, same to be charged to the B-39 item in our budget.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, April 1, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I desire to purchase twelve new rowboats for Jamaica Pond. It is several years now since we have placed new boats at this location. The ones in use out there are beyond repair. In fact, we can purchase new boats for approximately the same amount of money that it would cost to repair the old ones.

I respectfully request that this department be allowed to purchase twelve new cedar rowboats at a cost of \$950, and in order to effect this purchase I request that you allow the transfer of funds in the amount of \$950 from the Item C-13, Tools, in the Park Department, to the Item C-11, Marine.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, April 2, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—You are respectfully requested to allow this department to award a contract, without publicly advertising, for repairing lifeboats to Reid's Shipyard, Inc., Winthrop, Mass., for a sum not to exceed \$1,125.

The reason for this request is that this company has made repairs on our lifeboats before, and the work has been very satisfactory. The exact cost of the repairs cannot be determined in advance.

The cost of this work is to be charged to the appropriation B-39.

Respectfully yours,

WILLIAM P. LONG, *Chairman.***PERMISSION TO SELL NAILS.****TRANSIT DEPARTMENT.**

The Mayor has approved the request of the Transit Department to sell to John J. Brennan & Sons, 1109 Washington street, Boston, for the sum of \$1,828.60, which is the price paid by the department at the time of purchase, the following kegs of nails:

Fifteen kegs of 2d nails at cost to the department, \$4.055, total, \$60.83; forty kegs of 8d nails at cost to the department, \$3.02, total, \$120.80; fifty kegs of 12d nails at cost to the department, \$2.885, total, \$144.25; one hundred and forty kegs of 30d nails at cost to the department, \$2.795, total, \$391.30; three hundred and seventy-five kegs of 40d nails at cost to the department, \$2.795, total, \$1,048.13; two kegs of 60d nails at cost to the department, \$2.795, total \$5.59; twenty kegs of 8 inch spikes at cost to the department, \$2.885, total, \$57.70. Total, \$1,828.60.

ADDITIONS TO CONTRACTS.

J. A. Singarella Company, contractor for alterations and repairs to miscellaneous buildings, Mattapan, has been instructed to add to the contract the sum of \$125 for patching approximately 500 linear feet of base in the A Building, filling two holes in the floor slab of the A Building and repairing terrazzo floor. Original contract, \$82,582; corrected contract, as per order No. A2078, \$82,550.50; now added, \$125; corrected contract, \$82,675.50; total added, \$889.50; total deducted, \$796.

J. A. Singarella Company, contractor for alterations and repairs to miscellaneous buildings, Mattapan, has been instructed to add to the contract the sum of \$764.50 for installing of furring strips on the ceiling in the large serving room in the

Kitchen Building at the Sanatorium Division, Boston City Hospital. Original contract, \$82,582; corrected contract, as per order No. A2059, \$81,786; now added, \$764.50; corrected contract, \$82,550.50; total added, \$764.50; total deducted, \$796.

PARK DEPARTMENT

M. Solimando has been ordered to make the following addition to the contract for repairs to field house and shelter, Rogers Park, Brighton, signed December 17, 1945:

1. Omit all repairing of wooden lockers, or parts thereof to include everything pertaining to locker repairs and replacements as specified in Paragraph (p) Item 1. The wooden lockers shall be disassembled and disposed of by the contractor. Take down sixty-five metal lockers now standing in the Charlesbank Playground field house and reassemble them in the men's locker room of the Rogers Park field house where directed. Repair and put in first-class working order, furnishing all necessary metal parts, locks, etc., all satisfactory to the engineer. Paint these metal lockers one coat of metallic enamel paint instead of one coat of varnish as specified for painting of lockers. For omitting all work on wooden lockers and substituting metal lockers as specified, the sum of \$125 will be added to your contract price.

2. Take out rotten section of 8-inch by 10-inch carrying beam and replace with new section of 8-inch by 10-inch carrying beam, new section to be approximately 10 feet long. Do all cutting, bracing, shoring, etc., in order to do this work. For furnishing and installing this new section of carrying beam complete, the sum of \$40 will be added to your contract price.

Additions.—1, for omitting all work on wooden lockers and installing metal lockers complete, \$125; 2, new section of wooden beam, \$40; total additions, \$165; contract price, \$7,053; net addition as per order approved February 9, 1946, \$348.80; addition as per this order, \$165; contract as standing, \$7,566.80.

PUBLIC BUILDINGS DEPARTMENT.

Joseph G. Gazzola has been allowed to change the contract for painting Assessing Department, third floor, and Street Commissioners' offices, fourth floor, City Hall Annex, and the amount of \$860 will be added therefor, making the account as follows: Contract price, \$3,895; total additions, \$860; amount of contract, \$4,755.

EXTENSION OF CONTRACTS.**HOSPITAL DEPARTMENT.**

J. J. Hurley & Co. have been granted an extension of time for completion of contract made September 6, 1946, for repairs, alterations and replacements to sterilizer facilities, Dowling Building, Boston City Hospital, from March 5, 1946, to May 1, 1946. This extension is requested because of unavoidable delay in shipment of the sterilizer.

PARK DEPARTMENT.

Dana Somes has been granted an extension of time until May 27, 1946, for the completion of the contract for architect's services, repairs and alterations to the Aquarium, South Boston.

J. A. Singarella Company has been granted an extension of time until May 27, 1946, for the completion of section 11, Mechanical Equipment, of the contract for repairs and renovations to the Aquarium, Marine Park, South Boston.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe and a 10-inch pipe surface drain in Neillian Crescent (southwesterly arm), between existing sewer and Pond street, in the West Roxbury district, at an estimated cost of \$3,000.

Police Commissioner.

POPULATION OF THE CITY OF BOSTON AS RETURNED BY THE SECRETARY OF STATE, BUREAU OF CENSUS, FOR 1945.

Ward 1, 55,112; Ward 2, 25,655; Ward 3, 45,446; Ward 4, 30,901; Ward 5, 32,962; Ward 6, 24,986; Ward 7, 34,405; Ward 8, 28,675; Ward 9, 28,204; Ward 10, 30,313; Ward 11, 29,887; Ward 12, 36,955; Ward 13, 28,329; Ward 14, 54,145; Ward 15, 27,586; Ward 16, 33,875; Ward 17, 33,774; Ward 18, 45,104; Ward 19, 30,479; Ward 20, 37,860; Ward 21, 38,476; Ward 22, 33,257; total, 766,386.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 15, 1946.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair, and all the members present. The meeting was opened with the salute to the Flag.

NAMING OF WARD 19 PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, April 13, 1946.
To the City Council.
Gentlemen,—I transmit herewith communication from the Park Department, relative to your order of April 1, 1946, to name the playground located at the intersection of Green and Lamartine streets, Ward 19, the Corporal Joseph Edward Johnson Playground, in honor of this World War II veteran, who was one of the first Jamaica Plain men killed by enemy fire in this war.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, April 6, 1946.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of April 4 with inclosure, order of the City Council that the playground located at the intersection of Green and Lamartine streets, Ward 19, be named the Corporal Joseph Edward Johnson Playground, in honor of this World War II veteran, who was one of the first Jamaica Plain men killed by enemy fire. This matter will have to be referred to his Honor the Mayor for approval due to the fact that there are three or four other requests for the naming of this playground in honor of war veterans. However, yours is the first City Council order that I have received in regard to the naming of the playground.

Very truly yours,
WILLIAM P. LONG, Chairman.
Placed on file.

REPLACING OF FENCE, MARCELLA STREET.

The following was received:

City of Boston,
Office of the Mayor, April 13, 1946.
To the City Council.
Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order of March 25, 1946, to reconstruct, for the greater safety of the citizenry, a new metal fence to replace the broken and unsafe one that now prevails at approximately 140 Marcella street to Centre street, Ward 11.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department, April 5, 1946.
To J. Joseph Connors, Chief Clerk, Mayor's Office.
From Robert P. Curley, Commissioner, Public Works Department.

Subject: Fence on Marcella Street.
I return herewith order in City Council that the Commissioner of Public Works reconstruct, for the greater safety of the citizenry, a new metal fence to replace the broken and unsafe one that now prevails at approximately 140 Marcella street to Centre street, Ward 11, and this will advise you that an order for the reconstruction of this fence has been issued and the work will be started by the contractor just as soon as possible.

Respectfully,
ROBERT P. CURLEY,
Commissioner of Public Works.
Placed on file.

SPRINKLING OF WARD 3 STREETS.

The following was received:

City of Boston,
Office of the Mayor, April 13, 1946.
To the City Council.
Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order of April 1, 1946, to have sprinklers water the streets of Ward 3 during the coming summer months.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
April 9, 1946.
To J. Joseph Connors, Chief Clerk, Mayor's Office.
From Robert P. Curley, Commissioner, Public Works Department.

Subject: Order in Council, March 25, 1946.
I am in receipt of your memorandum of April 1, attaching copy of order in Council, dated March 25, 1946, as follows:
"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to have sprinklers water the streets of Ward 3 during the coming summer months."

Among the various items of motor vehicle equipment to be replaced in the near future are four (4) flushers; and as soon as these are received, the streets in Ward 3 will be sprinkled in accordance with the order in Council.

ROBERT P. CURLEY,
Commissioner of Public Works.
Placed on file.

CONSTRUCTION OF WARD 20 SEWERAGE WORKS.

The following was received:

City of Boston,
Office of the Mayor, April 13, 1946.
To the City Council.
Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order of April 1, 1946, to construct sewerage works in Eastwood circuit and Oakmere street, Ward 20.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department, April 9, 1946.
To J. Joseph Connors, Chief Clerk, Mayor's Office.
From Robert P. Curley, Commissioner, Public Works Department.

Subject: City Council Order, April 1, 1946.
In reply to Council order of April 1, 1946, requesting construction of sewers in Eastwood circuit and Oakmere street, Ward 20, construction plans are now being made and when completed a contract will be advertised to do this work.

ROBERT P. CURLEY,
Commissioner of Public Works.
Placed on file.

PUSH BUTTON TRAFFIC LIGHTS, WARD 19.

The following was received:

City of Boston,
Office of the Mayor, April 13, 1946.
To the City Council.
Gentlemen,—I transmit herewith communication from the Traffic Commissioner, relative to your order of April 1, 1946, to install push button traffic lights at the junction of Cummins Highway and Brown avenue in the Roslindale district of Ward 19.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, April 10, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—This is in reply to Council order dated April 1, 1946, which reads as follows: "Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install push-button traffic lights at the junction of Cummins Highway and Brown avenue in the Roslindale district of Ward 19."

There are no funds available to this commission at present for the installation of a traffic signal at the intersection of Brown avenue and Cummins Highway.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.
Placed on file.

REPAIR OF MONTVIEW STREET, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, April 13, 1946.
To the City Council.
Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order of April 1, 1946, to repair Montview street, Ward 20.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department, April 8, 1946.
To J. Joseph Connors, Chief Clerk, Mayor's Office.
From Robert P. Curley, Commissioner, Public Works Department.

Subject: Montview Street, Ward 20.
I return herewith order in City Council that the Commissioner of Public Works repair Montview street, Ward 20, and this will advise you that this street will be put on a list of streets to be given consideration for construction this year.

ROBERT P. CURLEY,
Commissioner of Public Works.
Placed on file.

RESURFACING OF CONGREVE STREET.

The following was received:

City of Boston,
Office of the Mayor, April 13, 1946.
To the City Council.
Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, rela-

tive to your order of April 1, 1946, to resurface Congreve street, Ward 20.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department, April 8, 1946.
To J. Joseph Connors, Chief Clerk, Mayor's Office.
From Robert P. Curley, Commissioner, Public Works Department.

Subject: Congreve Street, Ward 20.
I return herewith order in City Council that the Commissioner of Public Works resurface Congreve street, Ward 20, and this will advise you that this street will be put on a list of streets to be given consideration for construction this year.

ROBERT P. CURLEY,
Commissioner of Public Works.
Placed on file.

RESURFACING OF ASHFIELD STREET.

The following was received:

City of Boston,
Office of the Mayor, April 13, 1946.
To the City Council.
Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order of April 1, 1946, to resurface Ashfield street, Ward 20.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
April 8, 1946.
To J. Joseph Connors, Chief Clerk, Mayor's Office.
From Robert P. Curley, Commissioner, Public Works Department.

Subject: Ashfield Street, Ward 20.
I return herewith order in City Council that the Commissioner of Public Works resurface Ashfield street, Ward 20, and this will advise you that this street will be put on a list of streets to be given consideration for construction this year.

ROBERT P. CURLEY,
Commissioner of Public Works.
Placed on file.

RESURFACING OF SUMMER STREET, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, April 13, 1946.
To the City Council.
Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order of April 1, 1946, to resurface Summer street, Ward 20.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
April 8, 1946.
To J. Joseph Connors, Chief Clerk, Mayor's Office.
From Robert P. Curley, Commissioner, Public Works Department.

Subject: Summer Street, Ward 20.
I return herewith order in City Council that the Commissioner of Public Works resurface Summer street, Ward 20, and this will advise you that this street is part public and part private.

However, the public portion of this street will be put on a list of streets to be given consideration for construction this year.

ROBERT P. CURLEY,
Commissioner of Public Works.
Placed on file.

CONSTRUCTION OF MYLES STANDISH ROAD.

The following was received:

City of Boston,
Office of the Mayor, April 13, 1946.
To the City Council.
Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order of April 1, 1946, to construct Myles Standish road, Ward 20.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
April 8, 1946.
To J. Joseph Connors, Chief Clerk, Mayor's Office.
From Robert P. Curley, Commissioner, Public Works Department.

Subject: Myles Standish Road, Ward 20.
I return herewith order in City Council that the Commissioner of Public Works construct Myles Standish road, Ward 20, and this will advise you that this street will be put on a list of streets to be given consideration for construction this year.

ROBERT P. CURLEY,
Commissioner of Public Works.
Placed on file.

TRANSFER OF STEAMER "MICHAEL J. PERKINS."

The following was received:

City of Boston,
Office of the Mayor, April 15, 1946.
To the City Council.

Gentlemen,—I am in receipt of a communication from the Penal Institutions Commissioner, attached herewith, in which he states that the steamer "Michael J. Perkins" is no longer needed by his department for transportation purposes. He recommends its transfer to the Institutions Department.

I am informed that until the boat we are purchasing from the Federal government is properly renovated for municipal purposes, a matter of several months, the Institutions Department will require the services of the steamer "Perkins."

Consequently, I submit herewith two orders, one for the transfer of the steamer "Michael J. Perkins" to the Institutions Department, and the other, for the transfer of the appropriations for the "Perkins" from the Penal Institutions Department to the Institutions Department, both transfers to be effective as of May 1, 1946.

I respectfully request adoption of these orders by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Penal Institutions Department,
April 8, 1946.

To Hon. James M. Curley, Mayor, City of Boston.
From Maxwell B. Grossman, Commissioner, Penal Institutions Department.
Subject: Steamer "Perkins."

Whereas, The Penal Institutions Department has control and custody of the Steamer "Perkins," and

Whereas, The Penal Institutions Department no longer requires the said Steamer "Perkins" for the reason that the transportation needs of its institution at Deer Island are being adequately supplied by the Shirley Gut road; now, therefore,

It is respectfully requested that your Honor approve the transfer of the Steamer "Perkins" to the Institutions Department, which department does require its need.

MAXWELL B. GROSSMAN,
Commissioner.

Whereas, It appears from communications submitted with a message of the Mayor submitted to the City Council April 15, 1946, that the Penal Institutions Department has no further use for the steamer "Michael J. Perkins" and that the said steamer is needed for the use of the Institutions Department;

Ordered, That, as of June 1, 1946, the steamer "Michael J. Perkins" be transferred from the Penal Institutions Department to the care, custody, maintenance and control of the Institutions Department.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be and hereby is authorized to transfer on June 1, 1946, the unexpended and unencumbered balance of the appropriation for Penal Institutions, steamer Michael J. Perkins, to an appropriation for Institutions Department, Steamer Michael J. Perkins.

Referred to Executive Committee.

FINANCE COMMISSION REPORT ON
REAL ESTATE TAX BURDEN.

The following was received:

City of Boston,
Finance Commission, April 12, 1946.
To the Honorable the Mayor and City Council.

Several developments are currently focusing attention on real estate in the City of Boston. The effort to avoid an increase in the tax rate by borrowing money for current expenses; discussions of various schemes involving the expenditure of multimillions to provide better traffic conditions in the City; the daily increasing chorus of opinion that the tax situation is such that only the "metropolitanization" of local governmental services can guarantee continuance of them; the controversy between the Chairman of the School Committee and the teachers over the question of salary increases and the effect in the tax rate if the increases are granted; the talk of relieving the real estate burden by the imposition of an occupation tax, or a pay-roll tax, or a sales tax; the realization that, though Boston, in respect to taxation, is near the bursting point, yet the taxpayers will be called upon within the near future to finance an abnormal amount of capital investment such as equipment in the Fire Department and Public Works Department, hospital accommodations, new bridges, new streets, incinerators to dispose of refuse, new sewage disposal method; these and many other considerations are provoking the question "Can Boston real estate continue to provide its present share of the financing of government?"

The high tax which real estate must yield to pay the cost of local government has been a bone of contention so long that now it is accepted as a necessary evil by many with little appreciation

for its effect. Moreover, there has been little disposition shown to date by the responsible officials to accept any suggestion which might start the tide running in the other direction. The resistance, not only to transacting public business by methods which would require fewer employees and therefore less pay roll expense, but even to closing the door to further and further expansion of pay roll commitments, has become overwhelming.

Nevertheless, the fear recently expressed that, other palliatives barred or unobtainable, the only device which remains to keep the tax rate from reaching a new peak is to increase present property valuations, has fanned the flame of discontent, and has produced increased foreboding of real estate disaster.

Instead of being able to find encouragement in the trends and agitations of today to support the hope that there is a brighter future "just around the corner," that new business and new industry will be obtained to share the taxation burden, many real estate owners—both in the old trusts which own so much downtown, and among the humble people who own the residences uptown—are actually quaking in fear at what the picture holds for them. "The highest tax rate of the big cities! The home of falling values but increasing assessments!" is a slogan which will not attract new values.

The Finance Commission in this communication desires to offer important facts and figures bearing on the problem which has been compiled from records kept in various agencies in City Hall. The general public would have difficulty otherwise in finding these facts.

Assessed Valuations.

As has often been stated in recent months, the decline in property valuation, which had been continuous for more than a decade, was halted by the assessments of 1945. The total real property valuation increased in 1945 approximately \$17,150,000, although it was generally expected that there would be a continuation of the \$10,000,000 to \$30,000,000 decrease characteristic each year of the preceding decade. Similarly, in 1945 there was a \$20,000,000 increase in the personal property valuations. Here the common expectation was that because there was every evidence of reduced inventories (merchandise ordinarily plentiful was not to be had) no such increase could be expected.

Real estate sales in the sections where the greatest valuation exists gave no evidence that

there was a swing to higher values. A real estate agency which compiles statistics in regard to sales recently reported that in the total number of Boston sales in 1945 the prices paid amounted to only 78 per cent of the assessed value. Prices for residential property in the small homes sections were showing some price improvement due to the lack of sufficient housing for families of returning war veterans and the resulting competition among prospective buyers; but the higher valuations fixed by the Assessors did not apply to the latter class of real estate to any great extent.

Nevertheless, this greater 1945 total property valuation of \$1,479,172,000 was still \$493,000,000 less than the high level reached in 1930, and meanwhile appropriation orders (rights to spend) had increased about \$4,000,000.

A significant, but little appreciated, fact is that taxable property (valued at \$1,479,172,000) represents only 73 per cent of the actual property valuation of the City. The other 27 per cent is property value exempt from taxation by one or another provision of the Massachusetts statutes. The latter comprises the property held for literary, benevolent, charitable, religious, educational, public government purposes. Property held for these purposes was valued by the Assessors in 1945 at \$543,916,565.

Assessed Area.

In area the City of Boston (43.9 square miles of land) comprises 1,223,861,760 square feet. The Assessors reveal that 396,985,341 square feet is the area of the tax-exempt property. Furthermore, the street area of the City is figured to be 202,466,880 square feet. From these figures it appears that only 624,409,539 square feet of the 1,223,861,760 square feet in the City are expected to yield taxes.

In other words, the taxable land area in the City is figured to be 51 per cent of the whole area, the exempt area is 33 per cent, and the street area is 16 per cent, which means that no taxes are levied on about one half the land area of the City.

Exempt Property.

Boston tops the list of comparable cities in volume of exempt property valuation in relation to the tax-bearing property. The following inter-city comparison of taxable and tax-exempt property should prove interesting:

INTER-CITY COMPARISON OF TAXABLE PROPERTY AND TAX-EXEMPT PROPERTY.

CITY	Valuation Taxable Property	Valuation Tax-Exempt Property	Ratio of Taxable to Exempt
Boston.....	\$1,479,172,000	\$543,916,565	73.2—26.8%
Pittsburgh.....	962,476,149	293,680,811	76.6—23.4%
Philadelphia.....	2,421,000,000	702,000,000	77.5—22.5%
St. Louis.....	905,000,000	207,345,800	81.4—18.6%
Cleveland.....	916,800,420	200,000,000	82.1—17.9%
Baltimore.....	1,177,000,000	250,000,000	82.5—17.5%

The Assessors list twenty-six classes of tax-exempt property in Boston. The official list with figures of valuation and area follows:

1945 ASSESSORS' LIST OF EXEMPT PROPERTY. RECAPITULATION, ALL CLASSES, WARDS 1-22.

NAME OF CORPORATION	Valuation Dollars	ESTIMATED			Personal (A. B. C.)
		Feet of Land	Land Value	Value Building	
United States of America....	\$107,260,100	40,570,471	\$40,060,900	\$67,199,200

Per Capita Tax.

In the foregoing statistics may be seen one of the principal reasons why the per capita tax in Boston gives the City the distinction of being one of the highest taxed in the country. Only 51 per cent of it is assessed a tax, yet there is no part of it which does not require and obtain municipal service. Most of the 49 per cent which is not taxed is used quite as much by those who pay no taxes in Boston as by those who do. Joining to that consideration the fact that Boston, being the hub of the Metropolitan wheel, and therefore being the business center for a population of over 2,000,000 — though the population of the Hub is only 770,000 — it can be appreciated that Boston in supporting its governmental activities can afford little money for waste and extravagance.

In per capita figures, the cost of government in Boston reached \$104 in 1945. When revenues and receipts other than locally assessed taxes were applied against the total warrants and appropriations, the tax levy amounted to \$82.3 per capita. Though it is impossible to obtain conveniently the present comparable figures from comparative cities, previous studies by such agencies as the United States Census Bureau and the Special Legislative Commission on Real Estate Taxation have found Boston ensconced by a substantial margin at the top of the list in per capita figures.

For instance, the latest figures issued by the United States Census Bureau of per capita cost of general government, exclusive of schools, in comparable cities are as follows:

CITY	Per Capita Cost of Government
Boston.....	\$61 13
New York.....	52 30
San Francisco.....	47 92
Washington.....	37 85
Baltimore.....	33 01
Philadelphia.....	26 48
St. Louis.....	25 67

Figures given for these other cities which do not include county expenses are as follows:

CITY	Per Capita Cost of Government
Detroit.....	\$31 54
Buffalo.....	29 13
Cleveland.....	27 45
Chicago.....	23 88
Milwaukee.....	22 88
Pittsburgh.....	21 89
Los Angeles.....	17 25

The County costs in Boston amount to about \$4.50 per capita.

Statistics produced by the Special Legislative Committee on Taxation, showing per capita cost of general government in one fairly recent year in the larger cities near the North Atlantic seaboard, are not out of line with the figures offered above. They are as follows:

CITY	Tax Levy Per Capita
Boston.....	\$79 43
New York.....	66 52
Pittsburgh.....	63 40
Buffalo.....	64 41
Philadelphia.....	39 41

The Shifting of the Tax Load in Boston.

Within the City itself there has come about in the last few years a distinct shifting of the load. Where formerly the so-called downtown (Ward 3) — the central business area — yielded 41 per cent of the tax money of the City, now, because of reduced valuations and the elimination of valuations by the demolition of buildings this area is yielding only 32 per cent of the taxes. This shifting of the Boston burden to the outlying sections suggested the query by the Special Commission of the Legislature which investigated real estate taxation and reported in 1945:

"The question naturally arises whether there is not an economic limit to the sum which can be levied on those outlying wards which have continued to grow both in population and in new building."

The opinion was then expressed by that Legislative Commission:

"If Boston continues to levy sums on real estate which remain fairly constant from year to year, while its center is declining in value, it is inevitable that a point will be reached at

which mounting tax burdens, even in those outlying wards which have continued to grow, will themselves raise up obstacles to further growth."

Unused City-Owned Property.

Briefly, there are two types of unused real estate owned by the City: (1) property which has come into the city's possession through foreclosure for non-payment of taxes, and (2) property which has been acquired by the City for various departmental uses, but not now used.

For twenty years the Finance Commission has maintained a continuous drive to stimulate the release of unused parcels by departments having control of them and the return of them to a taxable basis. A School Board, with the Mayor, controls school parcels; the Mayor and Council jointly have final control of other parcels. The Finance Commission has always found the School Board reluctant to dispose of its parcels, and the City Council usually resists efforts to bring about the sale of the other class.

A mayor some years ago was able to obtain legislation in effect to by-pass the City Council in the disposition of tax foreclosed property. It worked out well for the City. Sales and leases were authorized without the Council which would have had difficulty in obtaining Council approval if the Council had retained authority.

Later the Finance Commission induced a mayor to seek to broaden the law so that the disposition of all parcels which are unused might be controlled by one real estate department, but, due to opposition by the school authorities, by the City Council, and by other departmental officials, the new statute which was adopted changed the existing situation only in that it provided department head status and a higher salary for the official in charge of foreclosed property.

Tax Foreclosed Property.

One of the most alarming of the situations in the Boston taxation picture today is the volume of properties on which the City has taken tax title. Obviously the properties involved temporarily cannot yield the high taxes assessed. From these eventually a large volume come into City possession by tax foreclosure proceedings; again, obviously, the last owners yield the property to the City only because they are unable to redeem it and can find no market for it at a price sufficient to pay its accumulated taxes. A brief review of the statistics in this category will indicate the extent to which the volume of tax-bearing property is being whittled down because of inability to yield taxes.

In 1936 the City held title by foreclosure of tax title (*i. e.*, the City had taken possession of) on 722 parcels. The comparable figure in 1946 is 3,376. On February 1, 1946, additionally, the number of parcels on which the City had acquired tax title but had not foreclosed was 7,130. This means a total of 10,506 parcels at present either already taken over by the City or due to be taken over.

Of the foreclosed parcels, those held by the City in 1936 were valued by the Assessors at \$1,160,800. In December, 1945, the value of the foreclosed parcels was \$7,259,650.

YEAR	Receipts from Sales	Number of Parcels	Number of Buildings
1939.....	\$106,600	142	35
1940.....	111,900	88	26
1941.....	179,800	170	35
1942.....	158,600	221	44
1943.....	178,000	147	36
1944.....	327,000	184	72
1945.....	686,000	258	64

at this late date in the history of this department. Although ideally the City has no proper place in the selling and leasing of real property and the other functions of real estate business, there is no alternative. Moreover, the foreseeable future holds no promise of the dissolution of such work; indeed, the opposite is indicated. The amounts in the City's tax title account and tax possession account, the increasing blight in many sections, the tax rate picture, obsolescence general throughout many parts of the City—all point to future prospects of an increase rather than a decrease in volume of property surrendered to the City.

As a matter of fact, the scope and importance of this work should dictate a more important status than the department has at present. Larger quarters, new location, and other developments are probably needed.

Unused Property.

A related matter as indicated above is the volume of unused parcels, particularly those owned by the schools. Many of these have no foreseeable use, nor do they occupy any place in the plans of the several departments which

The taxes owed the City in 1936 on properties on which the City held tax title plus those of which the City had taken possession were \$8,840,752. In 1946, the taxes owed on the parcels on which the City holds tax title (without foreclosure) plus those of which the City has taken possession is \$6,223,884. The difference in the amount in these two years is accounted for by the fact that some have been redeemed by the owners, and others have been sold by the City. Of the latter class the City has sold parcels by which the City has received \$1,749,860.

At a recent date, the tax title account was made up of parcels on which \$3,205,940 was owed, and the foreclosure account (parcels now in City possession) was made up of parcels on which \$3,017,944 is owed.

The rapid accumulation of foreclosed property forced the City into the real estate business. Since 1939 the Board of Real Estate Commissioners and, especially, its executive head, the chairman, have had a multiplicity of duties: passing on properties acquired to decide whether they should be sold, leased or held for future use; promoting and advertising the sale of those decided upon for sale; negotiating, leasing and supervising management of other parcels; selecting others to be held for present or future municipal use.

The current program of such work has been extensive, leaving little time for such essentials as checking bills of management (for instance, Houghton and Dutton Building), re-examining property to improve its salability (filling to grade, etc.), appraising the business methods of the Commission and its office procedure, establishing a central index, classifying property according to suitability, character and, generally, along the lines of interest for prospective buyers; preparation of a large scale map for the purpose of viewing the whole property picture and indicating location, size and type of property; compiling various types of statistics of useful interest to the City Administration, Planning Board and others.

Even the decision to hold a given piece of property for municipal use is predicated on "a best opinion," since there are no completed master plans for highways, recreation, housing, etc. For instance, whether a given piece will abut a future highway or could be incorporated into a needed recreational area or could be used as a future municipal building site must wait on the completion of master plans in these fields.

CURRENT ADMINISTRATIVE INADEQUACY.

This real estate department, set up in 1939, and organized as a board a few years later, became a powerful department of extensive scope almost overnight; but it has been operated by a small staff and housed in cramped quarters. Its failure to make a study of accounting procedures, management methods and proceedings may be attributed to the volume of current business as indicated by the amount of sales, which is one of its functions, as shown by the following table.

It is important that sound business systems and record-keeping procedures, with provision for checking bills, etc., and opportunity for the objectives already mentioned, be provided, even

now have custody of them. If the committee charged with the disposition of school property could be persuaded to regard such parcels as surplus and they could be transferred to the Department of Foreclosed Real Estate, a substantial core of land for municipal use and productive purposes could be developed. The present method of leasing unused property to various groups is certainly not the best use.

Boston falls in the category of "municipalities where rate of growth has slowed down or ceased." This is demonstrated by the figures which show that Boston has sustained an increasing net loss in population during the past fifteen years. Moreover, it is expected that the next decade will see an intensification of this decentralization. What can be done in the direction of recentralization is the question.

Detailed Statistics on Foreclosed Property.

That the situation in Boston with respect to foreclosed real estate owned by the City is serious is demonstrated by a table (Table 1) attached to this report which shows the number of parcels and their assessed value in the various wards,

and the number of buildings and their value. It will be seen that the total number of parcels on December 1, 1945, was 3,376, the assessed value represented by the 3,376 parcels was \$7,259,650. More than \$3,000,000 was represented in twenty-three commercial buildings in Ward 3. The parcels totaling in value the balance of \$7,259,650 are distributed among the other twenty-one wards.

The size of the residential holdings is relatively insignificant, representing only about 5 per cent of the total parcels taken. Vacant land taken is heaviest in a few wards. For instance, Ward 18 contains 832 parcels, or 24.6 per cent of the total, but represented only 4.5 per cent of the assessed value. Ward 3 represented the highest concentration of value, about 51.6 per cent.

Moreover, at the end of February, 1946, there was \$3,205,940 in the City's Tax Title Account (7,130 properties on which title had been taken) and \$3,017,944 in the Tax Possession Account (3,520 properties on which the City has taken possession). How much of the tax title property will be redeemed is not known.

Why Paucity of Demand for Foreclosed Property.

A natural inquiry is—why does such a sizable acreage of real estate remain unwanted? The legislative report on this point comments:

"The lack of demand is due, in part, to the location in remote or in undesirable areas; in part, to the small size of the lots."

An analysis of the thousands of parcels held by the City would confirm this, as demonstrated later in this report, describing conditions by wards, and would show an additional variety of conditions accounting for their undesirability and accounting originally for their failure to meet taxes. While many parcels await the interest of a real estate promoter, a sizable percentage have little chance of sale. Site difficulties, such as location on a ledge, difficult grade, or marsh, limitations of lot size and shape, which render the parcel unsuitable or prohibitively expensive for development, together with the factor of neighbor-

hood disintegration or blight, stand seriously in the way of sale or development.

Many of the lots are small in size and often too isolated and scattered for land assembly purposes. A table (Table 2) attached, shows that 2,759 of the 3,355 lots, as of November 1, 1945, the date of the last published list, are under 6,000 square feet in area.

Experience in Sales of Foreclosed Property.

Some progress has been made, however, in spite of these difficulties, since the establishment of the City's Real Estate Office in 1939. This process of sale is not done without some expense. During 1945 the cost of the auctioneer's fees and advertising alone was about \$35,000.

A table (Table 3) attached, shows the experience of the Board of Real Estate Commissioners since 1939 with respect to the volume of sales made, the assessed value of the parcels involved, the amount due the City in back taxes and liens of various sorts, and the percentage of that amount recovered by the sale, the number of parcels involved and the number of buildings, and the percentage of assessed value represented by sale prices.

Sales have undoubtedly been aided in recent months by the favorable real estate market, wherein selling prices in some sections have been running ahead of assessed value, but the table shows that over the period from 1939 the average amount of sale price has been approximately 90 per cent of the amount due the City for taxes.

Administration of Foreclosed Property.

While the City is not properly or by choice in the real estate business, it sometimes becomes necessary to operate some parcels, and the City has been successful in administering several valuable parcels taken for taxes. Two prime examples of this administration are the Houghton and Dutton property and 209 Washington Street.

The Houghton and Dutton property represents a balance of expenditure and taxes due of \$627,270 (December 31, 1945), shown as follows:

Summary Table.

Taxes due the City at taking.....	\$433,570 64
1943 expenditures for renovation.....	284,370 00
1944 expenditures for renovation.....	83,374 44
1945 expenditures for renovation.....	None
Total Expenditures for Renovation and Taxes.....	\$801,315 08
Less:	
Net income (after maintenance and management), 1943.....	\$20,000
Net income (after maintenance and management), 1944.....	80,000
Net income (after maintenance and management), 1945.....	74,045
Total Net Income through December 31, 1945.....	174,045 00
Balance of Expenditure and Taxes Due.....	\$627,270 08

This property is now operated under a lease to the Federal Government with the following option provisions:

For the first five years \$75,000 net a year; at the end of two years option to renew for two additional years at \$100,000 net per year, bringing the lease to seven years; at the end of five years option to renew for an additional three years at \$150,000 net, bringing the lease to ten years. There is also an additional \$15,000 per year from small tenants. Thus, if all options are taken, the City stands to receive \$1,075,000 in the next ten years, and will have reached the break-even point in approximately seven years.

Another sizable parcel currently administered by the City is 209 Washington Street, a building assessed for \$700,000 and carrying due taxes of \$180,000. During the year the City received \$72,000 in revenue, with a \$6,000 credit for the City's Veterans' Reception Centre, met an operating expense of \$42,000, and thus realized a net income of \$36,000. Other sizable parcels of downtown real estate in the possession of the City include the Compton Building at 161-175 Devonshire Street, valued by the Assessors in 1945 at \$100,000; the Carney Building at 43 Tremont Street, valued at \$375,000; and a building at 359-363 Boylston Street, valued at \$105,000.

Retaining for Municipal Use.

Retaining for municipal use is the third point in the three-point program of the Real Estate Commissioners, viz.: (1) restoring real estate to tax rolls, (2) administration of foreclosed property, (3) retaining for municipal use. In other words, each piece of property is viewed in the light of these three alternatives to determine what is to be done with them. Each parcel acquired is examined for suitability for some likely municipal use.

During 1945 the Real Estate Commissioners transferred twenty-one parcels, representing an assessed value of \$44,400, to the Park Department and one parcel, representing \$196,600 in assessment, and located at Spectacle Island, to the Public Works Department. Another parcel adjoining a fire station and badly needed for "elbow room" was given to the Fire Department. Nine parcels were also sold to the Boston Housing Authority for the amount due the City in taxes.

A committee consisting of the Chairman of the Planning Board, the City Treasurer, and the Chairman of the Real Estate Commission determines what parcels should be held for possible municipal use. The value of their determination

depends, of course, on their knowledge of department needs and plans and the planning policy of the City as a whole.

Character of Foreclosed Real Estate.

What is the character of foreclosed real estate parcels owned by the City? That it is relatively undesirable is demonstrated by the fact that the owners saw no future for their lots even at low valuations and let them go. The buyers of such lots bought them at distress prices (30 to 40 per cent of assessment) and at approximately the amount owed the City.

The following is a general outline of some of the limitations which foreclosed property faces, as observed in the various sections of the City:

Ward 1, East Boston. Most of this type of property is located in an undeveloped section of Orient Heights, while some more is located on a marshy stretch not far from the airport, and holding the possibility of future absorption by the airport. The first mentioned group may have possibilities of development, but has the limitation of location on the side of a steep hill.

Ward 2, Charlestown. Many of these lots are small and scattered, their size a heritage of the day of small-lot size. Of the 192 lots listed in the published table dated November 1, 1945, 153 were less than 2,000 feet square. Some of these are grouped, as in the case of Rutherford avenue and Main street and a few other spots. Whereas the parcels in East Boston represented unsuccessful land speculation, much of the foreclosed real estate of Charlestown may be attributed to neighborhood blight.

Ward 3, Boston. This section embracing the downtown district represents the highest concentration in valuation of all wards in respect of foreclosed real estate. The analysis of such commercial property would be a study in itself, and several such studies have been made, including one made in 1941 by the Urban Land Institute. There is also a volume of residential real estate in this ward, primarily the result of neighborhood disintegration and population shifts.

It is also held that the original zoning of some of these sections, such as North and West Ends, was based on expected business expansions which never materialized and left the areas on a high unit basis of assessment.

Ward 4, Back Bay, south, has relatively few parcels of foreclosed real estate, the largest stretch being an assembly of about 35,000 square feet on Hemenway street.

Ward 5, Back Bay. Many of the parcels in this ward are in the Castle Square section and represent factors of neighborhood deterioration. The restoration of such areas is tied up with whatever possibility there may be of large-scale development in housing, street widening, dieselizing of the railroad, and other progressive factors. In such neighborhoods the expectation can only be that more properties will be added to the foreclosed list.

Ward 6, South Boston, north, contains about 200 parcels, most of them in a deteriorated section.

Ward 7, South Boston, south, has fewer than 100 and has more residential possibilities than Ward 6 in its prospects of redevelopment.

Ward 8, Roxbury, east, and South End, has 115 parcels, presenting a picture of neighborhood blight and industrial possibilities.

Ward 9, Roxbury, central, contains about 200 foreclosed parcels, many of which are found in deteriorated neighborhoods.

Ward 10, Roxbury, west, with 105 foreclosed parcels, presents some new difficulties. Here topography makes building costs prohibitively high. Located on bluffs, the development of many of these would require retaining walls, high foundations, etc.

Wards 11 and 12, south and east Roxbury. A combination of factors operates here, hindering development of foreclosed real estate. Site difficulties of ledge, deteriorated neighborhood, change in racial occupancy are some of the influences. Even where land is available to build, environmental factors discourage the investment.

Ward 13, Dorchester and Savin Hill. Ledge and run-down neighborhood affect future prospects of foreclosed property.

Ward 14, Dorchester, west. Here there is a foreclosed parcel of some 350,000 square feet, but it is characterized by ledge and woods.

Ward 15, north, central Dorchester. Prospects limited by cliff and ledge.

Wards 16 and 17, south and center Dorchester. These wards contain some extensive foreclosed lots, some of which may hold possibilities of development. One area of 647,300 square feet is currently being held for Park Department.

Ward 18, Hyde Park and Mattapan. This area contains over 800 parcels, or about 25 per cent of the total number of foreclosed lots. Some appear to hold possibility of development, but there are limiting factors present. In the area northeast of Cummins Highway, ledge, woods, and some low spots are obstacles. In the Fairmount area, bounded by the State parkway and the Milton line, ledge and woods are also present. The same limitations may be found in some of the other undeveloped foreclosed lots which lie in the Wood Avenue section.

Wards 19 and 20, West Roxbury. As in the case of Ward 18, there are many large foreclosed lots and continuous land assembly, but also sharing the limitations of Ward 18.

Ward 21, Brighton, contains several lots, cleared and apparently offering possibility of development for the proper use.

Ward 22, Brighton. Much of the foreclosed property in this ward is located on a hill in back of Oak square and running down to the railroad and the Newton line in an undeveloped area.

Unused School Property.

In striking contrast with so much of the foreclosed property, the unused property held by other departments is valuable and sizable, particularly that of the School Department.

The School Department possessed, as of a recent date, either in the form of unoccupied land acquired for school purposes, or vacant land cleared by demolishing buildings, thirty-five parcels, totaling 963,855 square feet, or an average lot size of approximately 30,000 square feet, located as follows:

WARD	Number of Parcels	Area
1.....	2	53,400 sq. ft.
2.....	1	5,857 sq. ft.
5.....	1	7,365 sq. ft.
7.....	4	12,424 sq. ft.
9.....	1	55,908 sq. ft.
12.....	3	51,157 sq. ft.
13.....	1	36,313 sq. ft.
14.....	1	14,312 sq. ft.
16.....	3	100,705 sq. ft.
18.....	6	265,018 sq. ft.
19.....	3	82,535 sq. ft.
20.....	4	136,965 sq. ft.
21.....	3	108,806 sq. ft.
22.....	2	33,090 sq. ft.

In addition, there are over forty more buildings distributed throughout the City which have been closed, and some of these will undoubtedly follow the road to eventual razing; some have already.

Just as the shifts of population and the movement of decentralization have been factors in the eventual foreclosing of property, so have they been factors in school-closings, failure to use acquired property, and demolition. The whole question of school land and buildings appears to be in a state of flux. While many schools have been abandoned or razed, new locations must be acquired and planned on the basis of a sound long-range plan. The Strayer Report has outlined a plan of such relocation.

Future Prospects.

Considering the advanced age of much of the building in Boston, as indicated in the Finance Commission Report on Decentralization, the spreading nature of neighborhood blight which has taken hold of many of the sections where some of this foreclosed property is found, and the probability of a renewed movement to the suburbs when residential building is revived, it is a moderate expectation that the volume of foreclosed property which has been fairly steady since the establishment of the office of Real Estate Commissioners will continue and eventually increase.

While 258 parcels were sold during 1945, a substantial number were added, so that there are still over 3,000 parcels listed. There were 3,758 parcels on hand on January 1, 1944; 3,784 on hand on January 1, 1945; and 3,376 parcels on hand on December 1, 1945. Thus, even in the current favorable real estate market a huge backlog of parcels is not moving.

It seems clear that under present conditions the great bulk of this backlog will find no place on the market. This opens up the question of what the City's policy should be with respect to such property.

Redevelopment of Boston.

Several public studies have demonstrated that there is no more important issue in the Boston situation than that of the principal source of its operating revenue, viz., real estate. It is well known that the security of Boston's future depends on an extensive building development or redevelopment. No single stroke can accomplish this desideratum, but it is timely to examine all the instruments which presently lie or will lie in the hands of the city government which can encourage its advent. Other cities are attacking the same basic problem which besets Boston, i. e., decentralization, blight, and loss of valuation, in various ways. New York and Pittsburgh seek to take over extensive areas and redevelop them. Milwaukee is endeavoring to designate or "zone" neighborhoods to be redeveloped over a period of years, so that private builders and investment agencies would then be in a position to determine with greater confidence construction in these areas. In this way a neighborhood can be "zoned" for eventual redevelopment. This policy requires legislation to provide an annual appropriation of a fixed amount to assist in the redevelopment of blighted areas. Philadelphia has recently established a Redevelopment Authority with important responsibilities and powers with respect to the acquisition, replanning, and redevelopment of blighted areas in the city.

Redevelopment of Boston by Federal Subsidy.

The most promising prospect of material assistance which has yet appeared on the horizon in the direction of meeting the cost of land acquisition, which is generally conceded to be the greatest single obstacle in the redevelopment of areas such as are found in Boston—and particularly in many of the areas from which much of the foreclosed property has come and probably will continue to come—is the so-called Wagner-Ellender Taft Bill. This is now pending in Congress and, in the opinion of informed sources, will probably pass.

In regard to this bill, Senator Wagner, co-author, stated:

"In order to encourage private enterprise to participate, along with public endeavor, in the clearance of slum and blighted areas and the preparation of land for redevelopment, the bill sets forth a five-year program of Federal aid to localities for land assembly, clearance and preparation for redevelopment. This is sometimes called 'urban redevelopment.' The essence of this plan is that Federal and local aid will combine to bring the cost of acquiring this land and preparing it for redevelopment down to the point where its re-use for various purposes will be feasible."

At present there is a "limited dividend" statute in Massachusetts which provides for the getting up of limited dividend corporations to undertake redevelopment. The pending Federal legislation is expected to bring this objective much nearer realization.

It would appear that in preparation for the eventual provision of such subsidy and its stimulation of building in the City that suitable plans should be developed by the City.

Shrinking Tax Base.

The Finance Commission's annual report for the year 1945, and many similar reports, emphasize the cost of government. This is only one side of the coin. The other side, and equally important, is the revenue side, and the fact that Boston

depends to such a large extent on real property for its revenue emphasizes the importance of the matter of real estate in the City. Even assuming the re-shaping of the government structure of the City and its operation at a rate of maximum efficiency and economy, the source on which the City depends for most of its revenue must be made to support that government. Boston depends for approximately two thirds of its revenue on the real property tax.

That source, the valuation of real estate (as shown above), has been regularly shrinking for a number of years. The reasons commonly ascribed are economic in character and relate to the business situation within and without the City and the effect of decentralization.

The reasons commonly ascribed to drastic reduction in valuations include population shifts and decentralization, loss of business and income-paying population. There are also municipal controls and policies which can affect valuations. These relate to assessing methods, land use and zoning controls, and other devices developed by planning boards.

It is timely to examine the potentialities of these techniques at this time. Both the Legislative Recess Commission on Real Estate and the Urban Institute in their studies of Massachusetts Real Estate and Downtown Boston Real Estate, respectively, offer testimony of changes which have implications of future losses and new uses for land.

With respect to downtown Boston, the Legislative Report observes: "Entire blocks in Boston which are still devoted to business uses are covered by outmoded buildings erected more than 100 years ago." It refers to the shifts in the wholesale trade which have hit the Boston wholesale district. The reference suggests an observation found in the report of the Urban Land Institute: "It may well be that the new use of the obsolete wholesale and storage district mentioned above is for residential purposes."

Moreover, "the decline in the demand for office space, combined with the effect of obsolescence in Boston's ancient office buildings" are influences which tend to eventual taking over for taxes. (The report does not note another factor, over-financing, which has also been present.) Newer "multi-story office buildings equipped with high speed elevators have made a more intensive use of such land possible and have drained away tenants from the older buildings, leaving them economically stranded, ending up as parking lots."

Another shift noted is that "with respect to retail trade, the same general shift from established centers has long been in progress." If to these shifts are added the population shifts throughout the City, attended by successively lower income occupancy of the area, it is easy to understand why valuations have shrunk as they have. To make matters worse, the Legislative Report contends that the Assessors "have made serious efforts to adjust their valuations to the progressive economic blight as it proceeded, but have lagged in doing so, just as they seem to have lagged in adjusting taxable values to mounting fair cash value in West Roxbury."

SUMMARY.

The situation may be summarized somewhat as follows:

The City has come into possession of hundreds of acres of vacant land and a number of commercial buildings by foreclosure. The disposition of this land and the management of these buildings is important business and calls for competent administration. There is, moreover, need of another element in the picture which has not been developed. This is a comprehensive plan for the best use of this and the other unused land owned by the City.

Much of the foreclosed land has serious limitations of development, but practically all the school land is excellent. The combined holdings of the City are found in small and large lots, some in deteriorated surroundings, some in the undeveloped hinterland. Moreover, the prospects are that much more property will fall into the City's hands.

The City is confronted with a tax base which has been shrinking, except in a few of the upper wards, since 1930, and the failure of downtown real estate to carry its traditional proportion of the tax load is throwing an increasing load on these few wards. The flight of the middle and high-income population and business to the suburbs cannot be stopped, indeed, will increase in the next decade. The real estate situation, therefore, is approaching an impasse, and every avenue of alleviation should be explored.

Several partial studies, such as the study of downtown Boston by the Urban Land Institute, have been made. The latest general study of real estate in Massachusetts by a legislative research commission and published in 1945 offers small hope of rejuvenation in the real estate business. It would be rash, therefore, to attempt to give a definite answer to this riddle. Some specific steps, however, may be indicated which lie within the City's province and which tie together property which the City owns or will own and the general land picture throughout the City.

1. The City must take stock. In order to view the situation as a whole and as a basis for predication a policy, a large-scale map showing location and type and size of all foreclosed and unused property should be made.

2. Master plans for recreation, housing, highways, school buildings, and other uses should be completed, to determine the best use of this land and what parcels to hold for these purposes.

3. Foreclosed parcels which are to be sold should be listed and classified along the lines of suitability and customer interest.

4. A land use and zoning study to determine the changed picture during the last twenty years should be made and plans for new uses determined where indicated.

5. Determination of how best to dispose of or promote the large tracts in the undeveloped sections where new building must take place should be made. In anticipation of the benefits to be derived under the Wagner-Ellender-Taft bill, suitable lands looking to the assembly of land and redevelopment of blighted areas should be made.

6. Many studies have been made and other started in the field of assessing methods. It is time to complete these studies and implement these findings in the light of the valuation problem.

7. The Strayer Report contemplates the relocation of many schools. Shifts in population have brought in their wake the need for relocated recreation space and public buildings furnishing services to the district. In the light of such changed conditions possible uses of City-owned land should be studied. All these should be comprehensively planned, however.

8. The possibilities of exchanging presently owned, or to be acquired, parcels for other parcels to carry out the plans referred to should be investigated.

In the establishment of the Real Estate Department and in the subsequent evolution of it to the form of organization which now exists, a scientific pattern was apparently never in the minds of its creators. It began with a City employee whose task it became to keep record of parcels acquired by tax foreclosure and to sell or lease as the Mayor and City Council authorized. The next step, the designation of an employee by the exact title of "Custodian of Foreclosed Real Estate," was motivated simply by a desire to eliminate the City Council from the control.

Since that change the department has had a rapid growth. Long ago its responsibilities had greatly outgrown its unscientific organization and limited practices. When attempt was made to work out by legislation a proper organization of it and to obtain intelligent operation, again a shortsighted and narrow view of its place in municipal government defeated the effort.

The third step in its evolution to its present state therefore, accomplished little more than the second. It simply gave the custodian the standing of a department head with a higher salary, provided that two members of the board of which he had become chairman would have a little power, and two others — members by reason of holding other City positions — would have a little less. At the present time it is difficult to realize the limitations in authority of each.

Sooner or later the Real Estate Department must become a modern real estate office engaged in operating parcels of which the City should still retain possession, and of getting back other parcels into taxable ownership as far as possible. It must spend time in study to determine what the City could properly do to enhance the salability of many of the parcels, such as land clearance and site preparation, particularly those in the outlying areas.

The staff at present is overwhelmingly a stenographic staff. The number of its investigative employees diminished while its responsibilities multiplied. That is the reason so many important tasks which should have been accomplished have not even been attempted.

The wholeness of the department needs revamping. If a board is to control it, responsibility should be divided equally among its members. The nature of its organization should be motivated by the real duties when fully realized. Obviously it needs more staff; specifically, it needs engineers, and it needs other kinds of assistance which can be supplied by persons of ordinary intelligence. The duties of the latter would be sometimes investigative, sometimes light office clerical work, sometimes merely messenger work.

Nevertheless, to obtain that new help does not require the appointment of another group of new City employees. The other City departments, many of them, can release to the Real Estate Board all the non-engineering help it needs. This would furnish an opportunity to derive some municipal benefit from many on the City pay roll who are not now sufficiently employed.

Furthermore, from among the 160 engineers now scattered through various departments, the Real Estate Department should be able to recruit all the engineering help it needs. The City Planning Board can also obtain from this reservoir the engineers it needs to complete or bring up to date the several types of plans and controls needed to determine the best use of City-owned land and to further the redevelopment of the City.

Respectfully submitted,

EDWARD F. MULLEN, Chairman,
ALEXANDER WHEELER,
LEO J. DUNN,
FREDERICK DEANE,
The Finance Commission

ROBERT E. CUNIFF,
Secretary.

SALE OF NAILS BY TRANSIT DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, April 15, 1946.
To the City Council.

Gentlemen,—I submit herewith an order authorizing the Transit Department to sell six hundred and forty-two kegs of nails of miscellaneous weight for the sum of \$1,828.60.

In view of the fact that the Transit Department states it has no further need for these nails, and in view of the fact that the sum contemplated is the price paid by the department at the time of purchase, I concur in the department's recommendation and respectfully recommend passage of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Transit Department, April 4, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—Your approval is respectfully requested to sell to John J. Brennan & Sons, 1109 Washington street, Boston, for the sum of \$1,828.60, which is the price paid by the department at the time of purchase, the following kegs of nails:

15 kegs of 2d nails at cost to the department \$4 055.....	\$60 83
40 kegs of 8d nails at cost to the department \$3 02.....	120 80
50 kegs of 12d nails at cost to the department \$2 885.....	144 25
140 kegs of 30d nails at cost to the department \$2 795.....	391 30
375 kegs of 40d nails at cost to the department \$2 795.....	1,048 13
2 kegs of 60d nails at cost to the department \$2 795.....	5 59
20 kegs of 8-inch spikes at cost to the department \$2 885.....	57 70
	\$1,828 60

These nails are no longer needed for the work of this department.

Respectfully,
Malcolm E. Nichols, Chairman.

Ordered, That the Transit Department be, and hereby is, authorized to sell to John J. Brennan & Sons, 1109 Washington street, Boston, Mass., six hundred and forty-two kegs of nails, more or less, of miscellaneous weight, for the sum of eighteen hundred and twenty-eight dollars and sixty cents (\$1828.60).

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

John Dunderdale, for compensation for damage to car caused by an alleged defect in Western avenue.

John S. Fitzgerald, for compensation for damage to property at 73 Fort avenue, caused by broken water pipe.

Rebecca Gilman, to be reimbursed for expenses incurred in digging and repairing leaks at 31 Hosmer street, Mattapan.

Martha L. Hamilton, for compensation for injuries caused by an alleged defect at 55 Green street.

Beatrice Harris, for compensation for injuries and damage to clothing caused by an alleged defect at 305 Talbot avenue.

Massachusetts Plate Glass Insurance Company, for compensation for damage to plate glass at 134 Beach street, caused by snow removal truck.

Frances Miller, for compensation for injuries caused by an alleged defect in Norway street.

Tasia Orphanos, for compensation for damage to car by police car.

Thomas W. Smith, for compensation for injuries caused by an alleged defect at Massachusetts avenue and Boylston street.

John Walsh, for refund on pedler's license.

Committee on Licenses.

Petition for driveway openings: Automotive Distributors, Inc., at 445 Cambridge street, Allston.

PERMITS FOR MINORS TO APPEAR.

Petitions for children to appear at places of public amusement were received as follows:

Skating Club of Boston, Skating Club Hall, April 26, 27 and 28.

Esther Lyons Ware, Jordan Hall, May 31.

Dorothy M. Wright, Recital Hall, June 10.

Permits granted under usual conditions.

APPROVAL OF BOND.

The bond of Massachusetts Bonding and Insurance Company submitted by Hamid N. Bey (petition for local transient vendor's license at New England Mutual Hall having been granted) was received and approved.

CONFERENCE RE STATIONARY FIRE-MEN'S STRIKE.

Coun. LINEHAN offered the following:

Ordered, That his Honor the Mayor be requested to arrange for an immediate conference between the members of the Boston Housing Authority and the duly designated representatives of the Stationary Firemen's Union in order that a quick and equitable settlement might be made of the wage problem affecting firemen in the various projects.

Coun. LINEHAN.—Mr. President, it has been called to my attention by many tenants in the Old Harbor Village Project in my district, which comes under the jurisdiction of the Boston Housing Authority, that the stationary firemen working in that particular project, as well as the stationary firemen in all the other projects under the jurisdiction of the Boston Housing Authority, have gone on strike as a result of a disagreement between them or their duly authorized agents and the members of the Boston Housing Authority. At this time I would like to give the members of the Council a few statistics which prove to me as one member of this Body that this strike certainly should be adjusted quickly, not only for the benefit of the workingmen, the stationary firemen, but for the many people who live throughout the projects which are heated by means of coal. We all know it is very cold out today. It is not a warm day. As a result of the cold weather we find that children in the Old Harbor Village, and other projects which are heated by coal, are in the position of contracting pneumonia and other diseases as a result of lack of heat. Now I have been informed through reliable sources that the following mechanics have been granted an increase by the members of the Boston Housing Authority recently. Just how recently it is, I am not sure. Take, for example, the steamfitters. They received an increase of 17½ cents per hour, making \$1.375 per hour they receive as an hourly rate. The electricians received an increase of 17½ cents per hour, making also a rate of \$1.375. The plumbers received an increase of 17½ cents, making their present rate \$1.35 per hour. Then we come down to the firemen. What do we find has happened there, as the result of the actions of the Boston Housing Authority of which I was a former member not so many months ago, when his Honor the Mayor saw fit not to reappoint me to that position? I find that honorable body, with a laboring man as its chairman, has granted only an increase of 11 cents per hour to the firemen, making an hourly total of \$1.2375 per hour. Now I certainly do not want to attack the Boston Housing Authority too much in regard to the matter. But, on the very face of things, on the face of these statistics, it does not seem to be consistent. We have four types of mechanics receiving an increase of 17½ cents per hour and, on the other hand, you might say a fireman is a type of mechanic. He deals with the lives and safety of the men, women and children that live throughout the projects heated by coal, so it certainly does not seem to be fair to me, as a member of this Honorable Body and as a past member of the Boston Housing Authority, that they should not grant increases to one group out of four different groups of mechanics getting 17½ cents per hour increase and discriminate against another type of high-class worker, the firemen, giving them only 11 cents per hour. As I said at the outset, the strike is on. I have been told there is no heat in the Old Harbor Village. I imagine it is true of other projects heated by coal. If that is true, there is no question but that any of the councilors here who have housing projects in their districts are going to get calls, and I do not blame the tenants for crying for heat. After all, they are charged for heat. They certainly should get it. Now I am not saying anything against the firemen. I realize the fact their only means of getting more than 11 cents per hour increase is by the use of a strike. That is labor's only remedy, you might say. If they do not get what they want, they strike. I hope they always have that right while we have a democracy here, anyhow. All through the years you have heard about the laborer getting a just share from private industry and how the poor laborers attack the employer. But, when you analyze it right down, if it was not by the means of a strike we would not have our so-called high type of citizen in this country. With the strike we have had good citizens. Laborers showed that during our fight with the enemy. As a result, the high cost of living is gradually going up. Probably within six months, if the O. P. A. restrictions are lifted, prices will really go up. That is private business. They get whatever the traffic will bear. Therefore, they will charge whatever they can get from the consumer. If they are regulated by O. P. A., they take their nylons down to South America and other countries where they might get their six dollars a pair for them. If there are those of us in this Body who might think—and I do not think there are many—who might think the firemen are wrong, I hope they will realize that they are using their only means of getting a living wage as of today. Certainly if the members of the Boston Housing Authority saw fit to raise those other types of mechanics 17½ cents an hour, then they should have raised equally the salary on the hourly rate of the firemen. This order calls for having his Honor the Mayor confer with the members of the Boston Housing Authority and duly designated union officials, to get together

as quickly as possible and try to iron out this situation, not solely for the benefit of the workingmen but for the poor children and mothers and fathers who live in the different projects. If government itself—and this is the government of the City of Boston—if government itself does not give a living wage to the workingmen, we cannot expect General Motors and other companies, other private companies, to give better wages. Why should we in government, in Congress, or wherever we may be, expect private industry to raise the present hourly rate of wages for the workingman if we do not ourselves pay the workingman, particularly the mechanics who have to be duly qualified and pass tests to secure their positions? Certainly if we expect private industry to do it, then we ourselves in government have to do it. Unfortunately, the Boston Housing Authority can do what they please about this matter. It is just like his Honor the Mayor said, according to the newspapers, that the City Council was not entitled to certain information which I think the Council is entitled to. The members of the Boston Housing Authority as a result of this order, if the Mayor signs it, can tell us they do not care to answer. They do not have to tell us that. They can refuse to answer. They can refuse to grant a conference to the representatives of the firemen's union. But if they do that, if they refuse, they are not only being unfair to the workingmen, the firemen, but fundamentally and primarily the ones they are responsible to, the tenants, to whom they owe a duty to supply heat under their contracts. Now I did not suppose I would get up here today and argue as much as I have in regard to this matter if we had not had this action which the members of the Boston Housing Authority evidently took recently when they raised the salaries 17½ cents an hour for the steamfitters, electricians, plumbers and carpenters. On the other hand, they discriminate against the firemen. Why? I do not know. They raised their wages only 11 cents. Unless they think that the firemen can live on less than what the others get, and of course that is absurd. I sincerely hope his Honor the Mayor will get on the ball on this matter, if he has not already done so. I do not believe in writing letters to his Honor the Mayor asking him to do it. I like to do it through this duly established Legislative Body, as he calls it, where I have a right to get up on my feet and talk on an order. I think this is a fair order. I am not saying, "Give the firemen 17½ cents." I sincerely hope the Boston Housing Authority can see fit to raise them 17½ cents and go along with all the other mechanics. In conclusion, I hope the President of this Body will send this order, if it is passed by this Honorable Body, forthwith to his Honor the Mayor, because time is of the essence, as they say in law. If we wait another week, the people in the projects might be without heat. If his Honor the Mayor, who has great influence over some of the members of the Boston Housing Authority, calls them into a conference, he might, if he so desires, request them to confer with the union officials and see if they cannot arrive at some equitable solution. I hope if this order is passed the President of the Council will send it forthwith to his Honor the Mayor without further ado.

Coun. COFFEY.—Mr. President, I want to add a few remarks to what Councilor Linehan has said. Bobbie brought to light the fact that the other mechanics in the projects received a greater increase in pay than the firemen. I got a call just before the meeting, and you gentlemen can take it for what it is worth. Mr. John Carroll refused to sit down with the firemen, refused to have any dealings whatsoever with the firemen or their representatives. If that is true, some drastic measure should be taken. I am also told he is considering putting 38 new men on in place of these firemen. If he does that, he is going to make one big mistake. It is only natural all the other mechanics and even laborers or anybody else employed by the Housing Project will take up the side of the firemen. If they do not, we will not think much of them. We know that instead of having 38 firemen out, if something is not done and done today, you will have everybody employed by the Boston Housing Authority going out on strike. They have to stick with their fellow workers. That is only natural. I hope action is taken today. If Mr. Carroll made the statement that he at no time would consider sitting down with any representative of the firemen's union, then I think some drastic action should be taken against Mr. John Carroll. If that is not so, I hope his Honor the Mayor will see fit to take some action today. Tonight is a cold night. We want heat in those projects, if it is humanly possible, tonight.

The order was passed, under suspension of the rule.

INCREASE OF CERTAIN SALARIES IN BUILDING DEPARTMENT.

Coun. HANNON and FISH offered the following:

Whereas, Statistics show that the cost of living has increased at least 30 per cent during the past five years; and

Whereas, Wages and salaries in the building industry have been adjusted to meet this increased cost of living; and

Whereas, Other commonwealths and municipalities have established a higher standard of wages and salaries for their employees; and

Whereas, The rate of pay of the inspectors of the Building Department of the City of Boston has not been increased in nearly twenty years; therefore be it

Ordered, That his Honor the Mayor direct that the salaries of the inspectors of the Building Department be increased to thirty-five hundred dollars (\$3,500) per annum and that the salaries of construction engineers, all supervisors and all chiefs of divisions of the Building Department be increased to four thousand dollars (\$4,000) per annum.

Coun. HANNON—Mr. President, following along with my good friend, the councilor from Ward 7 (Coun. Linehan), I am happy to join with him in seconding his order that something be done for the firemen in the housing projects. It seems that it often takes a great catastrophe to present before us in proper form a certain situation. As the councilor well said, it will almost take a strike in order to insure that the laboring man or the fireman in the public housing projects receives his just dues. So the other day when we were all shocked by the catastrophe that occurred at Belvidere street in which eight human beings lost their lives because of the ravages of fire, each one of us was faced with the problem of trying to locate the blame. I might be wrong. It seems to me in the last few years Boston has suffered far more than other municipalities through the ravages of fire. Practically every day when we pick up the paper, we read of a fire or the destruction of a home. It seems that somebody has lost his life, and not always the occupants of the house. Even in the case of that heroic officer who went in there to try and effect a rescue of the people who were burned to death, consumed by flames, we always figure there must have been a shortcoming somewhere. As a result of that fire, there is no doubt about it in anybody's mind, the problems and burdens to be placed upon the inspectors in the Building Department of the City of Boston are going to be increased and multiplied. As soon as the buildings are destroyed, they immediately look to see if there was proper construction, if the building laws were enforced. Because of this fact, I made it my business to go over to the Building Department and see what they thought contributed to this great loss of life in the destruction of that building. I was really astounded to find out that our building inspectors, the men upon whom we place probably the greatest responsibility in the city, receive far less salary than most of the men who are working on the construction of the buildings. As the previous speaker, the gentleman from Ward 7 (Coun. Linehan) said, practically every building construction man has received a raise in salary in the last few years, and yet in 20 years our building inspectors have not received any raise in pay. We ask much of them, even to get the job. Practically every one of them has to be a man with a college degree or if not that, he must have served his apprenticeship and worked his way up through the building trades. He must know his business. We send him out there to supervise the erection and construction of buildings which run into millions of dollars. Upon this one man the city places the heavy responsibility for the construction of a building. Then throughout the years we depend upon that same man at that same paltry salary to see that nothing happens to the building that should not happen to it. He is placed in charge when it is first erected and years later when that building is destroyed or consumed by fire, that same building inspector is called before his superiors. He is asked to explain how this or that particular thing happened. I think that job is worth every penny we can give it. We demand much. We should give something in return. Public service men of every type are receiving increases in salary. Our inspectors in the Building Department are grossly underpaid. We should give them more. How much more rests with the authorities other than the Council. However, I think each councilor here will admit this, from now on because of the fact that fires have caused the death of so many people, because of the fact that fires have destroyed so much taxable property in the city, the inspectors in the Building Department are going to have even greater burdens placed upon them. We are going to ask more of them in the future. I think we should take the first step and give them something in return.

The order was passed under suspension of the rule.

NEW FIREHOUSE, NORTH END.

Coun. RUSSO offered the following:

Ordered, That the Commissioners of Foreclosed Real Estate be requested, through his Honor the Mayor, to transfer land located at 2½ Charter street, 390-394 Hanover street to the Fire Department for the purpose of building new firehouse, and remove the firehouse on Salem street and house it in the new building.

Coun. RUSSO—Mr. President, in the last five years I have tried to remove the firehouse which is located on Salem street in my district. We all must realize and visualize that Salem street is a narrow street and many pedestrians are going through that street day in and day out. It is a

business section. At times you will find some of the pedlers with their pushcarts on the street. Naturally it is very dangerous for themselves and for the Fire Department when they are called, to go to a fire. I took that question up with the former Mayor of the city, now our Governor Tobin. At that time he agreed something ought to be done and that the firehouse should be removed. I have here a report made by the then Fire Commissioner, Arthur Reilly, in which he states a new fire station on Hanover street to accommodate the area around Salem street is long overdue. I believe that 2½ Charter street and 390-394 Hanover street, a corner section, would be a proper place to build the firehouse. Although nothing serious has happened in all these years we have to realize that the firehouse was built in 1871. That is many years ago. Before something disastrous may happen, I hope that the Fire Commissioner and the Commissioners on Foreclosed Real Estate will get together and see that a firehouse is built on this particular location. As I said before, the firemen of Engine 8 deserve the highest commendation of everyone for their splendid work. They have done very well in all these years. It is really amazing how they can get in and out of such a narrow street when they are called to answer calls for fires. I therefore hope this order will pass, Mr. President, and that immediate action will be taken. I also wish to bring to the attention of his Honor the Mayor that adjacent to this particular parcel of land there are two other parcels, 384 and 388, which I believe are all tax title. I hope that the Corporation Counsel sees fit to expedite matters pertaining to the taking of this land so that if they need this additional land adjacent to this property, they could very well build a large, sizable firehouse. The land in question now on Hanover and Charter streets is approximately 900 square feet, more than what they have at the present time on Salem street. I therefore hope, Mr. President, the order will pass and immediate action will be taken.

The order was passed under suspension of the rule.

SURVEY OF APARTMENT HOUSES.

Coun. CHASE offered the following:

Ordered, That the Building Commissioner be requested, through his Honor the Mayor, to make a survey of apartment houses in Boston with a view to determining the necessity of amending the laws so as to provide emergency egress in the event of fire.

Coun. CHASE—Mr. President, there are many apartment houses in the Back Bay area of my district, old houses, 50 and 60 years of age. They have nothing but wooden interiors with brick outside shells. These apartment houses are in many instances not equipped with fire escapes. They rightly can be called fire traps. I think in view of the fire which took place on Belvidere street last week, the municipal authorities should do something about having the landlords properly equip these houses with emergency exits. I know many large apartment houses in my area that house over 100 tenants. They are old buildings. All the interior is constructed of wood. No one knows what would happen if a fire was to take place in these houses. As I understand, the law today calls for two entrances. But in my opinion it is not a proper law. The Belvidere street fire has proved it. The fire on Belvidere street took place in a four-story apartment, a wood and stone building, with a wooden interior, and with no fire escapes. The policeman who dashed up the stairway to give warning to the tenants was trapped upstairs trying to get out. He saw he was unable to go down the burning stairways. He jumped out the third-story window, I believe, and suffered bad injuries to the extent that he died as a result of them. That of itself is evidence to show that if that particular building had fire escapes on it at least the policeman would have been saved. He would not have found it necessary to jump from the third-story window. I am going to request that this particular order be referred to the Executive Session. I move that the Building Commissioner, the Fire Commissioner and the Corporation Counsel be called in to discuss this matter with the Council. I think it is very important to see that these old buildings are properly equipped with fire escapes or other proper emergency exits.

The order was referred to the Executive Committee.

INFORMATION AS TO EMPLOYEES HIRED AND DISCHARGED.

Coun. CHASE offered the following:

Whereas, That the Boston City Council in regular meeting assembled passed an order calling upon the Mayor of the City of Boston to provide information to the Council as to the number of employees hired and discharged since the first of the year 1946; and

Whereas, His Honor the Mayor has in real Hitler fashion refused to give the Council the information sought on the grounds that it pertained to the executive branch of the government; and

Whereas, The Council feels that it is entitled to this information through the power conferred upon it in sections 7 and 8 of the city charter, therefore be it

Resolved, That the Boston City Council in regular meeting assembled hereby respectfully requests the Attorney-General of the Commonwealth, the chief law enforcement officer of the Commonwealth, to give the Boston City Council an interpretation of sections 7 and 8 of the Boston city charter.

Coun. LINEHAN—Mr. President, a point of parliamentary inquiry. Can I submit at this time an order quite similar to that of Councilor Chase which I think should be discussed at the same time so we will do away with much repetition later on in the afternoon, if it is all right with Councilor Chase?

President KELLY—Well, if there are two similar orders, councilor, we cannot pass upon two similar orders.

Coun. LINEHAN—I might say for your information and that of the clerk, my order requests the Boston Law Department for a legal opinion in regard to this matter.

President KELLY—Did you want to amend? That would be perfectly in order after Councilor Chase's order, if that is the way it is worded.

Coun. LINEHAN—May I bring this now and present it, submit it now, and let Councilor Chase talk on his order? That is a point of parliamentary inquiry.

President KELLY—You can submit it now, but I will hold it in abeyance until Councilor Chase is through. Then I will be glad to receive it.

Coun. CHASE—Mr. President, the City Council last week passed on order requesting that his Honor the Mayor furnish certain information which we are entitled to. This is the second time his Honor the Mayor has seen fit to defy the Boston City Council and not give information which they were properly entitled to receive. I think, Mr. President, that we all will agree that at least his Honor the Mayor should comply with the law. As I see it, the law is quite specific on it in the Boston city charter.

Coun. KINSELLA—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. KINSELLA—To raise a point of order.

President KELLY—State your point of order.

Coun. KINSELLA—Has it been a custom for the Chair to refer to Rules without debate?

President KELLY—Not all resolutions. Resolutions that do not have a bearing on the city business are referred to the Committee on Rules without debate.

Coun. KINSELLA—I do not mean to shut off Councilor Chase. It is not my purpose. I want to adhere to the rule. Since he is seeking an opinion from the constitutional officer of the Commonwealth, then it is my opinion that this properly should be referred to Rules. He is making this Commonwealth business and not city business.

President KELLY—The Chair feels this order is in order. I am going to refer the order to the Executive Committee when Councilor Chase gets through.

Coun. CHASE—Mr. President, in view of the fact that his Honor the Mayor has seen fit to defy the City Council in not giving it information which it is entitled to legally under the charter, I see no other course for the City Council other than to take an appeal to the chief law enforcement officer of the Commonwealth to give us an interpretation of it so that in the future his Honor the Mayor will not act in this Hitler-like fashion. We were elected by the public to represent them in the Council branch of the government. We are just as important to the municipal government as his Honor the Mayor. We are here to act as a check on his Honor the Mayor. We are entitled to receive all the information which will enable us to exercise our privilege. Now, Mr. President, section 6 of the Boston city charter, which is the authority given to us by the Massachusetts Legislature, is quite specific.

Coun. HANNON—Mr. President, a point of order.

President KELLY—State your point of order.

Coun. HANNON—I wonder if the gentleman is right. I wonder if it is section 6. I think it is section 7.

President KELLY—I think it is neither 6 nor 7; it is section 8.

Coun. HANNON—Mr. President, a point of order.

President KELLY—State your point of order. Coun. HANNON—Will the City Clerk furnish us with copies of the city charter? It is section 7 in mine.

President KELLY—The City Messenger will get copies of Document No. 47 of 1942.

Coun. CHASE—Mr. President, the point is well taken. I should have said section 7 of the city charter.

Coun. HANNON—Mr. President, a point of order.

President KELLY—State your point of order.

Coun. HANNON—So long as we agree on section 7, I do not think we need copies of the charter.

President KELLY—Let us wait a minute. I have sent for the copies of the charter. The Chair is to be corrected. It is section 7. It makes no difference as to the section. It is the content.

Coun. CHASE—We have a long term yet to serve with his Honor the Mayor. I think the time has come for us to let him know that we intend to exercise our authority as given to us by the Legislature and that we expect him to cooperate with us in the manner which the Legis-

lature has provided. I see no reason, Mr. President, why his Honor the Mayor should deny giving the City Council information which it sought, through the medium of the order introduced last week. It was a simple request. We were entitled to the information. I hope, Mr. President, his Honor the Mayor in the future will see fit to fully comply with the law. In order to prevent him from denying us the information which we are legally entitled to, I think it is only proper at this time that the Council should get this interpretation not from the Law Department, the head of which he has unfortunately appointed, but from the chief law enforcement officer of the Commonwealth, the Attorney-General. I think the Attorney-General will interpret this law in an unbiased manner in advising the Council as to the true legal interpretation of it. Then, Mr. President, in the future, his Honor the Mayor will not try to wiggle out of giving information to the Council to which we are legally entitled.

Coun. KINSELLA—I was reluctant to interrupt Councilor Chase a second time, but if Councilor Chase feels that section 7 is the authority, then there is nothing mentioned here that gives the authority. He says that the Attorney-General should handle it. I would like to read section 7, Mr. President. It says:

"The City Council at any time may request from the Mayor specific information on any municipal matter within its jurisdiction, and may request his presence to answer written questions relating thereto at a meeting to be held not earlier than one week from the date of the receipt of said questions, in which case the Mayor shall personally, or through a head of a department or a member of a board, attend such meeting and publicly answer all such questions. The person so attending shall not be obliged to answer questions relating to any other matter. The Mayor at any time may attend and address the City Council in person or through the head of a department, or a member of the board, upon such subject as he may desire."

Job giving or firing is not within the jurisdiction of the Boston City Council. We all know that the department heads appoint and the Mayor confirms. If section 7 is the foundation for the councilor's request, as an attorney I can say that the councilor might readily accept the limitation as final. Hiring and firing is not within the jurisdiction of the Boston City Council, according to the charter.

Coun. LINEHAN—Will the gentleman yield for a question?

Coun. KINSELLA—I am all through, but I will answer a question.

Coun. LINEHAN—I would like to ask the gentleman from Charlestown if he does not think when the City Council appropriates money for employees, the City Councilors are entitled to information as to whether that money is being spent as it was appropriated? It would seem to me this has a bearing on that fact. I would like to have the gentleman from Charlestown (Coun. Kinsella) answer the question if he will.

Coun. KINSELLA—Mr. President, our function here as appropriators of money is a distinct function from the hiring or discharge of employees. After we appropriate the money, the hiring of employees is strictly within the terms of the department head with the approval of the Mayor. While there is a relationship between any two sections of the charter, one with the other, or between any one section and all the other sections, there is not such a close relationship as authorizes us to pass upon employment even though we pass on appropriations. That is an administrative function. I do not know if that is satisfactory to Councilor Linehan. We are definitely barred out by the provisions of section 7 since we know we do not appoint and do not discharge. Therefore, it is obvious that this piece of municipal business does not come within our jurisdiction.

Coun. LINEHAN—Will the gentleman yield for another question?

Coun. MUCHNICK—Mr. President.

President KELLY—Councilor Muchnick.

Coun. MUCHNICK—Mr. President, on March 11 of this year I filed an order which asked that the Mayor give us the information concerning which Councilor Linehan, I believe it was, filed a similar order last week. I would like to know, through the Chair, before continuing, whether that order, once it was passed, was ever acted upon by the Mayor.

President KELLY—I am informed there was no reply received.

Coun. MUCHNICK—Mr. President, I have waited approximately five weeks merely because I thought it was the gentlemanly thing to do, to give the Mayor's office a chance to get whatever information he had to get together in order to submit it to us. It seems to me that the failure on the part of the Mayor's office to act courteously in reply to this order of mine on March 11 and then this week even more discourteously by a flat refusal to give the information based on the request made by Councilor Linehan last week is something which we not merely as individuals but as public officials elected by our own districts should not stand for, if there is any way in which it can be avoided. I have not made an examination of section 7 in the minute detail that the councilor from Ward 2 (Coun. Kinsella) has made as to whether it is legal for us to get information from the Attorney-General or from the Law Department, but it

seems to me we ought to do something. If it is not legal for the Attorney-General to give us this information, I am sure he will tell us so very quickly and in a manner that will not leave anything to the imagination. If it is proper for the Law Department to give us the information, I am sure from our Law Department regardless of by whom it was appointed, we will get an impartial opinion as to our rights under this section. But it seems to me something should be done regardless of whether it is done through a city agency or a state agency.

Coun. BAYLEY—I disagree strongly with the gentleman from Ward 2 (Coun. Kinsella). The order which was passed by the City Council last week and which was filed by the estimable gentleman from Ward 7 (Coun. Linehan) provides that the Auditor and the Budget Commissioner appear before the next meeting of the City Council and advise the number of temporary and permanent employees of the City of Boston eliminated and dropped, and the number of permanent and temporary employees added to the pay roll of the City of Boston. Now, this is not a question of firing and hiring employees. It is a question of how many employees we have in the City of Boston, how many have been dropped, how many added. We cannot reach a proper solution of the budget question which, after all, is one of the most important functions of the Council, we cannot reach a proper decision on whether the budget should be increased or not, if we do not know how many employees there are in each department. We have been refused that information. That request was certainly quite proper under section 7. This is a municipal matter within its jurisdiction. It does not pertain to whether we will hire or fire employees. We have no right under the charter to do that. I feel strongly as do the distinguished gentlemen from Ward 7 (Coun. Linehan) and Ward 14 (Coun. Muchnick) that we are entitled to the information. We are elected to do a job. We have a right to ask the Mayor for such information. He has the duty to furnish it for us. We should ask the Law Department if we can be assured we may receive a prompt reply. I know if we ask the Attorney-General's office we would receive a prompt and efficient reply. Perhaps we should wait and ask the Law Department first. I am in accord with the position taken by my fellow councilors. I wish to commend them for their action and the stand which they have taken today.

Coun. HANNON—Mr. President, for many years now I have been in politics and for many years I have tried to hold myself aloof from this and that attack of being a spokesman for somebody. I have always endeavored to be a spokesman for the people who sent me here, the people of Ward 13. I have always tried to be zealous of the power conferred upon the members in the particular body to which I belong. For that reason sometimes you get yourself in Dutch. Many times your actions are misconstrued, not merely as a Democrat but even as a Republican. Now, in this particular case, I think that the gentleman from Ward 7 (Coun. Linehan) was perfectly correct in asking for the information in the order of last week. However, instead of placing the blame on this one or that one in the city, I think that anybody with a fair mind knows right well where the blame belongs. It belongs up in the Legislature where the worthy member from Ward 4 (Coun. Chase) has held sway for many years. In order to get at the root of this matter, it is necessary to go back into the history of the time when the charter for the City of Boston was changed. We know full well at that particular time the Republicans on Beacon Hill encircled and entwined the City of Boston with so much rope with which the city might choke itself that the city has never been able to emerge. Last year, I, myself, went up to the Legislature and tried to present petitions, resolutions and orders which might give to the Council some of the powers the Council was intended to have when it was first inaugurated. We received no help up there from the Republican members who might be members of the City Council, too. We received no help from the Republican membership of the City Council who might have influence up there or feel that they have influence up there when other matters are before the Legislature. This problem here is simply another example of the looseness of our charter. You know right well it is merely a dilatory and delaying tactic to ask the Law Department or ask the Attorney-General's office for an interpretation of this charter. The gentleman from Ward 4 (Coun. Chase) is an attorney. The gentleman from Ward 5 (Coun. Bayley) is an attorney. The gentleman from Ward 7 (Coun. Linehan) is an attorney. The gentleman from Ward 14 (Coun. Muchnick) is an attorney. I am an attorney. What are we going to do, pass the buck to some other attorney? The gentleman from Ward 12 (Coun. Cook) is an attorney, too. If we run into difficulties we refer it to him. This is not a question of the interpretation of the charter. Anyone of the six or seven of us here who are members of the bar could read over this charter and I am certain each one of us would reach the same conclusions relative to its interpretation. You know the reason behind this. The fact is if we went up to the Attorney-General, a Republican, to get an opinion from him, what could he tell us? The best he can give us in the way of an opinion is that we are entitled to the information. We agree with that before we start off. Each one of us

here feels and knows that he is entitled to the information. But if we do not get the information, what can we do about it? We cannot do a thing because in the charter that was drawn up by our Republican brethren they left out every power that the City Council ever had. So if the Mayor or anybody else will not give us the information, there is no power in the charter by which we can compel it. It merely says here we may ask for the information.

Coun. CHASE—Will the gentleman yield?

Coun. HANNON—Certainly.

Coun. CHASE—Does the Attorney-General have authority to enforce the laws of Massachusetts?

Coun. HANNON—The answer is yes.

Coun. CHASE—Could the Attorney-General enforce the laws stated in the city charter?

Coun. HANNON—The answer is yes.

Coun. CHASE—Then we could get the information.

Coun. HANNON—The answer is no.

Coun. CHASE—We can enforce the law.

Coun. HANNON—The law merely says the City Council from time to time may request specific information from the Mayor. We have requested. It does not say here that the information must be given.

Coun. CHASE—Will the gentleman yield for a question?

Coun. KINSELLA—Mr. President.

President KELLY—Councilor Hannon, will you yield for one more question?

Coun. HANNON—I would be happy to.

President KELLY—One more question, and then I will recognize Councilor Kinsella.

Coun. CHASE—Isn't the office of the Attorney-General, as the chief law enforcement officer, to see that the laws are enforced?

Coun. HANNON—Yes.

Coun. KINSELLA—May I ask a question?

President KELLY—Councilor Hannon, will you yield for a question?

Coun. HANNON—I would be happy to.

Coun. COFFEY—Are the bookies still operating under the Attorney-General?

Coun. HANNON—The answer is yes.

Coun. KINSELLA—I would like to ask Councilor Chase a question. It pertains to a question he asked Councilor Hannon.

President KELLY—Councilor Hannon still has the floor.

Coun. KINSELLA—I defer to his permission.

President KELLY—If Councilor Hannon will yield the floor to you.

Coun. KINSELLA—I will ask Councilor Hannon a question.

President KELLY—State your question.

Coun. KINSELLA—The answer is for Councilor Chase. In view of the fact there is no penalty for failure to live up to the terms of section 7 of the charter, what is there for the Attorney-General to enforce since there is no penalty clause in the section?

Coun. HANNON—The answer is there is no law for him to enforce.

Coun. CHASE—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. CHASE—Will the gentleman yield for a question?

Coun. HANNON—Certainly.

Coun. CHASE—Hasn't the Attorney-General as chief law enforcement officer of the Commonwealth the authority to enforce the laws of the municipalities which were handed down by the Legislature?

Coun. HANNON—The answer is the Attorney-General has the power to enforce the laws which have enforcement provisions in them. This particular section has no enforcement provision in it. There is no punishment for non-compliance with the law.

Coun. CHASE—One more question. Haven't they what they call a writ of mandamus to compel a person to comply with the law? Isn't the Attorney-General the man who is acting on behalf of the public on such matters to enforce the law through a writ?

Coun. HANNON—I do not want to conduct a class in law. There is such a writ. It applies only when the law is not being cooperated with. In this case there is no violation of the law. There is no compelling clause here.

President KELLY—I am going to rule that any further questions are going to be answered in the Executive Session. I have been fair.

Coun. HANNON—I am going to conclude briefly by saying once again I wish to say that I think the request of the gentleman from Ward 7 (Coun. Linehan) was fair enough. I think an answer might well have been given. Since no answer has been given, I think we are merely wasting time trying to compel one. I do not think there is any clause in the charter which gives the power to demand or compel an answer.

Coun. COFFEY—On June 10, 1940, there was an order introduced by Councilor Coffey:

"Ordered, That his Honor the Mayor be requested, under section 7 of the city charter, to appear before the City Council Executive Session for the purpose of informing the City Council the reason or reasons why a slaughter house permit was granted on certain premises on Lewis street, East Boston, and in the event of his inability to be present that he delegate the Health Commissioner to answer such questions relating to said permit; and that the Mayor or Health Commissioner also inform the City Council as to the reason or reasons

for the issuance of a letter to the employees of the Health Department relating to the acceptance of gratuities by said employees."

"Passed under suspension of the rule."

June 24, 1940.

Coun. COFFEY—Here is the answer to that order.

"The following was received:

City of Boston,

Office of the Mayor, June 19, 1940.

To the City Council.

Gentlemen,—I am in receipt of your order of June 10, 1940, requesting that under the provisions of section 7 of the amended City Charter of 1909, either I or the Health Commissioner attend the next meeting of the City Council and answer questions set forth in the order.

It is hardly open to dissent that the purpose of the section was to cover a situation which might possibly arise where a Mayor and City Council were antagonistic rather than harmonious, and the Mayor was withholding from the Council information to which they were entitled in order to perform their duties as the legislative branch of the city government.

It follows that the invocation of such a power by the Council is a serious and grave proceeding and is hardly warranted except in a situation such as I have indicated.

Since I have been Mayor many hundreds of orders have been passed by the City Council requesting information on departmental matters and so far as I can ascertain from the records no such order has gone unanswered, although in many instances the objection could be made that the passage of such orders was in violation of section 8 of the Charter which prohibits the City Council from taking part directly or indirectly in the conduct of the executive or administrative business of the city or county, or in the employment of labor.

I am not in sympathy with any rigid enforcement of this section, as I believe it for the best interests of the public for the Mayor and City Council to work together rather than to deal at arm's length.

The order before me, of June 10, is entirely different in character from the usual order.

The Health Commissioner has issued a certain circular instructing his employees as to their proper conduct under certain circumstances, and has also granted a license for the killing of fowls at 11 Lewis street.

His action was taken in the discharge of his administrative and executive duties as Health Commissioner and in the exercise of his judgment.

Your order requests that either the Mayor or the Health Commissioner present himself before the City Council and subject himself to an inquisition as to the reasons why such action was taken.

It is difficult to conceive of a more direct and flagrant violation of section 8 of the City Charter.

Aside from that aspect of the subject the City Council has presumably lost sight of the fact that the right to resort to the procedure provided in section 7 of the Charter is restricted to matters within their jurisdiction and neither of the matters set forth in the order came within that restriction.

In connection with these matters it also appears from the verbatim report of the proceedings that various charges and insinuations have been made on the floor of the Council reflecting on the executive branch of the city government. If the Council considers these allegations to have any reasonable basis in fact they should not be permitted to remain on their records unchallenged. While the Council itself has not the power to investigate them, they should at least call them to the attention of the proper investigating body, the Finance Commission.

For these several reasons I am impelled to decline to appear before the City Council, or to direct the Health Commissioner to so appear, in answer to this particular order.

This communication is written in no spirit of contention, and the Council may be assured that I have every intention to continue, as I have for over two years, to consult with them, either formally or informally, individually or as a body, at all times when such consultation may appear to be in the public interest.

Respectfully,

MAURICE J. TOBIN, Mayor.

Placed on file."

Now, I might go on to say the reason for that order of mine was this. A slaughterhouse permit had been granted in my ward. It was on a Tuesday, as I well remember. I went down and found a permit had been granted the week before. I came to the Council hearing and asked the Mayor or Commissioner of Health to come into this body and tell us why this permit was granted. The law said that no slaughterhouse permit shall be granted anywhere in the City of Boston without the consent of the membership of the Boston City Council and the Mayor. My argument was a true argument for this reason—it never came before the City Council. The permit was granted and signed by the Mayor of the City of Boston, then Maurice J. Tobin, without any consultation on his part whatsoever with the membership of the Boston City Council. I knew I was right. The answer the Mayor gave is the same answer that might be given here now—they do not have to appear, and they do not designate anybody to appear if they do not see fit. I cannot see any other way out.

Coun. LINEHAN—Mr. President.

President KELLY—Talking on the order, Councilor Linehan.

Coun. LINEHAN—I move an amendment to Councilor Chase's order by substituting an order in the hands of the clerk.

President KELLY—The Chair had intended to refer Councilor Chase's order to the Executive Session and then act on your order as a separate order.

Coun. LINEHAN—I would rather have this substitute. It is possible Councilor Chase's order might be defeated whereas this one has the possibility of getting by.

President KELLY—The Chair would prefer to do it the other way and make the record clearer.

Coun. LINEHAN—Is it possible to substitute this order as it is done in the Legislature when they have an order, as long as it is similar in substance?

President KELLY—First we would have to reject Councilor Chase's order and substitute yours.

Coun. LINEHAN—I move to amend Councilor Chase's order by striking out all of his order and substituting an order in the hands of the Clerk as an amendment.

Coun. MUCHNICK—Mr. President, doesn't such an amendment or substitution require the assent of the original order maker?

President KELLY—The Chair will rule Councilor Linehan's amendment would be out of order. It serves as an absolute rejection of Councilor Chase's order.

Coun. KINSELLA—Mr. President, there are fifteen of us here. If the whole Council of twenty-two was present, they could recall when Councilor Hanley, Councilor Coffey, Councilor Carey at various times asked Mayor Tobin for a list of abatements by the Board of Assessors. I do not think the record will show any place where Mayor Tobin ever granted the request himself or authorized the appearance of the chairman or any member of the Board of Assessors. Councilor Bayley has stated it is obvious I am not a lawyer. Of course it is. I have to resort to the use of common sense. But I am supported by law. That is a paradoxical situation. Common sense and the law run along hand in hand. With all this talk of lawyers and law, the councilors know as well as I know that murder is not a crime until the proper legal authorities say it is and compound a remedy for it in the form of a penalty. There is nothing here, not one word in the entire charter that says that you may direct punitive action against the Mayor for failure to comply. Councilor Coffey read some minutes that were six years old. The only difference between Councilor Coffey's recitation and the newspaper accounts of Mayor Curley's recent rejection is that Mayor Tobin went into some detail. Mayor Curley did not. I do not say to Councilor Linehan or anyone else that they have no right to seek the information. But the exercise of common sense will tell you, especially a lawyer, in dealing with a legal document like the city charter, it will tell him plainly how ineffectual any attempts he may make will be, in the first place, in view of the fact there is no penalty clause, and that lawyers are very prone to make a fetish out of penalty clauses.

Coun. LINEHAN—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. LINEHAN—Will the gentleman pause for a question?

Coun. KINSELLA—Yes.

Coun. LINEHAN—I think I might make a little speech before I put the question to him. I think the gentleman from Charlestown is a very capable man and has a very sharp mind.

President KELLY—Just a minute. Councilor Kinsella yielded to you for a question.

Coun. KINSELLA—Mr. President, while he is applauding me, I will listen.

Coun. LINEHAN—May I ask the gentleman from Charlestown where it shows in any place in this charter where there are penalties if things are not carried out? If such penalties do happen not to be there, does he mean to infer that all of these items such as section 7, because they have not a penalty, are not binding on the Mayor of Boston as a city charter?

Coun. KINSELLA—Is that the question? Mr. President, I appeal to Councilor Linehan's recognized legal ability to explain to me how you can effect any action of this sort when there is no way by which to penalize the chief executive for failure to recognize a City Council request.

Coun. LINEHAN—Mr. Chairman.

Coun. KINSELLA—Pardon me. Debate of this sort can go on all day and every Monday for the next year in a round robin.

President KELLY—The Chair agrees with that statement, it can go on all day.

Coun. CHASE—Will the gentleman yield for a question?

Coun. KINSELLA—Yes.

President KELLY—State your question.

Coun. CHASE—Did I understand you to say that this law was not enforceable because no punitive measure was provided for it?

Coun. KINSELLA—Mr. President, I do not recall I said it was unenforceable. I said there was no penalty clause. Therefore, how can you compel him to recognize the request? You cannot make him do it, even though twenty-two of us may want it.

Coun. CHASE—In answer to the gentleman

President KELLY—Just a minute. Does that answer your question?

Coun. CHASE—He asked me a question. I will answer him. He asked me how can you do it?

Coun. KINSELLA—Inadvertently I spoke in the interrogative. It was intended to be declarative.

President KELLY—Will Councilor Kinsella please proceed?

Coun. CHASE—If the gentleman will yield I will tell him how it can be done.

Coun. KINSELLA—I do not care to yield. I suggest the Councilor call a caucus of attorneys and tell them. I do not want to draw this out. We have been here until six o'clock every Monday for no reason at all. When we come to a brick wall, we ought to recognize it. Everyone is in sympathy with the request in Councilor Linehan's order. But there is nothing we can do about it. I am going to ask the clerk's interpretation of section 7 for us with regard to our right to expect the Mayor to do it.

President KELLY—The clerk will state there has been a difference of opinion over a great many years as to the meanings of sections 7 and 8. He would rather have an opinion of the Law Department.

Coun. KINSELLA—Well, Mr. President, I was trying to pay tribute to your parliamentary ability. The clerk knows more about the city charter than all the patronage appointments on the hill. I was trying to commend him for a broad, comprehensive and reliable knowledge of the city charter.

President KELLY—The clerk informs me that there have been differences of opinion over a number of years, and the clerk says now he often disagrees with the Law Department on this point, and has for a past number of years. There has been a vast difference of opinion.

Coun. KINSELLA—Will you inform the clerk I do not take back the bouquet?

President KELLY—All right, councilor. Refer it to the Executive Committee.

The order was referred to the Executive Committee.

OPINION REQUESTED FROM LAW DEPARTMENT.

Coun. LINEHAN offered the following:

Ordered, That the Boston Law Department be requested to furnish the Boston City Council with a legal opinion as to whether or not the Boston City Council as a legislative body is entitled to the information requested by Councilor Linehan's order of April 8, 1946, requesting statistics pertaining to the number of employees dropped from or placed on the city's pay rolls since January, 1946, up to date.

Coun. LINEHAN—Mr. President, I am certainly learning a great deal of law today from the non-lawyers. I have read quite a bit of this data at different times. I do not find any penalties attached to the provisions that are inserted in the charter but even though there are none of the punitive measures inserted in the charter, I still think that the members of the Boston City Council and the Mayor of the city are duly authorized to carry on the city government through the city charter and nothing else. As a matter of fact, for the benefit of those gentlemen that might not be lawyers, the Legislature is the body which gives the City of Boston authority to do things. The Legislature passed this charter along with the amendments all through the years. I agree with the gentleman from Ward 13 (Coun. Hannon) there certainly should be some amendments to it giving the City Council more power. Lo and behold, here today what do we find? We find some gentlemen who would be willing to vote against this order of mine who would sell their right to see if the Mayor is living up to the city charter. As the councilor from Ward 2 (Coun. Kinsella) read section 7, he did not analyze it, it seems to me. Section 7 says "The City Council at any time may request from the Mayor specific information on any municipal matter within its jurisdiction."

Coun. KINSELLA—Mr. President, will the gentleman yield for a question?

Coun. LINEHAN—Glady.

President KELLY—State your question.

Coun. KINSELLA—Councilor, according to what you just read it says "within its jurisdiction."

Coun. LINEHAN—That is correct.

Coun. KINSELLA—The second half of the question, Mr. President, is it or is it not within the jurisdiction of the Boston City Council to employ or discharge workers of the City of Boston?

Coun. LINEHAN—I would say that a City Councilor under section 8 has no right directly to engage in employing workers for the City of Boston. But that is a different section entirely. Read section 8 and analyze it, and see what it means. It means no contract.

Coun. KINSELLA—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. KINSELLA—To ask the gentleman a question.

President KELLY—Do you yield?

Coun. LINEHAN—Glady.

Coun. KINSELLA—Wasn't all of this debate predicated upon the terms of section 7?

Coun. LINEHAN—To my knowledge, the gentleman from Ward 1 (Coun. Coffey) brought

in section 8. I thought he was talking against the order, saying this order was out of order and could not be enforced. That is the point. I am quoting section 8 which talks of employment. I will read part of it, lines 4 and 5 of section 8, which says: "Neither the City Council nor any member or committee, officer or employee thereof shall, except as otherwise provided in this act, directly or indirectly on behalf of the city or of the County of Suffolk, take part in the employment of labor, the making of contracts, the purchase of materials, supplies or real estate. . . . That merely means this, that we are certainly not employing these men who were dropped or the thousand that were put off by his Honor the Mayor. His Honor the Mayor through the department heads has been doing that. The City Council has not taken over that right. The gentleman from East Boston is out of order on section 8. Going back to section 7, if I may, I hope I can finish it without a question so that this thought will be put across to the members of the Council at this time. "The City Council at any time may request from the Mayor specific information on any municipal matter within its jurisdiction and request his presence to answer written questions relating thereto at a meeting to be held not earlier than one week from the date of the receipt of said questions, in which case the Mayor shall personally, or through a head of a department or a member of a board, attend such meeting and publicly answer all such questions." It does say "shall." He shall appear. He must appear. Or it must be through a department head.

Coun. KINSELLA—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. KINSELLA—I would like to ask a question in spite of his request.

President KELLY—Will you yield for a question?

Coun. LINEHAN—I yield for a question.

Coun. KINSELLA—Counselor, you have asked not to be interrupted. I do not want to interrupt you. I do not like to see you guilty of intellectual dishonesty. You read out of the book "any matter within its jurisdiction." Then you say he must appear. Of course he must if it is within our jurisdiction. It is not.

Coun. LINEHAN—If I remember correctly, about seven men have discussed this matter today. I think about all of them except two agreed that this matter was within the jurisdiction of the City Council. They must have thought so last week when they voted for it. I firmly believe you are going to vote for it again. It is within our jurisdiction. No one knows how the money of the taxpayers is being spent. Isn't it within our jurisdiction? If not, we might as well close up the City Council. What good are we? What are we here for other than to check such actions as the Mayor and the other men, department heads, other employees, perform? The City Council is here, plus the Finance Commission, and if the Mayor can do anything he pleases, in this honorable city of ours, I can safely say if he is permitted to do anything he pleases, I am afraid the tax rate is going to be tremendous this year. We all know since last week, since our last discussion, that his request for borrowing money to be used to lower the tax rate, spending the money on current expenses, was defeated. Now the City Council unfortunately, if I do say so, even though I was not present, I am sorry to say we as members of the City Council have some responsibility for the tax rate. We have responsibility all throughout the year for the tax rate. Who appropriates the money but the members of the Boston City Council? The Mayor does not appropriate it. He requests us to appropriate it. Certainly if we are the Body who appropriates, we have a right to ask questions as to whether or not that money is being properly spent. I think this question of economy, how many men are dropped and how many are put on, comes right in here. It is pertinent to that question. There is no question about it. I do not think any counselor if you take him to one side will disagree that the Council has a right to get this information. Coming back to the change in my order, which is somewhat different from the order of the gentleman from Ward 4 (Coun. Chase), personally at the present time I would prefer my order to be passed in preference to that of the gentleman from Ward 4 because his is temporarily tinged with a political flavor. If the Law Department does not answer at the request of the Boston City Council, then it is unfortunately political and we have to go to the Attorney-General. But it seems only fair to me we should go to the Law Department first. We have able gentlemen up there at the head of it. We are paying something like \$9,000 a year up there, and we have many others getting \$4,000 and \$5,000. I worked up there and got good pay last year. There is some pretty good legal talent up there. They might give us an answer unless his Honor the Mayor instructs the Corporation Counsel not to. I do not doubt for a minute we will not get an answer. That seems logical. Politically, if the Corporation Counsel is instructed by the Mayor not to give a favorable opinion and he will not give a favorable opinion, or if it is unfavorable, personally I am for going further. I, as a lawyer, certainly will not take any back step to the Corporation Counsel or any of his assistants on the matter. We, as counselors, and some of us as lawyers, I think, read this charter as much if not more than many members of the staff of the Corporation Counsel. Therefore,

I think we are well versed and entitled to our legal opinion as to whether the information should be forthcoming. It all arose as a result of Councilor Linehan's filing an order last week. I was sincere in that order. It was mentioned this week in the newspapers, and the Boston Herald was the one that started it. I will agree a newspaper man spoke to me. Previous to that I had already read the newspapers. When I was in the hospital during six weeks I learned more about city government than while I was sitting here. I read that the Mayor dropped one thousand employees. Of course, I wanted to know whether that was a thousand net, or a thousand dropped and perhaps two thousand put on, so that in the long run we had more money spent than was saved by his Honor the Mayor. Of course, at the time his Honor the Mayor had a bill in the Legislature. I might say he spent some money of the taxpayers trying to influence the Representatives and Senators to pass that measure. I might say, of course, it was killed. So that, at the outset, I was sincerely interested as a counselor. Perhaps I am what you might call anti-Curley. I can say I was always pro-Curley up to the time he was Governor of the Commonwealth. Since he was Governor, I have been so-called anti-Curley. I am not ashamed to admit it. My district, which is a great Curley section, knows it. In the last three fights for City Council I have not made a speech. My opponents have got up whenever the gentleman downstairs has run for Mayor, on two occasions while I was counselor, and openly said I was anti-Curley. We have enough citizens there who agree with me. They did send me back to this Body, even though it was a little closer this time than last time. But, even though I am anti-Curley, so to say, I think the facts speak for themselves. If he is not willing to give us these statistics on employment, I would like to know why. It is safe to assume if the statistics are in his favor they would be forthcoming. There is no sense in my sending any more orders down to the Mayor asking him to give me the information. Therefore, I am compelled to go to the Law Department and, to be honest with the members of the Council, since I got back from the service, if I might once again say it, like some of the members in the Council here, I can safely say I am disgusted with the way the veterans are getting kicked around on employment. It is not only employment in private industry but in the City of Boston. For the past six weeks, as I said before, I have been going through the *City Record* quite religiously. I carefully noticed the appointment of people who are veterans. They are few and far between. That is one reason I am hot after this subject. I have a young brother, 39 years of age. Because I could not get him a job, unfortunately, under the G. I. Bill of Rights, he had to go to college. That is how bad it is in this city and state. He is down at George Washington University. He had to go there to school, away off there. Should that be so? This is pertinent to the order. I am talking about employment. I have heard so much. I remember inauguration day. If I may say so, I was never so disgusted in all my life as I was at the appearance of the wounded veterans being brought on to the platform. I have been kind of burned up ever since. It is all right to bring them up on the platform. It is about time something was done for them. I think if I can not get some statistics on employment from his Honor the Mayor I shall follow it up with another order today which will request in the future, upon any employees put to work for the city, that the requisition shall be sent to the State Civil Service Department, so that worthy veterans may get a shot at these jobs. I have a letter here which is quite revealing. I will read parts of it. It says:

"Dear Mr. Linehan,—As a person who believes in fair play, I feel it is my duty to reveal this information to you. From the Public Buildings Department of the City of Boston, a special departmental competitive civil service examination is to be held in the very near future. It is to be granted or given to all the permanent laborers in the department for permanent janitors' jobs, to all those who make a passing mark of 70 per cent. I am given to understand there are only twelve permanent laborers in the department eligible to take the examination. They intend to make eight immediate janitor appointments to the first eight who pass the examination. With the war just over—and councilors, listen to this, this is important, and I do not think any counselor should be walking out while I am talking on it—"I am sick and tired, all year long, reading in the paper about what we are doing for the veteran. Nothing is being done."

I do not think his Honor the Mayor should be given much credit, as to how many employees have been put to work since he became Mayor of the City, as far as veterans are concerned. I even noticed this week in the *City Record* a couple of \$3,500 jobs created. I do not think they are veterans. They might be. It is not listed. They are in the Real Estate Division. What is going on in the city? On the one hand his Honor the Mayor says he is economizing. In fact, some of the councilors tell me—I have not been down there—that they go down trying to get a favor once in awhile, which all of us have to do in order to stay in public office. He tells some of them that he is conducting an economy administration. Well, I hope so. Personally, I do not think so, when he sends a budget up here five million dollars more than last year, here I

remember the figures correctly, plus a million and a half more to be cut out for capital improvements, like trucks and fire engines and so forth. You can add that back into the budget, that million and a half. It will not show in the tax rate. The taxpayers are going to pay a little more money for that million and a half, plus some other bond issues I hear are coming up soon. Of course, I realize you have to have money to spend, to make money. May I continue talking on this letter?

"With the war just over and with so many veterans searching around for any kind of employment, I cannot understand why they are deprived of the privilege of taking that examination. If there are eight civil service positions to be filled by competitive examination, why aren't the veterans who can qualify, and who are entitled to it, entitled to take the examination along with the specially preferred laborers? In my opinion, the whole thing smells so bad it disgusts me to write any more about it. Knowing you to be a good City Councilor, I bring it to your attention with the hope you will investigate it and make charges so that justice may prevail."

Well, now, gentlemen, here is a letter I received from somebody in my ward. Isn't it pertinent to the order? I would say yes, very much so. Let us stand up in our boots as members of the Council. No one knows how long we are going to be members of the Council. Now, that we are here, when we do get a good order, an order which is at least trying to establish what few rights we have as councilors, what few legal rights under the charter, if you give this right away, the right of finding out how many people are working or laid off, then we have not got much left to do. I say this—I do not think we were talking through our hats the other day. I think publicity is a great thing. It is a bad thing when it is bad publicity. It is a good thing when it is good publicity. If we as City Councilors assert our rights as councilors against the so-called rights of his Honor the Mayor when he says we have not got such rights, when almost every one of us knows we have, I think it is about time we closed up shop. I realize I have taken a lot of time of the Body, but I hope, if nothing else, through the newspapers, and thank God for the newspapers; sometimes we condemn them, but sometimes we thank them, and this time we are thanking them—if nothing else, it shows the citizens of Boston that there is not an economy administration in the City Hall, that the poor City Councilors have the right under the charter to get such information. They themselves as intelligent gentlemen should know their own minds and are entitled to this information, but the Mayor is literally thumbing—you know the rest—at us. That is exactly what he is doing. If we are going to sit here and take it, I do not think much of any one of us in the Body. If we get up and fight him to the bitter end, I think we are good councilors. If we take this sitting down, if we let him kick us around on matters which we are entitled to know, God help every one of us when we come up for re-election, if we do next year. Our opponents will just say we have no backbone at all. That is what would be true if we did not stand up and say that section 7 should be lived up to. I sincerely hope that this order will be referred to the Executive Committee.

Coun. HANNON—On the question of referring it to Executive Session, I think we have debated the matter long and well. If we send it on to another committee, it means two or three hours of wasted time there. We will come in here and go through the same motions. I would like to take definite action on it now.

President KELLY—I agree with you. I was going to have it passed under suspension of the rules.

Coun. HANNON—I move it pass under suspension of the rule.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON FINANCE.

Coun. MADDEN, for the Committee on Finance, submitted the following:

Report on message of Mayor and order (referred April 8) for loan of \$1,000,000 for sewerage works—that same ought to pass.

The report was accepted, and the question came on the passage of the order.

Coun. BAYLEY—Mr. President, a point of information.

President KELLY—State your point of information.

Coun. BAYLEY—Does this come up each year or is it a special appropriation?

President KELLY—This comes up about two out of every three years, counselor.

Coun. BAYLEY—I want to have full information on this matter. I move it be referred to the Executive Committee.

President KELLY—Councilor Bayley moves the matter be referred to the Executive Committee. Talking on the motion, Councilor Kinsella.

Coun. KINSELLA—Is this one of the loan orders for which \$149,000 was placed in the budget?

President KELLY—Yes, sir.

Coun. KINSELLA—Well, I thought that all the information pertinent might be obtained by Councilor Bayley. He attended all the budget hearings.

Coun. LINEHAN—I sincerely hope this is passed to the Executive Session. I have not had occasion to look into this matter. I would certainly like to get some information. I certainly hope the members of the Council will let this matter go to Executive.

President KELLY—The Chair might state before he puts the matter to a vote that every member of the Council was invited to the hearing before the Finance Committee the other day, the twenty-two members of the City Council.

Coun. CHASE—I sincerely trust the Council will go along with the motion that it be referred to the Executive Session. It involves a million dollars. The councilor has made this request merely to secure information as to how the money is to be spent. It is a fair request. I trust we are going to go along with it.

The question came on referring the matter to the Executive Committee, and the motion was not carried. Councilor BAYLEY doubted the vote and asked for a roll call, two councilors supporting him.

The roll was called, and the motion to refer to the Executive Committee was lost, yeas 5, nays 16.

Yeas—Coun. Bayley, Chase, Linehan, Muchnick, Sullivan—5.

Nays—Coun. Bryan, Cantwell, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Madden, McCormack, Moriarty, Russo, Scannell—16.

Coun. MUCHNICK—I move reconsideration. Mr. President, I fail to understand, to put it mildly, the inconsistency in the actions that we have been taking today in the Council. About half or three-quarters of an hour ago, practically everybody in here was berating the Mayor's Office for refusing to give us information to which we felt we were entitled. There was a lot of questioning as to the legality, as to whether we were entitled to the information or not. We now are in a situation in which we clearly are entitled to information. We must have information if we are to exercise our votes properly.

When somebody wisely suggests that this go into Executive so that we can all be present to ask whatever questions we wish on this and related matters, immediately the Council fails to take advantage of the opportunity and votes the matter down. If I were the Mayor of Boston and I felt that the Council would jump every time I snapped the whip, I, too, would refuse to answer questions as submitted by Councilor Linehan's order of last week or my own of last month. As a matter of self-respect, if nothing else, this Council ought to reconsider its vote and send this matter along to the Executive Committee. Perhaps then, regardless of the legalities involved, we might be able to impress upon his Honor the Mayor that there is such a thing as courtesy still in the City of Boston, and that he might extend some courtesy to the City Council even though he may be within his rights legally in not doing so. I sincerely hope reconsideration prevails and that this will eventually go to the Executive Committee.

Coun. COOK—Mr. President, I have listened to a lot of talk this afternoon. I wish some of the councilors talking about an economy administration and finance would use a little economy in talking and be brief. We can have every question asked right in this session without going into Executive. If we do go into Executive, we will come out again and have the same old wrangle. I would like to save the talk we will have in Executive. The councilor was present at the meeting of the various department heads interested in loan orders, when they gave their reasons why the loan orders should be passed. I think reconsideration should be defeated and that all questions and arguments should come now before the Council instead of going into the Executive Committee.

Coun. BAYLEY—I was briefly at the hearing of the Finance Committee on this matter. However, I was there only fifteen minutes. I was informed by letter that the hearing would start at 10.30. It did not start until close to 12 o'clock. I had another appointment and had to leave. I got scattering information on one or two matters. I was unable to find out anything on others. I hope reconsideration will prevail, so that I may have a clear picture of it. I am not going to vote until I am sure of what I am voting on. The money must come from somewhere. We should be careful how we spend money. We should not obey the cracking of the whip downstairs.

Coun. CHASE—Again I repeat, I think the request is a reasonable one. Five or six members of this Body desire to get more information pertaining to a loan order. They have not any facts about it as yet. I see no reason why the Council could not refer this matter to Executive. These gentlemen are entitled to the information they seek. It is a matter which will be acted upon today even though we do refer it to the Executive Session. I trust that the Council as a whole will vote for reconsideration.

President KELLY—The question comes on reconsideration. It is not a vote. Councilor Bayley doubts the vote and asks for a roll call. He has the necessary support. The clerk will call the roll.

The roll was called, and the motion to reconsider was lost, yeas 5, nays 16:

Yeas—Coun. Bayley, Chase, Linehan, Muchnick, Sullivan—5.

Nays—Coun. Bryan, Cantwell, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella,

Lane, Madden, Moriarty, McCormack, Russo, Scannell—16.

President KELLY—The question comes on the passage of the order.

Coun. SULLIVAN—I wonder if the chairman of the Finance Committee could answer a few questions on the loan order and give us all the information covering the entire million dollars? What construction work is to be done and how much pay roll is to be covered by the million dollars? How much is the pay roll? How many men, if any, are to be hired? Will they be put on a special pay roll?

Coun. MADDEN—I am sorry I am not in a position to give that particular information. However, that has already been stated, as each and every member of the Council was given an opportunity to attend the Finance Committee hearing last Thursday. At that time the heads of the various departments were requested to be present. There was Fire Commissioner Codman, Commissioner Long, Mayor Curley, and the Budget Commissioner, Mr. Carven. They had all that information. It was available for any member of the Council. As I said, every member of the Council was invited to attend.

Coun. SULLIVAN—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. SULLIVAN—The chairman of the Finance Committee mentioned the Fire Commissioner and other commissioners. This has only to do with one particular sewer loan.

President KELLY—The point is well taken.

Coun. SULLIVAN—I am inquiring relative to the sewer loan. My questions have not been answered.

President KELLY—Have you anything more to say, Councilor Madden?

Coun. MADDEN—Other than as I said before, if the councilor was interested, he could attend the hearing and his questions would have been answered at that time.

President KELLY—All right.

Coun. SULLIVAN—Mr. President, relative to not being able to attend the hearing on last Thursday, I was detained at the City Hospital. I did get in on one part of a hearing when the Fire Commissioner was present. Then the meeting was adjourned to 2.30, and I had to leave to go back to the City Hospital. Present at that meeting were only two members. I think that some of the members of that committee should be able to enlighten us on what the main dollars are going to be spent for. To refuse these gentlemen here to refer this order back to the Executive Committee so they can get information is taking an about-face. You just voted on an order of Councilor Linehan, asking information from the Mayor. You reprimanded the Mayor by passing that order. Here you give one of your own colleagues a slap in the face by not letting him get a little information. I am not saying I am for or against the order, but at least if some members here are not satisfied and are seeking a little additional information, by all means let them get it. You talk about attending a meeting. Out of the twenty-two councilors there were only two others there beside myself when I arrived. There was no quorum present at that meeting. All I had time to hear was Commissioner Codman, and not one penny of the money he is looking for is going to buy some of the surplus fire equipment that the government has. Their story is they cannot purchase it. You know what the story is, gentlemen. Let us be honest with our own colleagues. Let us give them the information they seek. I was not able to be present there when the Public Works Commissioner or his division engineer were there. Let us be honest. Let us not try to rush the time. I have plenty of time. If you gentlemen have some place to go, you can go. There are twenty-two here present today. I do not know what the story is. They are close to the chamber. In my six years I never saw a loan order come back so quickly. Once again, gentlemen, I think it is only fair to refer this to the Executive Session to give a chance to the other members who do not know and who did not get the answers they are seeking on what they are seeking. It will not have to change your mind. At least, let us satisfy their minds.

Coun. CHASE—Mr. President, may I ask the committee, as a whole, through you, sir, if there is any one member of the committee that could give the information requested by the councilor from Ward 9 (Coun. Sullivan)?

Coun. FISH—In the first place, let me start out this way. It was understood when we passed the budget, that we passed \$149,000 for a sewer loan. We have all had knowledge for six months that it was coming in. It is nothing new. It is a loan that comes in probably two out of every three years as the clerk stated. As long as I have been in the Council, and much longer, I guess, it was necessary, even at that time, back years ago. How much more necessary is it today? Is there anybody in here who can deny that the pipes and underground sewers are in worse condition than they ever have been in the history of the city?

Coun. MUCHNICK—My understanding is the councilor was going to answer questions as to what specifically was going to be done with this money, how many feet of pipe would be used, and how many men, and so forth.

President KELLY—I believe the councilor is leading up to that. Let people go astray. I have let them go astray here today.

Coun. FISH—I have already given an answer which is reason enough for the loan. We have passed millions of dollars in other years. We are asking the same amount this year, with the sewer conditions in much worse shape. What is it going to be used for? For the repair of sewers, that is what it is going to be used for. They are not going to squander your money. If you want to tell the department heads they are spendthrifts, get up and say so. I do not believe it. They are going to repair sewers for public convenience and safety. I am all for it. I was for it in the budget. I feel I availed myself of the opportunity to be present and all of you had the opportunity at the Finance Committee to get the information. The information there was available to all of us and was enough to convince me that the loan is a necessity.

Coun. MUCHNICK—Mr. President, the information which the councilor from Ward 16 (Coun. Fish) received may be ample to convince him or to convince anybody else. But so far we have not received that information either through the chairman or through the councilor who just spoke or directly at that committee hearing from the heads of the departments. Some of us were unable on that short notice that was given to rearrange other schedules in order to get over to that meeting. Unfortunately, I happen to be one of those who had something else that had to be done. I could not get away. I still do not know even after the general statement just made by the preceding councilor how many feet of pipe are going to be used, how many men are going to be employed, whether they are going to be on a special pay roll, as was asked by Councilor Sullivan. I do not know any of the information for which he has just asked and for which many of us are seeking. It is unquestionably true some of the pipes that are in our sewer system are in a state of disrepair. It may be ten million dollars worth of pipes that need repair, and it may be only \$10,000 worth of pipes. I see no reason for picking the words one million out of the air when maybe the same purpose can be accomplished with less or when it may be that it will take more to accomplish a decent job. It seems to me if nobody in this Council has any real information as to the details of this loan, as to what is going to be done with the loan, we owe it to the people of Boston to pass this thing along until such time as we do get such information. If we are going to do everything that the Mayor of Boston wants us to do, if we are going to be rubber stamps for him or anybody else, then let us say so publicly now, and let us pass this loan. If we are going to be independent members of the City Council acting in the best interests of our own districts and of the city at large, look into these problems and look into them carefully. As the previous speaker said, he is all for making repairs on the sewers. I think it is true of every man in the Council. I think all of us want to make only the necessary repairs and we want to make sure that only necessary repairs are made. I do not say the department heads are going to squander the money. I do not say the Mayor of Boston is going to squander the money nor do I say that all of this money is not going to be used for such purposes as the loan order calls for. But until such time as I am shown that it is going to be used only for those purposes, and until such time as all the members of this Council are shown it is going to be used only in the best interests of the city, it seems to me we should not vote for it.

Coun. BAYLEY—I agree with the distinguished councilor from Ward 14 (Coun. Muchnick). We have been trying to get information ourselves from the committee, and apparently the committee members cannot give us the information which will help us decide whether the amount asked is sufficient. Under the city charter the Finance Commission has the duty under section 18 of investigating from time to time any and all matters relating to appropriations, loans, expenditures and accounts. It is my understanding the Finance Commission is investigating this loan and other loans before the City Council and will shortly have a report for the members of the Council. I think it is only fair we get what information they have in their careful investigation. We should not act hurriedly today, one week after the loan orders came in, before we are able to have the benefit of any statistics or information they may find. I hope that we will wait until we have that information before we act on this loan. On the information I have received I cannot vote for this loan today. I believe it is only right we have full and accurate information and the benefit of whatever report the Finance Commission of the City of Boston may make to us.

Coun. LINEHAN—I, like every other member of the Council, was invited to attend that meeting. To be honest, I was not informed what it was about. I did not know what it was about until this discussion took place. I certainly think I am entitled to more information than was received. One of the gentlemen made a statement, the gentleman from Ward 16 (Coun. Fish), who practically challenged the councilors to get up and say the department heads were spendthrifts if they saw fit. This comes under the department heads. When the department heads recommended a budget of \$11,000,000 in excess of last year after his Honor the Mayor was elected, was it because he told them to economize and they suggested a budget of \$11,000,000 more than last year and then it gave him the chance to say he cut it down \$5,000,000 plus the one million

and a half for capital improvements, which makes it a little less of a saving? I do not know whether the department heads honestly and sincerely took stock of all of their equipment and their help and whatever is required in submitting a budget. But when you see a budget submitted for \$11,000,000 in excess of the year before, there is something wrong somewhere. This is especially true when you find a Mayor who addressed us at the Parker House and told us we would get normal times. Up to date I have not asked him for anything. This loan order has something to do, if not with this budget, with next year's budget and the next year's budget, and the next year's budget. That is to say we are helping to spoil one wonderful accomplishment of the Honorable Maurice J. Tobin, the lowering of the city debt \$28,000,000 during his tenure of office as Mayor, if I am correct. What are we going to do? Now that our debt is fairly low, are we going to ruin that one good thing we have had up to date, the one thing that probably permits us to borrow money at low interest rates? If we keep borrowing and if we keep increasing the tax rate like \$80,000 for a boat and \$80,000 for something else, and so forth, our bonds will not be such good investments in the financial district. The word is going to get around that we have a spendthrift Mayor again. His Honor the Mayor has control of the budget submitted to the City Council. He could have cut it down to the equivalent of Mayor Kerrigan's budget. He was in a position to do so. He told the members of the School Committee, "Why didn't you cut your budget? It was within your power." Why didn't he cut his budget? It was within his power. I might also say it was within the power of the members of the City Council, but they did not see fit to cut. Here we are faced with probably a \$47 tax rate or thereabouts. It is just a guess. Nobody knows what it is going to be by the time the year is over. It seems funny to me it comes at a time when our Mayor was going to do things for Boston and save Boston. I assume he meant he was going to lower the tax rate by economy measures and by the use of that brilliant mind of his which we all know he has. Lo and behold, those things have been happening! The only thing he showed that might lower the tax rate was to try to get permission from the State Legislature to borrow \$10,000,000 to apply to current expenditures. What jackass could not do that? What jackass could not lower the tax rate by borrowing millions of dollars? That certainly did not require the brains of the Honorable Mayor Curley. As we know, he is a brilliant man. If he could tell the School Committee to reduce their budget one million dollars, it seems to me he could have told the department heads under his control to lower their requests because he wanted to keep the tax rate low in order to induce business to move into the city. As a matter of fact, it seems everything he does drives the tax rate up and will eventually drive business out of the city or will prevent new business from coming in. Some time ago we were told we had \$125,000,000 in construction which might have come up this year. We are sorry to say under the new rules we probably will not get it now until next year. It will not help property next year. Now, if business was going to build to the extent of \$125,000,000 with the thought in mind that our tax rate was \$42.50 last year and possibly more this year, I still say that, regardless of Mayor Curley and the acts of the City Council, business still thinks Boston is all right. That is proof to me. If they can come into this city with our high tax rate and build and build—I mean private industry; if we can believe everything we hear, it is \$125,000,000. Private industry, mind you, that is coming into this city regardless of the tax rate, so I say this city is not as bad as it is painted. It could be better if his Honor the Mayor and the Boston City Councilors cooperated and saw that every nickel was spent wisely. I will not say we do not need money spent. I know we need equipment here and there. We probably do not need as much as some of our department heads say we do. Unfortunately that has gone beyond our province. The budget has gone down to his Honor the Mayor. I do not imagine he will resubmit it, at a cut of \$5,000,000, so that the Council can go along. I am sorry to say, as one member of the Council, if this vote goes wrong, if the order does not go to Executive Session, I am sorry to say I am voting on a matter I do not know a thing about. Therefore, I am forced to vote against the order, if that is the way it is to go.

Coun. COOK—If the clerk will read the letter from the Commissioner of Public Works to the Mayor stating the basis for this loan, I will continue from there.

President KELLY—The clerk will kindly read the letter. (The clerk read the letter as follows.)

"City of Boston,
Public Works Department,
March 28, 1946.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—It is customary each year to provide a loan of \$1,000,000 for the construction of sewerage works.

I feel this year that the same amount should be made available, and I respectfully request that you ask the City Council to provide the necessary loan for this purpose. The department has a program prepared for the rebuilding of broken-down sewers, some of which have been in service

for many years, and also for the construction of the necessary sewerage works in streets which are to be built; and, in addition, the program includes some very necessary and essential work which should be done in constructing sewers to take the place of open brooks which are now so offensive to public health.

In anticipation of this loan which I now recommend be provided, we have included in the budget of the Sewer Division, the so-called "down payment" which must be provided from taxation, in accordance with the provisions of section 5 of chapter 224 of the Acts of 1936.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works."

Coun. COOK—Mr. President, based on that letter, I think it is reasonable enough to start a program to fix up the sewerage conditions in the City of Boston, and based upon the personal knowledge which I know every City Councilor has if he has traveled through his own district, we will all agree the city would do well to start fixing the sewerage conditions. I do not think that any City Councilor will be helped if he is told how many sewers, the price of the pipes and how many men are going to be employed, and all the details asked for. I do not think it would sway his opinion one way or the other. Again on the basis that the department heads know their business, they are asking for an amount that is proper in order to correct a situation that should be corrected. Furthermore, this order will come up once again in a week or two, I am not sure of the exact time. I think that the loan order should be passed now, passed on that information, and in the delay that is incurred these councilors who want specific details can get them at that time.

Coun. CHASE—Due to the fact that five or six councilors desire the information now, I am going to move at this time that the matter be laid on the table. I so move.

President KELLY—Councilor Chase moves that this matter be laid on the table. It is not a vote. Councilor Chase doubts the vote, and a number of councilors having joined him, ask for a roll call. The clerk will call the roll.

The motion to lay on the table was lost, yeas 5, nays 15.

Yeas—Coun. Bayley, Chase, Linehan, Muchnick, Sullivan—5.

Nays—Coun. Bryan, Cantwell, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Madden, McCormack, Russo, Scannell—15.

President KELLY—The question comes on the passage of the appropriation for a \$1,000,000 sewer loan.

Coun. SULLIVAN—May I press for answers to my questions from some member of the committee or any member of the Council?

Coun. HANNON—I am not going to attempt to answer any specific questions, but it seems to me that the regular function of the Council here is that we appoint committees in order to expedite matters. Certainly we should rely upon the report of the committee to some extent. The committee holds hearings and brings in a recommendation either pro or con. Ever since I have been here I have been opposed to referring matters to the Executive Committee. We obtain nothing out there but a lot of hot air. We come back in here and reproduce it. We have talked now over half an hour on this matter. If this is sent to the Executive Committee we would talk for a couple more hours, and then we would come back in here and the very same arguments would be presented in here that were heard in Executive Session. I am against sending the matter to the Executive Committee. As far as the loan order is concerned, I think it is about time that we did something here in the way of construction. I do not care for what purpose the money is being borrowed. If it is going to provide work, I am in favor of it. When the war was over, we read in the headlines in the papers about this and that construction which was going to start, so much money was going to be used and so many men were going to be put to work. Yet we find ourselves today in the poorest condition of any city in the country, I think, as regards providing work and employment for the returning veteran. The only way to provide work is to provide money. This is the opportunity. The sewers need rebuilding. I could spend the money in my own district. I do not think any of the money would be wasted. There are twenty-one other districts to be taken care of. I think sewers are a necessity. In order to build sewers we have to have money. In order to have money, we must vote it. I am going to vote for it. This must be passed on again two weeks from now by fifteen members of this Body. In the ensuing two weeks, I, or any other Councilor, who is interested in what work is going to be done, can go to the Sewer Department and find out over there. I do not think we would gain anything here by delay. We would come in here on some other day and somebody else would want more information.

Coun. LINEHAN—Will the gentleman yield for a question?

Coun. HANNON—Yes.

Coun. LINEHAN—I would like to ask the gentleman of Ward 13 (Coun. Hannon) what makes him so sure he will get information from department heads when our Mayor has already refused us such valuable information as I sought last week?

Coun. HANNON—Well, Mr. President, I think my good friend could get the information. I think that is where he made his mistake, asking it of the Mayor. I think he could get it from the Budget Commissioner and the Auditor and any department head of whom he wished to inquire about the number of employees. Knowing the Public Works Commissioner as I know him, I am certain he can get all the information pertaining to this loan he desires.

Coun. COFFEY—I think everybody has said all they wanted. If there is any information forthcoming, it is not coming today. I move the previous question.

President KELLY—Councilor Coffey moves the previous question. It is a vote. Councilor Bayley doubts the vote and asks for a roll call, the necessary councilors joining with him. The clerk will call the roll.

Coun. BAYLEY—May I speak on the question?

President KELLY—I am sorry, there is no debate on the question.

The roll was called, and the motion for the previous question was carried, yeas 15, nays 5:

Yeas—Coun. Bryan, Cantwell, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Madden, McCormack, Moriarty, Russo—15.

Nays—Coun. Bayley, Chase, Linehan, Muchnick, Sullivan—5.

President KELLY—The question comes on the passage of the order. There is no debate.

Coun. SULLIVAN—I move reconsideration.

President KELLY—No motions are in order, no motion of reconsideration. The clerk will call the roll.

The order was passed, yeas 15, nays 4:

Yeas—Coun. Bryan, Cantwell, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Madden, McCormack, Moriarty, Russo—15.

Nays—Coun. Bayley, Chase, Linehan, Muchnick—4.

Coun. SULLIVAN—Is reconsideration on the order now in order?

President KELLY—It is.

Coun. COOK—Mr. President, a point of order. It seems to me that once a question has been moved and a vote taken, reconsideration is out of order.

President KELLY—The question of reconsideration previously was on referring it to the Executive Committee. This is another question. Reconsideration is in order.

Coun. SULLIVAN—I really have to laugh. Here this afternoon the members of this Body complained about the treatment they received. We did not receive the salary raise, the salary increase. We are really the laughing stock of the town. We did an about-face here this afternoon in a way which we should be ashamed of. Councilor Linehan presented an order a week ago when I was not present. You voted and passed it. He was seeking certain information. Because that information was not forthcoming, he introduced another order which was passed under suspension of the rule practically reprimanding the Mayor because we did not get the information which we sought. I do not blame the Mayor when we refuse our own members information here. Then we are told to go to the department heads and get the information we ask. I do not blame any one of the department heads for refusing to give information to an individual councilor when this Body is on record as refusing to get information for the members here. Can anyone here today honestly vote for that \$1,000,000 and leave here tonight and explain to his constituents what the \$1,000,000 is for, other than repairs of sewers? How many of you new men here know that this is part of the pay roll that belongs on the city budget? Did you find that out? The older members here are not trying to enlighten you. What is the matter with the older members? I do not know. Because one or two of us had information there is no reason why others should be deprived of it. It is only a fair request that they made in seeking the information. How many can honestly stand up and explain approximately what that \$1,000,000 will be spent for? Is it for new construction? Is it for old construction? How many repairs are going to be done in your ward? Was a list submitted on the number of sewers, the sewer repairs or reconstruction to the committee? I asked fair questions here from the members of the committee or any member of the Body, and I could not get an answer. How can you justify yourselves in voting for \$1,000,000 because someone asked for it? What is a better day to get it into Executive than today, with twenty-two members here present? There is no worry about anyone coming in next week. The twenty-two of us are here. Let us compile our questions, and I think everybody will be happy. I do not think we should slap one man in the face on the second floor for something we do not like and then do an about-face and slap members of this Body. There are twenty-two members here. Why don't you stick together? If one man wants the information, why should we deprive him of it, whether he is able to change our vote or not? I did not seek to change anyone's vote. All I sought was to let the members who wanted the information get it. Some day it is going to fall on you. You are going to seek information. Do you want to be deprived of it? You are a powerful Body here. Why don't you get on to yourselves?

Coun. BAYLEY—I was disappointed in the vote of the City Council on this loan order and the refusal to let the members get information.

I was especially disappointed that the previous question was called for before we had a full debate on this matter. We live in the country of America and the City of Boston. Debate is the very essence of democracy. Are we going to put Hitler tactics into force here, or are you going to allow free and fair debate, so that councilors here more than one year may point out some things to councilors here less than that length of time? I have learned quite a bit in this Council from veteran members. I respect their judgment highly. I am only a second-term councilor myself. I received a lot of information this term and last term. As the distinguished councilor from Ward 9 (Coun. Sullivan) pointed out, are we going to cut debate from time to time and are we going to be a part of the recommendatory power making the tax rate of Boston higher? We have a right to stop appropriations if we are on the job on these loan orders. Do not say you are not responsible for the tax rate. You members of the Council are just as responsible as the Mayor. That is one of the most important functions that you have—to keep this in check and keep that tax rate down. We are not doing it here, nor did we do it when we had the budget before us, when you refused to follow your committee and make the cuts which even the department heads said were justified. We did not cut out \$100,000 of the snow removal budget. The Commissioner said the money was no longer necessary, that no further storms would occur this spring, and they have not. Two hundred thousand dollars was plenty. Is that saving the tax rate of Boston? We are going to go down in history as the worst City Council that we ever had. Are you going to do a fair job or are you going to listen to the crack of the whip and wipe out debate, calling for the previous question before we have ample debate, and run these things through? No dictator downstairs or anywhere is going to dictate to me. I am going to act in what I think the right way on city business. I believe in fair debate. Let us get hold of ourselves. Let us act fairly. You people are on trial here. There will be a time when you will be running for re-election. I might be running, I do not know. Some of you will be. Some of you represent wards with large taxpayers who voted for you before. Are you going back to them and say, "I had a lot to do with the tax rate, the way it is now, and I never voted to cut appropriations"? This city is not going on very long when it wastes money. There are high budgets and large appropriations. We do not thoroughly investigate them. Let us look at them thoroughly and go back to the people and say, "This is what the money is for, and it is reasonable. This money must be spent. We have to meet these expenditures." Let us go back and say that to our people. Are we going back to say, "I do not know what it is for. No member of the committee could enlighten me. They could not answer the question"? That makes this a pretty sorry travesty on how to do business, not only in America, but in the City of Boston. If you are going to listen to the crack of the whip and shut off debate, the City Council is dropping low. I do believe we have more power than we have been exercising. If we cannot use power any better than the power we have, it might be better if we did not have any power at all. Here is your chance to do something for the City of Boston. Are you going to do it or be a rubber stamp?

Coun. CHASE—Mr. President, I do not know how I can improve on what the gentleman from Ward 5 (Coun. Bayley) said. I think he has put everything in a few words and described the situation here today. We have had a change to the highest tax rate the city ever had in its history. Unless the City Council gets down to brass tacks in the future and carefully scrutinizes everything that comes from the Mayor's office with a view to cutting, in order to keep taxes down, I have an idea that not many of us are coming back. I think, Mr. President, that the loud cry we hear throughout the city for Plan E is all being brought about because of situations similar to those that have taken place here today. This is the Boston City Council. We are elected here, each one of us, by the citizenry of the city to act as a check on his Honor the Mayor. We are here to scrutinize his budget and his loan orders, to ascertain what is necessary and what is unnecessary. A loan order is put in here today. Several gentlemen requested information. We were unable to receive that information. How could we intelligently act in voting on this question if the members did not have sufficient information to guide themselves by? It is regrettable, Mr. President, that there is such a move going on in the City of Boston for Plan E. Again I repeat, it is all being brought about by the tactics of this administration in snapping the whip on a body of "yes" men. I make that indictment having in mind five gentlemen of this Honorable Body who sought further information today. The members of the Committee on Finance were unable to provide it. Five elected members of the City Council sought information before they cared to vote on this question. Now, bear in mind, sir, I do not say this loan order of \$1,000,000 is unnecessary. It may be a boon to the city. I say the steamroller tactics in putting it across are just a little too strong. It is like the tactics of Hitler and Mussolini and other dictators, and it does not satisfy me. Mr. President, the questions proposed by the gentleman from Ward 9 (Coun. Sullivan) were very reasonable questions. There

is no reason in the world why your Committee on Finance could not answer those questions. There is no reason in the world why the gentleman from Ward 9 should not receive the answers to the questions before the matter was brought to a vote. I am afraid, Mr. President, that after the citizenry of Boston witness the inclination of the Body to be a group of "yes" men for his Honor the Mayor, they are going to make up their minds that Plan E is the type of government they want in Boston. We have all the power in the world to act as a check on his Honor the Mayor. We have sufficient power to say that he cannot spend. If we only exercised those powers, we might have been instrumental in reducing the budget this year and saving some taxes for the taxpayers. But we did not exercise one iota of those powers. The Mayor's budget was slammed through the Council, and you even went back on the recommendations of your Committee on Appropriations when he snapped the whip. The time has come to call a halt on these dictator practices. We are here to act as a check on the Mayor. Each councilor here is entitled to information before he casts his vote on any subject before us. If the councilor is entitled to information to make up his mind, if the vote will be cast in the right direction—

President KELLY—The time is up, councilor. I want to be fair. You have spoken eleven minutes on reconsideration. I want to uphold the rules of the City Council which say you can only speak ten minutes on reconsideration—any one member.

Coun. LINEHAN—Mr. President.

President KELLY—Councilor Linehan has the floor. I want to be fair.

Coun. LINEHAN—One of the previous speakers, some time ago when the debate started, said he thought each of the City Councilors knew what he needed to know in sewer works or sewerage repairs in his particular district. Might I tell that gentleman, at least the gentleman from Ward 7 (Coun. Linehan) does not know what Ward 7 needs in the line of sewerage works. Nobody has told us. I do not know what Ward 7 is getting done. I do not know what Ward 6, my adjoining ward, is getting, or my colleague in Ward 8 next adjoining, or in Ward 13. That is very important information and is not being had here, although requested by some of us poor, unfortunate minority councilors. It certainly seems like a sewerage problem. Probably it is all going down the sewer. I hope the City of Boston is not going down the sewer with it. As a City Councilor in the three terms I was elected to this Body, I have always voted to give a man information. I am very much surprised to see the great many members of the Council who do not see fit to go along with that policy. Why, I will not say. Probably I do not know. Probably their minds are made up and they know more about the subject than I do. They may know more about their wards. They probably know more about their wards in regard to the sewerage works. I hope they do. I do not know if the gentleman from the Back Bay, Ward 4 (Coun. Chase), or the gentleman from Ward 5 (Coun. Bayley) know anything about their sewerage works. I think they are entitled to know whether their ward is getting repairs. Also, once again, it is going out to contractors. Are the contractors hiring veterans? Is there any provision in the contract to that extent? No, I do not believe so. I do not believe there will be any special conditions in the contract. But one of these days the veterans are going to really pile up. They are really going to go to town. One of these days the poor taxpayers of the City of Boston in some of the so-called conservative wards of the city—not Ward 7, Ward 7 is a ward that probably would not be known as conservative, like Ward 4 or Ward 5, West Roxbury and Hyde Park and Brighton or East Boston. Here is a million dollar loan. How much each councilor knows about it, I do not know. I know nothing. Some of you may know something. While I am still on my feet, may I ask a point of parliamentary inquiry?

President KELLY—State your point of parliamentary inquiry.

Coun. LINEHAN—Can a committee bring in a report to this Body after it sits with less than a quorum?

President KELLY—A quorum of a committee has to vote to send it here.

Coun. LINEHAN—I would like to ask the chairman through you—I am yielding for an answer to the question—is it a five-man committee?

President KELLY—It is a seven-man committee.

Coun. LINEHAN—Were there four men present at the time this matter was voted upon?

Coun. MADDEN—There were.

Coun. LINEHAN—Well, Mr. President, it looks like the minority is getting talked out. We are getting no information, with all the questions we are asking.

President KELLY—You have three minutes.

Coun. LINEHAN—Well, that is something, Mr. President, may I ask the chairman of the Finance Committee how much eventually this one million dollar loan order will cost the City of Boston, if he knows?

Coun. MADDEN—I do not know.

Coun. LINEHAN—Mr. President, I am dumbfounded to hear that the chairman of the Committee on Finance does not know what the \$1,000,000 will eventually cost the City of Boston to borrow. I certainly think that it is a very important question. I think we as members of

the City Council should be furnished with that information before we vote on it.

Coun. FISH—Will the gentleman yield?

Coun. LINEHAN—I yield for a question.

Coun. FISH—Would the councilor permit me in my humble manner to give an answer to his question?

Coun. LINEHAN—I would be glad to listen to the distinguished councilor from Ward 16 (Coun. Fish).

Coun. FISH—The cost of borrowing the loan is \$149,000, which is ten cents on the tax rate. It cannot be denied, if we spent the \$1,000,000, the \$1,000,000 does come from the people. Every cent comes from the people. If we do not appropriate it, the further disrepair the sewers may find themselves in may cost the people five or ten or twenty times as much.

Coun. LINEHAN—Mr. President, may I ask the gentleman from Ward 16 (Coun. Fish) if he has had any complaints on the sewerage? It seems that there are two councilors now who haven't questions on the sewerage in their wards, to their knowledge. I can safely say there are at least two-thirds or three-quarters of the members here who do not know what is going on in the Sewerage Department. All I can say is that I hope that this order goes down the sewer, and it looks like it will not.

Coun. CANTWELL—I have to get up to speak to justify my vote for the sewerage. I could take some of the councilors from the wards that have all the convenience in sewers out to my ward and show them in this modern age cesspools around my ward. Every week I receive notices from the Health Department to do something about them. I have one section in my ward that has a brook that is flooded frequently. Cellars are flooded frequently. Two years ago my ward had the highest percentage of cases of infantile paralysis due to these causes. That is one reason why I am anxious to see that this bill goes through, so that my people will get their just share in the improvements in sewerage.

Coun. LINEHAN—Will you yield for a question?

Coun. CANTWELL—Yes.

Coun. LINEHAN—I would like to ask the gentleman, through the Chair, does he know just how much sewerage repair is going to be done in his ward as a result of this loan order?

Coun. CANTWELL—The only thing I know is I am in the fight for my share of it for my ward for repairing and for new sewerage.

President KELLY—The question is on reconsideration. It is not a vote. Councilor Bayley doubts the vote and asks for a roll call, two of the councilors supporting him. The clerk will call the roll.

Reconsideration was lost, yeas 5, nays 15:

Yeas—Coun. Bayley, Chase, Coffey, Linehan, Sullivan—5.

Nays—Coun. Bryan, Cantwell, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Madden, McCormack, Moriarty, Russo, Scannell—15.

The order will come up for its second reading and passage in not less than fourteen days.

2. Report on message of Mayor and order (referred April 1) for loan of \$1,500,000, to be expended by various departmental officials for cost of additional departmental equipment—that same ought to pass.

The report was accepted, and the question came on the passage of the order.

Coun. SULLIVAN—I would like to hear the committee's report read.

President KELLY—Will the chairman of the committee explain to the councilor?

Coun. MADDEN—The answer to that is what has already been reiterated, the matter has been discussed pro and con. There was a quorum of the committee present when the department heads were interviewed. It is the opinion of the committee that the order as requested should pass.

Coun. SCANNELL—Being a member of the Committee on Finance, I might enlighten some of the members of the Body on what is needed in this city as far as the Fire Department is concerned. We got information from the Fire Commissioner that some of the fire pumps in our Fire Department are actually eighteen and twenty-five years old. In the past four or five years since the war we could not get any equipment. Incidentally there was a quorum of the committee present. The councilor from Ward 5 (Coun. Bayley) happened to be there. It was my interpretation at that time that the councilor from Ward 5 was satisfied that the City of Boston needs new fire equipment to see if we can stamp out some of the fires we have been having in the Back Bay and South Boston. There is no question in my mind as far as the Fire Department is concerned, we do need this money. As far as fire-fighting equipment goes, look at the Tooner-ville Fire Department we have in the city. You might see some day something like the holocaust of the Coconut Grove, unless you spend two million dollars more to get the Fire Department up to where it should be. As far as the Public Works Department is concerned, through my questioning I learned it is in a pretty sad state of affairs. Probably 40 per cent of the equipment of the Public Works Department, as the Commissioner of Public Works said, is nothing but a total wreck and absolute junk. There is no question in my mind if the war had not started, we would have spent three or four million dollars in just these two departments alone in the past four or

five years. I am satisfied of that. As far as the Park Department is concerned, I believe he stated he needed upwards of \$250,000 for trucks and equipment to take care of the parks and playgrounds. I am satisfied that the city is in a deplorable condition as far as equipment is concerned. I am satisfied that I have enough knowledge in the Committee on Finance to vote for this loan order.

Coun. LINEHAN—During the past three months, it has been my recollection that quite a few functions of the Public Works Department have been taken over by contract. I think there has been a shifting of some districts which were under so-called city labor over to contract work which of course means that the city does not need equipment for that type of work. I do not know of how much of this collection of ashes and how much of the paving of streets is being done by private contractors. But I do know this much, that if we are getting more and more work done by private contractors, the city needs less and less equipment. I am not talking about the Public Works Department. I am not talking about the Fire Department. I know for example in the City of Boston before the year is out, in fact it has already taken place, I think, the City of Boston is going to transfer, if they have not already done so, many bridges over to the jurisdiction of the state. It is very surprising. It was passed by the Legislature last year with the assistance of Mayor Kerrigan's régime, believe it or not. I do not doubt in the long run that is going to save thousands of dollars in the maintenance of bridges, material and equipment that might go into the bridges when they are being repaired. I am bringing these little items out to show we do not need the equipment we did some years ago. We did not have any contractors doing the paving of the streets. We did not have any contractors collecting the garbage and the ashes. It seems to me with all this doing away with city employment on some of these functions, we do not require as much equipment. I do want to be honest with you. Once again, how much of this one and a half million dollars is going to the Public Works Department. Nobody said so. I do not know how much is going to the Park Department. Somebody said they could use \$250,000. I do not know if the Park Department got in this million and a half dollars. How much is the Fire Department getting? I still do not know. To be honest, I do not know how many members of the Council know. If there was a quiz contest now, it would be a revelation. There would be a revolution. That is to say once again we vote for items not knowing much about them. Once again, gentlemen, the one and a half million dollars costs a lot of money to borrow. The councilor from Ward 16 (Coun. Fish) said that one million dollars will cost \$149,000. I, too, thought the figure of \$149,000 last week was based on a \$80,000 boat. He said \$80,000 would cost \$149,000.

Coun. FISH—Would you like an answer to that?

Coun. LINEHAN—I will yield for an answer.

Coun. FISH—Any individual loan, for the councilor's information, will cost \$149,000 whether it be for a small amount of \$80,000 or for several million.

Coun. LINEHAN—May I ask the gentleman from Ward 16 does he now mean to say it does not cost any more to borrow five million than it does \$80,000? I yield for an answer on that.

Coun. FISH—I still say that. I ask the clerk whether I am correct in my statement or not.

Coun. LINEHAN—May I ask you through the clerk if the city borrows ten million dollars, am I led to believe it will cost only \$149,000 if it is amortized over period of ten years?

President KELLY—If the city borrows ten million dollars for one purpose, it is \$149,000 the same as for \$100,000.

Coun. LINEHAN—I would like to ask a further question from the distinguished gentleman from Ward 16 (Coun. Fish). I would like to know if the City of Boston borrows ten million dollars, what interest rate would it pay? Does he know the answer to that question?

Coun. FISH—At one time I did know. I do not know the present rate of interest.

Coun. LINEHAN—I am dumbfounded. You can borrow ten million dollars as cheaply as \$80,000.

President KELLY—I am informed that you can borrow at 1½ per cent, the prevailing rate.

Coun. LINEHAN—Mr. President, having studied finance in the so-called university of Boston, I always thought it cost whatever the prevailing rate of interest would be on the amount of the loan. May I ask the distinguished gentleman from Ward 16, my good colleague from Dorchester, if I am wrong or just what is the story?

Coun. FISH—I am not a financier any more than the councilor from Ward 7 (Coun. Linehan). From my knowledge, if you float a loan of five million dollars, authorize a loan of five million dollars, if you only borrow a portion, one million dollars, you only pay the interest on the one million dollars and the other four million dollars is not touched in any way, you pay only the percentage on what you borrow, although you do not borrow what you are fully authorized to borrow.

Coun. LINEHAN—I can understand you get charged only on what you borrow. That is not very revealing at all.

President KELLY—What is bothering you? Maybe I can find out from the City Clerk.

Coun. LINEHAN—I am trying to find out whatever the prevailing rate of interest is on this particular loan of one million and a half, if they know it. Do we know it already? I pause for an answer from the distinguished gentleman from Ward 16 (Coun. Fish).

Coun. FISH—I think I have given sufficient answers on that particular angle.

President KELLY—I am informed by the City Clerk the prevailing rate of interest at this time is 1½ per cent on loans of this kind.

Coun. LINEHAN—May I ask the clerk, through you, doesn't it cost much more in dollars and cents which will eventually affect the tax rate to borrow ten million dollars than it does if you borrow \$80,000?

President KELLY—The more you borrow the more you pay back.

Coun. LINEHAN—That is all I have been trying to get. You had a bug in my ear with \$149,000. We do pay it. The higher the loan the more in dollars and cents. The interest rate might stay the same, but we will pay on the dollars we borrow.

President KELLY—That is right.

Coun. LINEHAN—May I ask somebody through you if the gentleman from Ward 16 does not care to answer, how is it 1½ million dollars is going to be borrowed? When is it going to be paid back and at what prevailing interest rate?

Coun. FISH—It would be borrowed when it is necessary.

President KELLY—We borrow as we feel it necessary to borrow over a period of time. It is a five-year loan. We borrow over a period of five years.

Coun. LINEHAN—We might borrow \$300,000 every one of the five years.

President KELLY—Whatever it is.

Coun. LINEHAN—We might borrow it during the next nine months.

President KELLY—That is right.

Coun. LINEHAN—If we borrow it during the next nine months, you are going to pay interest on the 1½ million dollars over a period of five years. That adds up into sugar. It is going on next year's tax rate and the subsequent four years after that. You gentlemen representing conservative wards should be careful. You have some tough men out there who talk the tax rate. Some of our wards do not have them, but you do in other wards. East Boston is tough on the tax rate, too. Once again, Mr. President, I would like to get more information if I can. I have been trying hard to get some all day. I did not get it last week. I would like to find out what the money is being borrowed for in the Fire Department, what kind of equipment, and what kind of equipment in the Park Department, and what kind of equipment in the Public Works Department. Frankly, in my opinion, the Public Works Department is getting to be less and less a department. The more we turn things over to contractors, the less we should have of a Public Works Department. Once again, let me warn you this will affect the tax rate next year. If we borrow this year, I do not doubt but what we shall pay interest this year. If that is so, it does affect the tax rate of this year to whatever extent in dollars and cents the interest payment might be plus the principal. I sincerely hope we go slow on this and wait until some of us get some information as to what is being bought by the city, so that we will know where we are going in the so-called ship of this city of ours. It seems to be going without a rudder at the present time.

President KELLY—The question comes on the passage of the appropriation.

Coun. CHASE—Do I understand correctly that no one knows what this equipment is?

President KELLY—The members of the committee were asking various questions of the commissioner. Maybe they can enlighten us.

Coun. CHASE—Will some member of the committee advise me on this one and a half million dollars?

Coun. LANE—I had not intended to speak, Mr. President, on the loan orders now under discussion. But I happened to be present at every meeting held last week, forenoon and afternoon. I had the privilege of listening to very able, eminently well-qualified Commissioners Codman, Curley, Long and Carven. I am satisfied that the City of Boston needs this equipment. Commissioner Codman in presenting his side of the case for the Fire Department made a statement, and I challenge any member of the so-called opposition—after all we are all good friends, I hope—to deny this loan. Commissioner Codman made the statement.

Coun. SULLIVAN—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. SULLIVAN—A point of information. I would like to ask the gentleman from Ward 21 (Coun. Lane) or the new chairman of the Finance Committee to explain what he means by opposition. No one is opposed to this order. All we are trying to do is seek for information.

Coun. CHASE—Mr. President.

President KELLY—One at a time.

Coun. CHASE—I yield.

President KELLY—I think the gentleman is trying to give information if you will let him go on.

Coun. SULLIVAN—I would like an explanation of the word "opposition."

Coun. LANE—I will be glad to answer the question as best I can. By "opposition" I mean nothing reflecting in any manner on any of those individuals, individually or collectively, who apparently are doing their best to delay the passage of this order.

Coun. SULLIVAN—What proof has the gentleman received? Mr. President, a point of information.

President KELLY—State your point of information.

Coun. SULLIVAN—What does the gentleman base his reasons on? All the opposition is trying to do is to receive information, if you want to call it opposition.

Coun. CHASE—Mr. President, a point of parliamentary inquiry.

President KELLY—Just a minute. Will you try to give every member of the Council who desire, any information you can give them?

Coun. LANE—Gladly.

Coun. CHASE—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. CHASE—Mr. President, I have the floor. I yielded to get an answer from some gentleman to advise me.

President KELLY—I thought the gentleman was going to give you an answer.

Coun. CHASE—He is not giving me any answers. He is making a speech.

President KELLY—He is leading up to giving you an answer, if you will please be patient.

Coun. LANE—As I was saying, Mr. President, Commissioner Codman in appearing before the committee one day last week said, "It will interest you members of the committee to know that if in the City of Boston we had two four-alarm fires simultaneously, we would not be able to successfully combat them." Through the Chair, may I ask if that statement is correct, Councilor Scannell?

Coun. SCANNELL—That is true.

Coun. LANE—I will give you the breakdown on the figures if you wish them. One million five hundred thousand dollars is being sought under this loan order for equipment which will directly benefit four major departments of the city—the Fire, Police, Public Works and Park Departments. We have a total breakdown of \$1,126,378 for all departments, leaving a balance of \$373,622. Most of the balance will be applied to the Fire Department. Under the Park Department we have \$108,200 for motor vehicles. Under the Police Department we have \$96,000. Under Public Works Department, for only one division, the Sanitary Division, for new motor vehicles, we have \$364,900. For the Fire Department we have, for new vehicles alone, \$196,500. We have a total of \$942,875 out of the million and a half for motor vehicles. If there are any other questions, I would be glad to answer them if I can.

President KELLY—Thank you.

Coun. CHASE—Mr. President, as I understand it, there is \$196,000 for the Fire Department. Is that correct?

Coun. LANE—One hundred ninety-six thousand five hundred dollars for the Fire Department.

Coun. CHASE—What do you propose to buy with it?

Coun. LANE—New equipment, new pumps, fire engines, ladders, and any other things they might require in the form of new equipment.

Coun. CHASE—Nine hundred and forty-two thousand dollars in Public Works Department?

Coun. LANE—No, we have not—\$942,000 for new vehicles for all of the city departments, total.

Coun. CHASE—How much for the Public Works Department?

Coun. LANE—We have it broken down by divisions. Sanitary, \$364,900 for new vehicles. I can give you the breakdown for the other departments, if you wish them.

Coun. SULLIVAN—A total of \$942,000, I understand, is to be for equipment and trucks. I ask the chairman or a member of the committee if this \$942,000 is for trucks and equipment, a total grant out of a million and a half dollars?

President KELLY—Nine hundred and forty-two thousand dollars is the total.

Coun. LANE—For vehicles alone. There are other items in the million and a half.

Coun. SULLIVAN—How much of the \$942,000 is to be used to purchase equipment declared surplus by the War Department—Army trucks and so forth—if that can be answered?

Coun. LANE—Briefly, I think, if I may, I will call on Councilor Scannell. He asked the same question.

Coun. SCANNELL—Mr. President, that was the question I asked the Fire Commissioner. He informed me at the present time there is no surplus equipment held by the Army and Navy. I further questioned the commissioner. He said he did not think this equipment would be beneficial to the city for the fire-fighting forces.

Coun. SULLIVAN—What about the other departments, the Park Department and the Public Works Department, and so forth? What were the answers of the department heads, if they made inquiries as to whether they were going to purchase surplus commodities like trucks?

Coun. SCANNELL—Mr. Chairman, I also asked those questions at the meeting of the Committee on Finance. They informed me the Park Department was going to get some jeeps from the Army. I believe the Public Works Commissioner informed me that any surplus commodity, any trucks suitable for the service that were available, will be purchased from the Army.

Coun. SULLIVAN—Mr. President, may I ask another question of some member of the committee? Who is going to determine the suitability of this equipment?

Coun. SCANNELL—I believe that the Park Department or the Supply Department will. They have men available who buy this equipment. I believe they know their business. That is what they are getting paid for.

Coun. SULLIVAN—A further point of information, Mr. President. If \$149,000 has to be appropriated with each loan order, what does the \$149,000 cover on the loan orders?

President KELLY—I am informed there are three separate appropriations of \$149,000, each one for each separate loan order.

Coun. SULLIVAN—There was another one last week for \$149,000 for the \$80,000?

President KELLY—That was an appropriation and not a loan.

Coun. SULLIVAN—Thank you.

President KELLY—The question is on the passage of the order. The clerk will call the roll.

Coun. LINEHAN—Before you call the roll, Mr. President, it seems to me we are coming to the point where we have such distinguished department heads we believe everything they say. I, for one, do not believe it. Any group of department heads that will submit a budget of \$11,000,000 more than last year's budget certainly is not acting for the best interests of the City of Boston. When it comes to the Fire Commissioner himself saying if we had two four-alarm fires in different parts of the city we could not handle them, I do not know if that is so true. Probably it has been true all through the years in Boston. Two four-alarm fires in Boston would be a lot of fire. When they say the Army and Navy equipment is not proper for the City of Boston Fire Department, I do not agree with the gentleman in charge of the Fire Department, because I know that the Navy has stations throughout this state, throughout this nation, and throughout the world. At all the different islands of the Southwest Pacific there are all kinds of Navy fire-fighting equipment. It could very well be used by the City of Boston. I happen to have been a security officer in the Navy for a short while. I also attended a fire-fighting school in South Boston, an exceptionally fine one conducted by the Navy. The Navy hose is no different from that used in the City of Boston. What is going on? Is it because there is no profit out of good surplus materials, or is there going to be more profit out of buying from private companies? Is that the nigger in the woodpile? That is why I would like more information. I would like to have some kind of promise from somebody. I do not know what good promises are in these days. They might promise not to spend money for this or that, and the first thing you know the request would be coming in to spend the money for this instead of that. I am sorry to say once again all I got on this particular order is that they are buying equipment for the Fire Department. I still have not found out what kind of equipment. I have not been told what type of hose and type of fire engines they are. Are they ladders? What are they? Is it equipment for the men? What kind of equipment is it for the Fire Department? I think when we get these department heads before us, we should not only sit in the room in Executive Session with them here; we should, as a Body, if we can, or at least as a committee, go down and see this equipment that is needed, look at the present equipment and find out its defects and what we need. Can it be repaired? Do we need this new stuff? We should get some experts to go along with us, not just the Fire Commissioner. After all, the department heads do not have to come before us if the Mayor says no. We found that out. Probably the Attorney-General might force them to say they will come before us. I am stalling here, probably using a lot of time. Once again it is for a good purpose. I do not mind the gentlemen yawning. It gets kind of tiresome after awhile. But, honestly, gentlemen, it is going to get tiresome for the taxpayers in places. We already know the tax rate is going to be much larger than last year's, which was the highest for many years. At the rate it is going, and the rate these things are coming in the City Council and the rate the majority of the members of the City Council will vote for an appropriation at the request of the Mayor, I am almost afraid to think of what the tax rate will be. I certainly hope this, regardless of what the tax rate is—I hope that his Honor the Mayor does not get mad at business and drive business out by over-assessing the business establishments in the city. We need what we have. I hope that threat that was made a short while ago, I hope he forgets it for the interest of the taxpayers of the city, because, if he does that, he is doing the one thing he said he would not do—he is driving business out of the city.

Coun. SCANNELL—Mr. President, I do not like to disagree with my colleague. I have facts with respect to the Fire Department. The United States Navy has requested fire protection in the South Boston Navy Yard for some fifteen flat-tops, or airplane carriers, that are going to be stationed here for storage. I do not like to get into any argument with any of my colleagues in regard to fire-fighting equipment. I agree with the Fire Commissioner after the story he told the Committee on Finance that they needed new fire equipment in this city. People are dying probably because we have not the right equipment. There was a fire in the Back Bay, one in South Boston,

and at the Coconut Grove. We cannot say there is not enough money in this city to protect the lives of men, women and children. If we need one million or two million dollars for fire equipment, hospitals, sanitary works or playgrounds, then let us have it for the best interest of the city.

Coun. LINEHAN—Will the gentleman yield for a question?

Coun. SCANNELL—I shall.

Coun. LINEHAN—For the information of the gentleman from South Boston (Coun. Scannell) I never at any time said we did not need this equipment. Therefore, I ask him to withdraw his statement when he said he would take issue with me. I merely want information as to what type of equipment we are getting. I hope he withdraws that statement about taking issue with me. I am certainly not taking issue. I want to know what the city is getting for its money.

Coun. SCANNELL—Well, Mr. President, can I answer that? I informed the Council that the United States Navy has asked that the City of Boston protect the airplane carriers that are going to be stationed in South Boston. The Fire Commissioner informed us they have not the equipment. The Navy has not enough to take care of the South Boston Navy Yard. That is why I say, Mr. President, as far as taking issue with the councilor from Ward 7 (Coun. Linehan), I merely state the information I received on the equipment they have. If they are looking for our equipment to protect the Navy Yard, what kind of equipment can they give us to protect the people of Boston?

Coun. LINEHAN—May I inform the gentleman from Ward 6 (Coun. Scannell) that I had the pleasure or displeasure of serving on a flat-top, one of those baby flat-tops he is talking about. I happen to know, when the Navy ships such as the flat-tops go out of port, they are well-equipped for firefighting. They have to be. If a bomb is dropped on them, they have to have equipment. Every one of them has plenty of equipment. If they get hit with four or five bombs, they have to be taken care of. But the flat-tops have plenty of equipment to take care of the little fires they might have in the Navy Yard. I think the Navy ought to take care of its own equipment, which it seems it always wants to do. I sincerely hope it is possible for our Fire Commissioner to see if he cannot get the Navy to take care of its own flat-tops. For his information, the flat-tops are well able to take care of themselves when it comes to fire protection.

Coun. CHASE—Mr. President, this is a loan order of a million and a half dollars. One hundred and ninety-six thousand dollars is to be spent on fire equipment. I do not think any member of the Council would hesitate to vote to build up our Fire Department on an A-1 fire department. It would take only \$196,000, apparently, to bring our Fire Department up to date. But I have in mind that leaves \$1,300,000 to be spent on other vehicles. I do not think, sir, we know enough about the other vehicles to be able to cast our votes in an intelligent manner on \$1,300,000. I know that many trucks we use in the Public Works Department are not being used today simply because the work is being done by contractors. I would like to know, sir, if we apply all this money for the Public Works Department, if it would enable the city in the future to take care of certain work on its own accord and do away with the contractors. I would like to ask this question through you. Is it possible to reduce this loan order?

President KELLY—A motion is in order to reduce the loan order.

Coun. CHASE—Mr. President, I am very much in favor of a bill bringing our Fire Department up to an A-1 fire department. I believe in voting the necessary \$196,000 for our Fire Department. But, sir, in view of the fact we have \$1,300,000 for other equipment such as public works and other places, and we do not know how really necessary it is, I feel, sir, we can reduce this loan order to \$500,000, which would enable his Honor the Mayor to take care of the Fire Department and possibly other departments, and then later on, sir, if it is absolutely essential and he needs the money, let him come in and it will not cost him any more money. He can come in and float a million dollars. I think, sir, we are entitled to know more facts before we vote on the question. I move, sir, we give his Honor the Mayor enough money to build up the Fire Department to an A-1 fire department, namely, \$196,000, and a few hundred thousand dollars for other vehicles, and reduce this loan order by one million dollars, thereby giving him \$500,000 for equipment, having in mind, sir, that he can come in at some future date and explain to us the equipment that he deems absolutely necessary and fully and adequately explain it to us. I move, sir, that this loan order be reduced by one million dollars.

President KELLY—Councilor Chase moves that this loan order be reduced from \$1,500,000 to \$500,000. It is not a vote. The question comes on the passage of the appropriation. The clerk will call the roll.

The order was given its first reading and passage, yeas 15, nays 2:

Yeas—Coun. Bryan, Cantwell, Coffey, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Madden, McCormack, Moriarty, Russo, Scannell, —15.

Nays—Coun. Chase, Linehan—2.

The order will come up for its second reading and passage in not less than fourteen days.

RECESS.

The President declared at 6.12 p. m. a recess of twenty minutes. The members reassembled in the Council Chamber at 6.45 p. m., President KELLY presiding.

CONTINUED REPORT OF COMMITTEE ON FINANCE.

Coun. MADDEN, for the Committee on Finance, submitted the following:

3. Report on message of Mayor and order (referred April 8) for loan of \$1,500,000 for construction of Public Ways or Permanent Pavement—that same ought to pass.

The report was accepted, and the question came on the passage of the order.

Coun. CHASE—Mr. President, I would like to ask the chairman of the Committee on Finance if he could advise the Council what this money is to be spent for, and how this money is broken down in each ward.

President KELLY—I can answer that and we can save time. This is a million and a half dollars that is going to be divided up all over the City of Boston.

Coun. CHASE—For the side streets?

President KELLY—Everybody will get his share. You have streets in your ward that must be done, and I have streets in my ward. It will be throughout the city.

Coun. CHASE—I would like to get specific information just how the money is to be spent. Is there any message with that loan order from his Honor the Mayor? Is it to be for street construction?

President KELLY—No specific information. There never is with any loan order.

Coun. CHASE—Mr. President, I think the Council as a whole should know how the money is to be spent. How do we know his Honor the Mayor is going to select one main highway, perhaps, and put in a new highway?

President KELLY—I will assure you that will not be done. There will be division among the various wards. I am looking for streets, and other councilors are looking for streets. I am sure every councilor will get his "must" streets.

Coun. CHASE—In view of the lack of information, I move this matter be laid on the table for one week.

President KELLY—Councilor Chase moves this matter be laid on the table for one week. It is not a vote. The clerk will call the roll on the passage of the order.

The order was given its first reading and passage, yeas 17, nays 1:

Yeas—Coun. Bryan, Cantwell, Coffey, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Russo, Scannell, Sullivan—17.

Nays—Coun. Chase—1.

Coun. CHASE—I move reconsideration. Mr. President, I hope the Council will reconsider this order in view of the fact we have not much information on how the money is to be spent. We do know that the message from the Mayor's Office states the money is to be spent on street construction. What kind of street construction? Is it going to be one new highway or is it going to be for streets in each individual ward? No one seems to be able to give the answer. I do not believe we should blindly vote on this matter unless we have more information. I trust, Mr. President, each councilor realizes if this money is granted and they look for streets in their particular districts and they are not forthcoming, there is not much they can do about it. I urge them that this is the time to exercise their power to find out just what this loan order is all about. We do not know anything about it other than the fact that it is to be used for street construction. I trust, Mr. President, that the Council will reconsider the matter and lay it on the table for one week in order for us to get the information to which we are rightfully entitled.

President KELLY—Councilor Chase moves reconsideration of the matter. It is not a vote.

REPORT OF COMMITTEE ON LICENSES.

Coun. SCANNELL, for the Committee on Licenses, submitted the following:

Report on petition (referred April 8) for driveway opening:

Liberty Mutual Insurance Company, at Stuart street—recommending that permit be granted.

Report accepted; permit granted under usual conditions.

REPORT OF COMMITTEE ON CLAIMS.

Coun. LINEHAN, for the Committee on Claims, submitted the following:

Report on petition of Joseph F. Gould (referred February 4) to be reimbursed as a result of execution issued against him on account of his acts as operator of motor vehicle attached to the School Committee, recommending passage of the accompanying order, viz:

Ordered, That the sum of five thousand dollars (\$5,000) be allowed and paid to Joseph F. Gould

in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle attached to the School Committee, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

2. Report on petition of George M. Freeman (referred February 4) to be reimbursed as a result of an execution issued against him on account of his acts as operator of motor truck belonging to Street Cleaning Division, Public Works Department, recommending passage of the accompanying order, viz:

Ordered, That the sum of one thousand dollars (\$1,000) be allowed and paid to George M. Freeman in reimbursement for the amount of an execution issued against him on account of his acts as operator of a motor truck belonging to the Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

APPOINTMENT OF EMPLOYEES THROUGH CIVIL SERVICE COMMISSION.

Coun. LINEHAN offered the following:

Ordered, That his Honor the Mayor instruct the City Department heads to submit requests to the Civil Service Department of the Commonwealth for any future appointments of employees of said departments so that war veterans may receive proper consideration.

Coun. LINEHAN—Mr. President, reading in the *City Record* of April 13, page 387, I was very much interested to observe some statements made by his Honor the Mayor over the radio when he appealed to the people to petition the Legislature for permission to borrow ten million dollars. "Everyone appears to be willing to give lip service to the unemployed and needy veterans. There is only one thing that the average veteran who has sacrificed for his country in the hour of trial asks for, and that is a fair opportunity to earn a livelihood with a sufficient wage to maintain his family in conformity with American customs. This is only possible through industry and commerce. Let us not follow the methods that make all these men who served their country in the hour of crisis mendicants or pedlers of apples or other wares. Let us find work for the veterans and, finding that work, preserve our self-respect, decency and the spirit of Americanism." Now, Mr. President, that is certainly a well spoken statement. I think every councilor in this chamber adheres to what is in that statement. But as I said in speeches in this Body, I am sorry to say I have seen a great many appointments secured according to the same *City Record* in the city service by people who are not veterans. At least as far as my eyes can see in the *City Record*, it seems it is a case of about one out of five who might be a veteran. With about six million veterans back in this country—I do not know how many are back in Boston and how many are back in Massachusetts—it seems to me about time that the City of Boston at least took cognizance of the fact that the veterans do need work. If the records show that his Honor the Mayor is filling positions that become vacant, even though he said at one time he would not fill vacancies, I certainly think he ought to give a break to the veterans. I might say, being very personal, my brother had to go to college under the G I Bill of Rights at the age of thirty-nine. Mayor Curley's two sons are ensconced in two nice positions in the city, if I remember correctly. One of them pays \$4,000 a year in the Mayor's office. You remember that budget in the Mayor's office went up some \$20,000. I understand the other was or is already appointed to the Law Department of the city. All well and good. To the victor belong the spoils. They are getting it. I can also say, of course, his brother-in-law is being spoken of for all types of jobs. I do not know whether he is a veteran or not. If he is not, I do not think he should be getting all the publicity and all the suggestions coming from the Mayor that he might put his brother-in-law in this position or that. For example, I might point out in the Real Estate Department, I understand, only recently one member of a so-called firm of lawyers in this city was appointed special counsel. We only had two boys on the pay roll at \$3,500 or so taking care of matters for the City of Boston plus a real estate expert, a fellow by the name of Cassell, making up to \$20,000 a year. Cassell is one of the outstanding real estate men of the city. That is the reason why he was hired under the last two administrations. He is well recognized as an expert. I certainly hope his job is not filled by a poor substitute, a man who might not be considered an expert by the Appellate Tax Board. Therefore, when he testifies for the City of Boston as a so-called expert, he is not worth much. He is not worth as much as Mr. Cassell. I am not speaking to emphasize Mr. Cassell. I hardly know the gentleman. I do not care if he is even rehired as an expert. They can hire some other expert. I certainly hope if they do rehire somebody in place of the experts we hear so much about, as far as the real estate expert goes, we get a high type man for the city. If you do not, his testimony before the Appellate Tax Board is not going to amount to a hurrah. It will not get us any consideration up there at all. As I said before, from reading through the *City Record* recently time after time, occasionally you run

across a man receiving an appointment who is a veteran. It says "veteran" in parenthesis after his name. I am assuming all those who do not have the word "veteran" after their names are not veterans. I can truthfully say, looking at these last six weeks and the minutes of the City Council and the departments which are listed in the *City Record*, that the record shows under Mayor Curley that the veterans really are not getting very much in the way of employment. They are getting so little it is pathetic. You will remember, Mr. President, how he spoke on inauguration day about the veterans. I will remember it. I was sick of it in disgust. If he is putting people to work, if he is replacing people where the jobs are absolutely needed, I say it is about time he got going and gave the veterans a chance to get on the lists and get some of the jobs. If we do not start now, God knows when we will start. I am almost surprised that some of our veterans in the Council were restored, the way the rest of the city is going. Up in the Law Department they are restoring some of them for six months. My law partner is back. He is ashamed to go up and seek for six months' work. He is a veteran from overseas. He was in Germany and in the Bulge and everything else. You have to go up and beg Mayor Curley to get a six months' appointment, and you might not get it. These things are small. Still, they are in the interest of good government. All through history from the earliest times government repaid its war veterans. I do not mind saying when I was on Beacon Hill, after twenty years of favoritism and absolute veterans' preference in the Legislature, I do not mind now admitting I voted to moderate it. I voted to make it apply like the Federal Government, ten and five. After twenty years I thought they had enough. The poor kids who were not in a position to serve were getting discriminated against and could not get a job. Now, all these kids are home from the service. They are coming to my house and your house and every councilor's house. To be honest, all they do is to belong to the 9-20 Club. I am afraid my brother would belong to it except for the fact he took advantage of the G I Bill of Rights and went to college at the age of thirty-nine. These things should not happen in a city where so many flags were waved over the past four or five years as we were told what the city was going to do for the war veteran. Haven't we something here to give the war veterans? We have vacancies being filled. If they are being filled, according to the report in the *Record*, they are being filled, doesn't every gentleman in this Council agree they should be filled by veterans whenever possible, unless it is a matter of a job which requires such special qualifications that there is no veteran available for the job? I think for at least another ten or fifteen years the veterans should get the breaks in public employment. Frankly, they are not going to get it in private employment. They are no better than anybody else, in private employment. The poor G I is finding that out. At least in government, particularly when we are putting people to work in the city, try in every instance possible to put a returned veteran in a job from a civil service list. I read this letter earlier. I am sorry I read it. The other one speaks about a complaint from a veteran who said he was disgusted. He tells how he was trying to get work and could not, and how the veterans were getting kicked around. Of course, his Honor the Mayor said the same thing, there has been nothing but lip service. That is about all it has been. To be honest, that is about all it has been in this City Council. How long the veterans are going to stand for it, I do not know. I do not have many veterans coming to me shouting to organize and go to town. They just have not done it. The poor guys sit at home. Some of them are getting \$20 a week. Some are not. That is they are just about existing after some of them coming home with broken limbs and other things. Some of them get compensation from \$11 up to \$115. I read in the paper of one poor veteran because he was in the service, now has a leg paralyzed from the hip down. He gets the magnificent sum of \$20 a month. It is really wonderful. It is just about enough to buy cigarettes. That is what is going on in the Federal Government all over the state. That is what is now going on, not exactly that in regard to the disabled veterans but what is going on in the city today. Replacements are being made, but veterans are not being given too much consideration, according to the list in the *City Record*, and not quoting anybody. I think it is about time it stopped. Councilor Linehan is the originator of the order, a so-called anti-Curley City Councilor, if I might be called that, even though I originated the order. It is one thing to help somebody in your family if you can, like Mayor Curley has done. He has helped his family well on the jobs. You cannot blame him. Unfortunately he could not help my family. Other fellows here had brothers in the service. He cannot help them, either. But I think the City Councilors, every one of them, whether he is a veteran or not, owes it to the boys to see they get some kind of better treatment than what they have been getting from the city. If you remember some time back, Mr. President, and I will conclude very soon, much to the enjoyment of everybody, it was not a long time ago that—I guess I will not go into that. It is one of those things, Mr. President, where I hope his Honor the Mayor actually does something about it. Will you as President of the Boston City Council request his Honor the Mayor to

please answer this order even though it is filed by me, not for my interest, but for the interest of the great many unemployed veterans in the city? There are plenty in the 9-20 Club and plenty that are taking a job for \$30 like a great many of these in the *City Record*, \$33 and \$35 a week jobs. As I said, there were two associate commissioners appointed down at the Board of Real Estate Commissioners awhile ago at \$3,500. I hope they were veterans. When we save on the one hand and with the other hand we give it away to somebody, and I think they are not veterans, in the form of additional employees in a department where they are probably not needed, I sincerely hope, in conclusion, you take this up yourself, if you will, with his Honor the Mayor, because I just have not been able to go down to his Honor the Mayor's office. I hope in behalf of me and of all the veterans in this city you will take the matter up with him and see that he gives it proper consideration and gets in touch with the State Civil Service Department to see if some of the lists cannot be opened up for returning war veterans.

The order was passed under suspension of the rule.

ONE DAY OFF IN SIX FOR POLICE.

Coun. KEENAN offered the following:

Ordered, That his Honor the Mayor confer with the Police Commissioner of the City of Boston for the purpose of ascertaining the possibility of granting to the members of the Boston Police Force one day off in six.

Passed under suspension of the rule.

REPAIRS TO MICHELANGELO SCHOOL.

Coun. RUSSO offered the following:

Ordered, That the School Buildings Commission of the City of Boston be requested, through his Honor the Mayor, to immediately send an inspector to the Michelangelo School for the purpose of determining what necessary repairs should be made to put this building in first class condition.

Coun. RUSSO—Mr. President, I realize the hour is late and we all would like to go home. However, I had the good fortune of going into the Michelangelo School last week to observe the conditions that exist there. I was really amazed, Mr. President, how a school of that size, a school that must have cost in the vicinity of at least \$700,000 or \$800,000, if not more, could be left in a condition of practical decay. I would like to have any one of you councilors go in there and see some of the aisles the children have to go through. The plaster is falling from the ceiling. I do not believe that the school has been painted for ten years or more. The condition of the gymnasium is bad. I did not see any equipment in there. The so-called auditorium of the Michelangelo School has not had any painting for quite some time. Chairs are missing. They have not been replaced. I was really amazed to see those conditions exist. I am only wondering, Mr. President—I can recall that only a short time ago there was a strike by the school children of that particular school. Of course, as I said previously, I do not subscribe to children taking the law into their own hands. But I am wondering if it is not the fault of the School Committee and its departments bringing those conditions around. What is the matter with the Michelangelo School that they have not done anything in order to bring that school up to standard? Aren't those children just as good and just as well as any other children throughout our city? Go in there to the lavatories. Why such conditions exist in there that you and I would not allow our own children to go there. I say Mr. President, the thing has to be done. We want to avoid child delinquency. If we in our own homes want to see that our home is painted at least once every two or three years, and we are perhaps only five or six in the family, just compare that with a building where hundreds of children are going in day in and day out. I believe, if we go through our school buildings, we might be able to find out that the same conditions exist in other schools. Why should they exist when the City of Boston is spending millions of dollars in order to give their children the best? I say something has to be done. There are a lot of promises, but no action. I hope that the School Buildings Department sees fit to bring that school up to good standing, to make sure each child receives the best that money can buy. Mr. President, would you be surprised to know that the roof of that building has been leaking for quite some time, that it is gone so badly that they had to go to the use of gas, on account of the electrical wiring being corroded? What are they doing with the millions of dollars? For the sake of the City of Boston and for the sake of the children who are the ones who have to carry on after we are gone, let us give them the best. They are spending the money. Let us hope that they will receive what they are entitled to.

The order was passed under suspension of the rule.

CLEANING OF CATCH-BASINS AND SEWERS, WARD 3.

Coun. RUSSO offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to take

immediate steps to have all catch-basins and sewers in Ward 3 cleaned.

Coun. RUSSO—Mr. President, briefly this is an order I have put in time and time again. I feel, where summer is approaching, the catch-basins and sewers are spots where all disease could be contracted. The odor from some of these sewers is terrible. That is putting it mildly. They are filled to capacity, and something has to be done before the warm weather comes along. I, for one, voted for that loan relying fully on the realization that the sewers of my particular district need repairs and need cleaning. Therefore, I hope that his Honor the Mayor will instruct the Public Works Commissioner to make sure that the sewers of my district and in the same manner the sewers throughout the City of Boston, for the protection of our health, should be cleaned and repaired, in order to eliminate diseases. Children may be in contact with them, due to the fact they play on the streets and they are close to the sewers.

The order was passed under suspension of the rule.

ELECTRIC LIGHTS ON SCHOOL STREET, JAMAICA PLAIN.

Coun. MORIARTY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to substitute electric lights for the antiquated gas lamps on School street, Jamaica Plain, from Walnut avenue to Amory street.

Passed under suspension of the rule.

BACKSTOP ON MARCELLA STREET PLAYGROUND.

Coun. MORIARTY offered the following:

Ordered, That the Boston Park Commission be requested, through his Honor the Mayor, to increase the height of the backstop on the Marcella street Playground.

Passed under suspension of the rule.

PAINTING OF LINES AT EGLESTON SQUARE.

Coun. MORIARTY offered the following:

Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to have arresting lines painted across the southerly part of Columbus avenue, at Eggleston square, so that pedestrian traffic may be assured greater convenience and safety.

Passed under suspension of the rule.

Adjourned, on motion of Coun. MORIARTY, at 7.30 p. m., to meet on Monday, April 22, 1946, at 2 p. m.

PROCEEDINGS OF SCHOOL COMMITTEE.

Mar. 28, 1946.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon st., at 2:46 o'clock P. M., the Chairman presiding.

Present: Messrs. Foley, McDevitt, Norton, Ward, and White.

ACTING SECRETARY

On motion of Mr. White, Agnes E. Reynolds was elected Acting Secretary during the absence of the Secretary, Louise Kane.

APPROVAL AND AMENDMENT OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

On motion, the minutes of Feb. 12, 1946, were amended on p.— to provide that the appointment of Dorothy W. O'Halloran, secretary, Ulysses S. Grant District, to take effect Feb. 7, 1946, shall read "second year."

APPROPRIATIONS — LAND AND BUILDINGS

The following communication was received:

City of Boston—Department of School Buildings

March 27, 1946.

Miss Louise Kane,
Secretary, Boston School
Committee,

15 Beacon Street, Boston, Mass.
My dear Miss Kane:—

Under date of March 26th you forwarded to the Board of Commissioners of School Buildings, the following proposed appropriation order:—

ORDERED, That in accordance with the provisions of section 2 of Chapter 224 of the Acts of 1936, the following appropriation is hereby made to meet the estimated cost of "construction and furnishing of new school buildings, both temporary and permanent, including the taking of land therefor, and for school yards and the preparing of school yards for use, and for rent of hired accommodations" for the fiscal year 1946:

LAND AND BUILDINGS FOR SCHOOLS
Item 1—Rent of Hired Accommodations \$22,000.00

The above sum of \$22,000.00 appropriated for land buildings is obtained as follows:
a. From the amount available under the \$.50 allowance \$21,727.00
b. From unexpended balance from 1945 273.00
Total \$22,000.00

At a meeting of the Board of Commissioners of School Buildings held this date, it was voted as provided in Chapter 351 of the Acts of 1929, to report favorably on the above appropriation order.

Respectfully submitted,
Board of Commissioners
of School Buildings:—
(Signed) Arthur M. Tobin,
Acting Chairman.

Placed on file.

The following statement was ordered spread upon the records:

ESTIMATED TOTAL MONEY AVAILABLE FOR LAND AND BUILDINGS 1946

Amount available under the provisions of Section 2 of Chapter 224 of the Acts of 1936, viz., \$.50 on each \$1,000 of the average valuation \$718,285.52

Unexpended balances 1945:
a. Rent of Hired Accommodations 273.00

Total money available for appropriating purposes \$718,558.52

The following was offered:

ORDERED, That in accordance with the provisions of section 2 of Chapter 224 of the Acts of 1936, the following appropriation is hereby made to meet the estimated cost of "construction and furnishing of new school buildings, both temporary and permanent, including the taking of land therefor, and for school yards and the preparing of school yards for use, and for rent of hired school accommodations" for the fiscal year 1946:

LAND AND BUILDINGS FOR SCHOOLS

Item 1—Rent of Hired Accommodations \$22,000.00
The above sum of \$22,000.00 appropriated for land and buildings is obtained as follows:

a. From the amount available under the \$.50 allowance 21,727.00
b. From the unexpended balance from 1945 273.00

The order passed by the following vote:

YEAS—Messrs. Foley, McDevitt, Norton, Ward, and White—5.
NAYS—0.

APPROPRIATIONS — ALTERATIONS AND REPAIRS

The following communication was received:

City of Boston—Department of School Buildings

March 27, 1946.

Miss Louise Kane,
Secretary, Boston School Committee,

15 Beacon Street, Boston, Mass.
My dear Miss Kane:—

Under date of March 26th you forwarded to the Board of Commissioners of School Buildings, the following proposed appropriation order:—

ORDERED, That in accordance with the provisions of Section 2 of Chapter 224 of the Acts of 1936, the following appropriations are hereby made to meet the estimated cost of "alteration and repair of school buildings and for furniture, fixtures, and means of escape in case of fire, and for fire protection of existing buildings, and for improving existing school yards," for the fiscal year 1946, based on the accompanying detailed estimates:

A. Administration Expenses
Salaries \$197,710.00
A1. Emergency Compensation Allowment 13,200.00
B. Administration Expenses, Office Expenses and Other Items 15,450.00
C. Alterations, Furniture and Equipment for special educational needs 73,370.00
E. General Alterations and Repairs 912,000.00

Grand Total for Alteration and Repair of School Buildings \$1,211,730.00

The above total of \$1,211,730.00 appropriated for "alteration and repair of school buildings," etc., is obtained as follows:

a. From the amount available under the \$.85 allowance \$1,188,328.80

b. Unexpended balances of 1945:
Administration Expenses, Salaries \$1,542.97
Emergency Compensation Allowment 637.21
Administration Expenses, Office Expenses and Other Items 1,197.57
Alterations, Furniture and Equipment for special educational needs 4,005.22
General Alterations and Repairs 16,018.23 23,401.20

Total \$1,211,730.00

At a meeting of the Board of Commissioners of School Buildings held this date, it was voted to report favorably on the above appropriation order, all as provided in Chapter 351 of the Acts of 1929.

Respectfully submitted,
Board of Commissioners
of School Buildings:
(signed)—Arthur M. Tobin
Acting Chairman
Placed on file.

The following statement was ordered spread upon the records:

ESTIMATED TOTAL MONEY AVAILABLE FOR ALTERATIONS AND REPAIRS—1946

Amount available under the provisions of Section 2 of Chapter 224 of the Acts of 1936, viz., \$.85 on each \$1,000 of the average valuation.	\$1,221,085.38
Unexpended balances, 1945:	
a. Administration Expenses, Salaries	\$1,542.97
b. Emergency Compensation Allotment	637.21
c. Administration Expenses, Office Expenses and Other Items	1,197.57

22. 1945 Invoices in dispute	500.00

Total \$912,000.00

Placed on file.

ANNUAL APPROPRIATION FOR MAINTENANCE, EXCLUSIVE OF "ALTERATIONS, REPAIRS, FURNITURE AND FIXTURES"

The Business Manager submitted, in compliance with the rules, the following communication and appropriation order:

To the School Committee of the City of Boston:

In compliance with the instructions of the Committee and pending the compilation of the budget in book form for the fiscal year 1946 with accompanying detailed estimates for all schools, departments and other activities, I am presenting for your consideration the accompanying appropriation order totaling \$16,978,778.87, which sum includes \$1,030,155.55 to cover Emergency Compensation Allotments for the year 1946.

The said sum of \$16,978,778.87 covers all expenditures for maintenance under the direct control of the School Committee. The School Committee will also make appropriations for the following items and in the sums set forth below. The expenditures under these items will be under the direct control of the Department of School Buildings.

Alterations, Repairs, Furniture and Fixtures	\$1,211,730
Rent of Hired School Accommodations	22,000

In connection with the appropriation order totaling \$16,978,778.87 to cover expenditures under the control of the School Committee, there will be furnished to His Honor the Mayor a copy of the detailed preliminary estimates and a copy of the detailed additions or reductions to such estimates which have been approved by the School Committee. In other words, the preliminary estimates covering expenditures under the control of the School Committee totaled \$17,209,020.94. Since the preparation of these estimates, a net reduction of \$230,242.07 has been made, making the total of the final appropriations to cover expenditures

under the control of the School Committee, \$16,978,778.87.

The total appropriations for 1946 will therefore be \$18,212,508.87 (\$16,978,778.87 plus \$1,211,730 plus \$22,000—\$18,212,508.87).

Total credits made up of the unexpended balances at the end of the year 1945 and the estimated income for the year 1946 will amount to \$1,842,450.42. The amount to be raised by taxation would therefore be \$16,370,058.45, which is the difference between the total appropriations and the total credits (\$18,212,508.87 minus \$1,842,450.42—\$16,370,058.45).

Respectfully submitted,

(Signed) Alexander M. Sullivan
Business Manager.

Placed on file.

The following was offered:

ORDERED, That to meet the estimated cost of maintenance of the Boston public schools for the fiscal year 1946, exclusive of "alterations, repairs, furniture and fixtures" for which separate appropriation orders are made, the following amounts are hereby appropriated to cover expenditures under the control of the School Committee and for the purposes indicated below, which amounts include provision for emergency compensation allotments to be continued at the will of the school committee:

For general school purposes:

Salaries of administrative officers, clerks, stenographers and other employees	\$ 566,657.59
Salaries of supervisors of attendance	102,487.00
Salaries of principals, teachers, members of the supervising staff and others	12,243,159.56
Salaries of cafeteria employees	231,674.21
Salaries of custodians	1,076,941.38
Salaries of school medical aids	30,814.80
Fuel and light, including electric current for power	576,361.17
Supplies, equipment and other items	1,201,851.00
Pensions to veterans (non-contributory)	57,881.10
Pension to janitress-matron (non-contributory)	360.00
Promoting the Americanization and better training for citizenship of foreign-born persons	13,234.90
Vocational guidance	58,573.34
Physical education—day schools and playgrounds	472,692.32
Salaries of school physicians, salaries of school nurses and care of teeth	233,570.00
Extended use of the public schools	112,520.50
Pensions to teachers (non-contributory)	•

Total \$16,978,778.87

*No appropriation from tax levy. These pensions paid from (a) income received from Commonwealth, (b) unexpended balance of last year, (c) accrued interest of Permanent School Pension Fund.

On roll call, the order making appropriations in the sum of \$16,978,778.87 passed by the following vote:

YEAS—Messrs. Foley, McDevitt, Norton, Ward and White—5.

NAYS—0.

The Business Manager submitted the following:

Supplementary tabulation showing the totals of the preliminary estimates, dated January 14, 1946, the additions and reductions which have been made since the submission of the preliminary estimates, and the totals which agree with the totals in the foregoing appropriation order for the year 1946.

	Preliminary Estimates	Additions or Reductions	Net Totals
Salaries of Administrative Officers, Clerks, Stenographers and Other Employees	\$ 532,772.25	+\$ 33,885.34	\$ 566,657.59

Fuel and Light, including electric current for power	605,361.17	—29,000.00	576,361.17
Supplies, Equipment and Other Items	1,083,479.00	+118,372.00	1,201,851.00
Pensions to Veterans	31,132.33	+26,748.77	57,881.10
Pension to Janitress-Matron	360.00		360.00
Promoting the Americanization and better training for citizenship of foreign-born persons	13,554.90	—320.00	13,234.90
Vocational Guidance	62,350.34	—3,777.00	58,573.34
Physical Education—Day Schools and Playgrounds	444,210.32	+28,482.00	472,692.32
Salaries of School Physicians, Salaries of School Nurses and Care of Teeth	235,525.00	—1,955.00	233,570.00
Extended Use of the Public Schools	106,209.00	+6,311.50	112,520.50
Pensions to Teachers	(1)	(1)	(1)
	\$17,209,020.94	—\$230,242.07	\$16,978,778.87

(1) No appropriation from tax levy. These pensions paid from (a) income received from Commonwealth, (b) unexpended balance of last year, (c) accrued interest of Permanent School Pension Fund.

Placed on file.

APPROVAL OF STATE-AIDED WORK

A communication was received from M. Norcross Stratton, Director, Division of Vocational Education, reporting that the re-establishment of the course in carpentry in the Boston Trade High School Evening Classes has been approved in accordance with plans set forth and submitted in memoranda on file in the office of the Division of Vocational Education in the Department of Education.

If the plans as submitted are carried out, the work of these courses will be given approval and the city of Boston recommended for reimbursement under the provisions of Chapter 74 of the General Laws, as amended, reimbursement to date from Sept. 24, 1945.

Placed on file.

DEATHS

The Superintendent reported the death of the following-named principal:

Mary E. Curley Intermediate District—Joseph A. F. O'Neil, Mar. 26, 1946.

Placed on file.

The Superintendent reported the death of the following-named teacher:

Theodore Roosevelt Intermediate District—Florence G. Erskine, teacher, intermediate, Mar. 25, 1946.

Placed on file.

At the suggestion of Dr. Foley, the following statement was ordered spread upon the records, a copy to be sent to the widow of Mr. O'Neil:

The death of Mr. Joseph A. F. O'Neil, Principal of the Mary E. Curley Intermediate District, is a distinct loss to the Boston School Department.

Mr. O'Neil served for almost forty years in the various ranks and schools of this city. His kindly interest in the well-being of the schools and of the pupils will long be remembered by those who had occasion to deal with him on school matters

At the suggestion of Dr. Foley, the following statement was ordered spread upon the records, a copy to be sent to the family of Mr. Connelly:

The School Committee learned with sincere regret of the death of Mr. John J. Connelly, Jr., Head Master of the Charlestown High School, on March 1, 1946.

Mr. Connelly served for thirty-one years in the public schools of this city, and had been Head Master of the Charlestown High School since February 9, 1942.

Mr. Connelly was vitally interested in the welfare of the schools and in all that pertained to the well-being of the pupils. His death is a distinct loss to the public schools of this city.

RESIGNATIONS

The following resignations, reported by the Superintendent, to take effect on the dates stated, were presented:

Department of Household Science and Arts—Dorothea C. Nelson, teacher of sewing, Mar. 8, 1946.

Grover Cleveland Intermediate District—Charles L. McCarthy, teacher, intermediate, Mar. 20, 1946.

Lewis Intermediate District—John R. O'Brien, teacher, intermediate, Mar. 20, 1946.

Patrick T. Campbell Intermediate District—Herbert G. Regan, teacher, intermediate, Mar. 20, 1946.

Solomon Lewenberg Intermediate District—Robert B. Russell, teacher, intermediate, Mar. 20, 1946.

William Barton Rogers Intermediate District—Eugene G. Branca, teacher, intermediate, Mar. 20, 1946.

Placed on file and the assignments approved, to take effect on the dates stated.

A communication was received from the Superintendent, under date of Mar. 28, 1946, reporting that he has assigned the following-named teachers to assist in the "veterans on the job" training program of the Vocational Division of the Massachusetts Department of Education, for the periods indicated:

Theresa M. Casella, trade assistant, Trade School for Girls, for the period Mar. 20 to Apr. 18, 1946.

Stephen T. Reilly, co-operative instructor, South Boston High School, for the period Apr. 1 to June 27, 1946.

Placed on file and the assignments approved for the periods stated.

A communication was received from the Superintendent, under date of Mar. 28, 1946, reporting that he has made the following assignment, without change of rank or salary, to take effect Mar. 25, 1946, and to continue for the school year ending Aug. 31, 1946, unless earlier terminated by the Superintendent with the approval of the School Committee:

Samuel C. Draisen, shop instructor, Department of Manual Arts, to the Boston Technical High School.

Placed on file and the assignment approved to take effect on the date stated.

A communication was received from the Superintendent, under date of Mar. 28, 1946, reporting that he has made the following assignment, without change of

rank or salary, to take effect Mar. 4, 1946, and to continue until Apr. 18, 1946:

Vashni Marchant, co-operative instructor, Charlestown High School, to assist half-time in placement and follow-up work in that school.

Placed on file and the assignment approved for the period stated.

DESIGNATION

A communication was received from the Superintendent, under date of Mar. 28, 1946, reporting that he has made the following designation of a teacher to serve in the position indicated until such time as it shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1946:

Brandeis Vocational High School—George E. Shepherd, senior instructor, as acting head of division, (vice John J. Boyan, absent on leave), Feb. 27, 1946.

Placed on file.

SALARY OF JOSEPH E. McDERMOTT

On motion, it was

ORDERED, That the classification and the salary or compensation of the following-named person employed in the Administrative Offices is hereby established for the year beginning Jan. 1, 1946, and to continue until otherwise ordered, as follows:

Office of the Business Manager
Group C.

	Per Week
Joseph E. McDermott, assistant,	\$36.00

APPROPRIATIONS AND EXPENDITURES TO MAR. 1, 1946

A communication was received from the Business Manager, under date of Mar. 28, 1946, submitting a statement showing the expenditures for maintenance of the public schools for the first two drafts of the current fiscal year, the expenditures for the first two drafts of the fiscal year 1945, and the increases and decreases in the several items.

Placed on file.

SUSPENSION OF SESSIONS

The following were offered:

ORDERED, That the sessions of all day schools are hereby suspended at 12 o'clock noon on Tuesday, Apr. 9, 1946, in order that teachers and pupils may have an opportunity to view the parade to be held in observance of the Fourth Anniversary of the Fall of Bataan.

ORDERED, That the Administrative Offices and Supply Room of the School Committee be closed

at 12 o'clock noon on Tuesday, Apr. 9, 1946, the day of the parade to be held in observance of the Fourth Anniversary of the Fall of Bataan.

The regulations were suspended and the two orders passed.

JUNIOR CUSTODIANS IN CERTAIN BUILDINGS

A communication was received from the Schoolhouse Custodian, under date of Mar. 28, 1946, recommending provision for a junior custodian in certain school buildings, to take effect Mar. 31, 1946.

Placed on file.

On motion, it was

ORDERED, That there be included in the schedule of compensation for senior building custodians, junior building custodians, janitresses and elevator operators of the Boston Public Schools, adopted at the meeting of July 20, 1943, provision for the addition of a junior custodian in each of the following-named buildings, to take effect Mar. 31, 1946:

Boston Trade High School.

Donald McKay Intermediate School.

High School of Commerce.

Lewis Intermediate School.

Michelangelo Intermediate School.

William Barton Rogers Intermediate School.

William Howard Taft Intermediate School.

The Committee adjourned.

Attest:

AGNES E. REYNOLDS,
Acting Secretary.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendments to the Revised Traffic Rules and Regulations of the City of Boston, which were adopted November 29, 1945, and were effective December 17, 1945, for a trial period of sixty (60) days, and which were extended for a further trial period of sixty (60) days, from February 15, 1946, are hereby extended for a further trial period of sixty (60) days, from April 16, 1946:

From Commonwealth avenue to Huntington avenue.

Parking of vehicles is prohibited between the hours of 9 a. m. and 4 p. m. in the following streets:

Beacon Street.

South roadway, both sides, from St. Mary's street to Park Drive.

Commonwealth Avenue.

South roadway, both sides, from Beacon street to Exeter street.

Exeter Street.

Both sides, from Commonwealth avenue to Huntington avenue.

These rules shall not apply to official vehicles of the Boston Athletic Association.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be for thirty (30) days, vehicles are excluded from the following street, effective April 22, 1946:

Northbourne Road, West Roxbury.

From Hyde Park avenue to Bourne street.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of thirty (30) days, parking of vehicles is prohibited in the following street, effective April 22, 1946:

Commonwealth Avenue, Boston Proper.

South side, from Cummington street to St. Mary's street, 8 a. m. to 10 a. m.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective April 29, 1946:

Section 8, Part 2 (Prohibition of Parking), is amended by striking out the following:

Arlington Street, Boston Proper.

Northeast side, from Boylston street to Commonwealth avenue, 7 a. m. to 6 p. m.

Section 8, Part 2 (Prohibition of Parking), is amended by adding the following:

Arlington Street, Boston Proper.

Northeast side, from Boylston street to Commonwealth avenue, 4 p. m. to 6 p. m.

Stuart Street, Boston Proper.

South side, from Tremont street to Warrenton street, 7 a. m. to 6 p. m.

COST OF LIVING SHOWS ANOTHER INCREASE.

The cost-of-living in Massachusetts continued to climb during January, registering one-fourth of 1 per cent gain over December, it was announced by Director John P. McBride of the State Division of Necessaries of Life.

Increases in retail cost of food, clothing, fuel and light were offset by a 14 per cent decrease in the prices of eggs, poultry and canned fruits and vegetables.

The division pointed out that "continued absence of lower priced wearing apparel plus higher prices in some lines caused a rise in the clothing index of 1.3 per cent."

Fish prices climbed 7.0 per cent, fruits and vegetables rose 3.4 per cent while there was no change in retail prices of meats and dairy products.

A rise of 1.3 per cent for fuel and range oil was reported.

MAKES PROFIT ON FEDERAL BONDS.

Baltimore, Maryland, last month made a net profit of \$1,061,969 from the sale of \$23,200,000 worth of Federal bonds. During 1944 and 1945 the city issued and sold sewer, water, harbor, school, public building, airport, and conduit bonds in the amount of \$27,650,000, but because the city was not ready to use the money, part of it was invested in Treasury bonds yielding 1½ per cent interest. The profit, which is to be credited to 1947 revenue, is equivalent to almost 8 cents on the city tax rate.

TACKLING THE PARKING PROBLEM.

In Hartford, Connecticut, the Mayor has appointed a development commission to study problems relating to the city's future including traffic, parking, and industrial expansion. . . . A study of parking practices in Detroit indicates that the cost of parking is secondary to walking distance. Motorists paying a 10 to 15-cent parking fee walked an average distance of 820 feet according to the study, and those paying a 40-cent fee walked an average distance of 750 feet. . . . The Chicago City Council recently adopted a resolution requesting the State Legislature to permit Chicago to establish and operate municipal parking lots; and a plan for building an underground parking lot in Grant Park also is being considered.

ALMOST 3,000,000 IN NAVAL SERVICES.

By the end of 1943 it was estimated that the following totals of personnel were on active duty in the U. S. Navy, U. S. Marine Corps and the U. S. Coast Guard:

	U.S.Navy	U.S.M.C.	U.S.C.G.	Total
Officers	201,000	29,700	10,500	241,200
Enlisted	2,093,000	370,000	161,000	2,624,000
Total	2,294,000	399,700	171,500	2,865,200

AIDS PAID TO ELEMENTARY AND SECONDARY SCHOOLS FROM INCOME TAX REVENUES.

Only since 1919 has the state participated widely in the financing of elementary and secondary schools. Before that time state aid to municipalities was less than 2 per cent of the total cost of education, and was granted only to a limited group of towns. In 1919, however, provision was made for payments from the proceeds of the newly enacted personal income tax to *every* city and town which met certain teacher salary and qualification standards. Except for slight modifications the program is still the same as that established in 1919 (chapter 363, Acts of 1919). Every city and town is paid a fixed amount for every teacher employed (primary reimbursements), and some municipalities with low valuation per pupil receive additional grants (supplementary reimbursements).

STATE FISCAL AIDS TO CITIES AND TOWNS FOR PUBLIC ELEMENTARY AND SECONDARY SCHOOLS.

State aid to municipalities for public elementary and secondary education amounts annually in Massachusetts to six million dollars. This aid constitutes almost one tenth of the total annual expenditures for public education, and thus it is of considerable importance to municipal finance. The funds come from three sources: Over four fifths from income tax proceeds, the remainder from the General Fund and from the income of the Massachusetts School Fund. This aid for elementary and secondary education is in seven forms, which can be classified under three headings: General aid to every city and town, aid to equalize the financial burden of education among the cities and towns, and special aid to small towns. In all cases the aid is in the form of reimbursement, *i. e.*, partly based on expenditures by the municipality.

ELEVATED ROAD INCOME.

Reporting that in 1944 the income of the Boston Elevated Railway decreased by \$193,541.05 and the cost of service increased by \$1,826,963.49, the Public Trustees of the railway, in their annual report filed with the Legislature on January 31, 1945, announced that although the cost of the service exceeded receipts by \$393,020.27 in 1944, there would be no deficit assessed upon the cities and towns served because this amount had been taken from the \$1,000,000 reserve fund, leaving a balance of \$606,979.73 in this fund as of January 1, 1945.

The railway had an excess of \$1,605,-601.46 of income over cost of service in 1943.

DANIEL F. DONOVAN,
Collector of Taxes for the City of Boston.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

SENIOR LIBRARY ASSISTANT, DEPARTMENT OF PUBLIC HEALTH, MAY 18, 1946.

Last date for filing applications, Monday, April 29, 1946, at 5 p. m.

Salary: Basic salary: Minimum, \$1,500 a year; maximum, \$1,860 a year. Temporary salary increase, 20 per cent.

Vacancies: At present there is one vacancy for a female, to be filled on a permanent basis.

Duties: To have charge of the department library; to be responsible for the

orderly arrangement, classification, proper indexing and card cataloguing of books, pamphlets and periodicals; to supervise the proper use by readers of books and periodicals in the library; to supervise the system of circulation of periodicals among the employees of the department; to keep suitable records; and to perform related work as required.

The appointee should be well versed in library science, and should be familiar with the Boston Medical Library System of classifying books, and with public health and medical periodicals.

Entrance Requirements: Applicants must have at least four years' experience in library work. *Substitution:* A B.S. degree in library science may be substituted for the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

OFFICE BUILDING PORTER, DEPARTMENT OF PUBLIC WORKS, MAY 18, 1946.

Last date for filing applications, Monday, April 29, 1946, at 5 p. m.

Salary: Basic salary: Minimum, \$1,140 a year; maximum, \$1,440 a year. Temporary salary increase, \$300 a year.

Vacancies: At present there is one vacancy to be filled on a permanent basis.

Any additional appointments made as a result of this examination will be limited to the duration of the war and one year thereafter, unless the appointing officer certifies that the public welfare or public safety requires the immediate filling of the position on a permanent basis.

Duties: To assist in keeping the Department of Public Works Building in good condition and appearance by performing any necessary work on or about the premises and building, such as moving furniture and barrels or cartons of supplies, emptying baskets of paper, sweeping and dusting, washing paint, shovelling snow, cleaning drains, and assisting the carpenter or plumber; and to perform related work as required.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CREATES ARBITRATION BOARD TO SETTLE INDUSTRIAL LABOR DISPUTES.

The city council of Toledo, Ohio, recently approved an "industrial relations charter" which creates a labor-management citizens' committee of 18 appointed by the Mayor. The charter is recommended by the Toledo City Council for adoption by representatives of industry and labor in the city. The preamble states: "Industrial harmony means more than the elimination of strikes, slow-downs and lock-outs. It means a practical, common-sense recognition of the rights of both employers and employees, the mutuality of their interests, and the importance of their joint responsibility to the citizens as a whole, whose interests transcend the presumed rights of any group."

STATES AND CITIES TAKE ACTION ON EMERGENCY HOUSING.

Four states are taking steps toward meeting the housing shortage. In Massachusetts a state housing bill would authorize cities to (1) undertake repairs or remodeling of houses for veterans, (2) acquire land for sale to veterans or contractors who will sell or rent houses to veterans, (3) go into the housing business for themselves, and (4) seize homes from which veterans and their families have been evicted without fault. In Minnesota the Governor has appointed a state housing expediter to work with building supply industries and Federal agencies on materials distribution, to aid local communities in making use of unused buildings, and to help cities benefit from the programs of Federal agencies having to do with housing. In Illinois the state has contributed \$4,300,000 to the Chicago Housing Authority for use in acquiring land for veterans' housing, and in California the governor has called a special session of the Legislature to consider a bond issue of perhaps \$100,000,000 for loans to veterans for homes and farms.

MUNICIPAL OFF-STREET PARKING FOR CLEVELAND.

According to reports, free parking will be offered at municipal parking ground to be established in Cleveland, to relieve overtaxed private lots and garages in the downtown area. This announcement was made recently as Mayor Burke met with traction authorities and requested servicing of the area with adequate day-long 5-cent transportation to the central business district.

Law Director Lee C. Howley is quoted to have said: "We'll offer these parking facilities at no cost to motorists and will run them into the downtown area for a nickel."

The Mayor, meeting with General Manager Walter J. McCarter and Traction Board Chairman William C. Reed, asked that the Loop bus line be revised to extend its services into the free lake-front parking space. As soon as the area is opened, the Mayor said, it will be staffed with attendants, protection provided for cars of parkers and a shelter house constructed if use of the lot warrants.

STREET CAR FARE IN OTHER CITIES.

The following is a list of some of the large cities that have 10-cent cash fare:

Atlanta, Ga., 10 cents, two tokens for 15 cents; Baltimore, Md., 10 cents, four tokens for 35 cents*; Boston, Mass., 10 cents; Buffalo, N. Y., 10 cents, three tokens for 25 cents; Cincinnati, O., 10 cents, five tokens for 45 cents; Cleveland, O., 10 cents, six tokens for 50 cents; Denver, Colo., 10 cents, three tokens for 25 cents; Houston, Texas, 10 cents, four tokens for 30 cents; Indianapolis, Ind., 10 cents, eight tokens for 55 cents; Kansas City, Mo., 10 cents, four tokens for 35 cents; Louisville, Ky., 10 cents, three tokens for 20 cents; Milwaukee, Wis., 10 cents, six tokens for 50 cents; Minneapolis, Minn., 10 cents, six tokens for 50 cents; Omaha, Nebraska, 10 cents, three tokens for 25 cents; Oakland, Cal., 10 cents, seven tokens for 50 cents; Pittsburgh, Pa., 10 cents, three tokens for 25 cents; Portland, Oregon, 10 cents, three tokens for 25 cents; St. Louis, Mo., 10 cents, four tokens for 35 cents; Seattle, Wash., 10 cents, three tokens for 25 cents; Toronto, Ont., 10 cents, four tokens for 25 cents; Washington, D. C., 10 cents, three tokens for 25 cents.

* Tokens discontinued.

AIRCRAFT MATERIAL PRODUCTION 41 PER CENT OF TOTAL AUTOMOTIVE WAR JOB.

Behind current attempts to knock Germany out of the war by means of airpower, stands the teamwork of the automotive industry, which has done much to get bombers in the air over Hitler's domain.

The motor industry, starting as a scrub team in the aircraft field a year before Pearl Harbor has since attained major league stature.

In the two years since December 7, 1941, the industry's output of bombers and fighters has constantly soared. Measured in dollar volume, it rose from \$400,000,000 annual rate of production on the day of the Jap's assault to \$4,300,000,000 on the second anniversary of that "day of infamy."

The same upward spiral took place in deliveries of all forms of war materials by automotive plants. When Pearl Harbor news struck, they had reached an annual production rate of \$1,777,000,000 for all forms of military requirements: aircraft, military vehicles, tanks, guns, ammunition, marine engines and other equipment. Today the annual production rate tops the \$10,000,000,000 mark.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING BRADDOCK PARK AND WEST RUTLAND SQUARE FOOT BRIDGES, BOSTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest is owned by a citizen or citizens of the United States, for repairing Braddock park and West Rutland square foot bridges, Boston. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Repairing Braddock Park and West Rutland Square Foot Bridges, Boston," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, May 8, 1946, with a certified check for four hundred (400) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

(Apr. 27.) Commissioner of Public Works.

TANKERS DO DOUBLE DUTY.

American shipyards are now making it possible for our tankers to carry extra loads. A scaffold-type extra desk enables a modern tanker to carry a load of extra freight the equivalent of 10 per cent of its normal load capacity. Some tankers now carry, in addition to its load of gasoline, deck loads of ambulances, planes, jeeps and trucks.

CITY OF BOSTON.

PARK DEPARTMENT.

INVITATION FOR PROPOSALS FOR REPAIRS TO FIELD HOUSE, SHELTER AND BLEACHER SEATS AT WILLIAM H. GARVEY PLAYGROUND, DORCHESTER, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, Mass., hereinafter referred to as the Awarding Authority, invite sealed proposals for repairs to field house, shelter and bleacher seats at William H. Garvey Playground, Dorchester, Mass.

Proposals will be received until 2 p. m., Thursday, May 9, 1946, at the office of the Awarding Authority, 33 Beacon street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 2 p. m., Monday, May 6, 1946.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING PASSENGER AND
COMMERCIAL VEHICLES FOR CITY DEPART-
MENTS.

The Supply Department of the City of Boston invites proposals for furnishing vehicles for city departments, on specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Vehicles." There will be a charge of twenty-five cents (\$0.25) for each set of proposals taken out.* The bids will be publicly opened and read Thursday, May 16, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(Apr. 27.) Superintendent of Supplies.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 38

SATURDAY, MAY 4, 1946.

No. 18

MAYOR CURLEY CALLS ON LEGISLATURE TO RECOGNIZE THEIR OBLIGATIONS TO THE PEOPLE OF THE STATE AND COURAGEOUSLY ESSAY TASK OF PROVIDING TAX RELIEF FOR CITIES AND TOWNS OF STATE—SAYS, IN RADIO BROADCAST, IF LEGISLATORS DO THEIR PART THERE IS NO REASON FOR FURTHER BURDENING MUNICIPALITIES WITH INCREASE IN TAX RATES—SPEAKS OF “SHATTERED IDEALS” AND CHARGES LACK OF PROGRESS AND FORWARD THINKING WHICH IS CAUSING STATE TO STAND STILL WHILE OTHER COMMONWEALTHS MOVE AHEAD.

Mayor James M. Curley, speaking over Station WMEX on April 29, on the subject, “Shattered Ideals,” spoke in part as follows:

Not so many years ago, the slogan “Massachusetts — There She Stands” was always used in a laudatory and commendatory sense. It signified the forward position occupied by the Old Bay State among the Commonwealths of the Nation. It rightfully pictured Massachusetts as a beacon light illuminating the way for other states to follow in progressive legislation and forthright governmental action.

In the light of recent actions on Beacon Hill, however, the slogan, if used today, might well be taken to indicate and emphasize the *inertia* and *lack of progress* now so evident in the legislative processes of our state government. Rather than pointing the way to progress and forward thinking, Massachusetts today is standing still, is failing to keep abreast of the progressive thought and action displayed by other states in the Union. No better illustration of the force of this sad commentary is needed than the 1946–1947 budget recommendations of the Committee on Ways and Means, which were presented to the House of Representatives last week and which authorized an expenditure of \$126,000,000 — the largest appropriation measure in the history of the Commonwealth.

Burden on Cities and Towns.

In governmental finance, a budget is primarily a balanced financial work program in which the total of authorized expenditures is offset or balanced by an equal amount of estimated income or receipts. This cardinal budget principle was flouted in the recommendations of the Committee on Ways and Means, which, incidentally, were expeditiously approved by the House since, according to the statement of the Committee accompanying the recommendations, proposed expenditures exceeded estimated departmental receipts by over \$22,000,000.

Before sending the so-called budget to the Senate, the House provided for the assessment on the cities and towns of a state tax of \$10,000,000 and appropriated the balance of \$8,500,000 remaining in surplus. By these expedients, the unbalanced condition of the so-called budget, when received in the Senate, was reduced to an amount slightly in excess of \$3,000,000.

Left to its own devices, the Senate might well have emulated the hasty consideration given the so-called budget by the House and enacted the budget by adding the deficit with which it is confronted to the state tax fixed by the House. Fortunately, a “voice crying in the wilderness” was heard in the western part of the state last Wednesday evening, and the repercussions resulting from the uncontested statements of this speaker have resulted in the Senate suspending action on the so-called budget and serving notice on the House that such a suspension will remain in effect until new revenue measures sufficient at least to offset the deficit in the budget now before the Senate are enacted and sent to the upper House for consideration. Failure of the House to respect this ultimatum might well lead to the fixing of the state tax to be met in 1947 by the 350 cities and towns of the Commonwealth at an amount in excess of \$15,000,000, for it must be remembered that deficiency and supplementary budget appropriations must be adopted by the Legislature before final prorogation.

What a sorry spectacle! Yes, what a tragedy! With practically every city and town in the state faced with rising tax rates — an increase of \$20 has already been officially declared by one town — we observe the Legislature not only indifferent to what is taking place in the finances of the “creatures” who make up the state, but also callously enacting legislation which will further complicate and aggravate the financial problems of cities and towns.

Instead of considering, as advocated last year and this by Governor Tobin, ways and means to abolish the state tax as a burden on local real estate, the Legislature is blithely initiating an upward spiral in this tax which, within two years, may carry it to an all-time high.

Pressure on Governments.

Throughout the country, local governments are feeling the pressure of post-war rehabilitation. The return of municipal employees from the armed forces, the rehabilitation of municipal plants long neglected because of the shortages during the war of manpower and materials, the necessary extension of municipal services in connection with unprecedented housing shortages, salary increases for municipal employees whose compensation during the progress of the war fell far behind those engaged in the production of instruments of war, rising interest rates on municipal securities, together with the upward surge of welfare and relief disbursements resulting from the return of veterans and former war plant workers to ordinary civilian pursuits, have stretched the capacity of municipal treasuries to almost the breaking point.

(Continued on page 515.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

CITY RECORD.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, May 6, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending April 27, 1946.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 170; nonresidents, 49; total, 219.

Death rate per 1,000 of population: All deaths, 14.86; nonresidents deducted, 11.53.

Death rate per 1,000 of population:

Last week, 12.14; corresponding week last year, 17.12.

Deaths by age periods, sex, etc.: Under one year, 16; one year to four years, inclusive, 6; sixty years and over, 129. Total deaths: Male, 112; female, 107; deaths in hospitals and institutions, 134.

REPORTABLE DISEASES: CASES AND DEATHS.*

MAYOR APPEALS TO LEGISLATURE TO RECOGNIZE THEIR OBLIGATION TO THE PEOPLE AND PROVIDE TAX RELIEF FOR CITIES AND TOWNS.

(Continued from page 513.)

Fortunately for communities outside of Massachusetts, those in charge of legislative programs have, either by the enactment of special revenue measures or by the granting of home rule powers, made positive contributions to the alleviation of municipal financial woes. Permit me to enumerate just a few examples, first, of definite local relief measures enacted by State Legislatures and, second, action taken or contemplated by cities under home rule powers.

The New York State Legislature, predominantly Republican in its political aspect, has authorized the Democratic Mayor of New York to levy until July 1, 1949, four new taxes from which it is estimated the annual yield will be \$67,000,000. The Maryland State Legislature has granted Baltimore, its major municipality, blanket power to levy any new taxes the city may find necessary in 1946 and 1947. The Advisory Council of the Virginia State Legislature, following a study of state and local tax problems, has recommended nine legislative measures to boost the revenues of local units of government.

POPULATION AS BASIS.

The California Legislature has recently made possible an increase in the gasoline tax allotment of the state to cities of 59 per cent. Pennsylvania cities, towns and townships will receive approximately \$17,000,000 from an additional 1 cent state tax on gasoline put into effect on March 1. The Alabama legislature has recently set aside from the surplus in the state treasury \$10,000,000 to be allocated to cities and towns. The New York Legislature has just approved a series of nine measures designed to simplify the system under which the state gives financial assistance to its governmental components and do it in a manner which would stabilize local government finances. It is estimated that under this measure New York City will gain \$32,000,000 and up-state New York localities \$19,500,000.

In place of a large number of special distributions made under arbitrary and complicated formulas, fixed sums will now be distributed based solely upon population. In addition it is provided that the local share of the relief expenditures will be reduced to and stabilized at 20 per cent of the total expenditures for each type of relief, which means, of course, that 80 per cent of the cost of welfare and relief throughout the state will be met from the state treasury. In addition, a stabilization reserve fund has been established which will receive excess state tax revenues in good times, holding them for use and distribution during depression periods.

Philadelphia, that received \$22,500,000 from its pay roll tax in 1945, is now considering a 3 per cent tax on hotel rooms and an excise tax on luxuries. Chicago is now debating the possibility of imposing a city sales tax or a tax to reach the income of persons employed in the city. St. Louis officials are considering an increase in the present city cigarette tax as well as a service charge for the collection of rubbish and ashes, a municipal sales tax and a local income or

pay roll tax. Los Angeles, on April 8, adopted several ordinances increasing the annual operating revenue of the city by over \$8,500,000. In the city of Toledo, an ordinance imposing an income tax of 1 per cent and providing for pay roll withholding was securely established by the voters in a referendum on April 11. Jacksonville is considering adoption of sewer rentals, garbage collection fees and annual divers' licenses fees.

CALLOUS ATTITUDE.

This is only a brief summation of what is taking place throughout the entire nation. The trend is obvious. State Legislatures, other than that of Massachusetts, fully aware of the plight of their local communities, have cooperated directly or indirectly in making new sources of revenue available for the relief of real estate. What a contrast to the picture here at home where our state officials have not only been indifferent to the present financial problems of cities and towns, but also are currently displaying utter callousness insofar as the future is concerned. How the mighty have fallen!

Every major war in the history of this country has been followed by increased service demands on local government and consequent increases in municipal expenditures. After the last war, the general relief case load of the Boston Public Welfare Department increased 100 per cent. On January 1, 1921, there were 1,293 families and individuals receiving assistance. This figure rose until March, 1922, when 2,624 families and individuals were receiving assistance. In our Soldiers' Relief Department relief expenditures increased from roughly \$214,000 in 1918 to \$893,000 in 1919.

WELFARE AND RELIEF.

An examination of statistics connected with unemployment compensation claims clearly indicates that, unless business activity shows a very substantial increase in the next few months, the Welfare and Relief Departments of the city will soon inherit the activity which is now so marked in and about the offices of the United States Employment Service. For the week ending April 17, in the Boston district, there were 10,500 civilian active claims for UCC and 18,000 UCC readjustment claims for veterans. During that week, 1,500 new claims were filed for civilians and 1,400 for veterans.

Unemployment compensation is granted for a period of twenty-three weeks. Consequently, if at the end of such a period increased employment opportunities are not available in the community, there is only one agency to whom the present recipients of unemployment compensation may turn, namely, the city. How will Boston or any other Massachusetts city or town meet a drastic upward turn in applications for welfare and relief? In the absence of any new sources of revenue or financial assistance from the state, Massachusetts cities and towns can only resort to either the general property tax or to borrowing, which, in essence, means placing an additional burden on real estate.

With the present tax burden on real estate already at the point of diminishing returns, is it not time for our legislative leaders on Beacon Hill to take cognizance of the plight of Massachusetts municipalities and to give immediate attention to the development of a long-range revenue program which will not only stabilize the finances of the state, but also guarantee to our cities and towns the additional income required to meet the expanding services and demands of post-war rehabilitation? Now is the time to act. The trend in governments' costs is definitely upward and, if Massachusetts is to maintain its place in the post-war world, its legislators must face with vision and courage not only the immediate problems but also take action which will provide better conditions in the future. I beg to direct to the attention of those who are listening in the statement made by Norman MacDonald, Executive Director of the Massachusetts Federation of Taxpayers Association. I quote, "This State Budget is a body blow to every taxpayer and rent payer, and to every city and town as well. It reveals more than any other similar document has ever done that the State Government is on the rocks, spending 20-odd millions a year more than it can collect without levying on homes and business properties."

Mr. MacDonald further stated, I quote, "City and town tax rates, already moving upward from internal causes, will be boosted still higher because the Legislature, always willing to vote to spend, fears to vote taxes to pay the bills it contracts. So real estate, in spite of stern warnings by the Governor and everyone else familiar with its plight, will be soaked again. In the face of such phony finance, Joseph P. Kennedy wastes his time attempting to promote the commerce of Massachusetts. Mayors and town finance committees struggling to hold taxes down find themselves helpless against the state's greed for money. Even the aged are pawns in the game of robbing Peter to pay Paul, when the fund for their support is found more than \$2,000,000 short with no real provision for replenishing it."

NEW REVENUE SOURCES.

Unless new sources of revenue are provided for the state and sub-divisions of the state, to meet added expenditures imposed by the State Legislature, many cities and towns will find themselves in a serious predicament during the coming year. The state cupboard has been stripped bare, and, unless the Legislature faces the facts, the cities and towns may well look forward to a \$25,000,000 state tax in 1947.

It is clearly the duty of the Legislators at the meeting to be held upon Friday next of the joint hearing by the Ways and Means Committees and Taxation Committees to take the necessary steps through which the state may balance its budget without imposing the deficit of \$10,000,000 upon cities and towns already overburdened and nearly all of which found it necessary to increase their tax rates and require this measure of relief. It is to be hoped that at the joint meeting to be held on Friday, to which the officials of the cities and towns have been extended an invitation to appear, that it will be well attended and that there will arise a demand for the relief of home owners and business interests which will result in the adoption of tax revenue measures that will obviate the necessity for the cities and towns being required to provide the funds to offset the state deficit, and, in

addition, to adopt such measures of relief as have been found necessary and adopted in many of the states of the Union.

I anticipated, in some measure, what has taken place at the State House and when I sought relief for the overburdened taxpayers of Boston by requesting the right to borrow \$10,000,000 to relieve the situation, neither the Boston Real Estate Exchange, the Chamber of Commerce nor the Boston Municipal Research Bureau presented any alternative other than an increase in the tax rate.

There is no reason for a further increase in the tax rate if the members of the Legislature will recognize their obligations to the people and would courageously essay the task of providing the required relief at once.

RETIREMENT BOARD REPORT.

BOSTON, April 30, 1946.

To the Auditor.

At meetings of the Boston Retirement Board, held on the following dates, April 5, 15, 22, 26 and 29, the retirement from active service of the following employees and members of the Boston Retirement System, was approved to become effective at the close of business, April 30, 1946:

BUILDING DEPARTMENT.

John H. Glover, clerk, salary at time of retirement \$3,000 a year.

FIRE DEPARTMENT.

John H. Carbone, Jr., hoseman, salary at time of retirement \$2,500 a year.

Daniel J. Flynn, auto-mechanic, salary at time of retirement \$2,028 a year.

Edward C. Gurnon, hoseman, salary at time of retirement \$2,500 a year.

John P. Hanagan, engineer, salary at time of retirement \$2,700 a year.

John J. Riordan, ladderman, salary at time of retirement \$2,500 a year.

HEALTH DEPARTMENT.

Maude B. Corkery, nurse, salary at time of retirement \$1,900 a year.

HOSPITAL DEPARTMENT.

Minnie Brow, cleaner, salary at time of retirement \$1,170 a year.

INSTITUTIONS DEPARTMENT.

Theresa B. O'Neil, seamstress, salary at time of retirement \$1,365 a year.

LIBRARY DEPARTMENT.

Laura R. Gibbs, chief, salary at time of retirement \$2,625 a year.

Everett B. Tewksbury, cataloguer, salary at time of retirement \$2,132 a year.

PARK DEPARTMENT.

John J. Flynn, gardener, salary at time of retirement \$2,026 a year.

PUBLIC BUILDINGS DEPARTMENT.

Mollie E. Oliver, cleaner, salary at time of retirement \$1,040 a year.

PUBLIC WORKS DEPARTMENT.

Generoso Cataldo, laborer, salary at time of retirement \$1,872 a year.

Charles J. Thompson, drawtender, salary at time of retirement \$2,100 a year.

SUFFOLK COUNTY.

Ada A. Jenks, clerk, salary at time of retirement \$1,800 a year.

Attest:

WILFRED J. DOYLE, *Chairman.*

LAW DEPARTMENT RULES AGAINST CITY COUNCIL IN MATTER OF APPOINTMENTS BY THE MAYOR.

On April 24 the following was forwarded to the City Council from the Law Department:

CITY COUNCIL, City Hall, Boston, Mass.

GENTLEMEN,—In your order of April 15 you request my opinion

“ . . . as to whether or not the Boston City Council as a legislative body is entitled to the information requested by Councilor Linehan's order of April 8, 1946, requesting statistics pertaining to the number of employees dropped from or placed on the city's pay rolls since January 1, 1946, up to date.”

The order of April 8, which I have before me, directed the Auditor and Budget Commissioner to furnish the above-described information to the Executive Committee of the Council. You ask, evidently, whether the Executive Department of the city is required by law to furnish information of this character to your Body. In my opinion the law clearly does not impose such a duty upon the Executive Department.

The respective duties of the Executive and Legislative Departments, and the relations between them, are defined by the Charter, Acts of 1909, c. 486. If the duty about which you inquire is imposed by that instrument, it can be found only in section 7:

“The city council at any time may request from the mayor specific information on any municipal matter within its jurisdiction”

In view of the limitation so placed upon the power of inquiry, I pass to the following question: Is the matter of “ . . . the number of employees dropped from or placed on the city's pay rolls” a matter within the jurisdiction of the City Council? Quite clearly it is not. Section 8 of the Charter strictly limits the powers of the Council in this regard, providing *inter alia*, as follows:

“Neither the city council, nor any member or employee thereof shall . . . directly or indirectly . . . take part in the employment of labor . . . nor in the executive or administrative business of the city or county, nor in the appointment or removal of any municipal or county employee. . . .”

I conclude, from this clear and unmistakable language of the Charter, that your Body has no power to act with respect to “ . . . the number of employees dropped from or placed on the city's pay rolls. . . .” It follows that that matter is not “ . . . within . . . (your) . . . jurisdiction” Consequently, you have no power to inquire with respect to it, and the Executive Department is not required to respond to your order of April 8. Acts of 1909, c. 486, s. 7.

It is proper to add that the present question has been considered in a number of previous opinions of this department, which have uniformly reached the result above stated. See Opinion to President of Board of Trustees of City Hospital, October 29, 1928, Opinion to Clerk of

Committees of City Council, October 25, 1932, Opinion to Superintendent of Boston City Hospital, September 7, 1933, Opinion to Mayor, March 22, 1935, Opinion to Trustees of Boston City Hospital, March 17, 1938, and Opinion to Chairman of Board of Assessors, February 15, 1944.

Yours very truly,

JOSEPH A. SCOLPONETI,
Corporation Counsel.

MAYOR CURLEY ACCEPTS GIFT OF JAPANESE BELL FROM OFFICERS AND MEN OF U. S. S. “BOSTON.”

The following letter was received by the Mayor from Capt. M. R. Kelley of the U. S. S. “Boston”:

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR,—As you perhaps know, the U. S. S. “Boston” has just returned to the United States from five months' service with the Occupation Forces in the Japanese Empire. We who are serving on the U. S. S. “Boston” have reason to feel proud of the part we played in the early, critical months of the occupation, and we feel confident that the ship's record will give the people of Boston cause for much satisfaction.

We have been very fortunate in obtaining what we believe will be a very fine war trophy for the City of Boston. It is a bronze temple bell about 4 feet high and 2½ feet in diameter, weight about four hundred pounds. This bell is 270 years old, and is truly oriental in design, in decoration, and in the inscription placed thereon.

On August 30, 1945, a United States Navy landing force landed at Yokosuka in Tokyo Bay and seized the important Japanese naval base located there. A number of officers and men from the U. S. S. “Boston” took part in the landing, while the ship herself was assigned a position off shore from which the landing force could be supported by gunfire if need be. Among the munitions of war seized at the Yokosuka Naval Base was this bell which was part of a metals stock pile that the Japanese hoped to use in the manufacture of various types of ammunition. So, no longer a peaceful temple bell, it had been committed to warlike purposes by the Japanese themselves, and probably would have been delivered against our forces in the form of hot, searing fragments, propelled at high velocity, had the war not ended when it did. Therefore, we consider this bell to be a highly appropriate war trophy, and it gives me pleasure to offer it to the City of Boston for such display purposes as may be deemed appropriate.

A picture of the bell, taken as it was hoisted on board in Tokyo Bay, is inclosed herewith. There is also inclosed a sketch indicating in a general way the substance of the inscriptions on the bell.

We are at present stationed at San Francisco and regret that the ship will not be able to deliver the bell directly to the City of Boston. The bell can, however, be shipped through the Panama Canal on a government bill-of-lading (providing shipping connections can be made), or sent directly across the United States. In the latter case, the Navy Department would not be able to defray the cost of shipment. Please advise your preference in this matter.

The officers and men of the "Boston" trust that this bell will prove to be of lasting historical interest to the citizens of Boston.

Very truly yours,

M. R. KELLEY,
Captain, U. S. N., Commanding.

MAYOR ACCEPTS GIFT.

The following letter was forwarded on April 25 to Capt. M. R. Kelley, U. S. N., Commanding, U. S. S. "Boston," in reply to communication received by the Mayor from Captain Kelley:

CAPT. M. R. KELLEY, U. S. N., Commanding, U. S. S. "Boston," San Francisco, California.

MY DEAR CAPTAIN KELLEY,—I am in receipt of your very interesting communication with reference to the historical bell captured at Yokosuka and beg to assure you the City of Boston will be most pleased to receive this very valued and interesting trophy.

You are at liberty to ship it whatever way you see fit to James M. Curley, Mayor of Boston, Massachusetts, with a collect charge for the shipping.

A cordial invitation is extended to any member of the U. S. S. "Boston" who comes here to see it at any time in the future.

With every good wish, I am,

Sincerely,

JAMES M. CURLEY, Mayor.

DEPARTMENT CHANGES.

STEP-RATE INCREASES.

The Mayor has approved the following increases in salaries of employees, effective on varying dates as established for members of each department involved:

ASSESSING DEPARTMENT.

Mildred Brooks, clerk-typist, from \$1,400 to \$1,500 a year.
Julia M. McDonald, clerk-typist, from \$1,200 to \$1,300 a year.
Lillian R. Walsh, clerk, from \$1,400 to \$1,500 a year.
Edmund C. Corsano, engineer, Grade III, from \$2,200 to \$2,300 a year.
John A. Sharkey, engineer, Grade IV, from \$2,900 to \$3,000 a year.

BUILDING DEPARTMENT.

Arthur M. Greene, clerk and assistant cashier, from \$2,100 to \$2,200 a year.
James P. Molloy, clerk, from \$2,100 to \$2,200 a year.
Frank J. Coughlin, clerk, from \$2,200 to \$2,300 a year.
Florence L. Preble, clerk, from \$2,000 to \$2,100 a year.
Elizabeth R. Johnson, telephone operator and compiling clerk, from \$1,800 to \$1,900 a year.

FIRE DEPARTMENT.

Charles J. Connolly, hoseman, Engine 2, from \$2,000 to \$2,200 a year.
Mark W. Murphy, hoseman, Engine 8, from \$2,000 to \$2,200 a year.
Edward J. McGah, hoseman, Engine 18, from \$2,000 to \$2,200 a year.
Michael A. DePesa, hoseman, Engine 20, from \$2,000 to \$2,200 a year.
Paul J. DeRosa, hoseman, Engine 28, from \$2,000 to \$2,200 a year.
Henry J. McLaughlin, hoseman, Engine 36, from \$2,000 to \$2,200 a year.

Charles N. Vogel, ladderman, Ladder 5, from \$2,000 to \$2,200 a year.
Herbert T. White, ladderman, Ladder 10, from \$2,000 to \$2,200 a year.
Gerard D. Murphy, hoseman, Rescue 1, from \$2,000 to \$2,200 a year.
Joseph F. White, ladderman, Ladder 27, from \$2,000 to \$2,200 a year.
Joseph F. Manning, ladderman, Ladder 25, from \$2,000 to \$2,200 a year.
Charles H. Ames, hoseman, Engine 13, from \$2,000 to \$2,200 a year.
Thomas J. Mills, hoseman, Engine 7, from \$2,000 to \$2,200 a year.
Cornelius J. Manning, hoseman, Engine 41, from \$2,000 to \$2,200 a year.
Francis X. O'Brien, ladderman, Ladder 19, from \$2,000 to \$2,200 a year.
Francis J. George, hoseman, Engine 15, from \$2,000 to \$2,200 a year.
Joseph S. Burgess, hoseman, Engine 20, from \$2,200 to \$2,400 a year.
Roger J. Gettens, hoseman, Engine 25, from \$2,200 to \$2,400 a year.
James J. Pagliuca, hoseman, Engine 49, from \$2,200 to \$2,400 a year.
Russell DeDoming, hoseman, Engine 38, from \$2,200 to \$2,400 a year.
Thomas Uniacke, ladderman, Ladder 13, from \$2,200 to \$2,400 a year.
Joseph A. O'Neil, ladderman, Ladder 8, from \$2,000 to \$2,200 a year.
Peter F. Moran, hoseman, Engine 9, from \$2,000 to \$2,200 a year.
Patrick E. McDonough, hoseman, Engine 12, from \$2,200 to \$2,400 a year.
Ignazio C. Famulari, hoseman, Engine 5, from \$2,200 to \$2,400 a year.
James P. Walsh, hoseman, Engine 14, from \$2,200 to \$2,400 a year.
Robert J. Quinn, hoseman, Engine 18, from \$2,200 to \$2,400 a year.
John J. Swan, hoseman, Engine 19, from \$2,200 to \$2,400 a year.
William J. Barry, hoseman, Engine 27, from \$2,200 to \$2,400 a year.
Joseph F. Amrhein, hoseman, Engine 28, from \$2,200 to \$2,400 a year.
Charles Nassif, hoseman, Engine 33, from \$2,200 to \$2,400 a year.
James M. Goodfellow, hoseman, Engine 34, from \$2,200 to \$2,400 a year.
Robert J. Casey, hoseman, Engine 37, from \$2,200 to \$2,400 a year.
Joseph W. Karnela, hoseman, Engine 48, from \$2,200 to \$2,400 a year.
Lorenzo D. Merrill, hoseman, Engine 52, from \$2,200 to \$2,400 a year.
Francis L. Danze, ladderman, Ladder 2, from \$2,200 to \$2,400 a year.
Thomas J. Flynn, ladderman, Ladder 2, from \$2,200 to \$2,400 a year.
Edward D. Campbell, ladderman, Ladder 13, from \$2,200 to \$2,400 a year.
James A. Moran, ladderman, Ladder 20, from \$2,200 to \$2,400 a year.
John F. Maher, ladderman, Ladder 26, from \$2,200 to \$2,400 a year.
Frank G. Buckley, hoseman, Engine 29, from \$2,200 to \$2,400 a year.
Richard H. Carpenter, hoseman, Engine 42, from \$2,200 to \$2,400 a year.
Joseph F. Crowley, hoseman, Engine 27, from \$2,200 to \$2,400 a year.
John H. Grady, ladderman, Ladder 6, from \$2,200 to \$2,400 a year.
Anthony W. Kane, hoseman, Engine 2, from \$2,400 to \$2,500 a year.
James J. Conway, hoseman, Engine 11, from \$2,400 to \$2,500 a year.
John F. Good, hoseman, Engine 13, from \$2,400 to \$2,500 a year.
Francis J. Hurley, hoseman, Engine 14, from \$2,400 to \$2,500 a year.
Joseph P. Spolidoro, hoseman, Engine 18, from \$2,400 to \$2,500 a year.

Michael J. Guinta, hoseman, Engine 23, from \$2,400 to \$2,500 a year.
William G. Murray, hoseman, Engine 24, from \$2,400 to \$2,500 a year.
Edward L. Sullivan, hoseman, Engine 32, from \$2,400 to \$2,500 a year.
John F. O'Keefe, hoseman, Engine 40, from \$2,400 to \$2,500 a year.
William V. McNamara, hoseman, Engine 47, from \$2,400 to \$2,500 a year.
Walter J. Stewart, hoseman, Engine 53, from \$2,400 to \$2,500 a year.
John J. O'Mara, ladderman, Ladder 19, from \$2,400 to \$2,500 a year.
William E. Powers, ladderman, Ladder 31, from \$2,400 to \$2,500 a year.
Walter H. Dowgiallo, ladderman, Ladder 32, from \$2,400 to \$2,500 a year.
Warren E. Barnard, hoseman, Rescue 1, from \$2,400 to \$2,500 a year.
Joseph C. Doherty, hoseman, Engine 27, from \$2,400 to \$2,500 a year.
Joseph F. Doherty, hoseman, Engine 49, from \$2,400 to \$2,500 a year.
John J. McCarthy, ladderman, Ladder 3, from \$2,400 to \$2,500 a year.
Alexander Kaczorek, hoseman, Engine 28, from \$2,200 to \$2,400 a year.
Henry W. Massie, hoseman, Engine 41, from \$2,200 to \$2,400 a year.
Joseph W. Ceurvels, hoseman, Engine 34, from \$2,400 to \$2,500 a year.
James L. FitzGibbons, ladderman, Ladder 15, from \$2,000 to \$2,200 a year.
Charles A. Newell, hoseman, Tower 3, from \$2,200 to \$2,400 a year.
Joseph W. Murphy, hoseman, Engine 43, from \$2,200 to \$2,400 a year.
Harold V. Haskell, hoseman, Engine 48, from \$2,000 to \$2,200 a year.
Francis P. McCabe, hoseman, Engine 9, from \$2,400 to \$2,500 a year.
William J. Reardon, hoseman, Engine 26, from \$2,400 to \$2,500 a year.
Biaggi Germano, hoseman, Engine 42, from \$2,400 to \$2,500 a year.
Edward M. Epstein, hoseman, Engine 49, from \$2,400 to \$2,500 a year.
Albert J. Adomaitis, ladderman, Ladder 3, from \$2,400 to \$2,500 a year.
William C. Fennelly, ladderman, Ladder 18, from \$2,400 to \$2,500 a year.
Ralph LaCambria, ladderman, Ladder 22, from \$2,400 to \$2,500 a year.
George J. Devlin, ladderman, Ladder 30, from \$2,400 to \$2,500 a year.
Thomas D. Hogan, ladderman, Ladder 31, from \$2,400 to \$2,500 a year.
Arthur I. Downing, ladderman, Ladder 29, from \$2,400 to \$2,500 a year.
Paul W. Keefe, hoseman, Engine 13, from \$2,400 to \$2,500 a year.
Robert E. J. Regan, hoseman, Engine 43, from \$2,400 to \$2,500 a year.
Edward J. Hurley, hoseman, Rescue 3, from \$2,400 to \$2,500 a year.
Patrick G. Howell, hoseman, Engine 27, from \$2,400 to \$2,500 a year.
John J. McCabe, hoseman, Engine 32, from \$2,400 to \$2,500 a year.
Frank F. Bucelwicz, hoseman, Engine 41, from \$2,400 to \$2,500 a year.
Joseph J. Otto, hoseman, Engine 45, from \$2,400 to \$2,500 a year.
Fred L. Finn, hoseman, Engine 50, from \$2,400 to \$2,500 a year.
Anton V. Lehman, ladderman, Ladder 2, from \$2,400 to \$2,500 a year.
Hollis J. Leary, ladderman, Ladder 9, from \$2,400 to \$2,500 a year.
Richard J. Lane, ladderman, Ladder 17, from \$2,400 to \$2,500 a year.
Charles L. O'Reilly, ladderman, Ladder 18, from \$2,400 to \$2,500 a year.

DEPARTMENT CHANGES.

(Continued from page 517.)

William J. Sliney, ladderman, Ladder 16, from \$2,400 to \$2,500 a year.

Harold T. Matulaitis, ladderman, Ladder 1, from \$2,400 to \$2,500 a year.

William W. Sparrow, ladderman, Ladder 1, from \$2,200 to \$2,400 a year.

William J. McKernan, hoseman, Engine 4, from \$2,000 to \$2,200 a year.

Ralph S. Stockbridge, ladderman, Ladder 4, from \$2,000 to \$2,200 a year.

Joseph M. Dowd, ladderman, Ladder 4, from \$2,200 to \$2,400 a year.

Francis C. Sullivan, ladderman, Ladder 21, from \$2,000 to \$2,200 a year.

Frank A. Mango, hoseman, Engine 11, from \$2,200 to \$2,400 a year.

Anthony R. Menno, hoseman, Engine 52, from \$2,200 to \$2,400 a year.

Joseph W. Sullivan, ladderman, Ladder 29, from \$2,200 to \$2,400 a year.

James L. Finch, hoseman, Engine 28, from \$2,000 to \$2,200 a year.

Roy B. Langill, hoseman, Engine 37, from \$2,000 to \$2,200 a year.

James F. McLaughlin, hoseman, Engine 50, from \$2,000 to \$2,200 a year.

Clarence X. Frost, hoseman, Engine 22, from \$2,000 to \$2,200 a year.

Thomas Sheehan, hoseman, Engine 13, from \$2,200 to \$2,400 a year.

John G. Shea, hoseman, Engine 28, from \$2,200 to \$2,400 a year.

Leo J. Walker, hoseman, Engine 28, from \$2,200 to \$2,400 a year.

Francis P. McCarthy, hoseman, Engine 47, from \$2,200 to \$2,400 a year.

John J. Cunnally, ladderman, Ladder 21, from \$2,400 to \$2,500 a year.

Vincent A. Bolger, ladderman, Ladder 23, from \$2,400 to \$2,500 a year.

Alfred E. Maher, hoseman, Engine 52, from \$2,400 to \$2,500 a year.

Paul H. Dewan, hoseman, Engine 25, from \$2,000 to \$2,200 a year.

William J. McGowan, hoseman, Engine 10, from \$2,200 to \$2,400 a year.

Salvatore M. DiStefano, hoseman, Engine 26, from \$2,200 to \$2,400 a year.

Walter I. Garrity, hoseman, Engine 2, from \$2,400 to \$2,500 a year.

Joseph L. Teahan, ladderman, Ladder 5, from \$2,400 to \$2,500 a year.

Robert W. Smith, hoseman, Engine 9, from \$2,000 to \$2,200 a year.

Michael J. Corrigan, hoseman, Tower 3, from \$2,200 to \$2,400 a year.

Francis X. Thompson, hoseman, Engine 11, from \$2,200 to \$2,400 a year.

William C. Dunn, hoseman, Engine 28, from \$2,000 to \$2,200 a year.

Edward W. Deveau, ladderman, Ladder 21, from \$2,000 to \$2,200 a year.

Warren A. Hardy, hoseman, Engine 9, from \$2,200 to \$2,400 a year.

Robert B. Clarke, hoseman, Engine 7, from \$2,400 to \$2,500 a year.

Michael Liotta, hoseman, Engine 11, from \$2,400 to \$2,500 a year.

James G. Callahan, hoseman, Engine 15, from \$2,400 to \$2,500 a year.

Charles R. Dowd, hoseman, Engine 22, from \$2,400 to \$2,500 a year.

Felix Mirabito, hoseman, Engine 23, from \$2,400 to \$2,500 a year.

Neil C. Penny, hoseman, Engine 32, from \$2,400 to \$2,500 a year.

Richard J. Dunn, hoseman, Rescue 2, from \$2,400 to \$2,500 a year.

James A. Grana, hoseman, Engine 40, from \$2,400 to \$2,500 a year.

Roy A. Phelan, hoseman, Engine 42, from \$2,400 to \$2,500 a year.

Charles J. Jones, hoseman, Engine 42, from \$2,400 to \$2,500 a year.

Edward J. Higgins, hoseman, Engine 46, from \$2,400 to \$2,500 a year.

William W. Austin, ladderman, Ladder 26, from \$2,400 to \$2,500 a year.

Daniel Ciampa, ladderman, Ladder 31, from \$2,400 to \$2,500 a year.

John F. Booth, hoseman, Engine 40, from \$2,400 to \$2,500 a year.

Franklin E. Lawrence, ladderman, Ladder 16, from \$2,200 to \$2,400 a year.

Joseph M. Quinn, hoseman, Engine 17, from \$2,200 to \$2,400 a year.

Prisco C. DeSisto, hoseman, Engine 52, from \$2,200 to \$2,400 a year.

James J. Corbett, hoseman, Engine 22, from \$2,200 to \$2,400 a year.

Francis H. Corwin, hoseman, Engine 36, from \$2,400 to \$2,500 a year.

Edward J. Fogarty, hoseman, Fire Prevention, from \$2,400 to \$2,500 a year.

George J. Higbee, ladderman, Ladder 1, from \$2,000 to \$2,200 a year.

Edward J. Costa, hoseman, Engine 1, from \$2,200 to \$2,400 a year.

John L. Glynn, hoseman, Engine 2, from \$2,200 to \$2,400 a year.

John C. Panzone, hoseman, Engine 8, from \$2,200 to \$2,400 a year.

Canice Fennelly, hoseman, Engine 11, from \$2,200 to \$2,400 a year.

Francis L. McLaughlin, hoseman, Engine 17, from \$2,200 to \$2,400 a year.

Daniel L. McCarthy, hoseman, Engine 18, from \$2,200 to \$2,400 a year.

Norman E. Brophy, hoseman, Engine 24, from \$2,200 to \$2,400 a year.

Robert N. Anderson, hoseman, Engine 29, from \$2,200 to \$2,400 a year.

William G. Campbell, hoseman, Engine 33, from \$2,200 to \$2,400 a year.

Frank A. Bergdoll, hoseman, Engine 53, from \$2,200 to \$2,400 a year.

Francis X. McCormick, ladderman, Ladder 1, from \$2,200 to \$2,400 a year.

John A. MacKinnon, ladderman, Ladder 11, from \$2,200 to \$2,400 a year.

Frank A. Qualls, ladderman, Ladder 12, from \$2,200 to \$2,400 a year.

Frank A. Sikora, ladderman, Ladder 14, from \$2,200 to \$2,400 a year.

John J. McCarthy, ladderman, Ladder 17, from \$2,200 to \$2,400 a year.

Henry Sacco, ladderman, Ladder 21, from \$2,200 to \$2,400 a year.

John C. Murphy, hoseman, Engine 34, from \$2,200 to \$2,400 a year.

Joseph D. Cannon, ladderman, Ladder 19, from \$2,200 to \$2,400 a year.

Martin E. Pierce, ladderman, Ladder 17, from \$2,000 to \$2,200 a year.

Edward C. Lonergan, ladderman, Ladder 24, from \$2,000 to \$2,200 a year.

William J. Mullen, ladderman, Ladder 27, from \$2,000 to \$2,200 a year.

Martin E. Manning, hoseman, Engine 3, from \$2,000 to \$2,200 a year.

Robert P. Beltrami, hoseman, Engine 23, from \$2,000 to \$2,200 a year.

Robert E. Randall, hoseman, Engine 8, from \$2,000 to \$2,200 a year.

John F. Graham, hoseman, Engine 19, from \$2,000 to \$2,200 a year.

John F. Howe, ladderman, Ladder 7, from \$2,000 to \$2,200 a year.

Francis D. Gunning, ladderman, Ladder 15, from \$2,000 to \$2,200 a year.

George L. Rooney, hoseman, Engine 14, from \$2,200 to \$2,400 a year.

William V. Corbett, hoseman, Engine 2, from \$2,000 to \$2,200 a year.

Thomas J. Berninger, hoseman, Engine 7, from \$2,000 to \$2,200 a year.

DEPARTMENT CHANGES.

(Continued from page 519.)

John T. Aleks, hoseman, Engine 15, from \$2,000 to \$2,200 a year.

Robert L. Breton, hoseman, Rescue 1, from \$2,000 to \$2,200 a year.

William F. McGoldrick, ladderman, Ladder 23, from \$2,000 to \$2,200 a year.

Pasquale LaSelva, ladderman, Ladder 31, from \$2,000 to \$2,200 a year.

Peter Ippolito, ladderman, Ladder 31, from \$2,000 to \$2,200 a year.

Peter A. Umile, hoseman, Engine 12, from \$2,000 to \$2,200 a year.

William H. Chisholm, hoseman, Engine 50, from \$2,000 to \$2,200 a year.

Matthew Nihill, ladderman, Ladder 28, from \$2,000 to \$2,200 a year.

Gerard D. Spear, hoseman, Engine 7, from \$2,200 to \$2,400 a year.

Walter L. Hutchins, hoseman, Engine 52, from \$2,200 to \$2,400 a year.

Alphonse Audette, hoseman, Engine 1, from \$2,400 to \$2,500 a year.

John T. Donlan, hoseman, Engine 2, from \$2,400 to \$2,500 a year.

Olaf T. Svenson, hoseman, Engine 2, from \$2,400 to \$2,500 a year.

Timothy J. O'Reilly, hoseman, Engine 3, from \$2,400 to \$2,500 a year.

Ralph L. Mullen, hoseman, Engine 3, from \$2,400 to \$2,500 a year.

John J. O'Brien, hoseman, Engine 7, from \$2,400 to \$2,500 a year.

Thomas M. Horan, hoseman, Engine 12, from \$2,400 to \$2,500 a year.

Alvin V. Fortune, hoseman, Engine 13, from \$2,400 to \$2,500 a year.

Charles F. Dewan, hoseman, Engine 13, from \$2,400 to \$2,500 a year.

George H. King, hoseman, Engine 13, from \$2,400 to \$2,500 a year.

Richard P. Duffley, Jr., hoseman, Engine 16, from \$2,400 to \$2,500 a year.

Simon I. Eskot, hoseman, Engine 18, from \$2,400 to \$2,500 a year.

John P. Hennessey, hoseman, Engine 21, from \$2,400 to \$2,500 a year.

George J. Maloney, hoseman, Engine 22, from \$2,400 to \$2,500 a year.

George J. Mullen, hoseman, Engine 24, from \$2,400 to \$2,500 a year.

Charles S. Bailey, hoseman, Engine 24, from \$2,400 to \$2,500 a year.

Louis A. Pepper, hoseman, Engine 24, from \$2,400 to \$2,500 a year.

John G. Moriarty, hoseman, Engine 28, from \$2,400 to \$2,500 a year.

Peter J. DiRocco, hoseman, Engine 29, from \$2,400 to \$2,500 a year.

Alfred R. Mogan, hoseman, Engine 33, from \$2,400 to \$2,500 a year.

Raymond G. Chisholm, hoseman, Engine 33, from \$2,400 to \$2,500 a year.

Francis R. Montello, hoseman, Engine 37, from \$2,400 to \$2,500 a year.

James E. Lewis, hoseman, Engine 37, from \$2,400 to \$2,500 a year.

Joseph G. O'Neil, hoseman, Engine 41, from \$2,400 to \$2,500 a year.

Edward W. Behnke, hoseman, Engine 42, from \$2,400 to \$2,500 a year.

Joseph W. Mallinson, hoseman, Engine 43, from \$2,400 to \$2,500 a year.

Lawrence D. MacDougall, hoseman, Engine 45, from \$2,400 to \$2,500 a year.

Andrew J. Brady, hoseman, Engine 45, from \$2,400 to \$2,500 a year.

Martin J. Carney, hoseman, Engine 46, from \$2,400 to \$2,500 a year.

Walter F. Schmidt, hoseman, Engine 48, from \$2,400 to \$2,500 a year.

Thomas F. Somma, hoseman, Engine 49, from \$2,400 to \$2,500 a year.

Edwin H. Foley, hoseman, Engine 50, from \$2,400 to \$2,500 a year.

David F. Sheehan, hoseman, Engine 52, from \$2,400 to \$2,500 a year.

John J. Cunningham, ladderman, Ladder 3, from \$2,400 to \$2,500 a year.

Joseph T. Sheehan, ladderman, Ladder 7, from \$2,400 to \$2,500 a year.

John P. Hearn, ladderman, Ladder 10, from \$2,400 to \$2,500 a year.

William G. Carpenter, ladderman, Ladder 15, from \$2,400 to \$2,500 a year.

Richard W. Kennedy, ladderman, Ladder 19, from \$2,400 to \$2,500 a year.

John J. Bogue, ladderman, Ladder 29, from \$2,400 to \$2,500 a year.

William J. Griffiths, hoseman, Engine 11, from \$2,400 to \$2,500 a year.

Maurice A. Downey, hoseman, Engine 37, from \$2,200 to \$2,400 a year.

Walter L. Stoll, ladderman, Ladder 25, from \$2,200 to \$2,400 a year.

Robert A. Gaughan, Ladderman, Ladder 30, from \$2,200 to \$2,400 a year.

Joseph A. Lucas, hoseman, Engine 2, from \$2,200 to \$2,400 a year.

Leo R. Sennett, hoseman, Engine 9, from \$2,200 to \$2,400 a year.

Paul C. Hannigan, hoseman, Engine 19, from \$2,200 to \$2,400 a year.

Rosario M. DeMarco, ladderman, Ladder 21, from \$2,200 to \$2,400 a year.

Ralph A. Borden, ladderman, Ladder 27, from \$2,200 to \$2,400 a year.

Fred W. Cavanagh, hoseman, Engine 19, from \$2,200 to \$2,400 a year.

Matthew R. Souza, hoseman, Engine 38, from \$2,200 to \$2,400 a year.

Archibald MacInnes, hoseman, Engine 49, from \$2,200 to \$2,400 a year.

Joseph F. Daley, hoseman, Engine 10, from \$2,400 to \$2,500 a year.

James D. Ford, ladderman, Ladder 27, from \$2,200 to \$2,400 a year.

Harry C. Eastwood, ladderman, Ladder 12, from \$2,000 to \$2,200 a year.

John J. Reardon, hoseman, Engine 22, from \$2,400 to \$2,500 a year.

Edward J. Newman, hoseman, Engine 1, from \$2,000 to \$2,200 a year.

Joseph P. Feeney, hoseman, Engine 1, from \$2,000 to \$2,200 a year.

Thomas Conneely, hoseman, Engine 3, from \$2,000 to \$2,200 a year.

William M. Mahoney, hoseman, Engine 27, from \$2,000 to \$2,200 a year.

Joseph P. Murray, hoseman, Engine 32, from \$2,000 to \$2,200 a year.

Robert B. Foley, hoseman, Engine 43, from \$2,000 to \$2,200 a year.

John O. Doldt, ladderman, Ladder 15, from \$2,000 to \$2,200 a year.

Richard A. Kemp, ladderman, Ladder 20, from \$2,000 to \$2,200 a year.

James H. Shephard, ladderman, Ladder 21, from \$2,000 to \$2,200 a year.

John J. Gagan, hoseman, Engine 32, from \$2,000 to \$2,200 a year.

Edmund S. Sharp, hoseman, Engine 36, from \$2,000 to \$2,200 a year.

John J. Kelliher, hoseman, Engine 53, from \$2,000 to \$2,200 a year.

Gerald J. McEachern, ladderman, Ladder 4, from \$2,000 to \$2,200 a year.

Timothy J. Walsh, ladderman, Ladder 13, from \$2,000 to \$2,200 a year.

Louis M. Bacigalupo, ladderman, Ladder 31, from \$2,000 to \$2,200 a year.

Arthur P. Larvey, hoseman, Engine 4, from \$2,000 to \$2,200 a year.

John H. Shea, hoseman, Engine 1, from \$2,000 to \$2,200 a year.

Charles H. Dunbar, hoseman, Engine 5, from \$2,000 to \$2,200 a year.

 Kenneth J. Jennings, hoseman, Engine 7, from \$2,000 to \$2,200 a year.
 Martin H. Mullen, hoseman, Engine 7, from \$2,000 to \$2,200 a year.
 Joseph G. Flynn, hoseman, Engine 15, from \$2,000 to \$2,200 a year.
 Joseph A. Pucci, hoseman, Engine 18, from \$2,000 to \$2,200 a year.
 Robert D. McGilveary, hoseman, Engine 19, from \$2,000 to \$2,200 a year.
 George W. Daley, hoseman, Engine 21, from \$2,000 to \$2,200 a year.
 Raymond F. Bastian, hoseman, Engine 22, from \$2,000 to \$2,200 a year.
 Michael J. Nichol, hoseman, Engine 37, from \$2,000 to \$2,200 a year.

Thomas J. Carroll, hoseman, Engine 42, from \$2,000 to \$2,200 a year.
 Walter R. Magoon, hoseman, Engine 46, from \$2,000 to \$2,200 a year.
 Frederick H. Stetson, ladderman, Ladder 1, from \$2,000 to \$2,200 a year.
 Walter G. Austin, ladderman, Ladder 4, from \$2,000 to \$2,200 a year.
 T. Paul O'Keefe, ladderman, Ladder 5, from \$2,000 to \$2,200 a year.
 John W. Heise, ladderman, Ladder 11, from \$2,000 to \$2,200 a year.
 John H. Flynn, ladderman, Ladder 16, from \$2,000 to \$2,200 a year.
 Ricco T. Intonti, ladderman, Ladder 25, from \$2,000 to \$2,200 a year.
 William J. Sullivan, ladderman, Ladder 26, from \$2,000 to \$2,200 a year.
 Paul M. Kilduff, ladderman, Ladder 28, from \$2,000 to \$2,200 a year.
 Cleveland W. DeRoche, ladderman, Ladder 29, from \$2,000 to \$2,200 a year.
 John E. McLane, hoseman, Engine 34, from \$2,200 to \$2,400 a year.
 Ralph E. Berry, hoseman, Engine 6, from \$2,400 to \$2,500 a year.
 Frank W. Goyette, hoseman, Engine 12, from \$2,400 to \$2,500 a year.
 John C. Williams, hoseman, Engine 12, from \$2,400 to \$2,500 a year.
 Richard O. Goyette, hoseman, Engine 17, from \$2,400 to \$2,500 a year.
 Frank E. Utley, hoseman, Engine 10, from \$2,400 to \$2,500 a year.
 Joseph M. Murray, hoseman, Engine 27, from \$2,400 to \$2,500 a year.
 Pasquale DiRocco, hoseman, Engine 29, from \$2,400 to \$2,500 a year.
 Raymond D. Doucette, hoseman, Engine 32, from \$2,400 to \$2,500 a year.
 Harold A. Mitchell, hoseman, Engine 33, from \$2,400 to \$2,500 a year.
 Daniel P. McLaughlin, ladderman, Ladder 6, from \$2,400 to \$2,500 a year.
 John P. McLaughlin, ladderman, Ladder 9, from \$2,400 to \$2,500 a year.
 Joseph G. Babb, ladderman, Ladder 19, from \$2,400 to \$2,500 a year.
 James H. Mahoney, ladderman, Ladder 22, from \$2,400 to \$2,500 a year.
 Earl B. Douglass, ladderman, Ladder 26, from \$2,400 to \$2,500 a year.
 William F. Ahern, hoseman, Engine 6, from \$2,000 to \$2,200 a year.
 Francis C. Reardon, hoseman, Engine 7, from \$2,000 to \$2,200 a year.
 John R. Bradley, hoseman, Engine 16, from \$2,000 to \$2,200 a year.
 Michael Benkis, hoseman, Engine 25, from \$2,000 to \$2,200 a year.
 Francis M. Keane, hoseman, Engine 35, from \$2,000 to \$2,200 a year.
 William J. McGrath, hoseman, Engine 49, from \$2,000 to \$2,200 a year.
 Michael F. Ryder, ladderman, Ladder 1, from \$2,000 to \$2,200 a year.
 Richard S. Doherty, ladderman, Ladder 13, from \$2,000 to \$2,200 a year.
 Russell J. Kingston, ladderman, Ladder 20, from \$2,000 to \$2,200 a year.
 Andrew E. O'Brien, ladderman, Ladder 27, from \$2,000 to \$2,200 a year.
 Paul F. Lombard, hoseman, Rescue 3, from \$2,000 to \$2,200 a year.
 Thomas J. Cloonan, ladderman, Ladder 9, from \$2,000 to \$2,200 a year.
 George McCloskey, ladderman, Ladder 17, from \$2,000 to \$2,200 a year.
 James J. Coakley, hoseman, Engine 12, from \$2,000 to \$2,200 a year.
 George E. Thompson, hoseman, Engine 36, from \$2,000 to \$2,200 a year.
 Charles C. Bazylinski, ladderman, Ladder 20, from \$2,000 to \$2,200 a year.
 Henry E. Sacco, hoseman, Engine 11, from \$2,400 to \$2,500 a year.

BUILDING DEPARTMENT.

APPLICATIONS RECEIVED BY THE BUILDING COMMISSIONER TO DO GAS FITTING FOR THE WEEK ENDING MAY 1.

GAS FITTER.	Location.	Ward.	Nature.	Estimated Cost.
Francis D. Carr.....	19 Joy street.....	5	Connecting refrigerator, new piping.....	\$20
A. Casaletto.....	292 Paris street.....	1	Repiping fitting.....	10
Albert L. Farley.....	29 and 31 Breed street.....	1	Connecting fittings.....	100
Albert L. Farley.....	17 Dale street.....	12	New connections to meter, new piping to fittings.....	20
Albert L. Farley.....	9 Highland Park avenue.....	11	New connections to meter, new piping.....	20
Albert L. Farley.....	190 Hillside street.....	10	New piping.....	30
Philip J. Gulesian.....	45 Cottage street.....	18	Installing range.....	200
Philip J. Gulesian.....	149 Hollingsworth street.....	18	Installing heater.....	200
Philip J. Gulesian.....	1492 Hyde Park avenue.....	18	Installing range.....	100
Philip J. Gulesian.....	7 Knight street.....	18	Connecting range.....	10
Philip J. Gulesian.....	68 Oak street.....	18	Connecting range, new piping.....	60
Albert N. Hird.....	10 Mallon road.....	14	New connections to meter, connecting fittings.....	40
William E. Hogan.....	311 Huntington avenue.....	4	Connecting refrigerator.....	20
William E. Hogan.....	803 Huntington avenue.....	10	Connecting refrigerator.....	20
William E. Hogan.....	82 Rockland street.....	12	New connections to meter, installing range.....	100
Hyman Lappin.....	570 Rutherford avenue.....	2	Replace piping.....	20
John L. Mellyn.....	23 Thurlow street.....	20	Installing refrigerator.....	180
P. S. Monahan.....	1357 Commonwealth avenue.....	21	Installing beauty parlor equipment.....	100
Thomas Resnick.....	25 Braddock park.....	4	New piping for meters and fittings.....	100
Thomas Resnick.....	200 Marion street.....	1	Connecting range.....	10
Myer Riceman.....	146 and 148 Howard avenue.....	13	New connections to meter, installing fittings.....	100
Arthur J. Smith.....	1106 Boylston street.....	4	New piping.....	80
Samuel Barron.....	1866 Commonwealth avenue.....	21	Installing dental equipment.....	50
Harold D. Dickerson.....	100 Norway street.....	4	Installing refrigerator.....	150
Harold D. Dickerson.....	128 Massachusetts avenue.....	5	Installing heater.....	150
Ralph DiLorenzo.....	271 Webster street.....	1	New piping to range.....	20
James Egan.....	695 Tremont street.....	4	New connections to meter, installing range.....	40
Philip J. Ferris.....	232 Clarendon street.....	5	Connecting refrigerator.....	20
Philip J. Ferris.....	34 Melrose street.....	5	Connecting refrigerator.....	10
Joseph D. Freedman.....	2 Centre Street terrace.....	11	Installing range.....	30
Lewis Haner.....	141 Everett street.....	22	Installing range.....	30
Charles W. Mehegan.....	2 Burnham place.....	6	New piping for range.....	40
Charles W. Mehegan.....	68 Devonshire street.....	3	Installing pilot.....	20
Charles W. Mehegan.....	12 Dixfield street.....	7	Installing heater and piping.....	70
Charles W. Mehegan.....	450 West Fourth street.....	6	New piping for range.....	30
Anthony Onessimo.....	10 Henchman street.....	3	Installing refrigerator.....	20
Anthony Onessimo.....	3 Margaret street.....	3	Installing refrigerator.....	10
Anthony Onessimo.....	6 Margaret street.....	3	Installing refrigerator.....	10
Anthony Onessimo.....	13 Margaret street.....	3	Installing refrigerator.....	20
Thomas P. Regan.....	113 Quincy street.....	12	New connections to meter, connecting range and heater.....	40
Sam Slavet.....	190 Chambers street.....	3	Connecting fitting.....	30
Joseph Visco.....	599 Bennington street.....	1	Replace range.....	10
Henry Beaulieu.....	331B Centre street.....	10	New connections to meter, new piping for range and heater.....	30
Joseph T. Bunesh.....	75 Saxton street.....	13	New piping for range and heater.....	40
Thomas J. Cady.....	20 Belmont street.....	2	New fitting for range.....	30
Thomas J. Cady.....	22 Belmont street.....	2	New fitting for range.....	30
A. Casaletto.....	60 Frankfort street.....	1	Connecting range.....	10
Owen J. Donnelly.....	74 Glenville avenue.....	21	Connecting refrigerator.....	10
Anthony J. Granara.....	112 Prince street.....	3	New connections to meter.....	10
William E. Hogan.....	21 Hartwell street.....	12	Connecting refrigerator.....	20
Arthur T. Milligan.....	191 Park street.....	20	Connecting refrigerator.....	30
Arthur T. Milligan.....	4935 Washington street.....	20	Connecting refrigerator.....	20
Anthony Onessimo.....	162 Hanover street.....	3	Installing tailor shop equipment.....	70
Emilio Pascucci.....	44 Brooks street.....	1	Connecting refrigerator.....	10
Emilio Pascucci.....	108 Brooks street.....	1	Connecting range.....	30
Emilio Pascucci.....	112 Gladstone street.....	1	Testing fitting.....	10
Emilio Pascucci.....	279 Princeton street.....	1	Testing fitting.....	10
Emilio Pascucci.....	1126 Saratoga street.....	1	Connecting refrigerator.....	10
Joseph A. Rowell.....	1878 Centre street.....	20	Connecting range.....	10
I. Shannahoffski.....	270 Baker street.....	20	Installing bakery equipment.....	3,000
George S. Trethewey.....	83 Congreve street.....	20	Installing range.....	130
Joseph H. Vogel.....	263 West Newton street.....	4	Connecting refrigerator.....	20
William Wiseman.....	68 Chestnut avenue.....	10	Installing fitting, new piping.....	40
Joseph F. Barry.....	1 Braeburn road.....	18	Installing regulator.....	10
Joseph F. Barry.....	5 Braeburn road.....	18	Installing regulator.....	10
Joseph F. Barry.....	6 Braeburn road.....	18	Installing regulator.....	10
Joseph F. Barry.....	2 Braeburn road.....	18	Installing regulator.....	10
Joseph F. Barry.....	10 Braeburn road.....	18	Installing regulator.....	10
Joseph F. Barry.....	11 Braeburn road.....	18	Installing regulator.....	10

William E. Marotta, hoseman, Engine 11, from \$2,400 to \$2,500 a year.

William J. Grady, hoseman, Engine 15, from \$2,400 to \$2,500 a year.

Harold M. Magee, hoseman, Engine 41, from \$2,400 to \$2,500 a year.

John W. Bean, hoseman, Engine 46, from \$2,400 to \$2,500 a year.

Arthur E. Grimm, hoseman, Engine 46, from \$2,400 to \$2,500 a year.

Joseph R. Sullivan, ladderman, Ladder 6, from \$2,400 to \$2,500 a year.

John P. Curran, hoseman, Engine 13, from \$2,000 to \$2,200 a year.

Charles C. Leneten, hoseman, Engine 41, from \$2,000 to \$2,200 a year.

James C. McPherson, hoseman, Engine 43, from \$2,000 to \$2,200 a year.

Robert K. Waggett, hoseman, Engine 48, from \$2,000 to \$2,200 a year.

Joseph F. Kenneally, ladderman, Ladder 6, from \$2,000 to \$2,200 a year.

Thomas E. Kelly, ladderman, Ladder 12, from \$2,000 to \$2,200 a year.

James Duffy, ladderman, Ladder 21, from \$2,000 to \$2,200 a year.

George M. Wade, ladderman, Ladder 24, from \$2,000 to \$2,200 a year.

Edward F. Mutire, hoseman, Engine 17, from \$2,400 to \$2,500 a year.

William F. Ryan, hoseman, Engine 34, from \$2,400 to \$2,500 a year.

Alwin J. Thibault, hoseman, Engine 23, from \$2,400 to \$2,500 a year.

John J. Foley, hoseman, Engine 36, from \$2,400 to \$2,500 a year.

Lionel K. Berig, hoseman, Engine 52, from \$2,400 to \$2,500 a year.

John J. Madden, ladderman, Ladder 32, from \$2,400 to \$2,500 a year.

Charles A. Buchanan, hoseman, Rescue 2, from \$2,400 to \$2,500 a year.

Frank L. Loring, hoseman, Engine 53, from \$2,400 to \$2,500 a year.

James J. Horgan, ladderman, Ladder 30, from \$2,400 to \$2,500 a year.

Joseph F. Cavanagh, ladderman, Ladder 8, from \$2,400 to \$2,500 a year.

William C. Millerick, hoseman, Engine 32, from \$2,400 to \$2,500 a year.

George T. Dowd, hoseman, Engine 42, from \$2,400 to \$2,500 a year.

John M. Lanley, hoseman, Engine 45, from \$2,400 to \$2,500 a year.

Stephen S. Sangas, ladderman, Ladder 14, from \$2,200 to \$2,400 a year.

John S. Allen, ladderman, Ladder 18, from \$2,400 to \$2,500 a year.

Thomas E. Curran, hoseman, Rescue 2, from \$2,400 to \$2,500 a year.

Charles F. Hoar, hoseman, Fire Prevention, from \$2,400 to \$2,500 a year.

William L. Reardon, ladderman, Ladder 9, from \$2,400 to \$2,500 a year.

Julia R. Khoury, clerk-typist, Headquarters, from \$1,300 to \$1,400 a year.

John H. Chinetti, assistant operator, Fire Alarm, from \$1,900 to \$2,000 a year.

Mary E. Gormley, stenographer-clerk, Maintenance, from \$1,300 to \$1,400 a year.

Charles F. Connors, assistant operator, Fire Alarm, from \$1,600 to \$1,700 a year.

Margaret W. Plunkett, clerk-stenographer, Headquarters, from \$1,200 to \$1,300 a year.

Raphael V. Hamaty, military substitute clerk, Headquarters, from \$1,000 to \$1,100 a year.

John P. Lane, provisional assistant operator, Fire Alarm, from \$1,600 to \$1,700 a year.

(Continued on page 524.)

APPLICATIONS RECEIVED BY THE BUILDING COMMISSIONER TO DO GAS FITTING FOR THE WEEK ENDING MAY 1.—Concluded.

Gas Fitter.	Location.	Ward.	Nature.	Estimated Cost.
Joseph F. Barry.	43 Braeburn road.	18	Installing regulator.	\$10

Simon Kramer.	132 Boylston street.	5	Installing fittings.	80

DEPARTMENT CHANGES.

(Continued from page 523.)

Eleanor Cuniff, clerk-stenographer, Headquarters, from \$1,300 to \$1,400 a year.

Mary O'Hare, clerk-stenographer, Fire Prevention, from \$1,300 to \$1,400 a year.

Mary F. McEleney, clerk-stenographer, Headquarters, from \$1,300 to \$1,400 a year.

Robert L. Sullivan, provisional assistant operator, Fire Alarm, from \$1,600 to \$1,700 a year.

Clara M. Currie, clerk, Fire Prevention, from \$1,300 to \$1,400 a year.

Edith J. Finkle, clerk, Fire Prevention, from \$1,500 to \$1,600 a year.

Dora Fishman, clerk, Maintenance, from \$1,300 to \$1,400 a year.

John L. McFadden, assistant operator, Fire Alarm, from \$1,600 to \$1,700 a year.

Thomas M. Osborne, assistant operator, Fire Alarm, from \$1,900 to \$2,000 a year.

John J. Lanigan, superintendent of construction, Fire Alarm, from \$2,700 to \$2,800 a year.

Helen C. Wall, provisional clerk-stenographer, Fire Alarm, from \$1,200 to \$1,300 a year.

Ursula E. Hylton, clerk-stenographer, Fire Prevention, from \$1,300 to \$1,400 a year.

Minnie Freedman, clerk-stenographer, Maintenance, from \$1,300 to \$1,400 a year.

Ida C. Mathony, clerk-stenographer, Fire Alarm, from \$1,400 to \$1,500 a year.

Adale T. Salemi, file clerk, Fire Prevention, from \$1,200 to \$1,300 a year.

Julia M. Rahilly, file clerk, Fire Prevention, from \$1,200 to \$1,300 a year.

George A. McGowan, lineman, Fire Alarm, from \$1,900 to \$2,100 a year.

Anthony Santino, inside wireman, Fire Alarm, from \$2,100 to \$2,300 a year.

Daniel J. O'Brien, inside wireman, Fire Alarm, from \$2,100 to \$2,300 a year.

Joseph P. Cawley, clerk, Headquarters, from \$1,400 to \$1,500 a year.

Walter J. Murray, lineman, Fire Alarm, from \$2,100 to \$2,300 a year.

Mary A. Hurley, clerk-stenographer, Headquarters, from \$1,400 to \$1,500 a year.

Mary A. Barossi, clerk-stenographer, Maintenance, from \$1,400 to \$1,500 a year.

Frank A. Mizer, provisional assistant operator, Fire Alarm, from \$1,800 to \$1,900 a year.

Mary Hamaty, stenographer-clerk, Maintenance, from \$1,400 to \$1,500 a year.

Mary E. McGrath, clerk-stenographer, Headquarters, from \$1,200 to \$1,300 a year.

Stanley F. Ivas, lineman-cable splicer, Fire Alarm, from \$2,200 to \$2,300 a year.

INSTITUTIONS DEPARTMENT.

Child Welfare Division.

Edward T. L. Wollman, storeroom attendant, from \$1,300 to \$1,400 a year.

OVERSEERS OF PUBLIC WELFARE.

Vico Alessi, social worker, from \$2,000 to \$2,100 a year.

Mary Ambrose, social worker, from \$1,900 to \$2,000 a year.

Grace Badessa, principal clerk, from \$2,100 to \$2,200 a year.

Eileen P. Baker, statistical machine operator, from \$1,400 to \$1,500 a year.

Mary C. Baker, clerk-typist, from \$1,200 to \$1,300 a year.

Joanna C. Balfe, clerk, from \$1,400 to \$1,500 a year.

Kathleen Ballem, social worker, from \$2,100 to \$2,200 a year.

Mary O. Barnes, social worker, from \$1,900 to \$2,000 a year.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors and commercial houses for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

BOARD OF REAL ESTATE COMMISSIONERS.

BOSTON, April 15, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR,—Your permission is respectfully requested to approve an expenditure in excess of one thousand dollars (\$1,000) to various contractors to clean city-owned lots under my jurisdiction.

Consistent with the "Keep Boston Clean Campaign," it is absolutely imperative for me to clean approximately 300 lots against which the Health Department has issued complaints in various sections of the city.

I have worked out a plan whereby the average cost per lot will be twenty-five dollars (\$25), except where a lot is unusually large. I feel that such a plan will accelerate the program and at the same time obtain the best value for the city.

Inasmuch as I am not using one contractor but several and because time is of the essence, I see no advantage to the city to advertise bids for this work.

Very truly yours,

IRVING LEWIS,
Chairman.

FIRE DEPARTMENT.

BOSTON, April 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—In the 1946 Fire Department budget under Item C-13, Tools and Instruments, the sum of \$40,000 was requested. However, only \$10,000 was allowed. The balance of \$30,000 was eliminated because of the fact that it was to be charged to the proposed revenue loan for the purchase of departmental equipment.

Before the money was eliminated a contract was made through the Supply Department, with the approval of your Honor, for the purchase of fire hose required in this department. The contract amounted to \$10,697, and partial delivery has already been made to the Fire Department.

Bills in the amount of \$4,720 have been received from Justin A. McCarthy Company, 176 Federal street, Boston, for the hose already delivered. If the bills are paid promptly a discount of 2 per cent is allowed which would result in a saving to the city of \$94.40.

I therefore request your Honor's permission to charge the amount of \$4,720 to the revenue loan for the purchase of departmental equipment.

Very truly yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, April 4, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested to award a contract, without advertising, to the Van Dorn Iron Works Company, Cleveland, Ohio, for replacement of cell door locks at House of Correction, Deer Island, in the sum of \$17,160.

This concern installed these locks at Deer Island some twenty years ago and are the only people that can furnish the material and stock necessary for furnishing the same type of lock now in use.

They propose to re-engineer this lock so that it will give many more years of service and prove more satisfactory in every respect than those now in use.

This is emergency work and nothing would be gained by advertising in the *City Record*; the emergency is very serious in nature as these locks are all badly worn and danger of inmates escaping prevails at the Island.

The Van Dorn Iron Works Company is the only concern who bid on this work.

Very truly yours,

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner

BOSTON, April 16, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested to award a contract, without advertising, to the Stewart Associates, Inc., to do the necessary engineering in connection with installing new plumbing in the Hill Prison at the House of Correction, Deer Island.

Services would include taking necessary dimensions, making work plans of the present layout, designing and making complete plans and specifications for the new piping system to supply the new installation. Their fee is 6 per cent of the total contract cost.

Extensive work will be required here as this installation is approximately forty-five years old and very little has been done during the last ten years in the way of constructive maintenance. Conditions are exceptionally bad and a real emergency prevails here. It is most important that a thoroughly good job be done at once to put the sanitary systems in good order to safeguard the health of inmates and employees at the Island.

No benefit would be derived from advertising in the *City Record*, as this was the lowest bid received for this work; the firm is very reliable and is at present performing other work for the city. The estimated outside cost of this work will not exceed four thousand dollars (\$4,000).

Very truly yours,

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, April 3, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—The Boston Edison Company after an exhaustive investigation and study of the power plant at City Hall Annex have made certain recommendations. In accordance with your instructions these recommendations were studied by a committee selected by Mr. Fox, the City Auditor, consisting of Schoolhouse Department experts, County Court House officials, members of this department's engineering staff, together with Edison officials and myself.

Several meetings were held and various reports were made and as a result of which I respectfully ask permission to:

1. Discontinue the present arrangement whereby steam is purchased from the Boston Edison Company for operation of the four engines in the Annex which generate the current used in both the Hall and Annex.

2. Contract with the Boston Edison Company for a period of three years to furnish the electric current requirements of the Hall and Annex.

3. Reestablish the heating plant in the Annex for the furnishing of heat in the Hall, Annex and Kirstein Library.

Discontinuing the present arrangement of purchasing steam from Boston Edison to operate the engines to generate electric current and purchasing electric current from Edison together with the operation of our boilers for heating purposes will result in an annual saving of \$12,000.

The expense of operating last year, 1945, under the present arrangement was approximately \$55,000. Under this proposed arrangement the estimated cost would not exceed forty-three thousand dollars (\$43,000).

Mr. Fox, the City Auditor, concurs in the recommendation that permission be granted to award a three-year contract to the Boston Edison Company to furnish electric current to both City Hall and City Hall Annex and has forwarded a detailed report to you containing such recommendations.

Very truly yours,

JAMES E. SULLIVAN,
Superintendent of Public Buildings.

BOSTON, April 5, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—For several years past, the two shower room floors of the Oak and Tyler Street Municipal Building have been in a leaky condition causing the plaster ceilings under same to rot and disintegrate. This condition has gradually become worse.

We have recently removed sections of these ceilings to determine, if possible, just where these leaks are located and feel satisfied that we now know just where these leaks are.

In order to remedy this condition it will be necessary to remove the entire asphalt mastic floor of the upper shower room and replace it with new asphalt mastic floor, as the present floor is full of shrinkage cracks, and is porous, and has outlived its usefulness, as it has been there since the building was built.

In the lower shower room, the floor is leaking around the floor drains, and the ceramic tile floor in one section of the shower compartment is leaking.

We anticipate that, after we have removed the upper floor, we will find considerable damage to the wood underfloor and the wood floor joists which support same, as they have been subjected to an intermittent wetting and drying action due to the leaks, which is very conducive to rot. This leaky condition has also affected the furring, lathing and plaster to such an extent that a large portion of the ceiling is sagging. It will be impossible to determine the extent of this damage until this mastic floor is removed, and the wood floor is exposed.

You will readily see that it is practically impossible to make an intelligent estimate of the cost of repairing this damage at this time, so I am asking that permission be given to award this work to the J. F. Stack Company, 25 Huntington avenue, Boston.

The J. F. Stack Company has done work for the city and his work has been highly satisfactory.

In the opinion of this department the prices paid the contractor for time and material are reasonable.

In view of the emergency nature of the work, I deem it to be in the best interests of the city to award to the J. P. Stack Company a contract in an amount of over \$1,000 and not to exceed \$3,500.

Respectfully yours,

JAMES E. SULLIVAN,
Superintendent.

Boston, April 16, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—In connection with the underground service coming into the City Hall Annex to change over from our own power to Boston Edison Service, this department sent out bids to three reputable electric firms. Specifications attached.

The following bids have been received: Massachusetts Electric Construction Company, \$3,470; H. M. Lobdell Electric Company, \$3,655; Gaston Electric Company, \$3,730.

As time is of the essence and the work being of an emergency nature, nothing can be gained by the usual form of advertising, I feel that the best interests of the city will be served by awarding this contract to the low bidder, the Massachusetts Electric Construction Company, for the sum of \$3,470.

Respectfully yours,

JAMES E. SULLIVAN,
Superintendent.

PUBLIC WORKS DEPARTMENT.

BOSTON, March 29, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On December 29, 1944, a contract was made with the Welsbach Street Lighting Company of America for the lighting of streets by means of gas lamps, at the rate of \$23 per lamp per year.

This contract expired December 31, 1945, and as I felt it was to the advantage of the city to continue this work to be done for a period of three months, thus enabling the city to determine what can be done in the matter of substituting electric lamps for gas lamps in certain sections, and also to decide what is best to do about installing a new type of gas lamp, I asked authority to extend the contract until March 31, 1946, which was approved by the Mayor.

As this survey has not been completed, I respectfully request the approval of your Honor to enter into an agreement for a period expiring on May 1, 1946, with the Welsbach Street Lighting Company of America for performing this service; the terms, conditions and price to be identical with those in the original contract.

No advantage would be gained by advertising for bids for doing this work since this is the only firm which is in a position to furnish and maintain gas lamps.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, April 3, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested to the award of a contract for repairs to control wiring and control cables at the Sumner Tunnel to the Massachusetts Electric Construction Company, 120 Tremont street, Boston, at an estimated cost of \$5,150.

Stearns, Perry & Smith presented an informal bid which was not in accordance with the requirements of the proposal and therefore could not be considered. David A. Robbins presented a bid which was deposited too late at the auditor's office and was considered irregular. These are the only other proposals submitted.

The work under this contract will start immediately upon written order by the commissioner and is to be fully completed within ten (10) weeks of the date of commencement.

Bids for doing this work were opened Tuesday, April 2, 1946, after advertising in the *City Record* March 27, 1946.

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, April 4, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—The condition of the bituminous type of pavement is such, following the storms of the past winter, that I feel immediate steps should be taken to make such repairs as are necessary.

After careful study of the nature of the work involved, it is my considered judgment that the unit prices quoted by the Central Construction Company are the lowest that can be obtained. The Central Construction Company has done this work for a great number of years and their work has been very satisfactory. Furthermore, this firm has the only plant in Boston properly equipped to manufacture and supply the material to be used on this work, thus insuring complete performance.

I firmly believe that the best interests of the city will be served by awarding the contract to the Central Construction Company.

In view of the necessity of starting this repair work as soon as possible, I respectfully request the permission of your Honor to dispense with the requirement of publicly advertising for bids, and to award a contract to the Central Construction Company of 228 Southamptown street, Boston, for repairing the bituminous pavements upon which the maintenance guarantee has expired, in all sections of the city, at an estimated cost of \$124,960.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, April 5, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—The contract which Anthony J. Ryan, Inc., of 942 Washington street, Dorchester, had with this department for collecting and removing garbage and rubbish in the Brighton district expired by limitation on March 31.

While this contract was in effect, that is, from January 1 to March 31, the contractor was able to dispose of his rubbish on a dump in Watertown. The contractor's authority for the use of this facility ended on March 31, which was the reason that this department could not make a contract for a period beyond that date.

The city is required, as a health measure, to remove and dispose of the garbage and rubbish produced by its inhabitants, and any failure to do so would have a serious effect. So that there may be no interruption in this very essential service, I have arranged with this firm to carry on the work for a brief time, or until proper arrangements can be made for entering into a contract which will provide for the disposal of the materials collected.

The matter of obtaining a suitable dump has an important bearing on the work to be done, and until such time as a proper dump is available, it will be necessary for the contractor to haul the rubbish collected to an area of land which the city owns on the so-called Mile road in Dorchester, adjacent to the city's pumping station.

At the present time, it is not possible to determine, with any degree of accuracy, what the work will cost, until arrangements can be made for awarding a new contract. So, for that reason, I am unable to indicate to your Honor an estimated cost.

Because of the emergency which has arisen and because of the fact that the cost of the work being done under this arrangement will exceed \$1,000, I respectfully request permission of your Honor to dispense with the requirement of advertising for bids at this time, and to issue a service order to Anthony J. Ryan, Inc., for collecting and removing garbage and refuse from the Brighton district payment for which will be made at the rate of \$3.50 per hour for trucks where the registration fee is \$36 or more, \$1.50 an hour for labor, and \$1.75 an hour for foremen, these rates to include government contributions, workmen's compensation, and profit.

As soon as it is possible for me to arrange for a new contract for carrying on this work, I shall again take up the matter with your Honor.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, April 13, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Under date of April 4, 1946, bids were scheduled to be publicly opened and read at this office on proposals for furnishing ice cream mix to the Hospital Department. Because of the sugar and cream shortages no formal bids were submitted and this office was forced to solicit bids on the city's requirements through the medium of informal quotations.

The only concern prepared to furnish this mix, the Whiting Milk Company, has submitted a bid of \$1.22 per gallon with the stipulation that only an informal agreement exist and the price quoted is subject to change by the Office of Price Administration.

Orders for the hospital and sanatorium average one thousand dollars monthly.

Your permission is therefore respectfully requested to dispense with public advertisement for the period ending June 30, 1946, and accept the bid of the Whiting Milk Company for furnishing ice cream mix with 11 per cent butter fat at \$1.22 per gallon during this time.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, April 15, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On April 12, 1946, a bid for furnishing bread flour for city departments for a three-month period was publicly opened and read at this office. Although the entire mailing list of this office was solicited, only one bid, that of

the American Flour Company, was received, offering 600 one-hundred-pound bags at \$6 per bag.

This office has since been notified by this contractor that its formal bid was submitted in error and that the correct price should be \$4.20 per bag.

Your permission is therefore requested to reject the formal bid of \$6 per bag and award a contract without further advertisement to the American Flour Company, 334 Rutherford avenue, Charlestown, for furnishing 600 one-hundred-pound bags of bread flour at a price of \$4.20 per bag.

The amount of the contract will be \$2,520, less a cash discount of 2 per cent for payment in ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, April 18, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Under date of April 12, 1946, informal quotations were solicited on requisition No. 91 of the Boston Traffic Commission calling for five standard Boston traffic signal control boxes (aluminum) as per Boston Traffic Commission plan No. 6, dated March 16, 1939.

The only bid received was submitted by the R. W. LeBaron Company, which is prepared to furnish the type of box specified by the Traffic Commission.

Since all available sources of supply have been contacted in an effort to secure competition, your permission is requested to dispense with public advertisement and award to the R. W. LeBaron Company, 452 Massachusetts avenue, Arlington, at its bid price of \$305 for each box. The total amount of the award will be \$1,525.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

TRANSFER OF BUDGET ITEMS.

The Mayor has approved the requests of the several departments for the transfer of budget items:

BOSTON JUVENILE COURT.

BOSTON, March 28, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I am requesting an amendment to our budget for 1946 substituting a portion of Custody, B-17, to be transferred to Library, C-10. This request is necessary inasmuch as our new Justice, Judge Connelly, has asked for the following law books:

Annotated Laws of Massachusetts, Volumes 1 to 10 and 1944 Supplement and 1945 Supplement to Anno. Laws of Mass.

This will cost \$110. We have approved for the Library Account, C-10, an amount of \$75, which covers the Massachusetts Reports and the City Directory for 1946.

We had no way of anticipating this additional charge.

Therefore, I respectfully request your approval of the following:

From B-17, Custody, \$110, to C-10, Library, \$110.

Yours very truly,

JOHN T. LANE,
Clerk, Boston Juvenile Court.

BOSTON TRAFFIC COMMISSION.

BOSTON, April 2, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR,—This department made no request for an appropriation in Budget, Item A-3, for the payment of overtime in the budget of this year.

We have found it necessary to have emergency painting work done on Sundays by some of our per diem employees.

I respectfully request that the sum of \$300 be reallocated from Budget, Item A-1, to Budget, Item A-3, for this purpose.

Respectfully yours,

WILLIAM P. HICKEY,
Commissioner.

CITY MESSENGER.

BOSTON, April 3, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is hereby requested for the following reallocations in the 1946 City Council appropriation:

From B-42, Miscellaneous, \$50, to B-39, General Repairs, \$50; from C-17, Miscellaneous, \$50, to C-10, Library, \$50.

These reallocations are necessary for repair of typewriters and for the purchase of one Tercentennial edition of the Mass. General Laws and the Acts and Resolves for the years 1944 and 1945.

Provisions were not made in the budget for these items.

Respectfully,

WILLIAM J. O'DONNELL,
City Messenger.

FIRE DEPARTMENT.

BOSTON, April 1, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request that your Honor approve of the following amendment to the 1946 Fire Department budget:

One clerk stenographer, \$1,600 a year, to be changed as follows:

One clerk stenographer, from \$1,600 to \$2,000 a year.

The foregoing is necessary in order to increase the salary of Clerk Stenographer Julius W. Boris from \$1,600 to \$2,000 a year.

Mr. Boris was appointed to the department August 11, 1930, and served in the United States Army from November 24, 1942, to March 20, 1946. Our present clerk, in charge of uniform clothing, is in poor health and will probably retire in the near future. I desire to have Mr. Boris understudy the position so he can perform the duties of clothing clerk proficiently when the present clerk is pensioned. Because of his long service in the department, and the fact that other clerks received increases in salary while Mr. Boris was in the Army, I recommend that the increase be granted.

Very truly yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

BOSTON, April 1, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is hereby respectfully requested that the following

reallocation of funds be allowed in the 1946 Fire Department budget:

From A-1, Permanent Employees, \$2,000, to A-3, Overtime, \$2,000.

The foregoing reallocation is requested in order to pay auto-mechanics for overtime work in repairing major fire apparatus of the department.

The work is necessary because of the large number of mechanical breakdowns to the apparatus due to the additional strain placed on the overage apparatus as a result of the recent epidemic of open-air fires. Inasmuch as our force of mechanics is unable to keep up with the amount of repairs required, in the regular day, I have received approval from your Honor, under date of March 27, 1946, to employ these men three (3) nights a week, six (6) hours each night, for approximately two months. For this overtime work they will be paid at the rate of time and one-half.

Very truly yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

HOSPITAL DEPARTMENT.

BOSTON, April 1, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval of a transfer in the amount of \$250 from the appropriation C-16, Wearing Apparel, to the appropriation C-2, Machinery, is respectfully requested.

The department budget request of \$3,000 under this item was not allowed.

This transfer is being requested to meet the cost of a piece of equipment (one electric Eel complete) to assist us in clearing out all sewer connections throughout the hospital where manual labor cannot reach the cause of the trouble.

Your early approval is respectfully requested.

Very truly yours,

JAMES W. MANARY, M. D.,
Superintendent.

MAYOR'S OFFICE,

BOSTON, March 30, 1946.

RUPERT S. CARVEN, *Commissioner, Budget Department.*

DEAR SIR,—Please transfer in the budget of this office the amount of \$3,013.61 from A-2, Temporary Employees, to A-1, Permanent Employees.

Assistant Secretary, one at \$4,000 a year, \$3,013.61.

Respectfully,

JAMES M. CURLEY, *Mayor.*

PARK DEPARTMENT.

BOSTON, April 2, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—In submitting our budget for this year we asked for an allowance of \$750 in the C-5 item and were granted this allowance. This was to cover the cost of an industrial trailer which was ordered in 1945 but was not delivered until early this year. The bill for the trailer amounts to \$755, and accordingly we require an additional five dollars in the appropriation of the C-5 item in order to pay for this commitment.

You are respectfully requested to allow this department to transfer \$5

from the C-16 item, Wearing Apparel, to the C-5 item, Motorless Vehicles, in order that we may pay for this trailer.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, April 10, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully request the transfer of the sum of \$66 from E-13, General Plant, to C-16, Wearing Apparel, said transfer to be made within the Park Department budget.

Under the C-16 item we were given an allowance of \$2,000. The increased cost of fig leaves and rubber boots, under this item, has made our total encumbrance approximately \$2,066; therefore we shall need this additional amount so that we can pay the bills against this encumbrance as they appear for payment.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

PARK DEPARTMENT (Cemetery Division).

BOSTON, March 27, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your permission is respectfully requested to make the following reallocation in the budget of the Cemetery Division, Park Department:

From C-17, Miscellaneous Equipment, \$125, to C-2, Machinery, \$125.

This request is made to provide money for the purchase of two Wright high speed hoists, to be used at our cemeteries for the placing of heavy concrete liners in the graves.

These two hoists are now available for our purchase. Their use will make possible a most economical handling of these heavy liners, with resultant savings in our labor costs.

The money is not available in the C-2 item, but is available in the C-17 item.

Very truly yours,

WILLIAM P. LONG, *Chairman.*

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, April 2, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On account of an increase in the population of women now confined at the Charles Street Jail there is need of a female parole agent in this department which was not provided for in our budget estimate, and for which position a requisition is on file in the Budget Department.

With your approval I respectfully request that the budget be amended so as to provide for this new position.

The salary will be \$2,600 plus \$200 E. C. A.

Respectfully yours,

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, April 2, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Approval is respectfully requested to the change in the budget of the Water Division of this department to provide for the added

rating of clerk for Penelope C. MacEachern, telephone operator at \$1,680 a year plus \$200 E. C. A., with no change in salary.

Miss MacEachern, in addition to her duties as operator of the main switchboard for the Albany Street Yards of this department, has special qualifications in work of a clerical nature in the keeping of complete records and file system of all complaints and incoming calls, telephone numbers of officials of Police and Fire Departments and public utilities for purposes of notification in the event of emergencies affecting the public health and safety, and also performs other routine clerical duties incidental to the operation of the Water Division office yard. This additional rating is recommended as being more applicable to the duties she performs.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

RETIREMENT BOARD.

BOSTON, April 9, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The budget of this department, when presented, contained \$75 for B-1, Printing and Binding. Through a misunderstanding, the Budget Commissioner eliminated this item. Since this amount was requested to cover the cost of 2,000 booklets known as "Synopsis of the Boston Retirement System," and the supply is exhausted, I respectfully request that you authorize the Budget Commissioner to allocate to this item the sum of \$100 and to take it from Item B-28, Expert, in the same group.

Respectfully yours,

WILLIAM D. KENNEY,
Executive Officer.

SUFFOLK COUNTY.

BOSTON, April 10, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I respectfully request your permission to transfer \$383.14 from Budget, Item B-14, to Item C-4, in order to pay for a new Ford car.

This amount of \$383.14 is considerably less than the estimated cost of repairing the present vehicle.

Budget Commissioner Rupert S. Carven gave his consent to the completion of this transaction in which I traded the 1942 Ford car for a 1946 Ford car.

Respectfully submitted,

FREDERICK R. SULLIVAN, *Sheriff.*

CHANGES IN BUDGET APPROPRIATIONS.

The Mayor has approved changes in budget appropriations in accordance with the following requests:

ASSESSING DEPARTMENT.

BOSTON, April 16, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—It is respectfully requested that there be a reallocation of funds from Item C-10, Library Equipment, to Item C-9, Office Equipment, for the following reason:

The original budget estimate submitted for the year 1946 contained a recitation of needs, totaling \$3,900, for Item C-9,

Office Equipment. On the first examination of the budget estimate by that department, this item was deleted.

Under date of April 2, 1946, the Board of Assessors resubmitted the same items, totaling \$3,900, explaining that the department was in immediate need of the equipment noted therein. The budget was passed, however, but this item was still deleted, due to the determination of the city to purchase all such items generally needed under loan appropriation.

Meanwhile, the department had made certain requisitions involving expenditures under this item, and the incumbent system in the auditor's office now discloses that there is no appropriation against the same, Item C-9, Office Equipment, making it now necessary to provide the following reallocation of funds from C-10, Library, \$75, to C-9, Office Equipment, \$75.

Very truly yours,

PETER J. ALLEN,
Principal Assessor.

BOSTON TRAFFIC COMMISSION.

BOSTON, April 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR,—I respectfully request that the following reallocations be made within the respective groups in our budget appropriations:

From C-17, to C-7, \$1.25.

From D-16, to D-5, \$1.25.

This department has no appropriation in Item C-7, for Furniture and Furnishings. It has been necessary to purchase one waste basket for \$1.25.

We were allowed \$10 in Item D-5, for Medical, Surgical and Laboratory Supplies. It was necessary to purchase first-aid supplies for our shop in the amount of \$11.25.

Respectfully yours,

WILLIAM P. HICKEY,
Commissioner.

BOSTON, April 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR,—I respectfully request that the following reallocation be made within Group C of our budget appropriations:

From C-17, to C-16, \$40.

It has been necessary to purchase safety shop clothing in an amount in excess of the \$25 appropriation in our budget Item C-16.

Respectfully yours,

WILLIAM P. HICKEY,
Commissioner.

BOSTON, April 23, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR,—I respectfully request that the following reallocation be made within Group B of the budget appropriation for this department.

From B-8, to B-37, \$30.

We were allowed the sum of \$20 in Item B-37, Photographic and Blueprinting. It has now become necessary to have some special planograph reproductions of maps and tabular statistics at an approximate cost of \$50.

Respectfully yours,

WILLIAM P. HICKEY,
Commissioner.

INSTITUTIONS DEPARTMENT.

BOSTON, April 17, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—Authority is requested to reallocate funds as follows:

Child Welfare Division.

From C-16, Wearing Apparel, \$25, to C-7, Furniture and Fittings, \$25.

To provide for purchase of necessary furnishings in the children's waiting room. Bill of \$5.64 being held, due to lack of funds.

Respectfully yours,

G. FRANK McDONALD, *Commissioner.*

LIBRARY DEPARTMENT.

BOSTON, April 17, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—We respectfully request your authorization to reallocate the following budget items:

B-42, \$22.40, to B-1, \$22.40.

C-13, \$8.25, to C-16, \$8.25.

Item B-1.—This reallocation is necessary to take care of a bill from the City Printing Department for withholding tax tables. No allowance was made in our budget because we did not anticipate any expenditure from this item.

Item C-16.—This reallocation is necessary to provide funds for the purchase of rubber gloves for use by our painters engaged in washing walls. Because of the strong washing solution used it was necessary to purchase gloves for the men in order to avoid infection of their hands.

Very sincerely yours,

JOHN J. CONNOLLY,
Assistant to the Director.

PARK DEPARTMENT.

BOSTON, April 15, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—I respectfully request the transfer of the sum of \$30 from D-4, the food item in our budget, to D-5, Medical Supplies.

In the setting up of the budget we were allowed the sum of \$150 in D-5. This covers the medical supplies used at the gymnasiums and beaches and bath houses. We cut our order for these supplies to a positive minimum this year and we felt that in view of the prices existing a few months ago the order would amount to approximately \$150. However, there has been an advance in the cost of medical supplies and the order as placed by the Supply Department is now approximately \$180.

Therefore we will need this transfer to pay the encumbrance against D-5, for which I ask your approval.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

BOSTON, April 15, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Your permission is respectfully requested to make the following transfer of funds in the budget of the Cemetery Division, Park Department:

From B-42, Miscellaneous Services, \$500, to D-10, Agricultural Supplies, \$500.

This request is made to provide money for the purchase of loam and fertilizer for use in our several cemeteries.

Because of the absolute necessity of making purchases of agricultural supplies

in a quantity not anticipated when the budget was prepared it is found necessary to ask this transfer of funds from the B-42 item, where the money is available.

Very truly yours,

WILLIAM P. LONG, *Chairman.*

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, April 5, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—Compensation Classification Plans for Officers and Employees of Suffolk County provides a range of compensation for the classification of Commitment and Transfer Officers as follows: Annual, \$2,100–\$2,200–\$2,300–\$2,400–\$2,500. At the present time there are two employees in this office with this classification and receiving the minimum of \$2,100. One of these employees has served eight years in this capacity without receiving a sliding scale; the other was appointed January 12, 1945. No sliding scale increase was requested for these employees in 1946 estimates and the employee who has been working eight years never received a sliding scale increase and is still at the minimum.

In my opinion these employees should be given the same consideration as all other employees of the department. Your approval therefor is requested for sliding scale increases, as follows:

Office Expenses.

James Baxter, commitment and transfer officer, from \$2,100 to \$2,200 a year.

Dennis Glynn, commitment and transfer officer, from \$2,100 to \$2,200 a year.

Very truly yours,

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

SUPPLY DEPARTMENT.

BOSTON, April 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Your approval of the following transfer within the budget of this office is respectfully requested:

From D-1, \$63.40, to B-1, \$1.40; B-29, \$62.

The transfer to B-1 is to cover payment of withholding tax circulars and tables ordered from the Printing Department. No appropriation was made for this charge.

The transfer to B-29 is to cover services rendered in connection with the preparing of the tabulation of bids received on drugs. This work was done by an outside concern because of the time element involved. Because of the fact that the tabulation was considerably longer than that of previous years, the amount originally appropriated was insufficient to cover payment of the bill.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

TREASURY DEPARTMENT.

BOSTON, April 11, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—I respectfully request the following reallocation of funds within the 1946 Treasury Department budget:

From B-4, Transportation of Persons, \$2, to B-35, Fees, Service of Venires, Etc., \$2.

This reallocation is requested to meet the payment of the annual dues for

membership in the Massachusetts Collectors and Treasurers Association.

Very truly yours,

HENRY F. BRENNAN,
City Treasurer.

SUFFOLK COUNTY JAIL.

BOSTON, April 12, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—Will you kindly make the following reallocations within the appropriations for the Suffolk County Jail:

From B-39, \$20 to B-4, \$20.

From B-39, \$180, to B-10, \$180.

These reallocations are requested that sufficient funds may be provided to cover the payments of outstanding obligations in the above items of B-4 and B-10. B-4 pays for street car tickets. B-10 pays for rental of water coolers. These items were overlooked in submitting 1946 budget.

Respectfully submitted,

FREDERICK R. SULLIVAN, *Sheriff.*

OVERLAY DEFICITS.

The Mayor has approved the following: In accordance with the provisions of section 3 of chapter 225 of the Acts of 1941, I respectfully request your approval of the following charges to be made against the Special Overlay Reserve Account which has been set up on the books of this office:

OVERLAY DEFICITS.

Levy of 1937, \$73.53.

The above deficit in the various overlay accounts has arisen because of abatements granted by the Board of Assessors in the month of February, 1946, official notice of which has just been received in this office.

Since 1938, \$12,000,000 has been borrowed for the purpose of funding overlay deficits. Including the above amount, the cumulative total of charges against the amount borrowed has been \$11,905,191.05.

CHARLES J. FOX,
City Auditor.

FIRE DEPARTMENT ORDERS.

General Order No. 27.

I. CAPTAIN JOHN J. MORGAN.

It is with deep regret that the Fire Commissioner announces the death, on April 20, 1946, of Capt. John J. Morgan of Engine Company 20, who collapsed while fighting a fire at Still Alarm, 2.15 p. m., April 19, 1946, in the rear of 151 Hallet street, Dorchester. Captain Morgan was appointed to the department July 19, 1918. He was promoted to the grade of lieutenant May 31, 1929, and to captain June 10, 1942.

The funeral will be held from his late home, 98 Fuller street, Dorchester, at 8.30 a. m., Wednesday, April 24, 1946, followed by services at St. Gregory's Church, Dorchester avenue, at 9 a. m.

The chief of department has assigned the Military Drill Company to act as funeral escort and the members of Engine Company 20 will be excused from duty to attend the services.

II. RETURN TO DUTY FROM ARMED FORCES.

The following-named who has been serving in the armed forces of the United States will return to duty in the

Fire Department, effective at 8 a. m., Wednesday, April 24, 1946:

Man on Probation John C. Murphy, Engine Company 34.

III. TRANSFERS.

The following transfers which will become effective at 8 a. m. Wednesday, April 24, 1946, are hereby announced:

Capt. Thomas B. Maguire, from Ladder 7 to Engine 20.

Hoseman Jeremiah F. Foley, from Engine 31 to Ladder 5.

Hoseman Michael J. Corrao, from Engine 3 to Tower 2.

Hoseman Walter T. Kelley, from Engine 1 to Fire Prevention.

Ladderman Walter Doyle, from Ladder 4 to Engine 3.

Ladderman Hilary J. O'Connell, from Ladder 31 to Engine 40.

IV. RETIREMENTS.

The following retirement which will become effective at 4.30 p. m. Tuesday, April 30, 1946, is hereby announced:

Auto Repairer Daniel J. Flynn, Maintenance Division.

The following retirements which will become effective at 8 a. m. Wednesday, May 1, 1946, are hereby announced:

Ladderman John J. Riordan, Ladder Company 28.

Engineer John P. Hanagan, Motor Squad.

Auto Repairer and Battery Man Flynn was appointed to the department June 18, 1918; Ladderman Riordan was appointed February 1, 1924; Engineer Hanagan was appointed February 1, 1924.

All of the foregoing men leave the department with the best wishes of their associates.

V. RESIGNATIONS.

The following resignations which became effective at 8 a. m. Tuesday, April 23, 1946, are hereby announced:

P. M. S. Joseph J. Sullivan, Engine Company 2.

P. M. S. John H. Flynn, Ladder Company 16.

The following resignation which will become effective at 8 a. m. Wednesday, April 24, 1946, is hereby announced:

P. M. S. John P. Burke, Jr., Engine Company 51.

VI. INDEX TO GENERAL ORDERS.

Copies of the index to General Orders for the year 1945 are being issued to the department today.

VII. APPRECIATIONS.

The Fire Commissioner is pleased to acknowledge receipt of the following letter from Haffenreffer & Co., Inc., together with a check in the amount of \$500:

"DEAR MR. COMMISSIONER,—We are pleased to inclose herewith check for five hundred dollars (\$500) payable to Boston Firemen's Relief Fund in recognition of the prompt response and the intelligent and effective work of the men in your department who kept the fire adjoining the rear of our property on Anita terrace last Thursday evening under control, thereby preventing a conflagration of major proportions. May we commend you and your personnel for an outstandingly fine job done.

Sincerely yours,

HAFFENREFFER & CO., INC.,
(signed) T. C. Haffenreffer."

The commissioner is also pleased to acknowledge a donation to the Boston Firemen's Relief Fund in the amount of \$15.25 from Jan Quen and Henry's Laundry, 205 Green street, Jamaica Plain, in appreciation of services rendered by members of the department.

VIII. COMMENDATIONS.

Hoseman Thomas J. McGrath of Engine Company 14, Hoseman John J. Sennett, Jr., of Engine Company 37, Ladderman Francis J. Walton of Ladder Company 12, and Ladderman Charles Chinetti of Ladder Company 26 are hereby commended for extinguishing a fire in a ventilating shaft in the Boston Opera House about 3.09 p. m., Saturday, April 13, 1946, while there was an audience present in the auditorium. These men were serving as a detail at the Opera House and because of their quick action in discovering and extinguishing the fire a possible panic was avoided.

Man on Probation Frank J. Borelli of Engine Company 40 is hereby commended for extinguishing a fire at Box 6161 before the arrival of apparatus on April 16, 1946, while off duty.

Ladderman Joseph L. Murphy of Ladder Company 26 is hereby commended for responding to and working at fire, Box 2245, three alarms, on April 18, 1946, while off duty.

Ladderman Alexander L. Kaczorek of Ladder Company 10 is hereby commended for responding to and working at fire, Box 7234, two alarms, on April 19, 1946, while off duty.

Hoseman John P. Hennessy of Engine Company 21 is hereby commended for responding to and working at fire, Box 3167, three alarms, on April 19, 1946, while off duty.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

General Order No. 28.

I. ASSIGNMENT OF MAN ON PROBATION.

The following assignment of a man on probation which will become effective at 8 a. m., May 1, 1946, is hereby announced:

Joseph E. Landry to Rescue Company 3.

M. O. P. Landry is now serving in the United States Army and will not report for duty until after his discharge from the armed forces.

II. PROMOTIONS.

The following promotions which will become effective at 8 a. m. Wednesday, May 1, 1946, are hereby announced:

Second Engineer Raymond F. Garrity, Engine 44, to first engineer.

Temporary Second Engineer Henry F. Hayes, Engine 47, to second engineer.

Second Engineer Edmund M. Hourigan, Engine 47, to temporary first engineer.

Third Engineer Francis J. Donnelly, Engine 31, to temporary second engineer.

III. RETURN TO DUTY FROM ARMED FORCES.

The following named who have been serving in the armed forces of the United States will return to duty in this department, effective at 8 a. m. Wednesday, May 1, 1946:

Ladderman John A. Culhane, Ladder Company 26.

Ladderman James A. Dailey, Ladder Company 30.

IV. DEMOTION.

At his own request Engineer (Motor Squad) Michael Tuberosa, has been reduced to the grade of hoseman, to become effective at 8 a. m. Wednesday, May 1, 1946.

V. TRANSFERS.

The following transfers which will become effective at 8 a. m. Wednesday, May 1, 1946, are hereby announced:

Lieut. James L. Donovan, from Engine 17 to Engine 21.

Hoseman Michael Tuberosa, from Motor Squad to Engine 40.

Hoseman James H. Curran, from Engine 6 to Maintenance Division.

Hoseman Henry M. Welch, from Engine 2 to Fire Prevention.

M. O. P. John C. Murphy, from Engine 34 to Ladder 14.

Hoseman John J. Donlan, from Engine 2 to Engine 1.

VI. RETIREMENTS.

The following retirements which will become effective at 8 a. m. Wednesday, May 1, 1946, are hereby announced:

Hoseman John J. Carbone, Jr., Engine 4.

Hoseman Edward C. Gurnon, Engine 15.

Hoseman Carbone was appointed to the department May 28, 1927, and Hoseman Gurnon was appointed February 8, 1929. Both of these men leave the department with the best wishes of their associates.

VII. RESIGNATIONS.

The following resignation which became effective at 8 a. m. Friday, April 26, 1946, is hereby announced:

Hoseman Michael A. Laurano, Jr., Engine 5.

The following resignation which will become effective at 8 a. m. Wednesday, May 1, 1946, is hereby announced:

P. M. S. Galvin J. Matthews, Engine 44.

VIII. A. D. T. ASSIGNMENTS.

The following assignments are to be added to running cards of the A. D. T. Company in this department:

Signal 152, Publix Netoco Theatres Corporation, 652-658 Washington street. (Sprinkler system.) Apparatus to respond: Engine 35, Ladder 17, District Chief 5. Nearest box is 1471.

Signal 1533, Sidney L. Cohen, 81-87 Wareham street. (Sprinkler system.) Apparatus to respond: Engine 3, Ladder 3, District Chief 7. Nearest box is 1646.

IX. BOSTON AUTOMATIC ASSIGNMENTS.

The following signal numbers are to be added to running cards of the Boston Automatic Fire Alarm Company in this department:

Signal 479, building, 19-37 Portland street. (Sprinkler system.) Apparatus to respond: Engine 4, Ladder, 1, District Chief 4. Nearest box is 1323.

Signal 1335, building, 30 Roland street, office building. Apparatus to respond: Engine 32, Ladder 9, District Chief 2. Nearest box is 4177.

Signal 1336, building, 34 Roland street, warehouse. Apparatus to respond: Engine 32, Ladder 9, District Chief 2. Nearest box is 4177.

Signal 1352, building No. 1, enter through gate 741, East Sixth street.

Signal 1353, building No. 2, enter 158 N street.

Signal 1354, building No. 3, enter 158 N street.

Signal 1355, building No. 3, enter 160 N street, first floor only.

Signal 1363, building No. 4, enter door 741, East Sixth street.

Signal 1364, building No. 4, enter 160 N street, first floor only.

Signal 1365, building No. 5, enter door 741, East Sixth street.

Signal 1366, building No. 6, enter office, 741 East Sixth street.

Signal 1367, engine and boiler room and shed, enter gate 741, East Sixth street.

Apparatus to respond to foregoing signals, Engine 2, Ladder 19, District Chief 6. Nearest box is 7441.

X. APPRECIATION.

The Fire Commissioner is in receipt of the following letter from the Fire Commissioner of the town of Brookline, Charles F. Rowley, which he is pleased to publish for the information of the department:

"MY DEAR MR. CODMAN,—In behalf of the Brookline Fire Department I wish to express to you, and through you to the members of your department who assisted us yesterday at the fire in Brandon Hall on Beacon street, Brookline, our appreciation for the fine cooperation and invaluable assistance you and they gave us. Rest assured that this department is ready at all times to come to the aid of the City of Boston in a similar situation whenever you call upon us to do so.

Gratefully yours,

CHARLES F. ROWLEY,
Commissioner."

XI. COMMENDATIONS.

P. M. S. Walter R. Magoon of Engine Company 46 is hereby commended for responding to and working at fire, Box 3167, three alarms, on April 19, 1946, while off duty.

Hoseman Thomas J. Horn of Engine Company 51 is hereby commended for responding to and working at fire, Box 5295, on April 26, 1946, while off duty.

M. O. P. Michael J. Corrigan of Tower Company 3 is hereby commended for responding to and working at fire, Box 1253, three alarms, on April 28, 1946, while off duty.

By order of Fire Commissioner RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

TO OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Charles Capone has been directed to omit, and substitute the following work under the contract for laying bituminous concrete pavement in Hazelmere road and Moville street, dated October 29, 1945. Items ordered: Omit the laying of about 1,600 square yards of bituminous macadam base, 4 inches thick, at 80 cents per square yard (Item 5A), in Hazelmere road, and substitute the furnishing and laying of about 1,600 square yards of cement concrete base, 6 inches thick, at \$1.60 per square yard, and about 100 cubic yards of extra excavation at \$2 per cubic yard. Estimated cost of substituted work, \$2,760; estimated cost of omitted work, \$1,280; estimated increase in cost, \$1,480.

EXTENSION OF CONTRACT.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time of completion of the contract with R. A. Buccella & Sons, for building sewerage works in Appleton street, between Clarendon street and Berkeley street, City Proper, from January 28, 1946, to April 15, 1946. This extension of time is requested because of delays resulting from unfavorable conditions due to winter weather.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of July 28, 1945, determining damages caused by the making of the public improvement, consisting of the widening and relocation of Weld street, be, and the same hereby is, amended, by striking from said order the amount \$1 awarded to Irene M. Wilson *et al.* in said order and inserting in place thereof the amount \$394.50 to Michael J. Haverty and Carl C. Wilson; that the amount \$394.50 be, and the same hereby is, awarded to Michael J. Haverty and Carl C. Wilson for the damages so sustained.

POLICE DEPARTMENT ORDERS.

General Order No. 652.

Transfer of the following-named persons from Superintendent's Office (armed service roll) is hereby ordered; effective Tuesday, April 23, 1946, at 9 a. m.:

Patrolman Herbert V. Howard, to Division 2.

Patrolman Edward F. Sherry, to Division 3.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 653.

It is hereby ordered that vacations for members of the Force for 1946 shall begin May 13 and end November 22, and not more than one-twelfth of the whole number attached to any division shall be absent on vacation at the same time.

The time for each vacation shall be determined by lot in the usual manner on Thursday, May 2, 1946.

Patrolmen appointed after April 1, 1946, and up to July 1, 1946, will be allowed one week, to be taken at such time as the commanding officers of divisions shall designate.

Patrolmen appointed after July 1, 1946, will not receive any vacation.

Five days before each vacation begins, commanding officers shall forward to the superintendent a list, in triplicate, giving the names of all officers who will be on that vacation. One day before the vacation begins, commanding officers shall forward to the superintendent a list, one original copy, giving the names and emergency addresses of the officers who are going on vacation.

Commanding officers of divisions and units shall not allow vacations to interfere with the proper operation of their organization, making shifts in the day and night

duty and taking such other steps as may be necessary to provide adequate protection and proper functioning of the Force under their control.

No days of relief will be allowed to members of the Force on June 16 and 17; State Primary Day, June 18; July 3 and 4; V. F. W. National Encampment Parade, September 4; and State Election Day, November 5, 1946.

Vacations to begin and end as follows: No. 1, to begin at 7.45 a. m. May 13, to end at 7.45 a. m. May 29, 16 days.

No. 2, to begin at 7.45 a. m. May 31, to end at 7.45 a. m. June 16, 16 days.

No. 3, to begin at 7.45 a. m. June 19, to end at 7.45 a. m. July 4, 15 days.

No. 4, to begin at 7.45 a. m. July 4, to end at 7.45 a. m. July 19, 15 days.

No. 5, to begin at 7.45 a. m. July 19, to end at 7.45 a. m. August 3, 15 days.

No. 6, to begin at 7.45 a. m. August 3, to end at 7.45 a. m. August 18, 15 days.

No. 7, to begin at 7.45 a. m. August 18, to end at 7.45 a. m. September 2, 15 days.

No. 8, to begin at 7.45 a. m. September 5, to end at 7.45 a. m. September 20, 15 days.

No. 9, to begin at 7.45 a. m. September 20, to end at 7.45 a. m. October 5, 15 days.

No. 10, to begin at 7.45 a. m. October 5, to end at 7.45 a. m. October 20, 15 days.

No. 11, to begin at 7.45 a. m. October 20, to end at 7.45 a. m. November 4, 15 days.

No. 12, to begin at 7.45 a. m. November 6, to end at 7.45 a. m. November 22, 16 days.

It will be noted that most of the vacation periods are for fifteen days. It was necessary to arrange the schedule in this manner so that there would be no vacations during the National Encampment of the V. F. W. and on State Election Day.

Officers drawing fifteen-day vacation periods shall receive one extra day of relief at such time as can be arranged by commanding officers.

Two copies of this General Order are sent to each division and unit, so that one copy may be placed on the Bulletin Board for the direct notice of all officers.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 654.

The following-named person is hereby appointed a permanent patrolman in this department; effective Friday, April 26, 1946, at 10 o'clock a. m.:

Neil F. McLaughlin, Division 13.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be thirty (30) days, vehicles are excluded from the following streets, effective April 23, 1946:

Dartmouth Street, Boston Proper.

From Tremont street to a point seventy-six (76) feet north of Harwich street.

I Street, South Boston.

From East Second street to East Fifth street.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 22, 1946.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair. Absent, Coun. Cantwell, Coffey and Linehan.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

The following was received:

City of Boston,

Office of the Mayor, April 15, 1946.
To the City Council.

Subject to confirmation by your Honorable Body, I make the following appointments of minor officers paid by fees for the term of one year beginning with the first day of May, 1946. The appointments of all such officers not named herein are hereby revoked from and after April 30, 1946.

Respectfully,
JAMES M. CURLEY, Mayor.

MINOR OFFICERS PAID BY FEES, APPOINTED FOR THE TERM OF ONE YEAR BEGINNING MAY 1, 1946.

The following-named persons to be Weighers of Coal for the term of one year beginning with the first day of May, 1946:

Referred to Committee on Constables and Confirmations.

City of Boston,

Office of the Mayor, April 22, 1946.

To the City Council.

Subject to confirmation by your Honorable Body, I hereby appoint the following named persons constables of the City of Boston for the term of one year, beginning with the first day of May, 1946, authorized to serve civil process upon filing bond.

The commissions of constables authorized to serve civil process not named herein expire on April 30, 1946, and such constables are hereby removed from office from and after May 1, 1946, for the good of the service.

Respectfully,
JAMES M. CURLEY, Mayor.

CONSTABLES AUTHORIZED TO SERVE CIVIL PROCESS UPON FILING BONDS.

William A. Amsie, 30 Carruth street, Ward 16; Henry Atwood, 28 Melbourne street, Ward 16; Samuel C. Baker, 25A Wabon street, Ward 12; Thomas F. Brett, 15 Malta street, Ward 18; George W. Brooker, 258 Park street, Ward 20; Edgar F. Callahan, 29 Hano street, Ward 22; James A. Canton, 169 Glenway street, Ward 14; Sidney Cohen, 70 American Legion Highway, Ward 14; John M. Crawford, 27 Washington street, Ward 2; Henry G. Dahlquist, 40 South Munroe

Terrace, Ward 16; Charles M. Daley, 54 McBride street, Ward 11; Americo A. Desimone, 1130 Saratoga street, Ward 1; Patrick J. Donovan, 35 Lorette street, Ward 20; William T. Galvin, 305 Forest Hills street, Ward 11; Lewis Gilbert, 627 Walk Hill street, Ward 14; Roland W. Golden, 38 Regent street, Ward 12; Samuel Goldkrand, 100 Homestead street, Ward 12; Meyer Goldstein, 27 Long avenue, Ward 21; Salvatore Grassa, 11 Copeland street, Ward 12; Walter E. Hamlet, 35 Faunce road, Ward 18; Abraham M. Hecht, 404 Blue Hill avenue, Ward 14; Max Kaplan, 9 Greendale road, Ward 14; Arnold Klevens, 165 Ruthven street, Ward 12; Bronis Kontrim, 120 Marine road, Ward 7; Mark H. Krafus, 447 Norfolk street, Ward 14; Nathan Kravitsky, 306 Washington street, Ward 14; Maurice Levine, 40 Wolcott street, Ward 14; Anthony Luongo, 855 Saratoga street, Ward 1; Salvatore Maffei, 11 Orient avenue, Ward 1; Isie Martin, 12 Ashton street, Ward 14; Norman M. Menzies, Jr., 17 New street, Ward 1; William P. Miles, 70 Warren street, Ward 12; Frank A. Mitchell, 7 Bruce street, Ward 16; Bernard M. Mullen, 4 Neptune road, Ward 1; Michael Ober, 43 Ballou avenue, Ward 14; Bert Oppenheim, 9 Egremont road, Ward 21; Louis H. Oppenheim, 7 Mt. Hood road, Ward 21; Philip S. PLANS FOR CONSTRUCTION OF NEW SURGICAL BUILDING.

The following was received:

City of Boston,

Office of the Mayor, April 22, 1946.
To the City Council.

Gentlemen,—I have been advised that the Bureau of Community Facilities of the Federal Works Agency is prepared to enter into an agreement with the city to advance the amount of one

hundred and ten thousand dollars (\$110,000) for the purpose of preparing in advance plans covering the construction of a new surgical building at the Boston City Hospital. As a condition precedent to the execution of this agreement by the city, authority must be granted by your Honorable Body and officially recorded on the records of the city. I submit herewith an order covering the necessary authority and respectfully recommend its adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That authority is hereby vested in the Mayor to execute on behalf of the city, an agreement with the Federal Works Agency, Bureau of Community Facilities, in connection with an advance of one hundred and ten thousand dollars (\$110,000) for the purpose of plan preparation for the construction of a new surgical building at the Boston City Hospital.

Referred to Executive Committee.

LOANS FOR PUBLIC WELFARE AND SOLDIERS' BENEFIT APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, April 22, 1946.
To the City Council.

Gentlemen,—Appropriations for welfare and relief provided in the budget of the current year are approximately two million, two hundred thousand dollars (\$2,200,000) in excess of expenditures in 1945. Last year, a loan of seven hundred thousand dollars (\$700,000) was issued to finance in part welfare and relief disbursements. To avoid imposing on the taxpayers of the city any greater burden for these objects than was borne in 1945, it would appear desirable to issue bonds this year in the amount of two million, nine hundred thousand dollars (\$2,900,000). I submit herewith an order providing authority to borrow this amount under the provisions of chapter 73 of the Acts of 1945 and respectfully recommend its adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That under the provisions of chapter 73 of the Acts of 1945, the City Treasurer be authorized to issue, from time to time, upon order of the Mayor, bonds or certificates of indebtedness of the city to the amount of two million, nine hundred thousand dollars (\$2,900,000) to meet appropriations made for public welfare and for soldiers' benefits.

Referred to the Committee on Finance.

IMPROVEMENT OF LAND ON CARSON STREET FOR PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, April 20, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department, in reply to your order of April 4, 1946, relative to the improvement for playground purposes of the land on Carson street, Ward 13, now owned by the Park Department.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, April 15, 1946.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of April 4, with enclosure, order from the City Council, requesting the vacant land on Carson street, Dorchester, transferred to this department, be laid out for playground purposes.

Within the past few months the only dwelling house on this land was taken down as being unsafe, by the Building Department. In order to carry out this type of development, an asphalt surface should be put on the playground, equipment and apparatus installed, and a fence erected around the entire area.

Furthermore, Columbus Park is only about 500 feet from this property, and Columbus Park contains over 77 acres.

I regret to inform you that no funds are available for this, nor is there any necessity for a playground being constructed in this area under present conditions.

Very truly yours,
WILLIAM P. LONG, Chairman.

Referred to the Committee on Parks and Playgrounds.

FUNDING OF OVERLAY DEFICITS.

The following was received:

City of Boston,
Office of the Mayor, April 22, 1946.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the City Auditor which is self-explanatory. I submit herewith the attached order providing for the acceptance of chapter 192

of the Acts of 1946 and recommend adoption of this order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Auditing Department, April 22, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—Chapter 192 of the Acts of 1946 entitled "An Act Further Providing for the Funding of Overlay Deficits by the City of Boston" has recently been enacted by the Legislature and approved by the Governor. This legislation, which was initiated by a petition of the city, will permit the completion of the financing of overlay deficits resulting from the granting of abatements on taxes assessed prior to 1938. Under section 7 of the Act, acceptance by a vote of the City Council is necessary before its provisions may take full effect. I submit herewith an order providing for said acceptance and respectfully suggest its submission to the City Council.

Very truly yours,
CHARLES J. FOX, City Auditor.

Ordered, That chapter 192 of the Acts of 1946 entitled "An Act Further Providing for the Funding of Overlay Deficits by the City of Boston" be and hereby is, accepted.

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz:

Claims.

Genero Amabello, for compensation for accident which occurred on account of hole in highway, Massachusetts avenue.

Alice Bucci, for compensation for injuries caused by an alleged defect at 746 East Fifth street.

Agnes E. Derby, for compensation for injuries caused by an alleged defect in Cerdan avenue.

Kalman Finer, for compensation for damage to car by fire truck.

William A. Lynch, to be reimbursed as result of accident which occurred while in performance of duty.

Matthews Granite Company, for compensation for damage to property at 911 Adams street, caused by repairs to water pipe.

Nicholas Papalia, for compensation for damage to property at 3 Telegraph street, caused by fire at adjoining property.

Andrew J. Rourke, for compensation for damage to property at 14 Barclay road, West Roxbury, during street construction.

Joseph P. Sullivan, trustee for Julia M. Hyspler, for compensation for damage to property at 34 Appleton street, Boston, caused by break in water pipe.

George S. Gifford, to be reimbursed as result of accident which occurred while in performance of duty as employee of Sanitary Division.

Ann P. Lynch, for compensation for damage to property at 97 Mount Ida road, caused by ball thrown from Roman Park.

Committee on Licenses.

Petition of Gerhard Doenges for permit for driveway opening at 38 Park street.

PERMITS FOR CHILDREN TO APPEAR.

A petition for minor children to appear at New England Mutual Hall on April 23 and May 4 was received from the Boston Tributary Theatre. Permit granted under usual conditions.

STADIUM ON RYAN PLAYGROUND, CHARLESTOWN.

Coun. KINSELLA offered the following:
Ordered, That his Honor the Mayor be requested to examine into the possibility of the erection of a municipal stadium on the John J. Ryan Playground in Sullivan square, Charlestown.

Coun. KINSELLA—Mr. President, the other day the Boston newspapers carried a story to the effect that Mayor Curley had invited overtures looking to the sale of the John J. Ryan Playground in Sullivan Square, Charlestown, for commercial purposes. I would like it entered on the record at this time, Mr. President, that already there has been quite a clamor of protest come up in my district on the part of the young people and in some cases on the part of adults relative to the liquidation of one of the biggest areas in the city devoted to playground purposes. Charlestown, as it is constituted today, does not lend itself to the establishment of playgrounds that would be a proper replacement for the one in question. Back around 1928, Mr. President, the Ford Motor Company made an offer for the purchase of that same playground. They had agreed to dredge the Mystic river in order to provide docking facilities for their own steamship line. Subsequently, after an examination of the title, they found that the city had no right to relinquish playground property in that area because it had been left, as I understood at the time, and it was carefully stated in

the record at that time, that the land which was left to the city was to be used as a playground, and this was one of the terms of the will of a person long since dead. As a result, the negotiations with the Ford Motor Company fell through, and Ford subsequently moved to Middlesex avenue, Somerville, where he built a one-story building a quarter of a mile long, with which all of us are familiar. Assuming, Mr. President, that the City Council with legislative permission sells the John J. Ryan Field in Charlestown, and assuming that in place of one huge field they give us two or three smaller neighborhood play areas, we are going to be faced with a condition that will not be one bit better than it is today or has been for years. At the present time, the physical condition of the Sullivan Square Playground, the John J. Ryan Playground, is deplorable, to say the least. It is not safe for anyone to play there because of the stony condition of the surface, which causes cuts and bruises, if there is occasion to fall due to violent exercise in the pursuit of recreation. If they give us quarters or not in place of Ryan Field, they are only intensifying the condition of neglect. I do not think that is an unfair criticism of the Park Department, to say that, where they have neglected one huge field, there is not any earthly reason to believe they will not neglect three or two small fields. It seems to me that the style in Boston politics in recent years is to turn to Charlestown whenever they want to broaden out commercial activities. It is a historical fact that the people of Charlestown heard as long ago as 1921 that nothing ever could be done for Charlestown because it was fast becoming an industrial, shipping and commercial district, that it was fast losing its identity as a place of dwelling for thousands of people. Yet in 25 years' time we have not only had new families come into privately owned buildings in that district, but the city has seen fit to construct a \$4,000,000 housing project. Why they did that on the predictions of 1921 is something I cannot understand. But it seems to me that we should rise up in protest, all of the councilors, including myself, because those conditions might set in at any time in your own ward. We should protest the sale of playgrounds to commercial enterprise. I do not see any valid reason for it. There is some story going around now that one of the sugar companies wanted to buy some property in Boston to expand their business, and if they could not get it at a location convenient to them they would take their entire business, present and future, to New York City. I do not think any company doing business in Boston for years is going to pull up stakes suddenly and move 200 or 300 miles away. I do not see any good reason why Boston should have to bend the knee at the expense of growing young men and women who have nothing better than the streets of the district in which to play. About two hours ago, Mr. President, I came out of the Mayor's office. One of his secretaries told me there were four girls about 13 years of age waiting in the outer office for an opportunity to see his Honor the Mayor. I was pointed out to them as their councilor. One of them recognized me and said, "Where can we get a playground around Green street?" I said, "Why don't you go down to the housing project recreational area at the foot of the street?" They said, "When we go there, the kids in the project say we are not entitled to use the grounds because we do not live in the project." I knew the children had been misinformed not by any adult but by thoughtless children who believe what is on their street is theirs, and all others are intruders. I called the Boston Housing Authority and was informed that any child in the area can play in the recreational development of the housing area in Charlestown. I told the children, in turn, if they ran into that condition again, to go into the office of the manager or the director of recreation and protest. They said they would, and thanked me, and went out. The simplicity and faith of the children is beyond my power to describe. They were not worldly-wise, laughing at any advice I gave them as to their rights. They took it for granted it was flat and final because somebody holding an office in the City of Boston told them it was. In blind faith they have gone back there again, perhaps to be repelled by the children who will not like them to play in that area because they do not live in the housing development there. And yet the city is toying with the idea of selling to a commercial establishment the one last stronghold the children have today in which to play their games and play them with some comparative safety, even though, as I said at the outset of my remarks, the deplorable condition of the playground itself precludes the possibility of a maximum amount of safety while within that playground. I do not know whether it is due to a lack of help in the Park Department, a lack of money in their budget, or a lack of both. We appropriated a million dollars a year ago to do something for the children. All we saw come out of it were jobs for 141 of the faithful. What has happened to the recreational intent of the public officials of the City of Boston? I have not got up here too often and spoken on purely local problems, but this is not only local with me, it could be local with any one of you. Any one of you members might at any time have to take the floor here and protest the sale of land that we all own, and that "we" includes the children. With the vacation season coming on, Mr. President, are we going to make the dock area and the railroad tracks attractive to these children, with the resulting fatality of lives and invalidism due to

injuries sustained which we encouraged? I would like to see this Council in matters pertaining to the welfare of children not thinking in terms of sectionalism. They should think in terms of children. It may happen at any time in your ward, or in the ward of any man in the Council. I want to protest vigorously that the proper thing to do with that playground over there is to construct a municipal stadium that will seat probably 50,000 persons. It could by some scale of payment or use perhaps liquidate the cost of its upkeep. Now the land is right in Sullivan square, alongside the Schrafft Candy Company. How big it is I do not know. I am no judge of distances. I will say this, it is only 50 feet from the entrance to the Sullivan Square terminal of the Boston Elevated Railway Company. They could service those who cared to patronize events of any description that could be held there. The place would service Everett, Malden, Somerville, Cambridge, Arlington, Winchester, Melrose, not to mention Boston Proper and the other side of Boston, for sporting events of all types. Only a few years ago there was a hue and cry for the erection of a municipal stadium. Nothing came of it. It was considered a purely political proposition. I assure you, Mr. President, through you and your members, this is not with me, at least, at all in the realm of politics. I am trying to place this in the realm of justice, not only to the children of the district and the city but to the growing boys and girls who very soon will undertake their share of the burden of running this city. In a few years' time they are going to have to contribute. We ought to give them something substantial to which they can contribute. All of this talk here about not spending any money now because future generations will have to pay for it—we are paying money for what was contracted by prior generations. We are not fooling ourselves on that score one whit. So that we will settle no burden on them for the years to come, if we give them a happy, enjoyable, productive and healthful youth. They in turn will give the corporate City of Boston and all the surrounding communities of Boston an efficient, civically virtuous manhood. I think we owe them that much, not the Charlestown kids alone, but the growing children all over this city. I hope this passes under suspension of the rule.

Coun. HANNON—Mr. President, in many respects I agree 100 per cent with the remarks of the gentleman from Ward 2 (Coun. Kinsella). I think, too, that it is about time we cut out giving away playgrounds. As a matter of fact, in the City of Boston I think the word "playground" is a misnomer. Most of the playgrounds we have here are nothing more or less than leveled-off patches of gravel upon which we are asking the children to go in and play. Half the time it is the children we ask to go in and play there. You work to get a playground constructed in your neighborhood. You will find out later some restrictions are placed on the playground. Boys over 12 or 14 cannot go in there. There is something wrong with our system. Years ago in Boston we used to boast about the athletic prowess of our residents. We could look back in the field of athletics, regardless of the sport, whichever one you picked, and there was always somebody from Boston at the top or pretty close to the top. Nowadays, when you mention athletics, you are almost fearful to tell anyone where you come from. This was particularly noticeable, for instance, in the amateur athletic bouts, when not a Boston boy finished beyond the trials. Certainly the kids from Boston can fight and take care of themselves just as well as the kids in any other section of the country. It is not merely this year—it is the story for the past five or six years. Look at the football picture. How many boys did you ever see from Boston who really make the grade in college football? Nine times out of ten they have to be satisfied with attendance at small colleges and competition on the small fields. Look at the baseball teams. How many of the Big Leaguers are from Boston? They never get up there. Yet, don't you think our boys can play baseball just as well as the kids from any other section of the country? They may tell us in other sections of the country they can play ball longer, for a longer period of time throughout the year, that we have a colder climate here. How about hockey? Where are the Boston boys in hockey? Certainly there is something lacking here. Where the fault lies is right in the department of parks. There is no sense in kidding ourselves. It used to be the Park and Recreation Department. For the last few years it is just simply the Park Department. Nobody up there seems to care about the kids in the City of Boston. All they care about is the tulips in the Public Garden, so that outsiders might come in and doff their hats at the beauty thereof. We have to do something for the kids. I think it is about time we did it. I do not care how we do it. I do not care whether it is by borrowing money or what it is. I say, in the same vein as the gentleman from Charlestown (Coun. Kinsella), we should not sell playgrounds. We should acquire them and we should make them real playgrounds. They should not be mud holes or merely sand traps. Out my way, I worked last year and, with the help of you gentlemen here, I had land transferred to the Park Department under plans to let the kids of the district play there. The land is not being used for anything. It is no good to anybody. The kids might as well be in there developing

their muscles and talents. Yet, in order to get even that little cleared, I had to go to the Commissioner of Public Works, and he sent a bulldozer to clear the land off. This year I have asked that the land be improved for playground purposes. The same Commissioner of Parks writes down and says he has no money to do it. What does he get his money for? What is his job, anyway? Isn't he supposed to provide playgrounds? Isn't he supposed to provide recreational facilities? As a matter of fact, I do not know what he does with his money. Whenever you suggest doing something, you always get back a very courteous letter, and he tells you "yes," but unfortunately there is no money for this. I say that is the job of the Park Department. There should be money in there. Our children are entitled to just as much as the other children in any other section of the country. We should be ashamed of ourselves if we do not provide it. I do not mean to have to go into recreation on a great scale. If the kids can have a place to practice, they can swim without any tutoring. We have a beach out my way. The bathhouse was destroyed five years ago, and never rebuilt. There is never any money for it. Can you show me a playground in the city where the kids can really play? I think the only one we have is the one the former Councilor Shattuck donated to the city so graciously. I think he had to pay for the furnishings on it. You drive through any other city, regardless of size, and where there is a playground you will see swings, tilts, wire netting in which the kids climb around and down. Where is there anything for our kids? You cannot show me a place, and yet we say they are playgrounds. Why, the small kids cannot get into most of them. If the playground is any good at all, the larger fellows will get in and start a ball game, and the kids have no chance. The commissioner will tell us he hasn't got any help. Why hasn't he got it? I dare say I and every other councilor here would vote to give him enough help. As I say, the fault is primarily his. Our kids are just as capable, just as able and just as athletic as the kids of any other section of the country. What encouragement do they get? None at all. I have seen them taken off the playgrounds by police officers. There will be no signs there, and the officer will tell them. He is doing it in good faith because somebody complained. The officer will tell them it is restricted to boys under 14 years of age. If the kids play games in the street, the officer is down to grab them for that. They take bats and balls away from them, so that the kids cannot play. We get a chance to develop a small area so the youngsters can play football and can practice, and what becomes of it? The Park Department will tell us they have not any money. Not only that, but when you get social agencies like the Dennison House and the Boys' Club and other organizations to give a kid a chance, and you want to get the Park Department to cooperate, they will not put themselves out to help those organizations to help the kids. No, they are trespassing on the divine rights of the Park Department. That belongs to them. That was the story with the Recreation Board. They could not get any help or cooperation or assistance. This Recreation Board was taking from the Park Department something that belonged to them! They are in charge of recreation. Well, I think the time has come when we here, in conjunction with his Honor the Mayor, ought to tell the members of the Park Department to get off their fannies and do some work to help the kids of this district regain their lost athletic prestige which they once possessed. I hope, Mr. President—and I am not going to make this a motion in deference to the gentleman who filed the order—I hope this order is referred to the Committee on Parks and Playgrounds. I would likewise move later on that my question relative to the lack of funds for the construction of a playground on Carson street also be referred there. Let us bring before us this gentleman who rules with an iron hand on the park and recreational facilities of this city.

Coun. KINSELLA—It is perfectly all right with me to refer it to Parks and Playgrounds, if the Chairman will call a meeting for this week.

President KELLY—Will you call a meeting for some day this week?

Coun. BAYLEY—I would be glad to.

The order was referred to the Committee on Parks and Playgrounds and, on motion of Coun. HANNON, the message of the Mayor with communication from the Park Commissioner, previously laid on the table, was referred to the Committee on Parks and Playgrounds.

JOHN J. DOHERTY PLAYGROUND.

Coun. KINSELLA offered the following: Ordered, That his Honor the Mayor be requested to instruct the Park Commission to proceed at once to the completion of the work begun in 1945 on the John J. Doherty Heights Playground in Charlestown.

Coun. KINSELLA—This is a companion piece with the other order. It concerns a spot of land on top of Bunker Hill, for many years a play area for the kids at the Bunker Hill School and the St. Francis de Sales School. Last year a contract of \$11,595 was let to the Daddario Company to install a 60 by 40 foot wading pool for children 12 years of age and under. Because of the late-

ness of the time of the year in which they started to work, the landscaping could not be carried out. Several weeks ago I filed a similar order. I do not have any recollection of any answer coming down from the Board of Park Commissioners. I would certainly like the courtesy of an answer to find out what they are planning to do with the balance of the money on which they predicated their intentions of doing that work up there. The original plan, which was shown to a group of representative people in Charlestown about a year ago, contemplated the erection of a wading pool and the construction of benches for mothers with children, with a sunning area around the wading pool to have trees, sand boxes, teeter boards and a small softball diamond. Up to the present time, and the frost is out of the ground now, not a tap of work has been done to carry out the plan. This is a densely populated area and would be well patronized by mothers and children. You may recall, Mr. President, when I filed the original order for a wading pool, I recounted the history of Dewey beach and the condition that the then Mayor Tobin and I found it in in May, 1944. We found that the oil from the tankers across the river and the lumber boats at the Wiggin Terminal Wharf had penetrated the sand of the beach to the extent of about one foot. We found through the efforts of Doctor Gately that the degree of pollution in the Mystic river was about 40 times more than that allowed by the minimum public health standards for human bathing. As a result, a wading pool was to be constructed last year for children 12 years of age and under on Bunker Hill street. Not one tap of work has been done. They are not beautifying the land according to the original plan. This is not anything that I think ought to go to Parks and Playgrounds in view of the fact that the work actually has been started. So, in this particular order, I am going to ask suspension of the rule and passage of the order, in order to find out, Mr. President, what the plan of the Park Commission is with respect to continuing and completing that work before the really warm weather sets in.

The order was passed under suspension of the rule.

LOW-COST CONSTRUCTION OF HOUSING IN WARD 3.

Coun. RUSSO offered the following:

Ordered, That his Honor the Mayor be requested to confer with his Citizens' Advisory Committee for the purpose of initiating an urgent appeal to the large insurance companies and banking institutions for an expenditure of a sum of money sufficient to accomplish major housing improvements and low-cost construction in the Ward 3 section of Boston.

Coun. RUSSO—Mr. President, for quite some time the people of my district have been interested in low-cost housing projects which have never been formulated. There has been a lot of talk during these years but nothing has materialized. Nothing has been done to see that the so-called slum areas are cleaned out and done away with. I read with amusement last week in our daily newspapers where the people of Dorchester were protesting the housing project the Housing Authority wanted to put in. The people of my district want these housing projects and need them badly. They cannot have them. I am only wondering, Mr. President, what the Housing Authority has done on my suggestion of five and one-half years ago to find out from the insurance companies if they were willing to come into the district and put in a low-cost housing project. I have also in mind that six months or a year after I made that suggestion the Metropolitan Life Insurance Company in New York built a housing project down there which was a credit to the insurance company and a credit to New York, the first city in the entire nation to erect such housing. We are told time and time again that due to the laws passed by Congress we do not come within the scope of acquiring land at a value of \$1.50 per square foot. I am wondering, Mr. President, why Congress has not modified the Act. What has happened to the Housing Authority in Washington and the Housing Authority of the City of Boston, that they have not seen that Congress modifies that Act in order to give an opportunity, in districts such as I am confronted with and districts throughout the United States where these housing projects should go, to receive these improvements. Something is wrong somewhere. Here we have on the one hand individuals who refuse them and on the other hand individuals clamoring for them who cannot have them. I believe if the case is presented rightly to the insurance companies, and these companies have millions of dollars lying idle, they could come into the district and build these low-cost houses, not only beautifying the district but being a great help to the people of the City of Boston, because most of these individuals who have gone away from the city because of lack of proper housing will be very glad to come in if we give them accommodation and housing that would be up to standard. I therefore hope, Mr. President, that his Honor the Mayor will get busy right away in order to give the people of my district things that they vitally need. If the insurance companies do not feel it is proper for them to invest their money, then I strongly urge that the Housing Authority of the city with the Federal Housing Authority in Washington see to it that Congress

will modify that law. That will help my district the same as many other districts throughout the United States that may be confronted with the same situation within their scope, and eliminate many of these so-called slum areas, and above all, these cow paths that we still have in our city. I hope the order will pass under suspension of the rule.

The order was passed under suspension of the rule.

"STRIKE" OF SANITARY DEPARTMENT EMPLOYEES IN NORTH END.

Coun. RUSSO offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to investigate the recent "so-called strike" of the Sanitary Department employees in the North End.

Coun. RUSSO—Mr. President, it seems to me that every holiday and in particular when Easter and Christmas come around, every year I have to take the floor and speak about these conditions. Last Friday, which was Good Friday, my district was left in a very deplorable condition. Ashes and garbage were not being taken. The streets were filled with them. After all, Mr. President, you and I know, as fathers, that children will be children regardless of where they live. Having in mind that the children of my district are forced to play on the sidewalks and streets, just imagine what all this garbage surrounding them means, and how easy it could be for them to contract various diseases. I feel, Mr. President, there is something wrong somewhere, and I would like to find out where it is. I have talked with some of these laborers, and they have informed me that men in other departments in the Public Works Department, when they work on holidays, are paid double time. I can sympathize with them because I believe if there are other individuals who do not work on holidays and still get paid, I do not see any reason that these individuals who were called upon to work on that holiday, should not receive the extra dollars in order for them to provide for their families. There is another question. Before, they used to go out at 6.30 a. m. to do the collection and get through at 2.30 p. m. I believe the Public Works Commissioner has said they should start at 8 o'clock in the morning and work through until 5 o'clock in the evening. I do not know which is best, but I do know my district was not left in the clean and sanitary condition that it should have been in, especially on this Easter holiday. On Saturday, if I received one telephone call, I received two hundred of them, and explained that to the best of my knowledge the work had taken place. Even though the Commissioner called out the contractor to do that work, some of the streets were not done up to Sunday morning. As a matter of fact, I thank the Commissioner for the help he gave me when I contacted him Sunday about 11.30 a. m., urging him to send out a truck to take away the swill from two streets in the North End, where, on one street in particular, a wedding was taking place at 2 o'clock in the afternoon, Easter Sunday. Just imagine it. Picture in your mind the condition I have just outlined and imagine a wedding taking place, with all those beautiful flowers and all the ash barrels outside. I thank the Commissioner. He was prompt. I was there and saw that the street was cleaned of that mess. Therefore, Mr. President, I hope that this order of mine will be sent to the Executive Session so that we may get the Public Works Commissioner in because the Commissioner may be right and the employees may be right. I do not think that the people of my district are wrong. They have to take the consequences. I do not believe that they should be compelled to. I do not believe they will stand for it, and neither will I stand for it, as their representative. Therefore, I hope my order will be referred to the Executive Committee.

The order was referred to the Executive Committee.

REPORT OF COMMITTEE ON LICENSES.

Coun. SCANNELL, for the Committee on Licenses, submitted the following:

1. Report on petition of Hudson Bus Lines (referred April 8) to operate motor vehicles from Boston-Somerville line on Mystic avenue, to Main street, to Cambridge street, to Main street, to Alford street, to West street, to Beacham street, to Main street, in either direction—recommending that permit be granted.

Report accepted; permit granted under usual conditions.

2. Report on petition of Gately Company (referred December 31, 1945) for driveway opening at 39 Harvard avenue, Allston—recommending that permit be granted.

Report accepted; said permit granted.

3. Report on petition of Gerhard Doenges (referred today) for driveway opening at 38 Park street—recommending that same be granted.

Report accepted; permit granted under usual conditions.

4. Reports on petitions of Boston Elevated Railway Company for permits to operate motor vehicles:

Petition (referred September 11, 1944) to operate motor vehicles from junction of West Roxbury Parkway and Anawan avenue, over Anawan

avenue, Park street, Saville street and Stratford street to Anawan avenue—recommending that permit be granted.

Report accepted; permit granted under usual conditions.

Petition (referred July 9, 1945) for approval of track over private land between Bennington street and Revere line—recommending that permit be granted.

Report accepted; permit granted under usual conditions.

Petition (referred September 10, 1945) to operate motor vehicles between Brookline line over Pond street and Arborway—recommending that permit be granted.

Report accepted; permit granted under usual conditions.

Petition (referred October 1, 1945) to operate motor vehicle over Chestnut Hill avenue in either direction between Commonwealth avenue and Cleveland Circle—recommending that permit be granted.

Permit granted under usual conditions.

Petition (referred October 1, 1945) to operate motor vehicles over Congress street, in either direction, between Post Office square and Atlantic avenue—recommending that permit be granted.

Report accepted; permit granted under usual conditions.

Petition (referred November 19, 1945) to operate motor vehicles over Lincoln street, between Kneeland street and Summer street; over Summer street, between Lincoln street and Atlantic avenue; over South street, between Summer street and Essex street; over Essex street, between South street and Atlantic avenue—recommending that permit be granted.

Permit granted under usual conditions.

Petition (referred January 14) to operate motor vehicles over Congress street, in either direction, between Post Office square and Atlantic avenue—recommending that permit be granted.

Report accepted; permit granted under usual conditions.

Petition (referred January 14) to operate motor vehicles over Chestnut Hill avenue in either direction, between Commonwealth avenue and Cleveland Circle—recommending that permit be granted.

Report accepted; permit granted under usual conditions.

Petition (referred January 14) to operate motor vehicles between Summer and South streets and Atlantic avenue and Essex street—recommending that same ought to pass.

Report accepted; permit granted under usual conditions.

Petition (referred January 21) to operate motor vehicles between Walworth and Washington streets and Holy Name Church—recommending that permit be granted.

Report accepted; permit granted under usual conditions.

Petition (referred January 14) to operate motor vehicles between Kneeland and Lincoln streets to Summer street and Atlantic avenue—recommending that permit be granted.

Report accepted; permit granted under usual conditions.

Petition (referred January 14) to operate motor vehicles between Granite avenue and Milton street and Granite avenue and Hill Top street—recommending that petition be referred to the Executive Committee.

Report accepted; petition referred to Executive Committee.

HOURS OF BASEBALL GAMES ON SUNDAY.

Coun. BAYLEY offered the following:

Resolved, That the City Council of the City of Boston hereby reaffirms resolution adopted February 4, 1946, and approved by the Mayor February 5, 1946, for amendment to the statute concerning hours of baseball games on the Lord's Day, and hereby respectfully requests the General Court to reconsider its previous action concerning House Bill No. 281, and specifically requests the Massachusetts Senate to give favorable action to said bill immediately.

Coun. BAYLEY—Mr. President, yesterday afternoon 35,000 fans attended a double header between the Red Sox and the Philadelphia Athletics. They saw a very fine game, one of the most thrilling in many years. They were deprived of the right to see perhaps nearly as thrilling a game in the second game of the double header. Because of the operation of the Sunday law, the Red Sox, at present leading the American League, were deprived of a chance of victory. It has been roundly condemned in every paper in Boston. The Boston American said, "Fans condemn curfew as Sox win streak stops." The Boston Globe said, "It took the silly Sunday curfew and blustering Bobo Newsum to stop the streaking Red Sox." The Herald and the Post criticized the law. I agree it is ridiculous and unfair. The baseball fans of Boston should not be forced to watch an abbreviated second game because one of the most antiquated of Blue Laws is on our books. It is discrediting Boston to realize we are working in this matter on a law which was passed 50 years ago. I think that the law should be repealed and a game should be allowed to be finished after 6.30. In an article in the Boston Globe this morning Harold Kaese has written, "Hockey, basketball and bowling, but no baseball after 6.30 p. m." He points out in this article that the Red Sox might lose the pennant by half a game. The Massa-

chusetts Legislature deserves a vote of thanks from the Philadelphia team for giving them a chance to win the game. When the second game was stopped the Boston team were trailing three to nothing. It is possible they would have overcome the three-run lead in the second game, and won that game also.

Coun. COOK—Will the gentleman yield for a question?

Coun. BAYLEY—Yes.

Coun. COOK—Will the councilor tell us by what score he thinks the Red Sox would have won if they played nine innings?

Coun. BAYLEY—Mr. President, that is a matter of supposition. It is a matter of conjecture. I said they would have had a chance to win the game had it gone on. With that statement I think there can be no question. Any team has a chance to win as long as the game is not over. Mr. President, the bill in the Massachusetts Legislature unfortunately was reported unfavorably. Later the Massachusetts House report overturned the adverse report and reported favorably. It was sent to the Massachusetts Senate, which in turn gave it considerable debate and then had a quick voice vote, and thereby killed it. There was doubt that the yeas were as loud as the nays. There can be no reconsideration unless there is unanimous consent. The Boston Globe says, referring to the Massachusetts Senate, "Such unanimous consent would be the equivalent of unanimous common sense, and that is unlikely." I hope the Senate will have enough sense to realize the feelings of the 35,000 fans present at the game yesterday when they were deprived of seeing the full ball game intended to be played nine innings. The Boston fans are entitled to it. We in the City Council are all interested in such matters. Most of us would like to see the Boston team win the pennant. It brings honor and prestige to Boston. It is hurting the chances of the Boston team winning the pennant. It leaves a bad taste in the mouth to have this antiquated Blue Law. It is one of the things we must wipe out if we are to have a progressive city in Boston. We have already gone on record in favor. In view of what happened yesterday, I hope we will go on record in favor of it again, and urge the Senators to take this action. I do not believe we should act on my motion until we investigate it. I am willing to have it sent to the Executive Committee. I would like to have it acted on today, the day after the baseball game took place, so that we may show the citizens we in Boston will give them a chance to have nine-inning games. I might say, in conclusion, this is another example of where I believe there should be more home rule for Boston. The matter should be handled by the Council as to how long they should play on Sunday, and we should do away with the silly, stupid law now on the statute books. Only Pennsylvania has such a law. While it is effective at 5.59 before daylight saving, it will be effective at 6.59 in the summertime.

Coun. MUCHNICK—Will the councilor yield for a question?

Coun. BAYLEY—Certainly.

Coun. MUCHNICK—Does the councilor know which party it was which defeated the present bill in the Senate and the House?

President KELLY—Will you inform the gentleman?

Coun. BAYLEY—I could not tell. It was defeated on a voice vote. Some said yes, and some said no. It was reported the yeas had it. I think the motion was to refer it to the next General Court. It was on a voice vote, yes or no, and I could not tell what party or people were for or against it. I do believe that most of the Boston Senators were for it. Mr. President, I believe this is a matter which we should act on today, to show that Boston is not a backward city.

Coun. KINSELLA—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. KINSELLA—To ask the gentleman a question.

President KELLY—Will you yield for a question?

Coun. BAYLEY—Yes.

Coun. KINSELLA—I would ask the councilor through you, Mr. President, if it was not a Republican majority that defeated it?

President KELLY—Can you answer the question?

Coun. BAYLEY—I do not know.

Coun. KINSELLA—I would ask the gentleman another question. I would ask the gentleman if he is not the one who admonished me repeatedly not to butt into the Legislature's business?

Coun. BAYLEY—I do not believe we should act on matters which are purely legislative and have to deal with the Commonwealth. Happily, inasmuch as we here act on the Sunday licenses, and inasmuch as the two big league baseball teams concerned are Boston teams, it is a Boston matter, a municipal matter. I think the time for playing in Boston could be better left in the hands of the City Council than in the hands of the Legislature. I think it could be left in the hands of each city and town throughout the Commonwealth. This is a matter which concerns Boston.

Coun. HANNON—Will the gentleman yield for a question?

Coun. BAYLEY—With pleasure.

Coun. HANNON—I was just wondering if the gentleman would feel the same way about this law if the Red Sox had been leading 3 to 0?

Coun. BAYLEY—Mr. President, I believe the fans are entitled to see nine innings. We are

supposed to have nine innings in games. A team should be able to win in nine innings as well as five. They should play nine innings, even if they are winning. If they are leading, I think they will win.

Coun. HANNON—I was wondering if that was his answer or Councilor Fish's answer.

Coun. FISH—I agree with Councilor Bayley. President KELLY—Have you any objection if we pass it under suspension of the rule?

Coun. BAYLEY—I hope it will happen if the members feel they have sufficient cognizance of what is contained in the resolve.

The order was passed under suspension of the rule.

HOUSING PROJECTS.

Coun. SULLIVAN offered the following:

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to erect a housing project in the Ward 9 section of Roxbury, bounded by Ruggles street, Shawmut avenue, Roxbury street and Tremont street.

Coun. SULLIVAN offered the following:

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to consider the advisability of erecting one and two-family homes in mass production and to be sold to veterans at cost.

DELAY IN SOUTH END AND SOUTH BOSTON HOUSING PROJECTS.

Coun. SULLIVAN offered the following:

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to furnish information to the Boston City Council as to why the building program of the proposed South End and South Boston projects has not as yet started.

TAXES FROM HOUSING PROJECTS.

Coun. SULLIVAN offered the following:

Ordered, That the City Collector be requested, through his Honor the Mayor, to furnish the City Council information relative to what the City of Boston obtained from the Boston Housing Authority in taxes from the various housing units throughout the city for the past five years; and be it further

Ordered, That the City Collector furnish information to the City Council relative to what the City derived from taxes in these same locations before the Housing Authority took over these properties.

Coun. SULLIVAN—Mr. President, last Wednesday, on the petition of the Boston Housing Authority, the Board of Zoning Adjustment held a hearing in this chamber. The chairman of the Housing Authority stated that they wanted a change of zoning on the other side of Columbus Field in Dorchester and South Boston. Their purpose was to take over this tract of land for an additional housing project. At that hearing I opposed the petition as presented by the Boston Housing Authority because they, in the erection of the Mission Hill Project and other projects throughout the city, left another slum area in my district. It is mainly bounded by the streets listed in order No. 1. This area here has all the facilities. It has public and parochial schools, a public building which has gymnasium facilities and showers, a swimming pool, a health unit. It is an ideal location from which to approach all sections of the city. It has a nice shopping area within a few minutes' walk. Their proposal, the proposition of the Housing Authority, was to take over this land in South Boston and to spend ten million dollars to install streets and other utilities. With that money they could buy a goodly portion of the city. If they talked to the right people, they could buy the entire city for the ten million dollars. But Mr. Carroll's main contention was that they must build another housing project because they have no other place to house tenants if they remove them from any other section of the city. They have land in the South End and in South Boston. What have they done to start these two projects which will help tremendously the housing shortages here in Boston? Mr. Carroll condemned the businessmen of that district in this zoning matter for being opposed to housing for veterans. The only one who is doing anything against housing for veterans is the Housing Administration itself. They are not moving to start the buildings in the South End and in South Boston where they own the land, on which they can get priorities. We have understood for the last several years they have money for those two projects and for the buildings to be constructed thereon. If they are successful in having this change of zoning in South Boston on a piece of vacant land, where are they going to get it? If they ask for it in the petition for low-rent housing, it is only the people in Roxbury, the South End and Charlestown, that can qualify for the low-rent housing. They can go into the area named in the order and buy up the land and property thereon very cheaply. Councilor Russo has fought for housing projects in his district. He was told they could not exceed \$1.50 per square foot; yet they are going into South Boston

on this land, and if they are successful they will pay twice and in some instances three times more than that per square foot. If the Housing Authority want to do something for the veterans, they can erect one and two-family houses on city-owned land throughout the city in mass production, which in turn can be sold to the veterans at the cost to them. I asked in my other order why the Housing Authority has not proceeded with the construction of the two projects in the South End and South Boston, and also for additional information from the City Collector on what the city obtained in taxes through the past five years from the projects. Prior to the Housing Authority taking over the property, I want to know what the city derived from the properties at that time. It was brought out in the hearing last Wednesday that the city gets a further charge of 10 per cent on shelter rent put on each door of a housing project in which there are six families, an average rental of \$32 a month. The overhead and gas and heat and light average about \$8, leaving what they figure as \$24 a month for shelter rent. We derive 10 per cent of the \$24 a month, which amounts to \$2.40. In six apartments we collect less than \$200 a year. That is less than any single-family house, or the majority of the single-family homes in Boston are paying on their one single-family homes. I hope that the Zoning Board will refuse that petition as presented by the Housing Authority and not allow them to build a project there in South Boston. I have always understood housing was for slum clearance and not the erecting of these projects. They have established other slum areas throughout the city. For each tenement or apartment they build they must demolish one. Where can they demolish an apartment, even one, over here in this proposed change of zoning which they intend to have, and, if they are successful, to create another housing project? Mr. President, I move that the first two orders be referred to the Committee on Housing for a public hearing, and that the other latter two orders be passed under suspension of the rule.

The first two orders were referred to the Committee on Public Housing, and the last two orders were passed under suspension of the rule.

TAXING OF REAL ESTATE USED FOR DWELLINGS AT LOWER RATE.

Coun. MUCHNICK offered the following:

Ordered, That his Honor the Mayor consult with his Board of Boston Businessmen to determine the advisability of sponsoring legislation permitting the City of Boston to tax real estate used for dwelling purposes at a rate lower than that at which real estate for commercial purposes is taxed.

Coun. MUCHNICK—Mr. President, because of the present conditions it seems to me that the dwelling unit of real estate is bearing too great a share of the load proportionately, compared to the share that should be borne by commercial real estate. There is no ceiling on rents in commercial real estate nor is there any ceiling on profits. Over the period of the next two or three years during the time the housing shortage is alleviated, we can expect that O.P.A. will continue in existence at least as far as dwellings are concerned. With a ceiling on rentals and with a greater outlay for repairs and taxes and improvements, it seems unfair that those persons who own dwelling property should bear the same proportionate share of tax burdens that is borne by those persons who own commercial property who are not subject to O.P.A. regulations and who are getting the top dollar per square foot on rentals. It seems to me we ought to do something about easing the burden upon the dwelling unit owner. I would like to have this order sent to the Executive Committee this afternoon to have it taken up at the same time that the other two tax orders that I have submitted are taken up.

The order was referred to the Executive Committee.

POWERS OF PRICE CONTROL ACT.

Coun. MUCHNICK offered the following:

Resolved, That the Boston City Council records itself as opposed to the action of the National House of Representatives in curtailing the powers of the Price Control Act and urges the Senate of the United States to reject the bill passed by said House and to enact in its place a continuation of the present Price Control Act or any act that will help stop the threatened spread of inflation.

Coun. MUCHNICK—Mr. President, while normally this would be referred to Rules, I do not wish to speak on the order; I do not want to make a statement but to ask a question. If I were to ask you, that in view of the fact this week is going to be the time that the Senate is considering this matter, and that sending this order to Rules would probably defeat whatever purpose the resolution has, under those circumstances, would you send it not to Rules but to the Executive Session? How would you answer that question?

President KELLY—I might answer the councilor, if there was not any objection by any member of the Council, I would consider it.

Coun. MUCHNICK—I do not hear any objection. It is merely a suggestion on my part. Can this go to Executive rather than to Rules because of the time element?

President KELLY—Do I hear any objection?

Coun. RUSSO—I object.

President KELLY—There is objection. I would refer it, if there was not objection.

The resolution was referred to the Committee on Rules.

OPPOSITION TO REDUCTION OF COMPENSATION TO CERTAIN VETERANS.

Coun. FISH and MADDEN offered the following:

Resolved, That the Boston City Council in meeting assembled hereby expresses itself heartily in favor of legislation introduced in Congress providing as follows: "Notwithstanding any provision of law or veterans' regulation, no reduction of the pension, compensation, or emergency officers retirement pay of any veteran shall be made during his hospital treatment or institutional or domiciliary care by the United States or any political subdivision."

Referred to Committee on Rules.

ACCEPTANCE OF CHAPTER 179, ACTS OF 1946.

Coun. KEENAN offered the following:

Ordered, That chapter 179 of the Acts of 1946 entitled "An Act Repealing Certain Provisions of Law which Defer the Granting of One Day Off in Every Six Days for Members of the Police Force of the City of Boston" be, and hereby is, accepted.

Referred to Executive Committee.

RESURFACING OF CERTAIN WARD 20 STREETS.

Coun. BRYAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Belgrade avenue, Ward 20.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Weld street, from Corey to Maple streets, Ward 20.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Hewlett street, Ward 20.

Severally passed under suspension of the rule.

ACCEPTANCE OF CERTAIN WARD 20 STREETS.

Coun. BRYAN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Kerna road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Tobin road, from Washington street to Kerna road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Wright road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out George street, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Buchanan road, Ward 20, from Andover road to Bullion road, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Rendall road, Ward 20, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Meshaka street, Ward 20, as a public highway.

Severally passed under suspension of the rule.

SURVEY OF APARTMENT HOUSES IN BOSTON.

Coun. CHASE offered the following:

Ordered, That the Building Commissioner be requested, through his Honor the Mayor, to make a survey of apartment houses in Boston with a view to determining the necessity of amending the laws so as to provide emergency egress in the event of fire.

Referred to Executive Committee.

SPOTLIGHT IN FRONT OF MISSION CHURCH.

Coun. CAREY offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install a spotlight in front of the Mission Church, in Ward 10.

Passed under suspension of the rule.

"STOP" SIGNS ON SAINT ALPHONSUS STREET.

Coun. CAREY offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install "Stop" signs on St. Alphonsus street, at both approaches to the intersection of Smith street, in Ward 10.

Passed under suspension of the rule.

SURVEY AND RAZING OF UNSAFE BUILDINGS.

Coun. CAREY offered the following:

Ordered, That the Building Commissioner be requested, through his Honor the Mayor, to make an immediate survey of Ward 10 to determine the number of dilapidated buildings which, for the safety of the public, should be demolished immediately, and be it further

Ordered, That the Building Commissioner proceed immediately against the owners of all buildings in the city which, in the opinion of the Commissioner, should be razed immediately.

Coun. CAREY—I want to speak briefly on the last order. I realize that the Mayor has requested the Building Commissioner to make a survey of all unsafe buildings in the city. However, it does not do any good to make a survey unless something is done to raze them. It so happens that the purpose of this last order is because of a dwelling house located at 47 Calumet street in Ward 10, owned by the city. If the city expects anyone at present to show a good example in making dwellings or other buildings safe for the public, it should proceed itself first. This particular dwelling has been in a very unsafe condition for two years. There are people living on the top floor of that dwelling. I do not believe there is a light of glass left that has not been broken in the first floor. It is only the good God who keeps the house from being burned. God knows what might happen to the occupants if a fire started. I have been endeavoring to get that house removed for some time past. It is a serious menace to that particular neighborhood in which are located only wooden dwellings. Those dwellings are all built close together. It might be difficult for the people living on the top floor of the house to find a place to live. I dare say if there was anyone entitled to housing in the public housing units of the city, it is the people who live in such a place. There should be no reason, in my opinion, why the Housing Authority at the instance of the Building Commissioner should hesitate to place them in one of the housing units. I sincerely hope the Building Commissioner will take immediate steps to have the building razed, but first of all, to find a home for the people living on the top floor of the house. Then we can get that building out of there at the earliest possible moment.

Coun. RUSSO—I am wondering,—I would like to ask the councilor from Ward 10 (Coun. Carey), through you, Mr. President, if he would have any objection to including Ward 3 in his order.

Coun. CAREY—No objection.

President KELLY—If there is no objection, Ward 3 will be included.

Coun. RUSSO—I believe that the gentleman ought to be commended on his order. We should set an example on the buildings owned by the City of Boston. I do not know what has happened to the Building Department in so far as the inspectors are concerned. They do not report on these conditions that exist in buildings even though privately owned. They are left in a condition which is detrimental to the people. They are a hazard and a fire trap. I believe something should be done. I have in mind two buildings on Wall street in Ward 3, No. 27 and No. 29. Buildings have been left which are really a menace. The children go in there. They have ripped out everything. They even break the street lights in order to make sure that the street is left in a dark condition so they can continue with their acts of vandalism. Something should be done. If the owners do not tear the buildings down, I feel the City of Boston ought to go in and wreck these buildings and charge the same to the property owners, eliminating a fire hazard and a great menace in that vicinity.

Coun. HANNON—Mr. President, I too would like to commend the gentleman from Ward 10 (Coun. Carey) on the order he introduced. I would like to offer an amendment, with his approval, that it include the whole city. I feel nowadays there are so many fires that we are faced with the fact that possibly every neighborhood has a fire trap located somewhere in it. We have a Building Commissioner who is very competent and efficient. I think he would be able to undertake

the task of assigning his inspectors to go through the various wards of the city and look over the property. I think periodic inspections really should be made. I think property owners really should be forced to keep up the property. They should be forced to make necessary repairs so that the danger of fires might be averted. I think this is a very fine order. I think that instead of being limited or restricted to one or two wards, it should be extended throughout the whole city. It is really a safety measure and should be adhered to. I think it should be carried out immediately.

Coun. CAREY—I have no objection to the amendment.

President KELLY—It is amended to read "the entire City of Boston."

Coun. KINSELLA—Mr. President, I have an idea of what the order is about. I did not hear it read. Briefly, it is to remove unsafe dwellings. It is a condition that is understandable. Some of these houses are a source of annoyance to people who occupy the house next door. When they once realize that the fire trap they want taken down will reveal their side wall with the cost of repairing and restoring it, they themselves often resist it.

Coun. HANNON—Mr. President, I think the gentleman is misinformed. When you remove the property, you have to make the repairs. You have to restore the side wall adjoining the property to its original condition or to a safe and presentable condition.

Coun. KINSELLA—I do not know whether Councilor Hannon understood me or not. Assuming that you have two houses, one is occupied and one is unoccupied. The unoccupied house is a fire menace. They take steps to remove it. When they remove it, naturally they are exposing the side wall. The city does not restore the exposed wall.

Coun. HANNON—I beg pardon. The city has to restore the side wall, whether it belongs to the city or to a private owner.

The orders were passed under suspension of the rule.

RECESS.

By direction of President KELLY the Council took a recess at 3.41 p. m., subject to the call of the Chair. The members reassembled and were called to order by Coun. LANE at 4.45 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. FISH, for the Executive Committee, submitted the following:

1. Report on message of Mayor and orders (referred April 15) transferring Steamer "Perkins" and appropriations for "Perkins" from Penal Institutions Department to Institutions Department—that same ought to pass.

Report accepted; said orders passed, yeas 15, nays 0.

Yeas—Coun. Bayley, Bryan, Chase, Cook, Fish, Hannon, Hurley, Kelly, Kinsella, Lane, McCormack, Moriarty, Russo, Scannell, Sullivan—15.

Nays—0.

President KELLY in the chair.

2. Report on message of Mayor and order (referred today) that authority be vested in Mayor to execute on behalf of city an agreement with Federal Works Agency, Bureau of Community Facilities, in connection with advance of \$110,000 for purpose of plan preparation for construction of a new surgical building at Boston City Hospital—that same ought to pass.

Report accepted; said order passed, yeas 16, nays 0.

Yeas—Coun. Bayley, Bryan, Chase, Cook, Fish, Hannon, Hurley, Kelly, Kinsella, Lane, McCormack, Moriarty, Muchnick, Russo, Scannell, Sullivan—16.

Nays—0.

3. Report on message of Mayor and order (referred today) that chapter 192 of Acts of 1946, entitled "An Act Providing for the Funding of Overlay Deficits by the City of Boston" be and hereby is accepted—that same ought to pass.

Report accepted; said order passed.

4. Report on order (referred today) that chapter 179 of Acts of 1946 be accepted—that same ought to pass.

Report accepted; said order passed.

5. Report on order (referred today) that Mayor consult with his Board of Boston Businessmen to determine advisability of sponsoring legislation permitting city to tax real estate used for dwelling purposes at a rate lower than that at which real estate for commercial purposes is taxed—that same ought to pass.

Report accepted; said order passed.

6. Report on order (referred today) that Public Works Commissioner be requested to investigate recent "so-called strike" of Sanitary Department employees in the North End—that same ought to pass.

Report accepted; said order passed.

7. Report on order (referred today) that Building Commissioner make survey of apartment houses in Boston to determine necessity of amending laws so as to provide emergency egress in event of fire—that same ought to pass.

Report accepted; said order passed.

8. Report on order (referred April 1) that Mayor consult with his Board of Boston Businessmen to determine advisability of sponsoring legislation permitting city to assess a use tax at the rate of \$1 per seat per year on seating capacity of all places of public assembly, exclusive of religious institutions and schools, for a period not to exceed five years—that same ought to pass.

Report accepted; said order passed.

9. Report on order (referred April 1) that Mayor confer with his Board of Boston Businessmen to consider advisability of sponsoring legislation to enable city to assess tax on income received by hotels from renting of hotel rooms to transient persons for a period not exceeding five years—that same ought to pass.

Report accepted; said order passed.

10. Report on petition of Boston Elevated Railway Company (referred today) to operate motor vehicles between Granite avenue and Milton street and Granite avenue and Hill Top street—recommending recommitment to the Committee on Licenses.

Report accepted; said reference ordered.

MEETING OF HOSPITAL COMMITTEE.

President KELLY—The Chair is asked to announce that the Hospital Committee will meet at the City Hospital on Thursday at 11 a. m. and to request Council members to attend.

SPOTLIGHT AT BELGRADE AVENUE AND CORINTH STREET.

Coun. BRYAN offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to immediately arrange for the installation of a spotlight at the junction of Belgrade avenue and Corinth street, Ward 20, for the protection of the police officer while directing traffic at this location.

Passed under suspension of the rule.

MEETING OF COMMITTEE ON PARKS AND PLAYGROUNDS.

President KELLY—The Chair is requested by Councilor Bayley to announce that there will be a meeting of the Parks and Playgrounds Committee on Friday at 11 o'clock, to which all members of the Council are invited.

Adjourned at 4.55 p. m. on motion of Coun. SULLIVAN, to meet on Monday, April 29, 1946, at 2 p. m.

COST OF LIVING SHOWS ANOTHER INCREASE.

The cost-of-living in Massachusetts continued to climb during January, registering one-fourth of 1 per cent gain over December, it was announced by Director John P. McBride of the State Division of Necessaries of Life.

Increases in retail cost of food, clothing, fuel and light were offset by a 14 per cent decrease in the prices of eggs, poultry and canned fruits and vegetables.

The division pointed out that "continued absence of lower priced wearing apparel plus higher prices in some lines caused a rise in the clothing index of 1.3 per cent."

Fish prices climbed 7.0 per cent, fruits and vegetables rose 3.4 per cent while there was no change in retail prices of meats and dairy products.

A rise of 1.3 per cent for fuel and range oil was reported.

MAKES PROFIT ON FEDERAL BONDS.

Baltimore, Maryland, last month made a net profit of \$1,061,969 from the sale of \$23,200,000 worth of Federal bonds. During 1944 and 1945 the city issued and sold sewer, water, harbor, school, public building, airport, and conduit bonds in the amount of \$27,650,000, but because the city was not ready to use the money, part of it was invested in Treasury bonds yielding 1½ per cent interest. The profit, which is to be credited to 1947 revenue, is equivalent to almost 8 cents on the city tax rate.

STATES AND CITIES TAKE ACTION ON EMERGENCY HOUSING.

Four states are taking steps toward meeting the housing shortage. In Massachusetts a state housing bill would authorize cities to (1) undertake repairs or remodeling of houses for veterans, (2) acquire land for sale to veterans or contractors who will sell or rent houses to veterans, (3) go into the housing business for themselves, and (4) seize homes from which veterans and their families have been evicted without fault. In Minnesota the Governor has appointed a state housing expediter to work with building supply industries and Federal agencies on materials distribution, to aid local communities in making use of unused buildings, and to help cities benefit from the programs of Federal agencies having to do with housing. In Illinois the state has contributed \$4,300,000 to the Chicago Housing Authority for use in acquiring land for veterans' housing, and in California the governor has called a special session of the Legislature to consider a bond issue of perhaps \$100,000,000 for loans to veterans for homes and farms.

MUNICIPAL OFF-STREET PARKING FOR CLEVELAND.

According to reports, free parking will be offered at municipal parking ground to be established in Cleveland, to relieve overtaxed private lots and garages in the downtown area. This announcement was made recently as Mayor Burke met with traction authorities and requested servicing of the area with adequate day-long 5-cent transportation to the central business district.

Law Director Lee C. Howley is quoted to have said: "We'll offer these parking facilities at no cost to motorists and will run them into the downtown area for a nickel."

The Mayor, meeting with General Manager Walter J. McCarter and Traction Board Chairman William C. Reed, asked that the Loop bus line be revised to extend its services into the free lake-front parking space. As soon as the area is opened, the Mayor said, it will be staffed with attendants, protection provided for cars of parkers and a shelter house constructed if use of the lot warrants.

STREET CAR FARE IN OTHER CITIES.

The following is a list of some of the large cities that have 10-cent cash fare:

Atlanta, Ga., 10 cents, two tokens for 15 cents; Baltimore, Md., 10 cents, four tokens for 35 cents; Boston, Mass., 10 cents; Buffalo, N. Y., 10 cents, three tokens for 25 cents; Cincinnati, O., 10 cents, five tokens for 45 cents; Cleveland, O., 10 cents, six tokens for 50 cents; Denver, Colo., 10 cents, three tokens for 25 cents; Houston, Texas, 10 cents, four tokens for 30 cents; Indianapolis, Ind., 10 cents, eight tokens for 55 cents; Kansas City, Mo., 10 cents, four tokens for 35 cents; Louisville, Ky., 10 cents, three tokens for 20 cents; Milwaukee, Wis., 10 cents, six tokens for 50 cents; Minneapolis, Minn., 10 cents, six tokens for 50 cents; Omaha, Nebraska, 10 cents, three tokens for 25 cents; Oakland, Cal., 10 cents, seven tokens for 50 cents; Pittsburgh, Pa., 10 cents, three tokens for 25 cents; Portland, Oregon, 10 cents, three tokens for 25 cents; St. Louis, Mo., 10 cents, four tokens for 35 cents; Seattle, Wash., 10 cents, three tokens for 25 cents; Toronto, Ont., 10 cents, four tokens for 25 cents; Washington, D. C., 10 cents, three tokens for 25 cents.

* Tokens discontinued.

CREATES ARBITRATION BOARD TO SETTLE INDUSTRIAL LABOR DISPUTES.

The city council of Toledo, Ohio, recently approved an "industrial relations charter" which creates a labor-management citizens' committee of 18 appointed by the Mayor. The charter is recommended by the Toledo City Council for adoption by representatives of industry and labor in the city. The preamble states: "Industrial harmony means more than the elimination of strikes, slow-downs and lock-outs. It means a practical, common-sense recognition of the rights of both employers and employees, and the mutuality of their interests, and the importance of their joint responsibility to the citizens as a whole, whose interests transcend the presumed rights of any group."

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING CLASS C IRON CASTINGS.

The Supply Department of the City of Boston invites proposals for furnishing the Public Works Department, Water Service: Approximately 85,000 pounds service pipe stock.

Proposals may be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each set of proposals taken out. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and marked "Proposal for Class C Castings." The bids will be publicly opened and read Monday, May 20, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all proposals, or any part of a proposal and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(May 4.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TRAFFIC SIGNAL EQUIPMENT TO THE BOSTON TRAFFIC COMMISSION.

The Supply Department of the City of Boston invites bids for furnishing traffic signal equipment, as specified in proposal forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and plainly marked "Proposal for Traffic Signal Equipment." There will be a charge of twenty-five cents (\$0.25) for each set of proposals taken out. The bids will be publicly opened and read Tuesday, May 14, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(May 4.) Superintendent of Supplies.

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

CITY OF BOSTON.

PARK DEPARTMENT.

INVITATION FOR PROPOSALS FOR REPAIRS TO FIELD HOUSE, SHELTER AND BLEACHER SEATS AT WILLIAM H. GARVEY PLAYGROUND, DORCHESTER, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, Mass., hereinafter referred to as the Awarding Authority, invite sealed proposals for repairs to field house, shelter and bleacher seats at William H. Garvey Playground, Dorchester, Mass.

Proposals will be received until 2 p. m., Thursday, May 9, 1946, at the office of the Awarding Authority, 33 Beacon street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 2 p. m., Monday, May 6, 1946.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

WILLIAM P. LONG, Chairman,
THEODORE C. HAPFENREFFER,
FRANK R. KELLY, Commissioners.
(Apr. 27-May 4.)

EMPLOYERS.

FREE SERVICE TO EMPLOYERS AND APPLICANTS.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR ASPHALT TENNIS COURT SURFACING AND REPAIRS TO CLAY TENNIS COURTS AT ALMONT STREET PLAYGROUND, DORCHESTER, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for asphalt tennis court surfacing and repairs to clay tennis courts at Almont Street Playground, Dorchester, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Asphalt Tennis Court Surfacing and Repairs to Clay Tennis Courts at Almont Street Playground, Dorchester, Mass." and left before 2 o'clock on Thursday, May 16, 1946, at the office of the Park Department with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, *Chairman*,
THEODORE C. HAFENREFFER,
FRANK R. KELLEY,

(May 4-11.) *Commissioners.*

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING HAY AND POULTRY FEED.

The Supply Department of the City of Boston invites proposals for furnishing hay and poultry feed as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Hay and Poultry Feed."* There will be a charge of twenty-five cents (\$0.25) for each set of proposals taken out. The bids will be publicly opened and read Friday, May 10, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
Superintendent of Supplies.

(May 4.)

TANKERS DO DOUBLE DUTY.

American shipyards are now making it possible for our tankers to carry extra loads. A scaffold-type extra desk enables a modern tanker to carry a load of extra freight the equivalent of 10 per cent of its normal load capacity. Some tankers now carry, in addition to its load of gasoline, deck loads of ambulances, planes, jeeps and trucks.

LIBRARY DEPARTMENT.

TO PAINTING CONTRACTORS.

INVITATION FOR PROPOSALS FOR CERTAIN PAINTING AND PAINTER'S WORK AT THE JEFFRIES POINT BRANCH LIBRARY, 222 WEBSTER STREET, EAST BOSTON; WEST END BRANCH LIBRARY, 131 CAMBRIDGE STREET, BOSTON.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for certain painting and painter's work in the branch libraries as listed above.

Proposals will be received until 12 o'clock noon Wednesday, May 15, 1946, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Business Office, Public Library of the City of Boston, Central Library, Copley Square, Boston 17, Mass. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston 8, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of one hundred and fifty dollars (\$150), shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the awarding of the contract.

Specifications may be obtained on and after Monday, May 6, 1946, at the Business Office, Public Library of the City of Boston, Central Library, Copley square, Boston 17, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to accept or reject any or all bids, and to accept or reject any portion or portions of bids, and to award the contract as he deems for the best interests of the city.

THE TRUSTEES OF THE PUBLIC LIBRARY OF THE CITY OF BOSTON,

SATURDAY, MAY 11, 1946.

No. 19

MAYOR CURLEY SCORES DEFICIT FINANCING ON THE PART OF THE COMMONWEALTH AS WORKING EXCESSIVE HARDSHIP ON CITIES AND TOWNS IN WAY OF HIGHER TAX RATES — IN BROADCAST OVER STATION WMEX CALLS ON LEGISLATURE TO RECOGNIZE OBLIGATIONS TO COMMUNITIES AND COURAGEOUSLY ESSAY TASK OF ENACTING NECESSARY REVENUE MEASURES TO PROVIDE FOR ELIMINATING BUDGET FINANCING SUCH AS IS PROVING SO INIMICAL TO BEST INTERESTS OF COMMUNITIES INSTEAD OF AFFORDING FINANCIAL EQUITY AND JUSTICE FOR ALL.

Hon. James M. Curley, Mayor of Boston — speaking on Monday, May 6, over Station WMEX on the subject "Why a State Deficit?" — spoke, in part, as follows:

Massachusetts, in its days of glory, enjoyed the proud distinction of being in the forefront of the great states of the country in all matters of progressive legislation affecting its citizens. Due to its high financial reputation over the years, all bonds issued by the state were eagerly sought by investors at very low rates of interest.

The greatest financial problem, considered each year by the Legislature, is undoubtedly the annual budget, providing necessary appropriations for the year and the revenue that would be available to meet the same.

The recent action of the Ways and Means Committee of the state in recommending a budget of over \$126,000,000, and the rapid passage of this legislation by the House of Representatives, with little or no discussion upon the merits of the budget, is a cause of alarm to the mayors of cities and selectmen of towns, as well as the great tax-paying public of the whole state.

The budget, as recommended by the committee and hastily passed by the House, is not in balance, so it will be necessary to levy a state tax of \$10,000,000 upon the cities and towns. Were it not for the transfer of all surplus available, the deficit might have been close to \$20,000,000. This means that the ordinary revenue to meet state appropriations is shy this amount.

Legislature at Fault.

Are the cities and towns responsible for this alarming situation? No indeed! Where lies the fault? The State Legislature, in recent years, has been passing many laws which have resulted in greatly increased expenditures, not only by the state, but by cities and towns as well, while at the same time the Legislature has utterly failed to enact taxation laws to produce the revenue to meet these expenditures. Here then is the answer to "Why a State Deficit?"

It follows, therefore, that the failure of the State Legislature during recent years to provide additional sources of revenue to balance the budget is largely the cause for the deplorable financial condition in which the state finds itself at the present time. From all the information in my possession, unless new sources of revenue are provided for the state, and new sources of revenue are provided for the cities and towns to meet additional expenditures imposed upon them by the State Legislature, many of these cities and towns will find themselves in the same serious predicament that the state now is laboring under.

While most citizens assumed that the huge budget of \$126,000,000 was complete, we are now informed that a supplementary budget will be submitted, which may boost the state tax on cities and towns to \$15,000,000 — adding greatly to the taxes on already overburdened real estate. Municipal tax rates announced in recent weeks show an alarming increase, and these mostly are from residential towns. The great cities and industrial towns with their postwar problems are yet to be heard from. Will these tax rates be so confiscatory that industries will be obliged to seek locations in other states where taxation is more favorable?

Officials at Hearing.

Mayors of cities and selectmen of towns are continually seeking to locate new industries within their borders, and, with substantial increases in tax rates, the chances for obtaining new industries will be very slim.

In my talk over this station one week ago, I made mention of the fact that the Massachusetts Senate had suspended action on the state budget and had scheduled a hearing, which was held last Friday, to afford mayors, selectmen and other interested parties an opportunity to express their opinions on the proposed means of financing the state budget for the fiscal year beginning July 1, 1946. From the sentiments expressed at this meeting, it is evident that the representatives of local government, at least, are unanimously opposed to the proposal that an increased state tax should be assessed on cities and towns in 1947 in order to meet the difference between the estimated state income and proposed expenditures contained in the state budget. The increase of \$5,000,000 proposed in the state tax to be levied on cities and towns in 1947 will cause increases in local tax rates ranging from seventy cents to one dollar per thousand of valuation.

(Continued on page 548.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Old South News Stand, Old South entrance to subway. Also News Stand, first floor, City Hall Annex.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, May 13, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending May 4, 1946.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 162; nonresidents, 50; total, 212.

Death rate per 1,000 of population: All deaths, 14.38; nonresidents deducted, 11.00.

Death rate per 1,000 of population:

Last week, 14.86; corresponding week last year, 15.08.

Deaths by age periods, sex, etc.: Under one year, 18; one year to four years, inclusive, 7; sixty years and over, 118. Total deaths: Male, 111; female, 101; deaths in hospitals and institutions, 151.

MAYOR CURLEY TO DROP ALL "PAY ROLL PATRIOTS" BUT WILL PROTECT TO FULLEST CITY EMPLOYEES WHO GIVE STEADY, RELIABLE AND FULL SERVICE TO MUNICIPALITY AND PUBLIC—ALSO CALLS FOR COURTEOUS TREATMENT OF ALL CITIZENS WHO VISIT HALL TO DO BUSINESS WITH CITY—ADDRESSES HEADS OF DEPARTMENTS ON CONDUCT OF BUSINESS AND WARNS AGAINST DELINQUENCIES OF ANY SORT—LAYS DOWN RULES FOR GUIDANCE IN MANAGEMENT OF CONSTRUCTION AND OTHER DUTIES OF DEPARTMENT HEADS AS WELL AS SUBORDINATES.

At a meeting held on May 7 of all city department heads, his Honor the Mayor spoke in part as follows:

Department heads should have an intimate knowledge of all the activities of their departments, particularly as regards the service rendered by their departments to the public. A knowledge of all the laws and ordinances affecting their respective departments is important, Citizens seeking information or making complaints should have immediate attention upon appearing in offices and should not be inconvenienced through lack of courtesy by officials and employees. We are all servants of the public and the service rendered should be such at all times as to merit the good will of the public.

Among the important obligations of department heads is the Charter provision that no liability should be incurred beyond the appropriations made, except in extreme emergency. This obligation is directly upon the department heads, and, notwithstanding past customs, a strict compliance with the law in this respect will be demanded from all. A compliance with the law cannot well be made unless there is a working knowledge of appropriations available, orders issued for repairs to be made, supplies and materials to be delivered, payments charged and unencumbered balances against which orders may be issued. Without this knowledge department heads are unable to conduct their departments in accordance with the law.

An important matter affecting some departments is the loose method of issuing repair orders for work to be done. I have been informed that in some departments verbal orders are issued without any record being made, so that the first knowledge that the clerical force has of liabilities incurred, is frequently the appearance of an invoice for the work done. In these cases it means the issuance of an order after the bill has been received, and this destroys an effective control and necessary record for knowing the unencumbered balance of each appropriation.

INVESTIGATION FIRST.

You are advised that all orders for work should be issued only after the proposed work has been investigated by qualified employees who should be obliged to make a written estimate of the cost of same, which would be an effective check against the invoice when rendered. Repairs at an estimated cost exceeding \$500 should be open to invited proposals from at least three reputable contractors, and departments should have available

lists of contractors experienced in the particular kind of repairs to be made. In order that collusive bidding may be avoided, the invitations to bid should not be issued to the same three contractors continuously, as has occurred in certain departments in the past.

Complaint has been made to me that Section 30 of the Charter is not followed by department heads as it should be. This section provides that officers or boards in charge of a department "when about to do any work or to make any purchase, the estimated cost of which alone, or in conjunction with other similar work or purchase which might properly be included in the same contract, amounts to or exceeds \$1,000, shall, unless the Mayor gives written order to do otherwise, invite proposals therefor by advertising in the *City Record*." The purpose of this section is to avoid what is commonly known as split contracts, and in my opinion is of such importance that a strict compliance with this section will be demanded of all department heads. It is my purpose, as far as possible, to comply with all Charter provisions concerning contracts, and this means that, wherever work is to be performed or purchases to be made in excess of \$1,000, advertising shall occur and the awards be made to the lowest responsible bidder. You are advised, therefore, not to request my approval to contracts without advertising unless there is a substantial reason therefor.

Department heads doing construction work should so prepare specifications and plans that all necessary work in connection therewith should be included before bids are requested in order to avoid the large number of extras that are submitted to the Mayor for his approval.

During my three previous administrations as Mayor, it was my custom to have conferences with department heads and members of boards to discuss and consider problems affecting the conduct of city activities, all with a view to improving service to the citizens and taxpayers of our great city.

TO PROTECT EMPLOYEES.

I have delayed calling conferences up to this time, in order to give department heads and members of boards a reasonable time in which to become familiar with the personnel of their respective departments. I realize that in the larger departments it would be impossible to have a personal knowledge of every employee, but under proper control of responsible subordinates,

department heads should at all times have a working knowledge of the duties assigned to individuals and groups.

I desire to impress upon you that it is my intention and purpose to protect every employee who renders full-time service in a necessary job. It is also my purpose to eliminate every pay roll patriot from the pay rolls of the city, no matter under whatever administration such pay roll patriots first found employment. With this purpose in mind, it will be necessary for you department heads to become familiar with the nature of the services rendered by your employees and, with such knowledge in your possession, action upon your part will soon rid the city pay rolls of all who may be holding unnecessary positions.

SUMMARY.

Department Heads:

Knowledge of all the activities of the department.

Knowledge of all the laws and ordinances affecting their departments.

Courteous attention by all employees when information is sought or complaints made.

Appropriations:

Responsibility not to exceed.

Department heads should have knowledge of the state of appropriations at all times.

If balances of appropriations are not available, no liabilities should be incurred until transfers are made by the Mayor and City Auditor, upon recommendation of the Budget Commissioner.

Orders for Repairs:

Verbal orders should not be issued.

Written orders necessary.

Cost of repairs to be estimated before order is issued.

Invoices received should be checked against estimates of cost.

Work exceeding \$500 and less than \$1,000 should be by invited proposals from at least three reputable contractors, and the same three contractors should not be invited on every job. This will avoid collusive bidding.

Section 30 of the Charter requires all work or purchases that can be consolidated, which exceed \$1,000, shall be advertised. This if followed would avoid split contracts.

All contracts in excess of \$1,000 should be advertised, and Mayor's approval to award without advertising should be used only in rare cases.

MAYOR CURLEY SCORES DEFICIT FINANCING ON PART OF THE COMMONWEALTH AS WORKING EXCESSIVE HARDSHIP ON CITIES AND TOWNS.

(Continued from page 545.)

To understand the position of the mayors and other representatives of local government on the state tax, let us consider what this term really means and what its effects are on local finance. A budget is a two-sided picture. On one side are the estimated costs of conducting all activities and, on the other, the estimated revenue or income. The over-all picture presented in the budget should be a balanced one—that is to say, the total of the estimated receipts and income should at least equal the total of the proposed expenditures. If this balanced condition is not present, then those responsible for the preparation of the budget have these alternatives: reduce proposed expenditures or increase estimated receipts.

LEVY ON REAL ESTATE.

For many, many years, the expenditure side of the state budget has consistently exceeded the revenue side in so far as the general and ordinary revenues of the state are concerned. To offset this unbalanced condition, the Legislature has adopted the expedient of increasing the revenues of the state at the expense of its local communities. In other words, the state has annually balanced its budget by levying as a tax upon cities and towns the difference between its appropriations for general state purposes and the aggregate of its general and ordinary revenues. While levied on and paid in the first instance from city and town treasuries, the state tax, both in practice and theory, is a levy on real estate over and beyond the contribution property owners are ordinarily required to pay to finance their local governments. Since the local tax rate, when declared, however, is a single amount, the property owner is unaware that he is contributing to the balancing of the state budget.

Massachusetts is one of the few states in the Union which levies a direct assessment on its local communities for the purpose of balancing its general operating program. In at least one third of the states of the Union, no revenue demands are made upon local communities by the parent state.

As pointed out by the Special Commission on Real Estate Taxation and Related Matters in its report to the Legislature last year, "Massachusetts remains possessed of a strange anachronism—a state tax upon real estate for the purpose of balancing the state budget. The commission believes the state should so order its financial affairs as to be able to achieve budget balance without recourse to the resources of real estate in cities and towns."

There is every reason to believe that, if the Massachusetts Legislature will recognize their obligations to the people and courageously essay the task of enacting the necessary revenue measures, deficit financing of the budget as practiced for so many years would become entirely unnecessary.

State tax assessments upon cities and towns are based primarily on property valuations within the respective communities. Theoretically, this manner of assessing the state tax results in proportionally low assessments on the relatively poorer communities and high assessments

on the well-to-do residential towns. At first glance, this would appear to be a reasonable and logical procedure. Unfortunately, however, the percentage determined to regulate the assessment of the state tax is also used in the computation of the revenues distributed by the Commonwealth to cities and towns. In recent years, the revenue distributed on this basis has exceeded the state tax in amount; thus the well-to-do communities under the present arrangement benefit at the expense of those cities and towns who need and merit the greatest financial assistance from the state. It is clear, therefore, that the use of the same factors both for apportionment of costs and distribution of revenue falls far short of achieving equity and justice in the financial relationship between the state and its local communities.

CAMP MCKAY TO HOUSE VETERANS.

On May 3 Mayor Curley addressed the following letter to the Housing Authority:

MR. SUMNER WILEY, Federal Public Housing Authority, 24 School street, Boston, Mass.

DEAR SIR,—At a conference held at the office of the Mayor this date, May 3, it was decided that approval be given to the conversion of the housing for veterans at Camp McKay.

The city is prepared to accept an assignment of the leases at present existing between the Federal Government, the Coleman interests and the Willard Welsh Company.

You are therefore at liberty to arrange contracts for construction and begin work at once, assuming further required contract arrangements will be effected between the Federal Public Housing Authority and the City of Boston.

Very truly yours,

JAMES M. CURLEY, Mayor.

V-E DAY PROCLAMATION BY MAYOR.

His Honor the Mayor issued the following proclamation on May 6:

FIRST ANNIVERSARY OF V-E DAY,
MAY 7, 1946.

A Proclamation.

One year ago today, the peoples of the world offered prayers of thanksgiving when the forces of free men triumphed over the forces of tyranny on the battlefields of Europe.

Victory was achieved through the dauntless courage of our American youth, backed by a united citizenry willing and ready to sacrifice everything to preserve the American way of life.

Today let us not forget those heroes who gave their all, and our returned veterans. Let us be ever alert to make sure that our country insists on a just and lasting peace which will bring the blessings of freedom and happiness not only to our own citizens but to the peoples of the entire world; now, therefore,

I, James Michael Curley, Mayor of the City of Boston, call upon our citizens to reflect on the significance of this first anniversary of V-E Day, Tuesday,

May 7, 1946, and upon our educational institutions to hold exercises commemorative of this great day in American history.

In witness whereof, I have hereunto set my hand and caused the seal of the City of Boston to be affixed.

Done at City Hall, Boston, Massachusetts, this sixth day of May, in the year of our Lord, nineteen hundred and forty-six.

JAMES MICHAEL CURLEY,
Mayor of Boston.

By the Mayor:

JOHN B. HYNES,
City Clerk.

STEAMER "JAMES MICHAEL CURLEY" ARRIVES IN BOSTON UNDER OWN POWER READY FOR HARBOR SERVICE.

His Honor the Mayor was on May 8 in receipt of the following communication received from G. Frank McDonald, Commissioner, Institutions Department, relative to the steamship "James Michael Curley."

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—I respectfully submit that the steamship "James Michael Curley" has arrived in Boston and is presently moored at our Eastern Avenue Wharf.

On Tuesday, April 30, I took nine men to New York by plane and on the same day started work on the ship in preparation to bring it to Boston under its own power. We started at scratch without lights and heat and on May 1 obtained these. The generators and engine were completely gone over and on Friday, May 3, we had the main engine turning over. On this day, we left Staten Island at 4.30 p. m., and ran up the East River to 23d street and moored at the army docks for the night. Saturday, at 5 a. m., we started for Boston and arrived at the Cape Cod Canal at 8.30 p. m. on the same day. We moored at the U. S. Engineers' dock for the night. On Sunday, May 5, we left the Cape Cod Canal at 8 a. m. and arrived at Long Island Wharf at 12.30 p. m. the same day.

We unloaded at Long Island Wharf sixty-eight boxes of spare parts and equipment that have a value on our invoices of \$41,000. These spare parts were kept in a warehouse in Brooklyn and it was not the intention of the government to give them to us. The obtaining of these parts will mean that hardly any outlay will be spent on parts for the next ten years. They are being securely stored at Long Island.

I also found that there is an extra propeller somewhere on the east coast that originally was on the ship. It has a value of \$1,800. Captain Clark, the marine superintendent, has promised to put a tracer on this propeller and will advise me later of its whereabouts, with the promise to facilitate delivery to us.

The engine works splendidly and we did twelve knots continuously. The weather was heavy and the ship's action was steady and true. Again I will say that we have the finest ship of its size and tonnage that will be in Boston Harbor and will be operated at half the expense of the "Michael Perkins," besides shortening the running time to Long Island.

G. FRANK McDONALD,
Commissioner.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

ASSESSING DEPARTMENT.

Permission has been given to employ Kathryn M. Daly, 62 Winthrop street, Roxbury, as a temporary clerk at \$4 a day plus \$200 a year E. C. A.

BUILDING DEPARTMENT.

Joseph H. Dalton, on temporary transfer from the Election Department, has been granted an increase to \$2,000 a year.

COLLECTING DEPARTMENT.

Authority has been given for the continued temporary transfer of the following-named persons as acting deputy collectors for three months from March 24:

Michael S. Costello, Edward T. Croke, Joseph J. Dowd, Maurice P. Downey, Sylvester A. Gardella, Philip A. Grant, Jr., Fred J. McCarthy, Walter McGarragh, Herbert J. Mellaly, John J. Murphy, Daniel A. Nory, Harry H. O'Malley, Charles J. Scanlon.

DEPARTMENT OF SCHOOL BUILDINGS.

Winifred M. Mulcahy, 17 Sunnyside street, Jamaica Plain, has been appointed to the permanent position of telephone operator at \$1,600 a year plus \$200 E. C. A.

ELECTION DEPARTMENT.

The temporary re-employment of Arthur E. Bailey, assistant registrar of voters, at \$1,750 a year plus \$200 E. C. A., has been approved.

FIRE DEPARTMENT.

The following promotions in the Fire Department have been approved:

Fireman (second engineer) Raymond F. Garrity to fireman (first engineer), from \$2,600 to \$2,700 a year.

Fireman (temporary second engineer) Henry F. Hayes to fireman (second engineer), at \$2,600 a year.

Fireman (second engineer) Edmund M. Hourigan to fireman (temporary first engineer), from \$2,600 to \$2,700 a year.

Fireman (third engineer) Francis J. Donnelly to fireman (temporary second engineer), from \$2,500 to \$2,600 a year.

The following-named have been granted leaves of absence in order to serve in the armed forces of the United States:

Charles I. Pierce, Rescue Company 1.
Donald E. McKenna, Engine Company 6.

William P. Albanese, Engine Company 43.

Albert J. Munichello, Engine Company 34.

William W. Hayhurst, Ladder Company 5.

John T. Cashman, Tower Company 1.
John G. McGuire, Tower Company 1.

The following-named have been appointed as auto mechanics at \$6.50 a day plus \$100 a year E. C. A., effective 8 a. m., April 10:

Edward J. Kearns, 648 Massachusetts avenue.

Joseph A. Meade, 2253 Centre street, West Roxbury.

John J. Gustafson, Jr., 293 Eustis street, Roxbury.

Melvin L. Cohen, 15 Browning avenue, Dorchester.

Artie Poulos, 282 Columbus avenue.

James M. Kelly, 52 Forbes street, Jamaica Plain.

The following increases in salary have been granted:

Charles F. Connors, assistant operator, Fire Alarm Division, from \$1,800 to \$1,900 a year plus \$200 E. C. A.

John P. Lane, provisional assistant operator, Fire Alarm Division, from \$1,800 to \$1,900 a year plus \$200 E. C. A.

HOSPITAL DEPARTMENT.

Permission has been given for the following vacation supplies to be employed in the Housekeeping Department for a period of five months:

Six hospital house workers at \$18 a week (cleaners).

Six hospital house workers at \$19.50 a week (house porters).

Permission has been given for the employment of six hospital house workers (porters) at \$20.50 a week, for a period of three months, to be used as vacation supplies.

Permission has been given for the employment of two female X-ray technicians at \$34 a week, for a period of four months, to be used as vacation supplies.

General Division.

For the week ending April 2:

The following weekly nurses have been appointed:

Permanent: Mary E. Flaherty, 230 Lenox street, Norah Preston, Holyoke, floor nurses, \$1,400 a year; Dorothy M. Barry, 4 Harvard avenue, floor nurse, \$1,600 a year; Maureen Fierst, floor nurse, \$1,400 a year, to part-time floor nurse, \$820 a year.

Military Substitutes: Ida M. Goldsmith, Cambridge, floor nurse, \$1,400 a year; Margaret M. Hurney, 4 Harvard avenue, floor nurse, \$1,600 a year; Marion Marsh, 182 Walnut avenue, floor nurse, \$820 a year.

East Boston Relief Station.

Permanent: Alice Travers, 494 Old Colony avenue, floor nurse, \$1,400 a year.

General Division.

For the week ending April 2:

The following monthly nurses have been employed:

Susan Adelizzi, Jessie Alamond, Magnolia Arrington, Mary Brady, Irene Bolendz, Carmen L. Bouchard, Anna Brief, Roymane Conway, Anne Comerford, Dorothy A. Cartwright, Jane Chojenski, Gloria Ceraulo, Mary Clark, Therese Daley, Mary Doak, Louise Davis, Martha Farris, Barbara Flaherty, Gertrude Feeley, Patricia Fay, Dorothy Gricuis, Josephine Glad, Dorothy Gero, Eileen Harrington, Dorothy Hasgill, Annie Hamilton, Mary Hurley, Phyllis James, Mary Kelley, Gloria Lewis, Stella Lambros, Ruth Leahy, Mary Lehan, LaVerne Larson, Rose McDaniel, Margaret McCue, Mary Mallard, Margaret Marfish, Rose Murray, Mary A. Okenka, Sonia Opalinsky, Edith Petrone, Doris Parkhurst, Catherine Pilalas, Shirley Parker, Olga Pezza, Winifred Pilkington, Rosemary Roach, Anne M. Redding, Phyllis Reilly, Arlene Rosmini, Mary Richards, Evelyn Stephens,

Lula Shakespeare, Margaret Shaughnessy, Rose Stegin, Stella Suskevich, Dorothy Short, Hattie Scott, Ila Weeks, Gertrude Tighe, Mary Vandivere, \$60 a month; Lillian Clark, \$9 a month; Genevieve Haddad, Eleanor McGagh, \$12.50 to \$16.67 a month.

DEPARTMENT CHANGES.

(Continued from page 555.)

Eugene M. Jones, engineer, Grade 2, from \$1,900 to \$2,000 a year.

Francis Vogel, engineer, Grade 2, from \$1,900 to \$2,000 a year.

Arthur C. Shannon, engineer, Grade 2, from \$1,900 to \$2,000 a year.

George L. Mitchell, foreman, from \$2,700 to \$2,800 a year.

John W. Ryan, foreman, from \$2,700 to \$2,800 a year.

Leo A. Rull, foreman, from \$2,600 to \$2,700 a year.

William F. Hannigan, inspector, from \$2,200 to \$2,300 a year.

Arthur W. Holland, inspector, from \$1,700 to \$1,800 a year.

Tunnel Service.

George A. Donovan, clerk, from \$1,800 to \$1,900 a year.

Arthur E. Reeves, clerk-typist, from \$1,700 to \$1,800 a year.

Francis X. Coleman, clerk-typist, from \$1,400 to \$1,500 a year.

William H. McCarthy, electrical engineer inspector, from \$2,900 to \$3,000 a year.

Water Service.

Charles E. McGettrick, clerk-cashier, from \$2,400 to \$2,500 a year.

Morris Movitz, clerk, from \$1,700 to \$1,800 a year.

Catherine McGowan, clerk, from \$1,700 to \$1,800 a year.

Helena T. Ryan, clerk, from \$1,500 to \$1,600 a year.

William J. Harkins, clerk-stenographer, from \$1,500 to \$1,600 a year.

Kathleen Murphy, clerk-stenographer, from \$1,500 to \$1,600 a year.

Joseph A. Polito, clerk-stenographer, from \$1,500 to \$1,600 a year.

Mary G. Lonergan, clerk, from \$1,300 to \$1,400 a year.

Marion E. Twigg, clerk, from \$1,300 to \$1,400 a year.

Bernice J. Miller, clerk-typist, from \$1,300 to \$1,400 a year.

James R. Burns, clerk-typist, from \$1,300 to \$1,400 a year.

Geraldine A. Chapman, clerk-typist, from \$1,200 to \$1,300 a year.

Mary M. L. Foley, clerk-typist, from \$1,200 to \$1,300 a year.

Rose A. Ward, billing machine operator, from \$1,600 to \$1,700 a year.

Mary F. Murphy, billing machine operator, from \$1,300 to \$1,400 a year.

Evelyn Donnarumma, billing machine operator, from \$1,100 to \$1,200 a year.

Harry Lynn, engineer, Grade 4, from \$2,900 to \$3,000 a year.

Alfred J. Rolfe, district foreman, from \$2,500 to \$2,600 a year.

Albert P. McCann, district foreman, from \$2,700 to \$2,800 a year.

George S. Ryan, district foreman, from \$2,700 to \$2,800 a year.

John P. Finigan, inspector, from \$2,200 to \$2,300 a year.

Joseph O'Hanlon, inspector, from \$2,200 to \$2,300 a year.

John F. Kenney, inspector, from \$2,100 to \$2,200 a year.

Alfred A. Osterman, inspector, from \$2,100 to \$2,200 a year.

Edward C. Beckwith, inspector, from \$2,000 to \$2,100 a year.

Joseph T. Hanbury, inspector, from \$2,000 to \$2,100 a year.

Richard J. Kelly, inspector, from \$2,000 to \$2,100 a year.

James L. Fitzgerald, meter reader, from \$1,900 to \$2,000 a year.

Thomas Havey, meter reader, from \$1,900 to \$2,000 a year.

James E. Hogan, meter reader, from \$1,900 to \$2,000 a year.

Maurice Moynihan, meter reader, from \$1,900 to \$2,000 a year.

William F. O'Connor, meter reader, from \$1,900 to \$2,000 a year.

Joseph P. Ryan, meter reader, from \$1,900 to \$2,000 a year.

Adam H. Bienkowski, meter reader, from \$1,800 to \$1,900 a year.

Arthur M. Clonan, meter reader, from \$1,800 to \$1,900 a year.

Frank A. Dangora, meter reader, from \$1,800 to \$1,900 a year.

Hugh C. Goldrick, meter reader, from \$1,800 to \$1,900 a year.

Charles L. O'Rourke, meter reader, from \$1,800 to \$1,900 a year.

Morris H. Waldman, meter reader, from \$1,800 to \$1,900 a year.

Thomas Waldron, meter reader, from \$1,800 to \$1,900 a year.

Richard F. Brauer, meter reader (permanent intermittent), from \$1,700 to \$1,800 a year.

Anthony C. Calebro, meter reader (permanent intermittent), from \$1,700 to \$1,800 a year.

John H. Kelly, meter reader (permanent intermittent), from \$1,700 to \$1,800 a year.

Patrick Minahane, meter reader (permanent intermittent), from \$1,700 to \$1,800 a year.

William F. Austin, meter reader (permanent intermittent), from \$1,700 to \$1,800 a year.

Harold J. Cronin, meter reader (permanent intermittent), from \$1,700 to \$1,800 a year.

Penelope G. MacEachern, switchboard operator, from \$1,680 to \$1,780 a year.

REGISTRY DEPARTMENT.

Joseph E. Mellen, assistant clerk, from \$4,200 to \$4,500 a year.

Edward P. Bacigalupo, assistant clerk, from \$4,200 to \$4,500 a year.

Albert E. Watts, assistant clerk, from \$3,900 to \$4,200 a year.

Joseph B. Aigen, chief clerk, from \$3,000 to \$3,100 a year.

Harry Ginsburg, chief clerk, from \$2,800 to \$2,900 a year.

Helen T. Connor, principal clerk, from \$2,400 to \$2,500 a year.

Arthur Tacelli, principal clerk, from \$2,300 to \$2,400 a year.

Mary R. Brown, senior clerk, from \$2,100 to \$2,200 a year.

Alice R. Tierney, senior clerk, from \$2,000 to \$2,100 a year.

John R. Naughton, senior clerk, from \$2,000 to \$2,100 a year.

Anna L. Bruen, senior clerk, from \$2,000 to \$2,100 a year.

Morris Greenstein, senior clerk, from \$2,000 to \$2,100 a year.

Claire M. Hart, clerk, from \$1,300 to \$1,400 a year.

Lorraine C. Grella, clerk, from \$1,300 to \$1,400 a year.

Margaret M. Madden, clerk, from \$1,200 to \$1,300 a year.

Margaret V. Dawson, clerk, from \$1,100 to \$1,200 a year.

Ruth A. Sullivan, clerk, from \$1,100 to \$1,200 a year.

M. June Timilty, clerk, from \$1,000 to \$1,100 a year.

VETERANS' RETIREMENT.

The following employees of the City of Boston have filed application for retirement under the Veterans' Retirement Act:

FIRE DEPARTMENT.

James Joseph Corboy, 30 Blake street, Mattapan.

HOSPITAL DEPARTMENT.

Michael Trupiano, 31 Union park, Boston.

PENAL INSTITUTIONS DEPARTMENT.

Thomas Francis Kineavy, also known as Thomas Kinavy, 33 Round Hill street, Jamaica Plain.

John Robertson, also known as John Roberts, 22 Southern avenue, Dorchester.

Frederick James Cronin, 15 Stellman road, Roslindale.

POLICE DEPARTMENT.

James J. McWeeny, 2451 Centre street, West Roxbury.

Joseph R. Coutu, 213 West street, Hyde Park.

PUBLIC WORKS DEPARTMENT.

Highway Division.

Thomas Murphy, 107 Marion street, East Boston.

Paving Service.

Samuel R. Puleo, also called Rosario Puleo, 89 Orient avenue, East Boston.

Sanitary Service.

Dennis J. Donovan, 11 Upton street, Boston.

John M. Fogarty, 38 Magnolia street, Dorchester.

Sewer Service.

Frank A. Wessling, 37 Monmouth street, East Boston.

Water Service.

Grescenzio DeLuca, 11 Snow Hill street, Boston.

James T. Melvin, also known as James J. Melvin, 645 Broadway, South Boston.

Peter P. Coleman, 133 Warren avenue, Boston.

TRANSIT DEPARTMENT.

Albert Oser, 12 Roosevelt avenue, Hamilton.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT.

Upon April 3 the Mayor approved a contract for repairs to control wiring and control cables at the Sumner Tunnel to the Massachusetts Electric Construction Company, at an estimated cost of \$5,150. Stearns, Perry & Smith presented an informal bid which was not in accordance with the requirements of the proposal and therefore could not be considered. David A. Robbins presented a bid which was deposited too late at the auditor's office and was considered irregular. Furthermore, in view of the fact that Mr. Robbins has done no work for this department and is not even listed in the telephone directory, there is doubt in my mind as to his ability to do the work as called for. These are the only other proposals submitted.

The work under this contract will start immediately upon written order by the commissioner and is to be fully completed within ten weeks of the date of commencement.

Bids for doing this work were opened Tuesday, April 2.

Upon April 15 the Mayor approved a contract for resurfacing the Boylston Street and Milton Street Bridges to Baker & Co., the second bidder, at an estimated cost of \$6,420.

The prices submitted by the low bidder were deemed too low to do the work properly.

The work is to be commenced on a date to be specified in a written order from the commissioner and shall be fully completed within two months from that date.

The following bids were received April 9:

Martin J. Kelly Company, Inc., \$1,255; Baker & Co., \$6,420; Marinucci Brothers & Co., \$6,775; R. A. Buccella & Sons, \$12,410.

Upon April 20 the Mayor approved a contract for repairing hull, etc., of ferryboat "Daniel A. MacCormack" to the Bethlehem Steel Company, 256 Marginal street, East Boston, the only bidder, at an estimated cost of \$26,234.

All terms of these specifications will be completed within ten weeks after the approval of the contract by the Mayor.

The proposal for doing the work under this contract was opened and read April 17.

SUPPLY DEPARTMENT.

Upon April 22 the Mayor approved a contract with contractors as indicated for furnishing milk and cream, as required, from May 1, 1946, to October 31, 1946.

Inasmuch as prices on milk and cream have been legally set by the Milk Control Board of Massachusetts, all concerns submitted identical bids.

It is recommended that contracts be awarded as follows:

To Shawmut Dairy, Inc.: Boston City Hospital, \$87,162.82.

To Whiting Milk Company: Long Island Hospital, Institutions Department, \$20,932.70.

To Herlihy Brothers, Inc.: Sanatorium Division, \$20,187.72; Charles Street Jail, \$540; Franklin Park Zoo, \$390. Total \$21,117.72.

Bids, opened April 12, were as follows:

Boston City Hospital.

Milk, Pasteurized, 65,000 Cans, 8-Quart Cans, Per Can.—H. P. Hood & Sons, Inc., \$1; Shawmut Dairy, Inc., \$1*; Herlihy Brothers, Inc., \$1; Whiting Milk Company, \$1; Martin S. Cosgrove & Sons, Inc., \$1.

Grade A Milk, 8,000 Quarts, 1-Quart Bottles, Per Quart.—H. P. Hood & Sons, Inc., 16 cents; Shawmut Dairy, Inc., 16 cents*; Herlihy Brothers, Inc., 16 cents; Whiting Milk Company, 16 cents; Martin S. Cosgrove & Sons, Inc., 16 cents.

Light Cream, 4,800 8-Quart Cans, Per Can.—H. P. Hood & Sons, Inc., \$3.65; Shawmut Dairy, Inc., \$3.65*; Herlihy Brothers, Inc., \$3.65; Whiting Milk Company, \$3.65; Martin S. Cosgrove & Sons, Inc., \$3.65.

Light Cream, 72 1-Quart Bottles, Per Quart.—H. P. Hood & Sons, Inc., 50 cents; Shawmut Dairy, Inc., 50 cents*; Herlihy Brothers, Inc., 50 cents; Whiting Milk Company, 50 cents; Martin S. Cosgrove & Sons, Inc., 50 cents.

Light Cream, 400 1-Pint Bottles, Per Pint.—H. P. Hood & Sons, Inc., 26 cents; Shawmut Dairy, Inc., 26 cents*; Herlihy Brothers, Inc., 26 cents; Whiting Milk Company, 26 cents; Martin S. Cosgrove & Sons, Inc., 26 cents.

Skim Milk, 5,600 1-Quart Bottles, Per Quart.—H. P. Hood & Sons, Inc., 10 cents; Shawmut Dairy, Inc., 10 cents*; Herlihy Brothers, Inc., 10 cents; Whiting Milk Company, 10 cents; Martin S. Cosgrove & Sons, Inc., 10 cents.

Buttermilk, 350 8-Quart Cans, Per Can.—H. P. Hood & Sons, Inc., 92 cents; Shawmut Dairy, Inc., 92 cents*; Herlihy Brothers, Inc., 92 cents; Whiting Milk Company, 92 cents; Martin S. Cosgrove & Sons, Inc., 92 cents.

Heavy Cream, 350 8-Quart Cans, Per Can.—H. P. Hood & Sons, Inc., \$5.91; Shawmut Dairy, Inc., \$5.91*; Herlihy Brothers, Inc., \$5.91; Whiting Milk Company, \$5.91; Martin S. Cosgrove & Sons, Inc., \$5.91.

Heavy Cream, 144 1-Quart Bottles, Per Quart.—H. P. Hood & Sons, Inc., 78 cents; Shawmut Dairy, Inc., 78 cents*; Herlihy Brothers, Inc., 78 cents; Whiting Milk Company, 78 cents; Martin S. Cosgrove & Sons, Inc., 78 cents.

Heavy Cream, 400 1-Pint Bottles, Per Pint.—H. P. Hood & Sons, Inc., 40 cents; Shawmut Dairy, Inc., 40 cents*; Herlihy Brothers, Inc., 40 cents; Whiting Milk Company, 40 cents; Martin S. Cosgrove & Sons, Inc., 40 cents.

Total.—H. P. Hood & Sons, Inc., \$87,162.82; Shawmut Dairy, Inc., \$87,162.82*; Herlihy Brothers, Inc., \$87,162.82; Whiting Milk Company, \$87,162.82; Martin S. Cosgrove & Sons, Inc., \$87,162.82.

Institutions Department.

Milk, Pasteurized, 17,100 8-Quart Cans, Per Can.—H. P. Hood & Sons, Inc., \$1; Shawmut Dairy, Inc., \$1; Herlihy Brothers, Inc., \$1; Whiting Milk Company, \$1*; Martin S. Cosgrove & Sons, Inc., \$1.

Grade A Milk, 1,092 1-Quart Bottles, Per Quart.—H. P. Hood & Sons, Inc., 16 cents; Shawmut Dairy, Inc., 16 cents; Herlihy Brothers, Inc., 16 cents; Whiting Milk Company, 16 cents*; Martin S. Cosgrove & Sons, Inc., 16 cents.

Light Cream, 650 8-Quart Cans, Per Can.—H. P. Hood & Sons, Inc., \$3.65; Shawmut Dairy, Inc., \$3.65; Herlihy Brothers, Inc., \$3.65; Whiting Milk Company, \$3.65*; Martin S. Cosgrove & Sons, Inc., \$3.65.

Light Cream, 4,316 1-Pint Bottles, Per Pint.—H. P. Hood & Sons, Inc., 26 cents; Shawmut Dairy, Inc., 26 cents; Herlihy Brothers, Inc., 26 cents; Whiting Milk Company, 26 cents*; Martin S. Cosgrove & Sons, Inc., 26 cents.

Buttermilk, 35 1-Quart Bottles, Per Quart.—H. P. Hood & Sons, Inc., 12 cents; Shawmut Dairy, Inc., 12 cents; Herlihy Brothers, Inc., 12 cents; Whiting Milk Company, 12 cents*; Martin S. Cosgrove & Sons, Inc., 12 cents.

Heavy Cream, 26 8-Quart Cans, Per Can.—H. P. Hood & Sons, Inc., \$5.91; Shawmut Dairy, Inc., \$5.91; Herlihy Brothers, Inc., \$5.91; Whiting Milk Company, \$5.91*; Martin S. Cosgrove & Sons, Inc., \$5.91.

Heavy Cream, 26 Half-Pint Bottles, Per Half-Pint Bottle.—H. P. Hood & Sons, Inc., 21 cents; Shawmut Dairy, Inc., 21 cents; Herlihy Brothers, Inc., 21 cents; Whiting Milk Company, 21 cents*; Martin S. Cosgrove & Sons, Inc., 21 cents.

Total.—H. P. Hood & Sons, Inc., \$20,932.70; Shawmut Dairy, Inc., \$20,932.70; Herlihy Brothers, Inc., \$20,932.70; Whiting Milk Company, \$20,932.70; Martin S. Cosgrove & Sons, Inc., \$20,932.70.

Sanatorium Division.

Milk, Pasteurized, 17,260 8-Quart Cans, Per Can.—H. P. Hood & Sons, Inc., \$1; Shawmut Dairy, Inc., \$1; Herlihy Brothers, Inc., \$1*; Whiting Milk Company, \$1; Martin S. Cosgrove & Sons, Inc., \$1.

Light Cream, 60 8-Quart Cans, Per Can.—H. P. Hood & Sons, Inc., \$3.65; Shawmut Dairy, Inc., \$3.65; Herlihy Brothers, Inc., \$3.65*; Whiting Milk Company, \$3.65; Martin S. Cosgrove & Sons, Inc., \$3.65.

Light Cream, 3,870 1-Quart Bottles, Per Quart.—H. P. Hood & Sons, Inc., 50 cents; Shawmut Dairy, Inc., 50 cents; Herlihy Brothers, Inc., 50 cents*; Whiting Milk Company, 50 cents; Martin S. Cosgrove & Sons, Inc., 50 cents.

Light Cream, 184 1-Pint Bottles, Per Pint.—H. P. Hood & Sons, Inc., 26 cents; Shawmut Dairy, Inc., 26 cents; Herlihy Brothers, Inc., 26 cents*; Whiting Milk Company, 26 cents; Martin S. Cosgrove & Sons, Inc., 26 cents.

Light Cream, 960 Half-Pint Bottles, Per Half-Pint Bottle.—H. P. Hood & Sons, Inc., 14 cents; Shawmut Dairy, Inc., 14 cents; Herlihy Brothers, Inc., 14 cents*; Whiting Milk Company, 14 cents; Martin S. Cosgrove & Sons, Inc., 14 cents.

Buttermilk, 8 1-Quart Bottles, Per Quart.—H. P. Hood & Sons, Inc., 12 cents; Shawmut Dairy, Inc., 12 cents; Herlihy Brothers, Inc., 12 cents*; Whiting Milk Company, 12 cents; Martin S. Cosgrove & Sons, Inc., 12 cents.

Extra Heavy Cream, 40 Per Cent, 90 8-Quart Cans, Per Can.—H. P. Hood & Sons, Inc., \$6.46; Shawmut Dairy, Inc., \$6.46; Herlihy Brothers, Inc., \$6.46*; Whiting Milk Company, \$6.46; Martin S. Cosgrove & Sons, Inc., \$6.46.

Total.—H. P. Hood & Sons, Inc., \$20,187.72; Shawmut Dairy, Inc., \$20,187.72; Herlihy Brothers, Inc., \$20,187.72; Whiting Milk Company, \$20,187.72; Martin S. Cosgrove & Sons, Inc., \$20,187.72.

Charles Street Jail.

Milk, Pasteurized, 540 8-Quart Cans, Per Can.—H. P. Hood & Sons, Inc., \$1; Shawmut Dairy, Inc., \$1; Herlihy Brothers, Inc., \$1*; Whiting Milk Company, \$1; Martin S. Cosgrove & Sons, Inc., \$1.

Total.—H. P. Hood & Sons, Inc., \$540; Shawmut Dairy, Inc., \$540; Herlihy Brothers, Inc., \$540; Whiting Milk Company, \$540; Martin S. Cosgrove & Sons, Inc., \$540.

Franklin Park Zoo.

Milk, Pasteurized, 3,000 1-Quart Bottles, Per Quart.—H. P. Hood & Sons, Inc., 13 cents; Shawmut Dairy, Inc., 13 cents; Herlihy Brothers, Inc., 13 cents*; Whiting Milk Company, 13 cents; Martin S. Cosgrove & Sons, Inc., 13 cents.

Total.—H. P. Hood & Sons, Inc., \$390; Shawmut Dairy, Inc., \$390; Herlihy Brothers, Inc., \$390; Whiting Milk Company, \$390; Martin S. Cosgrove & Sons, Inc., \$390.

The following clause was submitted by all bidders:

Prices to be charged for containers not returned to f.o.b. points where delivered.—One-quart milk bottles, 5 cents; one-quart cream bottles, 5 cents; two-gallon milk or cream container, \$2; ten-gallon milk container, \$5; crates, \$2.

* Contract awarded.

Upon April 22 the Mayor approved contracts as indicated for furnishing coffee, as required, from May 1, 1946, through October 31, 1946.

It is recommended that contracts be awarded as follows:

To J. L. McCormick & Co., the lowest bidder, 16,400 pounds unground coffee at 19.9 cents per pound, \$3,263.60.

To Dwinell-Wright Company, the lowest bidder, 25,000 pounds ground coffee at 23.7 cents per pound, \$5,925.2 per cent, ten days.

Bids, opened April 11, were as follows:

Unground Coffee, 100-Pound Bags, Fresh Roasted as Needed.

12,500 Pounds Coffee, Deer Island, to be Delivered via Shirley Gut, Winthrop, as Per Specifications, Per Pound.—Martin L. Hall Company, 23 cents; J. L. McCormick & Co., 19.9 cents.*

3,900 Pounds Coffee, Suffolk County Jail, Charles Street, Boston, as Per Specifications, Per Pound.—Martin L. Hall Company, 23 cents; J. L. McCormick & Co., 19.9 cents.*

Total.—Martin L. Hall Company, \$3,772 (80-pound bags); J. L. McCormick & Co., \$3,263.60.

Ground Coffee.

Boston City Hospital, Long Island Hospital, Sanatorium Division, 25,000 Pounds Coffee, 1-Pound Bags, to be Delivered Daily as Needed, Per Pound.—Martin L. Hall Company, 26 cents (alternate, as per sample submitted), 29 cents; Dwinell-Wright Company, 23.7 cents.*

Total.—Martin L. Hall Company, \$6,500 (alternate), \$7,250; Dwinell-Wright Company, \$5,925.

Quality of Coffee Bidder Proposes to Furnish.—Martin L. Hall Company, blend of fancy Central and South American coffee; Dwinell-Wright Company, same as specification.

Method of Packaging.—Martin L. Hall Company, one-pound carton, 24 to shipping bag; Dwinell-Wright Company, one-pound carton.

Delivery.—Martin L. Hall Company, as required; Dwinell-Wright Company, as specified.

Service.—Dwinell-Wright Company, as specified.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors and commercial houses for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, February 25, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—I respectfully request your approval for the award of a survey, without advertising, to Stewart Associates, Inc., to prepare complete plans and specifications, furnish customary field supervision to ensure complete adherence to the plans and specifications of emergency electrical repairs at House of Correction, Deer Island, to wires, cables, motors, panel boards, switches and lighting circuits also changing over from D. C. to A. C. current, in the sum of \$3,000 or 10 per cent of the cost of work, whichever is the larger of the two. This fee is based on the standard fees for this class of work as set up by the Massachusetts Society of Consulting Engineers which in turn conforms to standard practice throughout the country.

This is emergency work and nothing would be gained by advertising in the *City Record*; the emergency is so serious in nature that we fear if anything occurs there we will be without lights.

Stewart Associates, Inc., have done business with the City of Boston and have given the utmost satisfaction.

Very truly yours,

MAXWELL B. GROSSMAN,

Penal Institutions Commissioner.

This agreement made this twentieth day of March in the year nineteen hundred and forty-six by and between the City of Boston, hereinafter called the City, acting by the Penal Institutions Commissioner of the City of Boston, hereinafter called the Commissioner, and Stewart Associates, Inc., hereinafter called the Engineer, witnesseth, That, Whereas the City intends to change the electrical system at House of Correction, Deer Island, from direct current (hereinafter called D. C.) to alternating current (hereinafter called A. C.) and to repair its electrical system; now, therefore, the City and the Engineer, for the considerations hereinafter named, agree as follows:

Section 1. The Commissioner.

(a) Shall furnish the Engineer with all information regarding the proposed changes at the House of Correction.

(b) Shall, on written request of the Engineer, furnish him with information regarding the reality where the proposed changes and repairs are to take place.

Section 2. The Engineer.

(a) Shall consult with and advise the Commissioner and shall make such preliminary studies as the Commissioner may require showing the proposed changes and repairs.

(b) Shall make a complete survey and inventory of all existing electrical

installations at Deer Island, including cables, motors, panel boards, switches and lighting circuits.

(c) Shall tabulate this information in preliminary sketch plans.

(d) Shall make all changes in such preliminary sketch plans as the Commissioner may require.

(e) Shall submit the preliminary studies and sketch plans to the Commissioner for his approval in writing.

(f) Shall make all necessary calculations and design for the proposed work.

(g) Shall make, upon the basis of said preliminary studies, one complete set of working drawings in pencil on tracing paper, electrical plans, sections and elevations at $\frac{1}{4}$ or $\frac{1}{2}$ -inch scale and such full size and detailed drawings on a large scale as are necessary or desirable in the opinion of the Commissioner to explain the specifications or working drawings. Said working drawings when completed shall be subject to the approval, in writing, of the Commissioner.

(h) Shall furnish one complete type-written set of specifications not later than one hundred and twenty (120) days after the acceptance, in writing, by the Commissioner, of the preliminary studies. These specifications shall embody the design referred to above in subsection (f) herein, and shall be in sufficient detail for the purpose of informing prospective bidders as to all details of (a) all equipment to be installed and furnished, (b) proposed changes and (c) repairs.

(i) Shall revise and correct the specifications, if so required by the Commissioner.

(j) Shall submit said specifications, when completed, to the Commissioner for his approval in writing.

(k) Shall furnish to the Commissioner five (5) sets of blueprints made from such working plans and specifications.

(l) Shall draft forms of proposals, tabulate all bids and advise the Commissioner on such bids at such times as the Commissioner so requires.

(m) Shall check all manufacturers' working drawings when such drawings are requested.

(n) Shall cause the drawings and specifications to conform to all regulations of law, municipal, state and federal, to all public authorities and to be in accordance with the established methods of electrical construction.

(o) Shall make out all the forms for government approval that are necessary to authorize the carrying out of the work hereunder. All government forms are to be signed by the Commissioner.

(p) Shall furnish an estimate of the construction and operating costs of the proposed changes and repairs and a statement as to the advantages of using A. C. instead of D. C. at Deer Island.

(q) Shall redraw or alter said drawings and specifications, without additional charge to the City, if the lowest eligible bid for the proposed changes and repairs in accordance with the completed drawings and specifications exceeds the sum of \$5,000.

(r) Shall furnish such field supervision at the site of the work as to insure the contractor's adherence to the plans and specifications on the basis of which a contract was awarded. Such field supervision shall include the issuance of certificates of payment and the keeping of accounts.

(s) Shall deliver to the Commissioner to remain the property of the City, upon the commencement of work by the contractor performing the proposed changes and repairs, two additional sets of blueprints mounted on cloth taken from said set of working drawings, and upon the completion of the proposed changes and repairs under a contract shall deliver to the Commissioner one complete set of working drawings on tracing cloth, bound in waterproof oilcloth, which set shall be corrected by the Engineer to embody all changes made during the performance of the contract.

(t) Shall furnish a bond, prior to commencement of said work, with sureties satisfactory to the City, in the sum of \$3,000, conditional upon its full and faithful performance of all the terms, conditions and provisions of this agreement.

Section 3.

If the Engineer shall do and perform all things to be done and performed by him and render all services to be rendered by him under this agreement, the City shall pay the Engineer as full compensation the sum of \$3,000 or ten (10) per cent of the cost of the proposed changes and repairs as said cost appears in the contracts awarded for such work, if said cost exceeds \$30,000.

Payments shall be made in the following manner:

(a) The sum of \$400 after the Commissioner is satisfied that the complete survey and inventory of all existing electrical installations at Deer Island have been tabulated on preliminary sketch plans.

(b) The additional sum of \$1,200 after the Commissioner is satisfied that the Engineer has performed all the work set forth above required to be performed before bids are requested by the City.

(c) The additional sum of \$800 or such amount as to bring the total paid to the Engineer up to eighty (80) per cent of his entire fee, upon the award of a contract or decision by the Commissioner to abandon or indefinitely postpone the proposed changes and repairs herein mentioned.

(d) Final payment to be made when all work under a contract for such proposed changes and repairs has been completed and accepted by the Commissioner and the services of the Engineer are, in the opinion of the Commissioner, no longer required.

In the event no contract for the proposed changes and repairs is awarded and the Engineer has faithfully performed all work required hereunder he shall be paid a sum equal to his actual costs for his services hereunder plus an additional sum of fifteen (15) per cent of such actual costs for his overhead. Also, the Engineer shall be paid an additional ten (10) per cent of such costs as his profit. In any case the total sum paid to the Engineer under this paragraph shall not exceed four thousand (4,000) dollars.

The Engineer shall keep accurate records and books of account showing the cost of the respective work performed under this agreement and will permit the Commissioner, in the event no contract to perform the proposed changes and repairs is awarded, to inspect all pay rolls, accounts, contracts, records and books of the Engineer in so far as they relate to matters or work covered by this agreement.

Section 4.

No rule of any society or any custom of engineers, architects or surveyors shall be binding on the City.

Section 5.

This agreement is made subject to an appropriation being available therefor.

Section 6.

This agreement shall terminate not later than one (1) year from the date of its final approval.

In witness whereof the said Stewart Associates, Inc., hereunto sets, or has caused to be set, its hand and seal, and the City of Boston has caused these presents to be signed by the official the day and year first written above.

EDOUARD N. DUBE,
Treasurer.

STEWART ASSOCIATES, INC.,
Contractor.

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

EXTENSION OF CONTRACT.

SUPPLY DEPARTMENT.

The Mayor has approved the following request of the Superintendent of Supplies:

BOSTON, April 22, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to extend the completion date of the coal contracts listed below from April 30, 1946, to May 31, 1946:

Staples Coal Company, doing business as City Fuel Company.—Contract dated August 20, 1945, for furnishing run-of-mine bituminous coal to the Fire Boats.

Snider Fuel Company.—Contract dated September 29, 1945, for furnishing run-of-mine bituminous coal to the Long Island Division of the Institutions Department, Public Buildings Department, Ferry Division of the Public Works Department, Penal Institutions Department, and stoker coal to the Public Buildings Department.

The continuance of the strike of the soft coal workers and the attendant disruption of prices due both to this strike and also to the possible termination of compensatory freight rates makes this extension necessary at this time in order that new proposals may be considered in the light of settled conditions in the coal business.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

FIRE DEPARTMENT ORDERS.

General Order No. 29.

I. ANNUAL COMMUNION SUNDAY.

The Third Annual Communion Sunday for Catholic members of the Boston Fire and Protective Departments will be held in the Cathedral of the Holy Cross at 9 a. m., May 12, 1946.

The Celebrant of the Mass will be Department Chaplain, Reverend Henry J. O'Connell, and the sermon will be given by Reverend Michael Costello of the Cathedral. The principal speaker at the Communion Breakfast will be Reverend John S. Sexton, editor of the *Pilot*.

Members of the department who are to participate will report to Lieut. Augustus Beaupre at the quarters of Engine Company 3, Harrison avenue and Wareham street, at 8.30 a. m., May 12, 1946. They will form there and march to the Cathedral in time for 9 o'clock Mass.

Upon completion of the Mass, members will form again outside the Cathedral and march from there to the Copley-Plaza where the Annual Communion Breakfast will be held.

Regulation uniform with sack coat and white gloves will be worn on this occasion.

Any member planning to attend the Mass will be excused from duty when relieved by his partner.

Members of the Communion Sunday Committee will meet at the Cathedral at 8.30 a. m., May 12.

Members who desire to participate in the Annual Communion Sunday exercises are privileged to exchange time.

Members of the Band and Color Guard shall report to Band Manager Frank Marr at Engine Company 3, at 8.30 a. m., to participate in the march. Members working during the day shall be excused from 8 a. m. until 2.30 p. m. Members working during the previous night shall be excused at 7 a. m. The Color Guard will consist of: Paul Harvey, Engine 38; James Galvin, Engine 3; James McGoldrick, Engine 36, and Martin Lombard, Ladder 24.

The commissioner hopes that this ceremony which was inaugurated in 1944 will remain an established annual rite for the Catholic members of the department. All men off duty should make a special effort to attend the Mass and breakfast on May 12. An especially fine program has been arranged for the benefit of those attending the breakfast.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

General Order No. 31.

I. PROMOTION.

The following promotion which became effective at 8 a. m. Wednesday, May 1, 1946, is hereby announced:

Capt. Francis B. Hanron, Engine Company 13, to district chief.

II. RETURN TO DUTY FROM ARMED FORCES.

The following-named members who have been serving in the armed forces of the United States will return to duty in the Fire Department effective at 8 a. m. Wednesday, May 8, 1946:

Ladderman Harold T. Matulaitis, Ladder Company 1.

Ladderman John J. Bogue, Ladder Company 29.

M. O. P. Joseph F. Crowley, Engine Company 27.

M. O. P. William W. Hayhurst, Ladder Company 5.

III. TRANSFERS.

The following transfer which became effective at 8 a. m. Wednesday, May 1, 1946, is hereby announced:

District Chief Francis B. Hanron, from Engine 13 to District 8.

The following transfers which will become effective at 8 a. m. Wednesday, May 8, 1946, are hereby announced:

Capt. Edwin F. Fay, from Engine 20 to Fire Prevention.

Hoseman Albert F. Kelley, from Engine 1 to Fire Prevention.

Ladderman Ralph Borden, from Ladder 27 to Engine 26.

M. O. P. Thomas W. Barrett, from Engine 52 to Engine 15.

IV. RESIGNATION.

The following resignation which became effective at 8 a. m. Sunday, May 5, 1946, is hereby announced.

Provisional Military Substitute
Michael F. Ryder, Ladder Company 1.

V. CHANGE IN ASSIGNMENT NUMBERS OF BOX 12-3332.

The Fire Alarm Box at the Robert Treat Paine School is now numbered 12-3332. Box 3332 is located in District 10 but the Fire Alarm Box on the school is located in District 14.

Effective at 12 noon, May 15, 1946, Fire Alarm Box 12-3332 will be changed to 12-3383.

Box 12-3332, Robert Treat Paine School, Blue Hill avenue, near Harvard street, should be deleted from the assignment card for Box 3332 and added to the assignment card for Box 3383.

VI. DISCONTINUANCE OF A. D. T. SIGNALS.

Notice has been received from the American District Telegraph Company that the following A. D. T. signals have been discontinued:

Signal 217, George Lawley & Son Corporation, 28 Bowdoin street.

Signal 337, Hotel Victoria, 271 Dartmouth street.

VII. BOSTON AUTOMATIC CHANGES AND DISCONTINUANCE.

Company commanders shall make the following change in Automatic Signal 1224 on the Boston Automatic Running Card:

Now reads: Signal 1224, 138 and 140 Commercial street.

Should be changed to read: Signal 1234, 138—144 Commercial street.

Notice has been received from the Boston Automatic Fire Alarm Company that the following signal has been discontinued:

Signal 547, building, 177 State street.

VIII. APPRECIATION.

The Fire Commissioner is pleased to publish the following letter which he has received from the family of the late Capt. John J. Morgan of Engine Company 20:

"Dear Fire Commissioner Russell S. Codman, Jr., Officers and Members of the Boston Fire Department.

There comes a time in our lives when the hand of God calls upon us and takes one of our loved ones.

During this time of great sorrow we shall always remember, with grateful appreciation, the wonderful showing and respect shown to our Dad by officers and members of the Boston Fire Department.

Sincerely yours,

THE MORGAN FAMILY."

The Fire Commissioner is also pleased to publish the following letter which he

has received from the Hyde Park Board of Trade, Inc.:

"Dear Sir:

The Board of Trade wants you and the chiefs and men of the Hyde Park Fire Division to know that the splendid rescue work in the recent railroad accident in Readville has not gone unnoticed. Prompt and efficient action by the department certainly contributed to the saving of life and the alleviation of suffering. We are happy to give this deserving commendation.

Respectfully yours,

*VINCENT E. PICHULO,
Secretary."*

POLICE DEPARTMENT ORDERS.

General Order No. 655.

Transfer of the following-named persons from Superintendent's Office (armed service roll) is hereby ordered; effective Thursday, May 2, 1946, at 9 o'clock a. m.:

Patrolman George E. Killen to Division 14.

Patrolman Timothy C. Allen to Division 17.

Patrolman John F. McDonough to Traffic Division.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 656.

Transfer of the following-named persons from Superintendent's Office (armed service roll) is hereby ordered; effective Friday, May 3, 1946, at 9 o'clock a. m.:

Patrolman Francis T. Costello to Division 9.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 657.

The resignation of Patrolman Leo M. Miller, Superintendent's Office (armed service roll), having been presented, it is hereby accepted, to take effect as of Monday, April 15, 1946, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 658.

Whereas, It appears that Sergt. John J. Ward of the Traffic Division has performed faithful service in the Police Department for twenty-six and six-twelfths years and that the Medical Board, provided for by chapter 521 of the Acts of 1922, has certified that the said Sergeant Ward is physically incapacitated,—it is the judgment of the Police Commissioner that the said Sergeant Ward is permanently physically incapacitated for useful service in the Police Department on account of injuries received in the actual performance of duty as a police officer; therefore, it is hereby

Ordered, That, with the approval of his Honor the Mayor, the said Sergeant Ward be retired from active service in

the Police Department under the provisions of chapter 353, Acts, 1892, as amended by chapter 51, Acts, 1893; chapter 6, Acts, 1920; chapter 387, Acts, 1930; and chapter 446, Acts, 1945, and that his name be placed upon the department pension roll with pay at the rate of nineteen hundred thirty-three and thirty-three one-hundredths (1,933.33) dollars per annum (to be paid monthly), said sum being two thirds of the amount of compensation received by him in the office from which he is retired; to take effect Wednesday, May 8, 1946, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted January 14, 1943, and was effective January 20, 1943, for the period of the National Emergency, is hereby rescinded, effective May 1, 1946:

Parking of vehicles is prohibited, except that vehicles owned by the U. S. Government may be parked without time limit in the following street:

Brookline Avenue, Boston Proper.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 29, 1946.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at 2 p. m., President KELLY presiding. Present all the members. The meeting was opened with the salute to the flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted the following appointments, viz.:

Constables to serve without bond and without authority to serve civil process for term ending April 30, 1947. Thomas H. Glynn, 15 Harvard terrace, Allston; Lloyd MacLean, 142 West street, Hyde Park; Joseph Duffley, 30 Algonquin street, Dorchester; Edwin McGowan, 51 M street, South Boston; James J. Kenney, 1634 Tremont street, Roxbury.

Constables for term ending April 30, 1947, authorized to serve civil process upon filing of bond: Patrick Joseph Donovan, 35 Lorette street, West Roxbury; Louis Levendorf, 421 Warren street, Roxbury; William Tatel, 172 Seaver street, Roxbury.

Weighers of Goods for term ending April 30, 1947: Charles M. Lampron, 223 Gold street, South Boston; H. Marsden Harding, Jr., 62 Hamden Circle, Wollaston; Biagio J. Cacciola, 56 North Margin street, Boston; Paul Dennis, 79 Lewis street, Everett; Timothy R. Donovan, 247 Highland avenue, Somerville; William S. Cleaves, 116 Fenno street, Wollaston; William J. Coughlin, 59 Winter street, Arlington; Francis Foley, 120 Pine street, Manchester; Miss Mildred Isenberg, 14 Wayland street, Dorchester; Herbert Fieldhouse, Jr., 17 Forest road, Wakefield; Michael F. Allen, Frederick C. Matheson, J. E. Henry.

Weigher of Coal for term ending April 30, 1947: John F. Anglin, 508 Cambridge street, Allston. Severally referred to the Committee on Constables and Confirmations.

FIELD AT CANTERBURY AND POPLAR STREETS.

The following was received:

City of Boston,

Office of the Mayor, April 26, 1946.

To the City Council.

Gentlemen,—I transmit herewith communication from the Health Commissioner, in answer to your communication of March 25, 1946, to take immediate steps to correct the health menace in the open field which is inundated with four feet of water located at the corner of Canterbury and Poplar streets, Ward 19.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Health Department, April 22, 1946.

To James M. Curley, Mayor.

From Frederick J. Bailey, M. D., Health Commissioner.

Subject: Vacant Land, Canterbury and Poplar Streets, Ward 19.

Dear Sir,—We have your memorandum of April 1, 1946, transmitting to this department the City Council order of March 25, 1946, "Requesting the Health Commissioner to take immediate steps to correct the health menace in the open field which is inundated with four feet of water located at the corner of Canterbury and Poplar Streets, Ward 19."

The Housing and Sanitation Division of this department reports that there is a large area of vacant land partly submerged in water. There is an old drainage ditch running through this land which drains the abutting land to Stony Brook. There is a culvert under Canterbury street which is maintained by the Sewer Division of the Public Works Department through which this surface water flows.

Two factors contribute to the condition which exists, one being the height of the water in Stony Brook due to large amounts of water from surface flow-off which existed during recent weeks, the other being an obstruction in the culvert.

The Sewer Division of the Public Works Department has been at work daily attempting to remove the obstruction (which we have been informed was caused by persons unknown, alleged to be boys in the neighborhood), placing an iron sewer cover over entrance of culvert and cementing same in place, which acts to retard drainage of water, creating a large pool which was used for skating purposes during the winter months.

In an attempt to lower the height of the water so that the Sewer Division could remove the obstruction, both the Fire Department and the Public Works Department employed pumps but due to the height of the lift by these pumps these attempts have been unsatisfactory.

The Sewer Division of the Public Works Department has assured us that these efforts will be continued until conditions are satisfactory.

This department will keep this area under constant surveillance and cooperate with the

departments concerned and will take all necessary action to have the present condition abated.

Respectfully,

FREDERICK J. BAILEY,
Health Commissioner.

Placed on file.

RENOVATION OF FAIRMOUNT SCHOOL.

The following was received:

City of Boston,

Office of the Mayor, April 26, 1946.

To the City Council.

Gentlemen,—I transmit herewith communication from the Boston School Department, in answer to your communication of February 18, 1946, to take steps to renovate the Fairmount School.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

School Committee, April 26, 1946.

Hon. James M. Curley,

Mayor of Boston.

Dear Sir,—At the conference of the School Committee held on April 23, 1946, the attached report of the Board of Apportionment on the order of the City Council that steps be taken to renovate the Fairmount School or, if that is found to be prohibitive, to condemn the building and arrange for school facilities elsewhere, was presented.

After discussion of this important matter, it was agreed to adopt the recommendation of the Board of Apportionment. Copies of the report of the Superintendent of Construction and of the Board of Apportionment are attached herewith.

Respectfully yours,

AGNES E. REYNOLDS, Acting Secretary.

City of Boston,

Board of Apportionment, April 12, 1946.

To the School Committee.

Regarding the order of the City Council of February 18, 1946, that his Honor the Mayor be requested to direct the authorities of the Boston School Department to take immediate steps to completely renovate the Fairmount School, which was erected in 1871, and if the cost of renovation is found to be prohibitive, to promptly condemn and close this school and arrange for school facilities in this district which will be safe.

The Board of Apportionment submits herewith a communication from the Superintendent of Construction, dated March 29, stating that his department in conjunction with the Massachusetts State Department of Public Safety has inspected the building and proposes to immediately incorporate changes required to cause the building to conform to the provisions of chapter 143, the Public Safety Law, and that he anticipates that immediately upon the completion of the proposed work, which he states is of minor character, a certificate of occupancy will be issued by the Department of Public Safety.

The Board of Apportionment respectfully recommends that a copy of the letter of the Superintendent of Construction be forwarded to the City Council.

Respectfully submitted,

MARY L. O'BRIEN, Clerk.

City of Boston,

Department of School Buildings.

March 29, 1946.

Mr. Arthur L. Gould,

Superintendent of Schools.

Dear Mr. Gould,—Concerning your letter of March 14, 1946, in regard to City Council order relative to renovations in the Fairmount School, please be informed that this department in conjunction with the Massachusetts State Department of Public Safety have inspected the building and propose to immediately incorporate changes required to cause the building to conform to the provisions of Chapter 143, the Public Safety Law.

We anticipate that immediately upon the completion of the proposed work, which actually is of minor character, a certificate of occupancy will be issued by the Department of Public Safety.

Very truly yours,

JAMES H. MOONEY,

Superintendent of Construction.

Placed on file.

COMMITTEE ON NAMING OF PARKS AND SQUARES FOR WAR VETERANS.

The following was received:

City of Boston,

Office of the Mayor, April 25, 1946.

To the City Council.

Gentlemen,—Under date of March 4, 1946, a committee was appointed to pass upon the question of the naming of squares and parks throughout the city for war veterans.

This committee consisted of Chairman Richard L. Casey, Board of Street Commissioners, Colonel David J. Brickley, Soldiers' Relief Commissioner, and J. Ralph Granara, Supervisor of Graves Registration.

I desire, now, to add to this committee the name of William P. Long, Chairman of the Park Department, and I suggest that the President of the City Council designate three members from your Honorable Body, who will also be appointed by me to serve upon this Committee.

Respectfully,

JAMES M. CURLEY, Mayor.

President KELLY—At this time the Chair will appoint three councilors to serve on this committee, Councilors Moriarty, Cook and Coffey.

The message was placed on file.

SALE OF CITY-OWNED LAND IN DEDHAM.

The following was received:

City of Boston,

Office of the Mayor, April 26, 1946.

To the City Council.

Gentlemen,—Attached hereto is a communication from the Commissioner of Public Works, in which he recommends the sale at public auction of a parcel of land comprising approximately 11.61 acres, owned by the City of Boston, and located in the Town of Dedham.

In view of the fact that this property has not been, and is not being used by the city for any municipal purpose; and in view of the fact that taxes must be paid to the Town of Dedham annually for this land, it would appear that its sale is doubly advantageous to the City of Boston.

I am informed by the Commissioner of Public Works that several persons are interested in the purchase of this site for home-building development. In view of the acute shortage of housing accommodations, I respectfully recommend that your Honorable Body give prompt action to the accompanying order for the sale of this land at an upset price of \$3,500.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Public Works Department,
April 2, 1946.

Hon. James M. Curley,

Mayor of Boston.

* Dear Mr. Mayor,—When Hyde Park was annexed to Boston, under the provisions of chapter 469 of the Acts of 1911, there came under the jurisdiction of this department several parcels of land which had been used by the town in connection with its water supply.

These pieces of property have never been used by this department and there is no likelihood that they will be used for any municipal purposes. For some years past, this department has been endeavoring to dispose of these properties, and signs inviting inquiries have been in place on them.

One of the parcels which I refer to is an area of land containing approximately 11.61 acres, located on River and Milton streets, in Dedham, and on which, for years, the City of Boston has been paying taxes to the Town of Dedham. I have had a number of offers for this property, and in view of this fact, I feel that now would be an appropriate time to dispose of it. I am of the opinion, however, that this land should be sold at public auction, and I respectfully bring the matter to the attention of Your Honor, with the recommendation that you ask the City Council to give the Commissioner of Public Works authority to conduct an auction sale, with an upset price of \$3,500 for the lot.

I enclose in connection with this recommendation a copy of blueprint from plan dated October 9, 1940, signed by the Chief Engineer of the Street Laying-Out Department, and showing the boundaries of the land in question.

Respectfully yours,

ROBERT P. CURLEY,

Commissioner of Public Works.

Whereas, The City of Boston owns in fee a certain parcel of land situated on the northerly side of River and Milton streets in the Town of Dedham, Massachusetts. The title to the said land was acquired by the Inhabitants of Hyde Park by deed dated March 29, 1910, recorded with Norfolk Deeds, Book 1137, page 528, and vested in the City of Boston through the annexation of the Town of Hyde Park to the City of Boston by the provisions of chapter 469 of the acts of 1911; and

Whereas, The said parcel of land, hereinafter described, is no longer needed for public purposes; now therefore, it is hereby

Ordered, That the Commissioner of Public Works of the City of Boston be, and he hereby is, authorized to sell at public auction at an upset price of three thousand five hundred (\$3,500) dollars the said parcel of land hereinafter described; and it is hereby further

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized to execute and deliver in the name and behalf of the City of Boston to a purchaser at said public auction, a written instrument, satisfactory in form to the Law Department of the City of Boston, conveying all the City of Boston's right, title and interest in and to said parcel of land, bounded and described as follows:

Southerly by River street, by two measurements, one hundred forty and 65-100 (140.65) feet and four hundred seventy-five and 58-100 (475.58) feet, respectively;

Southwesterly by Milton street, by two measurements, five hundred twenty-four and 94-100 (524.94) feet and fourteen and 65-100 (14.65) feet, respectively;

Westerly by lands now or formerly of George A. Marier and Joseph Montisano, by two measurements, one hundred fifty and 10-100 (150.10) feet, and two hundred twenty (220) feet, more or less, respectively;

Northerly by Mother Brook, so called, nine hundred seventy-five (975) feet, more or less;

Easterly by lands now or formerly of George M. Riley, Salvatore Eannella, and by Paradise lane, by six measurements, one hundred six (106) feet, more or less, ninety-one and 72-100 (91.72) feet, thirty-six and 80-100 (36.80) feet, one hundred eighty-five and 57-100 (185.57) feet, one hundred eighteen and 8-100 (118.08) feet, and one hundred eighteen and 64-100 (118.64) feet, respectively; containing eleven and 61-100 (11.61) acres, more or less.

Said land and all of said measurements are shown on a plan marked "City of Boston, Milton Street, River Street, Dedham, October 9, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," on file in the office of said Street Laying-Out Department, City Hall Annex, Boston, Mass.

Referred to the Committee on Public Lands.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Herbert B. Budding, for compensation for damage to property at 90 Munroe street, Roxbury, caused by defective city sewer.

Chester A. Curnane, Jr., for compensation for damage to car by police car.

Albert W. Finard, for compensation for injuries caused by city truck.

Dorothy Golding, for compensation for injuries caused by an alleged defect at 275 Tremont street.

Beatrice Harris, to be reimbursed for eyeglasses broken at City Hospital.

Sidney Heimberg, for compensation for accident which occurred caused by an alleged defect at 15 Bicknell street.

Arthur F. Murphy, Jr., for compensation for injuries caused by an alleged defect at 47 Bradeen street.

Margaret R. Murphy, to be reimbursed for expenses incurred by defective sewer at 14 John A. Andrews street.

Reiss Realty Company, Inc., to be reimbursed for expenses incurred in repairing water pipe at 720 Beacon street, Boston.

Executive.

Petition of Eleanor M. Mullen to be paid annuity on account of death of her husband, Francis I. Mullen, late member of Police Department.

Petition of Agnes L. Welch to be paid annuity on account of death of her husband, Matthew J. Welch, late member of Fire Department.

Committee on County Accounts.

Petition of John J. O'Brien, employed as officer in House of Correction, Penal Institutions Department, to be retired as veteran.

NOTICES OF HEARINGS.

Notice was received from the Department of Public Utilities of hearing to be held May 8 on petition of Peter Pan Bus Lines for certificate of public convenience and necessity for operation of motor vehicles between Springfield and Boston.

Notice was received from the Department of Public Utilities of hearing to be held May 2 on petition of price of gas sold and delivered by Boston Consolidated Gas Company so far as relates to charges made to its customers under fuel clause contained in existing schedule of rates, prices and charges.

Severally placed on file.

OPINION OF CORPORATION COUNSEL.

The following was received:

City of Boston,
Law Department, April 24, 1946.

To the City Council.

Gentlemen,—In your order of April 15 you request my opinion "as to whether or not the Boston City Council as a legislative body is entitled to the information requested by Councilor Linehan's order of April 8, 1946, requesting statistics pertaining to the number of employees dropped from or placed on the city's payrolls since January 1, 1946, up to date."

The order of April 8, which I have before me, directed the Auditor and Budget Commissioner to furnish the above-described information to the Executive Committee of the Council. You ask, evidently, whether the executive department of

the City is required by law to furnish information of this character to your Body. In my opinion the law clearly does not impose such a duty upon the executive department.

The respective duties of the executive and legislative departments, and the relations between them, are defined by the Charter, Acts of 1909, c. 486. If the duty about which you inquire is imposed by that instrument, it can be found only in section 7:

"The city council at any time may request from the mayor specific information on any municipal matter within its jurisdiction . . .

In view of the limitation so placed upon the power of inquiry, I pass to the following question: Is the matter of . . . the number of employees dropped from or placed on the city's payrolls . . . a matter within the jurisdiction of the City Council? Quite clearly it is not. Section 8 of the Charter strictly limits the powers of the Council in this regard, providing, *inter alia*, as follows:

"Neither the city council, nor any member or employee thereof shall . . . directly or indirectly . . . take part in the employment of labor . . . nor in the executive or administrative business of the city or county, nor in the appointment or removal of any municipal or county employee. . . .

I conclude, from this clear and unmistakable language of the Charter, that your Body has no power to act with respect to . . . the number of employees dropped from or placed on the city's payrolls. . . . It follows that that matter is not . . . within . . . (your) . . . jurisdiction. . . . Consequently, you have no power to inquire with respect to it, and the executive department is not required to respond to your order of April 8. Acts of 1909, c. 486, s. 7.

It is proper to add that the present question has been considered in a number of previous opinions of this department, which have uniformly reached the result above stated. See Opinion to President of Board of Trustees of City Hospital, October 29, 1928; Opinion to Clerk of Committees of City Council, October 25, 1932; Opinion to Superintendent of Boston City Hospital, September 7, 1933; Opinion to Mayor, March 22, 1935; Opinion to Trustees of Boston City Hospital, March 17, 1938; and Opinion to Chairman of Board of Assessors, February 15, 1944.

Yours very truly,

JOSEPH A. SCOLPONET,
Corporation Counsel.

Coun. LINEHAN.—Mr. President, speaking in regard to the communication of his Honor the Mayor, if I may, I would like to have the communication from his Honor the Mayor so I may talk on it.

(The communication was handed to Coun. Linehan.)

Coun. LINEHAN.—Mr. President, last April 8, when I filed an order requesting the Budget Commissioner and the Auditor to furnish us with statistics pertaining to employment of labor in the City of Boston, I did not really expect to get the information. Of course, I have not been disappointed in that respect. I have been really disappointed as far as the taxpayers of the City of Boston are concerned. Now, of course we all realize that the Corporation Counsel is employed by his Honor the Mayor. We also know that the Corporation Counsel passes out the different things done in the Law Department to the different assistants in his department. I do not doubt that sometimes on these political questions their opinions are somewhat colored, because of the fact that there is no really legal come-back against the Law Department or the city, as you might say. Now, several weeks ago I refused to go along with the gentlemen from Ward 5 (Coun. Bayley) and Ward 4 (Coun. Chase) in reference to an order which would request the Attorney-General to compel his Honor the Mayor to give us the information that was sought in my order of April 8, because at that time—and I still think at this time—I thought it quite political to ask a Republican Attorney-General to give us an opinion against or—you might say, to take action against—a Democratic Mayor of the City of Boston who, by the way, was elected on a non-partisan ticket. I get a great kick out of the Law Department which has handled this particular matter. They quote from our Charter several lines from several sections. They do not give you the entire sections so that you may know what they are talking about. For example, they quote section 8 of the Charter. "Neither the City Council nor any member or committee, officer, or employee thereof, shall, except as otherwise provided in this act, directly or indirectly"—pausing in the middle of the quotation, I can imagine the Mayor of the city is also an employee just like the members of the City Council, so if we have not this right to go along and get information, or if we have not at least got the right to try to get information to see how money is spent in regard to employment in this city, I do not know where his Honor the Mayor gets the right. It says, "Neither the City Council nor any member or committee, officer, or employee thereof, shall, except as otherwise provided in this act, directly or indirectly on behalf of the city or the county of Suffolk take part in the employment of labor." I am going to read the full section later on. It sounds different when you read the full section. "Directly or indirectly take part in the employment of labor." Follow me there. "Take part in the

employment of labor." We are not taking part in the employment of labor when we ask for this information. We are trying to see whether or not our money or the taxpayers' money is being spent the way it was allocated. It is the money we appropriated. "Nor in the conduct of the executive or administrative business of the city or county; nor in the appointment or removal of any municipal or county employee." The other sections which they quote from are part of it. I am going to quote section 7 of the Charter. "The City Council at any time may request from the Mayor specific information on any municipal matter within its jurisdiction." And they quote that much from section 7. Then they go on quoting; after that part of section 7, they say, "In view of the limitation so placed upon the power of inquiry, I pass to the following question." They leave out some words. "The number of employees dropped from or placed on the city's payrolls." It is a matter within the jurisdiction of the City Council. That is the question to be answered. The Corporation Counsel says this, "Quite clearly it is not." Then he goes on to say, "Section 8 of the Charter strictly limits the powers of the Council in this regard, providing as follows." It is about that which I read earlier, the employment of labor. May I bore the Council again and read to them section 7 and section 8 in toto? That means all of section 7 and all of section 8 which describe just what powers the City Council has which limit employment of labor and contracts by members of the City Council as far as city business is concerned. There is the full story. I am up here today saying that the Corporation Counsel is wrong. As a lawyer, I take issue with him. Section 7 reads as follows: "The City Council at any time may request from the Mayor specific information on any municipal matter within its jurisdiction, and may request his presence to answer written questions relating thereto at a meeting to be held not earlier than one week from the date of the receipt of said questions." May I stop quoting for a minute? Will you tell the members of the Council, will somebody other than the Corporation Counsel tell the poor members of the City Council just what does come within its jurisdiction? If the employment of labor as far as just finding out the number of employees put on or dropped since January 1, 1946, up to date, if that does not come within our jurisdiction, what comes within our jurisdiction? If we are not in a position to find out the number of employees we have in the city, not the number we put on as City Councilors, not the contracts that we have received as individuals, through the City Council, none of those things, but just for the information of the taxpayers we should be in a position to find out where the money of the poor taxpayers is going. Is it being spent as it was allocated in the budget? I, as one member of the Council, dare to disagree with the distinguished gentleman up in the Corporation Counsel's office. I certainly have a right to find out how many people are employed in the city and how many have been dropped. Going on with section 7: "And may request his presence to answer written questions relating thereto at a meeting to be held not earlier than one week from the date of the receipt of said questions, in which case the Mayor shall personally, or through a head of a department or a member of a board, attend such meeting and publicly answer all such questions." If the Attorney-General of the Commonwealth believes this matter is within our jurisdiction, there is a law which can compel the Mayor to give us the information through the Budget Commissioner and through the Auditor, even though we have not got any so-called penalty against his Honor the Mayor if he does not give us the information. It goes on further to say, "The person so attending shall not be obliged to answer questions relating to any other matter." We are only asking this one matter, the question of employment. We are not wrong there. "The Mayor at any time may attend and address the City Council in person or through the head of a department upon such subject as he may desire." That is section 7. I ask that all of the members of the Council here in an unbiased manner read this section and then ask themselves whether or not this means within the jurisdiction of the City Council, and I certainly think they would agree. If they do not, we might as well close up shop and retire for the rest of the year. If we cannot ask where the taxpayers' dollars are going, then I say that we are not doing anything in this Body here for the taxpayers. Quoting section 8, "Neither the City Council nor any member or committee, officer, or employee thereof shall, except as otherwise provided in this act, directly or indirectly in behalf of the city or the county of Suffolk take part in the employment of labor." I sincerely hope the gentlemen of the Council will listen to this because this is what they base their opinion on, the Corporation Counsel. I certainly hope the Council will take judicial notice of this. "Take part in the employment of labor, the making of contracts, the purchase of materials, supplies or real estate." Then it goes along with a great many other sentences here which have no bearing on the subject matter at hand. Section 8 of course has no possible appearance in this particular discussion. The members of the City Council have taken no part in the employment of labor through this order. If any member of the Council thinks so, while I am on my feet here, I will gladly yield for them to tell me just how we are employing

labor as individual councilors. I will gladly yield for them to tell me just how we members of the City Council, any member of the City Council, has anything to do with the employment of labor, when we asked the question I propounded in the order of April 8, 1946. I will pause for anybody in the City Council who would like to tell me, and go along with the Corporation Counsel and explain that we are employing labor under this order. I will gladly yield for any councilor to tell me how the Corporation Counsel could possibly quote section 8 in regard to this order. Having paused for the proverbial minute and having no answers, I am going to assume every councilor here at least in his mind thinks that this order certainly has nothing to do with City Councilors personally employing any labor for the city or anything to do with contracting. So at least we members of the City Council think that that order has nothing to do with the employment of labor so far as we are concerned. The other thing I take issue on with the Corporation Counsel and in which I might find some difference among my many colleagues here is in regard to whether this matter is within our jurisdiction. Now, as far as I know, there is no itemized list of the duties or functions or the authority and power of the City Council. I would like to ask the clerk at this moment, Mr. President, if he can tell me of any list or any information setting forth an itemized list of the powers and authorities and so forth of the City Council.

President KELLY—Only those contained in the statute.

Coun. LINEHAN—Mr. President, may I ask the City Clerk, who is well versed in this charter and more so than anybody I know of in the city, probably on a par almost with Bill Doyle, will the City Clerk inform me as to whether or not section 7 covers everything as far as our powers are concerned, as to whether or not this order could be within the City Council's jurisdiction?

President KELLY—The City Clerk will say in relation to the matter you are talking on, sections 7 and 8 are the only two sections that apply.

Coun. LINEHAN—Mr. President, I am glad to hear that. I have been arguing with the thought in mind those were the only two sections in the Charter that can tell us poor City Councilors what powers we really have. If every member of the City Council reads section 7, I am sure in their own minds, privately or otherwise, they certainly will agree that this order which was filed April 6 the last time certainly comes within the jurisdiction of the City Council. If it does not, I would like to have some gentleman of the Council just tell us what our powers are. I say the only powers we have—if this order of mine of April 6 is illegal—I say we have no other powers other than appropriating money and enacting city ordinances. I do not agree with that. Now I may have taken a great deal of the time of the City Council in regard to this matter, but I do not think it is wasted. If nothing else, it shows this, that his Honor the Mayor has utter disregard for the members of the City Council as far as our powers are concerned. Of course, he is very fortunate. He has a great many of the City Councilors cooperating with him in almost every endeavor. So far I have cooperated with him in regard to matters which are for the best interests of the city. I have not cooperated with him in regard to matters which I thought were adverse to the interests of the taxpayers of the City of Boston. Now I beg the City Councilors, when they get a chance during the week, to read any copy of the *City Record* since his Honor the Mayor took office. You will be startled by the revelation, I think, of finding that many people have been put to work since the first of the year after his Honor the Mayor said that he was going to adopt a no-hiring policy. I do not say I agree with a no-hiring policy. I believe in putting veterans to work. But under the policy which has been adopted under his Honor the Mayor, according to the *City Record*, I am sorry to say that there are many positions being filled which have been created since the start of this administration, I believe. I have noticed inspectors being put on. A lot of them are non-veterans. In fact, all of them are non-veterans. I do not know what we have up in the Soldiers' Relief Department. As you remember, I fought to have all employees of that department veterans, and I fought for it up in the Veterans' Service Center, so called. I really do not know what they have up there. I suppose it is none of our business, according to his Honor the Mayor. Now, don't the taxpayers think it is our business? The people who voted for us and sent us into the City Council, don't they think it is our business? I think they do. I am sorry to say that I have in mind to go along with the gentleman from Ward 4 (Coun. Chase) and file an order asking the Attorney-General to enforce section 7 against his Honor the Mayor. I think his Honor the Mayor will agree that on various occasions this year he has given information on other orders which certainly are not connected with the jurisdiction of the City Council. He gave us information on those matters. Why doesn't he give it to us on this? I really do not know why. His Honor the Mayor and the Budget Commissioner and the Auditor know much better than I. Now, one reason why I originally filed this order was that as soon as I found out what information was coming back from his Honor the Mayor in regard to the number of people being put to work and the number of people dropped from the city payrolls,

I was going to check on how many veterans were getting the jobs. Frankly, I know of some in Ward 7, my home ward, non-veterans who have received some of these positions. They are not on any civil service list. I do not know whether they are employed legally or not. I do not know who is going to decide that. I do not know how we are going to find out. His Honor the Mayor will not cooperate and the Corporation Counsel thinks that we just haven't authority at all down in this Council. If those of us in the Council are desirous of seeing some unemployed veterans go to work in the city, it is about time we got going and got some information as to how many veterans are being put to work. It is a disgrace to his Honor the Mayor and a disgrace to the members of the City Council who permit it to go on. As to the opinion from the distinguished Corporation Counsel, Joseph Scoloponi, he says the councilors have not any responsibility, these matters are not within their jurisdiction. One councilor, a very distinguished councilor of the Body, says he has given us the brush-off. I am sorry to say I agree with him. I have something here which one of the ablest councilors in this Body just passed me which I am going to quote.

"Just as certain as it is our duty to pass on the budget which provides for the appropriation of salaries and wages of employees of the City of Boston, it is equally our duty to know the number of employees," and so forth. I might say before the distinguished councilor came in, I had quoted that, and none of the councilors deemed it wise or otherwise to get up and say it was not our duty. I gave every councilor an opportunity to get up and tell me whether it was or was not my duty, and no councilor stood up. I am assuming we all agree with this. I would like to ask the City Clerk at this time what is our next step, in order to get this information. Are we to go to the Finance Commission to get this information? Does the order require the signature of his Honor the Mayor?

President KELLY—I am informed the Finance Commission is the investigating body of the city, and such an order would be in order.

Coun. LINEHAN—May I ask the President at this time would that order, if filed, require the signature of the Mayor in order for the Finance Commission to act?

President KELLY—No, sir.

Coun. LINEHAN—May I file an order at this time?

President KELLY—Not at this time, councilor. After the report of the committees you can.

Coun. LINEHAN—I now give the councilors a break and take leave for a few minutes.

Coun. CHASE—Speaking on the message, Mr. President, I predicted at the time I filed my motion requesting an opinion from the Attorney-General as to the Council's powers, that the City Law Department would make a ruling in favor of his Honor the Mayor. I based my thoughts, sir, at that time on the fact that the head of the City Law Department, together with his assistants, were appointed by his Honor the Mayor. Naturally the City Law Department was not going to do anything which would be distasteful to the czar downstairs. Mr. President, I take issue with the Law Department. I am a lawyer. I have read the entire City Charter. I think I am just as well qualified as any member of the City Law Department to give a legal interpretation of the Charter. I say, sir, that from all the provisions in the Charter, the Boston City Council not only has actual power to get this information, but they also have implied power. May I call your attention, Mr. President, to the fact that there are other sections in the Charter which taken together with section 7 and section 8 clearly prove my point that the City Council has actual and implied power to get the information that we have sought from his Honor the Mayor. Section 2 of the City Charter provides that a City Councilor may originate an ordinance or loan order or may reduce or reject any item in any loan subject to the approval of the Mayor and may amend an ordinance. Section 5 of the City Charter provides "except as otherwise provided in this act the organization, power and duties of the executive department of the city shall remain as constituted at the time when this section takes effect, but the Mayor and City Council at any time may by ordinance re-organize, consolidate or abolish in whole or in part departments, whether created on or before or subsequent to the first Monday of February in the year 1910, including the Transit Department; transfer the duties, powers and appropriations of one department to another in whole or in part; and establish new departments; and may increase, reduce, establish or abolish salaries of heads of departments or members of boards. Such an ordinance may provide that all of the employees of any department or division thereof thereby abolished who are subject to civil service shall be re-appointed to similar positions, with similar status in any new department or division thereof, thereby established or in any other department or division thereof without civil service examination or legislation, and that such employees shall, upon re-appointment as may be provided in such ordinance, retain all rights to retirement with pension that shall have accrued or would thereafter accrue to them, and that their services shall be deemed to have been continuous, to the same extent as if such abolition had not taken place." Now,

Mr. President, what does this section 5 provide? We have all the necessary powers right in section 5 of the Charter through implication, sir, to get any information pertaining to the employees of our municipal government. We are vested with the authority, sir, to initiate ordinances abolishing the departments, reducing the number of employees in departments, and transferring employees. In order to carry out those powers, sir, we might by implication need the necessary information as to how many employees are located in these departments. What sort of Corporation Counsel have we got up there? This is the most ridiculous opinion ever handed down by the City Law Department. I am amazed at the audacity and the deliberate attempt by the Corporation Counsel to thwart the powers of the Boston City Council. You take the various sections of the City Charter and interpret them, and you will find that the Supreme Court of Massachusetts will uphold not only the speaker but the gentleman from South Boston (Coun. Linehan) who has sought this information. I say that the time has come when we as a separate branch of the municipal government should assert ourselves and make sure that our powers are protected. Otherwise, sir, you are going to have a government, a municipal government, similar to that government you had in Germany and similar to the government you have in Russia. You are going to have one-man rule. That was not the intent of the Legislature. In giving the City of Boston its Charter the Legislature provided adequate means to check the Mayor. They gave us the means through certain sections of the Charter to call a halt on his Honor the Mayor if we deem it necessary. I am going to move that this message be referred to the Executive Session where I have pending on the table a resolution requesting an opinion from the Attorney-General as to our powers. I trust that this matter will be referred to the Executive Session.

President KELLY—The motion is to refer to Executive Session.

Coun. HANNON—Mr. President, I hope the motion to refer to the Executive Session will not prevail. There are certain members in here for whom I have the highest esteem and deepest regard, men whom I know are absolutely sincere in their reasoning, and men whom I understand will reach a just conclusion by logical means. Those men I differ with oftentimes, but when we differ, we differ honestly. However, there are others in here who like to take the floor and holler when the shoe is on the other foot. We have been together in here for some years. During the period of years I have been here, the Charter has not changed. Now I might say the tactics of any of those gentlemen who have occupied the office downstairs have not changed, either. Things are no different now from what they were before. The only thing is that some who were in before are now out, and some who were out before are now in. Some of the boys do not like it. They cannot take it. I can understand full well why any member of this Council here believes he should be given this information. I myself believe he should be given it. The question, however, is not whether we should be given the information. The question before us is whether or not there is anything in the Charter that compels the Mayor to give us the information. Much as I like to agree, much as I dislike to disagree with the previous speakers who are likewise lawyers, all of us lawyers would starve if we did not disagree. If we agreed on everything, we would all die without a penny. We make our living on disagreements about law and the judges do the same thing. But I get a kick out of some of the fellows who have been lawyers for only a few years. They get up here and criticize a Corporation Counsel who has served honorably before the bar of Massachusetts for many years, a man whose wealth of knowledge is acknowledged by every member of the bar in Massachusetts. I say again, I think we should get this information. I agree with that premise.

Coun. LINEHAN—Will the gentleman yield for a question?

Coun. HANNON—For a question, certainly.

President KELLY—State your question.

Coun. LINEHAN—Mr. President, may I ask the gentleman from Ward 13 (Coun. Hannon) through you, sir, as a member of the City Council, while I was a member I took issue with the acting Corporation Counsel, Wilfred Doyle, our former distinguished City Clerk, in regard to an opinion about whether or not money could be appropriated for a boys' club in the City of Boston from the George Robert White Fund. At that time he, as Corporation Counsel, ruled it could not be done. I took issue with that distinguished gentleman for whom I have the greatest respect to this day. I might add we are the greatest friends. Lo and behold, a short time after that, the Probate Court ruled that the money could be appropriated for boys' clubs. It just goes to show you that the City Councilor once in a while has an idea or that a lay person can take issue with a Corporation Counsel. My question is this, if it was perfectly all right to question Wilfred Doyle on a legal question, isn't it perfectly all right to question the present Corporation Counsel?

Coun. HANNON—Mr. President, the answer is decidedly yes. It is perfectly all right to question the Corporation Counsel. I am not finding any fault with anybody questioning the Corporation Counsel. I am finding fault with certain members who question the ability of the Corporation

Counsel. I am not questioning the ability of any lawyer here. Each one of us had to be a graduate of law school and had to have scholastic attainments in order to become a member of the bar. I do not gainsay the abilities of any member but it makes me laugh when they compare themselves to some man who has served at the bar probably before they were born. That is the part I am finding fault with. Thank God, under the democratic form of government we can question the President just as well as the Corporation Counsel. Once in a while the President is wrong. So is the Corporation Counsel.

Coun. LINEHAN—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. LINEHAN—Will the gentleman yield for a question?

Coun. HANNON—Certainly.

Coun. LINEHAN—I would like to ask the gentleman from Ward 13 (Coun. Hannon) what experience the so-called distinguished Corporation Counsel had in regard to municipal law before he became Corporation Counsel?

Coun. HANNON—Well, Mr. President, I do not think I am here to defend the Corporation Counsel. I think he is well able and better able than I to do that. I do not know his years of experience. I know I have been around the city and in politics for quite a few years. I know that I have contacted him many times on many phases of both municipal and state government. I have always found him to be a man of the highest type, a lawyer to whom I would honestly and sincerely go for an honest opinion. The question we are debating here, though, is in referring the matter to the Executive Committee. Now, what good are we going to get out of sending this letter to the Executive Committee? We have discussed it here over an hour. We will send it to the Executive Committee and discuss it another hour. We are all familiar with the context and contents of the letter. I think we ought to do the same with this letter as with other letters—place it on file. I make a motion that this letter be placed on file. In closing, I would like to state the letter itself contains references not merely to the opinion of the present Corporation Counsel, but cites opinions of various Corporation Counsels down through the years. I think we should get the information. I think we are entitled to the information. But I do not think that there is anything in the City Charter which compels or forces the Mayor to give us the information.

President KELLY—There is a motion before the body to refer the communication to the Executive Session. Speaking on the motion.

Coun. HANNON—Mr. President, a point of information. I made a motion to place the matter on file.

President KELLY—There is a motion before the body to refer to Executive Session. That motion is in order.

Coun. HANNON—Mr. President, I would like to amend that motion so that the matter be placed on file.

President KELLY—I am sorry, counselor, in ruling you out of order. That defeats the purpose of the other motion. The motion is to refer to the Executive Session.

Coun. RUSSO—Mr. President, those that have talked previously have all mentioned they are attorneys. Of course, I am not an attorney, thank God. I like to try to exercise my own mind.

Coun. COOK—Mr. President, will the gentleman yield for a question?

Coun. RUSSO—No, not at this time. Mr. President, perhaps you would like to know what profession I am in. I am an undertaker.

Coun. COOK—I assure the counselor that the question is not what business he is in. I would like to ask again if he would yield for a question.

Coun. RUSSO—Not at the present time. I do not know what he is contemplating. He does not know what I am going to talk about. Let him hold off until I get on my way a bit. Mr. President, I am not at all surprised in so far as the opinion rendered by the Corporation Counsel is concerned. I do not question his integrity or his ability. However, we all must realize, as has been stated, that the Corporation Counsel is appointed by his Honor the Mayor. Wouldn't we be foolish to expect anything contrary to an opinion of the Mayor from a Corporation Counsel whom the Mayor is boss of? Let us be fair about it. We all voted in the Council unanimously to pass the order requesting this information. I believe we are entitled to it.

Coun. MUCHNICK—Mr. President, I rise at this time to find out if the counselor will yield for a question.

Coun. RUSSO—Not at this time. I hope I will not be bothered any more.

Coun. MUCHNICK—A point of order. Isn't it within our rules that the motives of city officials should not be impugned or maligned?

Coun. RUSSO—I do not know of any.

President KELLY—The Chair will rule the gentleman has not impugned anybody's motives yet.

Coun. RUSSO—Thank you, Mr. President. Of course, as I stated before, Mr. President, I am not surprised at all. I am surprised, though, at his actions, if that is what Counselor Muchnick wants, and the sincerity of the report. Of course, as suggested before, Counselor Linehan stated that the Finance Commission could ask this information. I think some means ought to be taken in order to receive the information to which

we are entitled. If his Honor the Mayor can break his word to any one of us, how easy it is to break his word with the people of the City of Boston who elected him. We have a dictator. We have had other dictators. I feel that every Mayor of the City of Boston perhaps has used his power a great deal. But the question that has to be answered by us is how long are we going to have dictators in the City of Boston? There is certainly something wrong in the Legislature. That is where the fault lies, Mr. President, and not with the people of the City of Boston who elected an individual. Mr. President, I hate to speak in the manner in which I am speaking, but I cannot sit idly by and not express at least my opinion and the opinion of thousands of individuals in our city. I will say to Counselor Linehan if he wants the information, all he has to do is to see one of the Mayor's three cohorts. He will get all the information he wants. He will not get it unless they say, "All right." What is the city coming to? Yes, I am a Democrat and have been a Democrat, although in my election I have been elected by a non-partisan vote. But there has to be a halt some time. The people of the City of Boston are the ones suffering, and the people of the City of Boston are the ones paying the tax rate. We, as their representatives, cannot receive the proper information in order that we may exercise whatever little power we have in the right direction. I would like to ask the Mayor what became of the order that was passed by this Council, introduced by me, to give the City Councilors veto power over the Mayor? Nothing has been done up to this time. Certainly they will do nothing about it. I say to the Mayor that if the Boston City Council hasn't the right —

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. MUCHNICK—It seems to me the question is on referring it to the Executive Committee. I doubt whether the counselor is speaking on that motion.

President KELLY—The point is well taken.

Coun. RUSSO—I will come to that.

President KELLY—I am letting the counselor go astray a bit. I hope he will stick to the point of referring to the Executive Session.

Coun. RUSSO—I am speaking on the motion to refer this matter to Executive Session. I am leading up to it. The reason that it should be sent into Executive will be brought out. Certainly, Mr. President, there is something wrong somewhere. I say to you, Mr. President and to all your colleagues here, unless the City Council acts in the manner in which we are supposed to act, and unless we receive the proper information we are entitled to, then we cannot function in an honest and unbiased way. If we cannot function in an unbiased way, an honest way, then I say that the people of the City of Boston ought to rise up in arms and abolish the Boston City Council because they have no power. If you have no power to exercise, then I say abolish the Boston City Council and eliminate the expense to the taxpayers of the city. If we have one-man rule in the City of Boston, so that the City Council cannot function, then there are two steps to take, either do away with the Mayor or do away with the Boston City Council once and for all, and bring proportional representation in, which I am opposed to. Here is a simple order requesting simple information. Why can't we receive it? Mr. President, I say that this matter ought to be referred to the Executive Committee. I say we ought to send for his Honor the Mayor or his representatives and make them be here. We have the power to demand that the Mayor or one of his assistants, heads of department, be present before the Executive Committee in order to answer questions, in order to give the City Council the proper information they are entitled to. Mr. President, in closing I say this is only the beginning.

Coun. COOK—Mr. President, in opposing the motion to refer this matter to the Executive Committee, I am trying to keep down to reason and not make noise. I should like to say as a lawyer I wish those who are not lawyers would stick to their profession. I might say with reference to the statement made by the previous speaker in which he thanked God he was not an attorney, I think most attorneys will say "Amen."

Coun. RUSSO—Mr. President, a point of personal privilege. I wish to inform the counselor from Ward 12 (Coun. Cook) that I did not say I thanked God I was not an attorney. I had hoped I would be an attorney. That was not my inference. He understood it that way. I say I thank God I am what I am.

President KELLY—All right. I guess that clears it up.

Coun. COOK—Mr. President, that matter having been cleared up, on the motion, it seems to me the councilors who have spoken about getting information should realize that the cure for this situation is one of two ways. First, have the Legislature amend the Charter and specifically resolve any doubts that exist now because of the language. The other way, if the Corporation Counsel's opinion is doubted, the only recourse is to the courts. I think the counselor from Ward 7 (Coun. Linehan) pointed out it took the Probate Court to resolve a doubt due to a difference of opinion between the Corporation Counsel and the councilors.

Coun. LINEHAN—Mr. President, will the gentleman yield for a question?

Coun. COOK—Yes.

Coun. LINEHAN—It happened that matter was in regard to construing a will. The question I spoke about earlier was in regard to construing a will. As a result it went to the Probate Court. This matter can go to the Attorney-General because I think section 7 can be enforced by the Attorney-General against the Mayor of the City of Boston. The question was not one for the Finance Commission.

Coun. COOK—Mr. President, in answer to the last statement, I should like to point out that, even if the Attorney-General should disagree with the Corporation Counsel, the matter still would be in doubt and the courts would be the only ones to decide the question. It is my firm conviction the only way to settle this question—and it is an important question, I agree, whether the City Council should have the power to have all the information necessary to the proper running of the city—is that the City Council should bend all its efforts to have the Legislature amend the Charter so that it would be definite and specific as to the powers, duties and responsibilities of the Boston City Council, or, in this case by proper action in our courts, to resolve the doubt that now is raised.

Coun. LINEHAN—Mr. President, will the gentleman yield for a question?

Coun. COOK—If it is a question.

Coun. LINEHAN—That is a question. I would like to ask the distinguished attorney from Ward 12 (Coun. Cook) if he would join with several other attorneys here in a writ of mandamus to compel the Mayor to give us the information.

Coun. COOK—The answer is yes. In conclusion, if that is our remedy—and I say it is our only remedy to solve this question which will come up again and again—unless we do it through the courts we will not settle it completely. We are getting nowhere by sending it into the Executive Committee.

President KELLY—The question is on referring the matter to the Executive Session.

Coun. CAREY—Mr. President, it is most unfortunate that a request of this nature should provoke a heated discussion that has even gone to the point of involving personalities. Every taxpayer in the City of Boston is a stockholder in the corporate City of Boston, and a stockholder in any business is entitled to know all about that particular business. I desire to cooperate with his Honor the Mayor. I sympathize with him. I try to believe he is endeavoring to do a good job and to restore the city as it must be restored if we are to continue. It is my opinion that not only are the members of the City Council entitled to this information, but that any taxpayer in the city naturally has a right to know the number of employees, the term of employment, the salaries and wages that are being paid, and any other pertinent information. I cannot for the life of me see why such information is being kept from the Council, because in turn it is being kept from the very people that are paying the salaries not only of his Honor the Mayor and the Corporation Counsel, but the City Council as well. It is nonsensical to try to drive down the throats of anyone that the City Council is not entitled to this information. Of course we are. Such information has been given to this Council. Previous requests have been made in years past. It should not be necessary to ask the Finance Commission or the Attorney-General or anyone else to intercede on our behalf. The request is such a sensible one, and one to which every taxpayer has a right through the City Council and the Mayor to get this information, that I cannot for the life of me believe that it would be withheld from us or from anyone else, as a matter of fact. I personally think that the quicker this argument is closed and this information is given to us, the better off for all concerned, for the taxpayers who pay the bills, for the Council here who act as directors of the city. Rather than see the matter go to Executive Committee, I feel there is another way to which we might resort in the hope of getting this information, and that is to refer the matter to the Committee on Appropriations. If we as City Councilors have a duty incumbent upon us to pass the budget which provides the money which pays the salaries and wages of the employees, naturally we have a right to know at the same time how many employees there are and what they receive in wages and salaries, and for how long they are being employed and other such pertinent information. I feel our Committee on Appropriations is capable of getting this information. It seems to me the matter might be well disposed of if a motion to refer to the Executive Session were withdrawn and a substitute motion made to refer the matter to the Committee on Appropriations and bring in the Budget Commissioner and the Corporation Counsel and let us sit down and see if we cannot come to a sensible understanding in the matter, in the hope that the information may be given not only to the individual members of the Council but to the taxpayers of the City as a whole.

Coun. MUCHNICK—Mr. President, I do not want to continue unnecessarily a debate which has become somewhat ridiculous. But I cannot let go unchallenged the remark by the counselor from Ward 3 (Coun. Russo) that Mr. Scapoloni is not acting with full sincerity. I happen to know Mr. Scapoloni. I know his standing as a member of the bar. I have every confidence that, regardless of by whom he is appointed, he will give an

honest opinion to the best of his ability. I do not think it should be allowed to stand unchallenged that that was the opinion of any one member or more members of this Council or any Council. With reference to the merits, I happen to be the one who first filed a similar order back over a month ago. I am very much interested in obtaining this information and this kind of information. It would have been a very decent gesture on the part of the Mayor if he would give us this information, but unfortunately, as the Charter is framed, we are not as matter of law entitled to it as of right. The Mayor can give it to us if he wants to be gentlemanly and a good fellow about it. If he does not want to, and wants to stick to his legal rights, the opinion of the Corporation Counsel unfortunately happens to be good law and backed up by the opinions of several of his predecessors. We can argue about this for the next ten years, but, unless the Charter is revised to give us a legal right, neither we nor the taxpayers nor anybody else can do a thing about it.

Coun. RUSSO—Mr. President, I would like to ask through you a question of the councilor from Ward 14 (Coun. Muchnick).

Coun. MUCHNICK—Of course. If it is within my limited powers—

Coun. RUSSO—I wonder if he allows every member the right to express his opinion.

Coun. MUCHNICK—I did not attempt to stop the gentleman from expressing his opinion. I was merely expressing one contrary to his.

Coun. RUSSO—Mr. President, I respect the opinion of others the same as I want others to respect my opinion. I did not say in so far as the Corporation Counsel is concerned that he has not ability. However, I do question his sincerity. I have a right to question his sincerity.

Coun. MUCHNICK—Mr. President, it was with that statement that I took issue.

Coun. CHASE—Mr. President, I want to make myself clear on two points. As to whether the Corporation Counsel was sincere in handing down this opinion, I personally believe that the Corporation Counsel would not dare differ with the opinion of his Honor the Mayor. His Honor the Mayor has already made his decision. No hired persons of his Honor the Mayor are going to take issue with him. If they do, they do not last very long. That has been the history down through the ages. His Honor the Mayor in all of his political career is the boss. He is now endeavoring to boss the City Council and to deny them information which they legally are entitled to.

Coun. COFFEY—We have been debating this for an hour and a half. I pointed out two weeks ago today that I had asked for information from the then Mayor Maurice J. Tobin. There was not any debate here. The only argument set forth was the argument by Councilor Coffey.

Coun. SULLIVAN—Mr. President, President KELLY—For what purpose does the gentleman rise?

Coun. SULLIVAN—Will you yield for a minute?

Coun. COFFEY—Yes.

Coun. SULLIVAN—I would like to move at this time, as the hour is getting late, and before certain department heads go home, there are several orders relating to housing. I would like to have somebody from the office of the Corporation Counsel, the Building Commissioner and a member of the Housing Authority here present at the Executive Session. I am going to request that these orders be referred to the Executive Session. It is something that is important and we have to work on today.

President KELLY—The City Messenger will notify the various department heads.

Coun. COFFEY—Mr. President, I introduced a similar order here a number of years ago. Quite a few members were here then. There was not any hullabaloo over the decision sent to us by the then Mayor of Boston, Maurice J. Tobin. We have been debating an hour and a half. We have not got anywhere. The Corporation Counsel made a decision and a ruling. The Mayor on several occasions has ruled we are not going to get the information. I have waited patiently until everybody on the floor had his say. Seeing we are not going to get anywhere here on it or in the Executive Chamber, I move the matter be laid on the table.

President KELLY—The question comes on laying the communication on the table. All those in favor—

Coun. LINEHAN—Before the question is put—

President KELLY—There is no debate. The question comes on the motion to lay on the table. It is a vote. Councilor Chase doubts the vote and asks for a roll call. Three members having risen, the clerk will call the roll.

The roll was called, and the motion to lay on the table was carried, yeas 12, nays 6:

Yeas—Coun. Bryan, Cantwell, Carey, Coffey, Cook, Fish, Hannon, Keenan, Kelly, Kinsella, McCormack, Muchnick—12.

Nays—Coun. Bayley, Chase, Linehan, Moriarty, Russo, Scannell—6.

SOLDIERS' RELIEF.

Coun. CANTWELL, for the Committee on Military Affairs, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of April.

Report accepted; said order passed.

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:

1. Report on appointments by the Mayor (referred April 22) of constables authorized to serve civil process upon filing of bonds as contained in City Document 44—recommending that appointments be confirmed.

President KELLY—The question is on the acceptance of the report of the committee.

Coun. RUSSO—Mr. President, a point of information. As a rule, haven't we always received a list of the names and addresses? A list was given to every councilor.

President KELLY—It is in the process of being printed, I understand.

Coun. RUSSO—I was looking forward to seeing the list on my table today. I have not seen it. This is the first I heard about it.

President KELLY—The appointments came in last week. I referred them to the Committee on Constables and Confirmations. That is the report of the committee.

Coun. RUSSO—I have no objection.

President KELLY—The question is on the acceptance of the report of the committee. It is a vote. The question is on confirmation of the appointments. The Chair will appoint Councilors Bryan and Moriarty to receive, sort and count the ballots.

The appointments were confirmed, yeas 19, nays 0.

2. Report on appointments by the Mayor (referred April 22) of minor officers paid by fees as contained in City Document 43—recommending that appointments be confirmed.

The report was accepted, and the question came on confirmation of the appointments. Committee, Coun. Cook and Bayley. Whole number of ballots 14, yeas 14, nays 0, and the appointments were confirmed.

3. Report on appointments by the Mayor (referred April 22) of constables to serve without bond and without authority to serve civil process, for term ending April 30, 1947—recommending that appointments be confirmed.

The report was accepted, and the question came on the confirmation. Committee, Coun. Chase and Russo. Whole number of ballots 14, yeas 14, nays 0, and the appointments were confirmed.

LOAN FOR CONSTRUCTION OF PUBLIC WAYS OR PERMANENT PAVEMENTS.

President KELLY called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on order for loan of \$1,500,000 for Construction of Public Ways or Permanent Pavement.

On April 15, 1946, the said order was read once and passed, yeas 17, nays 1.

The question came on the passage of the order.

President KELLY—The Chair at this time will call up No. 1 on the calendar. The question is on the passage of the order. The clerk will call the roll.

Coun. RUSSO—Mr. President, will you have the City Clerk read the order, please?

President KELLY—The clerk will kindly read the order.

Coun. KINSELLA—I would like to make a motion. I would like to move that the Body suspend the order of business and proceed to the orders of councilors, after which we can devote our time to the calendar orders.

President KELLY—It will take a two-thirds vote to suspend the rules. Do you press your motion, Councilor Kinsella?

Coun. KINSELLA—Yes.

President KELLY—Councilor Kinsella wishes to suspend the order of business so that motions may be introduced. All those in favor will please rise. It is unanimous. The Chair will withdraw calling up No. 1 on the calendar.

RESIDENCE OF CONGRESSIONAL CANDIDATES.

Coun. COFFEY offered the following:

Resolved, That the Boston City Council in meeting assembled go on record as petitioning Congress to change the present law, thereby making it mandatory for a candidate to their Honorable Body to reside in the district which he seeks to represent.

Coun. COFFEY—Before I talk on the order, I would like to have the order read again. I do not think anybody in the chamber heard it.

Coun. MUCHNICK—Mr. President, I heard the order. I think it ought to be referred to Rules without any speaking.

President KELLY—Just a minute, councilor. The clerk will read the order.

(The clerk read the order.)

President KELLY—Referred to the Committee on Rules.

Coun. COFFEY—Mr. President.

President KELLY—No debate.

Coun. COFFEY—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. COFFEY—A point of personal privilege.

President KELLY—State your point of personal privilege.

Coun. COFFEY—Orders of this nature have been introduced by the gentleman from Ward 14 (Coun. Muchnick) regarding the Boston Red Sox not allowing Negro players to play ball. We let him talk on such a matter. I ask unanimous consent to make a statement on the order I just introduced.

President KELLY—I cannot put the motion to the Body. Unanimous consent to make a statement on that particular order would be out of order.

Coun. COFFEY—I ask unanimous consent to make a statement.

Coun. MUCHNICK—If it in any way refers to this resolve, I object.

President KELLY—Well, of course, that is hard to say, if he starts to talk. He is asking unanimous consent to make a statement.

Coun. MUCHNICK—I object.

Coun. COFFEY—Mr. President, I appeal from the decision. Have I a right to?

President KELLY—I am sorry, councilor. You cannot appeal it.

Coun. LINEHAN—A point of parliamentary inquiry. Wasn't the rule changed so that you had to have three members to object to making a statement by unanimous consent?

President KELLY—No, it was not. That was just on the roll call.

Coun. COFFEY—I make a motion at this time that the Election Department not certify anybody who is a candidate for public office who does not live in the district from which he seeks office. That is my motion.

President KELLY—That motion is in order. The Chair will ask the councilor to put it in writing after he gets through talking.

Coun. COFFEY—I have another order. Mr. President, why can't I talk on that motion?

President KELLY—You are in order.

Coun. COFFEY—Mr. President, the reason I introduced this order today is the fact that for twelve years now I have held public office. I want to go ahead. I think that is my privilege. I want to aspire to higher office. I want to step aside and give somebody else the opportunity of taking my place in the Boston City Council. So far I have been fortunate enough for the past eight years to defeat all opposition. I want to advance myself the same as each one of us here. The reasons I am going to give today are numerous. How can a man advance himself for higher public office when the Boston press will pick up a millionaire, a fellow that comes here from New York and files papers for Congress in a district in which he does not live, in a district in which he has no contacts whatever, in a district from which he and his father before him severed all connections? They have held a mortgage on practically every house in the East Boston Project and collected on every one when the project went in. In one house next door to my mother, the woman not only lost her house to the Boston Housing Authority, but handed the money over to the Columbia Trust Company. She had thirteen dollars left after she lost her house because of the size of the mortgage they held. For the past four years I filed for Congress in the district in which I was born and raised, the district in which I stayed. I did not go to New York because there was more money there for me or because my dad set me up in business with the money he took when he left East Boston. I am still in the district and proud of it. For the past four years I filed for Congress. I stepped aside for only one reason. I could not win with Jim Curley in the contest. I knew that. I was not going to waste my money and time in a hopeless task. I might have been instrumental in one of those two contests in defeating Jim Curley by taking enough votes in the Eleventh Congressional District to harm him. My reasons are numerous. In the present contest now we have a man from New York, John Kennedy. James G. Colbert is in the room. He is a reporter for City Hall from the Boston Post. He wrote an article saying that this man lives in the West End. That is a deliberate falsehood. He took a room at the Bellevue Hotel so he could be in our district. He does not live in an apartment house like I do. I do not own my own home. It is a three-story house. He comes to Boston and lives at the Bellevue Hotel. It does not say in the newspaper that he lives at the Bellevue Hotel. It says he lives in the West End of Boston. They want to say to the voters of the Eleventh Congressional District that he is a bona fide resident. We know he is not. For the past twelve years the man lived in New York. If he wants to run for Congress, why doesn't he run from New York City? Boston is the place he gave up twelve years ago and left to make his fortune in other places. What burns me up and gives me my reason for filing this order is the article "The Political Parade" yesterday in the Boston Post. I have as much sense as anybody in the room. I fought the Boston Post before. I fought this gentleman before on the floor of the Council. I have attacked him several times. I am going to attack him, if I have reason, forever. I want my share. I want my break the same as the next fellow. I can be put down at the bottom of the list and I will not object. But I am not going to be cast off as a nobody when I have held office longer than anybody in the Congressional contest. It galls me and makes me sick to my stomach. Young Kennedy, the naval hero! Sure he is! God bless him! Three million five hundred

thousand others in the Navy were heroes the same way as my kids and your kids and your brothers. They are all heroes. My kid is in a convalescent hospital now, with malaria. He is a hero as well as young Kennedy. He hasn't Kennedy's money. His picture was not in the Boston newspapers when he came home with Roche, who kicked a waiter to death in a drunken party. His picture was not in the paper with Roche. He hasn't the money Kennedy has. That is why his picture is not in there with McCormack and Tobin and Roche. The kid would not want his picture in there. He has taken a back seat, working at \$30 a week and glad to work for it. He fought for two and one-half years in the jungles of Burma. He has malaria. He does not get a write-up in the Boston newspapers. Can the reporters be bought? You answer the question if they can be bought or not. I heard them two years ago on this next floor say to a councilor from Ward 21—"You want a write-up? Sure, I will give you a write-up like I gave your opponent. How much money have you got?" I heard that, and I used it on the floor. This is my reason for it. To start off with, "City Councilor Michael L. Kinsella of Charlestown, one of the leading contenders against John F. Kennedy." Who is John F. Kennedy? His grandfather made his money in liquor in East Boston. He ruled every saloon. If you did not buy his liquor, you could not buy a saloon. I know it. My brother Tom grew up with Joe Kennedy. He went on with the bank until he got all the mortgages on the properties. He got all he could out of the district. I do not know anybody in the district who can say Kennedy ever put a basket on their table. Of course it burns me up. Why is it a man with money can take over a district, take over the newspapers, and get all the publicity he wants? We who served our apprenticeship in small offices are supposed to step aside. We are supposed to be cowards. If we do not, the press will get after us. He has everything. He plays the churches. He goes to church after church to see the priests in these churches and make appearances with them, make a speech, and all the time in the back of his head is the idea he is going to seek public office. They tried to get him into the Lieutenant-Governorship fight. He could stand being the bank roll for the Democratic party. When he knew Paul Dever would defeat him, he stepped into the Congressional fight in a district in which he had no right to run. Getting back to yesterday's Boston Post and my reason for introducing the order, the article tells about the candidates seeking public office. It goes on to say in the headlines, "To quit Congress fight." Then it says, "City Councilor Michael L. Kinsella of Charlestown, one of the leading contenders against John F. Kennedy." John F. Kennedy is out front, according to Jim Colbert. I do not blame him. If there is a buck in it, good luck to him. I do not blame his editor. I do blame those who holler for a free press. I cannot see a free press where a man can take his pen and write a column and make an unknown leader and contender, and a man in office for the past eight years is going to quit the contest! I do not know whether he is going to quit. I never asked him. "City Councilor Michael L. Kinsella of Charlestown, one of the leading contenders against John F. Kennedy, naval hero of the Pacific fighting and son of the former ambassador to Great Britain." It does not say the ambassador quit when the bombs were falling, resigned and came home. That is left out. That is not there. We know it. They are related now to the families of England, the high families. That is why the ambassador wants to give them four billion dollars in a loan. To hell with the veterans walking the streets! Give them \$20 a week, but give England four billion. The ambassador wants it. It says, "Son of the former ambassador to Great Britain, for the Curley seat in Congress. Kinsella will probably retire from the race before the end of the week and make his bid for the seat in the State Senate from the Second Suffolk Senatorial District." I do not know whether Councilor Kinsella talked with Jim Colbert or not. I do not know what his intentions are. I will bet Leo \$500 right now, and I will put up any kind of forfeit that he wants, right in this room, up to \$500, that he does not run for Senate. That bet goes. I brought the money in, knowing I was going to make that statement. This paper is lying, and Leo Kinsella is not a candidate for the State Senate. There is an easy \$500 for him to spend on his campaign. I will put it up. "Representative Enrico Cappucci of East Boston is also expected to pull out of the fight and run for re-election to the House." We know that. Everybody knows it. "In addition to Kennedy, Kinsella and Cappucci, the candidates of any real political stature in the race to succeed Curley on Capitol Hill are Francis X. Rooney, head of the English Department at Somerville High School." Who is Francis X. Rooney, a Colbert stooge, a Kennedy stooge, or both? The fact remains the man is an unknown. I do not know him. I have been in office a dozen years. I doubt if anybody here knows him. You might know of him, you might know him personally, but I know the great majority of voters in the Eleventh Congressional District do not know the man. It is a red herring to deceive the voters. They tried that on Reilly last year. Look where they finished. They will end up the same way if they keep it up. They holler for a free press. Why have a free press? State facts. The Globe is very conservative. The

American and Record are decent. The Herald will attack you today and, if you introduce a half decent order tomorrow, they will give you a write-up. It has been proven. I have attacked the Herald and I found myself getting a licking. When I introduced decent legislation, they wrote me up. Once in awhile the Globe writes up an order I introduce, and the same thing is true of the Record and the American. They might put in Kennedy's picture, but at the same time I know I can go down there and say to them, "I am a candidate for public office," and I can give them my record. I do not think they would withhold it. I think they would publish it the same as Kennedy or anybody else. I have good friends on the Post. I know most of them. Most of the time I know what Colbert is thinking. I know what his editor is thinking. He knows I know it. I have good friends on the Post. I have never come to them for anything. I never will. That is the reason I have introduced this order. Let us keep this fight decent. Let us keep it right. If Kennedy can win as an outsider with two million dollars and buy up the Eleventh Congressional District, nobody is to blame but the voters. Let him have it. He won't have it without a fight. Definitely he will not have it without a fight. I have stepped aside twice for Jim Curley. He did not live in the district. He has done so much for East Boston it would be foolish to run against him. The same with Councilor Kinsella. He got out because he knew it would be suicide to make a fight, a hopeless fight. If we stayed in, we might have defeated him. We might have elected Eliot. I did not want Eliot to be my Congressman. I preferred Curley. I got out of two contests. Now, what am I supposed to do? Am I supposed to quit? We go back. "Cambridge City Councilor Michael J. Neville, former Democratic leader of the House; Miss Catherine E. Falvey of Somerville, former Major in the WAC; City Councilors James S. Coffey of East Boston and Joseph Russo of the West End; John F. Cotter of Charlestown, Mayor Curley's Washington secretary; former School Committee member Joseph Lee of the West End; and former Councilor Henry Selvitella of East Boston. How many of them will remain in the field is uncertain." We are all supposed to step aside, aren't we? This kid was a naval hero. I had a kid run against me for the City Council. He was quite a hero with General Hodge's outfit. He was wounded a couple of times. He was knocked out of a plane in German territory. He was in the French underground and escaped. He made his way back after his folks at home were notified he was killed. He was a nice, clean-cut kid. He made a fight for the City Council and ended up with 600 votes. If Kennedy gets more than 600 votes, it will cost him five dollars a vote, at least that. I think you gentlemen will have to agree with me whether you like it or not. It is about time that something was done. My order should not have been sent to the Committee on Rules. It is city business. I say definitely it was city business because it was pertaining to the City of Boston. The Eleventh Congressional District, with the exception of Cambridge, is in the City of Boston. I might let Kennedy know this, before he even gets to first base—he needs a solid Irish vote in East Boston. The Italians do not know the kid and never saw him. I doubt if there are a hundred people left who will know either him or his father. They severed their business connections years ago. They got rid of the bank. They picked up all the mortgages on the project. Whether they have anything to do with the project, I do not know. They had a mortgage on every fourth or fifth house in the section where the housing project is. I think I am fair. This order I have introduced now by motion or voice is nothing compared to a real order, an honest order. As a matter of fact, it is the business of the City of Boston, with regard to the Congress of the United States, that we should go on record saying they should change their laws so that a man running for office should at least live in the district which he represents. Civil Service insists on that. In 99 out of 100 cases that is so. Why should it pertain to Civil Service? It should be any office, whether it be the Legislature, the City Council, Congress or anything else. I say it is a shame when a kid can come on here whose father has good contacts, plenty of money at his disposal, and can come on and get the newspapers to make him the outstanding candidate—an unknown, a man who never held office. At least, each one of us, his opponents, has had political experience. We have served our stewardship. What are we supposed to do, because there is a bundle of money behind the kid, step aside and let him come in from New York, having left Boston twelve years ago, and take a room at the Bellevue Hotel and be a candidate for Congress, get write-ups and pictures in the papers? Are we supposed to turn yellow and quit and step aside and let him have the seat? We will find out what happens between now and election day.

Coun. MUCHNICK—Mr. President.

President KELLY—Talking on the order?

Coun. MUCHNICK—Yes, sir. While I do not feel it is necessarily incumbent upon me to attempt to defend James Colbert, and I will not, I honestly feel he probably feels flattered in the abuse he just took because of the source. I would merely like to ask one question. If this motion that is now being sponsored so vigorously by the gentleman from East Boston is of such great importance to Boston, and not merely a question of personal

importance, I cannot understand why it was not introduced by him four years ago, or two years ago, when the present incumbent in that office was a candidate and was not himself a voter of the district. It seems to me we are going pretty far afield in the Boston City Council if we are going to make it a place where candidates for public office can hold individual rallies in behalf of their own candidacy. I do not think we ought to attempt to instruct the Election Board in its duties. They have the advice and counsel of the Law Department of the city. They know how to run their own affairs. It seems to me we probably would be wise to run ours.

Coun. COFFEY—A point of order.

Coun. COOK—Mr. President.

President KELLY—Councilor Cook not having spoken.

Coun. COOK—Mr. President, I would like to find out, before this goes further, whether we have any power under the present laws to have the Election Commissioners refuse to certify anybody under the present Congressional or national laws?

Coun. COFFEY—Mr. President, I have no objection to the order being killed. I have had my say.

President KELLY—I am trying to get an answer for the councilor. Will you restate your question?

Coun. COOK—My question is whether this order is of any effect so far as the present law is concerned.

Coun. COFFEY—Mr. President, I would like to ask Councilor Muchnick a question.

President KELLY—Wait a minute. Councilor Cook has not yielded. I am trying to get the answer to Councilor Cook's question. This order is merely a request order asking the Election Department to do something which may or may not be in their power.

Coun. COOK—I therefore move it be laid on the table.

Coun. COFFEY—Mr. President, a point of order. I would like to ask the gentleman to withdraw that until I can ask a question of Councilor Muchnick.

President KELLY—Will you withdraw the motion?

Coun. COOK—I assume he expects Councilor Muchnick to answer. Yes.

President KELLY—The motion is withdrawn.

Coun. COFFEY—Mr. President, I would like to ask the councilor this question. He can answer if he wants to. If he does not want to, he does not have to answer. He has called the members rubber stamps for being Curley stooges. I would like to ask him if he has done an about-face and is going to vote for the loan orders today.

Coun. MUCHNICK—Time will answer that question very well.

Coun. COFFEY—That answers it perfectly.

Coun. COOK—I press my motion to lay the order on the table.

President KELLY—There is no debate.

The question came on the motion to lay on the table, and the motion was carried.

ACTION OF MEMBERS OF PORT AUTHORITY.

Coun. COFFEY offered the following:

Ordered, That the members of the Boston Port Authority be requested, through his Honor the Mayor, to spend less time in talk and more in actually accomplishing benefits for the citizens of Boston.

Coun. COFFEY—I will be brief in this. I have had about all I want to say on the other matter. We know in the Port Authority that cute, little, wise, old John F. Fitzgerald is on the Board and has been on the Port Authority for a number of years. He has been hollering Port since before I was born, and that is 47 years ago. He came up a few years ago and asked me to give him a vote on the loan order for the Port of Boston. You know what it was for, the measly \$14,000. We killed it. It was for salaries of those who did not live within the City of Boston. We at the time did not think it was necessary for us to appropriate \$14,000 to give to employees of the Port Authority who did not live within the confines of the city. Now, John F. Fitzgerald is still on the Port Authority. When Governor Tobin gave him his appointment, you remember the people in South Boston at the pier, the fishermen and longshoremen, and other groups went up to Governor Tobin in person, objecting to John F. Fitzgerald's appointment. All he has done is talk. He has not accomplished one thing for the Port of Boston in the past 50 years. The Port of Boston is as old and decrepit as John F. Fitzgerald himself. Now, he is running around, saying, "Now, my good fellow, will you give a vote to my grandson, Kennedy?" He is the logical candidate. Who does John F. think he is? He has kidded the people for 50 years. He made a statement in the Parker House in the presence of some councilors. My dad was his friend; he came out on a stretcher 40 years ago to vote for John F. In my first fight with Susie Donovan, John F. was putting the needles in me. Susie went down to defeat until she finally passed out of the picture as far as politics are concerned. Now, we have Kennedy's dad in the Maritime Commission. He, too, wants to do wonders for the Port of Boston. He has always been interested in the Maritime Commission. There is a buck in it for Joe Kennedy. The reason for my introduction of this

order today is to get some action. All we have heard is talk. There is no work going on in the Port of Boston. The kids are walking the streets who came back from the war. They cannot live at the Bellevue Hotel. You cannot get a room there for \$20 a week. You are lucky if you can get a room anywhere, especially those unfortunates who haven't a dime to their names. What is Kennedy going to do, go to Congress and take care of that overnight? I would like to see him with his experience. He would be at a loss. He is at a loss now. He wrote a book "While England Slept." He should write a book, "When My Grandfather John F. Fitzgerald Slept and the Port of Boston Died."

The order was passed under suspension of the rule.

Coun. COOK—Do I understand this order has passed? I wish the President would call the vote again. I did not hear any of the results.

President KELLY—The gentleman moves reconsideration. The clerk will read the order. (The clerk read the order.)

Coun. COOK—Mr. President, I have the same objection to this order that I had to the previous order. The councilor had his say.

Coun. COFFEY—The gentleman is out of order. President KELLY—Are you moving reconsideration?

Coun. COOK—Yes; I understand the motion passed.

President KELLY—That is right.

Coun. COOK—The President asked me if I wanted reconsideration. I said yes. I have the same objection to this order as the previous one. It accomplishes nothing. I do not think we ought to have it on our records. The talk has been given. The purpose for which the councilor made it has been served. It should not be in the records of the Body as a whole.

Coun. COFFEY—Mr. President, talking on reconsideration, I hope reconsideration does not prevail. Anything that will get the Port of Boston Authority into action and get us some work, get the port fixed up, the docks and waterfront fixed up, is of importance. It will put the kids to work who belong to the 9-20 Club. These men are veterans. That is what the order is for, to get some action, to get some work done.

Coun. COOK—Mr. President, will the gentleman answer a question? I want to know how the councilor from the First Ward (Coun. Coffey) thinks this will get some action.

Coun. COFFEY—Mr. President, no doubt the Mayor of Boston has influence over the waterfront of the City of Boston. If he calls the Port Authority in and tells them to get to work, if he asks them what docks they want done, what work they want done, and gives them orders to go ahead and do it, we will get some action. We will not if we are going to listen to them and to the newspapers. There has been no action up to now. That is why I am asking for it.

The question came on the motion for reconsideration. The motion to reconsider was lost, and the order stood passed under suspension of the rule.

FENCING OF MOTHERS' REST AREA, CHARLESTOWN.

Coun. KINSELLA offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Board of Park Commissioners to complete the fencing in of the mothers' rest area at Hill and Cook streets, Ward 2, Charlestown.

Passed under suspension of the rule.

REPAIR OF CERTAIN SIDEWALKS, WARD 2.

Coun. KINSELLA offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to undertake at once the repair of the sidewalks along the side of the play area of the Boston Housing Authority at Bunker Hill and Chelsea streets, said sidewalks being particularly located between Hunter and Chelsea streets on Bunker Hill street, Ward 2, Boston.

Passed under suspension of the rule.

Coun. KINSELLA—Briefly, Mr. President, within the last year, while the Boston Housing Authority was developing an area for recreational purposes, the truckers had occasion to run over the sidewalks to get to and from a cleared lot of land. I am informed the sidewalks were broken and knocked out of kilter, with the result that several people have fallen there in dark spots which the street lights do not reach, and have sustained personal injuries. So far none of them has said to me that he or she intends to sue the city. All they ask is that the Street Department, if it is properly in their jurisdiction, considering the property that abuts, get busy and repair the sidewalks. I hope the order will go along and be passed under suspension of the rule so we may have immediate action.

The order was passed under suspension of the rule.

LEGISLATION FOR PARKING SPACES BY EMINENT DOMAIN.

Coun. CHASE offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to

request the Legislature to put every possible provision in the proposed "legislation for parking spaces by eminent domain" in order to prevent land grabs.

Coun. CHASE—I have not had time to draft the proposed order as yet. I think, inasmuch as it involves something of interest to the taxpayers of Boston, I should speak now on my proposed order and submit it to you later in writing. Mr. President, there is a bill now pending before the Massachusetts Legislature which is of vital concern to the City of Boston. My motion will be that the Corporation Counsel be requested, through his Honor the Mayor, to request the Legislature to put every possible provision in the proposed legislation for parking spaces by eminent domain award to prevent land grabs. Mr. President, the bill which I have in mind is advocated by the Boston Chamber of Commerce apparently and by the Boston Real Estate Exchange. It is advocated by other gentlemen who are interested in the welfare of the City of Boston. The bill was signed by one Peter Jordan, majority whip, from Revere. I, with other members of the State Legislature, was invited to attend a dinner to hear the proposed legislation discussed and to become acquainted with it. It was my first opportunity of learning about this. Briefly, this is what the legislation will do if enacted. It will authorize the City of Boston to borrow \$5,000,000 for the purpose of buying up parcels of property throughout the city and paying about 10 per cent over and above the assessed valuation, the city to go into the business of conducting parking lots. It is supposedly sponsored for the purpose of relieving the traffic situation in Boston, which we all know is pretty bad. Some remedy should be given. But this provides that his Honor the Mayor and the Boston Board of Real Estate Commissioners, together with the Street Commissioners, shall be the sole governing authority in the selection of the sites and the taking by eminent domain. Now, Mr. President, I heard the gentleman who is the lobbyist on behalf of the bill, Mr. Sheridan, former member of the Governor's Council, was paid between \$10,000 and \$15,000 for trying to put this proposed legislation through. I told him, sir, on the floor of the luncheon room that I fully recognized the traffic situation in Boston, and that I proposed to do everything within my power to relieve it. But I also said that I had in mind that we have in this city many land barons in possession of properties which have been milked dry over a period of years, which carry very high assessed valuations and which today cannot be sold for anywhere near their assessed valuation. In many cases these properties will be taken over by the city for non-payment of taxes. Having held public office for ten years, I have become acquainted with the ways and means of some of our so-called better citizenry who believe in legal larceny. When I say legal larceny, I mean, that if any legislation is enacted where the taxpayers of the city will be forced to buy barren buildings, depleted, dilapidated buildings in downtown Boston at their full assessed valuation, or even higher than their assessed valuation, properties which cannot be sold for 10 per cent or 20 per cent of the assessed valuation because they carry no value, properties which in two or three years will be taken over by the city for non-payment of taxes, I am against any such proposed legislation, and I said so on the floor of that luncheon room. I am opposed to any legislation which would enable the land barons to put across any steal on the taxpayers of Boston. Now, sir, this bill, if enacted, will enable his Honor the Mayor and the Real Estate Commissioners and the Street Commissioners to step in and sell certain properties, taken by eminent domain, and pay their full assessed valuation under the guise that they are going to help relieve the traffic situation in the City of Boston. I do not take issue with anyone that we do not have a bad traffic situation. I admit the fact. I am fully aware of the fact that we have had land steals in the past. The land barons who on many occasions have criticized men in public office because of the high tax rates do not hesitate to put over legal steals. This bill which is proposed by the majority whip is full of loopholes. There are no adequate safeguards to protect the taxpayer in Boston, the little taxpayer in Jamaica Plain, West Roxbury, East Boston, and elsewhere, from paying \$5,000,000 because some bankers or some big real estate exchange have a lot of property on their hands that has been milked dry and they cannot sell, and which they realize that the city is going to take in a few years for non-payment of taxes. This is a perfect bail-out, a bail-out at the cost of the taxpayers. I feel that I should give my colleagues in the Council notice that there is such a bill before the Legislature. There is nothing in that bill which provides for the sanction of the City Council. It is all within the little control of his Honor the Mayor, and the land barons are willing that it be that way. Well, I do not like the odor surrounding it. No one can accuse me, sir, of saying that I am attempting to criticize his Honor the Mayor because I am a Republican and he is a Democrat, and the sponsors of the bill, of which there are many, have people within my own party. As a matter of fact, the one who actually attached his signature to it is the so-called majority whip of the Republican House of Representatives. I say that this proposed legislation, if enacted in its present form, will make it possible to have too much graft and

corruption. I am not against the creation of more parking space in the City of Boston. We have a traffic situation which does exist and which should be remedied. But I say that simply because we have a bad condition which exists does not alter the fact that the taxpayers of the city should be made to pay the costs of a legal steal to the tune of \$5,000,000. I say that every possible safeguard should be provided in this proposed legislation, so that the citizenry of the city will be adequately protected. Now, sir, I have given this information to the members of the City Council, who I do not believe know anything about it up to this point. But that bill is pending before the Legislature. We are not considered in it, to my knowledge. It is a little concentration of power. Certain organizations in the city are willing that his Honor the Mayor have that power, and apparently the majority whip of the Legislature, the gentleman from Revere, is also willing that his Honor the Mayor and his appointees shall have sole power. Apparently the Chamber of Commerce and the Boston Real Estate Exchange and other organizations who have the reputation of trying for improvements and who enjoy a good reputation also approve of his Honor the Mayor having this power. It looks as if this proposed legislation might go through. I thought it behooved me, recognizing the possibility of legal larceny taking place under the proposed terms of the legislation, I thought, sir, that the public should be acquainted with this, and acquainted with it fully. The bill as drafted does not assure me that this thing can be carried out for the full benefit of the public in this city. When I say that, I mean there is no assurance that the parcels of property to be selected by his Honor the Mayor and his other appointees will be in places where they will relieve the traffic situation. There is no assurance that parcels of broken-down property down around Atlantic avenue and other places that are tumbled down or vacant, and carry high assessed valuations—which land the city will take anyway in a couple of years for non-payment of taxes—there is no assurance that these buildings in remote sections of the city will not be taken for the supposed purpose of relieving traffic. There is a lot involved. It is five million dollars which the taxpayers of Boston will eventually be called upon to pay. One man with his appointees will have jurisdiction over it. The Boston Chamber of Commerce and Boston Real Estate Exchange have criticized you and me on many occasions because of our failure to cut the tax rate. Apparently they are willing his Honor the Mayor shall have this power. It may be all right, but I say, sir, the present bill, in the form in which it is, is capable of inflicting upon the citizenry of Boston a legal larceny of five million dollars. I say that this bill never should be passed in its present form, that it should be corrected so as to prevent any possible land steals. I hope my colleagues, because of my brief resumé of the facts surrounding this bill, knowing their willingness to correct the traffic situation, will somehow communicate with their representatives from Boston their thoughts on the matter. I know I am willing to go along with any reasonable piece of legislation which will help remedy the traffic situation. I am sure my colleagues here will. But I will not go along with this piece of legislation which, to my way of thinking, will enable land barons to get a lot of money and make it in collusion with others. I think we should make every effort to see that adequate safeguards are provided in this legislation in order to protect the taxpayers of the City of Boston.

President KELLY—Councilor Chase asks suspension of the rules and passage of the order.

Coun. HANNON—Mr. President, I do not know what the order is. We would be put in a peculiar position. I do not think the gentleman is familiar enough with the wording of the legislation. We have a Committee on Legislative Matters. We ought to look into it. I would like to say to the gentleman from Beacon Hill that we should make this subject to the approval of the City Council. Let us get action at the Legislature. I am not going to make a motion. I object to suspension of the rules and adoption of the order until we know what it is about.

Coun. FISH—Mr. President, let us have the order read, please.

(The order is read.)

Coun. FISH—I move it be sent to the Legislative Committee.

President KELLY—The order is referred to the Committee on Legislative Matters.

Passed under suspension of the rule.

PARKING ON MASSACHUSETTS AVENUE, WARD 4.

Coun. CHASE offered the following:

Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to conduct a survey amongst the merchants on Massachusetts avenue with a view to determining the advisability of reducing the parking privileges on Massachusetts avenue, Ward 4, from two hours to one hour.

INVESTIGATION OF NUMBER OF CITY EMPLOYEES BY FINANCE COMMISSION.

Coun. LINEHAN offered the following: Ordered, That the City of Boston Finance Commission make an early investigation of the number of both temporary and permanent employees of the City of Boston eliminated and dropped by pensions, resignations, etc., and the number of permanent and temporary employees added to the pay rolls of the City of Boston; also include the number of war veterans employed by the City of Boston from January 1, 1946, to date. These statistics shall be compiled for the period of January 7, 1946, up to the date of report.

Coun. LINEHAN—Mr. President, for the first time since I have been a member of the Boston City Council I have signed and filed an order asking the Finance Commission to make an investigation. I always thought the time would never come when I would do that. His Honor the Mayor forced me to do so. If you noticed, as the clerk read the particular order, there is a slight change in it, in fact, two changes. First, the Finance Commission will make the investigation. I also said near the end of it that we will have a report on the number of World War veterans put to work for the City of Boston since the first of the year. Now I think earlier the councilors agreed we should get this information. I sincerely hope they have not changed their opinions. There is no other way we can do it without going to the Attorney-General and to the court. I personally will not go to the Attorney-General or to the courts without taking all the available steps necessary in our city government. The next step is the Finance Commission. Personally, I do not know what the Finance Commission is going to find here. But I think we ought to find out just what the city's situation is, whether it is to the credit of his Honor the Mayor or whether it is to his discredit. It is about time we members of the City Council started to get going and do something for the veterans. As you know, his Honor the Mayor, according to the *City Record*, in one of his speeches said most people were giving lip service to the veterans. Up to this time I certainly have not seen any orders or any requests from him to assist any veteran, unless you want to consider the veteran service center which he abolished—and then put in a new board and put in his own men. I am not going to talk any longer. I am going to assume the Council is going along with it, due to the fact it is the only means available which is left in the city by which we can get this information. I sincerely hope the Council will go along with it.

The order was passed under suspension of the rule.

CONFERENCE RE CATHEDRAL HOUSING PROJECT.

Coun. LINEHAN offered the following:

Ordered, That his Honor the Mayor arrange at the earliest possible date a conference in regard to the proposed Cathedral Housing Project and include in the invitations to this conference the following: members of the Boston Housing Authority; City of Boston Building Commissioner; representatives of the State Department of Public Safety; representative of the Massachusetts State Housing Board; representative of the Federal Public Housing Administration; President of the Massachusetts Senate and Speaker of the House of Representatives and members of the Committee on Housing of the Boston City Council. This conference is to be held for the purpose of overcoming the present City of Boston building laws which prohibit the construction of the Cathedral Project at the present time, according to a ruling by the Building Commissioner.

Coun. LINEHAN—Mr. President, if you can get some of the councilors quiet, we might impress them with the purpose of the order.

President KELLY—Quiet, please.

Coun. LINEHAN—Mr. President, for one year, the year 1945, up to January, 1946, I served as an unpaid member of the Boston Housing Authority. My term expired the first or second week of January. His Honor the Mayor saw fit to replace me with his own appointee. I am mentioning this merely to show you I am fairly well acquainted with the Cathedral Project because, while I was a member of the Board, we considered the Cathedral Project day after day through the year 1945. We had trouble with architects. In fact, we finally had two architects design the project. Lo and behold, the latest design was approved by professors of housing and architecture. I wish the gentleman from Ward 12 (Coun. Cook) would stop waving his hand. He is pretty good in talking himself.

Coun. COOK—I hope the councilor does not misconstrue my motion. I was motioning to some one in the gallery. I have the greatest respect for the councilor from Ward 7 (Coun. Linehan). I am listening with deep interest.

Coun. LINEHAN—I wish he would look at me. It happens I am trying to give the councilor information which I think is important on a very vital subject which confronts the City of Boston—housing for veterans. As I said before, Mr. President, we have had quite a few obstacles to

overcome in the Cathedral Project. Finally, we thought we had them all solved or overcome. We had the State Board of Housing approve the plans. Then finally the Federal Public Housing Administration approved the plans. Mind you, this took months. While all those months were going on, the war veterans were coming back from war. Many of them were married and had children, and were trying to get a place to live. I am assuming all the councilors read the publicity that has been in the newspapers in the last few days on housing. Therefore, they are acquainted with the fact we do need housing for veterans. Well, coming down to nearly the end of 1945, under the administration of the last Mayor of this city, before the inauguration, you might say, of the in-coming Mayor, just when we thought we had that project ready to go, all approved by the State and Federal agencies, which was required, and during that time we also had representatives from the Building Commissioner's office in 1945 coming up and looking at the plans and expressing the belief it was a very good plan for the type of housing desired, with all of this approval, out of a clear sky in 1945 while I was a member of the Housing Authority, the Congressman, now Mayor of the City of Boston, objected to the height of the building. Can you imagine? After we had been talking and discussing the plans for this Cathedral Project, after all of that, a member of Congress in 1945, who certainly had access to the Boston Housing Authority and to the Federal Public Housing Authority to see what was going on, after all the money had been spent—\$90,000, they say, has been spent for the plans—he voices his objection because we have twelve-story buildings and ten-story buildings, all the way down to whatever they have. Now, of course, at that time he was not Mayor of the city. He was Congressman. I might say to the credit of the last Mayor of the city, seeing he does not get much credit around here, not once did Mayor Kerrigan ever interfere with me. I believe that goes with every other member of the Housing Authority. Not once did he interfere with the workers of the Boston Housing Authority. Now, the Congressman said he objected because he wanted one and two-story buildings in the Cathedral Project. As a matter of fact, the Congressman must have known as a Congressman and as a public servant that you could not, under the law and under the regulations which apply to housing, build one and two-story buildings on that particular site because of the high cost of the land. It was legally impossible. He as Congressman probably knew it. It is all right to have him say he wanted one and two-story buildings for veterans, but I as a veteran say isn't it much better to have many more apartments that take care of many more veterans in that particular site? I think there are 512 or 514 apartments under the present plan. Under Congressman Curley's recommendation, if it was possible to put it into effect, I do not think we would have had any more than 50 or 80 apartments at the top. I think the gentleman from Ward 8 (Coun. Hurley) is more familiar with the particular site as to the dimensions and as to whether or not you could have more apartments than that. Now, what did we run up against? We ran up against an obstacle in the building code of the City of Boston, which, by the way, was adopted by this Honorable Body on May 17, 1943, and later, on December 20, 1943, amended. I dare say there were not many councilors who knew much about what was in the building code. There is one provision in the building code, adopted by this Council after enactment by the Legislature, which gives the Building Commissioner the right to say "No, this project shall not be built, because the two means of access and exit are too remote." But it happens that, as far as the two means of exit and egress are concerned, between the two there is a thick fire wall which prevents fire from escaping from one side to the other, in the event we have a fire. By the way, might I say about housing projects, when it comes to fires, we have had so few fires in the Housing Authority's properties that it is really marvelous. I do remember one particular incident which took place in the Charlestown Project, which the Charlestown councilor can verify, in which there was a very good fire in one apartment. Even though that was a good fire, there was absolutely no effect to speak of outside of the one apartment. That is how safely the Boston Housing Authority's brick buildings are constructed.

Coun. MUCHNICK—Will the gentleman yield for a question?

Coun. LINEHAN—If it is on housing, gladly.

Coun. MUCHNICK—It is on housing, and the means of egress.

President KELLY—State your question.

Coun. MUCHNICK—If these buildings are so well constructed and are so well fireproofed, why is it we bother with those stairways? Why have only one instead of two?

Coun. LINEHAN—Because the law says we must have two means of egress in the building code.

Coun. MUCHNICK—Mr. President, will the gentleman yield for another question?

Coun. LINEHAN—On housing, gladly.

Coun. MUCHNICK—On housing and egress. The law or building code also requires that those two means of egress, in order to effect the maximum safety, be at opposite ends of the building, doesn't it?

Coun. LINEHAN They shall be remote. They shall be not too close together.

Coun. MUCHNICK—Not two stairways broken by one fire wall adjoining?

Coun. LINEHAN—I do not know whether he is asking a question or stating a fact.

Coun. MUCHNICK—That was part of the question; Mr. President.

Coun. LINEHAN—Mr. President, may I tell the gentleman from Ward 14 (Coun. Muchnick) that the fire wall naturally is put in to the plans and ultimately, I hope, in the construction of the buildings, so that this would be a separation of one side of the building from the other, so that it answers the purpose, as he says, in the opposite ends of the building. In the opinion of experts—a Harvard architect (I do not remember the gentleman's name), a gentleman from Technology, and other architects—the building plans of this project were approved as being one of the best and finest they have ever seen. There is a provision in the building code which says:

"Section 105A. The city of Boston, for the purposes of the prevention of fire and the preservation of life, health and morals, or for any of such purposes, may from time to time, by ordinance and upon the written recommendation of the building commissioner of the board of appeal, regulate the inspection, materials, construction, alteration, repair, height, area, location and use of buildings and other structures in said city and so forth, which seems to signify that perhaps the Building Commissioner has the right to make a recommendation to this Honorable Body to enact an ordinance which would change the present law. As a matter of fact, I would like to ask the clerk at this time whether or not he is familiar enough with this code to tell me if the City Council on its own can enact an ordinance so that it is possible to construct the Cathedral Project.

President KELLY—I am informed there must first be a recommendation to that effect from the Building Commissioner.

Coun. LINEHAN—Well, Mr. President, I want to emphasize that it is not the lack of action upon the part of the members of the Boston City Council that the Cathedral Project is not being constructed. The Building Commissioner of the City of Boston has ruled that the type of building which is planned is not appropriate under the City of Boston building code. Then again they tell me there was a meeting here this afternoon in the Mayor's office, or somewhere in the building here, and they were going to do some kind of compromising. I do not know what kind of compromising. I sincerely hope it is enough compromising so that they get going and save almost a million dollars already invested in this project. Regardless of the money, the primary obligation is to hurry up and get the project started so that we will have housing for veterans and their families. The rule now is only veterans with their families can get into housing projects. The indications are that the rule will probably go after this housing project is constructed. I brought out the fact that his Honor the Mayor as Congressman objected to this particular plan when he was Congressman a long time after much of the work had been done on it. Now, three or four months after he has voiced his opinion that he wanted one and two stories on that particular site, we have as Building Commissioner a man who ruled it is not a proper type of construction. If it is possible—and I really do not know whether it is possible—if the Building Commissioner in all due respect to his conscience, can be influenced by experts, by engineers, by architects, all the men who go into a job of deciding what building is safe and what is not safe, now, if all of these so-called experts that I heard when I was a member of the Authority passed good judgment upon the plans for the present construction of the Cathedral Project, then I think we might get somewhere in this project. Now, mind you, the Mayor of the City of Boston a short while ago as Mayor announced the project was going to start in June. That was about two months ago. Well, June is right around the corner. The veterans are getting pretty well sick of no action for them in City Hall and in the State Legislature. I do not mind telling you one of these days they are really going to get together. They will really start putting the pressure on things. Up to now it is pathetic how the veterans, in my opinion, are so unorganized in so far as getting things done for the present World War II veterans. There is nothing much being done. That goes for all the organizations, in my opinion. In conclusion, may I say this, that if any action can be taken at all by his Honor the Mayor and the Building Commissioner, after listening to intelligent opinions, if those opinions are in favor of constructing the Cathedral Project under the present plans, then I sincerely hope his Honor the Mayor, if he will at least voice an opinion to his Building Commissioner that he thinks the project should be built, it would be built in June.

Coun. MUCHNICK—Mr. President, talking on the motion, I think we have an obligation not only to provide housing for the veterans but to provide safe housing for the veterans or anybody else in the city. The Cathedral Project contemplates two twelve-story buildings, several ten-story buildings, and some other six stories in height. We have a building code which says the construction of means of egress in those buildings is not proper. That building code was the result not, as one newspaper put it, of a moment of hysteria over the Coconut Grove fire, but it was the result of years of study by architects, engineers,

builders, contractors, and everybody in the industry. It seems to me we owe a duty to the veterans and to everyone else in the city before we put them in twelve-story buildings, to make sure we give them every possible means of safety. I know something about fireproofing.

Coun. LINEHAN—Will the gentleman yield?

Coun. MUCHNICK—Gladly.

Coun. LINEHAN—Would the gentleman from Ward 14 (Coun. Muchnick) care to give an opinion whether or not he would prefer housing veterans in Camp McKay buildings or in a brick building with a fire wall in between two means of egress?

Coun. MUCHNICK—I would prefer to house veterans in any building that is safe, as safe as we can make it. If Camp McKay is not safe, let us not house them there. If the proposed Cathedral Project is not safe, let us not house them there, either. We have here a situation where the buildings are fireproof. Now, fireproof does not mean it will never burn completely. It merely prolongs the time which it takes to burn them down. We had a fire the other day at Brandon Hall in Brookline. It was a building of first-class fireproof construction. It burned to the ground in a short time. We recently had some fires in the Back Bay, on Belvidere street and elsewhere, brick buildings, fireproof construction, as of the standards of the day in which they were built. They were not adequate to meet the demand. We finally have a building code here which is a strict one, no doubt, but it was made strict in order to meet safety requirements. I think this Council ought to go slowly in the interest of the veterans before the recommendation is made that we do anything that might harm the safety devices that have been established.

Coun. LINEHAN—Mr. President, may I answer the gentleman from Ward 14 (Coun. Muchnick)?

Coun. MUCHNICK—I did not ask anything.

Coun. LINEHAN—I merely state that at no time during my talk did I insist that the present plans be put into effect as far as the construction of the Cathedral Project is concerned, unless duly authorized experts expressed their approval. If the gentleman from Ward 14 can state I have ever said that, I will abolish the remarks and apologize, but I do not think I ever made the statement.

Coun. MUCHNICK—I do not say that the gentleman from Ward 7 (Coun. Linehan) said it, Mr. President. I agree with him that the project should be held up until duly constituted authorities agree it is safe.

The order was passed under suspension of the rule.

RETENTION OF PRESENT O.P.A. LAWS.

Coun. LINEHAN offered the following:

Whereas, The National House of Representatives have amended the O.P.A. laws to such an extent that many of the ceiling prices on goods, merchandise, etc., will be emasculated to such an extent that if such amendments are permitted to become law our economic price control structure shall be shattered, resulting in higher prices to the buying public, and

Whereas, The demand for merchandise is so great at this time that it is possible that prices will go up as high as 50 per cent, which will ultimately result in a buyers' strike and a sharp recession in business which would create unemployment, therefore, be it

Resolved, That the City Council of the City of Boston request the members of Congress to restore the O.P.A. laws in their present effective form.

President KELLY—Referred to the Committee on Rules.

Coun. MUCHNICK—Mr. President.

President KELLY—No debate.

Coun. MUCHNICK—I want to make a motion. I do not want to debate.

President KELLY—Councillor Muchnick, state your motion.

Coun. MUCHNICK—Last week a motion or resolution of similar effect was offered by me, which was referred properly to the Committee on Rules. There has been no action by the Committee on Rules. I think it is an opportune moment to move it be taken from the Committee on Rules, and I therefore move to that effect.

President KELLY—The question is on taking the resolution referred to the Committee on Rules last week from the committee.

Coun. SULLIVAN—Mr. President, I would like to ask the chairman of the Committee on Rules if he held a meeting last week?

Coun. LANE—No meeting was held. A meeting will be held Thursday of this week, very likely.

Coun. LINEHAN—Speaking on the motion, Mr. President, if I remember correctly, time is of the essence in this matter. I understand from the newspapers the House of Representatives have voted to emasculate the O. P. A. I understand it will be going up for debate in the Senate in the next few days. So that, in order to get any benefit from this particular order, immediate action is necessary. I am glad to hear the gentleman from Ward 14 (Coun. Muchnick) introduced an order last week. I was not here. I did not realize he had filed it. If I had known it, I would not have filed this order. I am not just quoting my own authority, you might say, on economics. If the so-called O. P. A. amendments are adopted

which will lift the price restrictions which now prevail in our economic structure, here is what can happen, according to a learned economist. As to the consequence of the destruction of the price control structure, an informed estimate has been secured from an economist whose past record shows him to be the most impartial in Washington, according to this source. The ultimate over-all price rise in prices will be as much as 50 per cent. With the collapse of price control there would be an initial flurry and a sharp rise on goods much in demand. Thereafter, wholesale prices would climb at the rate of 2 per cent and 3 per cent monthly, with retail prices wholly reflecting and perhaps exaggerating these increases. Then, along about next winter there will be three months of violent price rising much sharper than any preceding ones which would result in a bearish state and a sharp recession. Now, Mr. President, what do the people of this nation face at this time? Let us say you want to buy a new car. I happen to be in the market for a car. If you go around shopping, after awhile you will come to the conclusion and hear it whispered to you, if you want to turn your old car in that is worth \$800, if you want to take \$100, you might be able to get a car. That is one way they are getting around the O. P. A. If they are caught, they get penalized. What are we going to do if the O. P. A. restrictions are lifted? The businessmen are going to get what the traffic will bear. That has been the history of buying in the market. The old law of supply and demand still exists. I want it to come when things are normal. When things are normal a year from now, I hope the O. P. A. is dropped entirely, but right now we are not in a period of normalcy. We are in a period where people have all kinds of money to spend. They are in the market for automobiles, washing machines, refrigerators, nylon stockings, and everything else. Good old nylon stockings! The poor old sellers cannot get over \$1.65 or whatever they get in the United States under the O. P. A. ceiling. They send them to South America where you can buy them for \$5 and \$6. If the O. P. A. restrictions are lifted, I say this—anybody working for a small salary of about \$40 to \$60 a week is going to find his dollar cut, so that his \$60 will be worth about \$30 or \$40 a week in purchasing power about six months from now. I sincerely hope that the motion of the gentleman from Ward 14 (Coun. Muchnick) will prevail, and that his order will be adopted as long as it is quite similar to the one I filed. I sincerely hope the councilors will go along and take it out of the Committee on Rules, of which I am a member, so that we might get some beneficial result this week and not next week, when it will be too late.

President KELLY—The question is on taking the matter from the Committee on Rules.

Coun. MUCHNICK—Mr. President, talking on the motion, as the councillor from Ward 7 (Coun. Linehan) well said, time is very much of the essence. The Senate is holding its hearings this week. It intends to conclude the hearings this week and act on the bill the first of the coming week. There is very much that should be said pro and con on this particular resolution. Most of the men here have made up their minds one way or the other as to whether they want the O. P. A. or not. It is of vital importance to every citizen, not only of Boston but of the country. I have only one illustration as to the necessity of the O. P. A., and with that I will close. We have a ceiling on dwelling rentals and we have no ceiling on commercial rentals. There is the same lack of space in both types of real estate. Dwelling unit rentals stayed at a normal level, the 1912 level, whereas commercial units jumped anywhere from 100 per cent to 400 per cent increase by way of rental. If O. P. A. controls are driven from other things on which they are now and controls are lifted, we can in a short time expect the same kind of increase. With that kind of inflation, we can look forward a few years from now to the depression that always follows that kind of inflation. I sincerely hope the rules will be suspended so that the matter will be brought back to this Body and acted on favorably.

President KELLY—The motion to take from the Committee on Rules requires fifteen votes.

The motion to take from the Committee on Rules was carried by a rising vote of sixteen members. The question came on the adoption of the resolution which was as follows:

Resolved (referred April 22) that the Council records itself as opposed to the action of National House of Representatives in curtailing powers of Price Control Act and urges Senate to reject the bill as passed by House and enact a continuation of present Price Control Act.

The resolve was passed.

CHANGE IN ORDER OF COUNCILOR LINEHAN.

Coun. LINEHAN—Mr. President, I would like to ask unanimous consent to change my order in regard to the Finance Commissioner making a study of the pay rolls of the City of Boston, to read "January 7, 1946" instead of "January 1, 1946."

President KELLY—There being no objection, it will be so done.

APPROVAL OF PASSAGE OF HOUSE BILL NO. 1151.

Coun. HURLEY and SULLIVAN offered the following:

Whereas, There is a desperate and acute shortage of housing for veterans and others of our citizenry, and

Whereas, The Boston Housing Authority is anxious and willing to relieve this shortage by constructing in the South End of Boston a housing development which will provide 514 homes for those in need of housing, and

Whereas, The Boston Building Code and the rules and regulations of the Commissioner of Public Safety prevent the building of this development, and

Whereas, The Building Commissioner of the City of Boston has denied relief to the Boston Housing Authority, and

Whereas, The Board of Appeal of the City of Boston has refused to remedy the situation, and

Whereas, The Boston Housing Authority has pending in the Committee on Military Affairs and Public Safety of the Massachusetts Legislature a bill known as House No. 1151 which would grant relief to the Boston Housing Authority and permit the building of this development for war veterans and persons of low income, and

Whereas, The Boston Housing Authority declares that it can build with greater safety under this proposed legislation than under the present law, and

Whereas, State and local architectural and engineering societies are on record as favoring the Authority's proposed legislation, and

Whereas, The declaration of the Boston Housing Authority is supported and sustained by the experience of building experts in the City of New York wherein such city developments as proposed by the Boston Housing Authority are and have been for some time successfully operated, and

Whereas, Other large cities in the United States are constructing buildings of the same design as proposed by the Boston Housing Authority, and

Whereas, The National Bureau of Standards has declared that the Boston Housing Authority's proposed design of the development is more than adequate for safety and efficiency, and

Whereas, Leading writers of insurance risks have declared they would insure the proposed development at lower premium rates than they would buildings now constructed in strict compliance with the Building Code and Regulations, and

Whereas, The Boston City Council is vitally interested in helping to solve the present critical housing shortage and thus aid those who fought a war for the survival of democracy, now, therefore, be it

Resolved, That the Boston City Council record itself in favor of House Bill No. 1151, and be it further

Resolved, That copies of this resolution be sent to all of the members of the Massachusetts State Legislature, including the Legislative Committee on Military Affairs and Public Safety, and to the Speaker of the Massachusetts House of Representatives and to the President of the State Senate and to the Lieutenant-Governor of the Commonwealth of Massachusetts, and to his Excellency, the Governor.

Coun. HURLEY—Mr. President, I introduced that resolution today because that House Bill is to be heard by a committee in the near future. I think it was six years ago—I had just landed in the Council a couple of days—when I introduced an order asking the Federal Housing Authority to build the Cathedral Project. I was very happy when word came from the Boston Housing Authority that they had taken the properties there by right of eminent domain. I visualized in my first term in the City Council I was accomplishing something. I was going to have a beautiful housing project such as is enjoyed by South Boston and Mission Hill and other places. There was a lot of delay regarding the price of the land, and then the war came on. There was a question of not getting materials. The war ended. We are ready to proceed. We find out there is some conflict with the new building code enacted by the Legislature and approved by the Boston City Council a few years ago. I hope, Mr. President, that we may send copies to the interested people at the State House, and that something will be done to have this project started. I am going to ask suspension of the rule on this resolution. This is going to be a fireproof project. There may be some way of letting it proceed without tearing down the entire code structure for all types of buildings in Boston. I would not want that. But I think, if there is an exception made, and prominent people well versed in building and architecture and fireproofing can convince the Legislature that this is all right, it will give us a chance to proceed immediately and build this project. It is very disheartening, Mr. President, to have people come into your home and to City Hall, pathetic cases of returned veterans, two or three people in their families, and no place to live. They are living in crowded rooms. I had a case on Dudley street of a woman with five children living in one room. That is an unusual case. Five children and a mother living in one room. But it is an everyday occurrence to have people in here who have been all over the world fighting and then come home and find out that their family hasn't a place to live. I surely hope, Mr. President, this Body will go along and suspend the rules today. This resolution may be for-

warded to the proper officials at Beacon Hill. We may get action right away in erecting a project that will do something for the veterans instead of making a lot of speeches and having photographs in the newspapers, and telling them what great men they were, but doing nothing to help them. It is a deplorable condition. These soldiers return to their families and find out they haven't suitable quarters to bring up their families. Mr. President, I move suspension of the rule and the passage of this resolution.

Coun. SULLIVAN—Mr. President, speaking on the resolution, I hope the resolution will pass. I know all resolutions which do not have a direct bearing on the city are to be referred to the Committee on Rules. But I feel that this resolution here has a direct bearing on the city. It makes it more difficult. There is no other place to put the blame than on the Boston Housing Authority themselves. We have tried to get housing and postwar planning. What has the Housing Authority been doing relative to postwar housing? Apparently they must have been asleep down there. They acquired this land three or four years ago. They could have had the plans submitted then to the Building Department for the approval of that department before the building code was accepted. Even then, giving them a little break, the war was over last year. They were going to start, and here it is a year later. What is the matter with the project in South Boston? My order of a week ago asked the Housing Authority what was holding up the Cathedral Project and the project in South Boston? They come out at the last minute stating that the Federal Government would not approve it because it did not have the O. K. of the Building Commissioner here in Boston. Now we have to put in a resolution and go to the Legislature, asking them to grant the Housing Authority special legislation to build this particular project. There is no one else to blame. You can throw it right into the lap of the Housing Authority. On this new project here, the ground should have been broken last year right after the war. This project should be near completion at this date instead of being squabbled over on account of the building code. I hope that the members will go along and pass this resolution under suspension of the rule.

Coun. RUSSO—Mr. President, I would like to ask through you if the councilor from Ward 9 (Coun. Sullivan) earlier in the meeting did not express a desire that this order come into Executive Session in order to have some of the Authority there. I am wondering if this is the same order he was referring to.

Coun. SULLIVAN—That is true. This is the order. Since then, I understand that several department heads are tied up and unable to be here this afternoon. They came to some kind of agreement. There is to be a public hearing in the South End tomorrow evening, and all these department heads that I requested to be here are going to be present at the public hearing tomorrow evening.

Coun. RUSSO—The reason why I asked is that I was already under the impression they had been notified to be here, and they were given ample time to be here in order to give an opinion to the councilors and to give them an opportunity to interrogate the proper authorities. I have in mind also, Mr. President, I want to ask the Housing Authority—if I am wrong, I stand to be corrected—I have been reading in the newspapers where \$2.55 per square foot was allowed for the taking of this land, where for the past seven or eight years I have been fighting to have housing projects in the South End, Ward 3, the North and the West Ends, places that are usually taken into consideration in selecting a place for a project. Since housing first came into effect, why have they never received any such housing? I am only wondering if there is anyone here, perhaps, who could inform me how it is they can pay \$2.55 per square foot for land taken in one section, and then clamp it down to \$1.50 per square foot in another section? What is the law in so far as Congress and the Federal housing and city housing authorities are concerned? I believe there is no one who can answer that. That is the reason why I was in favor, because by referring to the Executive Committee I might get some information on the questions I have just asked. Therefore, if the individuals were contacted earlier in the meeting and they have not shown up, I would like to ask you, Mr. President, with that information—

Coun. HANNON—Mr. President, will the gentleman yield?

Coun. RUSSO—Gladly.

Coun. HANNON—Thank you, councilor. Mr. President, I rise to voice my objection to the passing of the matter under suspension of the rules. I do this in all sincerity and fairness because I have taken similar action against a matter proposed by the councilor from Ward 3 (Coun. Russo). I suggest this be sent to the Committee on Legislative Matters, in order that we might become conversant with the proposed legislation that we are asked to endorse. This matter here asks us to lend our endorsement to a certain bill which is before the Massachusetts Legislature. I think the gentleman from Ward 8 (Coun. Hurley) read it off as Bill No. 1151. I do not know what Bill No. 1151 is. I do not think any other member here does, unless perhaps the gentleman from Ward 4 (Coun. Chase). I hope that any delay like that will not be construed as dilatory. I am doing it in all honesty because I

object to the gentleman from Ward 8 (Coun. Hurley) putting his motion through under suspension of the rule until we know what the bill is. If that is done, if it is referred to the Committee on Legislative Matters, then we can hold a meeting and we can immediately follow through with the proposal and let each member of the Legislature be notified.

President KELLY—Did you make that as a motion?

Coun. HANNON—I did.

President KELLY—Councilor Hannon moves the matter be referred to the Committee on Legislative Matters. Talking on the motion, Councilor Kinsella.

Coun. KINSELLA—Mr. President, I would like to ask Councilor Daniel Sullivan a question through you, if I may. The Cathedral Project has been with us close to a week. I want to ask if Councilor Hurley or Councilor Sullivan, or both of them, went to the Building Commissioner and asked him to inject something in the code with our permission, in order to expedite construction.

Coun. SULLIVAN—No, I did not.

Coun. KINSELLA—Mr. President, we were told in 1943 that we must take the building code designed after the Coconut Grove conflagration, or, failing this, to accept the code written by the Legislature. We did find that the State Department of Public Safety would be required to administer the code. It might reasonably result in the cancellation of the building departments of the cities and towns that failed to use the code. I think Dan Sullivan and other councilors here will agree we were under tremendous pressure at the time to take the code as then drawn up, subject to change by the Building Commissioner at stated times in the future, because of the enormity and gravity of the disaster at Coconut Grove. We did accept the experienced judgment of the builders and architects. We accepted the first twenty-three sections, and then eight, and then two more. In any case, my purpose in speaking here today on this is that we are all vitally concerned with what happens to veterans and housing, whether in the city, state or nation. Things are happening. I do not believe anyone would question my sincerity when I say I am not trying to get into a debate so far as being quoted is concerned, but rather to express my opinion, which may be helpful to others who have this as a neighborhood proposition. Now, Mr. President, it appears to me that the Building Commissioner of the City of Boston is not personally to blame, although officially he may be to blame for certain decisions. It is not a matter of personal choice with him. I was going to offer the suggestion that the two councilors most concerned at the present time, because of the location of the project—those two councilors being Councilor Hurley and Councilor Sullivan—go to Commissioner Mahoney and ask him to draw up, if he can, the necessary changes as he is permitted to do in the code. He can draw them up and submit them through us without delay for ratification. That should remove all of the difficulty that apparently the sponsors of the project have run into. That would probably circumvent a good deal of needless debate here, because we cannot settle it by simply an exchange of words on the floor of the Council. We can settle it by going along with the best judgment of the Building Commissioner, who alone has the right under the code to make changes. The code is the law. The law is the rule of conduct for the cities and towns in building matters. He alone has the right to recommend a change. I feel we will certify it without needless debate. It is not controversial. They are not opposed to it. No one says it need not be done. No one says, "We do not need housing." We do. I would suggest that Councilor Sullivan and Councilor Hurley go to Commissioner Mahoney and approach him from that angle. Let us now absolve Commissioner Mahoney of all personal guilt for these decisions. It may be a matter which he cannot avoid. The terms of the code are not elastic enough for Commissioner Mahoney or anyone else to take a flat-footed, arbitrary stand which may result in bringing out a tremendous project that is rife with danger from one end to the other. As somebody well said here today, there is no need of giving them housing unless it is safe. Along with the building of it, we want safety within. I suggest that for whatever it is worth to the two most affected councilors.

Coun. RUSSO—Mr. President, I stated I had no objection so far as this resolution was concerned. I would like to know if, in substance, the councilor from Ward 9 (Coun. Sullivan) could give me some information on what this Bill No. 1151 comprises. I do not want to be a part of anything that will delay the building of housing, even though I have not been gifted with any one of them in my own district. I do not intend to deprive anybody else in any section of the city. I would like to be informed, if it can be done, what this Bill No. 1151 consists of. Can Councilor Sullivan give me the information?

President KELLY—I believe that is the reason Councilor Hannon made the motion to refer it to the Legislative Committee. I have been informed that the Housing Authority and the Building Department have come to an agreement on the South End Housing Project. I do not know what it is. They have come to some kind of an agreement in conference this afternoon.

Coun. RUSSO—I would like to find out the agreement.

President KELLY—I cannot tell you what I do not know.

Coun. RUSSO—If it was \$2.55 per square foot, I want to see it go through.

Coun. LINEHAN—I might answer the councilor.

Coun. RUSSO—I am glad to hear your answer. Coun. LINEHAN—You take the total square feet. You divide it into the number of dollars you pay for the land and buildings thereon, placing the cost of tearing down the buildings. That will give you whatever they say is the cost per square foot.

Coun. RUSSO—I want to thank my colleague for giving me this information. I have been fighting for the past seven years. I suggested a long time before this project ever came into being—having in mind the condition that existed in my district—I suggested even self-service elevators be put in the project in order to bring the price within the means of the Housing Authority. It seemed they were never taken up; they have never been able to do anything about it. However, I am glad to hear something has been done even though it has taken seven years to look into it.

President KELLY—The question is on referring the matter to the Committee on Legislative Matters. At this time the Chair will declare a recess for twenty minutes for the purpose of eating.

(A recess was taken from 6 to 6:20 p. m.)

President KELLY—The Council will be in order. The question before the Body is referring this resolution introduced by Councilors Hurley and Sullivan to the Legislative Committee.

Coun. SCANNELL—Mr. President, I want to commend the councilors from Ward 8 (Coun. Hurley) and from Ward 9 (Coun. Sullivan) for presenting the resolution to try to produce and try to find some way to see that the Cathedral Project is built. I remember as a member of the Building Code Committee that I was opposed to passing anything that most of the members of the Council could not understand. There was pressure because of the Coconut Grove fire. Some of the Boston newspapers were blaming members of the City Council for not doing anything for fire protection. So far as I am concerned and the rest of the members of the Body are concerned, they are interested in fire protection. They are also interested in housing. They are interested in fire protection so far as I am concerned, and they want to have a building code that will not be so stringent that it will tie up any building that is fireproof, such as the Cathedral Project. We need housing projects in this city. We need buildings protected from fire in this city. Why doesn't the Federal Housing Authority, the Boston and the State Authority cooperate with the Building Commissioner in the City of Boston? If they have to spend more money to produce those buildings that are going to be ten stories high in the South End section of the city, let us spend more money. Let us have the Housing Authorities given more money for egress to these buildings. Let us see if we cannot ask our Congressman, John McCormack, and the United States Senator to cooperate in this matter. There is no question in my mind, where they want to give hundreds of millions of dollars to England and feed the rest of Europe, they should spend some money to give the people of Boston protection against fire. I say these housing projects should be built. I say they should be fireproofed. There should be fire protection and enough egress from the buildings, but I also state that the Federal authorities should cooperate with the City of Boston and live up to their building code, if it is for the best interest and protection of the people of the city.

Coun. LINEHAN—It is all right for a member of the Council to talk about the Federal Government cooperating with the City of Boston Building Commissioner, the Boston Housing Authority and the State Board of Housing. That is not the question here. We already have plans drawn up by architects. They have been O.K.'d by leading authorities from Harvard, Technology, and other institutions such as those. It is kind of ridiculous when you think of talking about putting veterans down in Camp McKay, where they have a lot of broken-down shacks. As I know, they were fit only for some of us who were training in the Army or Navy. You put your hat there for awhile and got out in a hurry. You are going to put children in wooden shacks down at Camp McKay. I understand the Mayor of Boston announced the Housing Authority is going to do it. It seems ridiculous to me to have the city on the one hand approve temporary housing of veterans in wooden shacks where there are a great many rats running around. It has taken the last month to try to get rid of the rats. It seems ridiculous to me to think there is so much objection to this building when, as I said before, the present plans of the building project had been looked at by members of the Building Commissioner's office last year. If all of these plans were drawn without the city having any right to look at these plans whatsoever, that would be another matter. That is not the matter here today. If we scrap those present plans, this is what it means. You cannot ask an architect to sit down and redraw those plans and expect to have it done in two or three months. As a member of the Housing Authority I found it took months and months. If they scrap the present plans, you will have to have a new architect, or the same architect. I am telling you it will not get started before January, 1947, never mind June, 1946, when it was to have started. Something can be

done legally to the Building Commissioner by the influence of the Mayor plus the advice of these so-called leading architects and men who are well versed in the safety of buildings. If we can just get the Building Commissioner to say why they thought that construction of the building would have been good under the present plans, I sincerely hope it can be done. It is a question of getting his Honor the Mayor, who frankly did stall the building plans on this particular project in the year 1945. Now we have the Building Commissioner stalling it a little longer. Probably he is right. I do not know. I do know greater experts than the Building Commissioner of this city already O.K'd the plan. It is good enough for me, even though the gentleman from Ward 14 (Coun. Muchnick) disagrees with me on that. I started talking about experts. He did not hear many of the experts from Harvard, from which he graduated, and from other institutions like the Massachusetts Institute of Technology. If those experts said it was a good plan, it would bring forth good construction of housing for people; otherwise they would have challenged it. You can rest assured it will be safe housing. I sincerely hope that this resolution is adopted right away.

President KELLY—The question is on referring the resolution to the Committee on Legislative Matters. The Chair is in doubt, and will ask for a standing vote.

Coun. LINEHAN—Is the motion to pass under suspension of the rules?

President KELLY—No. We are coming to that, counselor. The question now is on suspension of the rules and the passage of the order.

Coun. KINSELLA—What was the result of the vote just taken?

President KELLY—The motion was defeated. The question now is on suspension of the rules and passage of the order.

The order was passed under suspension of the rule.

RENAMING OF PARKER HILL PLAYGROUND.

Coun. CAREY offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to change the name of Parker Hill Playground, so called, to Lieutenant Joseph D. McLaughlin Park and that a suitable plaque be erected thereon.

Passed under suspension of the rule.

UNDERGROUND GARAGE ON BOSTON COMMON.

Coun. COOK, HANNON, FISH, LANE, BRYAN, CANTWELL, McCORMACK, KEENAN and KELLY offered the following:

Whereas, The Great and General Court has before it an Act providing for the establishing of an underground garage on Boston Common to be erected by contract made by an outside contractor, the Park Commissioner and the Mayor of the City of Boston, and

Whereas, There are no provisions in the Act which allow the Boston City Council any powers, duties, or responsibilities with reference to the aforesaid erection of the underground garage, now be it

Resolved, That the Boston City Council in meeting assembled recommend to the Great and General Court that the Act be amended so that any contract made for the erection of the underground garage under Boston Common be made with "the advice and consent of the Boston City Council."

Coun. COOK—Mr. President, I submitted this resolution after reading in the papers about the recommendation of the Committee on Cities in the Legislature and the subsequent passage of the report as they recommended it by the Senate. The action as recommended and passed by the Senate provides that the Mayor and Park Commissioner may make a contract with outside sources to erect an underground garage under Boston Common. We have been arguing today about the duties, powers and responsibilities of the City Council. A doubt has arisen in the minds of some of us as to such powers, duties and rights. This would resolve any doubts, and leave it very certain in the minds of anybody, including the Corporation Counsel or the Attorney-General, that if such a contract is made, the advice and consent of the City Council must be obtained. I think we should have that consideration in a matter affecting the whole City of Boston. This City Council should be concerned and consulted about the drawing up of the provisions of any such contract which may involve at least twenty million dollars. In our Charter we have provisions that no contract for any city purposes which lasts over a year shall be entered into unless the Council is a party thereto and affirms it. The way it has been gotten around is by giving out contracts for less than a year. If this recommendation which I have offered, and which many councilors signed, is adopted by the Legislature, the City Council, as it probably should be, will be consulted in such an important project. I hope it passes under suspension of the rule.

Coun. MORIARTY—May I ask through you, Mr. President, if the City Clerk can tell us if it should not be the duty of the Public Lands Com-

mittee to observe this matter? It is not an outright sale, but a lease.

President KELLY—If the Council will give authority to act in the matter, counselor, I shall refer it to the Committee on Public Lands.

Coun. MORIARTY—Even though it be a lease, Mr. President?

President KELLY—Yes, anything before the Council that has to do with real estate I shall refer to the Committee on Public Lands.

Coun. LINEHAN—Mr. President, I was one of the councilors that said he would not vote for the building of a garage under the Common unless private interests were going to finance the building. I still feel that way. Unfortunately, we haven't that before us to vote on. If the present bill up in the Legislature says it is going to be done by private enterprise, I, for one, as City Councilor do not want to have to pass on the contract. It seems to me we have this big traffic problem in Boston. If we can get private enterprise to try to solve it, first, we should not throw any monkey wrench into the works and spoil it. I do not know if this will. If the purpose is to kind of slow up private enterprise from going into this matter, I would have to be against this order. Just to be sure, I wish the clerk would read the order again.

(The clerk read the order.)

Coun. LINEHAN—Mr. President, I would like to ask the gentleman from Ward 12 (Coun. Cook) if he has knowledge of the particular bill that is in the Legislature pertaining to this matter, whether or not it says that private industry will construct the underground parking area with private money.

President KELLY—I am informed by the City Clerk, counselor, that the bill does have that provision; private industry shall construct the garage under the Common.

Coun. LINEHAN—I will vote against this order if the bill provides for private interests to finance it. If it is the other way around, I would vote for the bill. If the city was going to spend \$20,000,000, as they say, I would say, "Let it come back to the City Council for approval." But where private interests are going to spend the \$20,000,000, if and when they do, then I for one am not going to vote to even stall it one bit. I sincerely hope that the order is defeated.

Coun. COOK—Mr. President, in answer to the opposition raised by the councilor from Ward 7 (Coun. Linehan), it is a fact there is much merit in what he has to say in arguing an order like this. The advantages and disadvantages of having the advice and consent of the City Council must be weighed. To my mind, this City Council has a great interest in this matter. Even if it is constructed by private enterprise, it is of public nature. If this Boston City Council had more power over the running of the Boston Elevated Railway Company, we would be able to do something about the poor service we get from that corporation. I do not want to see any private industry come in and be guaranteed dividends which eventually will come out of the pockets of the Boston residents. I do not want to see a garage servicing Boston and everybody else under the control of a private contractor or private enterprise, even though they do put up the money in the first instance, where they can have the say about everything that goes on, especially so far as the employment of the people who work there and the running of the place. You can be sure, if any private contractor undertakes to spend his own money and build a garage, and there are many that want to do it, they are doing it solely from the profit motive. Business people in back of it can see good profit in it to the exclusion of the interests of the citizens of Boston. The Boston City Council should, if it is to be any sort of advisory body in the running of the affairs of the city, have something to say about the contract, the leasing and letting of public lands to be used by everybody coming to the city, just as much as we should have the right to say it in the disposal of waste. I would like to see it even if the contract was reached where the City Council would have duties so that, if such a contract was not lived up to, we would be able to do something about it, instead of just talking about it.

Coun. MUCHNICK—It seems to me there is merit in what both of the last two speakers have said. There is also the question of jurisdiction, which the Park Commissioner has by statute over the Boston Common. In order to get a proper analysis of this whole matter, I move that it be referred to the Committee on Public Lands, where it can be fully and properly discussed.

President KELLY—The question comes on referring the matter to the Committee on Public Lands.

Coun. KINSELLA—In agreement with Councilor Muchnick, I would say there is a good deal to be said for Councilor Cook and Councilor Linehan's individual attitudes on this. I do not know whether I want to vote to let private enterprise take over any of our public lands for the purpose of alleviating the traffic condition which, in 90 per cent of the cases, is caused by out-of-town people coming into Boston. Now the talk has been that a garage on the Common up there would house about 5,000 cars. Five thousand cars at an established fee of \$1 a week, if that happens to be the amount set for the fee, would be \$5,000 in cash every week, or about \$260,000 a year. Salaries and maintenance and upkeep and repair of such a

garage would not run into such an enormous figure as would preclude the possibility of a huge profit to the private operators. I do not know why, if the City of Boston as a corporate municipality can supply land, it cannot also operate the enterprise. It seems to me this would not be a fly-by-night proposition, but one that would outlast the city and outlast the youngest child living today in the city. It seems to me we ought to take it over as a purely public enterprise for the purpose of making a profit and reducing the philanthropic motive to a minimum. I venture to say out of all the cars that come into Boston in the course of a day and clutter the streets and impede the fire apparatus and ambulances, probably 85 per cent of them are from outside the corporate limits of the city. We are giving them something substantial if the fee is a dollar a week. Yet 5,000 cars would not scratch the surface of what comes into the city. I would like to draw as briefly as possible a parallel illustration that might be in point better than anything else. Let us assume there are 100 cars that are parked legally every day on School street. Suddenly, because of the removal to a big building in the neighborhood, those 100 cars are transferred every day into that parking lot. What happens? Is School street free of traffic? It is not. You will clear it of the 100 cars and another hundred will take their place. You know that is true. Every member of the Council knows it is true. Take 5,000 cars off the streets of Boston by parking them every day in the underground garage up there, and you will not make it appear you have any facilities. You will be aware of the existence of the place, but you will not clear the streets. I think that is the condition we can anticipate. As far as the public itself, the City of Boston being authorized to float the bond issue for the construction of this, we have been given permission to do less worthy projects. I will be frank to say at the moment I cannot think of anything that is less worthy, but I do say this, I have always been doubtful of the efficacy of such a plan as the Common garage because of the sponsorship. It is obvious that the idea originally sprang from the brain of a politician. I cannot remember any business concern crying for it. I do not think business concerns are very much interested in it, although it is not the function of a business concern but is the function of the city fathers. They must do something about the terrible traffic conditions in Boston. I think this matter ought to be treated very cautiously and very slowly because of the extraordinarily good points I find, for my part, in these deliberations contained in the remarks of Councilor Linehan and Councilor Cook, although between them they are at variance on some points. I do not think we ought to rush this through until we are satisfied that private sponsorship is the only solution. I do not think it is. Neither do I think that the City of Boston as such ought to undertake the terrific burden of floating a bond issue to build and operate this place. In any case, I can truthfully say right now I would lean as much toward Councilor Cook as Councilor Linehan, and the thing may be cut sharply enough in here so that one or two votes will accept or reject it. I think we ought to go softly on that.

Coun. COFFEY—I think Councilor Cook's order is a good one, Mr. President. I think we should pass it for several reasons. As I told Councilor Cook before the meeting, I was definitely opposed to any garage under the Common. That is the way I will likely vote when the matter comes before us, if it does. The point I want to bring out is this—the reporters are busy, but to hell with them, they haven't a vote anyhow. The important thing to you members of the Council is that this matter should be given careful consideration. In my opinion, they should pass this order today for this reason—that it is often that the Legislature ignores this body. This is one of the times. I have mentioned before that this is all cut and dried. They want the garage under the Common for only one reason, not to eliminate the traffic in Boston, but to take the fill and use it in the airport at East Boston. The aviation clique is behind the garage in Boston Common. My information is that this is some three million cubic yards of fill. Now they are telling the truck drivers to keep running their trucks from Peabody to Boston, even though they are breaking down the streets of Revere and East Boston with these trucks, anything up to ten-ton trucks, to keep them running, even if they do run at a loss because eventually they are going to get the Boston Common and take the fill for the Boston airport. It is going to be a short run of a little over a mile. They will make up for the loss they are now taking. Who do we have in the Legislature before the committee? We find William J. MacDonald of East Boston, who says he, with a group of businessmen in the city, wants to take over and build this garage. He is the same William J. MacDonald I have been attacking for four years. It is the same William J. MacDonald who owned all the vacant land at East Boston. He owed taxes for twelve years, and never paid a nickel to the City of Boston. When the Federal Government stepped in through Captain Wilson of the Navy Department and took that land by eminent domain for a million dollars, they paid MacDonald a nice fat fee. MacDonald was allowed to come in here, right on this floor, and settle the back taxes he owed for twelve years for one tenth of the money he owed, with the approval of the then Mayor of Boston and the Finance Commission. MacDonald, who is tied up with the First National Bank and

the Chamber of Commerce and the Shawmut Bank of Boston, has an "in" on the building of this garage. It shows it when he paid the City of Boston something like \$440,000 in back taxes for a period of twelve years on the land in East Boston. A check was given to him by the Federal Government. The City of Boston on my order stopped payment on that check. The Finance Commission made a deal with the man and let him get off with one tenth of what he owed. This is the same MacDonald who wants to build the garage. You can bet your bottom dollar he has an "in" on it and he is going to sell the fill to the airport, and make enough money out of the fill to build that garage under the Common for nothing. He is going to satisfy the aviation clique who not only run the city but the state. You have a garage already built. You do not use it. You have a garage under the South Station. You can put it into operation within a month, and house 1,800 cars. The garage is all built, the ramps and everything else. The newspapers do not mention that. They know it. Every one of the engineers in Boston knows there is a garage there waiting and available for 1,800 cars. Councillor Kinsella brought out, as soon as you clear the streets of a couple of thousand cars, two thousand more are going to come from the parking lots and take advantage of the streets, and park there. I say the garage has a bad location, to begin with. Suppose you pull into Charles street and want to come to the shopping center. You are forced to park way over on the Charles street side. Are you going to walk fifteen minutes to do your shopping? Are you going to carry two or three big bundles back to Charles street to your car? You are not. You are going to park as near the store as possible. That is natural. It is my humble opinion the South Station is nearer the shopping district than the Boston Common is. That is only one spot. There are half a dozen other spots you can take. The only reason they want the Common is because MacDonald & Company, who has beaten the city before—and I have said this on the floor time and time again—can get enough money for fill for the airport to satisfy the Chamber of Commerce, the Better Business Bureau, the bankers and brokers, the aviation clique. That is the clique that moves MacDonald when they want. It is good riddance. I have asked for his removal on the floor here two or three months ago. He was hindering the work going on over there. I say Councillor Cook's order is a good order. It gives us an opportunity to find out who is going to do this work. We want to know if the persons going to do the work are responsible people. If they are not, let us have a voice in the matter. There is a little clique in the Legislature. God knows what is involved in the deal before us. They must know what is going on. That is the reason they excluded the Boston City Council and brought in the Mayor and the Park Commissioner. Do not let it get away from us. The time is short. If they pass that bill within the next week or two, we have nothing to act on. If we act on this today, we can have the Mayor send a notification to the members of the Legislature that we want to be heard on the matter, and we want to be included with the Mayor and the Park Commissioner.

Coun. MADDEN—Will the gentleman yield for a question?

Coun. COFFEY—Yes.

Coun. MADDEN—Is that the same MacDonald with offices on Court street?

Coun. COFFEY—The same MacDonald.

Coun. MADDEN—Speaking on the motion, Mr. President, I am heartily in accord with what Councillor Coffey said, and with Councillor Cook's motion. I think there have been too many bills introduced on the Hill. I think there have been too many instances in the past where the Mayor of this city perhaps inadvertently or otherwise neglected to consult the Council on matters pertaining to the city. Certainly, if there is anything that pertains to city business, it is this proposed garage under the Common. I heartily agree with what Councillor Kinsella said. Five thousand cars is only a drop in the bucket. In any event, I think the City Council should be consulted on every matter that pertains to the city, and on this in particular.

President KELLY—The question is on referring the matter to the Committee on Public Lands. It is not a vote.

Coun. MUCHNICK—I doubt the vote, and ask for a roll call.

President KELLY—Councillor Muchnick doubts the vote and asks for a roll call. Only one other councillor having joined him, the roll will not be called.

The order was declared passed.

Coun. MUCHNICK—I doubt the vote and ask for a roll call.

President KELLY—Councillor Chase, have you risen?

Coun. CHASE—That is right.

President KELLY—What are you voting on?

Coun. MUCHNICK—Mr. President, he is joining me in asking for a roll call—

President KELLY—Councillor Muchnick doubts the vote and asks for a roll call, and, two of the councillors supporting him, the clerk will call the roll.

Coun. COOK—Mr. President, a point of information.

President KELLY—We are voting on the suspension of the rule and the passage of the order.

Coun. COOK—If I am in order, I would like the clerk to call the roll and inform the members what they are voting for.

President KELLY—They are voting on suspension of the rule and passage of the order. The clerk will call the roll.

The roll was called, and the order was passed, yeas 15, nays 3:

Yeas—Coun. Bryan, Cantwell, Coffey, Cook, Fish, Kinsella, Kelly, Keenan, Lane, Madden, McCormack, Moriarty, Russo, Scannell, Sullivan—15.

Nays—Coun. Chase, Linehan, Muchnick—3.

TRAFFIC LIGHTS AT BROWN AVENUE AND CUMMINS HIGHWAY.

Coun. MCCORMACK offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install traffic lights at the intersection of Brown avenue and Cummins Highway in the Roslindale section of Ward 19.

Passed under suspension of the rule.

MEMORIAL TO WAR DEAD OF JAMAICA PLAIN.

Coun. MCCORMACK and MORIARTY offered the following:

Ordered, That the Park Commissioner and the Art Commission be requested, through his Honor the Mayor, to grant permission to erect a memorial to the war dead of Jamaica Plain in the Edward Murray Circle in the Jamaica Plain section of Ward 19, and before a decision is reached a hearing will be granted by the Art Department to members of Jamaica Plain Post of Veterans of Foreign Wars No. 675.

Passed under suspension of the rule.

REPORT OF COMMITTEE ON COUNTY ACCOUNTS.

Coun. BRYAN, for the Committee on County Accounts, submitted the following:

Report on petition of John J. O'Brien (referred today), employed as officer in House of Correction, Penal Institutions Department, to be retired as veteran—recommending passage of following order:

Whereas, John J. O'Brien, employed in the service of the County of Suffolk as officer in the House of Correction, Penal Institutions Department, has made application to be retired under the provisions of chapter 678 of the Acts of 1925, and

Whereas, The said John J. O'Brien has submitted to the City Council satisfactory evidence that he is a veteran as defined in section 56 of chapter 32 of the General Laws; that he has been certified for retirement for disability by the duly authorized medical panel; that he has been in the service of the county at least ten years and has reached the age of fifty; that he is incapacitated for active service; and that his total income from all sources, exclusive of his retirement allowance and of any sum received from the government of the United States as a pension for war service, does not exceed five hundred dollars,

Ordered, That under the provisions of section 56 of chapter 32 of the General Laws, as amended by chapter 514 of the Acts of 1943, John J. O'Brien, employed in the County of Suffolk as officer in the House of Correction, Penal Institutions Department, be, and hereby is, retired by the Mayor and City Council, acting as county commissioners, at an annual pension of twelve hundred and fifty dollars, being one half of his highest regular rate of compensation.

The report was accepted and the order was passed.

PRESENCE OF OUTSIDERS IN EXECUTIVE ROOM.

Coun. BRYAN offered the following:

Ordered, That the City Messenger be requested to take full cognizance of the rule prohibiting other than City Councilors in the Executive Room and to take immediate steps to enforce same.

Referred to the Committee on Rules.

CLEANING UP OF CHANDLERS POND, WARD 22.

Coun. MADDEN and LANE offered the following:

Ordered, That his Honor the Mayor be requested to direct the Park Commissioner to proceed forthwith with the cleaning up of Chandlers Pond in Gallagher Park, Ward 22, and prepare same for bathing facilities.

Coun. MADDEN—Mr. President, a few years ago while I was in service, the City of Boston created a new park out in our ward in memory of the wife of one of my predecessors known to you

all, Eddie Gallagher. The park is named after Alice Gallagher. As I understand it, there was a time when there was some considerable money appropriated to make that into a bathing pond for the children of the district. We are fortunate in this respect that, if I am correct, this is one of the few ponds in the City of Boston that is suitable for bathing facilities. It is like Crystal Lake in Newton. The original understanding, out of deference to Mrs. Gallagher, was they would turn the property into a bathing beach for the children of the district. I have since taken the matter up with the Archbishop and his secretary. The pond is directly across the street from St. John's Seminary. It is fed by three natural springs. The people of our section, Wards 21 and 22, have been anxious for many years to convert this pond into a bathing pond for the children and adults of the district. I would like very much to have this order passed.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON FINANCE.

Coun. MADDEN, for the Committee on Finance, submitted the following:

Report on message of the Mayor and order (referred April 22) for loan of \$2,900,000 to meet appropriations made for Public Welfare and Soldiers' Benefits—that same ought to pass.

The report was accepted, and the question came on the passage of the order. The order was given its first reading and passage, yeas 19, nays 0:

Yeas—Coun. Bryan, Cantwell, Chase, Coffey, Cook, Fish, Hurley, Keenan, Kinsella, Kelly, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick, Russo, Scannell, Sullivan—19.

Nays—0.

The order will take its second reading and passage in not less than fourteen days.

LOAN FOR CONSTRUCTION OF PUBLIC WAYS OR PERMANENT PAVEMENT.

President KELLY called up No. 1 on the calendar, viz.:

1. Action on order for loan of \$1,500,000 for Construction of Public Ways or Permanent Pavement.

On April 15, 1946, the said order was read once and passed, yeas 17, nays 1.

The question came on giving the order its second reading and passage.

President KELLY—The Chair will call up No. 1 on the calendar.

No. 1 on the calendar, under unfinished business, was as follows:

1. Action on order for loan of \$1,500,000 for Construction of Public Ways or Permanent Pavement.

On April 15, 1946, the said order was read once and passed, yeas 17, nays 1.

Coun. MUCHNICK—Mr. President, can we act on Nos. 1, 2 and 3 at the same time?

President KELLY—That is up to the Body. If there is no objection, we can.

Coun. LINEHAN—I object.

Coun. MUCHNICK—Then there is objection. President KELLY—No. 1. The clerk will call the roll.

Coun. CHASE—Mr. President, two weeks ago I opposed this order on the ground we had not sufficient information as to how the money is to be spent, whether or not this million and a half dollars was to be spent on one big artery or to be spent in every ward, and what streets were to be repaired. I think, Mr. President, in view of the fact we lack sufficient information on it, we should lay this matter on the table now until we get sufficient information.

President KELLY—You make that motion?

Coun. CHASE—I so move.

President KELLY—Councillor Chase moves we lay the matter on the table for one week. It is not a vote.

The question comes on the passage of the order. It is a vote, and the order is passed. Councillor Russo doubts the vote and asks for a roll call, two of the councillors supporting him. The clerk will call the roll.

The roll was called, and the order was given its second reading and passage, yeas 17, nays 2:

Yeas—Coun. Bryan, Cantwell, Coffey, Cook, Fish, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick, Scannell, Sullivan—17.

Nays—Coun. Chase, Russo—2.

Coun. MUCHNICK—Mr. President, a point of information. Is a motion in order regardless of objection of one or more members of the Council to treating Nos. 2 and 3 together?

President KELLY—The motion would not be in order unless we suspend the rules.

Coun. MUCHNICK—I move we suspend the rules and take up Nos. 2 and 3 at the same time.

Coun. LINEHAN—I object.

President KELLY—The objection can be overruled. The rule can be suspended by a vote of fifteen members of the Council. Councillor Muchnick makes a motion that the rules be suspended, and we act on Nos. 2 and 3 together.

Coun. LINEHAN—Let us discuss the matter. Coun. MUCHNICK—Mr. President, speaking on the motion, two weeks ago, when these matters first came in, I felt like Councillor Chase

and others that we should get some information on it. I took the time and trouble last week. I spent approximately an hour with the Mayor and the Budget Commissioner and the Auditor. I had telephone conversations with the Public Works Commissioner and the Fire Commissioner. I received enough information to satisfy me those loans were necessary. It is because of that reason I would like to see them disposed of quickly. In passing, I may say I sincerely hope it answers the question Councilor Coffey put to me some time ago.

President KELLY—Speaking on the motion to suspend the rules.

Coun. CHASE—Mr. President, simply because the gentleman from Dorchester (Coun. Muchnick) is satisfied that this money is to be properly spent does not mean that every other member of the Council has been satisfied. I know a number of councilors that desire more information on this matter. I hope that the Council, irrespective of what the gentleman from Dorchester feels on the matter, will not go along on suspension of the rules.

Coun. MUCHNICK—Will the gentleman yield?

President KELLY—Just a moment. Let us be fair.

Coun. LINEHAN—Mr. President, speaking on the motion, I am very much surprised this afternoon to hear the gentleman from Ward 14 (Coun. Muchnick) talk about lumping the three together. Of course, last week he was dilatory like myself, or what have you. Unfortunately I did not have the time that the gentleman from Ward 14 had to sit down with his Honor the Mayor and the Budget Commissioner and the Auditor. He knew some of us other councilors other than himself objected to the passage of the bond issues. So far I have not received any information from anybody. I do not think it is my job to walk down to the Mayors' office and ask him for information about a bond issue that he seeks. Why should any councilor have to go down and ask the Mayor for information? He is looking for \$1,500,000 for equipment. I think it is his duty to supply us with the information, and not for us to go down and take our tails, if we have any, and go down to his office. I do not think it is our province to go down there. I think we are cheapening the Council. Every week we cheapen it, the more we give in in this way. We are giving up all kinds of rights. One minute we are talking about the fact we cannot contract as far as the city is concerned, and the next minute we do want contracts. I do not know what is going on.

Coun. COFFEY—Who does?

Coun. LINEHAN—As the gentleman from East Boston (Coun. Coffey) says, it gets me. The councilors are voting without knowing what they are voting on. I was not the one who raised that question. The gentleman from East Boston did. I do not know what is going on. I voted for No. 1 because I have seen the streets and sidewalks. I know they are badly in need of repair throughout the city, not only Ward 7, but practically every ward in the city. That is why I voted for No. 1. But on No. 2 I still have not been given any figures as to what the \$1,500,000 consists of. I would like to see it itemized and broken down into figures—so many pieces of equipment for the Fire Department. I would vote for equipment for the Fire Department, but there might be some department like Public Works where they are giving more and more to the contractors, and they might not be entitled to as much equipment as they are getting out of the bond issue. I would like to know the answer to these things. We haven't the answer so far. Just because the gentleman from Ward 14 (Coun. Muchnick) is satisfied, do I have to go along with him? I have gone along with the gentleman from Ward 14 and the minority up to today. But I find out he is out of the militant minority today.

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. MUCHNICK—To correct the gentleman from Ward 7 (Coun. Linehan).

Coun. LINEHAN—I do not yield for a correction. If he wants to ask a question, I will yield. It is the old story. Are we going to keep voting these things as a matter of form? Here is \$4,000,000 here today. I do not know how much it is going to be before the end of the year. This is only April, 1946. We know the Mayor's budget is \$5,000,000 more than last year. I believe his bond issues, if he gets them, will be more than all of last year. Some of the older members of the Council are probably more familiar with the bond issues last year. I was not around here to know. It seems to me we are talking about getting the councilors more rights, giving them more authority, getting them more power in the charter. Lo and behold, we get a loan back, something we can act on, and we rush it right out of our hands without very much information. It seems to me that is the situation lately. Some of the councilors are going out to listen to the Mayor (on the radio). I have not gone to listen to him yet. I do notice in the paper today there is a little advertisement which says, "Shattered Ideals—James M. Curley, Mayor of Boston." I do not know what shattered ideals he is going to talk about. But to be honest with you, I still retain my ideals. I am afraid they are getting shattered left and right around here in the city government. One day you are talking with some members of the Council, and

we are going to have some fun up here, but we do not have it. We will not go into that. As long as the gentleman from Ward 14 (Coun. Muchnick) is in a hurry to get out and made this motion to lump them, I do not mind keeping him longer. It is a pleasure.

Coun. MUCHNICK—Mr. President, will the councilor yield for a question?

Coun. LINEHAN—I yield for a question.

Coun. MUCHNICK—Will you try to get us out by ten o'clock so I can relieve the sitter who is staying with my children?

Coun. LINEHAN—Mr. President, I do not know why the gentleman is waiting around anyhow.

President KELLY—That answers it.

Coun. LINEHAN—Mr. President, I am still talking. It is kind of funny—

Coun. COFFEY—Mr. President, will the gentleman yield for a question?

Coun. LINEHAN—Gladly.

Coun. COFFEY—I wonder if the gentleman from Ward 7 (Coun. Linehan) noticed the time the gentleman from Ward 14 (Coun. Muchnick) left two weeks ago today?

Coun. LINEHAN—Mr. President, if I may answer through you, if I remember correctly, I think he left fairly early two weeks ago. I am getting kind of weak and I shall be slow.

President KELLY—Take your time.

Coun. LINEHAN—I would like to be able to send Councilor Muchnick home so he would not get fifteen votes. Now, Mr. President, doesn't it seem logical that somebody from the Mayor's office or one of his department heads, or his Budget Commissioner, or whoever organized that \$1,500,000, would furnish us with specific information as to what department gets so many dollars, and so much is going to be spent for equipment. It seems to me we should get some kind of information. I asked for the information several weeks ago. I still have not got it. As a matter of fact, I still haven't got it even from the gentleman from Ward 14, who spent an hour with his Honor the Mayor. Mr. President, I only wish we could bring in the radio while I am talking. I understand "Shattered Ideals" is on.

Coun. CHASE—Mr. President, I think it is only proper that the voice of his master be taken out of the room and provision made so that we do not have to contend with his voice.

President KELLY—The City Messenger will kindly close the door, and keep the door closed.

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. MUCHNICK—To ask the gentleman a question.

President KELLY—Will you yield for a question, councilor?

Coun. LINEHAN—If he calls me a gentleman, yes.

Coun. MUCHNICK—Would you like the information right now?

Coun. LINEHAN—I will ask for the information after we take this up individually.

Coun. MUCHNICK—If we do.

Coun. LINEHAN—I would like to be listening to the magnificent voice of his Honor the Mayor and see what these shattered ideals are. It might have something to do with the tax rate. These things have a big bearing on the tax rate. You might say they haven't, that it is a bond issue. We are going to have a tax rate next year. We are going to pay interest on this \$4,000,000 in bonds. It runs up.

Coun. RUSSO—Mr. President, a point of information. I cannot hear what the councilor is saying. I am wondering if it would not be a good idea to take the radio in here. We cannot hear what we are talking about.

President KELLY—The Chair will instruct the City Messenger to kindly tone down the radio.

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. MUCHNICK—To withdraw the motion, in view of the fact that it seems to distress the councilor from Ward 7 (Coun. Linehan).

Coun. LINEHAN—I object to his withdrawing the motion. I am still speaking on the motion.

President KELLY—You are in order. The objection is sustained.

Coun. LINEHAN—Mr. President, if the members of this Council want to go so far as to take the two things up at once, it is O. K. with me. Let not any member of the Council forget that some day he will want individual items taken up separately. He will want some support on some item that he is interested in. Some of us really have long memories, particularly on a motion which is fair. During my three terms in the City Council I never heard a motion to take up three of them at once. I never heard it before. The gentleman from Ward 14 (Coun. Muchnick) two weeks ago was so much against the loan orders. Now he wants them all taken up at once. I would like to ask a point of parliamentary inquiry. We can still discuss items 2 and 3 if Councilor Muchnick's motion prevails.

President KELLY—They can be discussed.

Coun. LINEHAN—I sincerely hope the Council will follow along and show a little wisdom today and at least give the Council a chance to vote on a million and a half in equipment and a million in sewer works separately.

President KELLY—The question is on the suspension of the rules and taking up of Nos. 2 and 3 on the calendar together. Those in favor

will please rise. Those opposed. The motion is lost. Councilor Coffey doubts the vote and asks for a roll call. Enough members having joined him, the clerk will call the roll. The question is on the suspension of the rules and taking up Nos. 2 and 3 on the calendar together.

The roll was called, and the motion to take up Nos. 2 and 3 together was lost, yeas 1, nays 18:

Yeas—Coun. Muchnick—1

Nays—Coun. Bryan, Cantwell, Chase, Coffey, Cook, Fish, Hurley, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Russo, Scannell, Sullivan—18.

Coun. MUCHNICK—Mr. President, I wish to be recorded as voting "no."

President KELLY—The question is on the passage of No. 2 on the calendar.

No. 2 on the calendar, under unfinished business, was as follows:

2. Action on order for loan of \$1,500,000 for Departmental Equipment.

On April 15, 1946, the order was read once and passed, yeas 15, nays 2.

Coun. CHASE—Mr. President, two weeks ago, in view of the inability of the Council to receive the information I thought they were entitled to, I moved loan order No. 2 be reduced by the sum of \$1,000,000. There is about \$500,000 held for the purchase of Fire Department equipment. The other million dollars should be cut. I move that item No. 2 be reduced by \$1,000,000.

President KELLY—I am sorry, the motion is out of order. A loan order cannot be amended on its second reading.

Coun. RUSSO—Mr. President, two weeks ago I voted to give the loan order its first reading, having in mind that we had two weeks in order to try to secure information. I am sorry to say, Mr. President, that I have not been able to get very much information up to date. I had a little information. I am told by persons who are supposed to be in authority that they have been unable to contract or to get any equipment with the loan order his Honor the Mayor is seeking today. How can we in the City Council vote today on \$1,500,000, knowing full well that equipment cannot be had? If I were sure that the equipment which is necessary for every department to carry on its functions could be obtained, then I would vote for this loan. But up to now, as I said before, I have been told that they are unable to get any equipment. If they cannot, why should we burden the taxpayers of the city by voting a loan? I do not see any sense in that. The Fire Commissioner claims he needs new apparatus. I agree with him. However, if he cannot get the equipment, why should we vote on this loan? Is there any councilor here or anyone even in your Finance Committee, Mr. President, that can show me that they can receive the equipment they are looking for with this \$1,500,000, which is vital in order that the various departments carry on their work? I say I would vote for it. Up to the present time I have had no information that they can receive the equipment. If there is anyone, as the councilor from Ward 14 (Coun. Muchnick) stated, that has received the information, I would like to ask him through you, Mr. President, if I may, if he can inform me where this equipment is going to be bought and what equipment this \$1,500,000 will buy.

President KELLY—Councilor Muchnick, can you enlighten the councilor?

Coun. MUCHNICK—I will do my best. Before any equipment can be purchased, the money must be provided. Once the money is provided, the bids are advertised. After the bids are accepted, and I understand that it is the lowest bidder under the law that is accepted, then the contracts are drawn and the companies go to work. They go to work only through the specifications which we provide. Until we give them specifications they can do nothing. I understand through the Fire Commissioner, in the letter which he has sent to Councilor Lane, of course it will take some time before the equipment is constructed and sent to the city. Particularly is that due to the present condition of labor and materials. The longer we stall, the chances are other cities will be getting their bids in to some of these companies. By stalling a week or two we may lose six or eight months. Other cities may get in ahead of us.

President KELLY—Does that answer your question?

Coun. RUSSO—No, it does not. I knew that before he spoke.

Coun. MUCHNICK—If the councilor wants any further information, if he will give me the lines along which he wants it, I will try to give it to him.

Coun. RUSSO—Mr. President, the information I am seeking is how many pieces of equipment does this \$1,500,000 procure.

Coun. MUCHNICK—Well, inasmuch as the Fire Department is concerned, they want sixteen pumping engines at \$13,000 apiece. They want six hose cars at \$10,000 apiece. They want two aerial ladder trucks at \$20,000 apiece.

President KELLY—Just the Fire Department?

Coun. RUSSO—It is true, so far as some of the equipment they are contemplating getting by this \$1,500,000, he is reading only part of the recommendation given to his Honor the Mayor by the heads of the departments and forwarded to us. However, I have not the information that they are able to get a contract for this apparatus. I have been told that they have gone as far as New York trying to procure equipment that this \$1,500,000

is supposed to get. They have been unable even on the government surplus commodities to get any equipment. Therefore, how can we be justified, knowing full well that the equipment is not available, in passing \$1,500,000.

Coun. MUCHNICK—I would like to know if this question is still being addressed to me?

Coun. RUSSO—He may sit down.

Coun. MUCHNICK—Thank you very much.

Coun. RUSSO—Therefore, how can the Council truthfully justify this, knowing full well that there has been no information forthcoming to indicate they would be able to receive this equipment?

Coun. MUCHNICK—Will the gentleman yield for a question?

Coun. RUSSO—I told him to sit down. I do not intend to yield.

President KELLY—I am sorry.

Coun. MUCHNICK—So am I.

Coun. LINEHAN—Will the gentleman yield?

President KELLY—Councilor Russo has the floor. He can yield to answer a question himself, but, if he yields for you to ask somebody else a question, he has to yield the floor.

Coun. RUSSO—Mr. President, I would be very glad to yield to the gentleman from Ward 7 (Coun. Linehan) if he wants to ask me a question, and I in turn will ask you.

Coun. LINEHAN—I would like to ask the gentleman from Ward 3 (Coun. Russo) if he would ask the gentleman from Ward 14 (Coun. Muchnick) since when he became the spokesman for the Mayor?

Coun. RUSSO—Mr. President, having heard the question put to me, of course I do not know, but I would ask Councilor Muchnick if he so desires to answer that.

Coun. MUCHNICK—I would be glad to answer it.

Coun. RUSSO—I am asking when he decided to be a spokesman for the Mayor.

Coun. MUCHNICK—I have never decided to be the spokesman for his Honor the Mayor. I do not know that either he or I want me to take up that dubious distinction. At any time when the Mayor of Boston introduces a loan order which I feel is for the benefit of the city, I will speak for it.

Coun. HURLEY—I would like to ask the gentleman a question. Will he yield?

Coun. MUCHNICK—Gladly.

Coun. HURLEY—I would like to know if you would answer the telephone. It is for you.

Coun. MUCHNICK—I started to say I did not propose to be the spokesman for his Honor the Mayor. I do not think he wants me to be. I do not want to be myself. At any time that the Mayor of Boston introduces a loan order, or any other order that I feel would benefit the City of Boston, he will get my support. This is one of them. Now, may I answer the telephone?

Coun. RUSSO—I have listened to a lengthy explanation. The question was simple.

Coun. MUCHNICK—Do I get another chance at that?

Coun. RUSSO—I would like to ask through you, Mr. President, and through your Finance Committee, if the Finance Committee here was assured that every parcel of equipment that this loan order is intended for could be acquired if we passed the loan order? I know, Mr. President, that they cannot assure me or assure the Council that this money, if passed today, will be able to purchase the equipment necessary in order for the department to function in the manner in which they are supposed to function. I know, Mr. President, that they are not able to receive the equipment. Why should the Council then vote for a loan order? I want to be fair. I have always tried to be fair. Unless we can get the proper information and make certain that everything we pass on is carried out, unless we have been assured that the equipment, as far as the Fire Department needs are concerned, would be able to be acquired, we should not approve this. I know that in the Public Works Department some of our trucks have been broken down time and time again. I know they have been unable to collect garbage and ashes in my district and other districts. But again I say if they are not able to get this equipment, why vote to give them \$1,500,000 blindly when we know it will be either set aside or otherwise manipulated in a manner that will not serve the best interests of the people of the City of Boston. I therefore urge, Mr. President, that this loan order be laid on the table for one week. May I change that motion, Mr. President? I would rather have this order sent back to the Committee on Finance to hold a meeting, a public hearing, whereby all the City Councilors and the people interested may be able to come in and express their views. I therefore hope that this matter will be referred back to the Committee on Finance.

President KELLY—Councilor Russo makes the motion that this matter be referred to the Committee on Finance. It is not a vote. Councilor Russo doubts the vote and asks for a roll call. Enough councilors having joined him, the clerk will call the roll.

The roll was called, and the motion to refer back to the Committee on Finance was lost, yeas 3, nays 16.

Yeas—Coun. Chase, Linehan, Russo, 3.

Nays—Coun. Bryan, Cantwell, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Madden, McCormack, Moriarty, Muchnick, Scannell—16.

President KELLY—The question comes on the passage of No. 2 on the calendar.

Coun. CHASE—I move reconsideration of the matter before us.

President KELLY—Councilor Chase, talking on reconsideration on the motion to refer to the Finance Committee.

Coun. CHASE—Mr. President, it would appear that the Council apparently is voting blindly on this order. There are a number of councilors here who are not sufficiently enlightened as to just what purpose this money is to be used for. Departmental equipment is rather broad language, sir. It could include radios; it could include washing machines; it could include equipment of any nature. I think that as members of the City Council we are entitled to know exactly what this \$1,500,000 is to be spent for. I am not satisfied. Other councilors are not satisfied. We have been unable to get a satisfactory explanation as to what this money is to be used for. It would appear to me, Mr. President, that much of it is mostly for trucks, which I understand are to be purchased for the Public Works Department with part of this \$1,500,000. It is unnecessary in view of the fact that for the past few years the city has adopted a radical change in the conduct of its municipal business in the Public Works Department. In many cases where the city Sanitary Division was using its own trucks and its own men for the removal of ashes and rubbish, that work is being done by private contract. It would hardly seem to me, sir, that the trucks which his Honor the Mayor contends are necessary for the proper carrying on of the business in the Public Works Department are needed. This matter has not been adequately explained. Because of that, sir, I hope your Honorable Body will go along on my motion to reconsider, in order that we can lay the matter on the table one more week and that we may get a better explanation of the proposed expenditure.

Coun. RUSSO—Mr. President, talking on reconsideration, I believe that the Council is ready to act on this \$1,500,000 loan order, having in mind that the whip has been snapped. When we talk about dictatorial powers, Mr. President, I believe we have one of the greatest dictators here, including Mussolini and Hitler combined. I do not know why, Mr. President, our boys shed their blood all over this world in order to eliminate dictators and still allow in our own midst a dictator here in the City of Boston. Again I say that the City Council ought to be abolished. He has abolished some departments and department heads by saying it is for the best interests of the city and the service. I say, for the best interests of the City of Boston, abolish the Boston City Council. First of all, we have no power. Whatever little power there is, we ourselves deprive ourselves of it. Above all, when you have a dictator, then it is high time that the people of the City of Boston do something about it. I asked a question here. It is still to be answered by any of my colleagues. None of them could answer it truthfully. How can this \$1,500,000 acquire the equipment that the heads of the departments desire?

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. MUCHNICK—To complain. I may not have answered it to the councilor's satisfaction, but I answered it truthfully.

President KELLY—The councilor is out of order. Councilor Russo.

Coun. RUSSO—Mr. President, when I asked the question if your Finance Committee or any other of my colleagues here could truthfully inform me that the various departments asking for the \$1,500,000 for equipment would be able to acquire that equipment, no one answered the question truthfully, I believe, Mr. President.

Coun. SULLIVAN—Will the gentleman yield for a question?

Coun. RUSSO—Not at this time. I cannot see for the life of me why the Council should take action today, knowing full well we will not be able to get the equipment in another year or more. I would like to have the various departments come in before us so we can find out from them and have some assurance on the matter. I would rather have the heads of the departments come to us. If they can say they are sure it would be procured, I would take their word in preference to his Honor the Mayor. He has said publicly in front of witnesses his word can be broken at any time.

Coun. SULLIVAN—Mr. President, I wonder if I could obtain a point of information through you. I wonder if the gentleman from Ward 3 (Coun. Russo) will tell us how he voted two weeks ago when I was trying to have this referred to the Executive Committee, how he voted on it?

Coun. RUSSO—Mr. President, I will be glad to answer that. If my colleague from Ward 9 (Coun. Sullivan) was listening when I first started to speak, I stated I voted for this loan order believing that within two weeks' time I would receive the proper information. I was not trying to hold this over. I was hoping that within these two weeks I would receive the information I was seeking. I have been able to receive some information. That information has been that they have tried to procure equipment and that they have been unable to get any equipment. As I understand it, they have gone as far as New York and have applied for surplus commodities trying to procure some of this equipment. They have been unable to get it. There is no question that they will be unable to receive the equipment if we pass

this loan. I say, why should we vote on this loan today? What is the reason that this loan must pass today? I do not see any reason. If my information was that they were able to receive the equipment required by the loan and they could show me they could contract and get the equipment, I am the last fellow to see any department function without proper equipment which is necessary in order to carry out the work. I have not been able to get that information, Mr. President. That is the reason why I vigorously oppose the passing of this loan order at this time. Is there any councilor who can honestly say he has been assured the equipment can be procured?

Coun. MUCHNICK—Will the councilor yield for a question?

Coun. RUSSO—No. Mr. President, I have been in the Council now going on seven years. I believe most of the older councilors can testify to the fact I have always tried to be fair. If there are any differences between his Honor the Mayor and myself, it does not enter into my opinion on any question that comes before you. I have always been fair, whether I liked the man on the second floor or not, on previous administrations. These are the exact words I said to his Honor the Mayor when I first took office: "I will not ask him for anything which would embarrass him or which would be detrimental to him, neither would I give in to him unless the thing were within reason." I ask him if this \$1,500,000 is within reason.

President KELLY—You have thirty seconds. I want to be fair.

Coun. RUSSO—I do not feel this million and a half is within reason, because we cannot acquire the equipment that this money should buy. We cannot acquire it. No councilor can give me the information.

Coun. CHASE—Mr. President, will the gentleman yield to me?

President KELLY—Just a minute. He cannot yield. His time has expired.

Coun. CHASE—Does the gentleman yield to me?

Coun. RUSSO—Yes.

President KELLY—Councilor Russo's time has expired.

Coun. CHASE—I now yield to the gentleman.

President KELLY—His time has expired. The question is on reconsideration.

Coun. CHASE—I yield my time to the gentleman from Ward 3 (Coun. Russo).

President KELLY—I am sorry, councilor. I have not recognized you yet. The question is on reconsideration.

Coun. SCANNELL—Mr. President.

President KELLY—Councilor Scannell.

Coun. LINEHAN—He was sitting down, Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. CHASE—A point of information. Go back in the records, Mr. President, and see if he did not recognize me.

(The record is read back.)

President KELLY—Councilor Scannell has the floor.

Coun. CHASE—I think from the notes of the stenographer it is quite clear you recognized me.

President KELLY—I recognized you for the purpose of asking Councilor Russo a question. You asked Councilor Russo if he would yield the floor. I told Councilor Russo his time had expired.

Coun. CHASE—I did not ask any question of you.

President KELLY—When you arose, I asked you for what purpose did you rise. You said to ask Councilor Russo a question. I said the Chair has said that Councilor Russo's time had expired.

Coun. CHASE—I remember clearly, Mr. President, I asked of you whether or not the gentleman from Ward 3 would yield to me.

President KELLY—The Chair ruled that Councilor Russo could not yield, his time had expired.

Coun. CHASE—Well, you recognized me as his time had expired and then I had the floor.

Coun. FISH—Mr. President.

President KELLY—Councilor Scannell has the floor. For what purpose does the gentleman rise?

Coun. FISH—I move the previous question.

Coun. SCANNELL—Mr. President.

President KELLY—Talking on reconsideration. The previous question would be a motion that is out of order. We are talking on reconsideration, and I recognize Councilor Scannell.

Coun. SCANNELL—Mr. President.

Coun. CHASE—Mr. President, is it my understanding you rule that you did not recognize me?

President KELLY—That is right.

Coun. SCANNELL—As a member of the Finance Committee of the City Council, I believe I have asked enough questions here in the past two weeks, and that the Finance Committee meetings gave me enough knowledge of where this \$1,500,000 is going to be spent. At that time the Fire Commissioner came in. He said \$1,500,000 would not be enough to supply the full needs of equipment. It is all right to say that the members of this Body are being dictated to. As far as I am concerned, I want to be dictated to if there is such a thing as being dictated to on fire equipment. This equipment is due. Equipment has not been bought for the last six or seven years due to the war effort. I said two weeks ago I would spend a million or two million dollars for fire equipment. The Fire Commissioner said at the Finance Committee meeting that half

a million dollars is too little for fire equipment. He could spend that much more to bring the Fire Department up to a first-class department. I am satisfied that the Public Works Department, as far as equipment is concerned, is in a deplorable condition. The councilor from Ward 3 (Coun. Russo) talks about the unsanitary conditions in his district. I talked about them in mine. I am satisfied that they need more than half a million dollars for equipment in the Public Works Department. Picture the past five years of the war. It is very little money that the City of Boston is asked to spend. Go over that five years, cutting it up into \$1,500,000, and find out how economical it was to have the City of Boston spending at least half a million dollars in five years, which would bring it up to \$2,500,000, as compared to this \$1,500,000. Let us not bring in the old red herring across this track. We need fire equipment in the city to protect the lives of men, women and children here. We need trucks and snow equipment. We need dump trucks for the protection of the health of the people of the city.

Coun. RUSSO—Mr. President, will the gentleman yield for a question?

Coun. SCANNELL—I do yield.

Coun. RUSSO—Mr. President, I would like to ask through you if he can assure me that the equipment that is required by this loan could be had? For his information I would like to state—

President KELLY—Wait a minute.

Coun. SCANNELL—Mr. President, may I answer that question?

President KELLY—I do not think he has finished.

Coun. RUSSO—I am finished on my question, Mr. President. Can the councilor assure me and the Council if he has had any information that the equipment could be procured at this time?

Coun. SCANNELL—In a common-sense way I might answer that. I am sure if you put the orders for the equipment in today, you might get the equipment earlier than if you put them in a month or six weeks later. I also might ask if the councilor knows, if we put in orders five years ago to spend a couple of million dollars, we would not have the equipment today because the war effort would not allow it. I am sincere when I say we need fire equipment and we must get rid of what I call the Toonerville Fire Department of the City of Boston. Let us have some new equipment, so some day they may not come back and say the members of the City Council would not appropriate enough money for the protection of the men, women and children of the city.

President KELLY—The question is on reconsideration.

Coun. LINEHAN—I wish it were possible to break down this loan order of \$1,500,000 into the different component parts of the so-called bond issue. I would like to know the items desired for the \$1,500,000. I agree with my colleague from Ward 6 (Coun. Scannell) that the Fire Department needs equipment. I know it needs new ladders. Some of the apparatus broke down here about a week ago. Personally, I do not know anything else, but I am willing to go down the line and say without too much information I would vote for items which go to the Fire Department. But that is only less than one third of the \$1,500,000, as I understand it. I might be corrected if that is not so by the chairman of the Committee on Finance. He is among the missing. If this were broken down into different departments such as the Fire Department, I would vote for equipment for the Fire Department. But as far as the other million dollars is concerned, I would want to be shown. I said two weeks ago the Public Works Department seems to be getting smaller in regard to its duties. I think I told the councilors two weeks ago many of the bridges of the City of Boston would be taken over by the state before the year is out. That means a little less equipment will be needed on bridges. It is my understanding that his Honor the Mayor gave out even more, if not just as many, contracts on the collection of ashes and garbage. I think he gave out more. I am not sure. Of course, there is a 10 per cent increase in that contract price.

Coun. MUCHNICK—Will the gentleman yield for a question?

Coun. LINEHAN—I yield to the distinguished gentleman from Ward 14.

Coun. MUCHNICK—It would be a pleasure to ask a question of the distinguished gentleman from Ward 7. Does the gentleman from Ward 7 know if we do not buy the equipment we do not borrow the money—that this is just authority to use it if and when we need the equipment and can get it?

Coun. LINEHAN—Well, Mr. President, I am awfully glad to hear from the distinguished lawyer from Ward 14 (Coun. Muchnick) this is only authority. Once we give the authority, may I inform the gentleman from Ward 14 the City Councilors do not have too much to do about it. It is ruled by the Corporation Counsel that practically it is not any of their business. We do not have any say about it.

Coun. MUCHNICK—Will the gentleman yield for a second question?

Coun. LINEHAN—I will.

Coun. MUCHNICK—Does the distinguished lawyer from Ward 7 (Coun. Linehan) know under the law none of this money can be borrowed unless

it is actually spent for the purpose for which it was borrowed?

Coun. RUSSO—Mr. President, a point of order. My point of order is I believe our rule states that when we are addressed we should be addressed as councilors and not as lawyers.

President KELLY—The point is well taken.

Coun. LINEHAN—Mr. President, I am not sorry to be a lawyer. Mr. President, I still get a kick out of the gentleman from Ward 14 (Coun. Muchnick) talking about the money having to be appropriated for whatever the bond issue is being floated for. Of course I know that. Every councilor in here knows that. Does he think he is giving us an academic lecture on finance? Naturally we want to know what he is going to use the money for. I haven't any doubt he is going to use the \$1,500,000. To be honest with you, I feel sure he will use it probably before the year is out. I do not think the distinguished gentleman from Ward 14 has given us any information. It is kind of hard with all these gentlemen bobbing up to keep your bearings. I am thrown off. I am not as snappy as I used to be. I would like to keep Councilor Muchnick here a few more minutes. Mr. President, we go back again to the old tax rate. I understand his Honor the Mayor talked about the tax rate tonight over the radio. One of the greatest accomplishments of the Mayor of Boston, Maurice J. Tobin, was to lower the debt of the city. The gentleman has not received much credit. His monument was to try to lower the debt of the city. This year we were going to have, as I remember from the luncheon at the Parker House, his Honor the Mayor to lower the tax rate. We find it is \$5,000,000 more than Mayor Kerrigan's budget. I do not know how much that is going to put up the tax rate this year. We have this \$4,000,000 here. I cannot see much improvement in the next few years under the present Mayor. If he keeps adopting these tactics, he has to realize from experience he cannot get much assistance from the Legislature. Like the members of the Council, it is about time they found out that when they file an order telling the Legislature to do this or that, it is given the old heave-ho in the Legislature. The representatives at Beacon Hill do not think much of the City Councilors. Why, I do not know. They just do not. His Honor the Mayor endeavored to lower the tax rate by the only means I know of, borrowing money. Anybody can do that. Any grammar school or high school kid in the Mayor's seat could borrow the money with the favorable debt situation we had in which Maurice Tobin left the city. Even though some of the councilors might not like that, he did leave a swell debt situation. I really think his Honor the Mayor is starting to ruin that picture. This is the beginning of the ruining of the one bright spot in the city's financial structure, the debt structure. This \$4,000,000 loan, plus I do not know how many more million before the end of the year, and you can rest assured we are not going to have a loan debt structure that will be lower by the end of 1946.

President KELLY—Thirty seconds.

Coun. LINEHAN—Thank you very much.

Coun. FISH—Mr. President, I move the previous question.

President KELLY—Councilor Fish moves the previous question. It is a vote and so ordered. Councilor Russo doubts the vote and, a sufficient number of councilors having joined him, he asks for a roll call. The clerk will call the roll. The motion is on the previous question.

The roll was called, and the motion on the previous question was carried, yeas 16, nays 3:

Yeas—Coun. Bryan, Cantwell, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Madden, McCormack, Moriarty, Muchnick, Scannell—16.

Nays—Coun. Chase, Linehan, Russo—3.

President KELLY—The question is now on the passage of the order, No. 2 on the calendar. The clerk will call the roll. There is no debate.

Coun. LINEHAN—Why is there no debate on No. 2?

President KELLY—The previous question has been moved.

Coun. LINEHAN—Wasn't the previous question raised on reconsideration?

President KELLY—The previous question brings the main question into effect.

Coun. LINEHAN—Thank you.

The roll was called, and the order for loan of \$1,500,000 for Departmental Equipment was given its second reading and passage, yeas 17, nays 3:

Yeas—Coun. Bryan, Cantwell, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Madden, McCormack, Moriarty, Muchnick, Scannell, Sullivan—17.

Nays—Coun. Chase, Linehan, Russo—3.

President KELLY—The Chair will call up No. 3 on the calendar.

No. 3 on the calendar was as follows:

3. Action on order for loan of \$1,000,000 for Sewerage Works.

On April 15, 1946, the said order was read once and passed, yeas 15, nays 4.

President KELLY—The clerk will call the roll. Coun. CHASE—Mr. President, this pertains to a loan order of \$1,000,000 for sewerage works. Like the other two orders, Mr. President, I feel that, in view of the lack of information submitted by his Honor the Mayor, I am not prepared to act favorably on this order. I think that his Honor

the Mayor could provide information pertaining to such a loan order of such a size which would give us real insight as to what this million dollars is to be used for. A loan order of \$1,000,000 for sewerage works is pretty broad. Yet we do not know exactly just how the money is to be spent.

Coun. KINSELLA—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. KINSELLA—Will the gentleman yield for a question?

Coun. CHASE—No. We do not know, sir, if this money is going to be spent on a main sewerage works program or if it is going to be broken up into twenty-two districts. At least, I have not been given any information on this point. I feel, Mr. President, in view of the decided increase in the tax rate we are going to have this year, we should use every possible effort to hold his Honor the Mayor down on any spending spree he may undertake.

Coun. FISH—Mr. President, if I may make a motion.

President KELLY—Councilor Chase, you have the floor. If you wish to yield—

Coun. CHASE—I do not yield.

Coun. FISH—A point of information, Mr. President. If I am in order now, we have had enough talk about the Mayor. I move the previous question now.

President KELLY—I cannot accept the motion. Councilor Chase still has the floor.

Coun. CHASE—Mr. President, it is not so many minutes ago that the members of this Council were engaged in debate. We heard the master's voice ringing from the outside chamber. He was telling of shattered ideals and discussing the tax rate.

Coun. MUCHNICK—Mr. President, a point of order. I do not think that the subject we are now discussing is "Shattered Ideals." I think we are more on sewerage.

President KELLY—The point is well taken. We are talking on the \$1,000,000 sewer loan.

Coun. CHASE—Mr. President, my remarks are leading up to the point in question.

President KELLY—All right, councilor.

Coun. CHASE—I feel, Mr. President, that his Honor the Mayor—the gentleman made some salutary remark about the Mayor—I feel that if his Honor the Mayor is as sincere as his voice sounded on the radio tonight about his interest in the well-being of the citizenry of Boston, that he would have provided adequate—

Coun. MUCHNICK—Mr. President, I think the point under discussion is still sewerage and not the remarkable radio voice of the Mayor.

President KELLY—The point is well taken. I am going to ask the councilor to kindly stay on the \$1,000,000 sewer loan. If you do not, I will rule you out of order.

Coun. FISH—You have ruled he is not speaking on the order. I now move the previous question.

President KELLY—I have not ruled. I have warned him. I have not ruled him out of order. I have given him a warning that if he does stray again I am going to rule him out of order.

Coun. CHASE—Mr. President, we are now considering a loan order of \$1,000,000 for the sewerage works. That loan order, sir, is not prepared by the City Council nor was that loan order prepared by his Excellency the Governor of the Commonwealth, nor was the loan order proposed by any civic group in our city. That loan order was proposed by his Honor the Mayor, his Honor James Michael Curley, Mayor of the City of Boston. Mr. President, I question the need for the expenditure of \$1,000,000. I question the need for that expenditure because of the fact that no adequate explanation has been given this Honorable Body. Are we to vote on this matter blindly just because the master, the Honorable James Michael Curley, has seen fit to propose it? Aren't we entitled to the information which the City Charter says we are entitled to? Mr. President, we have a number of councilors here who are not satisfied with the enlightenment we have been given on the subject matter before us. This is a matter pertaining to a million dollars of the taxpayers' money. They will be called upon, sir, to make this up out of the tax money. The people of Jamaica Plain, Hyde Park, West Roxbury, all over the City of Boston, sir, these taxpayers from the little homes will be called upon to make up this million dollars. All we have as representatives of the taxpayers are blanket orders for \$1,000,000 for the sewerage works. What kind of sewerage works? Where is this money to be spent? When is it to be spent? How is it to be spent? Yet, sir, we have councilors in this Body here who desire that information and were denied the opportunity of receiving it. Some of our members were moving the previous question and cutting off debate, cutting off the only avenue of explanation we might hope to get. Sir, I feel that we are entitled to know more about this sewerage loan order.

Coun. SCANNELL—A point of information, Mr. President. Might I ask through you, might I ask the City Clerk through you, if he knows the last loan order in here for sewerage for the city?

President KELLY—Nineteen forty-five.

Coun. SCANNELL—Would the clerk inform me, through the Chair, is that an order that comes in every year?

President KELLY—I am informed it is two out of every three years.

Coun. SCANNELL—Thank you.

Coun. CHASE—Mr. President, we have twenty-two members in this City Council. How many of the councilors here know what percentage of this million dollars is going to be spent in their individual wards?

Coun. BRYAN—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. BRYAN—Well, the gentleman is asking the Council if they know what percentage is going to be spent in their wards.

Coun. CHASE—I do not yield. I am asking, sir, from you as presiding officer and through you, sir, how many councilors know exactly how much of this million dollars is to be spent in their own particular wards.

Coun. BRYAN—Mr. President.

Coun. CHASE—Mr. President, I do not yield.

Coun. BRYAN—Mr. President, I desire to answer the gentleman for my district.

President KELLY—I am sorry, councilor, you cannot answer him if he will not yield.

Coun. BRYAN—If he keeps asking the question, I will want to answer it pertaining to my ward.

Coun. CHASE—The gentleman will have ample opportunity in the future to answer the question, and so will any other gentleman who has such knowledge. But I say to you, sir, I have no knowledge of how much money is to be spent in the wards of the city. I venture to say the gentleman from South Boston does not know about his district. I venture to say—

Coun. SCANNELL—Mr. President, a point of information. A point of personal privilege. I happen to know I am going to get a couple of sewers sixty years old in my district.

Coun. FISH—Mr. President, I do not reside in Ward 4. He will get as much sewer work as is necessary.

Coun. MUCHNICK—Will the gentleman yield for a question?

Coun. CHASE—No.

Coun. MUCHNICK—A point of information, Mr. President. I would like to be informed about how much longer the councilor from Ward 4 (Coun. Chase) intends to speak on the subject.

Coun. CHASE—Well, Mr. President, it is not my intention to use dilatory tactics. I am merely asking for information.

Coun. BRYAN—Mr. President.

Coun. COFFEY—Mr. President, a point of information. Does anybody know where Mayor Kerrigan is?

Coun. RUSSO—Mr. President, I would like to ask the gentleman if he will yield the floor.

Coun. CHASE—I yield to the gentleman from Ward 3 (Coun. Russo).

Coun. FISH—Mr. President.

President KELLY—He can do that.

Coun. RUSSO—Mr. President.

President KELLY—Councilor Russo has the floor.

Coun. FISH—Mr. President, I move the previous question.

Coun. RUSSO—Mr. President.

President KELLY—Councilor Russo has the floor.

Coun. FISH—I appeal from the decision of the Chair.

Coun. MUCHNICK—Mr. President, a point of order.

Coun. FISH—Do I have the privilege of appealing from the decision of the Chair?

President KELLY—Just a minute. Councilor Muchnick, what is your point of order?

Coun. MUCHNICK—If I remember the proceedings correctly, you recognized Councilor Russo for a question. He asked if Councilor Chase would yield the floor, and Councilor Chase yielded the floor. You had not recognized him for anything further than a question. Then Councilor Fish asked him for the floor, and Councilor Russo went on again.

President KELLY—Councilor Chase yielded the floor to Councilor Russo. Councilor Russo has the floor. Councilor Fish has moved the previous question, which the Chair will have to rule out of order. Councilor Fish has appealed the ruling of the Chair.

Coun. RUSSO—Mr. President.

Coun. FISH—Mr. President, I appreciate the reason the floor was yielded. It was just to circumvent the issue for somebody else to get up and talk and prolong this. However, I think he will run out of wind soon, and I will withdraw my appeal.

Coun. RUSSO—Mr. President, of course it might be quite a joke for some of the councilors, but to me, I feel it should be for each one of us much more serious than what we really make of it. I would like to be in the position of voting on this loan order in the affirmative. But I cannot vote and know very well what this loan intends. I do not know how much of this money is going to be used for the clearance of catch-basins. Take a walk around the city, Mr. President, and check the condition that the catch-basins are in. I would like to know how much of this million dollars is going to be used to clean up that mess, to clean up the breeding place of diseases. In my district, Mr. President, the catch-basins are in a deplorable condition. You and I know that the children of our districts, and in particular my district, are forced to play on the streets because whatever little playgrounds there are in the district are not adequately equipped. I have all the faith in the world in the head of the Public Works Department, but, however, I would like

to be informed how much work is going to be done in cleaning up the catch-basins.

Coun. KINSELLA—Will the gentleman yield for a question?

Coun. RUSSO—Not at this time. I am sorry, Not knowing what the money is going to be spent for specifically, how can we act on this today?

Coun. LINEHAN—Mr. President, a point of information. How much time has the gentleman from Ward 3 (Coun. Russo) got left for debate?

Coun. RUSSO—All day.

President KELLY—Talking on the passage of the order, he has unlimited time.

Coun. SCANNELL—Mr. President, a point of information. If Councilor Fish had moved the previous question, can we question the authority of the Chair and ask the Body to overrule the ruling of the Chair? May I ask that through you?

President KELLY—The man having the floor does not have to yield the floor to anybody.

Coun. HANNON—Mr. President, a point of parliamentary inquiry. I would like to inquire, through you, of the gentleman who has the floor if, in all fairness to everybody here, particularly in fairness to the stenographer who has been working regularly for about seven hours steadily, if we cannot agree on a certain hour at which time the vote will be taken, and then we might all go out and have a sandwich and come back. I wonder if the gentleman will agree to a motion to that effect?

Coun. RUSSO—I cannot agree because I do not know. I gather my thoughts as I go along. It may take two minutes or it may take two hours. I do not know.

Coun. HANNON—Mr. President, in fairness to the gentleman, in case some of his thoughts are straggling, suppose we give him half an hour and five minutes? Can he agree?

President KELLY—If his thoughts straggle, I will have to rule him out of order. Councilor Russo has the floor.

Coun. FISH—Mr. President, a point of information. In the event you rule him out of order, can I advance the previous question?

President KELLY—That is in order; if the Chair recognizes you, you can.

Coun. RUSSO—Mr. President, I do not know why they are asking all these points on order. I believe if I am out of order that the President has the authority to call me out of order—

Coun. MUCHNICK—Mr. President, a point of order. The gentleman is not speaking on item No. 3 on the calendar right now. I ask you rule him out of order.

Coun. RUSSO—Mr. President, I would like to repeat I do not know how much money is going to be spent on these catch-basins, cleaning up all the catch-basins. I do not know how much money is going to be spent on putting in new sewers.

Coun. HANNON—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. HANNON—To find out if the gentleman wants to know.

President KELLY—Do you want some information? Do you want to yield?

Coun. RUSSO—I have not asked for anything, not from any councilor. I wonder if the gentleman, Mr. President, wishes to answer the question that I will put to him? I wonder if he knows how many catch-basins are going to be done in my district.

Coun. HANNON—Well, I think all of them will be done. I have had a conference with the Commissioner of Public Works, and he has assured me all of the catch-basins are going to be cleaned. If we do not appropriate the \$1,000,000, the councilor from Ward 3 will have to clean them himself.

Coun. MUCHNICK—Will the gentleman yield?

Coun. HANNON—I yield.

President KELLY—Councilor Russo still has the floor.

Coun. HANNON—I have finished my answer, but only the first part of it. Councilor Muchnick has the rest.

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. MUCHNICK—To make a motion. The councilor from Ward 3 (Coun. Russo) in asking the question yielded the floor. You have recognized me. I move the previous question.

President KELLY—Wait a minute. I only authorized you to give the second part of the answer to Councilor Russo.

Coun. MUCHNICK—The councilor from Ward 3 (Coun. Russo) did not ask any question, nor did I volunteer to make any answer. The councilor from Ward 13 (Coun. Hannon) had no authority from the councilor from Ward 3 (Coun. Russo) or myself.

Coun. RUSSO—Mr. President, a point of order.

President KELLY—Just a minute. I am going to rule Councilor Russo has the floor. Councilor Hannon answered the first part of the question; then he said Councilor Muchnick had the second answer. I want to be fair.

Coun. HANNON—He misled me.

Coun. RUSSO—Of course, I am glad to hear from the gentleman from Ward 13 (Coun. Hannon) that all the catch-basins in my district are going to be taken care of. However, I have heard that for the past seven years. I would like to hear it from the Public Works Commissioner. I will take his word in comparison with his Honor the Mayor. I

do not know how such work is going to be done in my district. If I did know, I would be glad to go along with a loan order which would eliminate places which are breeding disease, especially the catch-basins where the children of my district are forced to play on the streets and come in contact with the sewers and catch-basins. I say, Mr. President, his Honor the Mayor is using the same tactics, sending out a loan order of a million dollars and refusing the City Council information to which they are entitled. It is the same tactics as a dictator. May I, Mr. President, inform you that he is the same gentleman who was very glad to receive the honor of Cavalier from the government of Italy, at that time under Mussolini.

Coun. FISH—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. FISH—I do not believe the gentleman is talking about sewers.

Coun. RUSSO—Mr. President, will someone explain to me—

Coun. FISH—I think his Honor the Mayor has nothing to do with the subject matter of sewers.

Coun. RUSSO—I am leading up to it. If you will only let me alone, I will try to get through as soon as I can. I feel they are trying to prolong this—that is their intention.

Coun. MUCHNICK—Mr. President.

Coun. FISH—Mr. President, is it your opinion that speaking about his Honor the Mayor receiving honors is the same as talking about the sewers?

President KELLY—Will you please confine your remarks to the order?

Coun. MUCHNICK—Mr. President, a point of order. I would like you to rule as to whether that extra sentence about his Honor the Mayor was in order on the question of sewers. If it was out of order, I would like you to call the gentleman out of order.

President KELLY—I am going to allow that sentence to be included.

Coun. RUSSO—They are asking me so many questions, I would like to ask them if that is not the truth. Mr. President, going back on this \$1,000,000 loan order, I still maintain that I do not know—

President KELLY—I am going to rule you out of order for repeating three or four times the same statement. I am going to recognize Councilor Fish.

Coun. FISH—I move the previous question.

President KELLY—Councilor Fish moves the previous question.

Coun. CHASE—Mr. President.

Coun. RUSSO—Mr. President.

President KELLY—No debate.

Coun. CHASE—Mr. President.

Coun. RUSSO—Mr. President.

President KELLY—The Chair will recognize only an appeal from the decision of the Chair and nothing else.

Coun. RUSSO—Mr. President, a point of order. On what grounds do you call me out of order?

President KELLY—For deliberately repeating four or five times the same statement. In my opinion, you are just killing time in order to block the passage of the order.

Coun. RUSSO—Mr. President.

Coun. FISH—I have just moved the previous question.

President KELLY—I have recognized Councilor Fish, and he has moved the previous question, and there is no debate.

Coun. CHASE—Mr. President.

Coun. RUSSO—Mr. President, a point of order.

President KELLY—The Chair will recognize only an appeal from the decision of the Chair.

Coun. CHASE—Mr. President, a point of order.

President KELLY—Do you wish to make an appeal?

Coun. CHASE—Mr. President, a point of order, sir. A councilor is always entitled to a point of order.

President KELLY—State your point of order.

Coun. CHASE—You say that the gentleman from Ward 3 (Coun. Russo) was out of order.

President KELLY—I said so.

Coun. CHASE—Mr. President, I ask you to refer to the stenographic notes to uphold your reasoning.

Coun. FISH—Mr. President.

President KELLY—The Chair has made its ruling. There can be an appeal from the ruling of the Chair.

Coun. SCANNELL—Mr. President.

President KELLY—Councilor Scannell.

Coun. SCANNELL—Mr. President, I appeal from the ruling of the Chair, on the motion of Councilor Fish.

President KELLY—The question now is: Shall the decision of the Chair be sustained?

Coun. MUCHNICK—Mr. President, a point of order.

President KELLY—There is no discussion. I am sorry.

Coun. CHASE—Mr. President, a point of parliamentary inquiry.

President KELLY—Councilor Chase, until the appeal is decided there is no point to be asked.

Coun. CHASE—Mr. President, a point of parliamentary inquiry.

President KELLY—I am sorry. Until the appeal is decided, no questions can be asked. The question is on sustaining the ruling of the Chair, and the clerk will call the roll.

Coun. CHASE—Mr. President, a point of parliamentary inquiry.

President KELLY—I am sorry, you cannot have it.

Coun. HURLEY—I second the motion of Councilor Scannell.

President KELLY—Shall the decision of the Chair be upheld?

Coun. CHASE—Mr. President.

President KELLY—The clerk will call the roll.

Coun. BRYAN—Mr. President.

Coun. KINSELLA—Mr. President, will the Chair clearly state on what we are now voting?

President KELLY—The Chair rules Councilor Russo out of order for deliberately repeating the same statement four or five times. Now we are voting on—

Coun. RUSSO—Mr. President.

Coun. CHASE—Mr. President.

President KELLY—Now the question we are voting on is: Shall the decision of the Chair be sustained?

Coun. RUSSO—Mr. President.

President KELLY—The clerk will call the roll. There is no debate.

Coun. RUSSO—Mr. President, a point of information.

President KELLY—A point of information is out of order.

Coun. CHASE—Mr. President, a point of parliamentary inquiry.

President KELLY—The clerk will call the roll.

Coun. CHASE—Mr. President.

Coun. RUSSO—Mr. President.

President KELLY—I am sorry, councilor. You are out of order.

Coun. RUSSO—Mr. President, a point of parliamentary inquiry.

President KELLY—The clerk will call the roll. The roll was called, and the ruling of the Chair was sustained, yeas 10, nays 4:

Yeas—Coun. Bryan, Cantwell, Cook, Fish, Hurley, Kelly, Lane, McCormack, Muchnick, Scannell—10.

Nays—Coun. Chase, Keenan, Linehan, Russo—4.

Coun. FISH—Mr. President, I move the previous question.

Coun. CHASE—Mr. President.

Coun. RUSSO—Mr. President, a point of information.

President KELLY—Just a minute, gentlemen. The question now is on Councilor Fish's motion to move the previous question. There is no debate.

Coun. RUSSO—Mr. President, a point of personal privilege.

President KELLY—There is no debate.

Coun. RUSSO—I want a point of personal privilege from the Chair.

President KELLY—You are out of order.

Coun. RUSSO—Well, Mr. President, I feel you cannot have had any grounds to put me out of order. I would like to find out from you my personal privilege on what grounds you just put me out of order.

President KELLY—The Body sustained the ruling of the Chair.

Coun. CHASE—Mr. President.

President KELLY—The Body sustained the ruling of the President.

Coun. RUSSO—Mr. President.

Coun. MUCHNICK—Mr. President, it is my understanding that the only business in order is voting on the motion for the previous question.

President KELLY—That is right. There is no debate on the motion for the previous question. The question comes on the motion for the previous question. It is a vote and so ordered. Councilor Russo doubts the vote and a sufficient number of councilors having joined him, asks for a roll call. The clerk will call the roll.

Coun. LINEHAN—I move reconsideration of this matter, Mr. President.

President KELLY—Not on this matter.

The roll was called, and the motion for the previous question passed, yeas 12, nays 3:

Yeas—Coun. Bryan, Cantwell, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Madden, McCormack, Moriarty, Muchnick, Scannell, Sullivan—17.

Nays—Coun. Chase, Linehan, Russo—3.

Coun. CHASE—Mr. President.

President KELLY—The question is on the passage of the order. There is no debate. The clerk will call the roll.

The roll was called, and the order for loan of \$1,000,000 for Sewerage Works was passed, yeas 17, nays 3:

Yeas—Coun. Bryan, Cantwell, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Kinsella, Lane, Madden, McCormack, Moriarty, Muchnick, Scannell, Sullivan—17.

Nays—Coun. Chase, Linehan, Russo—3.

Coun. SCANNELL—Mr. President, I move that we do now adjourn.

President KELLY—Councilor Scannell moves we do now adjourn. There is no debate on the motion.

Coun. LINEHAN—Mr. President, I have an order.

President KELLY—There is no debate on the motion to adjourn.

Coun. LINEHAN—I have been trying to get recognized.

President KELLY—If Councilor Scannell withdraws his motion to adjourn, I will recognize Councilor Linehan.

Coun. SCANNELL—If Councilor Linehan has an order, I will withdraw.

NAMING OF CERTAIN CITY PROPERTY FOR DECEASED WAR VETERANS.

Coun. LINEHAN offered the following:

Ordered, That any City of Boston property requiring a name, such as the new boat which will ply between the mainland and Long Island, shall be named in memory of a deceased war veteran.

Coun. LINEHAN—Some of the councilors are so interested in getting out that they did not pay much attention to that order. It seems to happen a great many times when it comes to veterans. I sincerely hope the members of this City Council will pay some attention to this order. During the past week I was dumbfounded to read in the newspapers—and there are some newspapers where you can get some information on city business—where the Commissioner of Institutions mentioned he was going to name the new boat the "James Michael Curley." I did not have the distinction of voting for that new boat. Can you imagine that? Here is a man still alive who is not a war veteran. Why should they go around naming property belonging to the City of Boston for James Michael Curley? I thought that they generally named monuments and boats, or whatever you want to name, after heroes of the war. Generally that is what is done. At least, something is named in memory of a person who dies. I am a veteran. I am not dead yet. God forbid that, if I die in the next year or so, the city councilors have the boat named the "Thomas E. Linehan." I do not want my name tacked on to that boat. But I do think if boats are going to be named in memory of somebody, at least it should be after war veterans. Now, during my two terms in the House and three terms in the Council, there have been many squares and streets named after deceased persons.

Coun. CHASE—Mr. President, what were the contents of the order?

President KELLY—The clerk will read the order. (The clerk read the order.)

Coun. LINEHAN—This is a small order. Probably it is small of me to bring it up. I do not know. But I am willing to take that chance. It is the small things that count. This is just a boat being purchased by the taxpayers' money. Before the honorable gentleman downstairs is dead, they want to memorialize him. It does not sound right to me. I suppose if I talk fifteen minutes more, we will not have any more of the councilors here. Many distinguished councilors stayed around here while we talked on the sewer loan and the loan for departmental equipment.

Coun. COOK—Mr. President, I would like to ask a question.

Coun. LINEHAN—I do not yield. I think the order is plain in itself. It is in regard to naming a boat plying between Long Island and the mainland after his Honor James M. Curley.

Coun. COOK—Mr. President, I will assume the councilor from Ward 7 (Coun. Linehan) is clarifying something I am in doubt on. I am in favor of the order but I have some doubt about the extent of it.

Coun. LINEHAN—I will yield for a question.

Coun. COOK—I want to know, councilor, when you said "any city property," if you mean from now on and also whether you should obtain the permission of the parents or relatives of the deceased war veteran?

Coun. LINEHAN—I think the order answers your question. It says specifically any property belonging to the City of Boston requiring a name shall be named after a deceased World War veteran. I believe I am correct. Does that answer the gentleman's question?

Coun. COOK—Except for the question of the permission of the deceased war veteran's family, in view of the statement the councilor made that he did not want the boat named after him.

Coun. LINEHAN—I think the general custom is that before they name any squares or boats, they generally ask permission of the parents. It is generally done through some veterans organization within the district. That is how I found it through the years. Mr. President, I do not suppose I would be up here on this item today if I sincerely thought his Honor the Mayor was doing a good real decent job for the city. I thought after he was elected he might do the type of job most people hoped he would do. I am talking about James M. Curley. The boat was to be named after him. As the months and weeks have passed, I have become more and more in a sort of sea of uncertainty. Is this man going to do the job we hoped he would do? If he was, I would not mind if the boat was going to be named after him, after he passed away. I would prefer some war veteran who has died having his name memorialized. It just goes to show what is going on in the city today. Why the Institutions Commissioner did it, I do not know. Whether his Honor the Mayor told him, I do not know. I am not sure. I do not imagine these commissioners under James M. Curley do anything without his permission. We have seen many instances of that in the last few months. You cannot get the department heads to come before you for information. Should we have to name boats after such a man, the head of our city? I do not think so. As I talk into the night, there are less and less councilors here. The bond issue votes are not needed now.

President KELLY—Councilor Linehan.

Coun. LINEHAN—I am waiting on you, Mr. President.

President KELLY—That is all right.

Coun. LINEHAN—I had to use up so much time. I lost a little time on the previous question to the gentleman from Ward 16 (Coun. Fish).

President KELLY—Take your time.

Coun. LINEHAN—It is awful to get shut off on a debate on a million dollars. May I ask the clerk through you, Mr. President, does this order require the signature of the Mayor?

President KELLY—It does not require any signature.

Coun. LINEHAN—May I ask if that becomes a regulation of the city without the signature of his Honor the Mayor?

President KELLY—It does not become a regulation of the city. It is just a request.

Coun. LINEHAN—The same old story. There is not much we can do after you appropriate the money. His Honor the Mayor does not want to do anything. We can take it or leave it. But, Mr. President, while I am in the Body I am going to get up here as often as I feel like it and criticize his Honor the Mayor while I think he is doing a bad job. Talk about inexperienced men. He was going to do a much better job. Personally I think the inexperienced men running against him would have done a better job. Mind you, I am still talking about James M. Curley. I can talk until midnight. I am talking about naming a boat after James M. Curley. I do not want to be ruled out of order if I discuss James M. Curley. It is my understanding that his Honor the Mayor, whom this boat might be named after, spoke over the radio tonight in regard to "Shattered Ideals." I do not know whether he blamed the Legislature for the high tax rate, but it boils down to this, between James Michael Curley and the members of the City Council, that is where the tax rate comes from, although the initiative requests come from his Honor the Mayor. As you know, it came this year in the form of a huge budget, \$5,000,000 more than Mayor Kerrigan's, plus all these bond issues—more than Mayor Kerrigan's who was supposed to be a spendthrift. Looking back, I think he did a fair job when you consider his age compared with the age and experience of the man now Mayor of the city. Now, when are we going to start doing something for the veterans? I do not know. His Honor the Mayor started off on inauguration day waving the flag and rolling the disabled veterans into the spotlight. Since then nothing much has been done. I have seen housing delayed by his Honor the Mayor while I was a member of the Housing Authority. He delayed it. I know that from experience. It is delayed again now. I hope eventually something comes of it in the future. Mr. President, may I at this time ask, in regard to an order I filed several weeks ago, talking about his Honor the Mayor, to which we have not received an answer? It was in regard to appointment to the pay roll of the City of Boston coming from the Civil Service list so that veterans might get preference.

President KELLY—We have not received an answer as yet.

Coun. LINEHAN—Well, Mr. President, no one knows when we will get that. The fact is, some of the gentlemen here would like to go to the fights. I will conclude by saying I sincerely hope that no living person will have city property named after him before his death. That is what the Commissioner of Institutions is trying to do.

Coun. CHASE—Mr. President, will the gentleman yield?

Coun. LINEHAN—I will yield for a question.

Coun. CHASE—Mr. President, do I understand the gentleman correctly when he says that his Honor the Mayor has the audacity to name a boat after himself in preference to a veteran?

Coun. LINEHAN—Mr. President, the gentleman evidently was not around at the time I explained this. There was an announcement in the paper by the Institutions Commissioner that the boat would be named "James Michael Curley." The Mayor did not say so. It was in the papers.

Coun. CHASE—Mr. President, another question.

Coun. LINEHAN—I will yield for a question.

Coun. CHASE—Mr. President, do I understand correctly that his Honor the Mayor approves of this?

Coun. LINEHAN—I can only answer through you, Mr. President, that I do not know whether he approves it. I know this much, that my impression is department heads of this city do not do anything at all until they get the O. K. of the Mayor of the city. I suppose the department head had the O. K. of the Mayor before he published it. It is an assumption on my part. Please God, Mayor Curley will not be dead before his time, and I hope I will not be dead before my time. Let us name these things after deceased veterans. If Mayor Curley or I should die tonight, or in a year or two, name the boat after him and name Columbia Circle by-pass for me. I was successful in securing it in the Legislature. I hope in the future, at least, the veterans will get a little consideration in naming such things as boats and squares and streets.

President KELLY—Councilor Linehan asks suspension of the rule and passage of the order. All those in favor say aye. Passed.

RECORDING OF COUNCILOR HANNON ON NO. 1.

Coun. HANNON—I would like to ask unanimous consent to be recorded on item No. 1 on the calendar.

President KELLY—Councilor Hannon asks unanimous consent to be recorded on item No. 1 on the calendar. Any objection? No objections, and the gentleman will be so recorded.

Coun. SCANNELL—I move we now adjourn. President KELLY—Councilor Scannell moves we do now adjourn. There is no debate.

Coun. RUSSO—Mr. President.

Coun. CHASE—I am asking a point of information.

Coun. SCANNELL—Mr. President.

President KELLY—State your point of information.

Coun. CHASE—Councilor Linehan's order has not been properly put through the Council. You can check the stenographic record and find I am right. You have not concluded the passage of Councilor Linehan's order.

President KELLY—Just a minute.

Coun. SCANNELL—I would like to correct the gentleman from Ward 4 (Coun. Chase). I heard the President of the Council ask for the vote and say it was a vote and so ordered.

President KELLY—Let the stenographer read it.

Coun. COOK—Mr. President, a point of order.

Coun. CHASE—Mr. President.

President KELLY—Just a minute.

Coun. CHASE—I am asking him to refer to the stenographic records.

President KELLY—I am referring back.

Coun. COOK—Mr. President, a point of order. There is no necessity for referring back. The order was voted or it was not voted. Under rules 16 and 17, the motion to adjourn is always in order.

(The record is read.)

President KELLY—Councilor Scannell now moves we do adjourn.

Coun. KINSELLA—I ask the Chair make an announcement before adjourning.

Coun. CHASE—Mr. President, a point of order.

President KELLY—State your point of order.

Coun. CHASE—The gentleman from South Boston (Coun. Linehan) introduced an order requesting the naming of a boat after a war veteran. This order has not been completed. If the Council does wish to adjourn without completion of the order, that is their business. But the stenographic record clearly shows that the order has not been completed and passed.

President KELLY—Before I put Councilor Scannell's motion to adjourn, I have an announcement that there will be a meeting of the Parks and Playgrounds Committee tomorrow morning at eleven o'clock. Everybody is invited. Councilor Scannell moves we adjourn. It is a vote and so ordered.

Adjourned, on motion of Coun. SCANNELL, at 9.35 p. m., to meet on Monday, May 6, 1946, at 2 p. m.

TACKLING THE PARKING PROBLEM.

In Hartford, Connecticut, the Mayor has appointed a development commission to study problems relating to the city's future including traffic, parking, and industrial expansion. . . . A study of parking practices in Detroit indicates that the cost of parking is secondary to walking distance. Motorists paying a 10 to 15-cent parking fee walked an average distance of 820 feet according to the study, and those paying a 40-cent fee walked an average distance of 750 feet. . . . The Chicago City Council recently adopted a resolution requesting the State Legislature to permit Chicago to establish and operate municipal parking lots; and a plan for building an underground parking lot in Grant Park also is being considered.

ALMOST 3,000,000 IN NAVAL SERVICES.

By the end of 1943 it was estimated that the following totals of personnel were on active duty in the U. S. Navy, U. S. Marine Corps and the U. S. Coast Guard:

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

ASSISTANT INDUSTRIAL SHOP MANAGER (PRINTING DEPARTMENT), MASSACHUSETTS REFORMATORY DEPARTMENT OF CORRECTION, June 22, 1946.

Last date for filling applications, Monday, June 3, 1946, at 5 p. m.

Salary: Basic salary: Minimum, \$1,920 a year; maximum, \$2,520 a year. Temporary salary increase, 20 per cent, not to exceed \$420.

Vacancies: At present there is one vacancy to be filled on a permanent basis.

Duties: To instruct a class of inmates in the Printing Department at Massachusetts Reformatory in composition, press work, and imposition; to plan and supervise the execution of the work, including the publication of the institution eight-page weekly newspaper, and job work consisting of forms used by State departments, and the printing of tickets, calendars, and other material ordered by organizations or individuals outside of the institution; to check the condition of the machinery and the distribution of supplies and machine repair parts; and to perform related work as required.

Entrance Requirements: Applicants must have at least one year of full-time, paid experience in the supervision of a printing shop.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR GRADING AND LOAMING AT JOHN W. MURPHY PLAYGROUND, JAMAICA PLAIN, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for grading and loaming at John W. Murphy Playground, Jamaica Plain, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Grading and Loaming at John W. Murphy Playground, Jamaica Plain, Mass.," and left before 2 o'clock on Thursday, May 23, 1946, at the office of the Park Department with a certified check for \$500, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, *Chairman*,
THEODORE C. HAFENREFFER,
FRANK R. KELLY, *Commissioners*.

(May 11-18.)

JUNIOR EPIDEMIOLOGIST, DEPARTMENT OF PUBLIC HEALTH.

Last date for filling applications, Monday, June 3, 1946, at 5 p. m.

Salary: Basic salary: Minimum, \$1,560 a year; maximum, \$2,040 a year. Temporary salary increase, 20 per cent.

Vacancies: At present there is one vacancy for a female, to be filled on a permanent basis.

Duties: To collect data on cancer and other chronic diseases by house to house survey; to code records; under supervision of a biometrician, to perform less difficult statistical computations on data collected; to prepare tables for use by a biometrician, epidemiologist, or the Director; and to perform related work as required.

The appointee must have a knowledge of codes, questionnaires, and the less difficult biometric procedures such as correlations and standard deviations, requiring training or experience in the use of biometric procedures and survey work.

CITY OF BOSTON.

LIBRARY DEPARTMENT.

TO PAINTING CONTRACTORS.

INVITATION FOR PROPOSALS FOR CERTAIN PAINTING AND PAINTER'S WORK AT THE JEFFRIES POINT BRANCH LIBRARY, 222 WEBSTER STREET, EAST BOSTON; WEST END BRANCH LIBRARY, 131 CAMBRIDGE STREET, BOSTON.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for certain painting and painter's work in the branch libraries as listed above.

Proposals will be received until 12 o'clock noon, Wednesday, May 15, 1946, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Business Office, Public Library of the City of Boston, Central Library, Copley Square, Boston 17, Mass. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston 8, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of one hundred and fifty dollars (\$150), shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the awarding of the contract.

Specifications may be obtained on and after Monday, May 6, 1946, at the Business Office, Public Library of the City of Boston, Central Library, Copley square, Boston 17, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to accept or reject any or all bids, and to accept or reject any portion or portions of bids, and to award the contract as he deems for the best interests of the city.

THE TRUSTEES OF THE PUBLIC LIBRARY OF THE CITY OF BOSTON,
by ELIZABETH B. BROCKUNIER, *Clerk*.
(May 4-11.)

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CITY OF BOSTON.

PARK DEPARTMENT.

INVITATION FOR PROPOSALS FOR REPAIRS TO FIELD HOUSE SHELTER AND PLAYGROUND FACILITIES AT JEFFERSON PLAYGROUND, ROXBURY, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, Mass., hereinafter referred to as the Awarding Authority, invite sealed proposals for repairs to field house shelter and playground facilities at Jefferson Playground, Roxbury, Mass.

Proposals will be received until 2 p. m., Thursday, May 23, 1946, at the office of the Awarding Authority, 33 Beacon street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 2 o'clock p. m., Monday, May 20, 1946.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

WILLIAM P. LONG, *Chairman*,
THEODORE C. HAFENREFFER,
FRANK R. KELLY, *Commissioners*.

(May 11-18.)

TANKERS DO DOUBLE DUTY.

American shipyards are now making it possible for our tankers to carry extra loads. A scaffold-type extra deck enables a modern tanker to carry a load of extra freight the equivalent of 10 per cent of its normal load capacity. Some tankers now carry, in addition to its load of gasoline, deck loads of ambulances, planes, jeeps and trucks.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT IN GWINNETT STREET, WARD 18, WEST STREET TO MARSTON STREET AND MYLES STANDISH ROAD, WARD 20, LA GRANGE STREET TO COTTAGE AVENUE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Gwinnett street, Ward 18, West street to Marston street and Myles Standish road, Ward 20, La Grange street to Cottage avenue. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Gwinnett Street, Ward 18, West Street to Marston Street and Myles Standish Road, Ward 20, La Grange Street to Cottage Avenue," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, May 24, 1946, with a certified check for nine hundred (900) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(May 11.) Commissioner of Public Works.

EMPLOYERS.

Workers for all branches of industry or business can be secured at the Municipal Employment Bureau, 25 Church street, Boston. Tel. Liberty 8607-08-09. GEORGE NORTON, Director.

Male and female help furnished on short notice with service that will satisfy any employer. Office, mechanical, factory, domestic, hotel, restaurant, hospital, skilled, and unskilled.

FREE SERVICE TO EMPLOYERS AND APPLICANTS.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING WARREN BRIDGE OVER THE CHARLES RIVER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest is owned by a citizen or citizens of the United States, for repairing Warren Bridge over the Charles River. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Repairing Warren Bridge over the Charles River," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, May 22, 1946, with a certified check for fifteen hundred (1,500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(May 11.) Commissioner of Public Works.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR CLEANSING, STERILIZING AND RECONDITIONING BASKETBALL EQUIPMENT FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for cleansing, sterilizing and reconditioning basketball equipment for the Boston public schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Cleansing, Sterilizing and Reconditioning Basketball Equipment." The bid must be in duplicate. One copy, signed by the bidder and accompanied by a certified check, payable to the City of Boston in the amount of fifty dollars (\$50), must be left at the office of the Business Manager on or before 12 o'clock m. on Thursday, May 23, 1946. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bids. The School Committee reserves the right to reject any or all bids and to accept the bid or bids which it deems best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(May 11.)

CITY OF BOSTON.

PUBLIC BUILDINGS DEPARTMENT.

INVITATIONS FOR PROPOSALS FOR PAINTING WORK IN CITY HALL AND ANNEX.

The Superintendent of Public Buildings of the City of Boston, hereinafter referred to as the Awarding Authority, invites sealed proposals for painting work in City Hall and Annex, Boston, Mass.

Proposals will be received until 12 o'clock noon, Monday, May 20, 1946, at the office of the Awarding Authority, Room 1005, City Hall Annex, at which time and place they will be opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$400, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained on and after Monday, May 13, 1946, at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to reject any and all bids if it be in the public interest so to do.

JAMES E. SULLIVAN,
Superintendent of Public Buildings.
(May 11.)

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING THIRTY-TWO TOLLMAN-GUARD UNIFORM OVERCOATS FOR PUBLIC WORKS DEPARTMENT, TRAFFIC TUNNEL.

The Supply Department of the City of Boston invites proposals for furnishing uniform overcoats for the Public Works Department for use in Traffic Tunnel, as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each set of proposals taken out.* The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Both bids to be sealed in envelopes marked "Proposal for Uniform Overcoats."* The bids will be publicly opened and read on Tuesday, May 21, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(May 11.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING DRY ARSENATE OF LEAD.

The Supply Department of the City of Boston invites proposals for furnishing the Park Department dry arsenate of lead, as specified in bid forms to be obtained at the Supply Department, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each set of proposals taken out. The bidder must leave his proposal and a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the office of the Supply Department. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and marked "Proposal for Dry Arsenate of Lead." The bids will be publicly opened and read on Friday, May 17, 1946, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(May 11.) Superintendent of Supplies.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN NEPONSET AVENUE, WARD 16, FROM ADAMS STREET TO 206 FEET SOUTH OF MINOT STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Neponset avenue, Ward 16, from Adams street to 206 feet south of Minot street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement in Neponset Avenue, Ward 16, from Adams Street to 206 Feet South of Minot Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, May 23, 1946, with a certified check for seventeen hundred (\$1,700) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(May 11.) Commissioner of Public Works.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO OIL BURNER CONTRACTORS.

INVITATIONS FOR PROPOSALS FOR REINSTALLING OIL BURNING EQUIPMENT IN THE VARIOUS SCHOOLS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for reinstalling oil burning equipment in the various schools.

Proposals will be received until 12 o'clock noon, Monday, June 3, 1946, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Wednesday, May 29, 1946.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than five per cent of the total amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

All the above subject to approval of the Civilian Production Administration as applicable.

JAMES H. MOONEY,
(May 11.) Superintendent of Construction.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR ASPHALT TENNIS COURT SURFACING AND REPAIRS TO CLAY TENNIS COURTS AT ALMONT STREET PLAYGROUND, DORCHESTER, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for asphalt tennis court surfacing and repairs to clay tennis courts at Almont Street Playground, Dorchester, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Asphalt Tennis Court Surfacing and Repairs to Clay Tennis Courts at Almont Street Playground, Dorchester, Mass.," and left before 2 o'clock on Thursday, May 16, 1946, at the office of the Park Department with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFFENREFFER,
FRANK R. KELLEY,
(May 4-11.) Commissioners.

PARK DEPARTMENT.

PROPOSALS FOR EXCAVATION, GRADING AND LOAMING OF GRAVE LOTS, FAIRVIEW CEMETERY, HYDE PARK, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for excavation, grading and loaming of grave lots, Fairview Cemetery, Hyde Park, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Excavation, Grading and Loaming of Grave Lots, Fairview Cemetery, Hyde Park, Mass.," and left before 2 o'clock on Thursday May 16, 1946, at the office of the Park Department with a certified check for \$500, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called), to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFFENREFFER,
FRANK R. KELLEY,
(May 4-11.) Commissioners.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 38

SATURDAY, MAY 18, 1946.

No. 20

REPORT OF MARY W. CAULEY, DIRECTOR OF HOUSEHOLD SCIENCE AND ARTS, ON ATTENDANCE AT NORTH ATLANTIC REGIONAL CONFERENCE ON HOME ECONOMICS EDUCATION, IN NEW YORK, MARCH 28 TO 30, 1946.

The following is the report by Mary W. Cauley, Director, Household Science and Arts, to the School Committee on her attendance at the North Atlantic Regional Conference on Home Economics Education in New York, from March 28 to 30, inclusive:

This is to report that I was present at the Conference of City Supervisors of Home Economics of the North Atlantic Region that was called by the Home Economics Service of the United States Office of Education at the Hotel New Yorker, from March 28 to 30, 1946. I attended all the meetings, at which were represented the Supervisors of the Home Economics Departments of over forty-five cities and seven states.

During the Conference, emphasis was placed on the national policy of guarding and guiding the home and family. In the modern rush of life, parents are frequently taken away from the homes in order to meet economic needs. It was stressed that parents should regard the rearing of children as their first consideration. First things must be put first. Since homes cannot exist in a vacuum, it is necessary to call a halt to anything that draws away from the home. Even in the battle of earning a living, parents cannot escape their responsibility, regardless of the other agencies that may re-enforce the home, *i.e.*, nursery schools, clinics, and so forth. Parenthood must be kept on a high level. A good home is a character-building agency and is supreme in child rearing.

As almost all wage earning parents make their living away from the home, children are not introduced to the work of the outside world. Then, again, industrial civilization has separated the young people from the grown-ups at work. The struggle to survive is a great teacher and it strikes deep roots. This is not the case at school, where work is set up more or less artificially. Arrangements should be made with industry to employ more part-time students, in order that they may be introduced to work that is obviously essential.

Respect for Parents.

Children should be taught to respect the leadership of parents. On the other hand, a child should be accorded, at home, the status of being a treasured, unique, contributing person to his parents, brothers and sisters. Having that status at home, he will expect the same from an ever-widening circle and will, in turn, accord it to others. The home is a school of schools. As a child loves or resents his parents, so he later loves or resents God, his nation, his world.

While it has been generally accepted that in recent years child training has shown the repercussions of the easy era of living, on the other extreme, there are still homes in which children are treated brutally. This is often due to the fact that parents do not realize the advances made in science for the benefit of the child's physical well-being. More often, cruelty to a child is the result of the parents being unaware of the sensitive nature of children. Child training should be extended to parents through evening school work and parent-teachers' associations, by the home economics teacher, in order to break through habits, customs and traditions. This task is arduous and takes patience, tact, intelligence and time.

It was further suggested that nursery schools should be established in the senior high schools, on the ground floor, with a playground adjoining. Here boys, as well as girls, under a competent teacher, would obtain first-hand experience in meeting the situations that arise in the care of little children.

Curriculum Building.

Curriculum planning for home economics education should represent the net result of contributions from administrators, teachers, parents, and past and present pupils. In this way, the benefit of the over-all resourcefulness will be made available in guiding and perfecting a course of study that will present the major aims, ideals and functions of the course.

(Continued on page 587.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, May 20, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending May 11, 1946.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 187; nonresidents, 35; total, 222.

REPORT ON NORTH ATLANTIC REGIONAL CONFERENCE ON HOME ECONOMICS EDUCATION.

(Continued from page 585.)

The time element of teachers who work on courses of study is a factor that must be considered. In Hartford, Connecticut, a short leave of absence, without loss of pay, is granted a teacher who is doing graduate work and who is working on the course of study. Teachers in the city contribute suggestions for the course, which will be subject to revision later. In Baltimore there is a department of curriculum building. In this city pupils are graded in varying groups according to their ability, *i.e.*, the dull normal, with sixth-grade ability and a chronological age of fourteen to sixteen years, represents a group to which one type of home economics was given that is quite different from the normal group.

In building the curriculum, it is well to keep the laboratory work for the creative appeal and to re-enforce it with theory study. Where time does not permit laboratory work, especially in senior high schools, it sometimes has to be sacrificed, in which case the theory work should be given in home economics to broaden home living. This should be given in units adapted to community needs. The whole School Department should be sensitive to the fact that home and family life in the education of every child is a primary consideration at all levels.

In Philadelphia, in the first grades of the elementary school, a home economics program on simple home practices is given by the classroom teacher under the direction of a teacher of home economics.

The teacher of home economics should assume leadership in forwarding such a program in other departments. Courses in art, science, literature and health should forward sound social values based on effective home living. These courses can supplement by adding substance to the framework given by home economics instruction. In order to accomplish this, the teacher of homemaking must interpret her subject to the principal and teachers, as well as to the pupils.

EQUIPMENT OF HOME ECONOMICS APARTMENT.

The well-equipped classroom is one that makes it possible for an effective teacher to achieve optimum classroom results. While a good teacher may do fine work with very inadequate equipment, she will likely succeed to a greater degree with the aid of a better layout.

It was generally agreed that the ideal number to be accommodated in a home economics classroom was twenty to twenty-four pupils, with thirty pupils as a maximum number for either a clothing or foods laboratory. The all-purpose household science room is used in many cities. This room is used for both clothing and foods classes. Sometimes an all-purpose room includes an area that can be used as a living room-dining room combination.

The Home Economics Department should represent standards that are likely to be attainable now, or in the not too distant future, for most of the students. When there is a household science suite, it should be made as homelike as possible. In Pittsburgh this effect was obtained by dropping the ceiling and by installing false windows and an artificial fireplace.

This made an interior that more nearly approximated a modern home.

Most supervisors were of the opinion that in home economics apartments a kitchen need not be included, because a separate kitchen presents the disadvantage of being hard for the teacher to supervise. The dining room of the suite should adjoin the home economics laboratory, opening into one of the unit kitchens. Most of the home economics laboratories are now laid out with a unit kitchen plan of four to six units, each accommodating four or five students.

A home economics apartment should present, a tailored, new look. The dingy effect of dark colors should be avoided. More interesting color schemes heighten the appeal of homemaking. While it may not be possible to effect changes immediately throughout an entire system, there should be a definite plan for a long-time improvement program which would include the remodeling of old equipment as well as the construction of Home Economics Departments in new buildings.

MARY W. CAULEY,
Director, Household Science and Arts.

MAYOR TO BE GUEST AT MARITIME DAY SERVICE.

The Mayor, on May 10, received the following letter:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—In connection with the observance of National Maritime Day, you are cordially invited to be a guest of the United States Maritime Service and spend a day at sea with us on the United States Maritime Service Training Ship "American Pilot." We plan to meet at the United States Maritime Service Officers' School at Fort Trumbull, New London, Connecticut, at 12 noon, May 16, for luncheon, after which we will board the "American Pilot" and sail for Boston, arriving the morning of the 18th. Thereafter, the "American Pilot" will be open for inspection by the public up to and including May 22, 1946.

We hope you can be with us on this occasion.

Sincerely yours,

JOHN D. BOSLER,
Captain, U. S. M. S.

War Shipping Administration, Training Organization, U. S. Maritime Service District Operations Office, 30 West 44th Street, New York, N. Y.

AUDITING DEPARTMENT NOTICES.

BOSTON, May 13, 1946.

REPEAL OF CHAPTER 16 OF THE ACTS OF 1942.

Under the provisions of chapter 55 of the Acts of 1946 the services of persons re-employed after retirement (as authorized under chapter 16 of the Acts of 1942) must be terminated not later than June 1, 1946. A severe penalty is provided in the Act for the retention of the names of any such persons on departmental pay rolls after June 1, 1946. Department heads, in approving pay rolls after this date, should make certain that the provisions of this statute have been fully observed. All vacation and time-off allowances to which employees of this class are entitled must be taken before June 1. The regular

termination notices should be sent to Civil Service for each employee coming within the provisions of chapter 55.

EMPLOYMENT OF PERSONS OVER SEVENTY YEARS OF AGE.

With the repeal of chapter 16 of the Acts of 1942, the provisions of section 5 of chapter 521 of the Acts of 1922 become operative once again. This section, which is a part of the Boston Retirement Act, provides that the services of all employees, other than veterans, members of the judiciary and teachers, who attain the age of seventy and who are not members of the retirement system shall terminate forthwith. This applies to all employees, whether permanent, temporary or provisional, and department heads should not allow the name of any employee subject to the provisions of this legislation to remain on departmental pay rolls subsequent to arriving at the age of seventy.

VACATION PAY ADVANCES.

The following regulations relating to procedure in the handling of vacation advances have the approval of the City Treasurer:

1. Payments can only be approved for a full number of weeks. Fractional divisions of a week can not be allowed.

2. Where the vacation period does not coincide with the pay roll period, the advance will be handled as of the beginning of the pay roll period in which the vacation starts and will terminate at the end of the pay roll period immediately prior to the last day of the vacation. In no instance, however, will an approval be granted for a greater period of full weeks than that indicated in the "Period of Vacation" appearing on the employee's advance request.

CHARLES J. FOX,
Auditor of the City of Boston and County of Suffolk.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

ASSESSING DEPARTMENT.

INSTITUTIONS DEPARTMENT.

Margaret W. Foss, 27 Old Morton street, Dorchester, attendant, \$900 a year plus \$200 E. C. A.

PENAL INSTITUTIONS DEPARTMENT.

Patrick H. O'Donnell, 18 Sudan street, Dorchester, officer-shoe cutter, \$2,200 a year and maintenance plus \$200 E. C. A.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor

PARK DEPARTMENT.

Upon April 20 the Mayor approved a contract with M. McGinnis Co. for grading and loaming at William J. Barry Playground, Charlestown.

Bids, opened April 11, were as follows:

R. W. Balam, \$3,853.80; M. McGinnis Co., \$4,208.60; William P. Herlihy, \$4,251.80; Rufo Construction Company, \$4,716; M. Solimando, \$4,951.

Upon April 30 the Mayor approved a contract with the Rufo Construction Company for replacing defective concrete blocks in walks in the Park System.

Bids, opened April 25, were as follows:

Rufo Construction Company, \$7,800; Martin J. Kelley Company, Inc., \$8,000; J. D'Amico, \$8,000; Charles Struzziery, \$8,600; Charles Todesca, \$8,700; R. A. Buccella & Sons, \$8,700; Roslindale Contracting Company, \$9,000; Edward M. Matz, Inc., \$9,200; J. F. Stack & Co., \$9,400; M. Rufo Company, \$9,400; John Deveney & Co., \$9,400; Yebba & Zuccola Company, \$9,800; Rossano Construction Company, Inc., \$10,000; James A. Susi, \$10,200; Wendell-Suburn Company, \$11,200.

PUBLIC WORKS DEPARTMENT.

Upon April 27 the Mayor approved a contract with James A. Freaney, the lowest bidder, at an estimated cost of \$9,275, for cleaning catch-basins in District 2, Roxbury; District 3, South Boston; and District 4, Charlestown and East Boston.

The work to be done is to be completed within 200 days after the Mayor has signed the contract.

The following bids were received April 11:

James A. Freaney, \$9,275; Gaffney Construction & Engineering Company, \$9,800; Anthony J. Ryan, \$10,150; M. J. Kelly Company, Inc., \$12,600; Baker & Co., \$13,125; Dooley Brothers, Inc., \$13,790.

Upon April 27 the Mayor approved a contract with Anthony J. Ryan, the lowest bidder, at an estimated cost of \$10,698.10, for cleaning catch-basins in District 4, Brighton; District 6, West

Roxbury; District 7, Dorchester; and District 8, Hyde Park.

The work to be done under this contract is to be completed within 200 days after the Mayor signs the contract.

The following bids were received April 11:

Anthony J. Ryan, \$10,698.10; James J. Freaney, \$11,426.80; Gaffney Construction & Engineering Company, \$12,073.60; M. J. Kelly Company, Inc., \$16,155.16; Baker & Co., \$16,170; Dooley Brothers, Inc., \$16,989.28.

Upon May 3 the Mayor approved a contract with A. Orlando, Inc., the lowest bidder, at an estimated cost of \$17,450, for repairing, etc., the Dartmouth Street, Clarendon Street and Arlington Street bridges.

The work is to be commenced on a date to be specified in a written order from the commissioner and shall be fully completed within two months from that date.

The following bids were received April 30:

A. Orlando, Inc., \$17,450; Marinucci Brothers & Co., \$17,935; C. & R. Construction Company, \$18,040; J. A. Singarella Company, \$19,252.50; Megavero Construction Company, \$24,695; M. J. Kelly Company, Inc., \$32,990.

SUPPLY DEPARTMENT.

Upon April 29 the Mayor approved a contract with John J. Brennan & Sons, Inc., for furnishing paint for the House of Correction, Deer Island, Penal Institutions Department. The total amount of the contract was \$2,397.05, less 5 per cent cash discount for payment in ten days.

Bids, opened April 23, were as follows:

5 Barrels (275 Gallons) Flat White Paint, Federal Specifications TTP-51-A, Per Gallon.—Thomas C. Mee Company, \$2; John J. Brennan & Sons, Inc., \$1.75*; P. J. O'Donnell Company, Inc., \$2.

7 Barrels (385 Gallons) Gloss White Paint, Federal Specifications TTP-506-A, Per Gallon.—Thomas C. Mee Company, \$2.50; John J. Brennan & Sons, Inc., \$2.08*; P. J. O'Donnell Company, Inc., \$2.90.

4 Barrels (220 Gallons) White Paint, Outside Federal Specifications, TTP-40, Type 1, Class A, Per Gallon.—Thomas C. Mee Company, \$3, specification as amended June 1, 1943; John J. Brennan & Sons, Inc., \$3.20*; P. J. O'Donnell Company, Inc., \$3.

2 Barrels (110 Gallons) Black Enamel, Federal Specifications TTP-521, Per Gallon.—Thomas C. Mee Company, \$2.50; John J. Brennan & Sons, Inc., \$2.50*; P. J. O'Donnell Company, Inc., \$2.80.

25 Gallons Spar Varnish, Federal Specifications TTV-71, Per Gallon.—Thomas C. Mee Company, \$3; John J. Brennan & Sons, Inc., \$2.64*; P. J. O'Donnell Company, Inc., \$4.80.

25 Gallons Aluminum Paint, to Contain 1 Pound Pure Aluminum Powder, Per Gallon.—Thomas C. Mee Company, \$3; John J. Brennan & Sons, Inc., \$2.80*; P. J. O'Donnell Company, Inc., \$3.25.

Total.—Thomas C. Mee Company, \$2,597.50; John J. Brennan & Sons, Inc., \$2,397.05; P. J. O'Donnell Company, Inc., \$2,835.75.

Cash Discount, Ten Days.—John J. Brennan & Sons, Inc., 5 per cent; P. J. O'Donnell Company, Inc., 2 per cent.

POLICE DEPARTMENT ORDERS.

General Order No. 659.

Attention of members of the department is called to the following new legislation:

An act relative to the pensions of certain members of the police department of the City of Boston retired for disability.

(Chapter 265 of the Acts of 1946.)

Be it enacted, etc., as follows:

"Section 1. Chapter three hundred and fifty-three of the acts of eighteen hundred and ninety-two is hereby amended by striking out section two, as most recently amended by section one of chapter four hundred and forty-six of the acts of nineteen hundred and forty-five, and inserting in place thereof the following section: Section 2. The amount of the annual pension of members of the police department retired under the provisions of this act who are certified to be permanently incapacitated by injury sustained in the actual performance of duty, or who are incapacitated for active service and have served in said department for not less than twenty-five years in the case of veterans of World War I or World War II, or for not less than thirty years in the case of those who are not such veterans, shall be two thirds of the annual compensation allowed to men of the grade in which such member served, and the amount of the annual pension of other persons retired under the provisions of this act shall be one half of the annual compensation allowed to men of the grade in which such member served. Said pensions shall be paid by the City of Boston."

"Section 2. This act shall take effect upon its passage."

Approved May 2, 1946.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 660.

Acting under provisions of chapter 521, Acts of 1922, as amended, creating the Contributory Retirement System, the Boston Retirement Board has notified this department that it has approved for retirement, on account of accidental disability, the following-named police officers, members of said Contributory Retirement System, to take effect at the close of business Friday, May 31, 1946.

Wherefore, In view of this operation of law, the Police Commissioner states that on and after May 31, 1946, at the hour stated, the said police officers shall

no longer be active members of this department, and it is hereby ordered that its records be so amended.

Carl A. Dow, patrolman, Division 6.
Joseph H. Donovan, Jr., patrolman, Traffic Division.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 661.

Transfer of the following-named persons from Superintendent's Office (armed service roll) is hereby ordered, effective Monday, May 13, 1946, at 9 o'clock a. m.:

Richard D. Chausse, to Division 19.
John J. Bonner, to Traffic Division.
Edward W. Mannix, Jr., to Traffic Division.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 662.

Transfer of the following-named person from Superintendent's Office (armed service roll) is hereby ordered, effective Tuesday, May 14, 1946, at 9 o'clock a. m.:

Patrolman Thomas E. Flanagan, Jr., to Division 15.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 33.

I. RETURN TO DUTY FROM ARMED FORCES.

The following named who have been serving in the armed forces of the United States will return to duty in the Boston Fire Department effective at 8 a. m. Wednesday, May 15, 1946:

M. O. P. Donald E. McKenna, Engine Company 6.

M. O. P. John T. Cashman, Tower Company 1.

II. TRANSFERS.

The following transfer which became effective at 8 a. m. Friday, May 10, 1946, is hereby announced:

Ladderman John J. Burke, from Ladder Company 7 to Fire Prevention Division.

The following transfers which will become effective at 8 a. m. Wednesday, May 15, 1946, are hereby announced:

Captain James F. White, from Ladder Company 21 to Engine Company 44.

Hoseman Harold M. Magee, from Engine Company 41 to Ladder Company 13.

M. O. P. Donald E. McKenna, from Engine Company 6 to Rescue Company 3.

III. RESIGNATIONS.

The following resignation which became effective at 8 a. m. Tuesday, May 14, 1946, is hereby announced:

Ladderman Robert L. Sullivan, Ladder Company 13.

The following resignation which will become effective at 8 a. m. Friday, May 17, 1946, is hereby announced:

P. M. S. Robert L. Breton, Rescue Company 1.

IV. COMMENDATION.

Captain John C. J. Merrill and Ladderman James J. Horgan of Ladder Company 30 are hereby commended for responding to and working at fire, Box 2451, on May 9, 1946, while off duty.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

TRAFFIC COMMISSION RULING.

Voted,—That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be thirty (30) days, vehicles are excluded from the following street, effective May 14, 1946:

Devon Street, Dorchester.

From Columbia road to Normandy street.

**CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)**

**JUNIOR EPIDEMIOLOGIST, DEPARTMENT
OF PUBLIC HEALTH.**

Last date for filling applications, Monday, June 3, 1946, at 5 p. m.

Salary: Basic salary: Minimum, \$1,560 a year; maximum, \$2,040 a year. Temporary salary increase, 20 per cent.

Vacancies: At present there is one vacancy for a female, to be filled on a permanent basis.

Duties: To collect data on cancer and other chronic diseases by house to house survey; to code records; under supervision of a biometrician, to perform less difficult statistical computations on data collected; to prepare tables for use by a biometrician, epidemiologist, or the Director; and to perform related work as required.

The appointee must have a knowledge of codes, questionnaires, and the less difficult biometric procedures such as correlations and standard deviations, requiring training or experience in the use of biometric procedures and survey work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

TRANSPORTATION STATISTICS.

A recent analysis of surface transportation by John A. Beeler, transit engineer and consultant, reveals noteworthy performance by trolley coaches in comparison to other public transportation vehicles. Comparison of results of operation of trolley coaches with those of street cars on four different lines in as many different cities, shows, according to Beeler, that trolley coaches are eight times as good.

The analysis shows that in 1942, 25,449 street cars carried 5,171,000,000 revenue passengers; 3,363 trolley coaches carried 765,000,000; and 42,458 motor coaches carried 5,427,000,000 revenue passengers; the average fare being 6.66 cents, 6.89 cents and 6.72 cents, respectively; and the revenues being \$344,600,000, \$52,700,000 and \$365,000,000, respectively. Average revenue passengers per street car was 203,191; per trolley coach 227,475; and per motor coach 127,820.

**STATES AND CITIES TAKE ACTION ON
EMERGENCY HOUSING.**

Four states are taking steps toward meeting the housing shortage. In Massachusetts a state housing bill would authorize cities to (1) undertake repairs or remodeling of houses for veterans, (2) acquire land for sale to veterans or contractors who will sell or rent houses to veterans, (3) go into the housing business for themselves, and (4) seize homes from which veterans and their families have been evicted without fault. In Minnesota the Governor has appointed a state housing expediter to work with building supply industries and Federal agencies on materials distribution, to aid local communities in making use of unused buildings, and to help cities benefit from the programs of Federal agencies having to do with housing. In Illinois the state has contributed \$4,300,000 to the Chicago Housing Authority for use in acquiring land for veterans' housing, and in California the governor has called a special session of the Legislature to consider a bond issue of perhaps \$100,000,000 for loans to veterans for homes and farms.

**MUNICIPAL OFF-STREET PARKING
FOR CLEVELAND.**

According to reports, free parking will be offered at municipal parking ground to be established in Cleveland, to relieve overtaxed private lots and garages in the downtown area. This announcement was made recently as Mayor Burke met with traction authorities and requested servicing of the area with adequate day-long 5-cent transportation to the central business district.

Law Director Lee C. Howley is quoted to have said: "We'll offer these parking facilities at no cost to motorists and will run them into the downtown area for a nickel."

The Mayor, meeting with General Manager Walter J. McCarter and Traction Board Chairman William C. Reed, asked that the Loop bus line be revised to extend its services into the free lake-front parking space. As soon as the area is opened, the Mayor said, it will be staffed with attendants, protection provided for cars of parkers and a shelter house constructed if use of the lot warrants.

STREET CAR FARE IN OTHER CITIES.

The following is a list of some of the large cities that have 10-cent cash fare:

Atlanta, Ga., 10 cents, two tokens for 15 cents; Baltimore, Md., 10 cents, four tokens for 35 cents*; Boston, Mass., 10 cents; Buffalo, N. Y., 10 cents, three tokens for 25 cents; Cincinnati, O., 10 cents, five tokens for 45 cents; Cleveland, O., 10 cents, six tokens for 50 cents; Denver, Colo., 10 cents, three tokens for 25 cents; Houston, Texas, 10 cents, four tokens for 30 cents; Indianapolis, Ind., 10 cents, eight tokens for 55 cents; Kansas City, Mo., 10 cents, four tokens for 35 cents; Louisville, Ky., 10 cents, three tokens for 20 cents; Milwaukee, Wis., 10 cents, six tokens for 50 cents; Minneapolis, Minn., 10 cents, six tokens for 50 cents; Omaha, Nebraska, 10 cents, three tokens for 25 cents; Oakland, Cal., 10 cents, seven tokens for 50 cents; Pittsburgh, Pa., 10 cents, three tokens for 25 cents; Portland, Oregon, 10 cents, three tokens for 25 cents; St. Louis, Mo., 10 cents, four tokens for 35 cents; Seattle, Wash., 10 cents, three tokens for 25 cents; Toronto, Ont., 10 cents, four tokens for 25 cents; Washington, D. C., 10 cents, three tokens for 25 cents.

* Tokens discontinued.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 6, 1946.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair. Absent, Coun. Fish and Hurley.

The meeting was opened with the salute to the Flag.

JURORS DRAWN.

President KELLY—The Chair is in receipt of venires for jurors. The City Messenger will so notify his Honor the Mayor.

(The City Messenger reported that the Mayor was not available.)

Coun. MORIARTY presiding at the box in the absence of the Mayor, viz.:

One hundred thirty-two traverse jurors, Superior Civil Court, to appear June 3, 1946:

James T. Crowley, Ward 1; Philip DeBilio, Ward 1; Antonio Lavita, Ward 1; John O'Hara, Ward 1; Carmine Todisco, Ward 1; George J. Gallagher, Ward 2; Philip J. Geary, Ward 2; William E. Manning, Ward 2; Charles J. Nadeau, Ward 2; Joseph Ward, Ward 2; Frank H. Wehler, Ward 2; Carl Contrado, Ward 3; Ernesto DeCintio, Ward 3; Edward Earle, Ward 3; Jacob E. Jacobs, Ward 3; John Leverone, Ward 3; Philip W. Kearney, Ward 4; John C. Maier, Ward 4; John J. McMullin, Ward 4; Thomas M. O'Brien, Ward 4; Guglielmo Cini, Ward 5; Harry M. Nickerson, Ward 5; Timothy O'Connor, Ward 5; Bernard Berry, Ward 6; Thomas Connolly, Ward 6; Joseph DeMeo, Ward 6; Joseph Keane, Ward 6; George H. Noonan, Ward 6; Charles J. Boyle, Ward 7; Wilfred L. Crowley, Ward 7; Samuel A. Shapiro, Ward 7; John V. Stanley, Ward 7; Myron C. Zimbone, Ward 7; Francis B. Fitzsimmons, Ward 8; Michael M. Gordon, Ward 8; Thomas H. Johnson, Ward 8; Stephen Callahan, Ward 9; James O. Diggs, Ward 9; M. McFarland Fitzgerald, Ward 9; Samuel Goldstein, Ward 9; George O. Johnson, Ward 9; Elmer F. Miller, Ward 9; Ernest Oniel, Ward 9; Everett F. Harwood, Ward 10; Patrick F. Kennedy, Ward 10; Edward J. McLellan, Ward 10; William Baird, Ward 11; James Brown, Ward 11; Frank A. Donnelly, Ward 11; John Joseph Driscoll, Ward 11; Frederick S. H. Gebhard, Ward 11; Charles F. Kachele, Ward 11; Hyman Niss, Ward 11; William J. Roe, Ward 11; Maurice Goretsky, Ward 12; Harry H. Levine, Ward 12; Sidney Rosen, Ward 12; Abraham L. Rosenfield, Ward 12; Fred A. Scott, Ward 12; Samuel Steinberg, Ward 12; Benjamin Bloom, Ward 13; John Logan, Ward 13; Richard F. Powers, Ward 13; John Savage, Ward 13.

Jacob Freedman, Ward 14; Benjamin H. Gandelman, Ward 14; Edward Goldstein, Ward 14; Abe Jensen, Jr., Ward 14; Michael Lewis, Ward 14; Samuel Lomes, Ward 14; Barnett L. Miller, Ward 14; Nathan Pearlman, Ward 14; Jacob Rothstein, Ward 14; Joseph I. Slabinsky, Ward 14; Morris Weinstein, Ward 14; John J. Corbett, Jr., Ward 15; Stanislaw Kupiec, Ward 15; Patrick J. Walsh, Ward 15; Wilfred M. Barry, Ward 16; George H. Bird, Ward 16; John E. Hayes, Ward 16; Thomas H. Sherlock, Ward 16; William J. Ennis, Ward 17; Walter D. Finley, Ward 17; George Gavel, Ward 17; James Goulston, Ward 17; James Masterson, Ward 17; James R. Moore, Ward 17; William L. Murphy, Ward 17; Robert Baxter, Ward 18; James P. McNeerney, Ward 6; Norman A. McPherson, Ward 6; Cornelius J. Curtin, Ward 7; Frank Popiano, Ward 7; John Grant, Ward 7; William E. Hoest, Ward 7; Charles A. Branch, Ward 9; Donald A. McEachern, Ward 9; Joseph Carver, Ward 10; Melvin H. Hall, Ward 10; Charles J. Lynch, Ward 10; Ernest L. Truitt, Ward 11; Solomon Moss, Ward 12; Joseph P. O'Leary, Ward 13; Daniel W. Whalen, Ward 13; Benjamin Eyges, Ward 14; Maurice Spector, Ward 14; Edward I. Sudman, Ward 14; Louis Sudalter, Ward 15; Harry Fienberg, Ward 17; Frederick D. Collins, Ward 18; Patrick Gallivan, Ward 18; Sidney E. Nickerson, Ward 18; Frederick J. Stokinger, Ward 18; Conrad A. Loring, Ward 19; William S. Caldwell, Ward 20; Edward J. Duggan, Ward 20; John J. Kelley, Ward 20; Charles Dosiek, Ward 21; Hubert A. Heath, Ward 21; Henry Gillig, Ward 22; Daniel F. Madigan, Ward 22; William H. Stapleton, Ward 22.

VETO OF ORDER ACCEPTING CHAPTER 179, ACTS OF 1946.

The following was received:

City of Boston,
Office of the Mayor, May 4, 1946.
To the City Council.

Gentlemen,—I return herewith, without my signature thus indicating my disapproval of, an order providing for the acceptance of Chapter 179 of the Acts of 1946. Approval of this act would result in the immediate granting of one day off in every six to members of the Police Force of the city.

I am advised that approximately sixty additional men would be required in the Police Department in the event this measure was approved, which would mean an initial appropriation of \$120,000 for salaries and \$12,000 for uniforms and equipment, and an ultimate salary appropriation of \$150,000. Much as I would like to establish the working hours of the Police Force of the city on a more comparable basis to that of other city employees, I can not, in the light of the financial condition of the city, justify or sanction at this time the additional expense involved.

My position in this respect is consistent with that expressed in my message to your Honorable Body under date of February 14, 1946, vetoing a proposed change in working hours of the fire fighting force of the city. As indicated in that message, I am ready at all times to consider any proposal relating to hours of employment of city employees which will not impair the effectiveness of the service nor increase existing costs of operation.

Respectfully,
JAMES M. CURLEY, Mayor.

Coun. KINSELA—Mr. President, may I have that order referred to the Executive Committee and have the Police Commissioner appear before the Body next week?

The message of the Mayor was referred to the Executive Committee.

TRAFFIC SIGNAL LIGHTS AT WARD 3 INTERSECTION.

The following was received:

City of Boston,
Office of the Mayor, May 4, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Boston Traffic Commission with reference to your Council order of April 8, 1946, relative to immediately installing traffic signal lights at the intersection of Fleet street, Commercial street and Eastern Avenue Wharf, Ward 3.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, May 3, 1946.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—Replying to the following Council order dated April 8, 1946, please be advised that there are no funds available to this commission at this time for the installation of a traffic signal at the intersection of Commercial street, Eastern Avenue and Fleet street.

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor to immediately install traffic signal lights at the intersection of Fleet street, Commercial street and Eastern Avenue Wharf, Ward 3.

Very truly yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

PAINTING OF PEDESTRIAN TRAFFIC LINES, EGLESTON SQUARE.

The following was received:

City of Boston,
Office of the Mayor, May 4, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Boston Traffic Commission in reference to your Council order of April 15, 1946, relative to having arresting lines painted across the southerly part of Columbus Avenue, at Egleston square, so that pedestrian traffic may be assured greater convenience and safety.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, May 3, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—In reply to the following Council order please be advised that our roadway painting program will be started in about two or three weeks. The painting of safety lines at Egleston square is included in this program and will be done as soon as possible.

Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to have arresting lines painted across the southerly part of Columbus Avenue, at Egleston square, so that pedestrian traffic may be assured greater convenience and safety.

Very truly yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

INSTALLATION OF SPOTLIGHT, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, May 4, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Boston Traffic Commission in reference to your Council order of April 22, 1946, relative to immediately arranging for the installation of a spotlight at the junction of Belgrade Avenue and Corinth Street, Ward 20, for the protection of the police officer while directing traffic at this location.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, May 3, 1946.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—Replying to the following Council order please be advised that there is no provision in our budget for funds to install spot lights this year.

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to immediately arrange for the installation of a spotlight at the junction of Belgrade Avenue and Corinth Street, Ward 20, for the protection of the police officer while directing traffic at this location.

Very truly yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

WORK ON JOHN J. DOHERTY HEIGHTS PLAYGROUND, CHARLESTOWN.

The following was received:

City of Boston,
Office of the Mayor, May 4, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department relative to your Council order of April 22, 1946, with reference to the completion of the work begun in 1945 on the John J. Doherty Heights Playground in Charlestown.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, May 3, 1946.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of April 26, with inclosure, order from the City Council that work be continued on the John J. Doherty Heights Playground in Charlestown.

A contract has been awarded to the Devaney Company to resurface the flat area with a black top. Apparatus will be installed there as soon as it can be purchased. When the black top surface is laid it will be marked out for soft ball courts, for skating and basketball. The seats will be repaired and the flagpole painted.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

CHANGING NAME OF PARKER HILL PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, May 4, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department in reference to your Council order of April 29, 1946, relative to changing the name of the Parker Hill Playground, so called, to the Lieut. Joseph D. McLaughlin Park, and that a suitable plaque be erected thereon.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, May 3, 1946.

J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of May 1, in regard to changing the name of the Parker Hill Playground to the Lieut. Joseph D. McLaughlin Park.

His Honor the Mayor has appointed a committee to pass on the names, changes, etc. I will be very glad to refer this communication to that committee.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

CONSTRUCTION OF SEWERAGE WORKS, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, May 4, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Public Works Department in reference to your Council order of April 1, 1946, relative to constructing sewerage works in the Salman street area of Ward 20, including Salman street, Vogel street, New Haven street, Stimson street and Upland road.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department, April 25, 1946.

Mr. J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—In reply to Council order of April 1, 1946, requesting the construction of sewerage works in the Salman street area, Ward 20, including Salman street, Vogel street, New Haven street, Stimson street and Upland road we reply as follows:

The area in question is bounded by Stimson street on the south, New Haven street on the west, Upland street on the north and Riverview street on the east. All streets contained within the area are private streets and the area is sparsely settled, there being two houses on Stimson street, six houses on New Haven street, nine houses on Salman street, seven houses on Vogel street, four houses on Riverview street, or a total of twenty-eight existing houses that would connect with the proposed sewers. If this area were fully developed, it might contain one hundred fifty houses. About thirty-five of the lots have been taken by the city for non-payment of taxes.

To provide sanitary sewers and surface drains for this area would require about 3,700 linear feet of 15-inch, 12-inch, and 10-inch pipe sanitary sewer and the same length of 3-foot, 20-inch and 10-inch pipe surface drain at an estimated cost of \$32,500, which includes about 1,190 linear feet of outlet, part in Stimson street, at an estimated cost of \$18,000. From the above, it is evident that the estimated cost of sewers in Riverview street, Vogel street, Salman street and New Haven street proper is \$14,500, whereas the estimated cost of the necessary sewer outlet in Stimson street, across the Boston & Providence Railroad at Belle avenue and in private land is estimated to cost \$18,000.

In consideration of the relatively few existing houses, the number of lots to which the city holds title and the large expenditure involved, I do not believe it advisable to construct the proposed sewers until the area is more fully developed.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

RESURFACING BELGRADE AVENUE, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, May 4, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Public Works Department in

reference to your Council order of April 22, 1946, relative to resurfacing Belgrade avenue, Ward 20.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,

Public Works Department, May 1, 1946.

To J. Joseph Connors, Chief Clerk, Mayor's Office.
From Robert P. Curley, Commissioner, Public Works Department.

Subject: Belgrade Avenue, Ward 20.

I return herewith order in City Council that the Commissioner of Public Works resurface Belgrade avenue, Ward 20, and this will advise you that this street will be put on a list of streets to be given consideration for construction this year.

ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

RESURFACING WELD STREET, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, May 4, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your Council order of April 22, 1946, with reference to resurfacing Weld street, from Corey to Maple street, Ward 20.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,

Public Works Department, May 1, 1946.

To J. Joseph Connors, Chief Clerk, Mayor's Office.
From Robert P. Curley, Commissioner, Public Works Department.

Subject: Weld Street, from Corey to Maple Street, Ward 20.

I return herewith order in City Council that the Commissioner of Public Works resurface Weld street, Ward 20, from Corey to Maple street, and this will advise you that this street will be put on a list of streets to be given consideration for construction this year.

ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

RESURFACING HEWLETT STREET, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, May 4, 1946.
To the City Council.

Gentlemen,—I transmit herewith communication received from the Public Works Department in reference to Council order of April 22, 1946, relative to resurfacing Hewlett street, Ward 20.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,

Public Works Department, May 1, 1946.

To J. Joseph Connors, Chief Clerk, Mayor's Office.
From Robert P. Curley, Commissioner, Public Works Department.

Subject: Hewlett Street, Ward 20.

I return herewith order in City Council that the Commissioner of Public Works resurface Hewlett street, Ward 20, and this will advise you that this street will be put on a list of streets to be given consideration for construction this year.

ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

SALE OF GASOLINE CRANE AT PUBLIC AUCTION.

The following was received:

City of Boston,
Office of the Mayor, May 4, 1946.
To the City Council.

Gentlemen,—I submit herewith an order recommending that authorization be given to the Commissioner of Public Works to sell, at public auction, a gasoline crane.

The Commissioner of Public Works, whose communication is attached, reports that this piece of equipment has outlived its usefulness and is of no further value to his department.

I therefore recommend the adoption of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,

Public Works Department, May 3, 1946.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—The Water Division of this department has a Mead-Morrison gasoline crane which has outlived its usefulness and is of no further value to the department.

I feel that it would be advisable to sell this particular piece of equipment, and, as I am quite sure that a sale will net the city at least \$1,000, I respectfully request that you ask the City Council for permission to conduct an auction sale, with an upset price of \$1,000.

Respectfully yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Ordered, That the Commissioner of Public Works be, and hereby is, authorized to sell at public auction at an upset price of one thousand dollars (\$1,000) one Mead-Morrison gasoline crane.

Referred to Executive Committee.

APPROPRIATION FROM PARKMAN FUND INCOME.

The following was received:

City of Boston,
Office of the Mayor, May 1, 1946.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the appropriation of \$44,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1946 budget estimates of the personal service requirements of the Park Department included an estimate of the total income of \$211,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$44,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,

Park Department, May 1, 1946.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners, you are respectfully requested to ask the City Council to transfer from the income of the George F. Parkman Fund the sum of \$44,000 which is now available, to be expended under the direction of the Board of Park Commissioners, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of.....\$44,000

When making up the budget estimates for the year 1946, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1946, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$44,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of.....\$44,000

Referred to Committee on Parkman Fund.

USE OF CAMP MCKAY AS VETERANS' HOUSING PROJECT.

The following was received:

City of Boston,
Office of the Mayor, May 6, 1946.
To the City Council.

Gentlemen,—I am submitting herewith an order concerning the conversion of Camp McKay into a veterans' housing project. Because of the acute shortage of housing, it is respectfully requested that the accompanying order be adopted at your meeting today, so that the conversion of the barracks at Camp McKay into temporary housing accommodations may be commenced forthwith.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered:

Section 1.—That the form of contract entitled "Contract With Local Body to Provide Temporary Housing Pursuant to Title V (as Amended) of The Lanham Act" on Form FPHA 1481, Rev. 3-18-46 (Region I), which must be entered into with the Federal Public Housing Authority in order to secure from the Federal Public Housing Authority substantially 226 dwelling units for veterans' housing in the City of Boston is hereby approved.

Section 2.—That the Boston Housing Authority is hereby authorized, on behalf of the City, to execute said contract in as many counterparts as may be necessary and to execute the Project Development Program and the Project Management Program referred to in said contract, and

to do all things provided for in said contract and in the Project Development Program and in the Project Management Program.

Section 3.—That the City shall accept from the United States of America, acting by and through the Federal Public Housing Authority, assignments of all the existing leases to the United States of America for the Camp McKay site (upon which the existing facilities are to be converted to family dwelling units in accordance with the provisions of the contract approved in Section 1 hereof); and that the assignments may provide: (a) that the City shall assume all obligations of the United States of America as provided in said leases with all payments due the Lessors to be apportioned as of May 7, 1946, and (b) that the City shall save harmless and indemnify the United States of America against all claims, demands and actions arising under the provisions of the leases on or after May 7, 1946, and against all claims, demands and actions arising from such assignments or from use of the land for a veterans' housing project.

Section 4.—That the Boston Housing Authority is hereby authorized to accept, on behalf of the City, the assignments referred to in Section 3 hereof.

President KELLY—The clerk will read the order.

(The order was read by the clerk.)

President KELLY—The question comes on the passage of the order.

Coun. LINEHAN—Several weeks ago I discussed the conditions that existed in Camp McKay at the present time. If my memory serves me right, I still think it is a fact that many rats are hanging around there. You might say they are crawling around good old Camp McKay. I was in hopes the City of Boston would do something in regard to giving decent housing to veterans in regard to temporary structures. As a matter of fact, I was hoping perhaps his Honor the Mayor would call upon the Federal Government which I understand has many so-called prefabricated houses which are similar, perhaps, to the type of barracks down at Camp McKay and also temporary housing that has been used for war workers throughout the country. I am sorry to say that the city up to date has not done a thing on housing other than this so-called Camp McKay situation. As a member of the Housing Authority, I can tell the members here there were a great number of letters sent out to many veterans with families who needed housing in Boston, veterans who had filed applications with the Boston Housing Authority to get into their so-called good projects. Unfortunately there are not enough vacancies, so we have probably a surplus of about 3,000 or 4,000 veterans still seeking homes. It seems to me the city has been negligent up to this time in not getting more prefabricated housing which they can put on better locations than Camp McKay, particularly where there are not any rats located. I sincerely hope the Public Health Commissioner, Doctor Bailey, and his staff have been successful in doing away with all the rats at Camp McKay. I might advise the councilors the camp is situated near a dump. The dump naturally brings rats. I was in hopes that his Honor the Mayor might move the present Camp McKay as he said around Talbot avenue, even if it was going to cost a little more money than by leaving it at the present location. Then again, I had hopes he might move the structures that exist at Camp McKay over to Columbus park where there are not any rats running around. We have a big park. The people of Boston would be too glad to give up some of that park. There are not many forms of recreational facilities there. It is just a lot of grass. The kids go out there and play and make their own diamonds, with the exception of Columbus Stadium, which has one diamond. It seems to me the Mayor is trying to do something now at this late stage of the game. I realize he is probably up against it. If he tries to move it to Talbot avenue, I, as one councilor, want the City of Boston to do something in regard to housing for veterans. I sincerely hope his Honor the Mayor gets on the ball and does not stall the Cathedral Project or the South Boston Project like he did when I was a member of the Housing Authority last year. It was Mayor Curley's intervention that stalled the Cathedral Project plans for a period of about three months. I, as one member of the Council, and as former member of the Housing Authority, do not mind letting the public know about it. I am sorry to say the best we can give the veterans at this time is good, old Camp McKay with all its rats. I sincerely hope his Honor the Mayor gets on the ball in the interest of the City of Boston and gets some prefabricated houses and puts them up on Columbia park. There is plenty of room, without dispensing with athletic fields for the youngsters to play on. I am very disappointed that I have to vote on this. The only reason I do so is that it is better than nothing. That is about all it is, just better than nothing. In regard to that letter sent out by the Boston Housing Authority to the veterans, only about one third of the veterans are willing to move into the converted barracks at Camp McKay, which goes to show you what kind of site Camp McKay is.

Coun. COFFEY—Mr. President, it is too bad we have to get into these controversies in regard to housing. I know it is getting so desperate with some veterans now that when they go into

a real estate office their first thought is, "What did we leave the country for? Why was not the government, the states and the cities and towns, ready for us when we came home?" That is the natural question for them to ask. It is only safe to assume out of 12,000,000 boys who served in World War II, some 2,000,000 of them were going to become of age and some 2,000,000 were going to get married. I think every city in the entire country was caught unaware of the fact there were two million boys looking for homes when they got back to this country. They are desperate. They are hurt. I have heard some of them say in the real estate office that if they knew conditions were such as they are, they would have stayed away. Some of them are kicking that they did not re-enlist. They are right. It is a shame. There are families in my ward and in every ward in the city with as many as twelve people living in four rooms. They go to the Housing Authority. They ask for an application. They fill it out. They are investigated and told they are eligible. They are kidded. They know that there are 9,000 or 10,000 families with anywhere from eight to twelve persons living in four rooms begging for any place to live. It is a shame that we are caught the way we are. Something has to be done immediately. These boys could not come home like young Kennedy and take a room at the Bellevue Hotel. They haven't the money he has.

President KELLY—The question comes on the passage of the order. The clerk will call the roll.

Coun. BAYLEY—May I have the order read?

President KELLY—The clerk will read the order.

(The order was read by the clerk.)

Coun. RUSSO—Mr. President, as Councilor Linehan stated, if this is the best we can give to the veterans, then I do not know what the veterans are going to expect in the future. It puts us all in a very bad predicament. It is better than nothing at all, anyway. However, I would like to bring out, Mr. President, in the district I represent, where housing projects are vitally needed, how about those boys who are coming back to that section? How about those mothers who have received their boys with open arms, a vast majority of them disabled? What is going to happen to them? Where are they going to go? Are they going to go away from their parents, away from the district where they have been born and brought up? I say, Mr. President, his Honor the Mayor ought to do something about it. He is still the Congressman of this district. I feel, considering his promises made during his last election to give to the people of that district the necessary housing which is needed, that he ought to do something about it. I am glad to hear that the Cathedral Project will go up. I am also glad to hear that they have broken the so-called limit in so far as \$1.50 per square foot is concerned where the housing projects go in. I do hope in the future it will not be the same cry, that the land in my particular district is overassessed and comes to about \$3.50 or \$4 per square foot. That is the excuse that they have been giving to those people up to this time, Mr. President, because they have not been able to receive these housing projects in order to eliminate in our city and in my section in particular these old cow paths. We have to realize that the City of Boston is an old city in comparison to the cities throughout the nation. Unless we do something about it, to modernize the city, then I say, God help the City of Boston. I do hope that some action is taken by Congress in order to modify and bring about the conditions that exist in the various districts being abolished, not only in my district but throughout this great nation of ours. There is need of housing projects. I do hope they will do something to eliminate these so-called slum areas and give good housing conditions. We realize it is the atmosphere of the home in which we bring up the children that is important. I know, Mr. President, and you know as fathers of children what we have to put up with, and unless we give the children the environment and provide for them a good home, how can we expect tomorrow to have good American citizens in order to carry on after we are gone?

Coun. KINSELLA—Mr. President, of course, I was concerned as much as anyone else with the matter of housing for veterans and housing for non-veterans. One of the Cambridge City Councilors was telling me about two months ago an experiment they made with huts they purchased from the Federal Government and moved from their location to Cambridge. It is about a year ago they made the experiment, because they were approaching spring and the warm weather. They decided they would not require them to heat the barracks-type homes with the old type of railroad stoves, as we know them. They decided to cut in some heat from nearby buildings, the owners of which had been brought into the agreement to supply heat. That is why I get up on my feet today to ask Councilor Linehan one or two questions in the interest of this housing, not in any way in opposition to it. Through you, Mr. President, I want to ask Councilor Linehan a question.

President KELLY—Councilor Linehan.

Coun. KINSELLA—Mr. President, Councilor Linehan, will these huts be set upon the surface of the ground at old Camp McKay location, or will

there be cellars there? How were the barracks heated while the Army had them?

Coun. LINEHAN—I cannot answer definitely. I think there are no cellars in the present barracks. They are typical of any barracks you will find in any Army or Navy camp. All I know is they are going to put in partitions and additional plumbing. The structures that exist on the location at Camp McKay will not be shifted from their present location, much to my chagrin. Does that answer your question?

Coun. SCANNELL—Mr. President, in speaking on this order I agree with my colleague from Ward 7 (Coun. Linehan) in regard to this present location which he and I know very well. I know the location of Camp McKay. I know through the years this has been nothing but a dump. Although a Public Health Department official has said he has got rid of the rodent situation over there, there is no question in my mind they will never get rid of the rodent situation at the Mile Road dump. As far as moving the barracks is concerned, I am going to congratulate the councilor for having the vision to suggest moving them to Columbus park. We do not want to say we are going to take away the playgrounds of the children. This is really a bad situation as far as housing is concerned. If we do have to take playgrounds away from children of the city to give temporary housing to the veterans, let us do it. We want to give them at least a decent place to live. I know of these buildings, these temporary barracks, as you might call them. It is pretty good, I tell you, when we have to take the veterans who fought for this country and put them on a dump with temporary barracks. They have had to live long enough in barracks in the South where they were training or in barracks in every part of the world. I think it is an outrage. As the councilor well said, we have to do something. At least, we ought to do one thing, try to get a suitable location for these barracks. I am going to suggest to the councilor from Ward 7 (Coun. Linehan), who is very much interested in the veterans, that we try to get in contact with the chief executive of this city and find out if we can use part of Columbus park for these houses. It would not be very much expense to put a cinder block cellar in some of these places. It would not be very much work to build a cinder block foundation for some of these barracks. In so doing, you will get rid of the rodent situation and also the dampness from Dorchester Bay. If it is in order, I am going to move we send this to Executive Session and find out if we can get hold of the Park Commissioner today and ask him to come down immediately and find out if we can move and get land available to move these temporary structures from Camp McKay and the Mile Road dump to suitable land such as the Columbus Park Playground.

The message of the Mayor and order were referred to the Executive Committee.

Later in the session Coun. SCANNELL said:

I would like to ask unanimous consent to remove the message of the Mayor in regard to Camp McKay from the Executive Session and ask that it be passed.

President KELLY—Councilor Scannell makes a motion that the Camp McKay order be withdrawn from Executive Session. It is a vote and so ordered. The question comes on the passage of the order. The clerk will call the roll.

The roll was called, and the order was passed, yeas 19, nays 0:

Yeas—Coun. Bayley, Bryan, Cantwell, Carey, Chase, Coffey, Cook, Hannon, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick, Russo, Scannell—19.

Nays—0.

APPROPRIATION FOR CARE OF GRAVES OF SOLDIERS, SAILORS AND MARINES.

The following was received:

City of Boston,
Office of the Mayor, May 1, 1946.
To the City Council.

Gentlemen,—Chapter 115, section 22, of the General Laws provides that the Mayor shall annually appoint a citizen, preferably a war veteran, who shall be charged with the duty of suitably keeping and caring for the graves of those who have served in the Army, Navy or Marine Corps of the United States in time of war.

The provisions of this statute have been complied with and with the approval of your Honorable Body funds for the maintenance of this activity have been made available. The last order transferring the sum of \$5,000 from the Contingent Fund was passed on October 15, 1945, by your Honorable Body.

The funds now available will shortly be expended and, believing this activity should be continued, there is forwarded herewith an order appropriating the sum of \$10,000 to be charged to the Contingent Fund. Your consideration and passage of this order is respectfully recommended.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the sum of ten thousand dollars (\$10,000) be, and the same hereby is, appropriated, to be expended under the direction of his Honor the Mayor, for the care of graves of soldiers, sailors and marines, as provided in chapter 115,

section 22, of the General Laws, said sum to be charged to the Contingent Fund.

The order was declared referred to the Executive Committee.

Coun. MUCHNICK—Isn't it usual to refer an appropriation request to the Appropriations Committee?

President KELLY—You are right. This is a transfer, and not an appropriation.

The message of Mayor and order stood referred to the Executive Committee.

RELEASE OF RESTRICTIONS ON CERTAIN HARRISON AVENUE LAND.

The following was received:

City of Boston,
Office of the Mayor, May 6, 1946.
To the Honorable City Council.

Gentlemen,—Very Reverend Robert A. Hewitt, S. J., Rector of Boston College High School, informs me that Boston College High School is planning to build in the near future a new school, residence and auditorium on the site of the old buildings now located on the parcel of land bounded by Harrison avenue, East Concord street, James street and East Newton street in the South End district of Boston.

In the early days of our city's corporate history the so-called common lands of Boston consisted chiefly of the "Neck," a stretch of marsh connecting Boston with Roxbury. By extensive filling and grading and the erection of a sea wall on the South Bay the "Neck" and lands adjacent thereto were filled in and made ready for sale by the office of the Superintendent of Public Lands under the direction of the City Council. It was the policy of the city in the sales and conveyances of said lands to establish and burden said lands with certain conditions and restrictions as to the use of the land; the construction, type, character and occupation of the building, as well as the setback, height and depth of the building to be erected on said land.

In the year 1860 the City of Boston sold to John McElroy of Boston, a clergyman, a parcel of land bounded by Harrison avenue, East Concord street and James street (the present site of the Immaculate Conception Church), and subjected said parcel of land to certain conditions and restrictions as to its occupation, construction, materials, architectural character and setback from the public highways. In 1872 the City of Boston sold to the Trustees of Boston College an adjoining parcel of land bounded by Harrison avenue and James street, and likewise subjected this parcel of land to like conditions and restrictions. During the years 1859—1863 the City of Boston subdivided the parcel of land bounded by East Newton street, Harrison avenue and James street into ten house lots and sold same subject to restrictions and conditions of like nature but applying in more particular to the use of said lots for dwelling house purposes. At various times, in order to meet the changing conditions of the neighborhood and to permit a more economical utilization of the parcels of property, the City of Boston has at the request of the owners of said lands modified or released certain of the conditions and restrictions burdening said lands.

Boston College High School has acquired ownership of the entire area of land bounded by Harrison avenue, East Concord street, James street and East Newton street, including the so-called dwelling house lots on East Newton street, and intends to utilize the entire area in supplement to the present church for the construction of a new high school, residence and auditorium. In order that Boston College High School may use its own land to the full extent to accomplish its proposed building program, it is necessary that this area of land be relieved of its burdensome conditions and restrictions.

Within recent years the City of Boston has at the request of the Massachusetts Memorial Hospital (formerly the Massachusetts Homeopathic Hospital), the owner of that area of land bounded by Harrison avenue, East Newton street and Stoughton street, released said area of land from conditions and restrictions comparable to those at present existing on Boston College High School's property. The release of those restrictions by your Honorable Body enabled the Massachusetts Memorial Hospital to construct new hospital buildings and thereby foster and increase its charitable contribution to the citizens of Boston.

Boston College High School, under the guidance and direction of the Jesuit Fathers, has an enviable and renowned reputation in the field of education. The fame of this institution has spread far beyond the borders of our city, so that today the present facilities of this school are far too limited to provide for those seeking enrollment. Recently Boston College High School purchased from the city Girls' High School Annex, situated on Massachusetts avenue, to accommodate the overflow of students. The erection and construction of a new and larger school building in place of the present school is an absolute necessity, and I am of the opinion that the best interest of the City of Boston and its citizens would be served by the establishment of the proposed new school on the present site.

I present to you herewith an order whereby your Honorable Body may authorize the release of the conditions and restrictions now burdening

this area of land, and I recommend your consideration and passage of the accompanying order.

Respectfully,
JAMES M. CURLEY, Mayor.

Whereas, The City of Boston by deeds dated August 31, 1860, and recorded with Suffolk Deeds, Book 784, page 170, conveyed a parcel of land now numbered 761 Harrison avenue, subject to certain conditions and restrictions, and by instruments dated January 2, 1872, and recorded with Suffolk Deeds, Book 1086, page 147, and March 19, 1874, and recorded with Suffolk Deeds, Book 1895, page 473, the City of Boston modified the aforesaid conditions and restrictions, and whereas the conditions and restrictions as modified and now outstanding are as follows:

"2. The said lot shall be occupied by a church, presbytery and school buildings, and for no other purpose, and all the buildings which may be erected thereon shall be of brick or stone, and the architectural character and location of said buildings shall be such as may be agreed upon by the Board of Public Land Commissioners and approved by the Mayor of said City for the time being, and no buildings shall ever be erected or placed within twenty feet of Concord Street, Harrison Avenue or the northerly boundary of the said lot, nor within ten feet of James Street."

"2. That said lot shall be occupied for no other purpose than a church, presbytery and school building or dwelling houses; and provided that such dwelling houses shall be not less than three stories in height, exclusive of the basement and attic and shall have exterior walls of no other material than brick, stone or iron; and that no cellar, basement room or other apartment in such buildings shall be sunk more than three feet below the level of the present coping of the Dry Dock at Charlestown; such level to be determined from time to time by the City Engineer or other officer duly appointed for that purpose by the City Council."

"No building on the said land shall be placed nearer to said James Street than seven feet therefrom as shown on a plan to be recorded with this release; and also upon the condition that the said Trustees of Boston College their successors or assigns shall pay all equitable damages occasioned by such change of condition";

Whereas, The City of Boston by deed dated January 6, 1870, and recorded with Suffolk Deeds, Book 1086, page 148, conveyed a parcel of land, now a part of that parcel of land numbered 761 Harrison avenue, subject to certain conditions and restrictions, and by an instrument dated January 10, 1884, and recorded with Suffolk Deeds, Book 1891, page 225, the City of Boston modified the aforesaid conditions and restrictions, and whereas the conditions and restrictions as modified and now outstanding are as follows:

"A building or buildings to be used only for religious or educational purposes may be erected on the said parcel of land";

Whereas, The City of Boston by deeds dated September 19, 1859, and recorded with Suffolk Deeds, Book 766, page 185, and dated December 31, 1860, and recorded with Suffolk Deeds, Book 810, page 17, conveyed a certain parcel of land now numbered 31 East Newton street, subject to certain conditions and restrictions, and whereas the conditions and restrictions now outstanding are as follows:

"2. The front line of the building which may be erected on the said lot, shall be placed on line parallel with, and not less than five feet back from the said Newton Street.

3. The buildings which may be erected on the said lot shall be of a width equal to the width of the front of said lot.

4. No dwelling house or other building except the necessary out building shall be erected or placed on the rear of said lot.

5. No building which may be erected on the said lot shall be less than three stories in height exclusive of the basement and attic, nor have exterior walls of any material than brick, stone or iron, nor be used or occupied for any other purpose or in any other way than as a dwelling house for the term of 20 years from the first day of April 1859.

6. A brick wall shall be built by the said grantee along the line of the rear of the granted land of not less than five feet above the grade of said passageway as the same shall hereafter be established";

Whereas, The City of Boston by deeds dated September 19, 1859, and recorded with Suffolk Deeds, Book 766, page 187, and dated December 31, 1860, and recorded with Suffolk Deeds, Book 792, page 223, conveyed a certain parcel of land now numbered 33 East Newton street, subject to certain conditions and restrictions, and whereas the conditions and restrictions now outstanding are as follows:

"2. The front line of the building which may be erected on the said lot, shall be placed on line parallel with, and not less than five feet back from the said Newton Street.

3. The buildings which may be erected on the said lot shall be of a width equal to the width of the front of said lot.

4. No dwelling house or other building except the necessary out building shall be erected or placed on the rear of said lot.

5. No building which may be erected on the said lot shall be less than three stories in height exclusive of the basement and attic, nor have exterior walls of any material than brick, stone or iron, nor be used or occupied for any other purpose or in any other way than as a dwelling house for the term of 20 years from the first day of April 1859.

6. A brick wall shall be built by the said grantee along the line of the rear of the granted land of not less than five feet above the grade of said passageway as the same shall hereafter be established";

Whereas, The City of Boston by deeds dated September 19, 1859, and recorded with Suffolk Deeds, Book 766, page 127, and dated January 25, 1861, and recorded with Suffolk Deeds, Book 810, page 15, conveyed a certain parcel of land now numbered 35 East Newton street, subject to certain conditions and restrictions, and whereas the conditions and restrictions now outstanding are as follows:

"2. The front line of the building which may be erected on the said lot, shall be placed on line parallel with, and not less than five feet back from the said Newton Street.

3. The buildings which may be erected on the said lot shall be of a width equal to the width of the front of said lot.

4. No dwelling house or other building except the necessary out building shall be erected or placed on the rear of said lot.

5. No building which may be erected on the said lot shall be less than three stories in height exclusive of the basement and attic, nor have exterior walls of any material than brick, stone or iron, nor be used or occupied for any other purpose or in any other way than as a dwelling house for the term of 20 years from the first day of April 1859.

6. A brick wall shall be built by the said grantee along the line of the rear of the granted land of not less than five feet above the grade of said passageway as the same shall hereafter be established";

Whereas, The City of Boston by deeds dated September 19, 1859, and recorded with Suffolk Deeds, Book 766, page 123, and dated December 28, 1864, and recorded with Suffolk Deeds, Book 856, page 239, conveyed a certain parcel of land now numbered 37 East Newton street, subject to certain conditions and restrictions, and whereas the conditions and restrictions now outstanding are as follows:

"2. The front line of the building which may be erected on the said lot, shall be placed on line parallel with, and not less than five feet back from the said Newton Street.

3. The buildings which may be erected on the said lot shall be of a width equal to the width of the front of said lot.

4. No dwelling house or other building except the necessary out building shall be erected or placed on the rear of said lot.

5. No building which may be erected on the said lot shall be less than three stories in height exclusive of the basement and attic, nor have exterior walls of any material than brick, stone or iron, nor be used or occupied for any other purpose or in any other way than as a dwelling house for the term of 20 years from the first day of April 1859.

6. A brick wall shall be built by the said grantee along the line of the rear of the granted land of not less than five feet above the grade of said passageway as the same shall hereafter be established";

Whereas, The City of Boston by deeds dated September 19, 1859, and recorded with Suffolk Deeds, Book 770, page 287, and December 31, 1860, and recorded with Suffolk Deeds, Book 792, page 218, conveyed a certain parcel of land now numbered 39 East Newton street, subject to certain conditions and restrictions, and whereas the conditions and restrictions now outstanding are as follows:

"2. The front line of the building which may be erected on the said lot, shall be placed on a line parallel with, and not less than ten feet back from the said Newton Street.

3. The buildings which may be erected on the said lot shall be of a width equal to the width of the front of said lot.

4. No dwelling house or other building except the necessary out building shall be erected or placed on the rear of said lot.

5. No building which may be erected on the said lot shall be less than three stories in height exclusive of the basement and attic, nor have exterior walls of any material than brick, stone or iron, nor be used or occupied for any other purpose or in any other way than as a dwelling house for the term of 20 years from the first day of April 1859.

6. A brick wall shall be built by the said grantee along the line of the rear of the granted land of not less than five feet above the grade of said passageway as the same shall hereafter be established";

Whereas, The City of Boston by deed dated May 7, 1867, and recorded with Suffolk Deeds, Book 899, page 166, conveyed a certain parcel of

land now numbered 41 East Newton street, subject to certain conditions and restrictions, and whereas the conditions and restrictions now outstanding are as follows:

"2. The front line of the building which may be erected on the said lot, shall be placed on line parallel with, and not less than ten feet back from the said Newton Street.

3. The buildings which may be erected on the said lot shall be of a width equal to the width of the front of said lot.

4. No dwelling house or other building except the necessary out building shall be erected or placed on the rear of said lot.

5. No building which may be erected on the said lot shall be less than three stories in height exclusive of the basement and attic, nor have exterior walls of any material than brick, stone or iron, nor be used or occupied for any other purpose or in any other way than as a dwelling house for the term of 20 years from the first day of April 1859.

6. The (grantee) her heirs or assigns shall erect and maintain a brick wall along the rear of the premises of not less than five feet in height above the grade of the said passageway as the same shall hereafter be established by the said City";

Whereas, The City of Boston by deed dated April 10, 1862, and recorded with Suffolk Deeds, Book 812, page 5, conveyed a certain parcel of land now numbered 43 East Newton street, subject to certain conditions and restrictions, and whereas the conditions and restrictions now outstanding are as follows:

"2. The front line of the building which may be erected on the said lot, shall be placed on line parallel with, and not less than ten feet back from the said Newton Street.

3. The buildings which may be erected on the said lot shall be of a width equal to the width of the front of said lot.

4. No dwelling house or other building except the necessary out building shall be erected or placed on the rear of said lot.

5. No building which may be erected on the said lot shall be less than three stories in height exclusive of the basement and attic, nor have exterior walls of any material than brick, stone or iron, nor be used or occupied for any other purpose or in any other way than as a dwelling house for the term of 20 years from the first day of April 1859.

6. A brick wall shall be erected along the line of the rear of the said lot, not less than five feet above the grade of the said passageway as the same shall be established by the said City";

Whereas, The City of Boston by a deed dated January 22, 1863, and recorded with Suffolk Deeds, Book 822, page 121, conveyed a certain parcel of land now numbered 45 East Newton street, subject to certain conditions and restrictions, and whereas the conditions and restrictions now outstanding are as follows:

"2. The front line of the building which may be erected on the said lot, shall be placed on line parallel with, and not less than ten feet back from the said Newton Street.

3. The buildings which may be erected on the said lot shall be of a width equal to the width of the front of said lot.

4. No dwelling house or other building except the necessary out building shall be erected or placed on the rear of said lot.

5. No building which may be erected on the said lot shall be less than three stories in height exclusive of the basement and attic, nor have exterior walls of any material than brick, stone or iron, nor be used or occupied for any other purpose or in any other way than as a dwelling house for the term of 20 years from the first day of April 1859.

6. Said (grantee) her heirs or assigns shall erect and maintain a brick wall along the line of the rear of the land not less than five feet above the grade of said passageway as the same shall be established by said City";

Whereas, The City of Boston by a deed dated June 24, 1862, and recorded with Suffolk Deeds, Book 813, page 253, conveyed a certain parcel of land numbered 47 East Newton street, subject to certain conditions and restrictions, and whereas the conditions and restrictions now outstanding are as follows:

"2. The front line of the building which may be erected on the said lot, shall be placed on line parallel with, and not less than ten feet back from the said Newton Street.

3. The buildings which may be erected on the said lot shall be of a width equal to the width of the front of said lot.

4. No dwelling house or other building except the necessary out building shall be erected or placed on the rear of said lot.

5. No building which may be erected on the said lot shall be less than three stories in height exclusive of the basement and attic, nor have exterior walls of any material than brick, stone or iron, nor be used or occupied for any other purpose or in any other way than as a dwelling house for the term of 20 years from the first day of April 1859.

6. A brick wall not less than five feet in height above the grade of the passageway as aforesaid, as the same has been or may be estab-

lished by the said City shall be erected and maintained by the said (grantee) her heirs and assigns along the line of the rear of the above-described land";

Whereas, The City of Boston by a deed dated July 3, 1862, and recorded with Suffolk Deeds, Book 814, page 20, conveyed a certain parcel of land now numbered 49 East Newton street, subject to certain conditions and restrictions, and whereas the conditions and restrictions now outstanding are as follows:

"2. The front line of the building which may be erected on the said lot, shall be placed on line parallel with, and not less than ten feet back from the said Newton Street.

3. The buildings which may be erected on the said lot shall be of a width equal to the width of the front of said lot.

4. No dwelling house or other building except the necessary out building shall be erected or placed on the rear of said lot.

5. No building which may be erected on the said lot shall be less than three stories in height exclusive of the basement and attic, nor have exterior walls of any material than brick, stone or iron, nor be used or occupied for any other purpose or in any other way than as a dwelling house for the term of 20 years from the first day of April 1859.

6. The said (grantee) shall erect a brick wall along the line of the rear of the above-described land of not less than five feet above the grade of the said passageway as the same shall be hereafter established by the said City"; and

Whereas, Boston College High School, a Massachusetts corporation, is the present owner of all the parcels of land within the bounds of Harrison avenue, East Concord street, James street and East Newton street, subject to the aforesaid conditions and restrictions, and is desirous of using the said parcels of land for the erection of a new high school and a new rectory; now, therefore, it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized in the name and behalf of the City of Boston, by an instrument in writing satisfactory in form to the Law Department of the City of Boston, to release unto Boston College High School upon the consideration of one dollar to be paid to the City of Boston, in so far as the City of Boston legally can, the aforesaid parcels of land from the aforesaid conditions and restrictions without prejudice to the legal or equitable rights of others.

Coun. HANNON—I am going to move at this time that the rule be suspended so that this matter may take one reading today. In order to be adopted by our Honorable Body, it must have two separate readings. This is done to expedite matters on behalf of the Boston College High School. I think all the restrictions contained in there are relative to the setbacks of the property from the sidewalk line. We did this many times in the past in the erection of the Massachusetts Memorial Hospital and other buildings up there. By giving this order one reading today and referring it to the Committee on Public Lands, we would still have a hearing on it and still have a final report two weeks from today. By our courtesy we will permit the Jesuit Fathers to go ahead with the formulation of plans and take the first steps toward the erection of the building.

President KELLY—The question is on suspension of the rules and giving the order its first reading today.

Coun. BAYLEY—What is the order?

President KELLY—To release the restrictions on Harrison avenue in regard to building the Boston College High School.

The order was passed under suspension of the rule, yeas 18, nays 0.

Yeas—Coun. Bayley, Bryan, Cantwell, Carey, Chase, Coffey, Cook, Hannon, Keenan, Kelly, Kinsella, Lane, Linehan, Moriarty, Muchnick, Russo, Scannell, Sullivan—18.

SPOTLIGHT AT MISSION CHURCH, WARD 10.

The following was received:

City of Boston,
Office of the Mayor, May 4, 1946.

To the City Council.

Gentlemen,—I transmit herewith communication from the Boston Traffic Commission in reference to your Council order of April 22, 1946, relative to installing a spotlight in front of the Mission Church in Ward 10.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, May 3, 1946.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—This is in reply to Council order dated April 22, 1946, which reads as follows:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install a spotlight in front of the Mission Church in Ward 10.

The following is the report of our engineer: "The reason for this request is in order to provide protection for police officers who control traffic

in the area in Tremont street in front of the Mission Church on Wednesday evenings during special services in the church. These services attract large throngs of people and many Boston Elevated buses are required to transport them. Many hundreds of passenger cars are also used by worshippers. In addition, there is the normal traffic passing through Tremont street. All of these factors combine to create serious congestion which is very well controlled, however, by the police.

Our engineers discussed this request at the scene on May 1 with Reverend Father Frawley, Rector of the Church. He suggested that the engineers view conditions Wednesday evening. As a result, the engineers visited the area on the evening of May 1 and studied conditions for more than an hour. They also discussed conditions with the police officers assigned to control the traffic. It was noted that police supervision of the traffic required the officers to continually move about rather than to operate at a fixed location.

The engineers believe, therefore, that a spotlight, with its rays concentrated on one spot, would not assist in lessening the hazard to the police officer but might, perhaps, increase this hazard.

Most of the area in front of the church is well-illuminated by a series of street lights. One section, however, is dark and the police officers stated that they were fearful of standing in this portion of Tremont street because of the darkness.

The conclusion of the engineers is that the erection of two street lamps would solve the problem with which the Council order is concerned."

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

"STOP" SIGNS ON ST. ALPHONSUS STREET, WARD 10.

The following was received:

City of Boston,
Office of the Mayor, May 4, 1946.

To the City Council.

Gentlemen,—I transmit herewith communication from the Boston Traffic Commission in reference to your Council order of April 22, 1946, relative to installing "Stop" signs on St. Alphonsus street, at both approaches to the intersection of Smith street in Ward 10.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, May 3, 1946.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—This is in reply to Council order dated April 22, 1946, which reads as follows:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install "Stop" signs on St. Alphonsus street, at both approaches to the intersection of Smith street in Ward 10.

St. Alphonsus street is a through cross-town street. It is not considered feasible to install "Stop" signs at an intermediate point in a street carrying this type of traffic.

Furthermore, our experience and actual traffic studies show that not more than 30 per cent of motorists observe "Stop" signs. We believe that a much lesser percentage would respond to "Stop" signs at this location.

The installation of these signs by this commission is subject to approval of the State Department of Public Works, and they have an established set of traffic conditions which must be met in order to warrant its approval. These conditions do not obtain at this intersection.

For the above reasons we do not believe that any action should be taken on this Council order.

Very truly yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

RESURFACING CERTAIN WARD 13 STREETS.

The following was received:

City of Boston,
Office of the Mayor, May 4, 1946.

To the City Council.

Gentlemen,—I transmit herewith communication from the Public Works Department, in reference to your Council order of April 8, 1946, in relation to resurfacing the streets in the vicinity of St. Margaret's Hospital, Ward 13, Dorchester.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department, May 1, 1946.

To J. Joseph Connors, Chief Clerk, Mayor's Office,
From Robert P. Curley, Commissioner, Public Works Department.

Subject: Windermere Road; Cushing Avenue, Sawyer Avenue, Peverell Street, Rowell Street, Salcombe Street.

I return herewith order in City Council that the Commissioner of Public Works resurface the following-named streets in Ward 13, Windermere road, Cushing avenue, Sawyer avenue, Peverell

street, Rowell street, Salcombe street, and this will advise you that these streets will be put on a list of streets to be given consideration for construction this year.

ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Ferne A. Berger, for compensation for injuries caused by an alleged defect in Winter place.

Robert S. Burgoyne, for compensation for damage to car and injuries caused by Ladder Truck 5.

Placed on file.

APPOINTMENTS BY THE MAYOR.

Notices were received from the Mayor of the following appointments:

Irving Lewis, 32 Linwood street, Roxbury, member of Board of Real Estate Commissioners, for term ending April 30, 1949.

John J. Callahan, 33 Moraine street, Jamaica Plain, Overseer of Public Welfare, for term ending April 30, 1949.

George R. McNeil, 92 Groaton road, West Roxbury, member of Board of Examiners, for term ending April 30, 1949.

Lawrence W. Costello, 29 Hancock street, Dorchester, Chairman of Statistics Department, for term ending April 30, 1951.

Margaret J. Gookin, 356 Seaver street, Dorchester, Overseer of Public Welfare, for term ending April 30, 1949.

Louis P. Leonard, 391 Hanover street, Boston, Overseer of Public Welfare, for term ending April 30, 1949.

Francis B. Masterson, 62 Boylston street, Boston, Trustee of Boston Public Library, for term ending April 30, 1951, vice John L. Hall, term expired.

Malcolm E. Nichols, 756 Centre street, Jamaica Plain, Transit Commissioner, for term ending April 30, 1949.

Frank W. Baldwin, 19 Myles Standish road, West Roxbury, member of Board of Zoning Adjustment, for term ending April 30, 1951.

Severally placed on file.

APPOINTMENT OF WILLARD F. O'BRIEN.

Notice was received from the Sealer of Weights and Measures of appointment of Willard F. O'Brien, 5 Orchard street, Jamaica Plain, as Deputy Sealer of Weights and Measures, effective as of February 2, 1946.

Placed on file.

APPOINTMENT OF JOSEPH A. CAHALAN.

Two notices were received from the Health Commissioner of appointment of Joseph A. Cahalan, of 549 West Park street, Dorchester, to position of deputy commissioner, Division of Housing and Sanitation, at \$4,500 a year plus \$200 E. C. A. (for six months).

Coun. SCANNELL—I would like to have that communication referred to the Executive Committee or laid on the table for a week.

President KELLY—The question comes on referring the matter to the Executive Committee. It is a vote and so ordered.

The appointment was referred to the Executive Committee.

LOAN FOR PUBLIC WELFARE AND SOLDIERS' BENEFITS.

President KELLY called up No. 2 on the calendar, under unfinished business, viz.:

2. Order for loan of \$2,900,000 for public welfare and soldiers' benefits.

On April 29, 1946, the said order was read once and passed, yeas nineteen, nays none.

President KELLY—The question comes on giving the order its second reading and passage. The clerk will call the roll.

The order was given its second reading and passage, yeas 19, nays 0.

Yeas—Coun. Bayley, Bryan, Cantwell, Carey, Chase, Coffey, Cook, Hannon, Keenan, Kelly, Kinsella, Lane, Linehan, Madden, Moriarty, Muchnick, Russo, Scannell, Sullivan—19.

Nays—0.

REPORT OF COMMITTEE ON PARKS AND PLAYGROUNDS.

Coun. BAYLEY, for the Committee on Parks and Playgrounds, submitted the following:

Report on message of Mayor and communication from Park Commissioner (referred April 22) re order requesting vacant land on Carson street, Dorchester, transferred to Park Department, be laid out for playground purposes—recommending that same be placed on file.

Report accepted; said communication placed on file.

RELETTERING OF SIGNS IN HONOR OF DECEASED VETERANS, ETC.

Coun. KINSELLA offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Park Commission to proceed at once to the relettering of signs erected

throughout the city on parks and playgrounds in memory of deceased veterans; and be it further

Ordered, That his Honor the Mayor be requested to instruct the Park Commission to relocate the sign identifying the Ryan Field in Charlestown from its present location to a location at the Main Street principal entrance to the Ryan Field.

Ordered, That his Honor the Mayor be requested to instruct the Board of Street Commissioners to proceed at once to reletter all signs that have been placed on the public ways in honor of deceased veterans.

Coun. KINSELLA—Briefly, Mr. President, this is an annual custom of relettering those signs erected for deceased veterans. It seems to me, as briefly as I can state, the general public is guilty of mass ingratitude when it comes to appraising properly the war effort of our younger generation. I do not know that communities ought to be guilty of that. They have facilities for keeping those signs in good repair. The dilapidated run-down condition of so many of those signs is a disgrace to the City of Boston and to the memory of the boys and men whom more or less they are supposed to perpetuate. The least they can do is reletter the signs annually without the formality and without the spur of a Council order. I hope these two orders pass at the meeting.

The orders were severally passed.

TEMPORARY CHAIRMAN OF EXECUTIVE COMMITTEE.

President KELLY—At this time the Chair will appoint Councilor McCormack as temporary chairman of the Executive Session.

SKELETON FORCE ON SATURDAYS.

Coun. KINSELLA offered the following:

Ordered, That his Honor the Mayor be requested to establish the skeleton force, so called, for Saturdays in all city departments where possible.

Coun. KINSELLA—In the last week probably 200 different city employees with whom I am acquainted asked that this order be filed. I do hope the Mayor will make provision with the department heads so that wherever possible the old custom of the skeleton force on Saturdays may be re-established. In the departments where this cannot be done conveniently it may be said the order cannot be expected to apply. In all departments where it can be done reasonably, the Council through this order respectfully requests it.

The order was passed under suspension of the rule.

MUNICIPAL BUILDING, BILLINGS FIELD, WARD 20.

Coun. BRYAN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to construct a municipal building on Billings Field, Ward 20, the funds to be made available from the Parkman Fund.

Referred to the Committee on Parkman Fund.

ACCEPTANCE OF ANSONIA ROAD, WARD 20.

Coun. BRYAN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Ansonia road, Ward 20, as a public highway.

Passed under suspension of the rule.

LIGHTS ON FALLON FIELD, WARD 20.

Coun. BRYAN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to install lights on Fallon Field, Ward 20, along the walk between Belgrade avenue and Robert street.

Passed under suspension of the rule.

RESURFACING OF PENDER STREET, WARD 20.

Coun. BRYAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Pender street, Ward 20, which is in a very dangerous condition.

Passed under suspension of the rule.

AWARDING OF CONTRACTS UNDER \$1,000.

Coun. RUSSO offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor,

not to award contracts under one thousand dollars without bids when several of these contracts could be united into one contract and thus give contractors the privilege of entering into competitive bidding.

Coun. RUSSO—Mr. President, at the present time his Honor the Mayor has the privilege of awarding contracts of \$1,000 or less without any competitive bidding. Of course, you and I know that is the only way to take care of his pets. We must realize that this practice will be a practice which will hinder the financial structure of our city because it does not give all contractors an opportunity to bid on contracts, whereby the city may be able to save some money, thus helping the treasury of our city. I have been told by pretty good authority that there are various contracts of similar nature which have been given out to these so-called pet contractors of his Honor the Mayor amounting to approximately \$150,000. I am wondering, Mr. President, if the Mayor is sincere when he says that he wants to save money for the City of Boston because the tax rate this year will go sky high. I am wondering if these contracts that are given out without any bids and, mind you, they are similar in nature—for instance, if they are going to patch a street and the work amounts to \$999.99, it is awarded to a contractor without any bidding. At the same time, the same contractor receives various other contracts amounting to several thousand dollars. This deprives the City of Boston of a proper saving by giving these contracts by competitive bidding. I say that this ought to be looked into. This practice ought to be stopped at once. You and I realize that only a week ago the Council voted to give the Mayor a free hand in order to spend several hundred thousand dollars when we passed those loans, in particular, the loan on the construction and resurfacing of the various streets of our city. Why can't that practice be stopped? I say that the Mayor of the City of Boston should not take advantage of the money of the people of the city when he gives contracts to individuals whom he sees fit, without any competitive bidding. Is that the proper functioning of the city? I say it is high time, Mr. President, that this administration or any administration should adhere to the proper functioning of the city, in order to save money for the citizens of Boston, to reduce our tax rate and to see that the money is spent wisely. The repair work being done should not be a patched up job so that within a few months they are called upon again to do the same work. I would like to find out why this practice is used, and why it has been allowed to be used. Why can't these contracts be combined so that we will arrive at a figure of over \$1,000. It will give an opportunity to every contractor to bid. When we go on competitive bidding, then I say that we would receive the lowest bid which means a tremendous saving during the term of one year, two years, three years, or four years during an administration of our city. I say that the proper persons should immediately investigate to find out if these contracts have been given out without any bids when similar in nature. If it has, I say it ought to be brought to a halt immediately for the best interest of the service we are supposed to give to the people of the City of Boston. I hope, Mr. Chairman, that the order will pass under suspension of the rule.

Coun. LINEHAN—I have a similar order to Councilor Russo's. At this time I think it would be appropriate to speak on this. My order requests the Commissioner of Public Works and the Superintendent of Supplies be requested, through his Honor the Mayor, to appear before the Boston City Council to furnish more detailed information in regard to the dispensing with bids on the recent bituminous type pavement repair contract given to the Central Construction Company of Boston; also information pertaining to other contracts for more than \$1,000 which were awarded without advertising. I realize his Honor the Mayor is within the law. The charter gives him the right under section 30 to dispense with advertising. "Such advertisements shall state the time and place for opening the proposals in answer to said advertisement, and shall reserve the right to the officer, board or official to reject any or all proposals. No authority to dispense with advertising shall be given by the Mayor unless the said officer, board or official furnishes him with a signed statement which shall be published in the *City Record* giving in detail the reasons for not inviting bids by advertisement." Once again we come to the famous *City Record*. The Commissioner of Public Works complies with the law. He sent a letter to the Hon. James M. Curley on April 4, 1946. "The condition of the bituminous type of pavement is such, following the storms of the past winter, that I feel immediate steps should be taken to make such repairs as are necessary. After careful study of the nature of the work involved, it is my considerate judgment that the unit prices quoted by the Central Construction Company are the lowest that can be obtained. The Central Construction Company has done this work for a great number of years, and their work has been very satisfactory. Furthermore, this firm has the only plant in Boston properly equipped to manufacture and supply the material to be used on this work, thus insuring complete performance. I firmly believe that the best interests of the city will be served by awarding the contract to the Central Con-

struction Company. In view of the necessity of starting this repair work as soon as possible, I respectfully request the permission of your Honor to dispense with the requirement of publicly advertising for bids and to award a contract to the Central Construction Company of 228 Southampson street, Boston, for repairing the bituminous pavements upon which the maintenance guaranty has expired, in all sections of the city, at an estimated cost of \$124,960." His Honor the Mayor and the Commissioner of Public Works have complied with the law, but by doing so are they doing right by the city? I do not know. I do not know that what Robert P. Curley, Commissioner of Public Works says is absolutely a fact. He might believe it is, I do not know. I, as City Councilor, would like to know if the dispensing of the requirement of law for advertising was a good thing in this instance. I suppose it would take much study to find out whether or not the city is going to get gypped or not. It certainly does not seem to me the city would lose money if we had bids on it. Competition, they say, is the life blood of trade. Naturally, when you have competition, the prices go down. If there are a dozen contractors bidding for this job of patch paving, or whatever it is, you can rest assured the contract price is going to be lower than \$124,960. I am not sure that no other contractor in the city can do the job. If there is no other contractor in the city who can do it, naturally the Commissioner of Public Works and his Honor the Mayor are doing the right thing. But that is the "if." If there are other contractors who would be bidding for this job, it seems to me not for the benefit of the contractors but for the benefit of the taxpayers, we should have the bidding open to the public and open to all contractors. I do not have any doubt if this was adhered to in this case the chances are the contract would have been awarded for a lot less or somewhat less than \$124,960. Whenever there is a contract of over \$1,000, the city charter says it shall be advertised in the *City Record* and open to public bids unless dispensed with by the Mayor as a result of receiving a letter from some department head or some one with jurisdiction over a particular project. But it seems to me once again the city is being run in an unbusinesslike way. You might say it is being run by a demagogue. It was not many weeks ago we were told we could not get any information on personnel. I understand now we are going to get it some time today. Now, looking at the *City Record* of May 4, 1946, pages 531 to 535, there are fourteen items in the *City Record* of that date. If I am correct, requesting his Honor the Mayor for permission not to advertise for bids in the usual way. The contracts are all over \$1,000. That is just one week. We do not know how long this is going to keep up. To be honest with you, it has been going on since the first of the year. Last week I got a great kick out of the gentleman from Ward 14 (Coun. Muchnick) when he talked about how all these contracts are advertised and also open to public bidding. Well, I am sorry to say the gentleman from Ward 14 is not here at this particular time. I would inform him to read the *City Record* of May 4, 1946. He would be informed he was misinformed in the City Council last week. I do not know whether the Public Works Commissioner will come before us in regard to this. I do not know about the Superintendent of Supplies who incidentally blamed the City Council for delay in purchasing surplus commodities and surplus materials from the Federal Government. That is pretty good. If anything goes wrong, they blame the City Council. I hope the City Council read that little item in the newspaper where the Superintendent of Supplies said the City Council did not appropriate the money. It looks as if the administration is going to blame the councilors for everything imaginable that is bad. I also get a kick out of the commissioners this year under this administration assailing the past commissioners. They are the best that ever came into the city. They are certainly pretty good when they can send these requests down to his Honor the Mayor and without much trouble get them approved by the Mayor for no bidding. I do not say there is anything actually wrong going on. But there is a chance, and while there is a chance I think we members of the City Council at least should get up and record themselves against such tactics which are employed by the present administration. I do not say other administrations have not done the same thing. We are living today and serving today. We have to act on matters that confront the Council today. It is easy to say under Kerrigan they did this, and under Tobin they did this, and under John F. Fitzgerald they did this. You can go back into past history. Let us forget past history on these things. We are serving as City Councilors. I say, let every councilor go on record today without dissent, saying we want to know why a contract calling for the expenditure of such a large sum of money, as \$124,960 for a contract on patch paving is going without a bid. I, for one, am getting up as a City Councilor realizing the gentleman who has something to do with this company belongs to the same golf club I belong to. It makes no difference to me. If this thing comes in with my best friend in the contracting company, I am going to get up and talk. I think we are negligent in the City Council if we do not. In conclusion, I sincerely hope this order is passed. I hope the

councilor from Ward 3 (Coun. Russo) has his order also passed as well as my order. I read a short while ago the order to you, and I will file it when my turn comes.

President KELLY—Your order will have to be submitted later. The question is on suspension of the rules and the passage of Councilor Russo's order.

Coun. RUSSO—Of course, I agree with the councilor from Ward 7 (Coun. Linehan). I also realize the various heads of departments are appointed by his Honor the Mayor. We must realize that when the master speaks, then they all have to jump. Otherwise, their heads come off. Therefore, it is not surprising that we have awarded a contract without any bidding. A contract for \$120,000. Mind you, Mr. President, I am also informed that various property owners, in conjunction with this contract, must also add a certain share which will bring the total to over a quarter of a million dollars. Isn't that a nice plum, Mr. Chairman? You know and I know who is behind the Central Construction Company. You and I must realize that he did not give peanuts in this last campaign. I do not say that this is dishonest. I say they have to make money which is honest when they are giving competitive bidding. There is no question, Mr. President, that there are other contractors throughout the City of Boston that can do the same kind of work as the Central Construction Company. Sometimes I wonder if I would not be better off if I were a contractor. But, Mr. President, this is a serious situation. Unless something is done, and done right now, the people of the City of Boston are going to spend a tremendous amount of money which they will not receive their full dollar value on. It is claimed if they eliminate small contracts under \$1,000 that it will hurt the small contractor because he cannot bid on the high contracts. Well, then, I say, let us make them \$100, \$1,000, \$2,000, \$5,000, \$10,000, \$25,000, \$50,000 or \$150,000 and break them up in series. We will have the proper bid. I am sure that the City of Boston will receive the best work they can get. How are we going to reduce our tax rate about which his Honor the Mayor is speaking so much? We already know that the tax rate will be in the vicinity of \$47 or \$46 per thousand or thereabouts. Unless these tactics are curtailed, how can we say honestly that we are doing the best for the best interests of the people of the city? It must be stopped, and let us stop it now. Even if it is, as the councilor from Ward 7 (Coun. Linehan) expressed himself, and I believe in and admire his sincerity when he said he did not know whether it was for the best interests of the people of the City of Boston, giving this contract to this contractor without any bid. I am not a contractor. Therefore, I cannot pass judgment on that. But I can pass judgment on a competitor and the individual who has competition. Competition is the basic fundamental principle of business. That is the principle any businessman regardless of the enterprise will put into play. That has made America great, that system of competitive bidding. That is also the reason why we receive the best that our minds and our labor can give because we are always trying to demonstrate our talent to our competitor, and that makes the world more interesting and makes humanity more interesting. I do not want to take more of your time. I say that this ought to stop. I believe it is malpractice and not for the best interests of the City of Boston but only for the interest of a few, a scattered few.

Coun. CHASE—Will the clerk read the order again, please?

(The order is read by the clerk.)

Coun. CHASE—Mr. President, the order is a very good one. I am heartily in accord with the gentleman from Ward 3 (Coun. Russo). Obviously we can group contracts into one large contract, and the result would be a lower price and a saving to the city. I think the order is a good one. I have this in mind, Mr. President. There is some talk about a contract of \$120,000 which apparently was recently awarded. I think the speakers were referring to the patch paving contract. Frankly I am a little up in the air as to whether a patch paving contract, although awarded by the city—

Coun. COFFEY—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. COFFEY—I rise to a point of order. I think the gentleman is talking off the subject, and not on the subject. The subject is contracts of less than \$1,000.

President KELLY—The point is well taken.

Coun. CHASE—Mr. President, it would appear to me that the City of Boston could save considerable money in the long run if we were to adopt the system recommended by the councilor from Ward 3. If I remember correctly, the Finance Commission has a number of times made the same recommendation. I have pointed out where the City of Boston could save annually thousands of dollars if such tactics were adopted. Obviously, with the high tax rate we shall be confronted with in the near future, this administration should adopt every possible means of keeping the taxes down. This would be one way of helping the tax situation. I do not know, Mr. President, just what efforts his Honor the Mayor has sincerely made in an effort to keep the tax rate down, but I do know, Mr. President, that many of his actions have shown he has no genuine interest in keeping the tax rate down. If he did,

sir, he would be more willing to cooperate with the Council in giving information to it which we are legally entitled to, in order that we may carry on our duties as the city charter is so drawn to allow us. Apparently, sir, he endeavors to keep the Council and everyone else interested in the welfare of the city in the dark. When a man does that, he has something to hide. To me, it is sinister business. I desire at this time to commend the gentleman from Ward 3 (Coun. Russo) on the order which he has introduced. It is one way his Honor the Mayor can help in lowering the taxes. I sincerely hope that the Council will go along in adopting it.

Coun. COFFEY—For a few weeks now I have been sick and tired of sitting here listening to the talk from various gentlemen about his Honor the Mayor. First of all, I have no objection to what Councilor Linehan has to say. I have no objection to what Councilor Russo has to say. But I certainly have objection to the councilor from Ward 4 (Coun. Chase). He made a statement that the Finance Commission made recommendations in the past about awarding contracts. I might say the Finance Commission has done nothing in regard to awarding contracts for \$1,000 or less, or for \$1,000 or more, so far as I am concerned. I have introduced the selfsame order up here a number of times. The then Mayor saw fit to ignore me completely. I did not get any help from any member of the Council here. I have never asked for it yet. I would not get it. None of them took sides and none of them wanted to. The identical order Councilor Russo introduced I have introduced several times. The Finance Commission did not take any part in it whatsoever. We hear about the tax rate. Last year the gentleman from Ward 4 (Coun. Chase) was then close to Mayor Kerrigan. He was very close. He never had a word to say on the floor. You know that. He was more interested in sitting out in that room until there was a roll call and then he would come in and give Kerrigan a vote no matter what was before us. We know it. His argument was the tax rate that Kerrigan had was inherited from Tobin. Who is Curley inheriting his tax rate from? John Kerrigan and Maurice Tobin. I am not here to defend Curley. I haven't yet this year. I am still myself. Nobody has ever been my master. You know that. Nobody will. It is seldom I have taken sides here this year. The vote, if you notice, has never been 15. When a vote was needed downstairs, it has been 16 and 17 and not 15. You know what I mean. I think I have the privilege of saying my piece the same as other councilors. Getting back to the statement from the councilor from Ward 4 (Coun. Chase), that the man does not want to cooperate with us, can anybody tell of any Mayor who ever did want to cooperate with the members of the City Council? The only time we have been invited down there in the past seven years that I have been a member of the Council was when the Mayor wanted something, no matter who he was. When he wanted something, and he thought there might be some doubt as to whether he would get it passed, we were invited to go downstairs in a body. After we got down there, we were told what he wanted. Several times I would be the only spokesman and would say, "No, I am not voting for it." "Why?" "You did not support the East Boston Relief Station." "That has nothing to do with this order." "Yes, it has, it is spending money. Any time you spend money I want the Relief Hospital opened." Two years ago one other councilor said he wanted something in his district. The then Mayor Tobin sent the selfsame letter to us, but in stronger language and with more words than Curley sent us a couple of weeks ago. He said he did not have to come up before the Council or send any of his official department heads up here. This one particular instance I refer to is the department head of the Board of Health. The then Mayor Tobin refused to send him upon my request. Mayor Curley said the same thing. We can holler we are entitled to the information, and I agree we should get it. We are not going to get it. What is the use of hollering about it forever? We are not going to get it because the Charter does not give it to us. As far as Councilor Russo's order is concerned, I am in favor of it. I do not know what Councilor Linehan's order is. I was outside telephoning when Bobbie (Coun. Linehan) read the order. I came in near the end of his speech. I do not know what the order is, but I do know the order Councilor Russo introduced was introduced by me several times and that the councilor from the Back Bay had absolutely nothing whatever to say about it when it was sent up and vetoed by his Honor the Mayor, the then Mayor.

The order was passed under suspension of the rule.

TRANSFER OF HANOVER STREET PROPERTY TO FIRE DEPARTMENT.

Coun. RUSSO offered the following:

Ordered, That the Custodian of the Real Estate Division be requested, through his Honor the Mayor, to transfer property at 384-386-388-388½-388 Rear Hanover street, Boston, to the Boston Fire Department for the purpose of erecting a fire house at that location.

Passed under suspension of the rule.

REQUESTED APPEARANCE OF CORPORATION COUNSEL BEFORE LEGISLATIVE COMMITTEE.

Coun. RUSSO offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to appear before the Special Commission on Revision of Election Laws and the Committee on Elections of the General Court, for the purpose of making more stringent the provisions of law regarding the responsibility for the filing of primary or election papers which are palpably fraudulent in so far as legitimate signatures are concerned.
